LIONS CLUB

Members and guests of the Lions club were honored at their regular Tuesday luncheon meeting with the presence of Rep. Frank Ikard, who spoke on U.S. activities and problems that we are to face in the near future.

Ben Hildebrand, general program chairman, introduced Congressman Ikard, who is a native of Henrietta, graduate of the University of Texas law school. After practicing law in Wichita Falls, Ikard was elected district judge. In 1951 he was elected to represent District 13 of Texas in Congress, and has been re-elected each two years since that time.

Ikard is a member of the Ways and Means committee of the lower house of congress, and of the committee on committees for the Democratic party.

The speaker said, "Congress is like a mirror. It reflects the thinking of the people." He asserted the congressional session just completed was a good one and listed some of its achievements.

Speaking of economics and foreign trade, Frank said, "We have not advanced along these lines since the reciprocal trade program of Cordell Hull. We must bring improvement to our aid and trade programs."

In science and space, he said, "We must stay ahead. Our country will lag if all our military force and scientific sources do not work together."

Ikard also discussed the national budget, warning against the danger of the national debt. "We must have reductions through payment of the debt, not through devaluation of the dollar."

The speaker declared Khrushchev is a clever man, and that the Communists are turning the cold war into a cold peace which we can lose if we do not change some of our policies.

Ikard closed saying "The democratic system is the best man has developed. The way to make it continue strong is for all people to take active interest in the democratic processes."

Dr. C. G. Moon of Wichita Falls, senior geologist for Humble Oil and Refining company, where he has been employed nine years, will be guest speaker for the Iowa Park Lions club (evening) at the Ladies Night meeting next Tuesday at 6:30.

Moon will present a Travelogue on Alaska—an imaginary 600-mile trip by air and boat on the Alaska peninsula. He will use color slides on geological work, scenery, wild game, vegetation, industries and people.

Moon is an outstanding speaker and is in great demand to appear before clubs and organizations.

He spent one summer during the war in the northwest territory of Canada looking for oil structures. During the summers of 1955 and 1956 he did surface geology in Alaska.

The club extends an invitation to members of the Noon club and other interested persons to come and hear this noted speaker. Reservations must be made by Monday afternoon. Phone Arch Hughes, president.

Mrs. C. E. Birk, Mrs. Gayle Park and Mrs. L. Shelton attended the Central Texas Presbytery annual meeting Wednesday in Waco. The theme was "Understanding the Bible."

United Youth of Iowa Park met Sunday afternoon to elect chairmen for the various UNICEF committees. They are:

Paula Smith, party Peggy Weiss, finance Linda Helms, publicity. Capt. Goss then explained what each committee is expected to do.

Time for the UNICEF program has been set for Halloween night from 6:00 to 8:00. Methodist church will be the center for all activities. Next meeting of the United Youth will be Saturday at 4:00 p.m. in the Christian church.

Few aspects of our modern world are more disheartening than the fate of millions of children who still endure hardships of times normally associated with war or pestilence, because drugs, foods and techniques taken for granted in more developed areas are slow in reaching them.

Blindness threatens countless youngsters every year in an age where the eye disease they suffer from can easily be cured with aureomycin. Millions of others can become cripples for lack of the shot of penicillin needed to cure tropical illness. Leprosy is successfully treated with sulfone—provided it is available.

GOG vaccine protects against tuberculosis; DDT protects against malaria; often elementary knowledge of diet is enough to defeat malnutrition among children.

Hunter Employs Mrs. Crumpton

Sam D. Hunter Real Estate is announcing the association of Mrs. Pauline Crumpton.

Mrs. Crumpton recently received her Texas real estate license after completing the real estate course from Texas Christian university in Fort Worth.

Mrs. Crumpton and her family moved to Iowa Park from Wichita Falls where she served as credit manager for a leading store two years. Her husband Guy L. Crumpton, is production superintendent of Trice Oil company in Wichita Falls.

They have two children: Danny aged 14, and Judy, 11.

Mrs. Crumpton was born in Jacksboro, daughter of Mr. and Mrs. J. O. Caddell, who now reside in Iowa Park. She attended school in Jacksboro and Graham and was graduated from Bryson high. She and Mr. Crumpton were married Aug. 11, 1944, in Madison, Wis. He is a native of the Jacksboro area.

Pauline is a member of Eastern Star and Guy is a member of the Masonic lodge. The family attend the Methodist church and own a home on Van Horn street here.

For 750 million children—three of four in the whole world—the best chance to obtain the aid they need is through UNICEF, the UN Children's Fund.

So far, through this organization's participation in more than 300 projects in over 100 countries and territories, more than 100 million children have been protected from TB; the vaccine needed for 100 children costs \$1. Over 13 million children have been cured of tropical fever; a shot of penicillin costs UNICEF five cents. Almost 4 million children have been treated for eye disease; aureomycin costs 20 cents per child. Over 800,000 have been treated for leprosy—sulfone tablets for three years of treatment cost \$1.

All who have a desire to help "all the world's children" will have opportunity to do so on Halloween. Trick or Treat for UNICEF will Iowa Park's children to our doors. They will ring doorbells and hold out milk cartons with black and orange label.

Each penny we drop into their containers will provide a needy child with five glasses of milk, or contribute to his fight for a normal healthy life.

Let us bear in mind all the good being accomplished by UNICEF, and when the Children's Fund Trick or Treaters come knocking at our doors Saturday, Oct. 31, let us help them generously.

Your C of C

The big community drive, the United Fund, will begin Monday, Nov. 2, with volunteer block workers calling to pick up contributions.

This United Fund drive is our responsibility and Our Town benefits from it. The six agencies receiving money are our and our community has to pay its own way or we cannot have them. It takes money to finance the activities of these agencies: Boy Scouts, Camp Fire, Red Cross, Little League baseball, Welfare and USO.

Iowa Park's goal is \$4,600. Do we want 6 different drives for these agencies, or do we want to make one fund raising campaign do it all? If each family will give at least \$6 for the 6 different causes, the goal will be reached easily.

Remember, the 14-foot thermometer to be placed near the post office will indicate each day the progress of the campaign.

Wayne House and T. E. Gilbreath are asking for volunteer Block Workers or Neighborhood Workers. Joe Price will serve as rural chairman. Anyone who wishes to take part in the United Fund drive should phone the Texas Electric Service company office.

House asks each family to have Block or Neighborhood Worker its contribution ready when the calls. It will save time for the worker and the homemaker.

Start now to make this a family project—discuss what your group will give to the United Fund—and give! give! give!

RAILROAD FEATHERBEDDING:
\$500,000,000 LOSS
 TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

IPHS in 2-AA

Iowa Park Hawks will enter District 2-AA next year. We will be playing Nocona, Jacksboro, Olney, Electra, Seymour and Burkburnett.

A meeting will be held Thursday morning at Midwestern university to plan the football schedule for next season. Lewis Moore of Jacksboro will be acting chairman.

Bowie moved out of AA into AAA competition, and Decatur moved into another district. Iowa Park and Seymour moved up to AA classification.

Schools in this class have average daily attendances of 205 or more. Iowa Park had an ADA of 206.32, forcing our teams to enter the higher classification.

23 Study Club

Launching Out, theme of the '23 Study club's programs for the current year, was injected into the meeting Thursday afternoon by the proposition "into" and the noun "harbour," the latter symbolizing the American Home Department.

The meeting was in the basement of First Baptist church with Mrs. C. L. Metz and Mrs. Earle Denny as hostesses.

Mrs. W. B. Featherston of Wichita Falls was guest artist and gave a lecture and demonstration on dried flower arrangements. She described the process of drying and curing materials and the importance of proper vases and bases.

Mrs. Featherston displayed 33 arrangements, many of which had

won first awards in flower shows, two pictures and one panel. She observed that some of the materials used in the arrangements had come from California, Hawaii and Colorado. However most of the materials were gathered locally and proved that something beautiful can be made of most any material if it is dried, cured and arranged properly.

Mrs. O. E. Lochridge, also a dried arrangement enthusiast, presented Mrs. Featherston and served as program leader.

Mrs. C. W. Coppock offered a vocal solo to introduce the program. Piano accompaniment was furnished by Mrs. James A. Sewell.

Mrs. Homer Blalock read an invitation to all members to attend a Federated Luncheon at Woman's Forum in Wichita Falls, Tuesday, Nov. 10, at which time Mrs. Ben Boyd of Denton, president of Texas Federated Women's Clubs, and Mrs. W. B. Streetman of Fort Worth, first district president, will be featured speakers. Mrs. Blalock has been asked to be in the receiving line.

Plate favors were dainty ceramic hands, the handwork of the hostesses, filled with small autumnal flowers.

Others present were Mes. Rollins Woodall, C. E. Birk, Dave I. Harbour, Sam Hill, Richey Abernathy, R. R. Brubaker, Fred Widmoyer, Homer Thompson, K. P. Abernathy, C. J. Simpson, Carroll Duke, C. J. Thurber, T. M. Thaxton, L. E. Brooks.

Mr. Skipper and his family had recently moved to Burkburnett. He is survived by the widow and three children.

Highland Cemetery association held the regular quarterly meeting recently in the Presbyterian church with Mrs. Otis Gay, president, in charge.

Mr. and Mrs. C. E. Russell gave a flagpole to the association and it has been erected in the cemetery on the hill near the toolshed. If anyone or any organization desires to give a flag to the association to be flown on special occasion, contact Mrs. Gay or Miss

Roberta Hill.

The association is planning to plant climbing roses on the front fence. If anyone wishes to donate rosebushes, take them to Dallas-Ralston, custodian, who will plant them. They need to be planted in the next 30 days.

If someone wishes to give money for the rosebushes, send it to Miss Hill at the State National Bank.

Remember, it takes money to keep Highland cemetery an attractive place, and the only way the association gets money is through donations.
