With the incidence of measles more than three times higher than the seven year median, Dr. Geo. W. Cox, state health officer, has issued a statement concerning the use of gamma globulin for protecting very young or frail children from an attack of this perennial childhood disease and its often serious complications.

"If you have a child less than five years old who has been exposed to measles, your family doctor may recommend giving him gamma globulin," Dr. Cox advised. "Through city, county or state health departments, doctors can obtain gamma globulin free, when parents are unable to pay. Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may postpone the disease if gamma globulin is administered within eight days from the time of exposure."

The state health officer emphasized the fact that gamma globulin cannot give a child permanent protection against measles and added that the protection against measles is ordinarily of about three weeks duration. However, there is no limit to the number of times it can be used, and a baby who is protected by it now can be protected by it again in June or July. Gamma globulin can go on shielding him against measles until he is old enough and strong enough to stand an attack without serious consequences.

During an outbreak of measles Dr. Cox said that it is well to keep children under five years of age, and more especially frail children, away from all other youngsters who might serve as sources of infection. Statistics show that nine-tenths of all measles deaths occur in children under five years of age.

SENIOR NEWS

Mrs. Guthrie, Mrs. Quick and Miss Clark have chosen the play the senior class will present the last Thursday night in April. The title is "The Tangled Yarn." The characters include seven girls and five boys. The first big practice will start March 29. The seniors are anxious to get started on this play.

Dean Jackson, Glen Miller, Bradley Johnson and Bobby Birk were thought by the police to be burglars as they entered the Miller warehouse last week. But really they were not; they had gone to do some sweeping. Could you blame the policemen for thinking they were burglars? I imagine it did look fishy as four guys got out of a car, in a dark street and entered the warehouse!

Our senior boys that didn't receive jackets to the banquet Friday night got them Tuesday morning in assembly. They are very pretty jackets. Bonnie Zeck did just fine — she got to wear one of the new jackets the first day. Whose was it anyway?

Mrs. Guthrie and nine senior girls out of shorthand class went bowling last week. They had a swell time, and they want to go again. Did you see Sue Ridenour with Roy Johnson at the banquet? Well is Sue gets as slow as Roy — she'll never be able to take dictation in shorthand.

DID YOU KNOW?

That Betty Sullivan is the shortest girl in the senior class? Bobbie Partney goes with George Huckaby? That there are three Billys (one Bill), three Bobbys (one Robbie), two Roes, 3 Bettys and 2 Patsys in the senior class? There were three senior girls on the main volley ball team this past season? That eight senior boys lettered in football? Paula Beasley finally got Juanita Klinkerman to spend the night with her? That we'll be graduated seniors in nine weeks? Robbie Starr, reporter.

Mr. and Mrs. Fred Parkey and sons took her mother Mrs. Maria Stogsdill to Duncan, Okla., Saturday afternoon and visited with friends there. They returned to Iowa Park, Saturday night.

Jim Scott of Wichita Falls visited Monday in the Burk Scott home.

Mrs. J. L. Lochridge of Amarillo is ill at the home of her sister Mrs. Will Burnett in Iowa Park. Mr. Burnett is reported ill this week with the flu.

Mr. and Mrs. W. K. Barron and children Shirley Ann and Rita Kay visited in Olney over the weekend with relatives.

Mr. and Mrs. W. R. Pastusek and two sons spent the weekend in Me-gargel visiting their parents.

Mrs. Carroll Duke and daughter Lou Ann attended a style show at Wichita Falls, Saturday where Miss Carolyn Duke modeled as a bridesmaid.

Mr. and Mrs. Arch Hughes and son Bruce visited in Odell, Sunday with Mrs. Hughes' sister Mrs. Roy Bell and Mr. Bell and their daughter Betty. Betty returned to Iowa Park with Mr. and Mrs. Hughes and has been their guest this week.

400 PRIZE FISH IN ANGLERS CLUB FISHING RODEO

A fishing rodeo sounds like a novel attraction and the one announced by the Lake Kemp Angler's club offers both novelty and attraction, with 400 fish turned into Lake Kemp, and the Diversion Lake, each one bearing a number for a prize. No prize is worth under \$5.

Roy Kimberlain is on the executive committee from Iowa Park. In a meeting of the Rod and Gun club in this city Tuesday night, the club voted to donate a rod and reel and other equipment as a prize in the rodeo. Other local prizes will be announced as they are given and they will all be displayed in the front window of the Tanner Furniture store.

The rodeo will open on the two lakes May 1 and close Dec. 31. To be eligible for one of the prizes one must be a member of the Lake Kemp Angler's club and pay a membership dues of \$1. The membership permits the holder, his wife and children under 18 years of age to eligibility.

All profits accruing from the rodeo will be used to improve fishing facilities in the two lakes.

Prizes are being donated in five cities of this area. The tags bearing the number of a matching number of each prize will be placed on the 400 fish which will be distributed in Lake Kemp and Diversion Lake about April 15.

If and when you catch one of the prize fish, it should be shown alive to the guard at the gate of the lake where it is caught and he will report the catch to proper authorities.
