A Lecture on Christian Science

Entitled
Christian Science: Its Triumph over Atheism and Idolatry

by
Robert S. Van Atta, C. S. of Rochester, New York

Member of the Board of Lecturership of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

Delivered Sunday afternoon at Midwestern university auditorium under sponsorship of the First Church of Christ, Scientist, of Wichita Falls.

The lecturer spoke substantially as follows:

The broadcast powers of evil, so conspicuous today, are challenging the forces of Christianity in a bid for final supremacy. We live in the midst of a mighty revolution. The complacency of the nineteenth century has been succeeded by the turmoil of the twentieth. Long-established values in morals and ethics have been discarded; widely accepted religious beliefs have been abandoned; physical science and medicine are being revolutionized; government, business, and matrimony are being their anchors. These great changes are felt all over the world; they affect the life of every individual. There are none so lowly as to escape, none so remote as not to feel the turbulence of these times. In isolated corners of Africa—no longer the dark and unenlightened continent it used to be called—across the vast stretches of Asia, in the skyscrapers of American business and the century-old capitals of Europe, everywhere there is disturbance, discontent, and turmoil.

Jesus' Remedy

Christ Jesus foresaw this violent upheaval in human affairs. He spoke of strife and warfare between nations, of hatred and infidelity between men; he foretold famine, pestilence, and disaster; he warned that iniquity would abound and the love of man, wax cold; false prophets would arise showing great signs and wonders, so as to deceive, if possible, the very elect. But in his great wisdom and love for mankind he also pointed out the protective action his followers are to take when this deluge threatens to engulf the world: "When these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh" (Luke 21:28).

The fact is that the rule for protection from all danger and the remedy for every evil situation have been available to the world for many centuries through the inspired Word of the Bible, and particularly through the teaching and example of Christ Jesus. Way, then, have men not used the remedy and prevented the evils? Because the Bible teachings have not been interpreted and understood in their spiritual import. Surely no great teacher as Jesus would not mean that we could expect protection and redemption merely by lifting up our heads literally. He must have referred to the need for lifting up our thinking to a higher spiritual and more to the plane in order to understand God's power to redeem men from the famines of material sense, the pestilences of immorality, and the earth-shaking impact of revolutionary changes in human society.

"The People's Idea of God"

First of all, the need is to know God. Human life is the expression of the human beliefs about God. Someone has written, "The gods men worship write their names on their foreheads." Mary Baker Eddy, the Discoverer and Founder of Christian Science, explains this action of human belief throughout her writings. Many years ago she delivered a sermon in Boston entitled, "The People's Idea of God: Its Effect on Health and Christianity." The very title is thought-provoking, and in the sermon this theme is developed and explained with great variety of treatment and in beautiful and dynamic prose. Near the end she states, "Thus it is that our ideas of divinity form our models of humanity" ("The People's Idea of God," p. 14). In "Science and Health with Key to the Scriptures," the Christian Science textbook, she writes (p. 94), "The eastern empires and nations owe their false government and to the misconceptions of deity there prevalent." Of herself she declares that her illnesses before she discovered Christian Science were due to the misinterpretation of God's Word taught her in childhood (see Miscellaneous Writings 189:8-10).

Referring further to Mrs. Eddy's sermon, we read ("The People's Idea of God," pp. 6, 7), "Periods and peoples are characterized by their highest or their lowest ideals, by their God and their devil." The present period and its peoples have
(Continued on page 3)

Baptists Schedule Wichita School Choir For Sunday Evening

Booker T. Washington high school choir of Wichita Falls will be presented in spiritual and religious songs during the evening worship hour at the Baptist church here Sunday.

Mrs. Gwendolyn Jackson is director of this group of young people. They have appeared before the T-O Fair audiences and the Modern Music Study club here. This week they are making a tour of south Texas and will appear in Austin, Friday night.

The choir will present the entire evening program under sponsorship of the church choir and its director Mrs. Joan Garrison.

George Dorris, 74, Dies at Grand Prairie; Was Early Resident

Funeral services were held for George M. Dorris, 74, at the First Baptist church in Grand Prairie last Saturday morning with the pastor Rev. James W. Taylor officiating. Burial was in White Memorial cemetery, Arlington.

Mr. Dorris was a resident of Iowa Park for 38 years before moving to Grand Prairie in 1942. He died there Thursday afternoon, March 17, following a heart attack.

Born in Fayette county, March 15, 1881, he moved to Iowa Park in 1904. On Nov. 27, 1907, he was married to Miss Lula White, who survives. For many years he was occupied with farming with his father the late T. P. Dorris. He had been doing carpenter work in Grand Prairie.

Other survivors are a son E. C. of San Angelo; two daughters: Mrs. Wayne Barris and Mrs. E. M. McDonald of Grand Prairie; two sisters: Mrs. John Kennedy of Winters; Mrs. Clarence Stark of Dallas; a half sister Mrs. Ruth Gard of Iowa Park; eight grandchildren and one great-grandchild. J. J. White, Mrs. Homer Blacklock, Mrs. Gard and children Jimmy, Diana and Dorris, all of Iowa Park, attended the services.

Church Bells to Ring April 1 at Beginning Of Cancer Campaign

Church bells will toll all over the nation beginning at noon, Friday, April 1, as a reminder of the serious nature of the cancer problem, according to T. M. Clark, chairman of the local Cancer Society fund drive.

Along with the fund drive, major emphasis will be on the month of April, which has been proclaimed Cancer Control Month by the president of the United States.

The fight against cancer is being waged on three fronts: research, service to victims of the disease, and education on early diagnosis.

Injured School Girl Out of Hospital

Little Karen Parks has been dismissed from Wichita General hospital after receiving treatment for a broken leg and concussion she received last week when she was in a car accident on Kamay highway near her home. Karen is the daughter of Mr. and Mrs. Billy Dean James.

Wool Grading Course To Be Offered Here

Dr. A. M. Watkins of A & M college and J. A. Gray of San Angelo will conduct a short course on grading wool starting at 7:30 each night April 4, 5 and 6.

The short course will be conducted in the agriculture department of Iowa Park High School. Fee will be \$5 a person.

All those interested in taking instruction in wool grading should contact Gale Lowrance, president of the North Texas Sheep and Goat Raisers association, or John E. Sibley, vocational agriculture instructor at Iowa Park.

CARD OF THANKS

We wish to thank our many friends for the kindness shown us following the accident and during the confinement of Karen. Your thoughtfulness and prayers were greatly appreciated and will always be remembered.

Mr. and Mrs. Billy D. James
Mr. and Mrs. Paul Brogden

Three Iowa Park scouts received the Eagle rank at a court of honor in the Methodist church here last Sunday. Left to right above they are Bruce, son of Mr. and Mrs. Arch Hughes; David, son of Mr. and Mrs. James Sewell; and Norman, son of Mr. and Mrs. Lonnie Lee.

Many adult scout workers have contributed toward the development of these three outstanding boys who now have received the highest honor bestowed on scouts. Arch Hughes is adviser of Post 37, Explorer Scouts.

Rollins Woodall was master of ceremonies for the court of honor. The program was opened with the congregational singing of the national anthem.

Accompanying David in the procession were his father and his brother Navy Ensign Pat Sewell, himself an Eagle scout. Bruce was accompanied by his mother, and Norman by his parents.

Don Davis, district scout executive, was introduced by Mr. Woodall, who gave a brief resume of the organization of Boy Scouts and listed requirements for the Eagle Scout rank.

Mr. Hughes gave a history of the scouting experience of each of the three boys.

David joined the Cubs in 1948. He attended Camp Philmont as staff member 2 years; attended Perkins camp; has 29 merit badges.

Norman joined the Cubs in 1948; attended Perkins 3 years and was

on the staff in 1952 and 1954; attended Philmont in 1953; has 33 merit badges.

Bruce also became a Cub in 1948; attended Perkins, Philmont in 1952 and the national jamboree in Santa Ana, Calif., in 1953; has 28 merit badges.

Miles Thompson, who has already worked 14 years in scouting here, presented the badges to the boys' mothers, who pinned them on their sons. The boys in turn pinned miniature Eagle Scout badges on their mothers.

Mrs. Sewell now has three such badges given her by Pat, Mickey and now David.

The ceremony was closed with the boy scout benediction led by Mr. Woodall.

The United Pentecostal church of Iowa Park is now having a revival conducted by Preston Branum of Wichita Falls. Mr. Branum is the former youth director of the State of Oklahoma and is a wonderful personality as well as an outstanding speaker.

Rev. C. E. Ellis of the local congregation cordially invites everyone to come and hear this man. Fine congregational singing and some marvelous special music are on the program.

Services start every evening at 7:30 and are open to the public.

Contracts Offered Ag Teacher, Two Coaches

The board of education recently re-elected Bob Covington and Gene Snipes as athletic coaches and John E. Sibley as agriculture instructor. They have 15 days in which to sign contracts.

Deadline for filing candidacies for the school board election is midnight Saturday, March 26. The voting will be Saturday, April 2, in the high school building.

CARD OF THANKS

The death of our husband and father has made us realize anew that friends constitute our dearest treasures on earth. It has also made us conscious of the enduring love of old friends. Please accept our deepest thanks for your beautiful flowers, cards, letters and telegrams which did so much to lighten our sorrow in our hour of bereavement. God's blessings upon the wonderful friends in Iowa Park.

Mrs. George M. Dorris
Mr. and Mrs. E. C. Dorris
Mr. and Mrs. Wayne Barris
Mr. and Mrs. E. M. McDonald

Mrs. L. A. Crawford fell last week at her home and broke an arm. She is now receiving treatment at Wichita General hospital.

GRANDMOTHER DIES

Mr. and Mrs. Ted St. Clair and children attended funeral services in Dallas last Saturday morning for his grandmother Mrs. S. M. Ward, 88, who died there Thursday night, March 17.

Burial was at Sunset, where Mrs. Ward was an early day resident.

Funeral services will be held Friday afternoon in Perryton for Dave Wilson, brother of Mrs. Rowena Parker. Mr. Wilson was a cattleman, making his home in Perryton.

MRS. CAMPSEY LOSES MOTHER

Funeral services were held Thursday afternoon for Violet Callaway of Wichita Falls, mother of Mrs. Ira Campsey, formerly of Iowa Park and now residing in Wichita Falls. Burial was in Crestview Memorial park.

Operation Restores Sight to Mrs. Tuttle

People of Iowa Park are rejoicing with Mrs. Roxie Tuttle in that she now has her sight back and is able to see her friends and relatives for the first time in three or four years.

Mrs. Tuttle, known to many here simply as "Roxie," lost sight in her right eye nine years ago. Then later a growth formed over her left eye.

She was forced to give up her work as a practical nurse. Finally she could only distinguish light and close objects and was forced to use a cane to feel her way.

Five weeks ago Mrs. Tuttle had eye surgery in Wichita General hospital that has restored sight in her left eye. She plans to return to her profession in the near future.

In talking with Roxie, one can see true happiness in the expression on her face. She expresses appreciation for all the kind deeds, prayers and the wonderful way the people of Iowa Park have treated and assisted her since coming here nine months ago from Hereford.

She is the sister of several Iowa Parkers: J. C. Keiningham, Mrs. Della Guthrie, Mrs. Tommy Reed and Mrs. Lige Reed.

RUNCO PROMOTED

Peter J. Runco Jr., assigned to Johnson AFB in Japan, has been promoted to airman second class, according to word received here by his wife, the former Miss Naomi Baxter. Mr. Runco was sent overseas in June last year. His parents live in Slickville, Penna.

Mr. and Mrs. W. E. Beck have planned to visit with relatives in Little Rock, Ark. They expect to be gone five months.

Death Takes Brother Of Mrs. Bee Gwinn

Funeral services for A. Odell Miller, 50, brother of Mrs. Bee Gwinn, were held Monday morning at 11:00 in Wichita Falls with Rev. Lee Roy Brandes, pastor of Trinity Lutheran church, officiating.

Burial was in Crestview Memorial Park there under direction of Tanner Funeral Home of Iowa Park.

Mr. Miller had been employed as assemblyman with Wilson Manufacturing company the past three years. Previously he had been a dairy farmer many years since he came to Wichita county and established residence on Lower Charlie road in 1915.

He was a native of Ellis county. Other survivors are his widow A. Altus, Okla.; two daughters: Mrs. Bain Hatfield of Wichita, Kans., and Mrs. Richard C. Lipe of Wichita Falls; a son Richard Miller of Wichita Falls; his parents Mr. and Mrs. G. H. Miller; two sisters: Mrs. D. W. Hoke of Vernon and Mrs. Jessie Mixon of Wichita Falls; a brother Hubert of Wichita Falls; and three grandchildren.

New pastor of the Assembly of God here is Rev. Roy B. Quillin. Mr. and Mrs. Quillin and son James Henry, 11, 5th grade, have come to Iowa Park from Silsbee.

Mr. Quillin came here highly recommended and with several years of experience as a pastor of local churches. He was at Tomball one year, Cleveland 4 years, Lovington, N.M., 3 years, Portales 2 years and has just completed two years of work at Silsbee.

While at Silsbee Mr. Quillin was secretary-treasurer of the Beaumont section of Assemblies of God and secretary-treasurer of the Hardin County Ministerial Alliance.

The new pastor attended Eastern New Mexico college at Portales for four years; the McKinley-Roosevelt theological seminary in Chicago three years; and has taken special work at the University of Texas.

Mr. Quillin was born at Alvord, Mrs. Quillin, a native of Blue Ridge, is also an ordained preacher for the Assemblies of God.

Mr. Quillin announced this week that regular services will be conducted at the church on Sundays, and prayer meetings are currently scheduled for Thursday evenings. He called particular attention to "Revival Time," a national radio program sponsored by the Assemblies of God, which can be heard each Sunday night at 10:30 over station KFDX, 990.

The Quillins are now at home in the parsonage next door to the church on South Yosemite.

Charlie Lemond is seriously ill in Bethania hospital. It is reported he is slightly improved today.

Mr. and Mrs. T. A. Uhrich have gone to Dennison where he will enter the Katy hospital for treatment.

Mrs. Grundy's Brother Dies in Washington

Ernest G. Lashlee, 63, of Washington, D.C., brother of Mrs. Ernest Grundy of Iowa Park and Herbert Lashlee of Holliday, died suddenly last Saturday night in Washington after being in ill health for several months.

Mr. Lashlee and his family visited in Holliday and Iowa Park last summer.

Mr. Lashlee is survived by his widow Helen; son Ernie; another sister Mrs. H. J. Riddell of Tennessee; and a brother Horace of Casa Grande, Ariz.

Herbert Lashlee attended the funeral services held in Maryland.

Planning Completed For Red Cross Drive

The 1955 Red Cross membership drive is now in progress here.

Tuesday morning the general co-chairmen, Keith D. Swim and Rollins Woodall met with zone chairmen and their workers at 8:30 in the school cafeteria for coffee.

Mrs. Gordon G. Clark, local chairman of the county chapter, gave final instructions to drive members and explained the work kits.

Carter McGregor of Wichita Falls was present. He is county chairman of the membership drive.

The area was broken into six districts with a chairman directing the campaign in each area.

Woodall and Swim will head the northeast section of town.

Alan Berry and Ted St. Clair are in charge of the northwest, Mrs. D. O. James will be responsible for the southwest section.

Mrs. S. T. Buzzard will be in charge of the southeast.

F. E. Hill heads the business district campaign.

Mrs. Johnny Williamson will organize workers in the Valley Farms district.

Mrs. C. E. Birk will be in charge of the drive along the highway east of Iowa Park.

First day's receipts were \$600 and workers hope the entire drive can be completed this week. The name of every contributor will be listed on the deposit slip at the State National Bank.

All who are missed in the campaign and who wish to contribute should phone Miss Roberta Hill at the bank, 2221.

Third Graders Enjoy Trip to Henrietta on Fast FW&D Trains

Hilarity, excitement and high blood pressure filled the last coach of the Ft. Worth and Denver as it pulled out of Iowa Park Thursday afternoon. The 18 mothers and 4 teachers who accompanied approximately 75 third grade pupils of the local school furnished the blood pressure.

The group was permitted to leave the train at Wichita Falls and make a tour of the station. This didn't prove too exciting, because the children could see no reason for stopping there when they were on the way to Henrietta!

Arriving at Henrietta at 1:15, the Parkans were met by Miss Mary Lee Hestand, chamber of commerce secretary, and Mrs. Maude Goodman, principal of the elementary school. The C of C served drinks to the visitors at the station.

After this the trippers clambered into three school buses for a sight-seeing trip. First stop was a visit to the Olsen-Stelzer boot factory. Then to the new swimming pool under construction and finally to the elementary school where Mrs. Goodman conducted a tour of the rooms.

The last hour was spent playing games at the depot. Just before the train arrived, the Henrietta C of C served ice cream to the tired but happy group.

R. E. Waters of Iowa Park and Roy P. Thompson, passenger agent for the FW&D, acted as guides on the trip. Teachers accompanying the children were Mrs. Mae Roby, Mrs. Carl McKinnon, Miss Pearl Buckley and Miss Ethel Kidwell.

Mothers taking the trip were Mmes. C. E. Birk, Ruth Gard, Thurman Fox, G. O. Kemper, Lee Trigg, W. E. Stockton, R. E. Waters, Jack Callon, Louie McCarty, J. N. Hopkins, Jim Estes, Alan Berry, R. D. Roach, Harry Hadley, China B. Smith, W. J. Hall.

Mr. and Mrs. Clyde Hall are announcing the engagement and approaching marriage of their daughter Wanda Jean to Harold Wayne Phillips, son of Mr. and Mrs. Richard R. Phillips. The ceremony will be performed Friday, April 22, in the parlor of the Baptist church, with Rev. H. M. Rieck officiating.

The bride-elect is a junior in Iowa Park High School. Mr. Phillips is a 1953 graduate now employed with Probst service station.

Visitors during the week in the home of Mr. and Mrs. Homer Mulkey were Mr. and Mrs. B. Stice of Brownfield; Mr. and Mrs. Buck Young and Mr. and Mrs. June Johnson and son Ronald of Olney; Mr. and Mrs. Frank Davis and son John D. of Paris; Mr. and Mrs. Guy Ragland and daughter Joan of Wichita Falls.

Sally Kay Pratt was honored on her 6th birthday Saturday in her home at Rocky Point. The table was decorated with birthday motifs and centered with a circus cake. Favors of paper hats, horns and candy cups were given. Games were enjoyed during the afternoon. Refreshments of individual angel

food cakes and ice cream were served to Reatha Nell and Sandra Thurlio, Gloria Rice, Jackie Williams, Caren, Sherrill and Walter Reneau, Mary Jane and Timothy Moore of Valley View, Julie Naylor of Wichita Falls, Allen Beaver, Sandra and Walter Clement of Ft. Worth.

Book Review Artist Entertains 23 Study Club Members, Guests

Mrs. B. O. Watts of Lufkin was featured speaker when the 23 Study club had Guest Day at the Presbyterian church last Thursday with Mmes. C. E. Birk, Sam Hill, Gibbons Brubaker, Taylor George and W. C. Albright as hostesses.

Mrs. Charles Metz, president of the club, welcomed the guest and presented a meditation on "Friendship." Don Owens played an organ prelude as the fine arts number.

Mrs. China B. Smith, serving as program leader, introduced Mrs. Watts.

The speaker reviewed the book "Proud Red Patrick" by Ruth McKinney, author of "My Sister Eileen." The story concerns the life of Patrick Flanagan, an eccentric who continually embarrasses his wife and six daughters by his interest in the Irish, in politics, the origin of his Irish ancestors and the ritual of his Saturday bath. During his lifetime he becomes a connoisseur of silkworms, invests in the insurance business and buys a circus tent for his daughter's wedding.

Mrs. Watts' distinct characterization and appreciation of the character development added much to the humor of the story, typical of the Irish.

The educational building of the host church was beautifully decorated in St. Patrick motif. The refreshment table, covered with a white cloth, was decorated with shamrocks and Irish hats and featured an arrangement of white carnations surrounded by shamrocks flanked by white tapers in crystal holders.

Mrs. Metz presided at the punch-bowl and Mrs. Brubaker served the cake.

NEWS FROM THE ELEMENTARY SCHOOL

Reported by Kathleen Shropshire and John Woodall

Pupils in Mrs. Wormington's first grade are enjoying the bears Cubby and Ginger. They were given to the room by the room mothers during visitation week.

Karen Parks, pupil in Mrs. Jones second grade, is suffering from a slight brain concussion and a fractured leg. She was injured in a car accident near her home. Karen was in Wichita General hospital but is home now. Pupils in the three second grades filled a Sunshine Box for her.

Mrs. Roby's brother, Eddie Dean from California, visited the third grade and autographed pictures for the class recently.

Mrs. Hawkin's fifth grade music classes are preparing the operetta "Henny Penny" for a paid assembly program soon. Funds will be used to buy things needed for the class. Time and admission will be announced later.

Kathleen Shropshire won over Leroy Watts and Larry Smith in the spelling contest. It was not too easy, because those boys could spell.

Sixth grade, room two, won the PTA cup again. Mrs. Reaves and her pupils have had the cup three times in succession. Somebody better get busy or they will take it for the year.

Sixth grade, room two, has organized an English club. Officers have been elected and most committee chairmen have been named. Miss Kidwell, teacher of the class, serves as parliamentarian. She says we should be getting trained now because we will be taking our places in civic organizations in a few years.

Mrs. L. Lovelace attended a demonstration party at the home of Mrs. Elsie Fisher in Wichita Falls Thursday.

DEATH OF THE MONARCHS

The old oak trees were weeping; mourning their lost prestige; folding their leaves in deep humility. These grand old monarchs had watched the cavalcade of history through the years.

They had provided ambush for the Redskin warrior.

Shelter for the menaced white man.

Trysts for Indian lovers. Home for fox and squirrel. Cover for wary game birds. Shade for weary travelers.

Fuel for early settlers. Windbreaks for pedigreed cattle. Now they are dying.

A great noisy bird, flying a mission of progress, had dropped a lethal spray upon their majestic crowns.

A rancher wanted more grass, to graze more cattle, to make more money. He killed the oaks—and not content to let them go back to the soil as organic matter to enrich it, protect it, cool it, and increase its water holding capacity—he burned them. Thus their substance was lost. They were not permitted to help grow the grass that was to replace them.

We are not opposed to brush control. We are 100 per cent for pasture improvement. Before substance, beauty and soil protection are destroyed, however, we should make sure it is practicable, feasible and economical, and dedicate ourselves to do a better job of protecting and utilizing the soil than the trees have done.

NATURE CORRECTS ERRORS

Nature tries to cover up man's mistakes. She sends mesquites to protect soil that man would destroy by overgrazing.

Nature sends droughts to crack the earth to take in rain and silt where man lets it pack for need of organic matter and care.

Nature gently spreads her healing mantle of vegetation over earth scars made by man's sanding and quarrying. She rebuilds topsoil where man has allowed it to erode.

She plants green grass to hide the beer cans along our highways, and gives us wild flowers instead.

Nature is traveling the same old gait she has traveled for millions of years.

The sun and moon travel the same course across the sky. Seasons and days go by the same old timetable.

Forest plants enjoy the same resting times and growing seasons. Beasts of the field and creeping things follow the old, old cycles and are content.

Only man is discontented and tries furiously to change his pattern and hasten his fulfillment.

NO GOD? Antonina Canzoneri, missionary to Nigeria, said it beautifully in "Thistle-down": "Forsythia's golden laughter—"

FFA REPORTS

Fourth annual FFA Parent and Son banquet will be held in the school cafeteria here March 31 at 7:30 p.m.

For the program, colored slides will be shown. The FFA boys will also present a short program entitled "Our Faith in Agriculture." Richard Cook and his sister from Harrold will furnish special entertainment for the banquet. Glen Wester will play dinner music.

Saturday, March 26, the Iowa Park teams will enter the Wichita District FFA Livestock Judging contest at Midwestern university.

Bobby Archer, Donald Cope and Thurman Payton will judge land. Livestock team is composed of Eddie Whittenberg, Jerry Morgan and Ralph Brown, James Fenner, Gerald Combs and Clayton Boyd will judge dairy cattle.

Alternates are James Beavers, land; Gerald Clements, livestock; and Joe Garrison, dairy.

HAPPY BLUE BIRDS

Happy Blue Birds met last Wednesday in the home of their leader Mrs. S. E. Keeter. After the candle lighting service the girls sang and then started work on their new project.

Refreshments were served by Mrs. W. E. Stockton to Karen Keeter, Beverly Birk, Carolyn Fox, ally Garrison, Barbara Hadley, Donna Stockton, Barbara Thompson, Sherry Watson, Diane Watson, Mary Helen Wallis, teve Keeter, Beverly Hadley, Mrs. Keeter and Mrs. Hadley.

Your Carnation Milk Man

this is the way she dries our clothes...

...cleaner, faster, easier...

with an automatic ELECTRIC DRYER

It's as easy as play to dry the family wash in an automatic, electric dryer. No heavy laundry baskets to lift . . . no stooping and stretching at the clothesline . . . and wonder of wonders, no worrying about wind, rain or dust. With an automatic electric dryer you merely pop the wet clothes in . . . turn the dial, and go about your other activities. In less than an hour, your electric dryer dries your wash gently, thoroughly, and more hygienically than our bright Texas sun. Once you've tried it you'll say, too, that the way to enjoy an easy wash day is with an automatic electric dryer.

Select the automatic electric dryer that makes play of wash day at your favorite electric appliance store NOW.

End-of-the-Month SALE

We are always glad to have you visit us—whether you buy or just look around. Come in any time—we have some fine value we feel sure will interest you. Consult the list below.

Bernz-o-Matic Propane Appliances—Lanterns, Cook Stoves, Torches.

Huffy Gas Rotary Mower, 18-in, 4-cycle — \$84.95.

Electric Motors for Appliances, Tools, Pumps, Air conditioners.

Full stock of Gates V-belts. . .

Tools — hatchet, pliers, files, coping saw and blades, brace and bits, spirit levels, steel tapes, hack saws and blades, hammers, screw drivers, hand saws.

Evaporative Cooler Parts — Copper Tubing, Floats, Pumps, Angle Valves, Sill Cocks, Filter Pads.

Pittsburgh Maestro Colors — 300 modern decorator hues in three famous interior finishes: Rubberized Satin Finish, Flat Wall Paint, Satinhide Enamel.

Electrical Equipment — all receptacles, switches, plates cord and fixtures used in making alterations or building a house.

Virtue Dinette Sets, Bedroom Suites, Platform Rockers, High Chairs, Baby Cribs, Strollers, Cedar Chests, Roll-away Beds.

Westinghouse Close Out Sale — 3 bargains reduced for this sale—no trade ins.

Save more than \$50 on a Tappan Gas Range, with bonus kit.

been wonderfully blessed by the revelation of the true nature of Deity through the discovery of Christian Science. This teaching comes to the world as the "Comforter" promised by Christ Jesus, which will lead mankind into all truth. It reveals God as infinite Love, never hateful or revengeful; as divine Mind or intelligence, conceiving or creating all that is real and good and nothing that is evil; as perfect Principle, not a changeable person; as self-existent and self-sustaining Life, not subject to disease or death; as all-inclusive Truth, whose light dispels error; as all-pervading Spirit excluding matter as unreal; as the one infinite Soul, unconfined in space, life-giving center of all creation; as the divine Father and Mother of man and the universe, always present to guide, guard, protect, and preserve His children.

The impact of these higher ideas of God upon the minds of men has been tremendous. The spiritual and perfect ideal of God and man, revealed to human consciousness, has healed all types of disease, reformed sinners, lessened the expectation of death, and increased longevity. It has also stirred up latent beliefs in evil and brought them to the surface to be destroyed, as a muddy river bed is stirred to purify the stream. Thus we find the present age is characterized, not only by the higher idea of God, but also by more aggressive and subtle forms of evil.

Militant Atheism
One of the chief devils—or evils—at large in the world today is militant atheism, presenting itself as a philosophy or teaching suitable as a foundation for government and society, and organized to propagate itself and destroy religion. It is improbable that the propaganda of organized militant atheism has impressed itself to any great extent upon the minds of my listeners in this audience, but the very prominence which the teaching claims to occupy in world thought furnishes us useful challenge to examine our own beliefs and conclusions and to find and eliminate from our own lives any lurking elements of them or its materialist relations, agnosticism and idolatry. The atheistic individual claims there is no God; the agnostic says there may be a God, but you cannot know Him for sure; the idolater entertains false concepts of God and worships falsely in the name of truth. Christian Science came to all types of human thinking, as the Apostle Paul once went before the citizens of Athens, bearing the same God-inspired message, "Whom therefore ye ignorantly worship, him declare I unto you" (Acts 17:23).

A great many people do not need to be convinced that there is a God; to others the fact of a Supreme Being is not so apparent as they wish to be shown. Such an attitude is permissible; it may even be commendable when honestly held. But how is the nonbeliever to be convinced of the reality of God? How is the doubter or skeptic to be enlightened?

Learning of God
In considering the question how mortals may learn of God, suppose we ask: "How do we learn anything? How does a practical and successful individual arrive at reliable conclusions in whatever activity he engages?" Mrs. Eddy writes in the textbook (p. 199), "The devotion of thought to an honest achievement makes the achievement possible." Successful results in business, advances in scientific discovery, improvements in government, in society, and in individual well-being, these all come about through the exercise of intelligent thought, through observation, reason, experience, revelation, and proof. May we not, then, expect to achieve right conclusions in matters of religion by the same practical process? Is not true intelligence able to penetrate the vast realm of spiritual knowledge and to reveal God's nature and man's relation to Him? Is knowledge of material things to become more and more important while at the same time we are limited to blind belief, speculation, and chance in the far more important matters of holiness, eternal salvation, and God's kingdom on earth?

One recognizes the truth of a new idea by its consistency with other ideas which he already knows, and has proved, to be true. So one may learn to know the true God as the divine origin and Principle of the spiritual good which he already claims and practices.

Universe and Creator
In our efforts to discover the nature or character of God as the creator and ruler of the universe, let us consider first the nature of the universe we are trying to account for. Suppose one looks about him and notes the earth, sky, and people, and says to himself: "Here I am, a corporeal mortal, living in a material body, subject to material conditions, and dependent upon them to preserve me. Where did it all start? Who or what is responsible?" Conceiving the universe to be material, he is obliged to find a material cause for it, and such material cause must be held responsible for all the disasters to which the material world seems subject—earthquakes, famines, disease, cruelty, and death. Such a concept of primal cause or God is blindly worshiped by pagans through rituals designed to placate His vengeance. This is pantheism, the opposite of Christianity.

But, instead of starting with earth, sky, and people, suppose one considers the charity and love which he feels in his heart, the wisdom and intelligence he sees expressed around him, the hope, faith, joy, and courage so vital to human life, so present and real to him who appreciates them. Now let him ask himself: "Where do these things originate? How is it that men are capable of such grand and noble ideals? What is it that will cause people to turn away from wrath with gentleness, meet hatred with love, sacrifice themselves to help others, and face danger with confidence?" The only way to account for these spiritual higher manifestations is to attribute them to a primal spiritual cause; so here we have the Christian or true concept of God as pure Spirit, the all-knowing divine Mind, the origin of all spiritual reality.

Belief and Conduct
We have, in our society today, a large number of men and women who seldom go to church; they make no profession of religion. If you were to ask them about God or the things of God they would probably say, "I don't know." And yet these people are honest in business; they are good citizens and good neighbors; they are intelligent and worthy. Why do they reject religion? One reason is that while they conduct their daily lives and achieve whatever success comes to them through reason and intelligence, if they go to church on Sunday it seems to them they are asked to put aside reason and intelligence and blindly believe without understanding what they are told about God. Their honesty makes them rebel against such inconsistency; so they let the religion go. Many people of this sort have found the Christian Science explanations of God, man, and universe completely satisfying and convincing, for human reason rightly directed and divine revelation are here seen to coincide. Such people who have turned to Christian Science find no conflict between their everyday duties and their service to God. On the contrary, they understand and prove that the teachings of pure Christianity, revealed and demonstrated today in Christian Science, are entirely practical and able to meet legitimate human needs in matters of health and work and in dealings with other men.

Consciousness Basic
The primary fact of individual existence is consciousness, or awareness. This fact is self-evident but much overlooked; yet all questions of life and God must be worked out in consciousness, in the realm of one's awareness dwell all the issues of being. But materialism claims there is something outside of consciousness, a realm of mindlessness, real, fixed, and unaffected by thinking, named matter. How and where does the materialist know this? Why, in his thinking! And intelligent thinking, my friends, is a flat contradiction of the claim of mindlessness or matter! Consciousness is the basic reality, and no explanation is valid which loses sight of that fact.

Human life is entirely mental. That primary fact should be obvious to all. If this is a new concept to you, you only need to work with it to find it true. A person is rich or poor, sick or well, merry or gloomy, only as he believes himself to be. A young engineer was greatly helped and enlightened when he learned, through his study of Christian Science, that his profession was essentially a mental one. He had supposed engineering was material because it dealt with steel, wood, concrete, and so on. But he came to see that an engineer deals with those things in thought, and he is a good engineer in the measure that he has good, sound, useful thoughts on the subject. This is true of every human vocation; whether you are a cook, a carpenter, musician, farmer, clerk, or storekeeper, your work is primarily mental. As you accustom yourself to this fact you will be ready for the next step, which is to learn that in the mental realm all true reality is spiritual and good, proceeding from the one infinite, divine Mind or Spirit. Thus we prove the statement in Science and Health (p. 269), "Metaphysics resolves things into thoughts, and exchanges the objects of sense for the ideas of Soul."

God Acknowledged
Is it not clear to us, then, that there is a God, since there is something outside ourselves which moves us to good thoughts and deeds? And since God is incapable, is it not the path of practical common sense to find out about God so that our relations with Him are on an intelligent footing?

Let us have an end of denying the obvious, of doubting things plainly seen and easily understood. Man is alive, he knows he is alive, and since he did not himself create the existence in which he finds himself he must be the result of the working of a higher power, a primal intelligence, Life, or Mind. This primal intelligence or power cannot be matter, because matter is by definition mindless. The results of scientific reasoning are here seen to coincide with primitive Christian teaching, for Jesus declared, "It is the spirit that quickeneth; the flesh profiteth nothing" (John 6:63). So it is the divine Spirit, Mind, or Soul, which Jesus understood, demonstrated, and taught, which is now revealed in Christian Science as the true God.

Salvation
"Salvation" is a fine old word which has lost some of its practical usefulness through taking on certain specialized theological connotations. A dictionary tells us that salvation refers to being saved. From what do people need to be saved? Obviously, from sickness, danger, poverty, sin, and death. And when do they need to be saved? Well, right now, of course. So the same dictionary gives the Christian Science definition of "salvation" from Science and Health as, "Life, Truth, and Love understood and demonstrated" as supreme over all; sin, sickness, and death destroyed" (Webster—later editions).

Note how the concept of salvation is colored by the concept of God that goes along with it. The belief of a God afar off, living up in the sky perhaps, who is to be met only after death (if at all), logically leads to the belief of salvation hereafter, the curdly of which is suffering and trouble in the present. On the other hand, the revelation of the true character of God as ever-present good, all-pervading divine Spirit and power, awakens thought to understand the powerlessness of sin and disease and to the present demonstration of eternal, harmonious Life.

Salvation is individual. There is no mass consciousness. Nations are saved as people are saved. Perhaps someone says, "There are many millions of people in the world, and if they have all got to be converted one by one it is going to take a long time." But the job is not so big as it seems, for it is not a case of converting millions but of saving only one—number one.

The bedrock of true religion is the First Commandment—one God, infinite and good. One God means one Mind. Human beliefs would divide the one infinite Mind into many finite minds, distribute one to each person, encase it in a body of flesh, separate it completely from the one supreme intelligence, and let it go on from there operating strictly on its own, progressing or retreating in good or evil, as the case might be, according to whatever standard or rule it sets up for itself.

The belief of a mind and reality apart from God is the one basic error. This error is responsible for all the troubles of mankind. The belief is that there are many minds, one to each person. Each so-called human mind turns upon itself, tries to prove itself self-sufficient, develops its own will, and takes pride in its achievements. It calls itself "I"—spelled with a capital letter. This human egotism swells into a great swelling, and yet it is basically unreal and erroneous. The call of Christian Science would divide the one infinite Mind into many finite minds, distribute one to each person, encase it in a body of flesh, separate it completely from the one supreme intelligence, and let it go on from there operating strictly on its own, progressing or retreating in good or evil, as the case might be, according to whatever standard or rule it sets up for itself.

The call of Christian Science would divide the one infinite Mind into many finite minds, distribute one to each person, encase it in a body of flesh, separate it completely from the one supreme intelligence, and let it go on from there operating strictly on its own, progressing or retreating in good or evil, as the case might be, according to whatever standard or rule it sets up for itself.

The belief of a mind and reality apart from God is the one basic error. This error is responsible for all the troubles of mankind. The belief is that there are many minds, one to each person. Each so-called human mind turns upon itself, tries to prove itself self-sufficient, develops its own will, and takes pride in its achievements. It calls itself "I"—spelled with a capital letter. This human egotism swells into a great swelling, and yet it is basically unreal and erroneous. Friday, April First

Park Area club met Wednesday, March 16, in the home of Mrs. A. E. Bailey.

Mrs. Lewis Reitz brought the devotional, and in the absence of the secretary, Mrs. McMullin called the roll and read the minutes.

Mrs. H. B. Jones, council delegate, read the council report.

Mrs. R. R. Brubaker gave an educational talk on Mental Health.

Mrs. George McMullin was honored with a handkerchief shower.

Sgt. McMullin is being transferred from Sheppard AFB this month, and this was her last meeting with the club.

Mrs. Bowman presided in the absence of Mrs. Lester Brooks, who was in Vernon on business.

Fourteen 4-H girls displayed their sewing boxes, aprons and hotpad mitts.

Mrs. George Robinson and Mrs. Schibal were welcomed as new members.

The hostess served refreshments for 11 members and two guests, Mrs. Brubaker and Mrs. C. J. Simpson.

Park Area club will meet Wednesday, April 6, in the home of Mrs. C. H. Bowman.

Mrs. May Turner returned home last week after visiting in the home of Mrs. Ella B. King of Tucson, Ariz. She was met there by her son and family, Capt. and Mrs. Gordon Turner and daughters Pam and Jenny. The Turner family is moving to Spokane, Wash. Gordon is flying B-36's in the air force.

Camp Fire Swimming Lessons started Tuesday from 6:00 to 7:00 at the Boys club in Wichita Falls.

All girls must have doctor's certificates. There will be 12 lessons, one each Tuesday, at a cost of \$3. Registrations must be made immediately at the club.

From where I sit... by Joe Marsh

Finally Talked Herself Out

A certain talkative young lady almost spent a night locked in "Doc" White's drugstore.

She entered Doc's store about 11 P.M., going directly to the pay phone. At eleven-thirty Doc went home—not having seen a customer for a half hour. Around midnight he got a call from the store... she had finally run out of conversation (and money) and found the front door locked tight.

Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now you go turn her loose. It's hard to cut a good

conversation short — something only a woman understands!"

From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type—just as some of us like coffee and others prefer a glass of beer. The important thing is to be considerate... before friends start giving us the "busy signal."

WSCS

The Methodist Woman's Society of Christian Service continued the study of India on March 22 with Mrs. Travis H. Smith in charge. As background for the lesson she gave a summary of the history of India and the changes that have taken place in recent years.

Mrs. Miles Thompson discussed the projects that will benefit from the offering taken at the close of the study.

Religions of India other than Christianity were discussed by Mmes. Fred Widmoyer, Gene Owens and John Houser. A story of the Nehru family was related by Mrs. T. R. Horine.

"Prayer" was subject of the devotion brought by Mrs. Roy Anderson, and the group was dismissed with prayer by Mrs. W. M. Owens. Others present were Mmes. Scott Morris, Jim Hatten, Henry Jacobson, C. J. Thurber, Joe Bell, Herman Mahler, G. E. Trammell, C. J. Simpson, W. E. Stockton, S. L. Denny, Richey Abernathy, W. S. Willard, Jay Liable, Wanda McNitzky, John Mixon, Harry Hadley, Carl Sullivan, Gordon G. Clark.

VALLEY FARMS 4-H GIRLS LEARN PUPPET MAKING

Valley Farms 4-H girls met Wednesday with Patricia Clements. Judy Woodruff, president, introduced a guest, Sue Johnson, to the nine girls attending.

Mrs. Nellie Cobb, county home demonstration agent, gave instructions on making hand puppets, and was presented a birthday present. Mrs. Leo Cook opened the meeting.

GLEANERS CIRCLE

Gleaners circle of the Baptist WMS met with Mrs. O. S. McLemore for the second chapter of "Rainbow South," a mission study book by Albert McClellan. This study of the six republics of Central America, or the Rainbow Republics as they are sometimes called, is proving quite interesting.

Attending were Mmes. C. P. Pace, Elmer Simmons, Haspell Thompson, C. P. Simmons, J. T. Paris, Roy Crabtree and the hostess.

Camp Fire Birthday Week began with all girls going to the church of their choice Sunday in uniforms. It was nice seeing the girls at the services and the ministers made special mention of the birthday of Camp Fire.

The week ended with the girls, all in uniform, Friday, taking part in the Flag Raising at school between 8:30 and 9:00.

Activities throughout the week emphasized the theme for the year: "Let Freedom Ring."

Play Night Is Monthly Event for Camp Fire, Blue Bird Families

About 65 Blue Birds, Camp Fire girls and their parents enjoyed "Play Nite" at the Fair Auditorium recently. Mrs. Harry Weeks of Wichita Falls led the group in folk games.

Camp Fire was celebrating its 45th birthday, so Play Nite was also a birthday party. The State National Bank furnished four large cakes. Three were decorated with red, white and blue stripes, the fourth cake had the cross logs of the Camp Fire girls in each corner, and Blue Birds between each log. In the middle of the cake was written the 45th birthday.

The party table was spread with a white cloth; the birthday cake was in the middle with the striped cakes at one end; and at the other extremity was a beautiful crystal bowl with fruit punch.

Play Nite is the second Friday of each month.

Iowa Park Camp Fire girls all thank the bank for making their party complete.

Page Wesley Morgan of Iowa Park has been designated a distinguished student for the fall semester, 1954, at Texas A & M college. A distinguished student must have a grade point ratio of 2.25 or better and no grade below C.

SALLEE-MORGAN CIRCLE

Members of the Sallee-Morgan circle of the Baptist WMS met this week in the home of Mrs. Mary Shaw for mission study taught by Mrs. E. W. Sumrall. The eight present included Mmes. Ada Curry, Merritt Hubbell, Sam Ferguson, Everett Sewell, J. A. Berg, George Roberts, Sumrall and Shaw.

Mrs. Sam Hill will be hostess to the circle next Wednesday.

JUNIOR NEWS

Boyt Smith had a party recently at his home and everybody really had fun. Something in the dining room drew the boys and kept them there. It wasn't food.

A great catastrophe happened recently. Ralph's car burned up. I hear Norman is quite a runner. Where were you going to call the fire department, Norman?

Joy's boyfriend is building a hot rod, so don't be surprised to see Joy looking as if she were walking on air. Joy likes hot rods!

After looking over results of recent tennis matches, I think we have a squad to be proud of.

The Jrs have set April 15 as the deadline for deposits on Sr rings. Basketball girls are supremely happy. The jackets are here.

Some of the Jrs saw "The Rivals" at Midwestern recently. Most felt they'd like class discussion before taking a test on it.

Be seeing you.—Sandy.

Mr., Mrs. Brooks Have Busy Week

Mr. and Mrs. Lester Brooks were at College Station recently on business. They also attended a Farmstead Improvement school in Denton last week, sponsored by the garden clubs of Denton, TSCW and the extension service of Texas A & M. The meeting was held on the campus of TSCW.

They attended the regular meeting of the Santa Rosa Horticulture society in Vernon last week, when Mr. Brooks was guest speaker. He talked on gardening and showed color slides of famous gardens in the U.S. and Canada he has visited on tours.

Last week Mr. Brooks was guest speaker for a farm meeting in Burkburnett, using the topic "Silage."

Local Club Furnishes District 1 Leadership

Mrs. James Sewell will be a delegate representing the 23 Study club at the District 1 convention of the Texas Federation of Women's clubs. The meeting will be held in Vernon Tuesday and Wednesday of next week at Wilbarger Memorial auditorium.

Mrs. Lloyd McCloud of Bryson, district president, will preside, with "Strength through Individual Responsibility" as theme.

During the Community Affairs

luncheon, Mrs. John B. Barbour is to be one of the head-table guests. Other district chairmen from the 23 Study club are Mrs. Homer Blalock, religion; Mrs. Dave O. Har- bour, forest and recreational parks. Mrs. Sewell serves on the district safety committee.

SEE THEM FRIDAY! New Chevrolet Task-Force Trucks!

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout!

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

New styling in trucks

Fleet, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treat-

ments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet truck will be a profitable advertisement-on-wheels for you and your business!

A new outlook for the driver

Truck driving was never like this! The new Flite-Ride cab is everything a

driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel and controls are the last word in truck driving convenience!

Six new "high-voltage" engines

With a new 12-volt electrical system for quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new

Like the smoother, load-steady ride... new High-Level ventilation... tubeless tires, standard on 1/2-ton models... Power Brakes* for all models, standard in 2-ton models... new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive* and Hydra-Matic*. New Power Steering* for all models. Come in and see the newest things in trucks!

*Optional at extra cost. Overdrive available on 1/2-ton models, Hydra-Matic on 1/2-, 3/4- and 1-ton models.
