Miss Anita Thompson Weds Bob Cole in Beautiful Ceremony

In a twilight ceremony Miss Anita Louise Thompson became the bride of Rev. Robert Edward Cole at 7:00 p.m. Friday, Aug. 29, in the Methodist church here with the groom's father officiating.

The bride is daughter of Mr. and Mrs. Eldon W. Thompson of Iowa Park, and the groom's parents are Rev. and Mrs. Elden Cole of Dallas and formerly of Iowa Park.

The vows were exchanged before an altar and a pyramid arch of cathedral tapers. Large arrangements of white mums and palms were used on each side of the altar.

Traditional wedding music was provided by Mrs. Otis Gay, organist, and Rev. Gene Sorley, director of the Wesley Foundation of Wichita Falls, soloist.

The bride, given in marriage by her father, wore a floor length gown of white chantilly lace and taffeta. The fitted bodice featured scallops of lace in the Sabrina neckline and long tapered sleeves.

The bouffant skirt was fashioned with panels of hand-clipped lace. The fingertip veil was attached to a crown of seed pearls and lace. She carried a bouquet of gardenias and stephanotis atop a white pearl Bible belonging to Miss Janice Wilson.

Miss LaWanda Jo Darnell of Wichita Falls, as maid of honor, wore blue taffeta fashioned with bouffant waltz-length skirt, sweetheart neckline and cap sleeves. Her short veil of blue net was attached to a headband of blue taffeta and white sequins. Her flowers were shatterd mums arranged with blue net.

Misses Josette Hensley and Elizabeth Cole were bridesmaids and Miss Nancy Cole was junior bridesmaid. Their costumes were similar to that of the honor attendant, the color being powder blue. They carried cascade bouquets of white chrysanthemums.

James Terry of Paducah was best man. Frank Johnson of Electra and Bobby Steed of Gaineville were ushers. Groomsmen were Gayle Wayne Merrill and Gene Merrill of Wichita Falls and John Love of Paducah.

Following the ceremony parents of the bride were hosts for a reception in Fellowship Hall. The table, covered with white satin, was centered with an arrangement of white gladiolas. Those assisting with the reception were Misses Janice Wilson of Iowa Park, Jane Hall of Loving, Babs Jones of Byers.

Parents of the groom were hosts at the rehearsal dinner Thursday evening in Fellowship Hall of the

church. The table featured blue and white, the bride's chosen color scheme.

The bride is a graduate of Iowa Park High School, where she was active in the school band. Her senior year she was chosen Who's Who in Music and received the Arion award given by the Lions club to the outstanding senior musician. She also received a band scholarship to Midwestern university where she attended the past year as a music education student. She is a member of Tau Beta Sigma at MU.

Record Enrollment

Iowa Park schools enrolled more students Tuesday morning than ever before in history. The high school has 225; junior high 178; and elementary school 496.

There are 44 seniors. Elementary students are:

First football game for Iowa Park Hawks will be this Friday night. Electra Tigers will be here for a non-conference game.

Reserved and box seat tickets are now on sale by Mrs. Bertha McDonald. A section in the visitors' stands has been reserved and tickets sent to Electra for Tiger fans.

A few car spaces will be sold for those who are not able to sit in the grandstands.

A space will be reserved near the north gate for parking of firemen's cars.

NO BIRTH CERTIFICATE, NO SCHOOLING

Miss Ethyle Kidwell, principal of the elementary school, reports parents of several children have not complied with the state requirement that all children entering the first grade must have a birth certificate.

Children that have not presented birth certificates by next Monday will not be able to remain in the school until certificates are produced.

Elementary school faculty and other officials are well pleased with the school traffic safety program. All the children are trying to observe the traffic rules to the best of their ability.

Quarterback club members held their first meeting Tuesday evening and elected officers for 1958-59, as follows:

Lloyd Harris, president
Malcolm Mills, vice-president
Pete May, secretary-treasurer
Gene Lowrey, program chairman
Everyone is invited to these meetings and is welcome to become a member. Dues are \$1 per person.

Pres. Harris urges all fans to attend the Tuesday evening meetings in the school cafeteria, and make plans to support the Hawk teams and coaches.

PLEASE KEEP DOGS AT HOME!

Miss Kidwell asks co-operation of all dog owners to keep their dogs away from the school.

Because of hot weather and the crowded conditions, doors to all schoolrooms are being left open and it seems the dogs like school too and are following the children into the rooms. Such action on the part of the dogs detracts the children from their studies.

Pep rallies during football season will be held each Friday afternoon in the school auditorium. Cheerleaders are Gayla Lynn, JoLyn Fox, Billie Barnes, Peggy Underwood, Cathy Teal, Peggy Toler.

Lions club members heard a report on the Texas Lions club crippled children's camp near Kerrville at the Tuesday luncheon meeting. Lester Brooks recently attended a directors meeting at the camp.

There were 743 campers this summer, 23 above normal. Of the campers, 43 per cent had attended before, 60 per cent were girls and 40 per cent, boys. There are 70 persons on the camp staff.

Next summer will be the tenth anniversary of the founding of the camp and it is hoped by the board of directors it will be a special year.

Nine months of the year the camp is used for the blind. Persons who have suddenly lost their eyesight are trained to adjust themselves to their new situation and are given practice in some skill or art. More than 60 per cent of those who were in the winter program have been gainfully employed.

Brooks said the weakest link is that the average Lion doesn't know what the camp is like. He urged every member to visit it sometime.

This camp is a project without a pattern. These girls and boys aged 7 to 17 learn to do for themselves and to help each other during their two weeks stay at camp. Directors recommended a \$30,000 improvement program for the camp, which is a "project with a heart in it."

Pres. F. M. Wilson directed the business session Tuesday. Several accepted the invitation to be guests of the telephone company next Tuesday evening for supper and inspection of the exchange.

Guests Tuesday were Otis Curlee and Roy Thompson of Vernon; T. C. Berry of Iowa Park.

Mrs. Esther Thornberry was the guest sweetheart and accompanied her son-in-law Garland Richmond as he presented several vocal numbers. Mrs. Richmond also accompanied some of his numbers.

Cop Chases Train

Last Thursday night Policeman Kenneth Dozier gave chase to a train instead of a car.

Dozier was waiting at the crossing on Victoria street for a freight train to pass, about 7:30. Johnny Lee was in a car just in front of the patrol car, and spied two little boys on top of a coalcar.

He signaled to Dozier, and as soon as the train passed by, the officer gave chase. He kept signaling to the train crew with his red lights, and was able to stop the freight close to Burnett ranch.

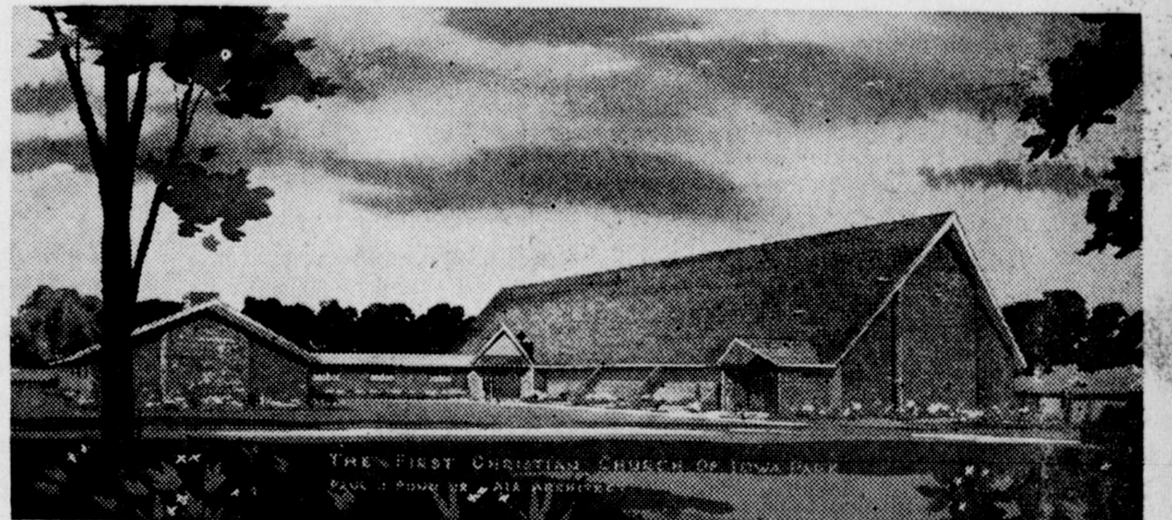

The trainmen and officer found the little 9 and 10 year boys were brothers. They said, "We were just going for a ride"

A brakeman said it was a wonder the boys hadn't fallen out. Dozier carried the boys back to town. Wichita Falls police were contacted and they notified the children's parents.

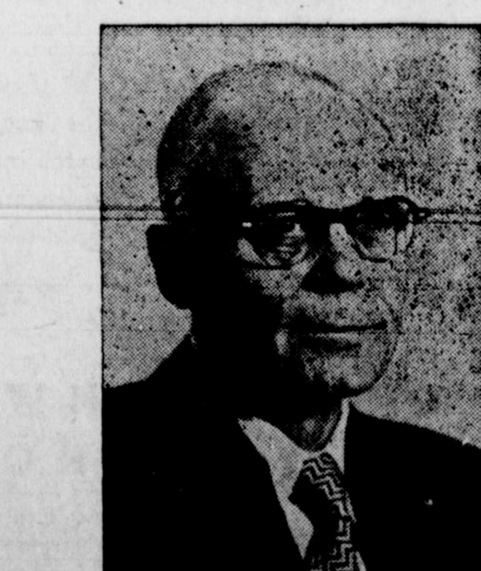

The boys told Dozier they had boarded the freight an hour earlier when it stopped at the station in Wichita Falls.

Mr. and Mrs. Bert Caddell have announced the engagement and approaching marriage of their daughter Carolyn to Mr. William B. Glass, son of Mrs. W. B. Glass of Temple.

The wedding date has been set for Friday, Sept. 17, at 7:30 in the parlor of the First Baptist church. Rev. Homer Thompson, pastor, will officiate.

Christians Using New House of Worship

Climax of the Sunday morning worship service of the Christian church came at 11:40, when the entire congregation, led by Dr. LeRoy F. Carter, minister, marched in triumphant procession to their new church home on Cash street at Bond.

Members entered the sanctuary singing a song of praise, took seats in the beautiful auditorium, and bowed in hushed reverence for the prayer and benediction.

A short period of inspection of the new building followed.

Formal dedication services will be conducted in October.

ALL Iowa Park telephone numbers WILL CHANGE

SEPTEMBER 21

Your telephone number will have  numerals, instead of four...and you'll dial Wichita Falls numbers direct...without long distance charges!

ON SEPTEMBER 21, your telephone number will be changed to seven numerals instead of four.

All numbers here will begin with "592," followed by four other numerals. For example, number 8811 may become 592-6162. It will require seven turns of the dial to call a local number.

At the time of the number change, all long distance charges between Iowa Park and Wichita Falls will be eliminated. You will be able to dial any telephone in Wichita Falls direct from your own telephone, just like a local call. Also, Wichita Falls telephone users can dial you direct, without charge.

This means you will be able to call, and receive calls from more than 40,000 telephones in your LOCAL calling area... making your telephone service more valuable to you than ever!

Before the change, you'll receive two telephone directories: a new Iowa Park directory listing all the new "7-N" (7-Numeral) numbers

here, and a copy of the current Wichita Falls directory, so you can obtain Wichita Falls numbers quickly and easily. Remember, Wichita Falls now has the new 7-N numbers — such as 723-8199.

AS A PART of our telephone expansion and improvement program for Iowa Park, we have recently completed a new dial telephone building here, with new dial switching equipment to handle your calls. In addition, we are adding more lines and cables between here and Wichita Falls to insure good service when you call Wichita Falls direct, after the change.

Iowa Park's new 7-N numbering system also will help bring faster and more efficient long distance service here, since it will pave the way for operators to dial more and more of your long distance calls direct to other cities.

WE ARE GLAD to bring the new 7-N numbering system here. With the change, Iowa Park will join Wichita Falls as the first two cities in the entire nation to have the new-type telephone numbers. We are sure you will be pleased with the new system and with the continued good telephone service it will enable us to furnish.

MOTOR MAIDS

How To Cut Accidents 50%

By Jeanne Smith, Dodge Safety Consultant

HERE'S ANOTHER project for women's organizations interested in promoting traffic safety in their community or state.

The President's Committee for Traffic Safety has termed improvement of driver licensing standards as a prime target for action by women.

On a community level women's groups have been urged to campaign for the following program: driver education courses as a prerequisite to licensing; more rigid physical examinations, driving tests and psychological tests to determine basic judgment and attitude; use of suspension and revocation authority by motor vehicle administrators so that repeat violators will be taken off the highway, and an adequate number of personnel to administer examinations and driver improvement courses.

About one-third of all licensed drivers have no business behind the wheel of a car, according to Paul Mason, president of the American Association of Motor Vehicle Administrators.

"For instance," he says, "we license drivers who don't know how to react in an emergency. We don't weed out completely the 1,500,000 people subject to epileptic seizures, the 2,500,000 with diabetes or the eight percent of the population with heart disease. We even grant licenses to people who can't read road signs!"

"Public apathy and short-sighted legislation," claims Mason, "have not permitted state motor vehicle administrators to match examination techniques with today's complexities of driving."

"I could almost guarantee a 50 percent reduction in traffic accidents if the public would give us approval to get as tough as we should be in issuing driving licenses."

Greenhands elected officer on Sept. 3, as follows: Ralph Klinkerman, president; Bobby Short, vice-president; Billy Goss, secretary; Leon Langford, reporter; A. W. Willingham, treasurer; Larry Brooks, sentinel.

Other members are Jimmy Waldroup, Gayle Snow, Kenneth Lee, Tommy Burnam, Buddy Tranham, Billy Beavers, David Davis and Rodney White.

SPOTLIGHT on SPORTS

Dodger catcher Roy Campanella once said, "To be a good athlete one must have a strong desire to be one." It takes a man to be an athlete, but it also takes a boy.

For the freshmen coming out for the first time, it takes a big desire and lots of courage. In junior high you are in competition with boys your own age and size.

Now you are in competition with boys 2 or 3 years older and with 1 to 3 years of experience. You are tested and teased to see if you can take it. But believe me every boy out there was once a freshman.

So we congratulate the freshmen and are proud of them. Freshmen on the Eagle squad are Eddie Lawler, Lynn Moss, Roy Don Hoing, Wayne Roberts, Ray Ferguson, Guy Clint Cowden.

Also coming out for their first time are Coach Eddie True, Billy Johnson, Mack Smith, Ray McCoy, Ronnie Moore, Charles Brinson, Terrell Taylor, Don Riddle, Jackie St. Clair, Alvin Parish and Coach Chuck Curtis.

This reader was published by the American Book company of New York and Cincinnati and was copyrighted by Van Antwerp, Brant & Co., and that this particular book was published in Cincinnati, June 1949.

Holliday is to have a new business. Leonard Price is in the process of installing a coin operated laundry in the Jackson building across from the post office. He is installing 16 Speed Queen washers and two driers.

Places - People - Things

by Pap Simpson

Time changes everything. I was old enough to enroll in school this year because my birthday was Aug. 1 and I was six. But I also had 60 years seniority previously and was retired by Byers high in 1909. So rather than cause the school board, faculty and everybody else any confusion, I passed it up.

Besides these things, I would be eating at the cafeteria, and who wants to go to school and not carry a 5-lb. lard bucket with holes punched in the lid and containing a cup with no handle on it and about half full of sorghum, two hard boiled eggs, a fried pie, and some biscuits. Maybe some side meat and maybe no, depending on the financial condition of the family.

There was science to eating the syrup. The most scientific way was to drill a hole in the biscuit with a finger, being careful not to get off-center, then pour the cavity full of the "lasses, let 'er soak a few minutes, and it was ready.

It is with a tender heart that I remember those fried pies, usually made with home dried peaches. Where did we get the peaches? I don't know. Sometimes they were not home-dried, but were bought at the one grocery store.

After thinking on these things I got out my old First Reader and found that I was taught the phonic method of reading. The Reader also could be used to teach the word method. It was also recommended under "Suggestions to Teachers," that the pupil be taught to write in script the letters as they were learned.

Speaking of Investments...

There goes one of our soundest, long-range investments: Brainpower! The interest—or lack of it—which you and I, as business men in this community, show in that youngster's education, will have direct influence on our future economic progress. That's why I used the word "investment."

What can you do about it? Do what other business men are already doing. Join our local chamber of commerce and participate in our Education Committee's activities. You will be cooperating closely with the school board and school officials on such projects as:

- (a) Business visits to schools to evaluate and publicize their needs.
- (b) Campaigns to finance schools adequately and to increase their efficiency and effectiveness.
- (c) Career conferences to help teen-agers understand job opportunities.
- (d) Work-study projects for students with high aptitudes for technical work but no desire for college.
- (e) Teacher and student recognition programs.

Through such activities you will be helping develop your community's human resources. You will be investing wisely.

REASON AND REVELATION

by GLENN OWEN

"Paul's Answer to Peter's Question"

Peter asks, "What shall the end be of them that obey not the gospel of God?" (1 Pet. 4:17). Paul says, "And to you who are troubled, rest with us, when the Lord Jesus shall be revealed from heaven with his mighty angels, in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ: who shall be punished with everlasting destruction from the presence of the Lord, and from the glory of his power" (2 Thess. 1:7-9).

That is a plain answer to a plain question. No one can be in doubt about now he stands with God if he does not obey the gospel. Peter did not ask what would be the end of those who did not get religion. That might suggest that God is at least half responsible for man's failure to be saved. Peter puts all the responsibility on man, and asks, "What shall be the end of them that obey not the gospel of God?" Obedience to the gospel removes a man's guilt, puts him into Christ, and prepares him for heaven.

Man cannot neglect with impunity anything that God commands. Paul asks the question, "How shall we escape, if we neglect so great a salvation?" There is something to escape, what is it? It is punishment and it cannot be escaped by disobedience. What is the penalty of disobedience? Paul says it is "everlasting destruction from the presence of the Lord and the glory of his power." That sounds like severe penalty for doing nothing, but it is as the Lord has directed. The greatest thing that a man has to do in life is to get ready to meet God in the judgment. And the only way to do it is to obey the gospel. Men have offered a lot of substitutes and short-cuts, but not a single one of them will work.

What then is the gospel? It is the good news of Jesus the Son of God. It is the thing that Jesus told his apostles and disciples to preach (Mark 16:15-16). The gospel is the truth. It is the word of God. Men can only be saved by obeying the truth. God is a Spirit and must be worshipped in spirit and in truth. The creeds and manuals of men can only lead to eternal destruction. The gospel is to save and only it has the power to do that. You cannot escape if you don't obey the gospel. The terms of gospel pardon are simple: Hear (Rom. 10:17); Believe (Mark 16:16); Repent (Acts 2:38); Confess Jesus as Lord (Acts 8:37); Be baptized (Acts 2:38, Rom. 6:3-4; Acts 10:48). Have you obeyed the gospel?

Safety Scores At the Half

By Jeanne Smith, Dodge Safety Consultant

TRAFFIC SAFETY is receiving "the old college try" these days at many campuses throughout the country.

Students at Loras College in Dubuque, Iowa, for instance, have staged several safety demonstrations during football games when, as one campus leader put it, "We have a captive audience."

At one game last season, three police squad cars lined up at the goal post during half time to attract the attention of spectators.

An announcement over the loudspeaker informed students that they were about to see the distance it takes to stop a car at various speeds.

When a siren sounded teams of students picked up the ends of eight-foot-wide canvas strips piled in front of each car and went into action.

For a stopping distance at 20 miles per hour, one strip was pulled out 15 yards—for 40 mph, a strip was pulled to the 50 yard line (150 feet) and for 60 mph, the third strip was pulled the full length of the football field.

During another game, fans were surprised to learn at half-time that tires, glass area, side-view mirrors, etc., on their cars had been safety checked by a team of students during the first half... more than 200 cars were inspected in the stadium parking lot.

Another half-time safety feature was a driving "roadie" in front of the grandstand. Tests included straight-line driving, backing, stopping and parking. Participants were judged by a group of students.

Davidson

THIS WEEK — In Washington With Clinton Davidson FOUR BIG MEN

In Washington this week there is time, and quiet, to reflect on some of the events and personalities which were the distinguishing marks of the 85th Congress.

We who write from Washington tend too often to place great emphasis on the events without adequately reporting on the men, and frequently the women, who influence and guide the actions and decisions of the government.

There are two types of officials in Washington. First, the men whose names are mentioned in the headlines, and, second, the men who make those headlines possible. The latter are at least as important as the former.

The men in the headlines were President Eisenhower, Secretary of State John Foster Dulles, Defense Secretary Neil McElroy, and Presidential Assistant Sherman Adams. All of them did important jobs well.

Cool Heads In A Crisis

For each man in the headlines there were dozens whose hard work and devotion to duty in times of crisis made those headlines possible. Some of those were members of the 85th Congress.

The four named above are in the Administrative branch of government. Few of their decisions and actions which made headlines were taken without having consulted with the important leaders of Congress.

Congress is made up of both Democrats and Republicans and the two frequently have their differences. That can be especially true when we have a Republican

President and a Democratic majority in Congress, and it is almost inevitable in an election year.

Congressional unity on important national and international problems was a remarkable accomplishment of the 85th Congress. The credit for that unity belongs in a large measure to four leaders, two from each party.

Johnsen, Rayburn, Knowland & Martin

Those are names familiar to most Americans, but they seldom were in the headlines. Few, even in Washington, know the extent to which they put aside their political differences to close party ranks on issues of great national importance.

Sen. Lyndon Johnson, the Majority Leader, worked closely with Minority Leader Sen. William Knowland on legislation vitally affecting the national interest. The same was true of Speaker Sam Rayburn and Minority Leader Joseph Martin in the House.

All four brushed aside both party and personal interests where the national interest was involved. And, they did it without claiming or expecting personal gain or credit. Without that unity the 85th Congress would have been far less successful in maintaining national unity at a critical time.

The American people, and the other people of the Free World, are fortunate in having men of their ability and high sense of duty in four of the most important official posts in Washington.
