Charles Miller, local architect, is planning to build several homes in Iowa Park. He will begin one of them next week in the 400 block on West Aldine, between the residences of Ted St. Clair and John Bell.

Farmers Ask USDA For Better Prices

Only action by Congress can help the serious economic situation of Texas grain sorghum producers, a delegation of 40 Texas Farmers Union members concluded this week after conferences with department of agriculture officials and congressional leaders in Washington, D.C.

Among those present from this area were Lee Lovell and Henry Wolf, Iowa Park, Ted Graham of Paducah, E. B. and Billy Bob Johnson of Childress.

The farmers pointed out that they have suffered a double-barreled cut in income as a result of USDA policies. Reduction in price support levels for grain sorghum from 85 to 70 per cent means a 20 per cent cut in gross income. This on top of severe acreage cuts for cotton and wheat will result in about a 50 per cent reduction in farm income available for family living.

The group conferred with True Morse and other department officials, but reported they got no encouragement to hope for action by Benson to raise the sorghum support level.

They called on Texas congressional leaders, who warned them the low supports policy is not likely to be changed, even in hardship situations.

Rep. Bob Poage charged "this business of lowering farm incomes and forcing farm people out of business is what the administration wants."

Congressional leaders advised that if moves to restore 90 per cent of parity supports for basic commodities are successful, then legislation to boost supports for grain sorghums might be considered.

Feed grain producers might have to accept production controls in order to get high-level support, the congressmen said.

MU Dramatists to Present "The Rivals"

Mrs. Ben Huckaby, 1951 graduate of Iowa Park High School, will appear in Sheridan's famous comedy "The Rivals," a spring production of the drama department at Midwestern university, where she is a senior student.

Mrs. Huckaby, a drama major, has been active in the theater department. She was in "Arms and the Man"; "Romeo and Juliet"; "Private Lives"; and a student director of a one-act play.

She will portray Mrs. Malaprop in "The Rivals," which will go on tour in cities of Texas and Oklahoma, and will open at Midwestern auditorium March 14 for a three-day run.

ceptible to root rot and are not satisfactory. By putting out two or three trees every year or so, it is possible to have continuous fruit production. Their blossoms always add charm to the home grounds.

If in doubt about the variety of cotton to plant this spring, it might be well to consider records of variety tests at the local Experiment Station. Lester Brooks reports the five leading varieties and their average yields for the past six years as follows:

- Paymaster 54, 560 pounds of lint per acre
Stormproof 1, 486 pounds
Deltapine TP5A, 466 pounds
Northern Star, 449 pounds
Texacala No. 5455 Rogers, 440 pounds.

Stormproof 1 is recommended if there is likely to be delay in getting it harvested or if mechanical harvesters are to be used.

WATER! WATER! Everybody is interested in water. Most everybody realizes the need of water conservation. There are many conflicting ideas of how it should be done. The problem is one of many complications.

One great trouble is that so many groups see only one side. Their interests are entirely selfish. Some go so far as to want to have control but are not willing themselves to be controlled.

The governor and the legislature seem determined to get across some sort of legislation this session, relative to the water problem. Let's join in it, partially brick veneer.

This lovely home is to be sold for \$8,995 with \$450 down, balance in a 25 year period, FHA approved at about \$60 a month.

25 Students Make High Grades Here

The honor rolls at Iowa Park junior and senior high school continues to shorten as the year progresses, a report from Prin. James E. Elms reveals. Names on the honor rolls are as follows:

- DOUBLE A
Grade 7: Jimmy Banks, Patricia Blaylock, Carolyn Entreklin, Allie Jack Ralston.
Grade 8: Jo Ann Erubaker.
Grade 10: Josette Hensley.
Grade 11: Roberta Butts, Ann Lewis.
Grade 12: June James, Don Owens, Caroline Sewell, Barbara Tatom, Henriann Zaliski.
SINGLE A
Grade 7: Floyd Browning.
Grade 8: Mary Shook.
Grade 9: Donald Morgan.
Grade 10: Patsy Harrell, Norman Marquart.
Grade 11: Sara Johnson, J. D. Miller, Doyle Morgan, Sharon Reed, Joy Scott, David Sewell, Edwin Todd.

Iowa Park directors of the county Red Cross met last Monday in the directors lounge of the State National Bank. Keith Swim and Rollins Woodall were named co-chairmen for the Red Cross membership drive to be conducted here soon.

The board will meet again next Thursday and plan the one day drive. Block chairmen will be selected by the co-chairmen.

Others present were Mrs. Gordon G. Clark, Alan Berry, F. E. Hill, Ted St. Clair, and Miss Roberta Hill.

All Children Join in Matthews Reunion

Mrs. Sallie Matthews celebrated her 86th birthday last month, but it was not until the past Saturday and Sunday her children could all come see her. But last weekend they all five were with their mother for the first time in 15 years.

Meeting in the home of Mr. and Mrs. Otis Gay were Mrs. Zula McKittrick of St. Anthony, Idaho, Mr. and Mrs. Jeff Wallace of Albany, Mr. and Mrs. J. L. Matthews of Canyon, Mr. and Mrs. Jack U. Gkynn of Dallas, and Mr. and Mrs. Gay.

Grandchildren present included Mr. and Mrs. Ralph Cowham of Idaho Falls, Idaho; Mr. and Mrs. Joe Montgomery of Ft. Worth and Caroline Gay.

Great-grandchildren here for the family reunion were Michael Montgomery of Ft. Worth and Sulon Black of Albany.

CARD OF THANKS We sincerely appreciate the wonderful neighbors and friends whose love and assistance was so greatly needed during the long illness and the death of our wife and mother, Mrs. Lurlean Pool. We want especially to thank the church folk who brought food and offered much understanding sympathy.

John Pool, Kay and Gary.

Oilwell Explosion Fatally Injures Brother Of Mrs. Gene Owens

Funeral services for Cecil Wayne Bentley, 24, of Silver, brother of Mrs. Gene Owens of Iowa Park, were conducted Saturday afternoon at the Bible Baptist church of Electra. Burial was in the Electra cemetery.

Cecil was one of 12 men burned Wednesday, March 2, when an oilwell caught fire near Colorado City. A pipe under 300 lb. pressure broke and sprayed a mist of oil over the men and equipment before bursting into flames. Cecil died Thursday night in a Colorado City hospital, and Robert Cook of Winters died Saturday.

Cecil Bentley was born at Chalk Mountain, Feb. 1, 1931 and moved with his parents to Electra 12 years ago. He was a graduate of Electra high school. He was discharged from military service last year after serving in Korea.

Last August 7 he was married to Miss Mary Helen Dillard of Electra and moved to Silver, where he was employed by Halliburton well servicing.

Survivors besides his widow and sister are four brothers: O. L. jr., stationed in Florida with the army, Doyle of Electra, Glendon and Harold of Snyder; his parents Mr. and Mrs. O. L. Bentley of Electra; his grandmother Mrs. Nora Smith; and great-grandmother Mrs. W. A. Vinyard, both of Greenwood, Ark.

Four School Men Attend Conference

Supt. Keith D. Swim and board members C. E. Hirk, Jim Miller and Miles Thompson will leave early Saturday to attend the regional convention of the American Association of School Administrators in Denver, Colo., which starts on Sunday.

The men will go by car and there will be no extra expense to the school. Each man is paying his own expenses.

They plan to return home Wednesday night.

League Baseball to Start April 24

Two games of baseball each week are on tap for Iowa Park fans this summer, according to plans made for the Oilbelt League recently.

Wayne House represented the Independents at the planning session this week.

Triple round-robin competition will begin April 24. The regular season will end Aug. 13, with Shaughnessy playoffs to follow.

Other teams represented at the meeting were Nocona, Windthorst, Burk Burnett, Archer City, Midway and Holt's Sporting Goods.

Workshop Planned

Texas Alcohol-Narcotics Education association, in co-operation with the Wichita Falls Ministerial Alliance is sponsoring an Alcohol-Narcotics Workshop at Lamar Baptist church Saturday, March 12, from 7:30 to 9:30 p.m.

All interested pastors and church leaders are invited, but the workshop is definitely not a "mass" meeting.

There will be no registration fee and no offering.

School to Add Two Needed Classrooms

The local school board met Tuesday evening in the superintendent's office. Recognizing the immediate need for at least two more classrooms, members made plans to secure lots and build a nice house, to serve as classrooms until a permanent building can be erected. The house will be planned to be made into a residence when not needed for classrooms.

Buddy Johnson, who is working in Colorado, came through here last week and stopped to visit his parents Mr. and Mrs. Nelson Johnson. Buddy was on his way to Lueders for his employers. He enjoyed seeing several friends while in his hometown.

Mrs. R. A. Tanner was notified last week she is now a state licensed funeral director.

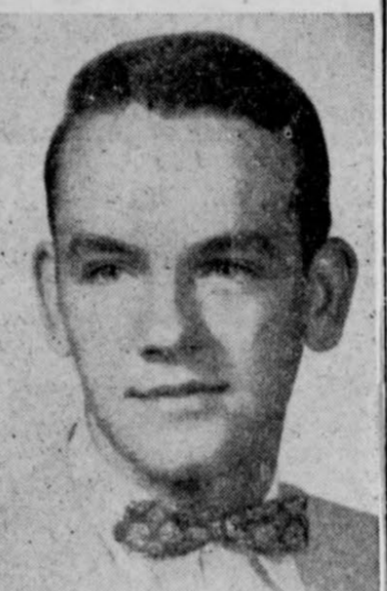

After a year's apprenticeship at the Tanner Funeral Home here and Hampton-Vaughan-Merkle in Wichita Falls, Mrs. Tanner took oral and written examinations in Dallas last January. Her study required not less than 325 class hours, plus assisting in arrangement and preparation and final disposition of 100 bodies.

"Brownie" as she is known to her many friends, graduated from Mineral Wells high school and received the BA degree from NTSC, Denton. She taught in Asherton, Plano and Iowa Park before she was married to Buddy Tanner in 1930.

Two years ago she received the master's degree from Midwestern university, with a major in English. She resumed teaching in the local school this year.

Brownie serves as assistant organist of the Baptist church, and is a former teacher of an adult class in Sunday School.

For several years she was a Lions club sweetheart, playing the piano and assisting with production of the annual minstrel.

Franklin Farmer, ministerial student at the Baptist Seminary in Ft. Worth, will be guest speaker for morning and evening services of the Baptist church in the absence of Rev. H. M. Riek, who is in at revival at Thousand Oaks, Calif.

Mrs. Cecil Marquart returned home Wednesday from a visit in Mrs. Eaton's father Dies in Oklahoma

James Sherman Stephenson, 69, of Lindsay, Okla., and formerly of Kamay, died Tuesday, March 1, after a long illness.

Funeral services were conducted in Ardmore, Okla., with Rev. Geo. Buzzy of the Lindsay Baptist church officiating. Burial was at Ardmore.

Mr. Stephenson was born in Springfield, Mo., Aug. 16, 1886, and was married to Miss Sarah Frances Garrett in Waco in 1905.

The family lived later in Olney and Dundee, moving to Kamay in 1920, where he was employed with Continental Oil company.

In 1930 Mr. Stephenson suffered severe burns in an oilwell explosion and moved to Colorado for his health. About 1 1/2 years ago he and Mrs. Stephenson moved to Lindsay.

Besides Mrs. Stephenson he is survived by 5 sons: Russell of Casa Grande, Ariz., Buck of Ardmore, Okla., and Charles of Phoenix, Ariz.

And four daughters: Mrs. T. D. Eaton of Iowa Park, Mrs. Lucy Johnson of Fort Worth, Mrs. T. J. Goodner of Lindsay and Mrs. R. L. Pearson of Monticello, Utah.

And a brother Lee of Holliday; 29 grandchildren and 7 great grandchildren.

School to Add Two Needed Classrooms

The local school board met Tuesday evening in the superintendent's office. Recognizing the immediate need for at least two more classrooms, members made plans to secure lots and build a nice house, to serve as classrooms until a permanent building can be erected. The house will be planned to be made into a residence when not needed for classrooms.

Buddy Johnson, who is working in Colorado, came through here last week and stopped to visit his parents Mr. and Mrs. Nelson Johnson. Buddy was on his way to Lueders for his employers. He enjoyed seeing several friends while in his hometown.

Mrs. R. A. Tanner was notified last week she is now a state licensed funeral director.

After a year's apprenticeship at the Tanner Funeral Home here and Hampton-Vaughan-Merkle in Wichita Falls, Mrs. Tanner took oral and written examinations in Dallas last January. Her study required not less than 325 class hours, plus assisting in arrangement and preparation and final disposition of 100 bodies.

"Brownie" as she is known to her many friends, graduated from Mineral Wells high school and received the BA degree from NTSC, Denton. She taught in Asherton, Plano and Iowa Park before she was married to Buddy Tanner in 1930.

Two years ago she received the master's degree from Midwestern university, with a major in English. She resumed teaching in the local school this year.

Brownie serves as assistant organist of the Baptist church, and is a former teacher of an adult class in Sunday School.

Brig. Gen. Daniel Edwin Hooks of the air force recently visited his mother Mrs. Dan Hooks in Wichita Falls.

The Hooks family formerly lived southwest of Iowa Park. Edwin attended the Denny school, which is now Valley View. He later entered Iowa Park High School under W. R. Bradford, superintendent. Mrs. Miles Hines and Mrs. Tom Pace were teachers here then.

While in high school he was a member of the basketball team. He was a member of the 1925 graduating class.

After receiving the bachelor of science degree in physics from TCU, Ft. Worth, in 1929, he worked out a master's degree from Harvard university in 1932. He did 15 months graduate study in nuclear physics at Ohio State university in 1946-47.

In 1932 Edwin enlisted in the army air corps and received pilot's wings in 1933. In World War he served in the air depot on Guadalcanal and received a command pilot's wings in 1943. His decorations include Air medal and the Bronze Star.

Edwin was later promoted to colonel. In May 1954 he was named commander of the 10097th Strategic Air Squadron, Washington, D.C., reporting June 15. On Oct. 27 Edwin was promoted to brigadier general.

Mr. and Mrs. Hooks and their two sons Lawrence and Kenneth reside in Washington, D.C. area. Lawrence is a junior at Case Institute of Technology, Cleveland, and Kenneth is in junior high school.

Edwin's grandparents the late Mr. and Mrs. Ben Ferguson came through on their own hook, the outcome is almost sure to be unsatisfactory.

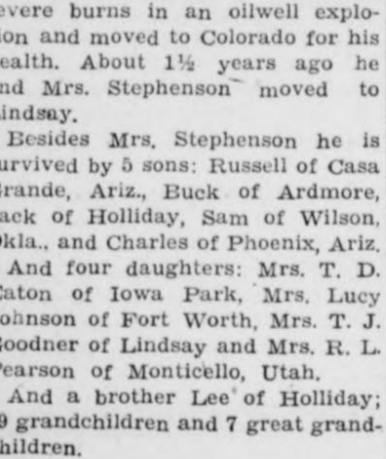

At latest reports, it looks like Precincts 3 and 4 will get their roads built, and their bridges—the principal purpose for the \$2,700,000 bond issue—and our sister city on the east will get a monstrosity to be known as an expressway with truck bypass.

We have no control over that deal, but wish they wouldn't do it. We would prefer the expressway staying outside all the towns and cities, where space is unlimited and rights of way are cheap. Then the money saved could be used in building bridges across Wichita river—even as many as one bridge every 200 yards! By that means there would be no bottlenecks of traffic and no dead-end streets, giving a smooth flow of traffic through Wichita Falls—anywhere!

It has been announced from Austin there is a bill before the House appropriations committee to allow public school districts an extra instructor for driver education and safety.

It is believed this bill would enable schools to present a far-reaching program on safety behind the wheel of the automobile, and would help save lives. For this bill to become a law, a lot of interest will need to be aroused and the interest manifested through communication with the members of the legislature.

Earl Burnam of Odessa visited here recently with his sister and family Mr. and Mrs. T. C. Scott.

White Elephant Sale on Ceramics Saturday

Mrs. R. E. Van Horn is conducting a one-day sale on ceramic items at her home Saturday, March 12.

Items include planters, ornamental and decorative plates, figurines, candle holders, stove savers, mugs, salts and peppers, book ends, cake stands and a large miscellaneous collection.

Prices range from 25c to \$2 and there are nice bargains in small gift items suitable for secret pal gifts. Some lovely Christmas items are included in the assortment.

Sales hours are from 8:30 a.m. until 9:00 p.m. Saturday.

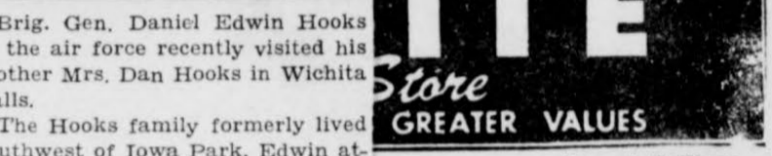

Freddie E. Simmons, seaman in the navy, son of Mr. and Mrs. C. P. Simmons of Iowa Park, is serving aboard the attack aircraft carrier USS Kearsage, which was one of the ships providing air coverage for the evacuating forces.

Citizens committees and committees from chambers of commerce and other public spirited organizations are all right—up to a point. When leaders try to go around their own elected officials, run off to Austin and have legislation shoved through on their own hook, the outcome is almost sure to be unsatisfactory.

At latest reports, it looks like Precincts 3 and 4 will get their roads built, and their bridges—the principal purpose for the \$2,700,000 bond issue—and our sister city on the east will get a monstrosity to be known as an expressway with truck bypass.

The three on the left above are Mrs. Kate Emanuel and Mike Cain of Iowa Park with Mrs. Daisy Arrington, early day students. Pictured at right are Mrs. Zula Matthews McKittrick of St. Anthony, Idaho, and Mrs. Charles Clark of Wichita Falls.

Special Program at School Honors Ex-Students and Teachers

Tuesday afternoon, former students and teachers were special invited guests at the school assembly program held here in the school auditorium.

Mrs. R. A. Tanner greeted guests and presided at the register.

C. E. Birk, president of the board and a former student, gave the welcome and introduced several of the early day students.

Albert May Jr., a former student and presently secretary of the board of trustees, was master of ceremonies.

Gifts were presented to three who started in Iowa Park the first year a school building was erected—1890. They were Mrs. Daisy Stanfield Arrington of Dallas, Mrs. Kate Stone Emanuel and Mike Cain, both of Iowa Park.

Mrs. Zula Matthews McKittrick of St. Anthony, Idaho, who came the greatest distance; and Mrs. Charlie (Ida) Clark of Wichita Falls, who was the earliest teacher (1901-02) attending the program, recognized.

Band, directed by C. and the Fifth Grade p directed by Mrs. Les, presented an enjoyable.

"Why We Must Conserve Oil and Water," were given by students of school. Awards furnished by Amvets were presented by Sargent of the Soil Conservation Service and Fred Parkey, representing the Amvets. First and second places were awarded as follows:

Freshmen: Betty Harrell, Betty Stewart
Sophomores: Lynn Hensley and Douglas James.
Juniors: Letha Pennington, Mary Ralston.

Junior News

Last Wednesday the Jrs chose a committee to look at rings and pick some for the class to decide upon. Three were chosen but the unanimous decision was for one set with a black onyx. The ring is pretty and Jrs are hoping to adopt a standard ring.

All are looking forward to the Craterville trip in May. We hope the creek is full of water so we can throw the Srs in.

Volleyball games start Monday afternoon when the team goes to Valley View at 4:00. Thursday afternoon Valley View will come here for a match. Joy, Roberta, Sandra, Sue and Barbara are Jrs on the team.

Since the boys play marbles so much, Doyleene finally bought a set of jacks. She and a bunch more

girls started to school at noon, but found it too tempting not to play; therefore they blocked the sidewalk for a nice game.

Future Nurses worked at Wichita General hospital one Saturday recently and will go again in May.

The tennis team has been chosen for this year. Roberta is girl's singles and Sue is one of the doubles team. Norman and Bruce are also on the squad.

We were happy to see Mrs. Owens back in school for a class or two Monday and want her back to stay real soon.

See you next week.—Sandy.

Spellers who will compete in the final round in the local school will be Leroy Watts, Larry Smith, Kathleen Shropshire, Teddy Overbey, Karen Thrush, Joan Brubaker, David Pinson, Patricia Blaylock. Several elementary teachers and Mrs. R. A. Tanner have been coaching these students for the national spelling bee.

Pfc. James Eaton, son of Mr. and Mrs. T. D. Eaton, will leave Thursday for his base Ft. Lee, Va.

New Tool Makes Painting Easier

Tired of climbing a step ladder when you paint ceilings and walls?

Wary of scrambling around on hands and knees when you paint a floor?

"You don't have to climb or crawl," says Arthur W. Stuedel, president of The Sherwin-Williams Co. "Thanks to a new painting tool, you can even paint hard-to-get-at places without bending your knees."

Extends Your Reach
The new tool is a long handle to which is attached a paint roller. With it, you simply roll paint on a surface instead of spreading it with a brush. The 36-inch handle lets even shorter-than-average people apply paint to a ceiling while standing on the floor.

The extra reach is also helpful when you paint behind radiators or under furniture that cannot be easily moved.

To paint a floor, just pour the paint on the floor and distribute it with the roller.

"Paint rollers can be used with any kind of paint," Stuedel points out. "Rollers made of deep woven fabric are best for latex-base paints like Super Kem-Tone. Those of closely woven fabric are best for enamels. The extension handle works equally well with both for faster, neater painting."

1) Extension handle paint roller speeds ceiling painting. 2) It can be used on walls, too. 3) Four and spread paint for quick floor painting.

by Bill Ripple

I SMELL SMOKE
As this is being written there is every indication that spring is here. Sun is shining brightly; birds are singing; buds are swelling; bees are buzzing; tractors are humming; and there is smoke in the air.

You guessed it: a neighbor is burning dead grass in his field—destroying plant nutrients as well as precious organic matter.

Dr. Gray says that organic matter is what Wichita Valley soils need most. Analyses show this to be true. Crop behavior confirms it also. Tight soils need it more than sandy soils.

Organic matter in our soils comes largely from decaying plants, mainly crop residues. Seldom is burning such materials justifiable.

It is difficult to maintain sufficient organic matter in Wichita Valley soils. Decomposition goes on at a rapid rate under conditions of high temperature and ample moisture such as with summer irrigation. Every possible means of restoring and conserving organic matter in the soil is of prime importance.

PLANTING TIME
This should be about the last reminder about planting those trees, shrubs and fruit trees for this season. It is not too late if you hurry.

Fruit trees are short-lived in this area but they are an asset to the home grounds, providing variety and beauty to the landscape as well as fresh fruit on occasion.

Recommended varieties of peaches, plums and apricots are most dependable. Apples and pears are susceptible to root rot and are not satisfactory.

By putting out two or three trees every year or so, it is possible to have continuous fruit production. Their blossoms always add charm to the home grounds.

If in doubt about the variety of cotton to plant this spring, it might be well to consider records of variety tests at the local Experiment Station. Lester Brooks reports the five leading varieties and their average yields for the past six years as follows:

Paymaster 54, 560 pounds of lint per acre
Stormproof 1, 486 pounds
Deltapine TP5A, 466 pounds
Northern Star, 449 pounds
Texcala No. 5455 Rogers, 440 pounds

Stormproof 1 is recommended if there is likely to be delay in getting it harvested or if mechanical harvesters are to be used.

WATER! WATER!
Everybody is interested in water. Most everybody realizes the need of water conservation. There are many conflicting ideas of how it should be done. The problem is one of many complications.

One great trouble is that so many groups see only one side. Their interests are entirely selfish. Some go so far as to want to have control but are not willing themselves to be controlled.

The governor and the legislature seem determined to get across some sort of legislation this session, relative to the water problem. Let's hope it will be sound and a step in the right direction.

Some people are trying to stir up animosity between farmers and city dwellers; charging that farm people want to keep the water on the land and city people are just as anxious for it to run down the streams into their reservoirs.

Surely not many people are taking this seriously. Only in a few rare cases could any conservation practice on the land interfere perceptibly with municipal water supplies down major streams.

Distribution of water between different municipalities along a certain stream is a different matter and will require special control.

'Let Freedom Ring' Is Camp Fire Theme
Camp Fire Leaders association met Wednesday morning at the Methodist church with Mrs. Fulton, field worker.

A general discussion was held on Camp Lettoll and dates were set for Day Camp at Harold park, the week of July 18.

Camp Fire Birthday Week will start March 13, with all girls attending their churches in uniform. The ministers will recognize their Blue Birds and Camp Fire girls.

Next Friday, March 18, the girls will wear uniforms to school so they can be recognized there.

The girls will have a kick-off on their birthday week at play night, Friday, March 11, at the Fair grounds, with the sharing of their birthday cake.

Theme for the organization during the coming year will be "Let Freedom Ring." All their trips, songs and activities will be based on the freedoms of the world.

Present Wednesday were Mmes. Fulton, D. Holmes, Roy Sawyer, C. B. Smith, Hall, T. C. Compton, George Trammell, Short, H. B. Hadley.

R. A. Williams and Mmes. O. E. Lochridge, R. R. Brubaker and Homer Blalock attended the workers conference at Trinity Baptist church in Wichita Falls, Tuesday night.

Mr. and Mrs. H. O. Lochridge and sons Grant and Gary of Lubbock and Mr. and Mrs. W. C. McDonald, Butch and Leslie of Dallas visited in the Oscar Lochridge home last weekend.

Elga Ann Denny, senior at TWC in Ft. Worth, visited her parents Mr. and Mrs. Elgin Denny last weekend.

Clara Church Women Hear Bible Praised

Mrs. J. H. Kollmeyer was hostess to 25 members of the Trinity Lutheran Ladies Aid of Clara, who assembled in the parish hall for the meeting.

Mrs. Albert Brockriede, president, was in charge of the meeting, which was opened by singing a hymn followed by invocation by Rev. Kollmeyer.

Mrs. Walter Siber gave her presentation of why our Bible is the most valuable book.

During the business meeting the minutes were read and reports of committees were heard.

Mrs. Brockriede and Mrs. Edgar Siber were selected to serve as delegates to the Women's Missionary Society executive board meeting to be held March 16 at St. Paul's Lutheran church, Wichita Falls.

There was discussion on having a booth at the Texas-Oklahoma Fair to bring attention of the public to our radio program "The Lutheran Hour" and television program "This is the Life."

The meeting was adjourned with the Lord's prayer in unison.

Refreshments were served to 25 members and three guests: Mmes. W. F. Van Loh, Clarence Mings and R. M. Weaver. Members present were: Mmes. A. W. Brockriede, Albert Brockriede, Arnold Holtzen, Donald Holtzen, Walter Kasper, Arnold Kelsing, L. H. Klinkerman, Oscar Klinkerman, Marvin Klinkerman, Virgil Klinkerman, J. H. Kollmeyer, John Muller, O. W. Prechel, Walter Merslousky, H. C. Obenhaus, Della Ramming, William Ramming, Emil Schroeder, Walter Siber, Edgar Siber, C. M. Thompson, C. P. Van Loh, Minnie Van Loh; and Misses Lina Goetze and Frieda Goetze.

Next meeting will be held April 14 with Mrs. Virgil Klinkerman.

Mr. and Mrs. O. E. Lochridge returned home last week from visits in Temple, Bryan, Parr, Port Isabel and in Reynosa, N.M.

Mrs. Cecil Marquart returned home Wednesday from a visit in Longview with her sister Mrs. L. C. Holloway.

Mr. and Mrs. Son Bell and Susan of Abilene visited their parents Mr. and Mrs. L. A. Teal and Mr. and Mrs. John Bell and other relatives last weekend.

Mr. and Mrs. W. E. Price and Mr. and Mrs. Edward Williams Jr. of Austin were weekend visitors in the home of Mr. and Mrs. Homer Mulkey.

Mrs. Walter Siber gave her presentation of why our Bible is the most valuable book.

During the business meeting the minutes were read and reports of committees were heard.

"FRITOS" DO SOMETHING SPECIAL TO LENTEN DISHES

During early spring days when appetites are hearty at almost every hour and menus call for tasty, nutritious food, the family will really go for this corn chip Lenten casserole dish with a "something different" flavor.

For "Fritos" Tuna Au Gratin, use your favorite tuna, mellow mushroom soup and zesty American cheese. For a flavor difference, add crunchiness, texture-perfect "Fritos" corn chips, which provide the makings of a delicious dish that will tempt springtime appetites.

"FRITOS" TUNA AU GRATIN
(Serves 6)
1 cup condensed cream of mushroom soup (diluted with ¼ cup water)
1 cup canned tuna
2 tbsps. pimiento (chopped)
¼ tsp. onion salt
2 cups "Fritos" corn chips
1 cup grated American cheese

DIRECTIONS:
To the heated soup add tuna, pimientos and onion salt. Pour over "Fritos" and top with cheese. Serve immediately.

Baptist Women Hear Facts on Co-operative Program of Churches
The Co-operative Program was theme of the Royal Service presented Monday morning by members of the Gleaners circle of the Baptist Women's Missionary Society.

The program furnished information as to how money given to the co-operative program by churches was spent. The Iowa Park church sends 25 per cent of regular offerings to the co-operative program of the Southern Baptist Convention.

A large make-believe dollar bill showing the ways co-operative program dollars help around the world was displayed prominently during the program.

Mrs. C. P. Pace was leader for the program. The devotion "That the World May Know" was given by Mrs. Roy Crabtree.

"What Is Missions?" was introduced by Mrs. Pace and discussed by Mmes. C. P. Simmons, Hubert Tatom and J. T. Paris. Small posters on tables at which the speakers were seated conveyed the essence of the discussions.

Mrs. O. S. McLemore, concealed behind a screen, contributed the topic "The Co-operative Program Speaks," first as money, then as people and work, and finally as the Christian who gives to the program.

A covered dish luncheon was enjoyed during the noon hour.

Mrs. Homer Blalock, president of the Women's Missionary Union, directed the regular monthly business meeting, which was opened with a meditation by Mrs. Earle Denny, stewardship chairman.

Mrs. Jim Miller, young people's leader, reported on the recent YWA houseparty at Hardin - Simmons university, Abilene. Misses Janice Patterson, Loretta Britt, Clara

Verble, Barbara Tatom and Bonnie Calloway accompanied Mrs. Miller to the houseparty given by District 17. Special guests were YWA members of Districts 8 and 11.

Among seekers was Miss Bernice Taniska, a Japanese student from Hawaii. The group voted to invite her to attend the annual Mother-Daughter tea which will be an event of Mother's Day.

Mrs. Miller announced the Alcohol Workshop to be held at Lamar Baptist church in Wichita Falls this Saturday.

Mrs. O. S. McLemore and Mrs. R. R. Brubaker were named on the reviewing council for G.A.'s.

Mrs. W. G. Partney dismissed the meeting with prayer.

Mr. and Mrs. Bernie Franks of Redwood City, Calif., visited her sister Mrs. Frankie Hendrick here the first of the week.

Mr. and Mrs. W. E. McKinney visited last weekend in Marlow with her sister Mrs. Dixon Graves and Mr. Graves.

Mr. and Mrs. W. E. Price and Mr. and Mrs. Edward Williams Jr. of Austin were weekend visitors in the home of Mr. and Mrs. Homer Mulkey.

There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line . . . but they are up where they can be seen for safety's sake.

The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

Sun and Wind Are
Rough on Clothes

An Electric Dryer is Always

Gentle

Your clothes stay pretty longer when they are dried in an automatic electric clothes dryer. Tests show that brilliant sunshine and whipping winds fade and weaken fabrics . . . while warm, gentle electric drying preserves the color and life of your fabrics. And of course, an electric dryer makes wash day easier for you, too.

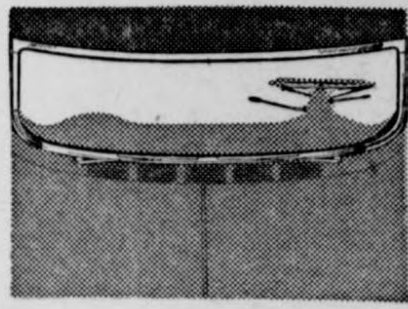

TEXAS ELECTRIC SERVICE COMPANY

Visit your favorite electric appliance store now . . . select the automatic dryer that will make your wash days easier—save your time and save your fabrics.

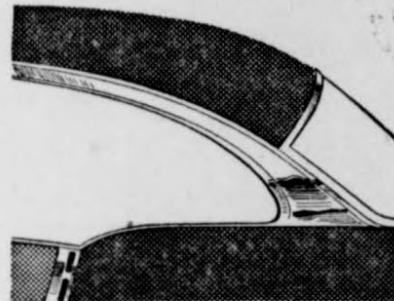

1 Visored headlights

2 Lowered High-Level air intake

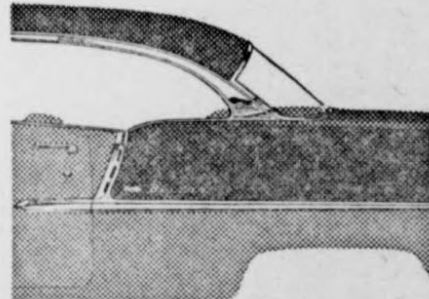

3 Sweep-Sight windshield

4 Distinctive dip in belt line

5 Fender-high taillights

6 Tasteful two-tone color styling

Noted Church Leader To Speak in Wichita

"Today's Christian and God's Tomorrow" will be the theme of Methodist churches throughout the North Texas conference for a five-day period beginning March 20.

Setting the theme and pace will be Dr. Charles W. Ranson, one of Methodist's greatest preachers. He is general secretary of the International Missionary council.

He was in Dallas last fall as the guest of Bishop William C. Martin, to speak to the men's group of the Dallas council of churches.

Ranson's preaching so inspired those who heard him he could not meet the numerous requests to fill other speaking engagements while there.

Dates established for the preaching mission are March 20 through 24. On March 23 he will be at Floral Heights Methodist church in Wichita Falls.

Mrs. Leslie B. Finnel, president of the district WSCS, and Rev. J. Daniel Barron, superintendent, urge everyone to avail himself of the opportunity to hear Dr. Ranson.

Ranson was born in Ireland in 1903. He was educated at Oxford and is an ordained Methodist minister.

He has been continuous service in the mission field since 1924.

He has been one of the key figures in the World Council of Churches since it was established in Amsterdam.

His books include "A City in Transition," "The Christian Minister in India" and "That the World Might Know."

Jimmy Sheets Due Back in States Soon

Jimmy Sheets, with the navy, will return March 17 to the States after being overseas. His wife Goldie will leave this week for California to meet Jimmy there. She plans to make her home where he will be stationed.

Mrs. Sheets has been living with her parents Mr. and Mrs. A. O. Robertson while Jimmy has been away. He is a son of Mr. and Mrs. W. G. Sheets.

Good Planning Made Schools Week Success

Public Schools Week has been well planned and attended this week in Iowa Park. Friday will be a holiday so teachers can attend the regional teachers meeting in Wichita Falls.

Arch Hughes and Albert May Jr. have served as chairmen of arrangements. They were assisted by Miss Ethyle Kidwell, James Elms and Keith D. Swim.

Attractive displays have been in various stores from the departments of school.

Demonstrations have been presented by students of Miss Helen Reed and Mrs. Lester Hawkins in art and music in the Texas Electric Service office.

Faculty and patrons have come in closer contact through visits at school and eating at the cafeteria.

1) Extension handle paint roller speeds ceiling painting. 2) It can be used on walls, too. 3) Four and spread paint for quick floor painting.

in fabric are best for latex-base paints if closely woven fabric are best for works equally well with both for faster,

Teachers to Gather in Wichita Falls for Two- Day Convention

The annual convention of District VII, Texas State Teachers association, will be held in Wichita Falls, Friday and Saturday, March 11 and 12.

Plans are nearing completion for entertainment of about 2500 educators. Committees over the district are finishing arrangements for the session, according to G. A. Reeves, director of guidance at Wichita Falls, district president.

School will be dismissed here on March 11 so faculty members and staff can participate in the convention. Schools in the 23 counties expected to be closed that day also.

Three main speakers will be featured at the convention. They are Josh Lee, former congressman from Oklahoma and presently a member of the Civil Aeronautics board in Washington, D.C.; Gene McElvaney, senior vice-president of the First National bank of Dallas; and Dr. A. D. Holt, vice-president of the University of Tennessee.

Lee will speak at the first general session Friday morning; McElvaney at the Friday night session; and Holt at the third session Saturday morning.

IT'S THE LAW . . . in Texas

TRUTH AND RELEVANCY
The tests of truth and relevancy which courts apply are stricter than those which we use in daily life. As a rule we don't put a man under oath. We don't cross-examine him if his story fails to hang together. We don't jail him if he lies to us. But we do these things in court.

Why is that? Because we think each thing that takes place in a courtroom is important. Your property, your personal or civil rights—even your family's welfare or your life or liberty—may rest upon the truth of testimony in court.

Eager as courts are for facts, their tests fall short of those of science. When a scientist doubts the outcome of an experiment, he need not rely upon somebody's word. He just repeats the experiment in question.

But not so in court. The acts told of in courts cannot be lived over again, for the court to see first-hand. For example, you cannot bring back and ask a dead man whether he signed a will or whether the accused killed a man. We cannot re-do a murder; we can only get the witnesses to tell what they know first-hand.

To protect each party, there are at least two safeguards: (1) we put the witness under oath on pain of penalties for lying; and (2) we cross-examine the witness.

Lawyers may seem always to be objecting to testimony. They have a duty to their clients and the court, to see that the jury and the judge hear only what is true and relevant under the law.

If a lawyer protests, the judge may rule out some kinds of facts and tell the jury to ignore them. Sometimes too, some facts seriously break the rules of evidence. Then the judge declares a mistrial and orders a new trial.

He does this when the testimony is so unfair as to put the rights of the accused in danger. He does this also to protect the public.

HABEAS CORPUS
Produce the body!

That in effect is what a writ of habeas corpus demands of a sheriff or jailor. That means: Bring the prisoner to court on a valid charge or turn him loose.

Habeas corpus has long been a standby of the "Who-done-it" writer, but it has been a standby for us and our liberties for a much longer time.

In old times, the king or tyrant could jail you on a whim, with no chance of a day in court. No one dared to question him.

In 1215 the English barons had taken all they could stand from King John. They demanded his written guarantee of their rights—the Magna Carta. Among their rights, they wanted the right to a day in court.

The English Petition of Rights asked for habeas corpus in 1628. It said, "No man should be put in jail or held without cause shown to which he may answer according to law."

The Habeas Corpus Act became law 51 years later.

Our national Constitution says "the privilege of the writ of habeas corpus shall not be suspended, unless when in cases of rebellion or invasion the public safety may require it."

Let's see how habeas corpus works.

Suppose a policeman arrests you and puts you in jail. You have the right to be brought to court for a hearing. In court the judge should tell you of the charges against you

and your rights to counsel and a fair trial.

But what if you don't get a hearing—in a reasonable time? Then somebody is unlawfully taking away your freedom. Consequently, your lawyer may go into court and get a writ of habeas corpus on your behalf.

The writ commands your jailor to "produce the body." Your jailor must show that he holds you lawfully or turn you loose. In court, the judge looks into the charges against you. He may hear witnesses. If he cannot find that you are held lawfully, he will order you

turned loose. If he finds cause, you then can ask for reasonable bail.

From where I sit . . . by Joe Marsh
Uses His Head Saves His Feet

Nobody around here can remember when Pop Turner wasn't our town's postman. He must have been toting that big, heavy mail-sack since Pony Express days.

That's why it's sometimes a shock to see him these days pulling his mail bag around in a "caddy cart," a sort of light wagon that golfers use so they don't have to carry their clubs.

"Folks sometimes holler 'fore' at me and ask me how my game is," Pop reports, "but I'm not ashamed to learn something new. Just wish I'd thought about these golf gadgets years ago!"

From where I sit, it's good to see someone come up with a new wrinkle—keeps us from feeling too regimented. For instance, perhaps you've always felt that hot milk is the only thing to drink at bedtime. Then someday you meet a fellow who prefers a cold glass of beer. Well, that's his choice — and certainly he's entitled to it. We can't expect everyone to follow our old habits to the "letter."

There's even more to
Chevrolet styling
than meets the eye!

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

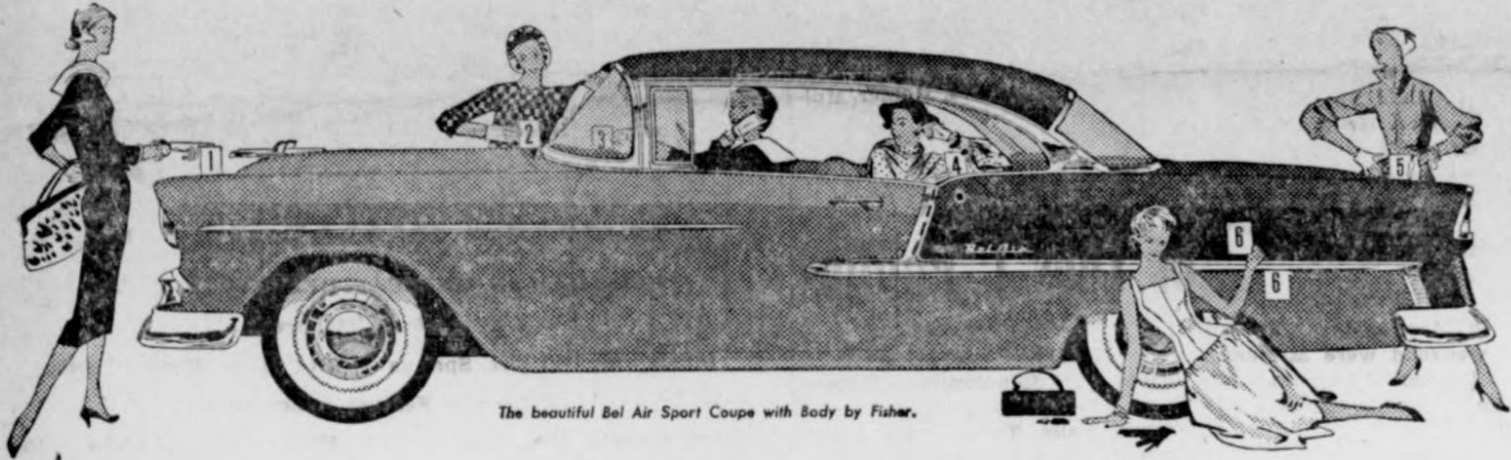

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line . . . but they are up where they can be seen for safety's sake. The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

motoramic CHEVROLET

STEALING THE THUNDER
FROM THE HIGH-PRICED CARS!

The beautiful Bel Air Sport Coupe with Body by Fisher.

Again in 1954 — for the 19th straight year — MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR!

Sun and Wind Are
Rough on Clothes

An Electric Dryer is Always

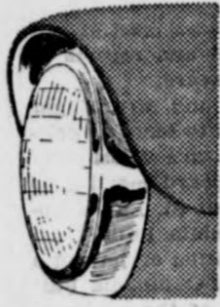

Gentle

Your clothes stay pretty longer when they are dried in an automatic electric clothes dryer. Tests show that brilliant sunshine and whipping winds fade and weaken fabrics . . . while warm, gentle electric drying preserves the color and life of your fabrics. And of course, an electric dryer makes wash days easier for you, too.

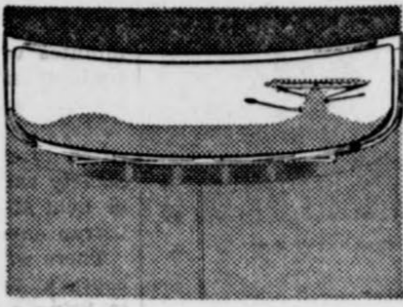

TEXAS ELECTRIC SERVICE COMPANY

Visit your favorite electric appliance store now . . . select the automatic dryer that will make your wash days easier—save your time and save your fabrics.

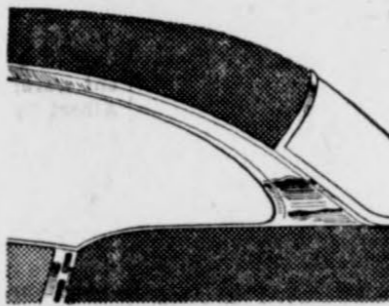

1 Visored headlights

2 Lowered High-Level air intake

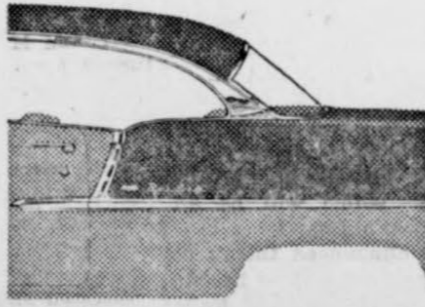

3 Sweep-Sight windshield

4 Distinctive dip in belt line

5 Fender-high taillights

6 Tasteful two-tone color styling

Noted Church Leader To Speak in Wichita

"Today's Christian and God's Tomorrow" will be the theme of Methodist churches throughout the North Texas conference for a five-day period beginning March 20. He is general secretary of the International Missionary council. He was in Dallas last fall as the guest of Bishop William C. Martin, to speak to the men's group of the Dallas council of churches. Ranson's preaching so inspired those who heard him he could not meet the numerous requests to fill other speaking engagements while there.

Dates established for the preaching mission are March 20 through 24. On March 23 he will be at Floral Heights Methodist church in Wichita Falls. Mrs. Leslie B. Fimmel, president of the district WSCS, and Rev. J. Daniel Barron, superintendent, urge everyone to avail himself of the opportunity to hear Dr. Ranson. Ranson was born in Ireland in 1903. He was educated at Oxford and is an ordained Methodist minister. He has seen continuous service in the mission field since 1924. He has been one of the key figures in the World Council of Churches since it was established in Amsterdam. His books include "A City in Transition," "The Christian Minister in India" and "That the World Might Know."

Jimmy Sheets Due Back in States Soon

Jimmy Sheets, with the navy, will return March 17 to the States after being overseas. His wife Goldie will leave this week for California to meet Jimmy there. She plans to make her home where he will be stationed. Mrs. Sheets has been living with her parents Mr. and Mrs. A. O. Robertson while Jimmy has been away. He is a son of Mr. and Mrs. W. G. Sheets.

Good Planning Made Schools Week Success

Public Schools Week has been well planned and attended this week in Iowa Park. Friday will be a holiday so teachers can attend the regional teachers meeting in Wichita Falls. Arch Hughes and Albert May jr. have served as chairmen of arrangements. They were assisted by Miss Ethyle Kidwell, James Elms and Keith D. Swim. Attractive displays have been in various stores from the departments of school. Demonstrations have been presented by students of Miss Helen Reed and Mrs. Lester Hawkins in art and music in the Texas Electric Service office. Faculty and patrons have come in closer contact through visits at school and eating at the cafeteria.

Ag Boys to Care for School's New Shrubs

Executive board of the PTA met Monday night in the home of Mrs. James Sewell, with Mmes. H. F. Pyle and Gilbert Steele as co-hostesses. Plans were completed for the Wichita-Archer Bi-county Council session to be held in the school auditorium Wednesday morning. Mrs. Steele reported that John E. Sibley and his vocational agriculture students have agreed to water and cultivate the school shrubs. Mrs. Pyle announced the local unit has 154 regular members and 10 life members. Study group topics were given by Mmes. Pyle, M. T. Archer, Sewell and D. O. James. Present but not previously mentioned were Mmes. Gibbons Brubaker, Jim Cowden, Jim Miller, Rollins Woodall, Stanley Williamson, M. J. McDonald, H. Pierce, John Williamson, John Mixon and Miss Ethyle Kidwell.

Teachers to Gather in Wichita Falls for Two-Day Convention

The annual convention of District VII, Texas State Teachers association, will be held in Wichita Falls, Friday and Saturday, March 11 and 12. Plans are nearing completion for entertainment of about 2500 educators. Committees over the district are finishing arrangements for the session, according to G. A. Reeves, director of guidance at Wichita Falls, district president.

School will be dismissed here on March 11 so faculty members and staff can participate in the convention. Schools in the 23 counties making up the Oilbelt district are expected to be closed that day also. Three main speakers will be featured at the convention. They are Josh Lee, former congressman from Oklahoma and presently a member of the Civil Aeronautics board in Washington, D.C.; Gene McElvaney, senior vice-president of the First National bank of Dallas; and Dr. A. D. Holt, vice-president of the University of Tennessee. Lee will speak at the first general session Friday morning; McElvaney at the Friday night session; and Holt at the third session Saturday morning.

IT'S THE LAW . . . in Texas

TRUTH AND RELEVANCY
The tests of truth and relevancy which courts apply are stricter than those which we use in daily life. As a rule we don't put a man under oath. We don't cross-examine him if his story fails to hang together. We don't jail him if he lies to us. But we do these things in court. Why is that? Because we think each thing that takes place in a courtroom is important. Your property, your personal or civil rights—even your family's welfare or your life or liberty—may rest upon the truth of testimony in court. Eager as courts are for facts, their tests fall short of those of science. When a scientist doubts the outcome of an experiment, he need not rely upon somebody's word. He just repeats the experiment in question. But not so in court. The acts told of in courts cannot be lived over again, for the court to see first-hand. For example, you cannot bring back and ask a dead man whether he signed a will or whether the accused killed a man. We cannot re-do a murder; we can only get the witnesses to tell what they know first-hand.

To protect each party, there are at least two safeguards: (1) we put the witness under oath on pain of penalties for lying; and (2) we cross-examine the witness. Lawyers may seem always to be objecting to testimony. They have a duty to their clients and the court, to see that the jury and the judge hear only what is true and relevant under the law. If a lawyer protests, the judge may rule out some kinds of facts and tell the jury to ignore them. Sometimes too, some facts seriously break the rules of evidence. Then the judge declares a mistrial and orders a new trial. He does this when the testimony is so unfair as to put the rights of the accused in danger. He does this also to protect the public.

HABEAS CORPUS

Produce the body!
That in effect is what a writ of habeas corpus demands of a sheriff or jailor. That means: Bring the prisoner to court on a valid charge or turn him loose. Habeas corpus has long been a standby of the "Who-done-it" writer, but it has been a standby for us and our liberties for a much longer time. In old times, the king or tyrant could jail you on a whim, with no chance of a day in court. No one dared to question him. In 1215 the English barons had taken all they could stand from King John. They demanded his written guarantee of their rights—the Magna Carta. Among their rights, they wanted the right to a day in court. The English Petition of Rights asked for habeas corpus in 1628. It said, "No man should be put in jail or held without cause shown to which he may answer according to law." The Habeas Corpus Act became law 51 years later. Our national Constitution says "the privilege of the writ of habeas corpus shall not be suspended, unless when in cases of rebellion or invasion the public safety may require it."

Let's see how habeas corpus works. Suppose a policeman arrests you and puts you in jail. You have the right to be brought to court for a hearing. In court the judge should tell you of the charges against you

and your rights to counsel and a fair trial.

But what if you don't get a hearing—in a reasonable time? Then somebody is unlawfully taking away your freedom. Consequently, your lawyer may go into court and get a writ of habeas corpus on your behalf.

The writ commands your jailor to "produce the body." Your jailor must show that he holds you lawfully or turn you loose. In court, the judge looks into the charges against you. He may hear witnesses. If he cannot find that you are held lawfully, he will order you

turned loose. If he finds cause, you then can ask for reasonable bail.

Ditchbank Meditations

by Rill Ripple

I SMELL SMOKE
As this is being written there is every indication that spring is here. Sun is shining brightly; birds are singing; buds are swelling; bees are buzzing; tractors are humming; and there is smoke in the air. You guessed it: a neighbor is burning dead grass in his field—destroying plant nutrients as well as precious organic matter.

Dr. Gray says that organic matter is what Wichita Valley soils need most. Analyses show this to be true. Crop behavior confirms it also. Tight soils need it more than sandy soils.

Organic matter in our soils comes largely from decaying plants, mainly crop residues. Seldom is burning such materials justifiable.

It is difficult to maintain sufficient organic matter in Wichita Valley soils. Decomposition goes on at a rapid rate under conditions of high temperature and ample moisture such as with summer irrigation. Every possible means of restoring and conserving organic matter in the soil is of prime importance.

PLANTING TIME
This should be about the last reminder about planting those trees, shrubs and fruit trees for this season. It is not too late if you hurry. Fruit trees are short-lived in this area but they are an asset to the home grounds, providing variety and beauty to the landscape as well as fresh fruit on occasion.

Recommended varieties of peaches, plums and apricots are most dependable. Apples and pears are susceptible to root rot and are not satisfactory.

By putting out two or three trees every year or so, it is possible to have continuous fruit production. Their blossoms always add charm to the home grounds.

If in doubt about the variety of cotton to plant this spring, it might be well to consider records of variety tests at the local Experiment Station. Lester Brooks reports the five leading varieties and their average yields for the past six years as follows:

Paymaster 54, 560 pounds of lint per acre
Stormproof 1, 486 pounds
Deltapine TPSA, 466 pounds
Northern Star, 449 pounds
Texcala No. 5455 Rogers, 440 pounds.

Stormproof 1 is recommended if there is likely to be delay in getting it harvested or if mechanical harvesters are to be used.

WATER! WATER!
Everybody is interested in water. Most everybody realizes the need of water conservation. There are many conflicting ideas of how it should be done. The problem is one of many complications.

One great trouble is that so many groups see only one side. Their interests are entirely selfish. Some go so far as to want to have control but are not willing themselves to be controlled.

The governor and the legislature seem determined to get across some sort of legislation this session, relative to the water problem. Let's hope it will be sound and a step in the right direction.

Some people are trying to stir up animosity between farmers and city dwellers; charging that farm people want to keep the water on the land and city people are just as anxious for it to run down the streams into their reservoirs.

Surely not many people are taking this seriously. Only in a few rare cases could any conservation practice on the land interfere perceptibly with municipal water supplies down major streams.

Distribution of water between different municipalities along a certain stream is a different matter and will require special control.

'Let Freedom Ring' Is Camp Fire Theme
Camp Fire Leaders association met Wednesday morning at the Methodist church with Mrs. Fulton, field worker.

A general discussion was held on Camp Letoff and dates were set for Day Camp at Harrold park, the week of July 18.

Camp Fire Birthday Week will start March 13, with all girls attending their churches in uniform. The ministers will recognize their Blue Birds and Camp Fire girls.

Next Friday, March 18, the girls will wear uniforms to school so they can be recognized there.

The girls will have a kick-off on their birthday week at play night, Friday, March 11, at the Fair grounds, with the sharing of their birthday cake.

Theme for the organization during the coming year will be "Let Freedom Ring." All their trips, songs and activities will be based on the freedoms of the world.

Present Wednesday were Mmes. Fulton, D. Holmes, Roy Sawyer, C. B. Smith, Hall, T. C. Compton, George Trammell, Short, H. E. Hadley.

R. A. Williams and Mmes. O. E. Lochridge, R. R. Brubaker and Homer Blalock attended the workers conference at Trinity Baptist church in Wichita Falls, Tuesday night.

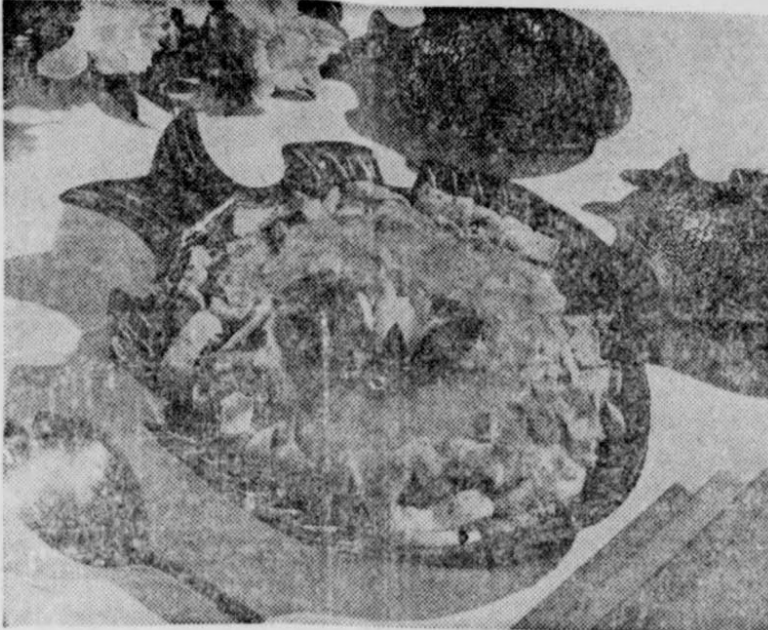

Mr. and Mrs. H. O. Lochridge and sons Grant and Gary of Lubbock and Mr. and Mrs. W. C. McDonald, Eutch and Leslie of Dallas visited in the Oscar Lochridge home last weekend.

Elga Ann Denny, senior at TWC in Ft. Worth, visited her parents Mr. and Mrs. Elgin Denny last weekend.

"FRITOS" DO SOMETHING SPECIAL TO LENTEN DISHES

During early spring days when appetites are hearty at almost every hour and menus call for tasty, nutritious food, the family will really go for this corn chip Lenten casserole dish with a "something different" flavor.

For "Fritos" Tuna Au Gratin, use your favorite tuna, mellow mushroom soup and zesty American cheese. For a flavor difference, add crunchy, texture-perfect "Fritos" corn chips, which provide the makings of a delicious dish that will tempt springtime appetites.

"FRITOS" TUNA AU GRATIN (Serves 6)

- 1 cup condensed cream of mushroom soup (diluted with ¼ cup water)
- 1 cup canned tuna
- 2 tbsps. pimiento (chopped)
- ¼ tsp. onion salt
- 2 cups "Fritos" corn chips
- 1 cup grated American cheese

DIRECTIONS:

To the heated soup add tuna, pimientos and onion salt. Pour over "Fritos" and top with cheese. Serve immediately.

Baptist Women Hear Facts on Co-operative Program of Churches

The Co-operative Program was theme of the Royal Service presented Monday morning by members of the Gleaners circle of the Baptist Women's Missionary Society.

The program furnished information as to how money given to the co-operative program by churches was spent. The Iowa Park church sends 25 per cent of regular offerings to the co-operative program of the Southern Baptist Convention.

A large make-believe dollar bill showing the ways co-operative program dollars help around the world was displayed prominently during the program.

Mrs. C. P. Pace was leader for the program. The devotion "That the World May Know" was given by Mrs. Roy Crabtree.

"What Is Missions?" was introduced by Mrs. Pace and discussed by Mmes. C. P. Simmons, Hubert Tatom and J. T. Paris. Small posters on tables at which the speakers were seated conveyed the essence of the discussions.

Mrs. O. S. McLemore, concealed behind a screen, contributed the topic "The Co-operative Program Speaks," first as money, then as people and work, and finally as the Christian who gives to the program.

A covered dish luncheon was enjoyed during the noon hour. Mrs. Homer Blalock, president of the Women's Missionary Union, directed the regular monthly business meeting, which was opened with a meditation by Mrs. Earle Denny, stewardship chairman.

Mrs. Jim Miller, young people's leader, reported on the recent YWA houseparty at Hardin - Simmons university, Abilene. Misses Janice Patterson, Loretta Britt, Clara

Verble, Barbara Tatom and Bonnie Calloway accompanied Mrs. Miller to the houseparty given by District 17. Special guests were YWA members of Districts 8 and 11.

Among seekers was Miss Bernice Taniska, a Japanese student from Hawaii. The group voted to invite her to attend the annual Mother-Daughter tea which will be an event of Mother's Day.

Mrs. Miller announced the Alcohol Workshop to be held at Lamar Baptist church in Wichita Falls this Saturday.

Mrs. O. S. McLemore and Mrs. R. R. Brubaker were named on the reviewing council for GA's.

Mrs. W. G. Partney dismissed the meeting with prayer.

Mr. and Mrs. Bernie Franks of Redwood City, Calif., visited her sister Mrs. Frankie Hendrick here the first of the week.

Mr. and Mrs. W. E. McKinley visited last weekend in Marlow with her sister Mrs. Dixon Graves and Mr. Graves.

Guests in the Buddy Tanner home last weekend were Mr. and Mrs. Hayes Walker of Lamesa and Mr. and Mrs. George Burkett of Altus, Okla.

R. J. Butts and Jimmy Medlinger went to Lake Whitney, Sunday afternoon, coming back with beautiful fish.

Maj. Ferron Kildow of Lowry Field, Colo., visited his mother Mrs. P. G. Kildow, Monday. He has orders to leave for Japan in the near future.

Weekend visitors in the D. O. James home were Mrs. S. L. Hansard of Wichita Falls; Mrs. Dale Hansard of Pratt, Kans.; Mrs. Ted Darland of Grandfield, Okla.; Mr. and Mrs. T. J. Horn, Mike and Pam of Nocona.

Clara Church Women Hear Bible Praised

Mrs. J. H. Kollmeyer was hostess to 25 members of the Trinity Lutheran Ladies Aid of Clara, who assembled in the parish hall for the meeting.

Mrs. Albert Brockriede, president, was in charge of the meeting, which was opened by singing a hymn followed by invocation by Rev. Kollmeyer.

Mrs. Walter Siber gave her presentation of why our Bible is the most valuable book.

During the business meeting the minutes were read and reports of committees were heard.

Mrs. Brockriede and Mrs. Edgar Siber were selected to serve as delegates to the Women's Missionary Society executive board meeting to be held March 16 at St. Paul's Lutheran church, Wichita Falls.

There was discussion on having a booth at the Texas-Oklahoma Fair to bring attention of the public to our radio program "The Lutheran Hour" and television program "This Is the Life."

The meeting was adjourned with the Lord's prayer in unison.

Refreshments were served to 25 members and three guests: Mmes. W. F. Van Loh, Clarence Mings and R. M. Weaver. Members present were: Mmes. A. W. Brockriede, Albert Brockriede, Arnold Holtzen, Donald Holtzen, Walter Kasper, Arnold Keisling, L. H. Klinkerman, Oscar Klinkerman, Marvin Klinkerman, Virgil Klinkerman, J. H. Kollmeyer, John Muller, O. W. Prechel, Walter Mersiousky, H. C. Obenhaus, Della Ramming, William Ramming, Emil Schroeder, Walter Siber, Edgar Siber, C. M. Thompson, C. P. Van Loh, Minnie Van Loh; and Misses Lina Goetze and Frieda Goetze.

Next meeting will be held April 14 with Mrs. Virgil Klinkerman.

Mr. and Mrs. O. E. Lochridge returned home last week from visits in Temple, Bryan, Parr, Fort Isabel and in Reynosa, N.M.

Mrs. Cecil Marquart returned home Wednesday from a visit in Longview with her sister Mrs. L. C. Holloway.

Mr. and Mrs. Son Bell and Susan of Abilene visited their parents Mr. and Mrs. L. A. Teal and Mr. and Mrs. John Bell and other relatives last weekend.

Mr. and Mrs. W. E. Price and Mr. and Mrs. Edward Williams Jr. of Austin were weekend visitors in the home of Mr. and Mrs. Homer Mulkey.
