* Conference Games

Last Friday, Mayor R. E. Van Horn and members of the City Council were welcomed into the newly finished telephone building by Gene Brusenhan, manager.

Van Horn put through the first official call to Mayor K. C. Spell of Wichita Falls on the new direct dial system between our two cities. He extended Spell a special invitation to ride in the T-O Fair parade and to visit the Fair.

Immediately following the call, members of the council made a tour of inspection of the spacious new building and also of the old building just south of the new one. Brusenhan explained the old is to be made into a special unit to be used in emergencies.

The new 7 digit dialing system went into service at 1:01 a.m. Sunday, Sept. 21. Sunday morning the Iowa Park residents were quite busy dialing one another and friends in Wichita Falls.

The sweet little recorded voice was kept rather busy informing us to check ourselves and dial the correct number.

Councilmen Clark Holloway, Lavere Thompson, Frank Raushuber and T. C. Scott stand at attention while Mayor Bert Van Horn makes Iowa Park's first no toll charge to Wichita Falls.

People here were as excited as children with new toys.

Southwestern Bell Telephone Co. will have openhouse at a later date and give customers a chance to see the building and equipment.

Modern gas lights glow softly in the early dawn, lighting an entire city block in Lancaster. A total of 25 gas lights were installed in this block by Lancaster home owners. The new gas lights, blending function with charm, are illuminating front yards and patios, swimming pools, motels, driveways, parking lots, drive-in movies and restaurants across the nation. A private airport in Arkansas has placed 50 gas lights along its runways to guide fliers onto the field.

"Don't wait till the first cold day to have your gas heating equipment inspected and adjusted for winter use," was the advice given this week by Carl Walsh, Lone Star Gas company manager in Iowa Park.

"The day cold weather makes its first appearance Lone Star and other heating service companies receive hundreds of calls for service," he added. "This could mean a considerable delay in filling individual service orders."

He suggested that users of gas floor furnaces, wall heaters, unit heaters, central heating plants and other gas heating equipment arrange now to have them inspected and adjusted by calling their heating equipment company or Lone Star Gas company.

"In this way the comfort of the family will be assured with no delay. And the homemaker will have this important service completed and out of the way," he concluded.

1958 T-O Fair swung its gates open Monday morning and the judging of Countywide and Girls 4-H exhibits and Agriculture exhibits was started.

Beautiful and unusual exhibits were on display and judging was started in the Women's building. Junior high school band contest was held in the arena back of the main auditorium.

Electra took sweepstakes honors with Zundy of Wichita Falls as runner-up. In marching, Zundy was rated first; Electra second; Nocona third and Walters, Okla., fourth in concert, Barwise of Wichita Falls was first; Electra second; Reagan of Wichita Falls third and Zundy fourth.

Twirling winners were Dana Thompson of Reagan first; June Mays of Walters second; Linda Bernethy of Barwise third; Bonita Goodman of Reagan fourth.

The annual parade, which was better and longer than ever before, started at 5:45 with hundreds of spectators lining the streets of Our Town. Bands, horses, bicycles, cars, pretty girls, pets, riding clubs, floats and industrial trucks made up the colorful cavalcade.

Ranking of the riding clubs was Sheriff's Posse of Wichita County first; Santa Rosa of Vernon second; Burk Burnett third.

Kids entries were original and clever, some walking and some riding. First honors went to Steve Watson and Judy Watts. Dressed as clowns, they were pulling a cart on which a small dog, all dressed up, was riding.

Second award went to Janice Watts, dressed at Little Bo Peep.

Third was awarded to Diana Beatt, who was pushing a doll buggy containing a kitten dressed as a baby.

A group from Baylor county had the best float. It represented a hunting party, complete with wild game and hunting dogs.

Iowa Park Chamber of Commerce had second best float, which featured the slogan "Town of Friendly Living."

The Camp Fire and Blue Bird float was ranked third.

J. W. McLemore Your C of C

Iowa Park is happy to welcome another business in our Town of Friendly Living — the Jiffy Food Store with J. W. McLemore, a hometown boy, as manager. He is a son of Mr. and Mrs. O. S. McLemore.

The store is located in an attractive new building just east of Jack's Super Service and west of Busby's Phillips 66 and Grocery. Formal opening of the Jiffy Food Store will be this Thursday, Friday and Saturday. Ten big baskets of food and other nice prizes will be given away.

At this new store McLemore will give the people of this area the finest and most prompt service. Slogan is "It only takes a jiffy to shop at a Jiffy Food Store." There is plenty of free parking space in front of the building.

Mr. and Mrs. McLemore and their children Patty, 4, and James, 2, reside on East Penn and they attend the First Baptist church.

J. W. McLemore served four years in the marine corps, and has been with the Jiffy Food Stores in Wichita Falls about 1 1/2 years.

T-O FAIR PARADE
Rollins Woodall, John Mixon, co-chairmen,
wish to express their appreciation to all individuals and organizations who helped with the parade in any way, especially to the judges as follows:
Children's Division: Miss Ethyle Kidwell, Dillie Lomax, Helen Reed, Charlie Mae Curry, Alva Wormington
Floats: Hazel George, Ruth Gard and Avis Wilson
Riding clubs: Dr. Ted Alexander Bands: Chauncey Weller
Special thanks to Luther Shaw for securing convertibles and to Alan Berry for announcing.

Burk Wins 'A' Sweepstakes

Tuesday afternoon the Class A bands competed for honors in concert, marching and twirling. The judges for this department are: Dr. Milburn Corey of Phillips university, Enid, Okla., band; Bonnie Baxter of Wichita Falls, twirling.

Burk Burnett won the sweepstakes award. In concert it was Vernon, Burk Burnett, Frederick, Okla., and Quannah.

Marching of the bands was rated Burk, Frederick, Vernon, Childrens.

In twirling, Glenna Landers and Pat Clark, both of Burk Burnett, tied for first place; second went to Bonnie Black of Quannah; third to Bette Burke of Frederick; and fourth to Louise York, Olney.

Mrs. Goins Is Queen

Tuesday was Pioneer Day, and 1,493 registered under supervision of Mrs. Mae Tanner, among the longtime residents of this area.

Mary Ella Goins of Burk Burnett was crowned Pioneer Queen, and other pioneers were honored in the morning program.

Carter McGregor of Wichita Falls, master of ceremonies, crowned Mrs. Goins. She is a daughter of a pioneer Burk Burnett family and wife of J. M. (Doc) Goins. She was born and reared at Burk Burnett.

Her parents, the late Mr. and Mrs. A. A. Morgan, came to Burk in 1890. She attended school there.

Crown and cape bearers were her grandchildren Larry 11 and Karen ue George 5, children of Mr. and Mrs. W. A. George of Iowa Park.

C. C. Davis of Iowa Park, who was 97 years of age Tuesday, was the oldest pioneer man present. Davis was born in South Carolina and came here in 1900.

Oldest woman present was Mrs. Ida M. Cobb, also 97. She lived in Wichita Falls from 1918 until 3 1/2 years ago, when she moved to Iowa Park to live with her daughter Mrs. J. A. Pautsky. Her husband the late Flem Cobb was a farmer.

Mr. and Mrs. W. A. Lee were the couple married the longest. They have been wed 67 years and have lived in Iowa Park 37 years. Lee 87 and his wife 82 were originally residents of Collin county.

PARK BOYS MEET IN FRANCE
Pfc. Lloyd Klinkerman recently spent a weekend visiting Pfc. Edwin Todd in Verdun, France. Lloyd has been using his accumulated leave to tour Germany, Austria, Italy, Switzerland, Belgium, Holland, Denmark and France. He also spent several days at the World's Fair in Brussels.

Lloyd is a son of Mr. and Mrs. H. B. Klinkerman, and is stationed with the army in Frankfurt, Germany. He expects to receive his discharge within the next month.

Mrs. Pauline Steele, chairman for September, will make a tour of Iowa Park residential areas Monday morning at 8:00. Owners of new homes in the northwest and other sections of town have done wonderful work in getting their yards landscaped immediately. The Christian church folk have grown a beautiful lawn surrounding their new building in a short time.

GERIATRICS

New Drug Improves Circulation, Relieves Leg Cramps, Specialists Find

Everyone who is on his feet a lot—postmen, policemen, inspectors, sales clerks, workers standing long hours at a machine—is subject to some extent to a disease called angina cruris. Almost all older people experience the leg cramps and difficulty in walking which go with this disease, which is caused by narrowing or thickening of the blood vessels.

Today, however, there is new hope for sufferers from angina cruris, for whom until now very little could be done. A successful treatment was recently announced before a meeting of Dr. Saul S. Samuels

the American College of Angiology by two specialists of New York's Stuyvesant Polyclinic, Dr. Saul S. Samuels and Dr. Herbert E. Shaffel. The method is based on a new drug combination called Cartrax.

Since the disease, one of the commonest afflictions of aging, is caused by a slowdown of blood flow to the legs (and sometimes the arms), almost all treatments for it attempt to increase the flow. Older methods involved such purely palliative measures as whiskey and warmth, or the use of drugs called vasodilators which cause the blood vessels to expand. Such drugs, however, sometimes have a disturbing effect on the heart. A surgical operation on certain nerves also has been attempted, but, in the words of one authority, "the physicians who favor the operation and those who do not differ so sharply that they sound like they are talking about two entirely different operations."

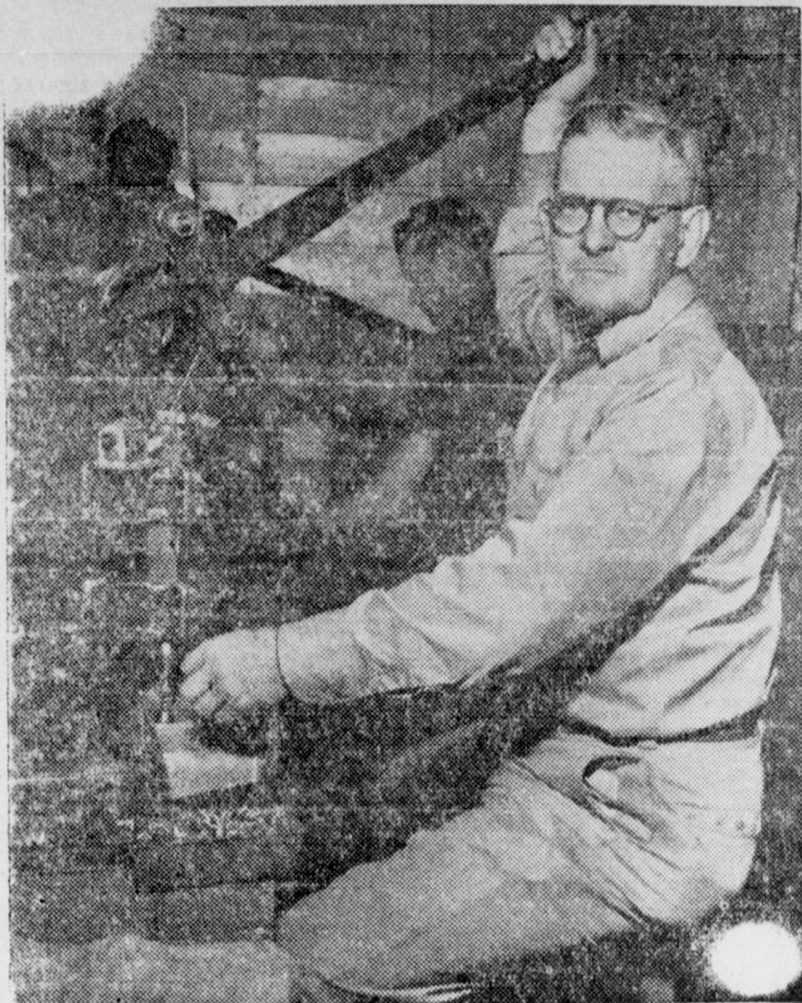

Dr. Samuels, who is the founding president of the College of Angiology and the present editor of its professional journal, treated 31 patients ranging from 52 to 76 years. All had suffered from angina cruris for from 5 to 27 years, and all were becoming progressively worse, as is common in this disease.

In the first of a series of tests, he found that Cartrax increased blood flow to the legs and arms of these patients an average of 45 per cent after eight weeks. The increase was reflected in the patients' ability to walk and even do toe stands. Seven of the patients had suffered night leg cramps so severe as to wake them up; these cramps disappeared completely for the two months that Cartrax was given.

Cartrax is a combination of two drugs, each one of which appears to act in several different ways to relieve angina cruris symptoms. Dr. Samuels told his colleagues. The theory behind the relief is quite complicated and is being studied further, in the hope that it will guide specialists to even more effective methods of treatment.

One surprising outcome of the study was the discovery that Cartrax appears to increase blood flow in the larger arteries, as well as in the tiny capillary vessels on the surface of the leg. This change, which Dr. Samuels described as "dramatic," had not been obtained with earlier forms of treatment.

This advance against a common disease of old age is another step forward in medical research workers' concerted attack upon the degenerative diseases. In this group the circulatory diseases are the most frequent causes of disability and death.

Band News

Tuesday night the Iowa Park band played at the Fair Park Auditorium. The concert started at 7:45 with a march entitled Storm King. Other numbers which followed were:

- Red Rhythm Valley, featuring Harry Sargent, cornet
- Por Que, a tango
- The Enchantress, featuring Karen Watson, saxophone
- Tarantella Capri, Italian dance
- The Thing, a band vocal
- Blues in the Band, featuring Sue Bedford, swing drums
- Copa Cabana, featuring the drum section
- Gypsy Baron
- Si! Trocadero, a mambo featuring the drum section
- High School Cadets, a march which was intended to be the concluding number, but due to considerable applause, the band played another march: Indiana State Band, which ended the concert at 8:45

—Carolyn Phipps, reporter

Park Area Club met Wednesday, Sept. 17, with Mrs. James Todd. Mrs. Wilburn Karstetter, president, opened the session with a devotional from II Cor. 15:2 and led in prayer. Mrs. Virgil Woodfin led the group singing of two numbers.

Mrs. H. E. Jones, council delegate, gave the council report for September.

Oct. 7 was set for the annual chicken barbecue to be at the Karstetter home at 7:00 p.m. This is for the families of the club women.

Miss Thelma Wirges, county HDA, presented a demonstration on Colors for Kitchens, after which the hostess served refreshments.

Members present were Mmes. Jones, Woodfin, Karstetter, James Mullins, Gale Lowrance, Lester E. Brooks, A. W. Scheibal, A. H. Estes.

Visitors present were Mmes. Harold Ryner, H. Atchley, Reese and Miss Wirges.

Next meeting, Oct. 1, will be at the home of Mrs. Brooks.

Iowa Park PTA has an attractive Cookie Booth at the T-O Fair and invites everyone to buy cookies from the salesladies.

Proceeds go into the Scholarship Fund being used by LaWanda Jo Darnell, who is a sophomore at Midwestern university.

The are also selling PTA Cook Books, which contain recipes for all the cookies being sold.

Clements Boys Run Station

Junction Station and Grocery at the corner of Highway 287 and Farm Road 369, now is being operated by three brothers: Kenneth, George and Gerald Clements, sons of Mr. and Mrs. L. S. Clements of Valley Farms.

The business handles Cosden petroleum products and a complete line of staple groceries. They also have tires and other accessories for automobiles.

The Clements brothers also offer road service. Their business hours are from 7:00 a.m. to 10:00 p.m.

The phone number is 322-0570 and the night number is 723-1000.

The brothers have chosen as a slogan: "A satisfied customer is our first consideration."

Kenneth, George and Gerald all attended Iowa Park schools and are now attending Midwestern university.

They extend a cordial welcome to all their Iowa Park and Valley Farms friends to drop in and visit with them. If you are in need of anything for your car, they will get it for you.

Lt. and Mrs. Johnny Grimes jr. and son Johnny III are visiting her parents Mr. and Mrs. Fenton Dale. He has been taking special training in San Antonio for 2½ months.

Glen Wester and Anne Lowe, former Hawk band members, appeared with the Midwestern university band Monday night at the Fair. They were among the Indian band group that attended an outing at Lake Kemp last weekend, water skiing, swimming and picnicking.

REASON AND REVELATION

by GLENN OWEN

"God's Perfect Way"

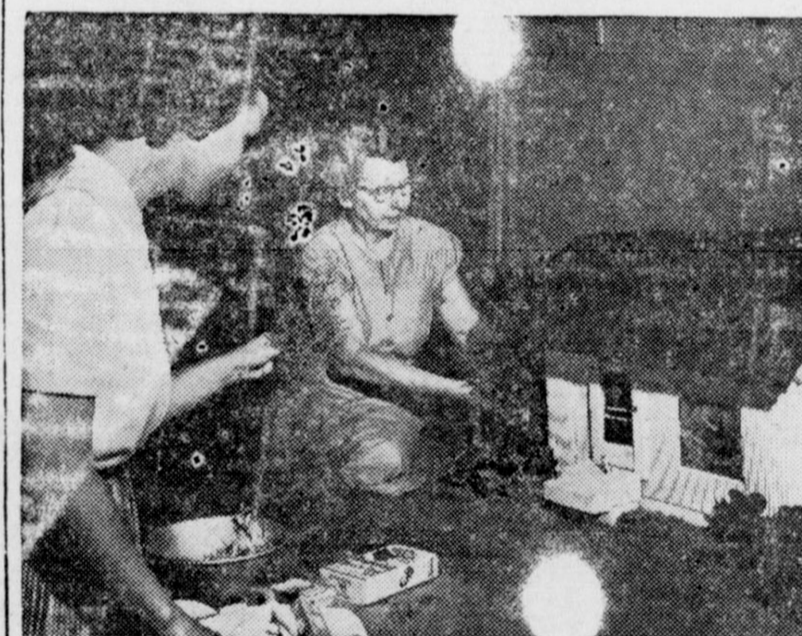

David says, "As for God, his way is perfect; the word of the Lord is tried" (Ps. 18:30). On every hand there are cries of "This is the way" and still there are others crying, "No, this is the way." Man, with all his imperfections and shortcomings certainly does not have the right to delegate or design the way to heaven. It is not within man that walketh to direct his ways. What is there about man that is perfect? His body is not for it gets sick and dies. His mind is not, for it often thinks evil instead of good. His feelings are not, for they often lead him into error. Conscience cannot be a safe guide. It is imperfect. It leads one man to do one thing and another man to do something else. God made man and gave him his conscience. He knew that conscience was not a safe guide. If god gave man a conscience to guide him, why did he also give him the Bible? The corruption and imperfection of conscience becomes apparent when it leads one to go contrary to the Bible.

Thinking he is right never makes anyone right. Sincerity is not a substitute for doing God's commandments. The way one feels is no evidence of his acceptance with God. Paul felt fine when he was making havoc of the church of God.

The first thing we need to get fixed in our minds is that God's way is perfect. Every step that we take should be in accordance with the word of God. God tells us very clearly in the New Testament what we must do to be saved. His way is perfect and there can be no doubt as long as one lets his life be directed by what God says and not what some man or group of men dictates.

God says without faith it is impossible to please him. This faith can only come through the word of God (Rom. 10:17). God says we must worship him in spirit and in truth (Jno. 4:23-24). Man says truth isn't so important just so long as you are sincere. Which shall we believe? God says we must repent (Acts 2:38). Man says that we only have to believe. Which shall we believe? We must confess God's son with the lips (Rom. 10:10). We must be baptized for the remission of sins (Acts 2:38). Man says that we can be baptized if we want to, but that it is not essential to salvation. Peter commanded Cornelius to be baptized (Acts 10:48). Why command something that doesn't make any difference? God's way is perfect, his laws just and sure, his judgment and punishment of the disobedient eternal. Let us forsake all the ways and words of ways of man's wisdom and do as the disciples of old did when they said, "Lord, to whom shall we go, thou hast the words of eternal life. . . ."

Most People Buy Life Insurance To Provide Income . . .

Jefferson Standard Pays 4%* Interest On Policy Proceeds Left With The Company To Provide Income.

Jefferson Standard's investment record is outstanding in the life insurance industry. Expert management makes every investment dollar yield its greatest safe return. Jefferson Standard's

excellent interest return has made it possible to provide greatly increased income dollars to the policyholder or beneficiary.

HERE'S AN ACTUAL CASH COMPARISON

John Blake Thought Of The Future

Mr. Blake died leaving \$20,000 life insurance to provide income for his wife. This arrangement provided for a 2½% interest rate on funds held in trust for beneficiaries.

When Blake died, his wife received \$100.00 a month from his life insurance.

Charles White Thought Of The Future, Too.

Mr. White died leaving \$20,000 life insurance, BUT Mr. White's life insurance was with the Jefferson Standard which pays 4% (guarantees 2½%*) on funds held in trust for beneficiaries.

When White died, his wife received \$100.00 a month, too, from his life insurance.

HERE'S THE DIFFERENCE

At the end of 21 years and 5 months, the payments to Mrs. Blake stopped.

At the end of 21 years and 5 months, Mrs. White could look forward to 5 years and 6 months more of \$100.00 per month payments. She received \$6,600 MORE in all from the Jefferson Standard.
