Eastern Star open installation at Masonic Hall, 8 p.m.
Lions club election meeting at noon at Methodist church.
THURSDAY, JUNE 3
Annual Methodist Conference at Dallas. C. W. Coppock, delegate, and James Sewell, alternate, from the local church. The pastor, Rev. Floyd Boulware, will also attend.

VALLEY VIEW TO LOSE BREAZEALES

A. H. Breazeale, in the Valley View schools for 17 years of progress that has almost doubled the facilities of the school, has resigned as superintendent and will go to Canadian as superintendent of the schools of that city.

Clark C. Wilkes, principal at Valley View high school the past three years, has been named to the super-

A. H. BREAZEALE

intendent place by the board of education in a recent meeting.

Mr. Breazeale holds the B.A. degree from the state teachers college at Denton and the M.A. degree from the University of California. He has had seven years teaching experience before coming to Valley View. He was principal of the Lakeview school at San Angelo and at the Lometa high school.

In the summer school of 1946 he taught history and sociology at Hardin college and last summer taught American history at the University of Texas.

When Mr. Breazeale came to Valley View in 1931 there was a faculty of 13, which has reached as many as 23 teachers since then. The plant was valued at \$70,000 and the school had 18 credits of affiliation.

At today's evaluation the plant could not be replaced for \$400,000. An additional brick building has been constructed and the school credit standard has been raised to 28. There are over 600 pupils attending the school.

Serving as president at one time of the County Schoolmasters club and also as president of the county teachers association and in other prominent school activities has made Mr. Breazeale widely known over Wichita county.

In school circles he is highly respected for his ability. W. R. Bradford, superintendent of Iowa Park schools, who has been in close association with Mr. Breazeale through his years of work here has this to say of the man: "He is consecrated and devoted to his profession and a gentleman in every respect. He is useful in the community in religious and civic activities, well qualified to fill the place of promotion to which he goes. He will be missed here."

Mr. Bradford also expressed his respect for Mr. Wilkes and predicted continued progress in the neighboring school under Mr. Wilkes' supervision.

Mrs. Breazeale has made a place for herself among the people of the Valley View community and has been a teacher in the school for several years. For the past two years she has been school librarian. She does not plan to teach at Canadian. They have one son, Larry.

The new superintendent, Mr. Wilkes, has a B.A. degree from Hendricks college in Arkansas and the M.A. degree from the University of Texas. He came here from Victoria where he was high school principal and dean of the junior college. He had two years as head of schools in Arkansas and four years in West Texas and was traveling representative for the Macmillan Book company for a time. No successor has been named for Mr. Wilkes' place as high school principal.

All other members of the Valley View schools have been re-employed with the exception of Miss Betty Smith, who has resigned to get married.

D. O. JAMES BUYS FARM AT SOUTH EDGE OF TOWN
Mr. and Mrs. D. O. James closed a transaction Monday for the purchase of the Wood farm south of Iowa Park on the Valley View road from Mrs. W. A. Burdette.

It is a 134-acre farm with a residence and other buildings. Mr. and Mrs. James plan to add two rooms to the house before occupying it.

Their present home is on the C. E. Birk farm in the same community, where they have lived 11 years. They are operators of a dairy.

CARD OF THANKS
We would like to express our thanks and gratitude to the many friends who showed such wonderful kindness and understanding in our recent sorrow.

The Family of L. C. Denny

Hereford Show Is Proposed for City

The livestock committee of the Iowa Park Chamber of Commerce met with the chairman M. L. Smith, Tuesday night in the city hall. A good attendance was recorded. The committee worked out plans for an annual Hereford show and sale for Iowa Park. This plan will be presented to the Chamber of Commerce in its meeting next Tuesday night.

An investigating committee composed of Smith and George Hoge was appointed to confer with the Henrietta chamber of commerce regarding details of the proposed show. Their report will be made Tuesday night.

In addition to Smith and Hoge those at Tuesday's meeting were J. C. Horn, Loys D. Barbour, L. C. Minich and E. W. Sumrall, with the secretary, Mrs. M. C. Yeargan.

YOUR CHAMBER OF COMMERCE

RUTH HILL YEARGAN

Recently the story was told of a pet dog that was lost when his owners made a cross-country trip. Unable to find any trace of him, the saddened family continued the journey home.

Days passed. One morning the pet appeared in time for breakfast.

How did he find his way? The answer is easy: He contacted a chamber of commerce for direction and information and just trotted on home.

Persons of many business and home interests come to the Iowa Park Chamber of Commerce for information. Letters asking for general or specific information about Iowa Park come from people in various parts of the country.

And though it will be hard for a Californian to believe, it is true, a man and his family from that much advertised state recently chose Iowa Park as the place to make their home because, he said, it offered just what they wanted in a place to settle down.

Almost daily inquiries are received for places to live, and on a hot day one young man said he would settle for the shade of a tree, if no other place could be found.

Another inquirer, working in a large town, wanted the advantages of the smaller town for his children: nearness to school and churches, more play space, less traffic danger, less noise, less diverting influences, more leisure living.

We're jesting about the dog, but we're serious about IOWA PARK's acute need for nice places to put nice people.

GEORGE KOONCE TO BE YOUTH LEADER

The executive board of the Iowa Park Council of Church Women in a meeting Tuesday afternoon at the Methodist church approved George Koonce, local young man, as paid director of the young people's recreational program in Iowa Park this summer.

Mr. Koonce is popular with the local young people. He is a graduate of the Iowa Park High School and was a star athlete there. He attended Hardin college the past year and participated in athletics there. He is a veteran of World War Two. His major study at Hardin is physical education and he plays on the college Precision Timers softball team.

Koonce was selected at the recommendation of Norman McLeod, the YMCA director at Wichita Falls, and of the physical education director at Hardin, Jack Rhodes. Mr. Koonce plans two weeks' training and Red Cross life saving work at Camp Fern in Marshall immediately.

A meeting of youth of the city has been called for Friday, June 11, when the question of what they want to do in the recreation program for the summer will be discussed at length.

The youth program will be presented three days a week: Monday, Tuesday and Thursday at hours to be announced later. Entertainment for all ages will be arranged. Mr. Koonce in his talk before the council board Tuesday suggested softball, tennis, croquet, horseshoe and washer pitching, choral singing, dramatics, handicraft, story telling and folk games and program features.

History of FW&D Told to Lions Club

Roy H. Kimble, traveling passenger agent for the Fort Worth and Denver City Railway, was guest speaker at Lions club Tuesday when George R. Huckaby was in charge of the program. Local agent, W. A. Litchfield, introduced the speaker.

Mr. Kimble based his talk on the significance of the road's 75th year of operation.

300 PUPILS ATTEND FIVE BIBLE SCHOOLS

Daily Vacation Bible schools in five churches of Iowa Park will close Friday. Total enrollment for the five reached 300 since the opening Monday morning.

The First Baptist school started Friday afternoon with a parade in the downtown district led by a patrol car. This created an interest in the school which opened for classes Monday morning. The high attendance was Tuesday when 121 were present. Average attendance has been above 100. Superintendent of the school is the pastor, Rev. James N. Easterwood.

The school will hold a public commencement Friday night at 8. Workers in the school have been Mesdames Ray Herrington, Charles Metz, Warren McDonald, Earle Denny, Carl McKinnon, O. A. Schwabe, Perry Blaylock, Taylor George, James Easterwood, Mae Roby, E. A. Jones, Jack Austin, Elvis Lancaster, Lloyd Waldrop, Doyle Koonce, Joel Cathy, Davis Horton, Jim Miller, L. E. Brooks, R. R. Brubaker, Sam Hill, H. I. Tatom, R. F. Green, Nannie Easterwood, and the Misses Frances Bell, Bonnie Metz, Katy Merle Sumrall, Charlene Metz, Sally Easterwood, Bobbie Ruth Brubaker, Barbara Butts.

The Methodist school had 80 enrolled. Their commencement exercises will be Friday morning at assembly of the Bible school. Miss Ethyle Kidwell is superintendent of the school.

The Presbyterian school has had an average attendance of over 30 and has been a very satisfactory school, the pastor, Rev. M. C. Yeargan, said. Commencement will be Sunday morning.

Boyd Taylor, minister of the church of Christ, who directed the school in that church, reported an enrollment of 40. Teachers were Mrs. C. L. Reeves, Mrs. H. M. Mulkey, Mrs. Elvis Sunday and Mrs. Boyd Taylor.

Mrs. Cereta Robinson has been superintendent of the Church of God school, where the classes have been well attended in spite of bad weather.

ALL CHURCHES IN MEMORIAL SERVICE SUNDAY EVENING

Memorial Day will be observed in Iowa Park, Sunday, May 30, in a joint meeting of all the churches on the lawn of the Methodist church at 8 p.m. It is announced by Dick Phillips, Amvets post commander.

Pastors of the various churches met with a committee from the Amvets, Tuesday and worked out the program.

The service will open with a brief military ceremony by the Post. Rev. W. C. Hill will lead the invocation which will be followed by congregational singing. The Rev. Francis E. Barnes will read the scripture.

Speaker of the evening will be Rev. James N. Easterwood, post chaplain. The Rev. M. C. Yeargan will give the closing prayer. Taps will be sounded by Rollins Woodall.

Everyone is invited to attend the service in memorial tribute to loved ones gone on.

MINICH TAKES STEP UP FOR GIN CO., NEW MAN IS HERE

L. C. Minich, manager of the Iowa Park Gin, a Chickasha Cotton Oil Mill owned institution, received a distinct promotion recently when he was made district manager of the Wichita district comprising 10 gins in three counties, Wichita, Clay and Young.

Pat Austin, a young man from Harold, is managing the local gin. He was sent here by the company from their Electra gin at Pumpkin Center.

Mr. Minich came to Iowa Park seven years ago from Charlie. He has been with the Chickasha Cotton Oil Mill company for 15 years. Mr. and Mrs. Minich are buying a house in Wichita Falls and will move their son Bobby in about three weeks. He has been identified with most of the moves for civic betterment since he came to Iowa Park, and has filled important positions in church and public activities. The family will be greatly missed in Iowa Park.

The new manager, Mr. Austin, will move with his wife to Iowa Park and occupy the house furnished by the company near the gin.

Eugene Williams, who is an employee at the gin, will continue in that capacity, Mr. Austin said.

CHRISTIAN CHURCH TO OBSERVE MEMORIAL DAY

The Rev. Francis Barnes, First Christian church minister, has announced his sermon subject for Sunday morning, May 30, as "In Memoriam." The subject was chosen as fitting Memorial Day, which falls on that day.

PARTNEY GROWS FIRST WHEAT IN ELEVATOR HERE

The elevator at Iowa Park opened the 1948 season this week with the first wheat brought here harvested by W. G. Partney of Valley Farms.

The Iowa Park elevator is owned and operated by L. I. Southard of Electra. Mr. Southard opened the elevator here in 1945. Assisting at the elevator are Ed and Bill Russell.

Mr. South has a new addition to his plant which will soon be completed. It is a 30 by 74 foot aluminum and frame construction built for a warehouse and will also be used to store grain. J. J. White and C. E. Harris are the building contractors.

The wheat brought in this week tested 62 pounds to the bushel and ran a little over 13 per cent moisture, Mr. Southard said. He predicts the average production around here this year will be 10 bushels to the acre and he also expects an average crop brought here. In 1947 the local elevator handled 145,000 bushels of wheat.

TWO IRRIGATION DISTRICTS BUILD WORK CENTER HERE

A big asset to the City of Iowa Park is the location of headquarters of District One and Two of the Wichita County Irrigation and Water Improvement company here.

The headquarters is being moved from its original location a mile south of Valley View to a two-acre plot which was purchased from W. F. George. It is situated south of the railway and three blocks east of the business part of town. This part of the city is rapidly growing into an industrial center with the numerous firms located there and other new ones recently locating there, including the Sisk Bullet factory and the irrigation plant.

The main building of the irrigation headquarters is under construction. It is of concrete blocks and is 36 by 80 feet. It will be the shops.

One of the buildings moved to the site is a frame 30 by 40 feet in which new concrete floors have been run this week. This is the warehouse where supplies will be kept.

Another 60 by 30 frame building has been moved and will be used for a barn in which feed for the horses will be stored.

A 30 by 60 foot shed is yet to be built and will be an important portion of the plant, since in it will be manufactured the large concrete pipe used in irrigation construction. A gasoline station and oil house will be installed and a small office will be built on the southeast corner of the site.

Balancing this on the northwest corner will be the lumber shed. The frame buildings will all be repainted barn red.

Carl Sullivan, field superintendent, will be in charge of the new headquarters. He has been associated with the irrigation project 20 years. The Wichita County Irrigation was established in 1924. The two district operate in the field jointly but each has its separate tax division.

T. J. Pace of Iowa Park is another who has been identified with county irrigation a long time. He has been in the work 17 years. He is president of the District Two board, and Oral Jones of Wichita Falls is president of District One. C. E. Birk of Iowa Park is vice-president of this district. Other District Two board members are C. H. McClellan, Shem Cunningham and A. Rufus King.

Board members in District One are Ray Howard, Everett McOulough, Leon Deaton and Jimmie Randal with the president, Mr. Jones.

W. R. Slaughter of Tipton, Okla., visited over the weekend with his aunt Mrs. J. T. West and Mr. West. Joe Smith of Duncan, Okla., visited at the weekend in Iowa Park with P. F. Girard.

Taylor to Operate Cafe on Yosemite

Mr. and Mrs. Bud Taylor have leased the Lunch Room on South Yosemite from Mr. and Mrs. E. W. Hanks and took over the business Friday.

Mr. and Mrs. Hanks bought the business from Mrs. Lewis a month ago and were unable to find a place to live here. They have gone back to their home in Wichita Falls. Mr. and Mrs. Taylor's home is here. She has been employed in various cafes of the city previously.

POLITICAL ANNOUNCEMENTS

The Iowa Park Herald is authorized to announce the following candidates, subject to the Democratic primary, July 2, 1948:

- Judge 78th District Court - Wichita County, Texas.
TEMPLE SHELL (for 2nd term)
COIT MOCK
Sheriff
HAMMERTT (EAM) VANCE (for 2nd term)
HOMER WEISNAND
County Commissioner
M. J. HINES
E. E. (BUCK) VOYLES
GAYLE PARK
County Clerk
DORA DAVIS
Judge of the 89th District Court
E. D. SARTIN

MAYOR SEWELL MAKES STATEMENT ON PERENNIAL QUESTION OF WHY WE CAN'T GET SOFT WATER IN IOWA PARK

Mayor Curtis Sewell and members of the city council in reply to numerous queries about the water situation here since the city of Holliday has secured water through Wichita Falls from Kickapoo Lake, have made a statement this week.

The council in a meeting last week discussed the long talked problem of soft water again from all angles and found no new solutions.

In his statement the mayor said first it will take 14 miles of pipeline—at least 18 or 24 inch concrete line—to connect at Holliday, and this, he said, was prohibitive in cost. The council has been advised, Mr. Sewell said, by those who know that

Picture Schedule at Parkway Changed Beginning June 4

A. L. Reed, proprietor of the Parkway theater, has announced a change in policy and picture schedule at the theater beginning next Friday, June 4.

It has been the custom to show the same picture on Friday and Saturday. With the new schedule, Mr. Reed said, he will show a separate bill on Friday and another on Saturday.

The pictures will continue to be western features on Saturday. Friday's attractions will be pictures that appeal to a varied class of theater goers. Some are big name pictures already slated to show. On the opening night, June 4, "The Fugitive" with Henry Fonda and Dolores Del Rio will show and is typical of the entertainment selected for Friday show crowds henceforth.

FORMER RESIDENT BURIED HERE

Committal rites for William C. Moberly, former Iowa Park resident who died at Norman, Okla., May 19, were held at the Highland Cemetery at Iowa Park last Thursday following funeral services conducted in Norman. The Rev. M. C. Yeargan was in charge of the services here.

Mr. Moberly, 78 years old at death, was an employee of the University of Oklahoma until his retirement three years ago. He moved to Norman, Okla., where he died.

Mr. Moberly is buried also in the local cemetery. She died at the birth of their son Jack Moberly Crites of Oklahoma City who was reared in the Crites home in Iowa Park. He and other children who came here for the burial of their father and were guests in the home of Mrs. Tirzah Portis and Miss Hazel Crites were Mrs. Hugo Wacker of Norman; Mrs. Hubert Freeman, Grayville, Ill.; Mrs. James Sinex Jr. of Sherman; Reed Moberly of Tampa, Fla.; and Temple Moberly of Norman. Mrs. Katy Crites, a sister who lives in Oklahoma City, was unable to come because of illness.

18 GIRLS IN HOME EC SUMMER SESSION

Eighteen girls have enrolled in the summer home economics course being offered this summer by Miss Venita Lindley in the local school. They are in the second week of classes, which will continue through June.

WCS Zone Meetings Shown Increased Zeal

The Wichita Falls district of the W.C.S.S., composed of three zones, has just completed three meetings at which duplicate programs were given. The speaker at the meetings was Miss Mary Elizabeth Ferguson, four years a deaconess working in missions in the United States and scheduled to leave in July to spend five years in India as a missionary.

Mrs. Miles Hines is district president of W.C.S.S. and attended the three meetings. A group from the Methodist church at Iowa Park at the meeting at Frisberg last Friday included Mesdames W. M. Owens, Floyd Boulware, H. W. Weaver, Elgin Denny, D. O. Smith, J. N. George, Richey Abernathy, A. D. Butcher, Miles Thompson, Herman Mahler and Mrs. Hines. The other two meetings were at Ringgold on Wednesday and at Megargel last Thursday.

Mrs. Hines reported definite increased attendance at the meetings this year and said the interest manifested in the theme of World Conditions and What They Mean to the Church Women showed women of the church vitally concerned.

Taylor to Operate Cafe on Yosemite

Mr. and Mrs. Bud Taylor have leased the Lunch Room on South Yosemite from Mr. and Mrs. E. W. Hanks and took over the business Friday.

Mr. and Mrs. Hanks bought the business from Mrs. Lewis a month ago and were unable to find a place to live here. They have gone back to their home in Wichita Falls. Mr. and Mrs. Taylor's home is here. She has been employed in various cafes of the city previously.

LT. SKELTON TO ARRIVE FROM PACIFIC THIS WEEK

Lieutenant J. A. Skelton has sent word to his wife that she may expect him to arrive in Wichita Falls this weekend from a six months stay in Eniwetok, in the Marshalls, where he has been participating in recent atomic experiments. His wife is the former Miss Georgina Sherwood of Iowa Park.

## Some of the 75,000 ABC Pins Get Ready to Travel

Did you know that rules of the American Bowling Congress call for daily replacement of the bowling pins on its 40 tournament alleys? This means some 75,000 new pins are used in the course of the event. The practice assures that every team will compete under exactly the same circumstances. In the photograph above a girl is repacking a few of the discarded pins for distribution by Chevrolet truck to privately owned bowling establishments.

### Miscellaneous Shower in Valley View Honors Future Mrs. Joe Harris

The home of Mrs. W. D. Collins at Valley View was the scene of a lovely miscellaneous shower given to honor Miss Betty Smith, whose marriage to Joe Harris is to be an event of June 8.

The party was given Wednesday afternoon, May 26. Mrs. Al Jordan and Miss Wilton Wilson were co-hostesses with Mrs. Collins.

Guests calling between 2:00 and 4:00, wrote their favorite recipes, and these were filed and presented to Miss Smith.

During the afternoon the hostesses presented their gift of china and in turn the honoree gave each a remembrance of the occasion.

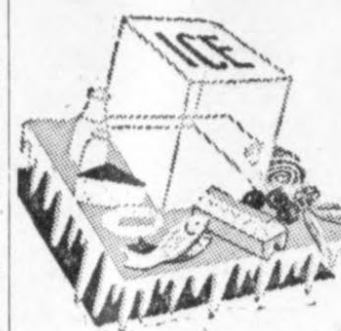

In keeping with the wedding motif, the napkins were embossed with a large wedding ring with a bride and groom standing within, surrounded by small cupids. The plate favors bore a blushing bride veiled in white and with the inscription: "Betty and Joe."

Little Misses Jan and Jo Collins assisted with the serving of refreshments.

Mr. and Mrs. Chauncey Weiler returned Sunday from Denton and Dallas where they spent the weekend. They were accompanied home by their son Bill who had been visiting Mr. and Mrs. A. A. Daniel in Denton.

Mr. and Mrs. G. F. Wakefield had as their overnight guest Saturday night the latter's brother Jack Wakefield of Gallup, N.M., who was returning from Detroit where he had purchased a new automobile.

Mr. and Mrs. Paul Zink visited in Duncan, Okla., Sunday with their daughter Mrs. Gene Holderby and family.

### It's Leap Year, Girls!

First girl in our town to "get her man" on Leap Year was the Cuppers' daughter, Jane, who wed Bill Webster's boy last Saturday.

When I asked Bill Jr. if it was true that Janey really did the proposing, Bill said: No, but she made it plain she'd make an ideal wife. Instead of looking for diversion or excitement every evening, she was content to chat beside the fire.

"I could plainly see," says Bill, "that we'd really have a happy home life—which is just exactly what I want from marriage."

I know it's usual for older folks to shake their heads over the younger generation. (It's gone on for hundreds of years, now.)

But from where I sit, young people of marrying age today are every bit as commendable as their elders were—in their temperance (a glass of beer for instance), tolerance, and common sense. So to Jane and Bill—the best of luck!

Joe Marsh

### Seniors Back at V.V. Report Fine Trip

Graduates of Valley View high school, 32 strong, left the school last Sunday immediately after the baccalaureate sermon and got back Wednesday night, all 32 of them but not so strong. They had a fine trip with action every minute and probably little sleep.

They spent their first day sight-seeing in San Antonio where many things of historical value are to be seen. On the way to Corpus Christi they visited the San Jose mission. At Corpus they enjoyed speedboat rides, swimming in the gulf and watching the ships come in.

At Austin they visited the Capitol and numerous noted places and stayed at the famous old Driskill Hotel.

L. O. Matthews and four room mothers, Mesdames Coats, Briscoe, Kendrick and Stewart were sponsors. Mrs. Matthews and son Donald also went.

### Bradford Heads Sub Committee for Survey of School Need Data

W. R. Bradford has been chosen to assist the Gilmer-Akin committee in securing data to make up a cross section opinion on 12 questions of importance regarding school situations in Texas. He presented opinionnaires at the Lions club meeting Tuesday and got 40 men's opinions on these questions which will be turned to the committee. The last legislature granted the Gilmer-Akin fund of \$200,000 for survey work from which experts will study ways to promote education.

Working on the sub-committee of which Mr. Bradford is chairman are Dr. Whiting, Jim Boyd, H. J. Flusche, Miss Merl Nelson and Dr. James B. Boren.

All 40 Lions signified in the answers that they believed the public schools should regard training for citizenship in a democracy as one of their chief duties. Forty thought also that educational opportunities for children in the less wealthy communities should be equal to those provided for children in wealthier communities. All children should be provided with safe, sanitary and adequate school buildings was another question that received a 100 per cent vote.

Thomas Pace, student at Southwestern university at Georgetown, returned to school Monday after a two day visit with his parents Mr. and Mrs. T. J. Pace. This semester will close June 8 and Thomas plans to return to school for a nine weeks summer semester.

ANDERSON IN A LIGHTER MOMENT . . . Dressed in a red shirt and overalls and carrying a gilded pitchfork, Secretary of Agriculture Clinton Anderson cavorted as the "fall guy" at the annual luncheon of the Saints and Sinners in New York. Commenting on his public listing of grain speculators, Anderson said that most of the government employees named couldn't speculate to any degree because they didn't have enough "to buy a hatful."

### OES Elects Officials To Be Installed June 1

Mrs. Lola Miller was elected worthy matron and G. C. McDonald, worthy patron, two top officers of the chapter, when the Eastern Star held annual election of officers Tuesday night. Retiring officers, Mrs. Mildred Metz and Ray Herrington, presided.

Other elected officers are Effie Walsh, associate matron; I. A. Campsey, associate patron; Bonnie Hudson, secretary; Jack Denny, treasurer; Ida Spence, conductress; and Clota Custis, associate conductress.

These with the appointive officers who have not been announced, will be installed in public ceremonies, Tuesday night, June 1, at the Masonic Hall.

### Bertie June Smith Is Given Farewell Party

In farewell compliment to Miss Bertie June Smith who will leave with her parents for California in early June, Miss Katy Merle Sumrall entertained with a party last Thursday night. Games were played on the lawn, refreshments were served and lovely farewell gifts from her friends were displayed by Miss Smith.

Guests with the honoree and the hostess were Joyce Hodges, Winsella Blum, Bobby Bohannon, Mary Ann Chambers, Peggy Curlee, Barbara Entekin, Franklin Farmer, Jackie Hodges, Lynn Lovell, Johnnie Hudson, Shirley Lowrey, Paula, Ralston, Walter Spruiell, Donna Hestand, Patsy Steed, Marie Wakefield, LaVern Walters, Boyd and Loyd West, Leon Whisenhunt, Mrs. Dorothy Thompson and Linda Jo and Mrs. Dewey Steed.

Ben Levinson is in Dallas this week doing his fall marketing for the Famous Store.

Mrs. Clayton Sawyer had as weekend guests her mother Mrs. M. F. Watson and her sister Mrs. Jack Weatherford, both of Wichita Falls.

Mrs. Sam Hill visited several days this week in Dallas with Mrs. O. B. Neal and family.

Mrs. H. Pierce, accompanied by her sisters Mrs. Buster Andrews and Mrs. Ross Pollard of Olney, left Thursday to visit their parents Mr. and Mrs. Bruce Novell in Littlefield. Mrs. Pierce will also visit at Farwell with Mr. Pierce's mother Mrs. Ralph Humphrey.

### Thirty School Pupils Take Vaccinations

Thirty children of Iowa Park presented themselves at the school gymnasium Friday morning to take immunizations offered free by the county health program. Nurse E. Campbell, public health nurse, gave the vaccination shots for diphtheria, whooping cough and smallpox.

Parents are urged to get their children started on this immunization program at once, since it will take two months to complete the shots and every pupil entering the schools next fall in Iowa Park will have to have a certificate stating they have had the immunizations. Pupils 12 years of age and older will be required to have only the smallpox vaccination. The younger ones must have all three.

Mr. and Mrs. W. R. Pastusek spent the last of the week in Megarell with their parents.

Mr. and Mrs. Earle Denny were in Waco, Wednesday to accompany home their daughter Betty Jane who has been at school at Baylor.

Mrs. W. B. Burney of Kamay spent the weekend at Archer City visiting her daughter Mrs. Bonnie Ikard.

Mr. and Mrs. D. O. James left Wednesday for a visit in Dardanelle, Ark., with her mother Mrs. Bob Horn and with his relatives near Waldron, Ark.

Mrs. Nora Elmore has arrived from Albuquerque, N.M., for an extended visit in the home of her son L. M. and Mrs. Elmore.

Mrs. W. G. Steele announces piano recital of solo and duo numbers by her pupils at the First Baptist Church Thursday night, June 3rd at 8 o'clock. The public is cordially invited.

## MORE THAN 100 AT EASTERN STAR AFFAIR HONORING GRAND OFFICERS

Elaborate decorations, a well prepared and entertaining program and dignified ceremonies befitting the occasion marked the Eastern Star meeting last Wednesday night when the local chapter entertained the grand worthy matron and grand worthy patron of the Texas Grand Chapter and other visiting grand officers among whom was one from the Iowa Park chapter, Mrs. Audrey Tanner, who is grand organist.

The chapter room was set up in the gymnasium at the high school building to accommodate the more than 100 members and visitors. Purple streamers of crepe paper studded with gold stars formed a royal backdrop for the visiting dignitaries who sat at the front. Flowers in varied arrangements supplemented the feature floral decoration which was a low trellis across the front along which were twined trailing roses.

Mrs. Cheba Dewees of Fort Worth is worthy grand matron and Pat Boone of Littlefield, worthy grand patron. Both were given honorary memberships from this chapter.

Other grand officers honored were Esther Baldwin, Lois Burnett, Audrey Tanner, Flora Best Boone, Gladys Dalmont, Hattie Jones, Rena Rossiter, Charles Dewees.

Forty-six matrons and patrons and past matrons and past patrons were given recognition.

The program directed by Jo Ann Coppock entitled "Loyalty Extends a Humorous Welcome" was deserving of the hilarious reception it received. Gifts to all the grand officers followed the chapter work.

Chapters represented here were Byers, Electra, Faith, Wichita Falls, Chillicothe, Vernon, Holliday, Seymour, Fort Smith, Littlefield and Big Spring.

**BANQUET IS DELIGHTFUL**  
The banquet in the school cafeteria which preceded the chapter

meeting was a delightful affair. The decorations were Mexican in motif and sombreroed Mexicans in stiesta attitude formed the hand painted programs and menus. Cacti in small pots and large arrangements of cacti and other desert plants were formed with native rocks.

So perfect in detail and so beautifully carried out were the decorations that the worthy grand matron asked the use of them for one of her banquets at grand chapter.

Mrs. Audrey Tanner acted as the toastmistress and in her usual efficient manner presented each part of the program in interesting and entertaining succession. The worthy matron, Mrs. Metz, welcomed the guests, and the worthy patron, Ray Herrington, gave the invocation.

Another distinction for the local chapter was brought by the beautifully rendered vocal numbers given in quartet by Mrs. Warren McDonald, Mrs. John Nixon, Miss Frances Bell and Miss Margaret Gilstrap and their accompanists Mrs. W. G. Steele, piano, and Mrs. W. J. Lacy, violin. The worthy grand matron praised them highly and invited them to appear on the program at grand chapter. Miss Dossia Smith introduced the musical numbers.

Mrs. Reid Robinson, William Crites, Carl Coppock and Mr. and Mrs. Jack Crites of Oklahoma City visited in the home of their cousins Mrs. Truza Fortis and Miss Hazel Crites, Thursday. They were here for the funeral services of their uncle W. C. Moberly.

Mrs. John T. Overbey, formerly of Iowa Park, visited recently in the home of Mrs. J. D. Overbey. The late Mr. John T. Overbey was active in business here in the early days. He was mayor of Iowa Park during 1910-1915 and served at one time on the school board.

## Early Chinese Credited With Inventing Paper

Legend has it that a Chinese emperor found writing on silk fabrics and on flat pieces of bamboo so irritatingly difficult that he ordered Ts'ai Lun, a court attendant, to undertake invention of a new writing medium.

About 105 A.D. Ts'ai Lun produced a substance composed of beaten fibers of the inner bark of the mulberry tree. Matted together, the fibers formed a white sheet.

Thus was invented what the world knows today as paper, according to National Patent Council. The process used by Ts'ai Lun underlies all papermaking, even today, although techniques and materials have changed.

Paper got its name from papyrus, probably of Egyptian origin. But papyrus was not paper. Papyrus was made of a sedge thinly sliced, built up by crisscrossing and pressed into sheets. It was supplanted by true paper about 900 A.D.

Underlying reason for the rapid increase in consumption of paper in the United States is the fact that patent-protected technological development has made possible drastic reduction in prices, the council says. Lower prices, in turn, have encouraged extensive use of paper for cultural purposes and in mechanical or physical fields they have stimulated not only new uses but also substitution of paper for other materials.

## New Plastic Signboards Glow Without Lighting

A new type of outdoor signs that may change the appearance of the nation's highways is now in commercial production after two years of development.

The sign, made of plastic, glows without visible lighting. In the daytime, the plastic captures sunlight and diffuses it evenly over both surfaces of the sign. At night, both sides are illuminated by diffusion through the plastic of light from two cold cathode tubes mounted inside.

The plastic is a lucite acrylic resin, a material that made thousands of crystal-clear bomber noses and other airplane enclosures during World War II. It has the capacity to transmit or "pipe" light. It is this property that gives the sign its day-and-night glow.

The development marks the first large-scale use of plastics in mass-produced outdoor signs. To industry observers a trend appears to have started toward wide use of plastics in outdoor sign manufacture, in which event the American scene is due for some changes.

## New Tunnel in New York

The Brooklyn-Battery tunnel, now being constructed by the Triborough Bridge and Tunnel authority, New York, is one of the great engineering projects of the century. The tunnel was financed with a loan from RFC, covering the estimated cost of plaza construction, exclusive of real estate. Estimate cost of the tunnel is 70 million dollars. The property was acquired and paid for by the City of New York. The project consists of two tubes, each providing for two lanes of traffic. The length of tunnels, portal to portal, is 9,117 feet. Maximum depth of roadway will be 115 feet below mean high water. The tunnel will be a toll facility and will carry an estimated 15 million vehicles annually.

## Special Antarctic Diet

Special plans were made to feed scientifically members of the Australian antarctic research expedition. About 5,000 calories a day have been provided for each man compared to approximately 3,000 for a man under normal conditions. Synthetic vitamins will be added to the diet which will include a large percentage of dried and canned goods. Because the drinking water from ice and snow will contain no minerals, iodized salt and a small amount of potassium salts of iodine are being added to the water. Meat will be obtained from seals, penguins and sea lions, and penguin eggs and fish will be added to the diet.

## Capital or Capitol

"Capital" is from a Latin adjective capitals, derived from caput, meaning head. From this primary meaning it came to denote chief, or principal; and hence, the principal town, the town which is the official seat of government. This is why Washington, D. C., is the "capital," while the building in which congress meets is spelled "capitol." "Capitol" meant originally the temple of Jupiter, on the Mons Capitolinus in Rome. The derivation was from the same word "caput." This Roman capitol was the center of the official religion of the state and in it the senate and other legislative bodies held their meetings.

## Australian Expedition

The first unit of the Australian Antarctic expedition recently left on the first stage of its trip south. In an outline of the five year plan of Antarctic exploration, the main aims of the expedition are listed as establishing a triangle of weather stations and supporting Australia's claim to about a third of the Antarctic continent. The landing ship will establish a scientific observation station on Heard Island. A similar station will be on Macquarie island. Later ships will look for a suitable site for the third weather station.

## Church Women's Council Ends Study of Paul

The Council of Church Women met at the First Christian church Monday afternoon for a concluding lesson in a series on Paul's second missionary journey. Mrs. Curtis Sewell was in charge of the lesson. The study took up work in Thessalonica, Berea, Corinth and back to the home church at Antioch.

## Pink and Blue Shower Honors Mrs. Capehart

Beautifully appointed in pink and blue color scheme with matching flowers was the party and layette shower given last Thursday afternoon for Mrs. J. A. Capehart in the home of Mrs. H. M. Mulkey.

The lace table cover was laid over pink and the centerpiece was pink and white flowers in pottery baby shoes.

Guests including the honoree were Mesdames H. Pierce, Homer Mulkey, Elvis L. Sunday, G. Y. Lofland, L. R. Trimm, LaDell Trimm, Jimmy Voyles, George Jones, Hattie White, Mary Hestand, Vernon Loveall, Buck Voyles, W. E. Capehart, Loy Elmore, Loyd Bell, W. D. Vestal, Boyd Taylor, R. L. Good, M. E. Banks, R. F. Pruet, J. M. Sunday, Sidney Osborne and Rex Lehman and Garland.

## Mrs. Gale Lowrance Hostess To Park Area H. D. Club

Mrs. Gale Lowrance entertained the Park Area Home Demonstration club recently in her home when the study topic was "Curtains."

The club will meet next Wednesday, June 2, with Mrs. John Wesley. The home demonstration agent will be present and the study will be on "Salads."

Members present with Mrs. Lowrance included Mesdames C. B. Smith, E. G. Holman, Neil Johnson, H. Pierce, John Wesley, Lee Trimm and Miss Ladell Trimm.

Mr. and Mrs. Everett Sewell and daughter Dorothy, whose vacation from Hardin college began this week, will leave this weekend for a visit in Abilene with their daughter Mrs. Jack Cowden.

Mr. and Mrs. Wade Watson and Mrs. W. B. Wrather of Fort Worth spent Saturday night and Sunday with Wade's parents Mr. and Mrs. R. N. Watson.

Mr. and Mrs. William Dixon of Corpus Christi were in Iowa Park, Sunday. Mr. Dixon formerly owned the Herald, about 28 years ago.

Mrs. P. L. Emanuel and Pat of Oklahoma City and Mr. and Mrs. Herbert Carter and daughter Peggy of Tahoka spent the weekend here visiting Miss Clara Lowrance.

E. E. Wallis visited his father and mother Mr. and Mrs. M. A. Wallis and his brother J. L. Wallis at Sadler, Sunday.

Mrs. Otis Hendrick and Miss Philetious Lemond were in Dallas on business at the weekend.

Mrs. Rowena Parker, who visited a week with children at Clarendon and Amarillo, was accompanied home last week by her daughter Mrs. H. T. Warner of Clarendon.

**KAMAY NEWS**

Mrs. Maggie Herrin of Fletcher, Okla., and her brothers Sylvester and Dave Goughly who are visiting her from California, were visitors in the O. R. Meador home the past week.

Mrs. Irene Mann plans to leave for a visit in Levelland where Mr. Mann is employed. She will look for a house to move there.

Mrs. W. B. Burney spent a happy Mother's Day in Graham with her children. They presented her with many nice gifts on the occasion.

Mrs. O. R. Meador isn't feeling so well these days, but it is thought when the summer season and fishing gets better she will soon be her old self again.

The Marvin Chapel Home Demonstration club had an all day meeting and a lesson on upholstering recently. They redid a chair for Mrs. Bob Jones and she was very well pleased with the job. A covered dish luncheon was served to about 18 members. Mrs. Jones was hostess.

Mrs. Audrey Gamble, day telephone operator at Kamay, plans to join her husband at Fort Worth where he is employed. She plans to leave the first of June.

Bob Meador and son Jimmie enjoyed a fishing trip at Possum Kingdom last weekend. No luck.

Betty Sue Meador is visiting her grandparents in Kamay. Miss Meador is from Levelland.

Mr. and Mrs. Homer Webb brought their grandchildren with them from Houston. The parents are getting settled in a new home.

Mrs. Ray Bacon has gone to Dallas for the graduation of her daughter Mrs. Melvonne Creek, who is finishing nurse's training there.

Mr. and Mrs. Joe Lowell are remodeling their home in Kamay. It will be all modern when they finish.

Mrs. Bob Meador, Kamay.

Mr. and Mrs. George R. Huckaby and sons visited in Norman and Marlow, Okla., Sunday. They were accompanied home by Mrs. Huckaby's sister Mrs. E. L. Danley and son Bob who are visiting a week in Iowa Park. Returning also with the Huckabys was their son Tom who spent last week in Marlow.

**Soil Conservation**

John Storey farm of North Burk conservation group of farms has in years past been subject to severe wind erosion. Last fall he planted a mixture of 30 lbs. of rye and 15 lbs. of vetch per acre on this land. The past spring very little sand movement could be seen. At present rye and vetch are better than wheat high. He plans to harvest seed from this year's vetch crop. The present crop of vetch is from seed harvested on his farm last year. All of his conservation work has been completed. His conservation plan was approved by district supervisors of Wilbarger - Wichita Soil Conservation District two years ago.

Good growth of vetch is now present on farms of Van Lesley, E. O. Mullins, Henry Vaughn, Norb Zimmerman, M. T. Riley, Shorty Branson and Mrs. P. C. Chenault. Howard Henderson has fine growth of biennial yellow clover on 35 acres. Clover is an excellent soil improving crop. Mr. Henderson has 20 acres of alfalfa that has been cut for hay once and will soon be ready again. He also grew other legumes one or two years on the land planted to alfalfa to build up the nitrogen in the soil. Also before planting the alfalfa he spread phosphate fertilizer. The above soil building crops are part of crop rotation being carried out on this farm. Mr. Henderson has been a co-operator of Soil Conservation District for two years.

The chamber of commerce of Burk Burnett and district supervisors of W-WSOCD are sponsoring a conservation tour around Burk Burnett, Friday, May 28, at 1:30 p.m. The tour will start from Town Hall. The conservation of soil should be the concern of everybody whether living in the city or on the farm. The soil is the backbone of all civilization — talk conservation.

**Filing Social Security Claims Is Important**

More than 20 per cent of those filing social security claims in this area during a recent 4-week period lost money because they didn't file soon enough, Erton F. Tate, manager of the social security office in Wichita Falls, said this week.

The amount lost and the number of claimants involved in the losses were not large. But when one out of every 5 claimants who do file claims are losing benefits, it indicates that some are not filing their claims at all. It is not necessary to be in need to get this monthly social security income. Yet, many who do not file promptly claims are either depending on relatives or using up slender resources before they file their claims.

The purpose of the insurance provisions of the Social Security Act was to relieve the average man or his survivors from having to depend entirely on relatives or such small savings as he is able to accumulate against a rainy day. These savings are generally used for the emergencies of modern life, sickness, accident and other things that cannot be helped.

Every 65-year-old worker in this area who is covered by the Social Security Act, and the survivors of covered workers who die, should inquire at the social security office at 412 Federal Building, Wichita Falls, about their benefit rights.

Social security is designed to protect you, your survivors, and society against the economic cost of your becoming a dependent, nonpaying member of society.

**COMER TUCK PLACE SELLS TO VERNON STEWART**

Mr. and Mrs. Vernon Stewart of Nocona have purchased the Comer Tuck residence in the northeast part of town. They visited here over the weekend with his parents, Mr. and Mrs. M. M. Stewart. Mr. and Mrs. Tuck moved some time ago to Vashit.

**12,640 DONUTS SOLD BY GIRLS**

Can you use your imagination and see 12,640 donuts laid edge to edge, piled one up on another, or even all sacked up and ready to eat? Take it as you will, that is the number of donuts sold in three weeks in Iowa Park by members of two troops of Camp Fire Girls and the Rosy Blue Birds. The total number in dozens is 1,054, which is a lot of donuts.

Anna Jeane Souther, 11 years old, of the Kahiwa group whose guardian is Mrs. Hubert Tatom, was named Donut Queen for Iowa Park at the ceremonies for close of the contest which were held at Hardin College Grand Council Fire, Sunday afternoon when Camp Fire, Sunday from all over the county were honored.

Anna Jeane sold 82 dozen donuts in the three weeks period. Others in her group who sold more than 40 dozen were Frances Arnold, Carolyn Caddell, Joline Cooksey, Barbara Tatom, Virginia Wakefield and Agnes Wesley. These girls are in the fifth grade. The girls received a year's dues for award. The group sold altogether 534 dozen.

In the eighth grade Camp Fire Girls whose guardians are Mrs. O. B. Brooks and Mrs. T. P. Quast, were two girls, Dorothy Wakefield and Betty Schwalbe who sold more than 30 dozen donuts and received awards. The group total was 168 dozen.

In the Blue Birds who have Mrs. O. A. Schwalbe for guardian, Margaret Schwalbe, Betty Sue Stewart, Patsy Mae Craft all went over 40 dozen. This group totaled 332 dozen.

Additional awards at the Grand Council Fire were given Ann Ralston for wood gatherers rank; Sheri Brooks, Carolyn Caddell, Delores Hair, June James, Caroline Sewell, Anna Jeane Souther, Barbara Tatom, Virginia Wakefield, Agnes Wesley, Joline Cooksey and Frances Arnold, all receiving the trail seekers rank.

**TRIPLETS BORN TO NIECE OF MRS. WEST. ONE DIES**

Mrs. J. T. West received word Saturday of the birth of triplets to her niece, Mrs. Tim Hargroves and Mr. Hargroves of Elk City, Okla. The three babies born Friday were sons and one was dead at birth. Funeral services were held at Joy, Sunday. The other two sons are doing nicely, it was reported. The trio weighed 5 1/2, 4 and 5 pounds. The Hargroves have one other child.

J. T. West spent Friday and Saturday in Abilene on business.

**TONSIL TROUBLES TAKE SPOTLIGHT AT PARK CLINIC**

Tonsillectomy at the Park Clinic in Iowa Park has been a popular operation during the month of May. Those having this operation in recent weeks are Marvin Harrell, son of M. S. Harrell; Jimmie Gard, son of Bud Gard; Eddie, son of L. A. Whittenberg; Sara Louella, daughter of Nelson Johnson; L. C. Jr. and Virgie Kay, son and daughter of L. C. Wright of Electra; Virginia, daughter of O. M. Gunter of Kamay; Mary Ellen, daughter of C. J. Roberts; Bennie Lee, son of Sherman Gossett of Holliday; and Aubrey, son of A. L. Bohannon.

Mr. and Mrs. Ray Herrington and children will leave the last of the week on an 18 day vacation. They will visit in Jasper, Ark., with his parents and at Bronson, Ark., with her parents.

**Randolph Clark to Finish N.M.M.I. Will Go East for Surgery**

Dr. and Mrs. Gordon Clark will go to Roswell, N.M., Friday to spend four days as guests of their son Randolph, who will graduate from the New Mexico Military Institute. They will attend the numerous affairs planned by the school as traditional graduation festivities such as polo games, garden parties, military reviews and other functions.

Their son has chosen Colorado university as the school he will attend next year. He will return to Iowa Park with Dr. and Mrs. Clark next Tuesday.

On the night of June 2, Dr. and Mrs. Clark will accompany their son to Johns Hopkins Hospital in Baltimore, Md., where he is to undergo an operation for correction of coarctation of the aorta.

They will go first to New York where they will be joined by their older son, Gordon Duvall, who has been at school at Columbia university the past year.

Randolph is to enter Johns Hopkins, June 11. Friends in Iowa Park and elsewhere have been thinking much in recent weeks of young Randolph and his courage and faith in the outcome of the critical surgery and to make his stay in the hospital more pleasant they have presented him with a large collection of gifts packed in a pretty box which they call a "sunshine" box. Each day in the hospital, Randolph will take one gift from his box, thus prolonging the joy of receiving and at the same time giving him the anticipation of continued daily surprises.

**A FORTUNE IN FRIENDS**

The friends and customers of our bank didn't just grow . . . like Topsy. To be exact it has taken us years of honest dealing and square treatment to acquire our family.

And there will be no let-up in the friendly and courteous service that has brought a steady procession of new faces into our bank. We'd like to serve you and extend a cordial invitation to stop in and get acquainted.
