DR. EARL WATSON  
580 W. OLARA  
IOWA PARK, TEXAS

**IOWA PARK LEADER**

VOL. VIII NO. 48 THURSDAY, AUGUST 11, 1977 IOWA PARK, WICHITA COUNTY, TEXAS 76367 15 CENTS

# New school budget exceeds \$3-million

Preliminary indications are that there will be no change in school taxes for the Iowa Park Consolidated Independent School District for the coming year, but a final decision on the new budget will not be made until next Thursday, at which time the board of trustees will hold its required public budget hearing.

That was one of numerous time-consuming topics on Tuesday's meeting agenda, from which the trustees did not emerge until shortly after 2 a.m. Wednesday.

Explaining that the income was figured on the low side and expenditures on the high side, Cowley told board members the district was "in extremely good shape."

Some of the major increases in expense, Cowley explained, were \$125,180 in utilities, up \$35,000 over last year, and salaries up to the tune

of \$130,000 over last year.

All the figures include the costs and revenues of the West Wichita Cooperative, which includes the Plan A programs here as well as Holliday, Electra and City View. Iowa Park is the fiscal agent for the Coop.

Next Thursday's budget hearing will begin at 7:30 p.m. in the school

Continued on page 5.

## Former resident charged in thefts

Felony theft charges have been filed in Vernon against six men including former Iowa Park resident Dr. Paul Parkey involving the alleged theft of more than 200 cattle in Texas and New Mexico.

Parkey, an Iowa Park High School graduate and partner in a Vernon medical clinic, and Darrell R. Thedford, who operates pharmacy outlets in Vernon, Crowell and Quanah, each was charged on six counts of theft over \$200.

Also charged with theft over \$200 were cattle truck operators Frank K. Simmons of Keller, William Davis Lewis of Greely, Colo., and Ronnie Sessums and Jerry Malone, both of Fort Worth.

Multiple charges listed by Dist. Atty. Gene Heatly of Vernon

included:

-Parkey, Thedford and the four truck drivers in theft of 200 cattle from near Clovis, N.M., on March 19, 1977.

-Parkey, Thedford and the four truck drivers in the theft of 63 cattle from Booker on March 1, 1977.

-Parkey, Thedford, Simmons and Lewis in theft of a 20-foot gooseneck stock trailer from Gainesville on Jan. 24, 1977.

-Parkey, Thedford, Simmons and Lewis in theft of 21 cattle from Gainesville on Jan. 24, 1977.

-Parkey, Thedford, Simmons and Lewis in theft of a horse trailer from Bedford on Dec. 30, 1976.

-Parkey, Thedford, Simmons and Lewis in theft of 13 cattle from Dublin on Dec. 30, 1976.

-Simmons and Lewis in theft of

pickup truck from Carrollton on Feb. 2, 1977.

The charges resulted from investigations begun in March when stolen cattle were located in Wilbarger County.

There were reports in March that some of the cattle had been delivered and worked at stock pens outside Iowa Park, then transferred to locations in Wilbarger and Tillman counties.

Healy said the Wilbarger County Grand Jury is slated to convene at 9 a.m. Friday for the purpose of returning indictments.

The district attorney said that under law receiving stolen property in Texas is the same as theft. It was on that basis that the charges were filed, Healy said.

**HARD WAY to take it easy is demonstrated by candidates for the 1977 Hawk football team during neck exercises. Coach Pat Toms said he had 96 athletes show up Monday for the start of two-a-day practices. Players will be allowed to put on pads for the first time Friday, and they travel to Grapevine the following Friday for their first pre-season scrimmage.**

## City to intervene in rural rate case

Working from a short, two-item agenda Monday evening, the Iowa Park city council took little time to join with other cities served by Texas Electric Service Company in intervening on the utility's rural rate case before the Public Utility Commission.

The topic was discussed at the council's last meeting, and after receiving information from the Texas Municipal League about costs, voted to participate.

TESCO's rural rate case is to be heard by the Utility Commission in Austin, and it is felt that action in the case could have a bearing on the current rate increase proposal recently made system-wide by the company.

According to the TML, the cost to Iowa Park would be 10 cents per resident, using the 1970 census, or \$579. TML also said the money would be refunded by TESCO, but charged to customers over a three-year period.

The only other item on the agenda

concerned insurance coverage on buildings, equipment and members of the Volunteer Fire Department.

Aldermen took no action when it was found numerous questions about coverage were needed from the two companies serving the city, Iowa Park Insurance and R.W. Hill Insurance.

City Administrator Gene Britton also told of a retirement program for volunteer firemen which was passed by the state legislature during the past session. He said there was little information on it available, and since it was optional and would greatly increase costs to the city, the council might want to delay a decision until the next meeting.

He and Supt. Faris Nowell explained to the trustees that the additional monies being provided by the state after the new education bill was passed looked good, but on the other hand the state had built in pay raises and other costs which pretty well took care of the new money.

The preliminary income for the year was estimated at \$3,064,096. Though this is about \$7,000 under estimated expenditures, Cowley pointed out the past year had a \$27,537 deficit budgeted and the

### AGAINST MISSING GRAINMAN

## Second insurance company files suit to void policy

A second insurance company has filed suit against missing Iowa Park grain dealer Bobby Johnson, this one asking that its \$2.4-million life insurance policy with Johnson be declared void.

About two weeks ago another insurance firm asked the courts to rule void a \$1-million life insurance policy on the missing man.

Both insurance companies claim in their suits that Johnson planned a fake death.

The Iowa Park man allegedly fell off a fishing boat and drowned Jan. 3 in the Gulf of Mexico, however, authorities have not recovered a body. There have been reports Johnson is alive and is evading arrest through plastic surgery. He is wanted on federal charges of interstate transportation of stolen grain.

The latest insurance suit was filed in 30th District Court by Occidental Life Insurance Co. of California.

The suit claims Johnson intentionally and deliberately planned and contemplated a fake "death" to collect insurance proceeds through beneficiaries.

Occidental's suit said Johnson was issued 10 separate life insurance policies on April 8 and 9, 1976.

With eight of Johnson's relatives and Robert Johnson Grain and

Molasses Co. listed as beneficiaries, the suit said its insurance policies on Johnson total \$2,475,000.

The suit states Johnson's wife, Anita, was named beneficiary of two policies totaling \$1,350,000, and Johnson's brother, H.C., was named beneficiary of a \$250,000 policy.

According to the suit, other relatives listed as beneficiaries include Johnson's father, David Henry; brothers, Douglas R. and Darrell; nephew, Steven Ray; sister, Lajuana Vanek; and father and mother-in-law, Ernest and Willie Murphy.

Robert Johnson Grain and Molasses Co. also is beneficiary of a \$650,000 life insurance policy, the Occidental suit states.

Beneficiaries also are named as defendants in the suit.

James Dugger, court appointed receiver in involuntary bankruptcy proceedings against Johnson, was

named a defendant because he is "a necessary party to this action," the suit said.

Johnson applied for life insurance with Occidental on Feb. 4, 1976 and made a false promise to discontinue policies with other companies, the suit states.

Because Johnson misrepresented himself in applying for life insurance, the suit said the policies would not have been approved had the company known the truth.

Three youths from Iowa Park and Holliday were injured Sunday when their vehicle overturned about a mile south of the Wichita River bridge on FM 368.

Treated and released from Wichita General Hospital were Ricky

Occidental said in order to do equity, it would return \$13,773 in premiums it had received from Johnson and/or his representatives.

About two weeks ago American General Life Insurance filed a similar suit asking its \$1-million life insurance policy with Johnson be declared "null and void."

It too claims Johnson deliberately planned and contemplated a fake death for the purpose of collecting insurance proceeds.

Berryman, 18, of Iowa Park, and Jo Ann Parker, 17, and Robby Parker, 15, both of Holliday.

The mishap occurred about 12:45 p.m. Sunday when their vehicle overturned after running off the road near a narrow bridge about a mile south of the Wichita River on FM 368.

## Three injured in accident

## Leader receives awards from press group

**MORE AWARDS FOR THE LEADER**  
...Editor Lewis Simmons shows them off.

The Iowa Park Leader received three first-place awards Saturday at the annual summer convention of the West Texas Press Association, held in Midland.

Included were awards for general excellence, editorials and column writing.

Competition for general excellence was broken down into four categories: weeklies in communities under 3,000 population, weeklies in communities over 3,000 population, semi-weeklies and dailies.

The Leader was entered in the division for weeklies in communities over 3,000 population. Second place went to the Haskell Free Press and third place to the Hamlin Herald. Other winners of general excellence awards were the Big Spring Herald, Crosbyton Review and Plainview Reporter.

The only divisions of competition in

column writing and editorial writing were for weeklies and semi-weeklies, and dailies.

The Slaton Slatonite placed second to the Leader in column writing with the Levelland Surveyor placing second and the Plainview Reporter - News receiving honorable mention.

In the weekly and semi-weekly division for editorial writing, the Rotan Advance placed second and Breckenridge American third.

The judge's comments on the Leader's entries in general excellence: "Looks good, seems to do a good job of covering the community. Page one a bit cluttered, but still has emphasis, impact. Writing generally good; I particularly like feature on cripple girl. Also like the fact that you weren't afraid to run a story on what's happening at the paper. Some good use of art; why not more and bigger page one art?"

Doing the judging in that category

were John Anderson and Jay Brakefield of the Corpus Christi Caller-Times.

About Editor Bob Hamilton's column "As I See It", Bronson Havard of the Dallas Times Herald editorial staff who judged the contest, said: "Straight-forward commentary on a common abuse of tax funds by politicians which rarely gets pointed out by 'hometown' newspapers. A good example of watchdog journalism which might even be called courageous in a small town. Well-written and documented."

Mike Kingston of the Dallas Morning News, who judged the editorial writing, said of the editorials written by Leader editor Lewis Simmons: "Handled two local editorials soundly, both pointing out problems and either offering solutions or setting out sound reasons to oppose the solutions offered by city council."

The only other newspaper to receive more awards in the WTPA better newspaper contest was the Big Spring Herald, which also received the Community Service Award which is sponsored by the West Texas Chamber of Commerce.

In making the presentation, Hamilton, representing the Chamber as chairman of the information committee, pointed out that Big Spring Publisher J. Tom Graham and the Herald had printed more than 300 articles, editorials and pictures to both fight the closing of Webb Air Force Base, and after losing that fight, pointing out the benefits of industry locating at the closed base facility.

Bill Comedy of Haskell was elected president of the WTPA, Terry Neill of Stanton first vice president and Larry Crabtree of Vernon second vice president.

## Blalock-Salisbury nuptials solemnized in Butte, Alaska

The impressive solemnity of a small church wedding was particularly noted in the ceremony officiated Friday evening, August 5, in the picturesque First Baptist Church at Butte, Alaska, nestled between the Chugach and Talkeetna Mountain ranges, to unite Miss Judy Karen Blalock and Jeffrey Walter Salisbury.

The Rev. Tom Pitman of Palmer directed the impressive exchange of matrimonial vows, written by the bride and groom, to unite the daughter of Mr. and Mrs. James Keith Blalock of Palmer, former residents of Iowa Park, and the son of Mr. and Mrs. Greg Salisbury of Helena, Montana. The bride is the granddaughter of Mrs. Homer Blalock of Iowa Park and the late Mr. Blalock.

The solemnity of the occasion was enhanced by the tasteful simplicity of decorations which were spotlighted with branched candelabra in gold entwined with leather leaf and accented with white silk bows holding tall white candles to provide the candlelight setting. Additional decorative interest was furnished by the bride's anniversary candle given to her by her paternal grandparents when she was a baby. The candle centered an arrangement of white carnations and ice blue baby's breath on the piano. Miss Kyla Turner lighted the candles preceding the ceremony.

The musical setting for the wedding was provided by Miss Sandy Sloan, pianist. Her prelude selections included "More", "Close to You", "One Hand,

One Heart", "Love Theme from Romeo and Juliet", "Laura's Theme" by Maurice Jarre, "Amazing Grace" and "You'll Never Walk Alone" by Rogers and Hammerstein. For the processional and recessional she played "The Homecoming" by Hagood Hardy.

A meaningful part of the ceremony was the reading of a poem "The Art of Living" by Emerson, read by the maid of honor preceding the benediction by the groom's brother.

The bride was escorted to the altar by her father who presented her in marriage for both parents. Tradition and beauty were artfully intermingled in her formal gown of white Qiana chosen for that special day in her life. Designed by the bride and her mother, the features that accentuated its beauty were the V-neckline, high fitted midriff, graceful angel wing sleeves and flared skirt that drifted into a chapel train.

The loveliness of the gown was enhanced at the midriff with a scroll work pattern of ice blue oval-shaped pearls romantically touched with the gems in a daisy-centered double ring design in front. The beaded scroll work was repeated on the border of the sleeves.

The bride complemented her gown by wearing a Chantilly lace-bordered fingertip illusion veil that floated from a Juliet cap of lace. She carried three long stemmed white sweetheart roses accented with ice blue baby's breath and dark blue streamers.

In observing the bridal tradition of wearing "something old and borrowed", she

selected her mother's white gold baby locket. Adding the "something blue", she wore a fancy garter, a gift from Mr. and Mrs. John Fecher in Iowa Park. She slipped two pennies in her shoe, one dated the year of her birth and the other the year of the groom's birth.

Miss Redina Berscheid of Billings, Montana, participated in the wedding as maid of honor and Miss Kim Blalock, sister of the bride, was bridesmaid. They were gowned in identical floor length crepe dresses, except for color. Miss Berscheid wore ice blue and Miss Blalock wore a darker shade of blue. The gowns featured fitted bodices with V-necklines, high fitted shaped-midribs, butterfly sleeves and modified A-line skirts. The beauty of the frocks was emphasized in white pearl scroll work on the midribs. They wore wristlet corsages consisting of white baby roses and gypsophila.

The candlelighter was gowned like the maid of honor.

The groom wore an ice blue suit and a white rose boutonniere. He was attended by his brother, Jim Salisbury of Helena, Montana as best man. Ronald and Kelly Blalock, brothers of the bride, served as ushers.

For her daughter's wedding, Mrs. Blalock wore a floor length emerald green Qiana gown styled with a collared V-neckline, angel wing sleeves, complimenting it with a corsage of white gardenias.

The bride's parents honored the newlyweds at a postnuptial reception held at Settlers Bay Inn at Wasilla

where a host of friends attended.

Michael Blalock, nephew of the bride, directed signatures of the guests at a white linen-covered table appointed with the anniversary candle arrangement used at the church.

Perfect detail was accomplished in the designing of

the bride's table where appointments brought out the richness of the exquisite cloth featuring alternating squares of white lace and linen over ice blue satin.

The bride's cake that centered the table clearly dominated decorations and will forever be a vivid part of wedding memories for the bride and groom. A

distinctive look was achieved by four heart-shaped cakes forming the base for two round tiers separated with cherub dividers. The confection was decorated with shell borders, delicate dropwork and ice blue roses in dramatic patterns of icing.

A note of sentiment was further observed in the top ornament for the cake, the same one that was used on the bride's parents wedding cake twenty-eight years ago, and artistically retouched by her mother to fit into the scheme for her daughter's wedding. An attractive bride and groom were hand-painted to have features and wedding attire like the newlyweds. They stood on a flowery dais under an arch accented with ice blue lilies of the valley, pearls and illusion from the bride's veil.

The crystal punch service, ice blue and white mints made by the bride and dainty wedding napkins completed the decor.

The groom's chocolate cake was served with coffee and tea from gold services.

Reception assistants were Miss Inez Sorenson of Dillingham, Alaska, Miss Laura Melton, Mrs. Lee Turner and Mrs. Jim Ead.

A barbecue supper hosted by the betrothed couple was held Thursday evening at Williams Lodge at Lake Wasilla following rehearsal for the wedding. During the evening the couple presented their attendants with gifts appropriate for the occasion.

Following the reception, the couple departed on their wedding trip, traveling down the Alaskan Marine Highway enroute to Helena, Montana where they will be honored at a reception given by the groom's parents. The new Mrs. Salisbury traveled in a jersey print peasant dress with a low neck, long sleeves and a wrap around belt that tied in a bow at the front.

The couple plan to host an outdoor barbecue at Marysville, Montana for their college friends.

The bride was graduated from Palmer High School and received a business education degree from Montana State University at Bozeman. She was the reigning Miss Matanuska Valley for 1976 and first runner-up in the 1976 Miss Alaska Pageant.

The groom is a student at Montana State University where he is majoring in industrial arts. He was graduated from Helena High School. Both will enter MSU this fall and the bride will study for a degree in elementary education while he continues work on his degree.

Out-of-town guests were Mrs. Homer Blalock of Iowa Park, grandmother of the bride, Mr. and Mrs. Walter Brisbin of Fairbanks, uncle and aunt of the groom, Tom Weiss of Helena, Montana and Craig Olson of Missoula, Montana.

MRS. RICKY EARL FRAZIER

## Daymude-Frazier wedding held here

The backyard of Mr. and Mrs. Clinton GERAL Frazier of 604 S. Park was the scene Saturday night of the wedding of Miss Vicki Gayle Daymude and Ricky Earl Frazier.

The bride is daughter of Mr. and Mrs. Herman Daymude of 204 Hope Lane, and the groom is son of Mr. and Mrs. Clinton GERAL Frazier.

Rev. W.A. Likin, retired pastor of the United Pentecostal Church, officiated at the double-ring ceremony.

With orchid and white as the predominant colors, the natural wedding scene was accented with an archway decorated with white wedding bells and white and orchid streamers.

The bride was presented at the ceremony by her father. She was attired in a long white satin dress with a full length veil.

The bridal bouquet was composed of orchid and white carnations, baby's breath and purple and white streamers.

Sister of the bride, Mrs. GERAL D. Frazier of 1309 Westridge, served as matron of honor. Her gown of deep lavender double knit was enhanced by a solitary lavender rose with white and lavender streamers.

Following tradition, the

bride carried a Bible for "something old," and her "something new" was a blue handkerchief. The wedding gown of Mrs. Greg Hastings served as "something borrowed," and her garter was "something blue."

Geral D. Frazier, brother of the groom, served as best man.

The Frazier's backyard doubled as the scene for the reception hosted by the bride's parents.

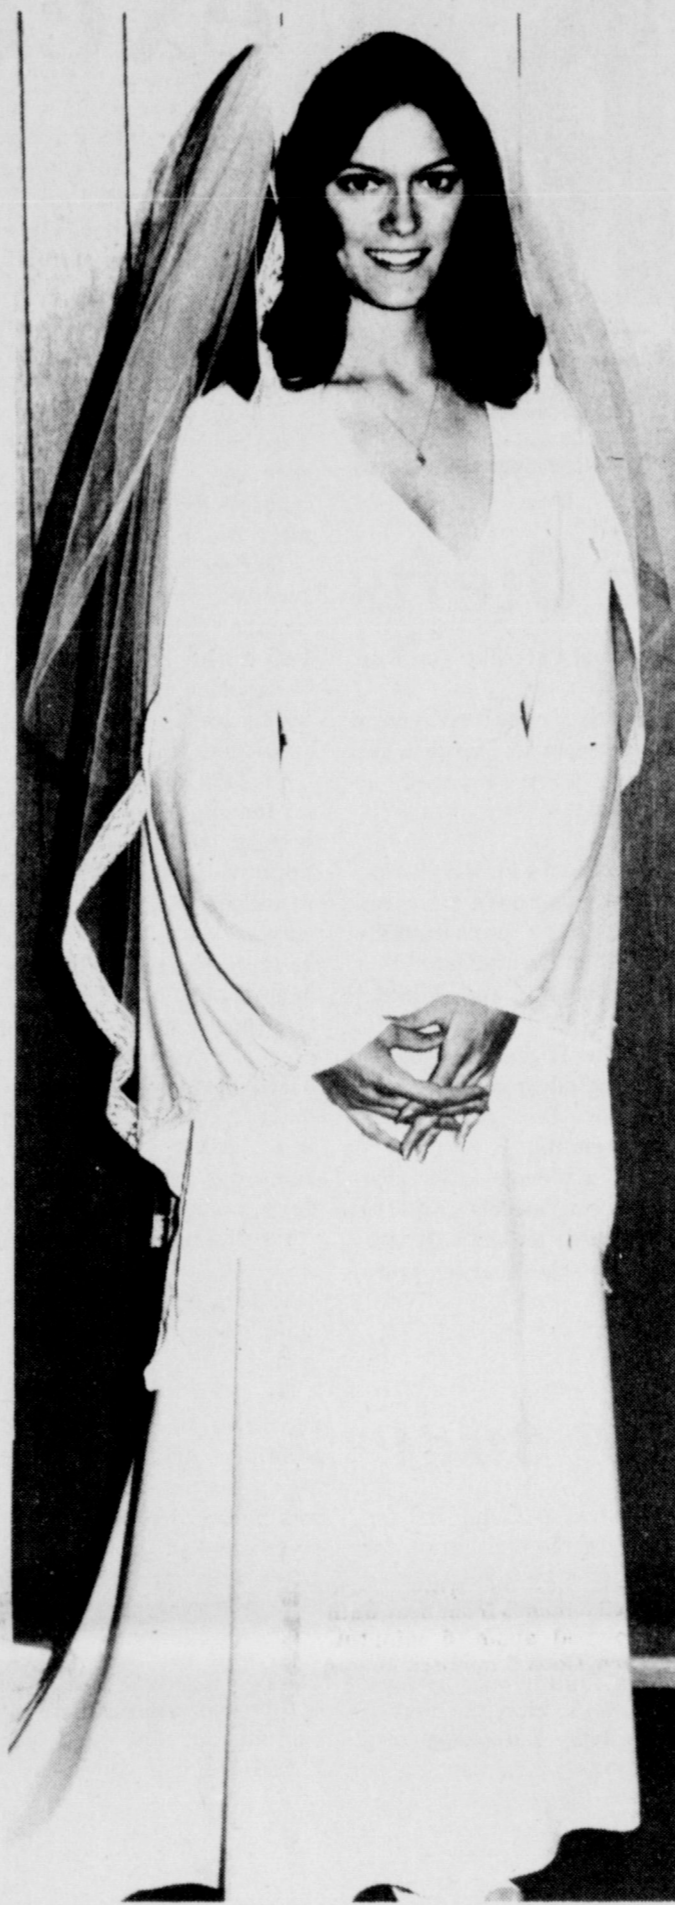

A bride and groom and orchid roses decorated the three-tier wedding cake which was set on a white wedding table cloth with orchid streamers and candles. A mixed bouquet of spring flowers completed the scene.

Mrs. Charles Galliton and Mrs. Roy Hutson presided at the cake. Miss Nancy June Frazier, sister of the groom, was assigned to register guests in the bridal book.

For the newly married couple's trip to Bowie, the bride wore a blue, street length dress and white shoes.

The bride was graduated from Iowa Park High School and is employed at Winn's in Wichita Falls.

The groom will be a senior at Iowa Park High School and works at H&S Food Store here.

MRS. JEFFERY SALISBURY

## Faith Baptist youths have camp, rockathon

The youth of Faith Baptist Church have busied themselves recently by attending an encampment at Chapparril and also holding a 24-hour Rockathon fund raising.

Ten from the church were among 237 from the surrounding area at the camp Aug. 1-5, making it the largest group to attend the facility at one time since its construction.

Those attending were Tim Adcock, Karen Arrington, Valerie Black, Tom Casey, counselor, Russ Halley, Wayne Hodges, Cindy Lyles, Denise Melchiori, Jeff Tigrett and Stan Watson.

The Rockathon, held July 30 at the church, raised \$350 for the Youth Fund. Fourteen participants were sponsored in the all-day event.

Tom Casey has taken over as interim youth director and has organized several activities for the youth this

summer, such as the Rockathon.

Those participating were Karen and Paul Arrington, Denise and Joann Melchiori, Jamie Gilmore, Lori Dick, Mark Clark, David Morton, Marla McWilliams, Susan Harper, Mike Davis, Tim Adcock, Bobby Jaggar and Casey.

## Puppet show is entertainment

Forty members of the Friendly Door were entertained Monday with a puppet show, presented by Cherie Miller and Little Millers.

Friday, members will be served a special meal, and Monday a Social Security representative will be here to answer questions the members might want to ask.

Horseshoes, shuffleboard, dominos and 42 are played every day.

# Cook of the Week

Jean (Mrs. A.W.) Watts does not have to worry about having to climax meals for her family with a grand dessert because she and her husband are the only ones at home and neither one has a sweet tooth.

She has included two low calorie recipes and updated recipes for chowder, ham and cucumbers, foods that have been a part of people's diets for many, many years.

On the coast of France, fishermen cook their soups and stews in a large cauldron called a "chaudiere" and that is where our word chowder comes from. A booklet "Facts About Ham" states that people have been enjoying ham since 7,000 B.C. and cucumbers were eaten by ancient Chinese and Romans. One Roman emperor is reputed to have had them on his table every day.

Mrs. Watts has lived in Iowa Park five years. She attended school in Dickens and Foard counties and took her GED test at Midwestern State University for her high school diploma.

Her husband, who is retired from the Air Force, works for L&L Producing. They have one daughter, Mrs. Don Johnson of San Antonio.

Mrs. Watts is treasurer of the American Legion Auxiliary. She helps with the recreation at Wood Convalescent Center each Tuesday morning. She enjoys gardening, sewing and fishing.

## CLAM CHOWDER (New England Style)

1 quart clams with liquor  
1/4 lb. salt pork, diced  
2 quarts water  
5 medium-sized potatoes, cubed  
1 medium-sized onion, chopped  
2 cups milk  
1 T butter  
Salt and pepper

Discard tough part of clam stomach and neck. Chop remaining part. Fry salt pork and remove pork. Add water, clam liquor, potatoes and onions to fat. Cook 15 minutes; add clams. Cook until clams and potatoes are tender. Add milk and butter; heat through but do not boil. Add salt pork and

Mrs. A.W. Watts

season to taste. Canned clams and broth may be used in the recipe. Serves 8.

## CREAMED HAM

3 T butter or margarine  
3 T flour  
1 1/2 cups milk  
2 cups diced cooked ham  
1 T chopped parsley  
1 t Worcestershire sauce  
Melt butter, blend in flour. Gradually add milk. Cook and stir until mixture thickens. Add remaining ingredients. Heat thoroughly about 5 minutes. Serve over toast.

## CUCUMBER CREAM SALAD

1-3 oz. pkg. lemon gelatin  
1 t salt  
1 cup hot water  
1 to 2 T vinegar  
1 t grated onion  
1 cup sour cream  
1 cup drained, finely chopped cucumbers  
Mayonnaise  
Salad greens  
Dissolve gelatin and salt in hot water; add vinegar

and onion. Refrigerate until syrupy, then heat in sour cream, 1/4 cup mayonnaise and cucumber. Put into molds and refrigerate until firm. Unmold on salad greens, top with mayonnaise.

## SCALLOPED POTATOES

1 1/4 quarts raw potatoes, sliced very thin  
2 1/2 T flour  
1 1/4 t salt  
Few grains pepper  
2 1/4 T butter or margarine  
2 1/2 cups milk  
Spread about one-third of the potatoes in loose, overlapping fashion in greased baking dish, about 2 1/4 qt. capacity. Sprinkle with one half the flour, salt and pepper. Dot with 1 T butter cut in small bits.  
Repeat with another layer of potatoes, flour, salt, pepper and butter. Cover with remaining potatoes and dot with remaining butter. Pour milk over top.  
Cover and bake in 375° oven about 30 minutes.

Uncover and bake 20 to 40 minutes longer or until potatoes are tender. Serves 6.

## BASIC FRENCH DRESSING

3/4 cup corn oil  
1/4 cup white vinegar  
1 t salt  
1 t sugar  
1 t paprika  
1/2 t dry mustard  
Dash cayenne pepper

Combine all ingredients in pint jar. Shake vigorously until thoroughly mixed. Store in refrigerator. Shake well before using. Makes one cup.

## BLENDER MAYONNAISE

1/3 cup Egg Beaters  
3/4 t salt  
1/2 t dry mustard  
1/4 t paprika  
1/2 t sugar  
2 T white vinegar  
1 cup corn oil

Combine Egg Beaters, spices, sugar, vinegar and 1/2 cup oil in blender container. Cover and whirl on mid-high speed just until blended. Without turning off blender, slowly pour remaining 1/2 cup oil in a fine stream. If necessary, use spatula to keep mixture flowing to blades. Makes 1 1/2 cups.

## SALISBURY STEAK FOR TWO

1 egg  
1/4 cup milk  
1/4 cup fine dry bread crumbs  
1 envelope (3/4 oz.) brown gravy mix  
1 t instant minced onion  
1/2 lb. ground beef  
1/4 cup water  
1 t prepared yellow mustard

Combine egg, milk, bread crumbs, 1 T brown gravy mix and onion in small bowl. Add ground beef and mix lightly. Shape into a 1-inch thick loaf on broiler pan. Broil 3 inches from heat until browned about 5 minutes. Turn. Cook 5 minutes longer or until done.

Combine remaining contents of gravy mix envelope with water and mustard in small saucepan, bring to a boil, stirring occasionally. Slice meat and serve with gravy. Serves two.

## Band Boosters slate project

At their first general meeting of the new year, the Hawk Band Booster Club Tuesday evening decided to hold a garage sale as a fund-raising project.

The sale, set for Aug. 19-20, will be held at the home of Jerry Padgett, club president, 712 Cornelia. Donations of clean, usable items may be delivered to that address, or a call to 592-5665 will have a worker pick them up.

Memberships in the Boosters are now available for \$2 per person or \$3 per family. Meetings are held the first Tuesday of each month, in the high school band hall.

## Cheerleaders attend school

Students from Iowa Park High School attended the East Texas State University Cheerleader Camp in Commerce last week.

The camp, conducted by ETSU's Department of Music, included 325 students from junior and senior high schools in the northeast Texas area. Instruction was provided by staff members from the Universal Cheerleading Association of Memphis, Tenn.

The students attending the camp from Iowa Park were Pennie Baker, Wendy Baston, Cathy Cosstick, Suzanne Davis, Maria McCord, Belinda Price and Trish Roberts.

## Yearbook party slated Monday

The 1977 edition of The Hawk, yearbook for Iowa Park High School, will be distributed between 7 and 9 p.m. Monday in the school cafeteria, according to Holly Burrell.

Those who are unable to bring their receipts, she said. Those picking up books for someone else will be required to have in their possession the receipt of written permission from the purchaser.

Those attending Monday should use the entrance to the gymnasium hallway.

### Carl C. Bowman

Services were last Friday in the First Baptist Church of Holliday for Carl C. Bowman, 69, of Holliday, who died last Wednesday in a Wichita Falls hospital.

Rev. Lawrence Cox, pastor of Highland Heights Baptist Church in Wichita Falls, officiated. Burial was in Holliday Cemetery.

A retired oil field pumper, Bowman was born Nov. 28, 1907 at Russett, Okla. He had been a Holliday resident 35 years.

He married Lucille Gray on July 31, 1926 at Marlow, Okla.

Survivors include his wife; three daughters, Mrs. Helen Gilbert of Wichita Falls, Mrs. Joyce Bland of Forney and Mrs. Nilda Dearing of Cove, Ark.; a son, J.W. of Silsbee; a brother, Horace of Wichita Falls; seven sisters, Mrs. Opal Cowan and Mrs. Ruby Crawford, both of Bray, Okla., Mrs. Hattie Reese of Byers, Mrs. Lois Riddle and Mrs. Johnnie Mae Shortridge, both of Wichita Falls, Mrs. Wilma Pryor of Marlow, Okla., Mrs. Edna Faye Dillon of Duncan, Okla.; and six grandchildren.

### Odys Dalrymple

Funeral was Tuesday afternoon at Tanner-Aulds Funeral Home for Odys Dalrymple, 30, who was killed last Friday in an automobile accident at Derry, N.H.

Chaplain J.D. Payne of the Naval Reserve officiated. Military graveside services and burial was at Highland Cemetery.

Personnel stationed with the Naval Reserve in Wichita Falls were pallbearers.

A 1964 graduate of Iowa Park High School, Dalrymple had been in the Navy six years. He was born Sept. 15, 1946 at Childress.

Dalrymple was stationed at the U.S. Naval Reserve Center at Manchester, N.H.

Survivors include his wife, Beth, and mother, Mrs. Sidney Dalrymple, both of Iowa Park; two sisters, Mrs. Mary Jo MacKenzie of Los Angeles, Calif., and Mrs. Ruby Duncan of Colorado Springs, Colo.; and two brothers, John of Wichita Falls and James of McAllen.

### Birk Circle has meeting

Members of the Lucy Birk Circle of the Presbyterian Church met Tuesday at the home of Mrs. C.E. Birk.

The denominational emphasis was given by Mrs. Luther Shelton, and Miss Titia Belle Blanks taught a Bible lesson entitled "There Is No Partiality with Him."

At noon the group ate at the Friendly Door, and then returned to Mrs. Birk's where they celebrated the birthday of Mrs. John Clapp Sr.

Others attending were Mrs. E.B. Compton, Alicia and Stephanie.

### Picnic, dance set

Members of the Red River Square and Round Dance Association are having their annual picnic and dance Saturday at Lucy Park in Wichita Falls.

The picnic will start at 6:30 p.m. with the dance following at 8, with RRVA Callers Association calling.

**SPEC. 4 VERNON HENDERSON**, son of Roy Henderson of Iowa Park, recently received three letters of commendation as result of an inspection by the Nuclear Surety Inspection team of the Defense Nuclear Agency. Henderson, now stationed in Germany, is an electronic missile expert.

### Volunteer coordinator to receive recognition

Sandra Collier of Iowa Park will be among 20 individuals and organizations in Wichita County honored Friday for their efforts in providing free swine flu immunization clinics last fall.

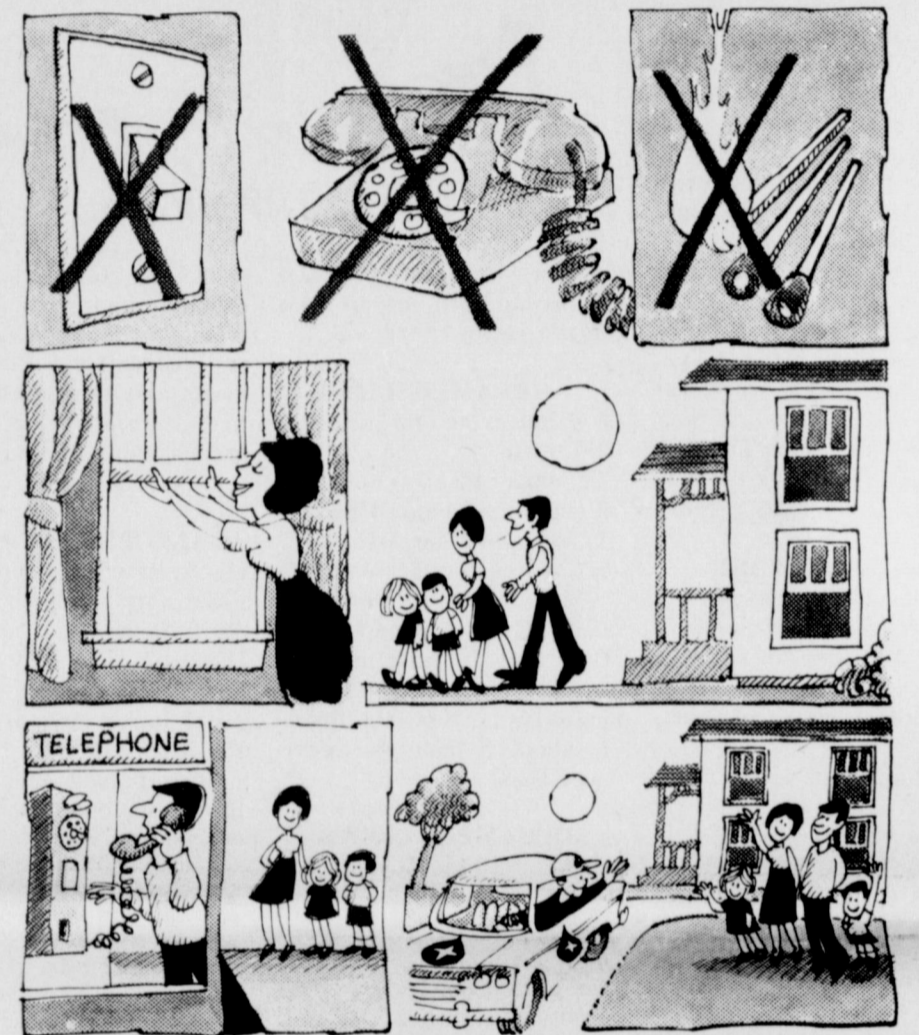

In connection with the national observance of Immunization Action Month, Mrs. Collier will be honored during ceremonies at 10 a.m. Friday at the Wichita Falls City-County Public Health Center in Wichita Falls.

"Mrs. Collier did a really great job. We really appreciate it," said Jo Dimock, who coordinated the clinics in Wichita County for the health center.

Mrs. Collier was coordinator for the volunteer program in Iowa Park. Two weekends of clinics were held at Kidwell School.

Mrs. Collier is scheduled for her efforts including a First Lady Volunteer Program to receive two certificates of recognition from the Governor's gram.

### IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record.

The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

### SI PERCIBE OLOR A GAS NATURAL OBEDEZCA ESTAS 3 NORMAS DE SEGURIDAD.

La industria del gas natural tiene un récord de seguridad excelente.

El hecho de que Usted pueda percibir el olor a gas natural se debe a que se le ha añadido un producto químico extra, que no es nocivo. De lo contrario, el gas no olería. Si detecta ciertas ráfagas de olor que cree son producidas por escape de gas, investigue. Es posible que se pueda corregir fácilmente y sin peligro, por tratarse de que una llama-piloto se ha apagado, o que una válvula de algún aparato está parcialmente abierta.

Cuando suceda que a pesar de que su equipo aparentemente funciona bien, pero el olor a gas se intensifica y se siente en todas partes, entonces siga estas precauciones:

1. No conecte ni desconecte ningún aparato eléctrico. No use el teléfono de su casa. No prenda fósforos. No haga nada que pueda producir chispas.
2. Haga que todos salgan de la casa inmediatamente, dejando las puertas abiertas para que se ventile.
3. Vaya a un teléfono cercano y llame informando a la Compañía Lone Star Gas Co., y espere hasta que los encargados de la Compañía investiguen las causas y determinen si se puede o no retornar a casa.

Es muy posible que Usted nunca tenga que enfrentarse con escapes de gas, pero queremos informarle por si acaso le sucede alguna vez. Asegúrese que toda su familia conozca estas normas de seguridad. Le aconsejamos también que guarde este aviso como referencia para el futuro. Gracias.

Lone Star Gas Company  
Working energetically for your area's future.

CUT OUT FOR FUTURE REFERENCE

Great News  
FOR THE World

### THE GLORIES OF THE AGE TO COME

One government throughout the world, ruling solely by the law of God: its fruits, peace and fulness of life for mankind from pole to pole.

That seems the most futile of Utopian dreams in a world of international conflict: yet it is as sure as the unceasing roll of the heavenly bodies; for "the mouth of the Lord" -- by whose word the heavens were made -- "has spoken it".

Many prophets (Ezekiel in particular) speak of the splendid Temple to be reared in the Holy Land; and the prophecies of Isaiah 2:1-4 and Micah 4:1-4 draw a poetic symbol a picture of the new world order of which it will be the centre. With Christ's return to the earth, the throne of David will be restored in Zion as the seat of his rule; and men from far countries, sickened by slaughter and groping amid the ruin of human decency which man's evil has brought, will turn to it as to light. They will say: "Come, let us go up to the mountain of the Lord, to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths".

Not only by the sheer power of moral beauty will the new rule draw men into its sway. The history of the Twentieth Century has proved too well that there is a core of wickedness in human nature which loves the dark rather than light. In this age which was deemed the flower of human progress, the greater part of the world came for a time under the dominion of men who made evil their good, and who with deliberate malice strove to destroy all that two thousand years has found lovely and of good report.

The King in Zion will rule with a rod of iron and break in pieces like a potter's vessel those who oppose him (Psa. 2:9). With the sanction of absolute right, he will have also a power against which raging nations will dash themselves in vain. He will "rebuke strong nations afar off" (Micah 4:3), and under his compulsion they will "beat their swords into ploughshares".

Men have asked two things of organized society: that it should give them security and sufficiency. They want to live safe and ordered lives, with a fair chance of obtaining suitable food, clothing and housing for themselves and their families. Human government has failed them pitifully in both these elementary needs. Divine government will meet those needs with all the resources of the earth turned to the pursuits of peace: "They shall sit every man under his vine and under his figtree; and none shall make them afraid" (Micah 4:4). With freedom from fear, there will be a freedom also from want. Guided by the light of God from the centre of His law in Zion, men and women will no longer be stunted and warped by their environment: they will be free to grow to that full mental and spiritual stature for which they were made in God's image.

Half the world lives now under the poisoned shadow of vicious beliefs; the minds of the rest are clouded by uncertainty. The spiritual feast and the enlightenment of that day, described in the poetic language of Isaiah (25:6, 7), are beautiful as daybreak by contrast with this gloom:

And in this mountain shall the Lord of hosts make unto all people a feast of fat things, a feast of wines on the lees, of fat things full of marrow, of wines on the lees well refined. And he will destroy in this mountain the face of the covering cast over all people, and the veil that is spread over all nations.

No mere change of social system could give the benefits which will come from that age. Neither king nor demagogue has ever had power to raise the dead: none but Jesus of Nazareth, whose kingdom, once established, will have no end. Under his rule life will come with a new wealth and healing; for it is written:

Then the eyes of the blind shall be opened, and the ears of the deaf shall be unstopped. Then shall the lame man leap as an hart, and the tongue of the dumb shall sing; for in the wilderness shall waters break out, and streams in the desert [Isa. 35:5-6].

Harmony with the Source of all being will make life richer physically as well as mentally; its span will be lengthened, so that men will no longer lose their powers before they are fully attained, and pass into the grave at an ineffectual three or four score years:

And I will rejoice in Jerusalem, and joy in my people: and the voice of weeping shall be no more heard in her, nor the voice of crying. There shall be no more thence an infant of days, nor an old man that hath not filled his days; for the child shall die an hundred years old; but the sinner being an hundred years old shall be accursed. And they shall build houses, and inhabit them; and they shall plant vineyards, and eat the fruit of them. They shall not build, and another inhabit; they shall not plant, and another eat: for as the days of a tree are the days of many people, and mine elect shall long enjoy the work of their hands. They shall not labour in vain, nor bring forth for trouble; for they are the seed of the blessed of the Lord, and their offspring with them [Isa. 65:19-23].

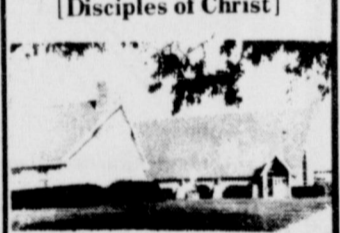

Though the words are written especially of the people of Israel, who will be restored to their land as the central domain of this world empire, all families of the earth will be blessed through this blessing which will come on Abraham's seed (Genesis 12:3).

"Behold, a king shall reign in righteousness, and princes shall rule in judgment" (Isa. 32:1) hints at the ordered administration of this great realm. The "princes" will be those whom Daniel was told would awake from sleep in the dust to everlasting life (Dan. 12:2), who in the Book of Revelation are shown acclaiming the "Lamb of God" who had washed them from their sins in his own blood, and made them kings and priests unto God (Rev. 1:5-6; 5:9-10). They rule over the mortal population of the world during the thousand years which is the last stage in God's work of redeeming the world; then death will be abolished, and the world will enter on the glory of that final state in which God will be all in all (1 Cor. 15:23-28).

**FIRST TIME**

**United Way goal set over million**

The goal for the annual United Way campaign to provide funding for 31 agencies in Wichita Falls, Iowa Park and Burkburnett was announced Tuesday by officials, and for the first

time, the North Texas area will be raising over a million dollars. Dick Waggoner, campaign chairman, announced the official goal for \$1,112,805, an 11.9 per cent increase

over the amount raised in last year's campaign. The total raised in 1976 was \$994,200.

United Way President Frank Jones said, "An increase is necessary to cover inflationary costs, to fund expanding services of existing agencies and allow for any agencies that may be admitted during the year."

During the past year, the Senior Citizens Center of Iowa Park, The Friendly Door, was admitted for United Way funding.

Over 500 volunteers will work in the campaign which will open Sept. 8 and run for seven weeks. "Iowa Park Campaign leaders will be announced soon," Waggoner said.

Seven firms will serve as pacesetter businesses working with members of the Loaned Executive program to the official start of the campaign in conducting in-house employee campaigns. Those companies are Levi-Strauss, Allis - Chalmers, Lone Star Tool, White's Stores, Surgikos, PPG Industries, and Dillard's.

"The enthusiasm of these pacesetter firms always provides a positive emphasis for our community-wide drive and its 500 volunteer workers," Waggoner said.

**Budget**

Continued from page 1.

administration building.

**TRUSTEE RESIGNS**

Trustees, after hearing of Watson's resignation, indicated they would appoint a replacement in the near future to serve out his unexpired term.

The resignation was received Thursday by Supt. Nowell in the form of a letter. Watson has missed several meetings the past few months because of health, though he reportedly continues to work as a rural mail carrier.

A past president and secretary of the board, he served as a trustee over 10 years, and was last elected in April of 1976.

The board accepted the resignations of LaRae Minyard, David Williams, Mike Billingsley, Miriam Cady, JoAnn Corbin, James Flynt, Lorna Klinkerman, Marvin Brixey and WWCC personnel Rosanna Lippe, Rolf Steinhauer, Lelissa Lane and Frances Howell.

Leaves of absence were approved for Caroi Venhaus, Elizabeth Billingsley, Pat Berry and Diane White.

New employees hired were Keith Barrick, Beverly Parker, Kathy Jones, Holle Humphries, Robert "Mike" Fountain, Judith Jones, Marilyn Barrick, Richard Crawford, Margaret Forsyth, Randy McCord, Cherie Miller, Rebecca Myers, Ronald Cotton, Joyce Smith, Linda Escue and Pat Davis; and WWCC personnel Connie Clement, Donna Williams, Martha Kolterman, DeElva Cottrell and Lavacca Johnson.

Supt. Nowell said there are two positions yet to be filled, one a combination physical education and social studies teacher, and the other an elementary physical education instructor.

Preston Dairy was low bidder to supply milk, Swift and Company for ice cream and American Bakeries for bread to the school lunchrooms for

the coming year.

The personnel contracts were acted upon following an executive session which was closed to the public from 11:30 p.m. to 2 a.m., and at the present time several salary adjustments were approved.

They included raising both Cowley and Dean Miller to pay grade 13. Personnel are given pay grades of which there are 15 depending on position and degree held, and then there are 13 pay steps in each grade. Cowley will now receive an annual salary of \$20,868 and Miller \$19,968, plus the district's \$300 incentive to reside within the district.

Other salary raises were \$400 each for David Mooney and David Cartwright and \$200 each to Latrice Dulaney, Herman Escue, Darrell Dick, Joann Davis and Jane Cowley. The board took no action on the band budget request presented by Mooney, but will when the final budget is presented next week.

**CALENDAR CHANGE**

Trustees did take action on the revised school calendar, setting the first day of class for Aug. 29, with high school graduation May 26 and junior high graduation May 29.

Five days were removed from the required school year of 180 days by the state legislature, after the board had already approved its calendar. Three days were cut off the start of school, and two days added to the Easter holiday, giving a full week vacation in March.

Nowell had some question about the date students would return from Christmas holidays, however, and the calendar would be changed slightly because of it. Jan. 1 falls on a Sunday this year, and he said he couldn't find out if the football bowl games would be played on that date, the Saturday or Monday.

If they are played on Jan. 2, then he suggests classes not take up until Tuesday, because attendance would be poor due to the televised games.

**Camper shells are targets**

A pickup truck camper shell was vandalized and another one was stolen, according to Iowa Park police records.

Police here received a report from Bill Bates Chevrolet, 216 N. Yosemite, that a camper shell valued at \$450 had been stolen off a pickup parked on the north lot of the business.

Jeannet Walker of 400 W. Jefferson reported an estimated \$200 in damages to a camper shell.

Windows to the recreational unit were broken, police records indicate.

Mrs. Barbra Veasey of 119 Louisa reported a home burglary where an air conditioner, a vacuum cleaner and four tables were stolen. Total value of the items stolen was set at \$380.

**As I See It....**

by BOB HAMILTON

President Carter's new thing called the Department of Energy, DOE for short, is already in trouble, as far as this part of the country is concerned. And it looks like this part of the country may be in trouble as far as DOE is concerned.

There's no surprise in the fact that people dealing in petroleum products are looking toward Washington, D.C. with a very cautious eye. Their lives depend on what the bureaucrats up there do with our state's natural resources.

And it appears what they plan to do is establish the power to allocate natural gas, which would mean Texans all over the state would be subjected to what we Iowa Parkans experienced last winter, curtailment.

Residents along the northeast coast, especially, want our natural gas. They think we have plenty down here, but are holding it back to get the price higher. That's why they won't drill offshore for their own.

And as everybody knows, whatever we have, those folks want it, at their own price.

So, through their elected liberal congressmen, they got the DOE.

It will be interesting to watch the growth and expansion of DOE. Shucks, they can't make much of a dent in the economy now, I don't think. How could an initial staff of 20,000 folks with a \$10.6-billion first-year budget get anything done?

Have you any idea how much money \$10.6-billion is?

James Zimmerman, geologist in charge of University Lands in West Texas says it is more than the total value of all the oil produced in Texas during 1976 (\$9.7-billion). It is a little more than the American oil industry plans to spend on drilling and exploration in the United States in 1977.

A Chevron statistician sized it all up as being about double the value of all the oil the U.S. imported from Saudi Arabia last year.

"And one should keep in mind that the \$10.6-billion is only the cost of the newly born baby DOE. Think what it will cost when it grows up!" he said.

I like a couple of recommendations Zimmerman offers to help control DOE: the department should never have more employees than the energy industry; that there should not be more DOE offices than there are service stations in the country; and that DOE should not be allowed to establish offices in any community too small to support a service station."

**Kindergarten screening**

All children who will be five years old on or before Sept. 1 and who were not screened for kindergarten in May will be screened prior to the beginning of school, according to Supt. Faris Nowell.

Kidwell School area students are requested to report to that school at 8:30 a.m. Aug. 25 and Bradford students at 12:30 p.m. the same day.

Parents are requested to take their children to the schools, and remain until screening is completed. Also it will be necessary to have the child's birth certificate and immunization record.

A full year "Plan A" kindergarten program for the three and four year old children is available if they have a physical or learning deficiency, as determined by sight, hearing, speech, mental maturity or a physician's diagnosis.

Parents who have a child believed to be eligible for the program are

requested to take the child to Bradford School at 8:30 a.m. Aug. 26 for screening.

## This weekend, call both families for practically the price of one.

It's true! This weekend—and every weekend between 11 p.m. Friday and 5 p.m. Sunday—you can place two Long Distance calls for practically the price of one weekday evening call, when you dial the 1+ way.

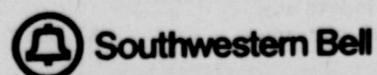

For example, a 10-minute call to someone a thousand miles away weekday evenings (5 p.m. to 11 p.m., Sunday-Friday) would cost you \$2.44, plus tax. Which, you'll admit, isn't bad.

But for practically the same price, you could make two eight-minute calls over the same distance... any weekend.

It's almost like getting one call free!

So this weekend, enjoy a couple of Long Distance calls. And make three families happy!

Long Distance.  
What else is so nice for the price?

## LEGAL NOTICE

THE FOLLOWING ORDINANCE IS TO BE CONSIDERED BY THE BOARD OF ALDERMEN FOR PLEASANT VALLEY ON MONDAY, AUGUST 15, 8 P.M. AT THE COUNCIL OFFICES LOCATED AT MIDWAY FISH FARM.

**ORDINANCE NO. 39**  
**AN ORDINANCE REGULATING MASSAGE ESTABLISHMENTS.**

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF PLEASANT VALLEY, TEXAS, THAT:

## SECTION 1. Definitions.

For the purpose of this ordinance, the following words and phrases shall have the meanings respectively ascribed to them by this section.

(a) **Employee.** Any person over eighteen (18) years of age, other than a massagist, who renders any service in connection with the operation of a massage business and receives compensation from the operator of the business or patrons.

(b) **Licensee.** The person to whom a license has been issued to own or operate a massage establishment as defined herein.

(c) **Massage.** Any method of pressure on or friction against, or stroking, kneading, rubbing, tapping, pounding, vibrating, or stimulating of the external parts of the human body with the hands or with the aid of any mechanical electrical apparatus or appliances with or without such supplementary aids as rubbing alcohol, liniments, antiseptics, oils, powder, creams, lotions, ointment or other such similar preparations commonly used in the practice of massage, under such circumstances that it is reasonably expected that the person to whom the treatment is provided or some third person on his or her behalf will pay money or give any other consideration or any gratuity therefor.

(d) **Massage Establishment.** Any establishment having a source of income or compensation derived from the practice of massage as defined in Subsection (c), and which has a fixed place of business where any person, firm, association or corporation engages in or carries on any of the activities as defined in Subsection (c).

(e) **Massagist, Masseur or Masseuse.** Any person who, for any consideration whatsoever, engages in the practice of massage as defined in Subsection (c).

(f) **Outcall Massage Service.** Any business, the function of which is to engage in or carry on massages at a location designated by the customer or client rather than at a massage establishment as defined in Subsection (c).

(g) **Patron.** Any person over eighteen (18) years of age who receives a massage under such circumstances that it is reasonably expected that he or she will pay money or give any other consideration therefor.

(h) **Permittee.** The person to whom a permit has been issued to act in the capacity of a massagist (masseur or masseuse) as herein defined.

(i) **Person.** Any individual, partnership, firm, association, joint stock company, corporation or combination of individuals of whatever form or character.

(j) **Sexual or Genital Area.** Genitals, pubic area, anus, or perineum of any person, or the vulva or breasts of a female.

## SECTION 2. Permit required.

(a) Business license required. No person shall engage in or carry out the business of massage unless he has a valid massage business license issued by the City pursuant to the provisions of this ordinance for each and every separate office or place of business conducted by such person.

(b) Massagist's permit required. No person shall practice massage as a massagist, employee or otherwise, unless he has a valid and subsisting massagist's permit issued to him by the City pursuant to the provisions of this ordinance.

**SECTION 3. Exemptions.**  
This ordinance shall not apply to the following individuals while engaged in the personal performance of the duties of their respective professions, nor to the following organizations and their employees:

(a) Physicians, surgeons, chiropractors, osteopaths, or physical therapists who are duly licensed to practice their respective professions in the State of Texas.

(b) Nurses who are registered under the laws of this State.

(c) Barbers and beauticians who are duly licensed under the laws of this State, except that this exemption shall apply solely to the massaging of the neck, face, scalp and hair of the customer or client for cosmetic or beautifying purposes.

(d) Non-profit corporations chartered by the State of Texas.

(e) Educational institutions which are supported by State or local taxes, or which are approved under the Texas Proprietary School Act or any other law of the State of Texas, or which are owned and operated by religious institutions exempt from property taxation under the laws of Texas.

## SECTION 4. Persons Under Age 18 Prohibited on Premises.

No person shall permit any person under the age of eighteen (18) years to come or remain on the premises of any massage business establishment, as massagist, employee or patron, unless such person is on the premises on lawful business, or unless such person is accompanied by parent or guardian.

## SECTION 5. Application for Massage Establishment License.

Every applicant for a license to maintain, operate, or conduct a massage establishment shall file an application under oath with the City Clerk upon a form provided by the City Clerk and pay a nonrefundable annual license fee, which shall be \$100.00 per year or any part thereof. Licensees who have already paid the license fee for the current (six (6) month) period shall not be required to pay an additional fee hereunder. The application, once accepted, shall be referred to the Director of the City-County Health Unit for investigation. Copies of the application shall within five (5) days also be referred to the Building Inspection Department and the Mayor.

The departments shall within thirty (30) days inspect the premises proposed to be operated as a massage establishment and shall make written verification to the City Clerk concerning compliance with the codes of the City that they administer. Each application shall contain the following information:

(a) A definition of service to be provided.

(b) The location, mailing address and all telephone numbers where the business is to be conducted.

(c) The name and residence address of each applicant (hereinafter all provisions which refer to applicant include an applicant which may be a corporation or partnership).

(1) If applicant is a corporation, the names and residence addresses of each of the officers and directors of said corporation and of each stockholder owning more than ten percent (10%) of the stock of the corporation, and the address of the corporation itself, if different from the address of the corporation itself, if different from the address of the massage establishment.

(2) If applicant is a partnership, the names and residence addresses of each of the partners including limited partners, and the address of the partnership itself, if different from the address of the massage establishment.

(d) The two (2) previous addresses immediately prior to the present address of the applicant.

(e) Proof that the applicant is at least eighteen (18) years of age.

(f) Individual or partnership applicant's height, weight, color of eyes and hair, and sex.

(g) Copy of identification such as driver's license and social security card.

(h) One portrait photograph of the applicant at least two (2) inches by two (2) inches. If the applicant is a corporation, one portrait photograph at least two (2) inches by two (2) inches of all officers and managing agents of said corporation. If the applicant is a partnership, one front-face portrait photograph at least two (2) inches by two (2) inches in size of each partner, including a limited partner in said partnership.

(i) Business, occupation, or employment of the applicant

## LEGAL NOTICE

for the three (3) years immediately preceding the date of application.

(j) The massage or similar business license history of the applicant; whether such person, in previously operating in this or another City or State has had a business license revoked or suspended, the reason therefor, and the business activity or occupation subsequent to such action of suspension or revocation.

(k) All criminal convictions other than misdemeanor traffic violations, including the dates of convictions, nature of the crimes and place convicted.

(l) The name and address of each massagist who is or will be employed in said establishment.

(m) The name and address of any massage business or other establishment owned or operated by any person whose name is required to be given in Subsection (c) wherein the business or profession of massage is carried on.

(n) A description of any other business to be operated on the same premises or on adjoining premises owned or controlled by the applicant.

(o) Authorization for the City, its agents and employees to seek information and conduct an investigation into the truth of the statements set forth in the application and the qualifications of the applicant for the permit.

(p) Such other identification and information necessary to discover the truth of the matters hereinbefore specified as required to be set forth in the application.

(q) The names, current addresses and written statements of at least three (3) bona fide permanent residents of the United States that the applicant is of good moral character. If the applicant is able, the statement must first be furnished from residents of the City, then the County, then the State of Texas and lastly from the rest of the United States. These references must be persons other than relatives and business associates.

Upon the completion of the above provided form and the furnishing of all foregoing information, the City Clerk shall accept the application for the necessary investigations. The holder of a massage establishment license shall notify the City Clerk of each change in any of the data required to be furnished by this Section within ten (10) days after such change occurs.

Upon termination of a license at the expiration of a year, the licensee may apply in writing for a renewal thereof by stating any changes made in any data given in his original application, and stating that all other data given therein is unchanged.

The applicant shall be required to pass a written examination covering this ordinance, given under the direction of the Director of the Health Unit.

## SECTION 6. Application for Massagist's Permits.

Application for a massagist's business permit shall be made to the City Clerk in the same manner as provided above for massage establishment licenses, accompanied by the annual nonrefundable massagist's permit fee of \$25.00 per year or part thereof. Massagists who have already paid the permit fee for the current (six (6) month) period shall not be required to pay an additional fee hereunder. The application shall contain but not be limited to the following:

(a) The business address and all telephone numbers where the massage is to be practiced.

(b) Name and residence address, and all names, nicknames and aliases by which the applicant has been known, including the two previous addresses immediately prior to the present address of the applicant.

(c) Social Security number, driver's license number, if any, and date of birth.

(d) Applicant's weight, height, color of hair and eyes, and sex.

(e) Written evidence that the applicant is at least eighteen (18) years of age.

(f) A complete statement of all convictions of the applicant for any felony or misdemeanor or violation of a local ordinance, except misdemeanor traffic violations.

(g) Two front-face portrait photographs taken within thirty (30) days of the date of application and at least two (2) inches by two (2) inches in size.

(h) The massage or similar business history and experience 10 years prior to the date of application, including but not limited to whether or not such person in previously operating in this or another City or State under license or permit has had such license or permit denied, revoked, or suspended and the reasons therefor, and the business activities or occupations subsequent to such action of denial, suspension or revocation.

(i) The names, current addresses and written statements of at least five (5) bona fide permanent residents other than relatives, of the United States that the applicant is of good moral character. If the applicant is able, the statement must first be furnished from residents of the City, then the County, then the State of Texas and lastly from the rest of the United States.

(j) A medical certificate signed by a physician, licensed to practice in the State of Texas, within seven (7) days of the date of the application. The certificate shall state that the applicant was examined by the certifying physician and that the applicant is free of communicable disease. The additional information required by this Subsection shall be provided at the applicant's expense.

(k) Such other information, identification and physical examination of the person deemed necessary by the Director of Health Unit in order to discover the truth of the matters hereinbefore required to be set forth in the application.

(l) Authorization for the City, its agents and employees to seek information and conduct an investigation into the seek information and conduct an investigation into the truth of the statements set forth in the application and the qualifications of the applicant for the permit.

(m) Written declaration by the applicant, under penalty of perjury, that the foregoing information contained in the application is true and correct, said declaration being duly dated and signed in the City.

Upon termination of a permit at the expiration of a year, the permittee may apply in writing for a renewal thereof by stating any changes made in any data given in his original application, and stating that all other data given therein is unchanged.

The applicant shall be required to pass a written examination covering this ordinance, given under the direction of the Director of the Health Unit.

## SECTION 7. Issuance of License or Permit for a Massage Establishment.

The City Clerk shall issue a license for a massage establishment or a permit for a masseur or masseuse, after approval by the Director of Health Unit, if all requirements for a massage establishment or massagist permit described in this ordinance are met unless he finds:

(a) The correct permit or license fee has not been tendered to the City, and, in the case of a check, or bank draft, honored with payment upon presentation.

(b) The operation, as proposed by the applicant, if permitted, would not comply with all applicable laws, including, but not limited to, the City's building, and health regulations.

(c) The applicant, if an individual; or any of the stockholders holding more than ten percent (10%) of the stock of the corporation, any of the officers and directors, if the applicant is a corporation; or any of the partners, including limited partners, if the applicant is a partnership; or the holder of any lien, of any nature, upon the business and/or the equipment used therein; and the manager or other person principally in charge of the operation of the business, have been convicted of any of the following offenses or convicted of an offense without the State of Texas that would have constituted any of the following offenses if committed within the State of Texas.

(1) An offense involving the use of force and violence upon the person of another that amounts to a felony.

(2) An offense involving sexual misconduct.

(3) An offense involving narcotics, dangerous drugs or dangerous weapons that amounts to a felony.

The City may issue a license or permit to any person convicted of any of the crimes described in Subsections (1) (2) or (3) of this Section if it finds that such conviction occurred at least five (5) years prior to the date of the application and the applicant has had no subsequent felony

## LEGAL NOTICE

convictions of any nature and no subsequent misdemeanor convictions for crime mentioned in this Section.

(d) The applicant has knowingly made any false, misleading, or fraudulent statement of fact in the permit application or in any document required by the City in conjunction therewith.

(e) The applicant has had a massage business, masseur, or other similar permit or license denied, revoked, or suspended by the City or any other State or local agency within five (5) years prior to the date of the application.

(f) The applicant, if an individual, or any of the officers and directors, if the applicant is a corporation; or any of the partners, including limited partners, if the applicant is a partnership; and the manager or other person principally in charge of the operation of the business, is not over the age of eighteen (18) years.

## SECTION 8. Approval or Denial of Application.

The Director of the Health Unit shall act to approve or deny an application for a license or permit under this ordinance within a reasonable period of time and in no event shall the Director of Health Unit act to approve or deny said license or permit later than 90 days from the date that said application was accepted by the City Clerk. Every license or permit issued pursuant to this ordinance will terminate at the expiration of one year from the date of its issuance unless sooner suspended or revoked.

## SECTION 9. Multiple Massage Establishments.

Should any massage business have more than one location where the business of massage is pursued, a separate license shall be required for each additional location. Each such additional license shall have a license fee of \$50.00, shall state both the address of the principal place of business and of the additional location, and shall terminate on the same date as the license for the principal place of business.

## SECTION 10. Posting of License.

(a) Every massagist shall post the permit required by this ordinance in his work area.

(b) Every person, corporation, partnership, or association licensed under this ordinance shall display such license in a prominent place.

## SECTION 11. Register of Employees.

The licensee or person designated by the licensee of a massage establishment shall maintain a register of all persons employed at any time as masseurs or masseuses and their permit numbers. Such register shall be available at the massage establishment to representatives of the City during regular business hours.

## SECTION 12. Revocation or Suspension of License.

Any license issued for a massage establishment may be revoked or suspended by the Director of Health Unit after notice and a hearing, for good cause, or in any case where any of the provisions of this Ordinance are violated or where any employee of the licensee, including a masseur or masseuse is engaged in any conduct which violates any of the State or local laws or ordinances at licensee's place of business and the licensee has actual or constructive knowledge by due diligence. Such license may also be revoked or suspended by the Director of Health Unit after notice and hearing, if such business is being managed, conducted or maintained without regard to proper sanitation and hygiene. A licensee may appeal from an order of suspension or revocation by giving written notice to the Mayor within ten days of such order. The Mayor shall hold a hearing, and either affirm or reverse the order of the Director of Health Unit.

## SECTION 13. Revocation of Masseur or Masseuse Permit.

A masseur or masseuse permit shall be revoked or suspended where it appears that the masseur or masseuse has been convicted of any offense which would be cause for denial of a permit upon an original application, has made a false statement on an application for a permit, or has committed an act in violation of this Ordinance. Such revocation proceedings shall be conducted by the Director of Health Unit after notice and hearing and an appeal may be had to the Mayor as in Section 12.

## SECTION 14. Facilities Necessary.

No license to conduct a massage establishment shall be issued unless an inspection by the City reveals that the establishment complies with each of the following minimum requirements:

(a) Construction of rooms used for toilets, tubs, steam baths and showers shall be made waterproof with approved waterproofed materials and shall be installed in accordance with the City Building Code. Plumbing fixtures shall be installed in accordance with the City Plumbing Code.

(1) Steam rooms and shower compartments shall have waterproof floors, walls and ceilings approved by the Chief Building Inspector.

(2) Floors of wet and dry heat rooms shall be adequately pitched to one or more floor drains properly connected to the sewer. (Exception: Dry heat rooms with wooden floors need not be provided with pitched floors and floor drains.)

(3) A source of hot water must be available within the immediate vicinity of dry and wet heat rooms to facilitate cleaning.

(b) The premises shall have adequate equipment for disinfecting and sterilizing nondisposable instruments and materials used in administering massages. Such nondisposable instruments and materials shall be disinfected after use on each patron.

(c) Closed cabinets shall be provided and used for the storage of clean linen, towels and other materials used in connection with administering massages. All soiled linens, towels and other materials shall be kept in properly covered containers or cabinets, which containers or cabinets shall be kept separate from the clean storage areas.

(d) Toilet facilities shall be provided in convenient locations. When employees and patrons of different sexes are on the premises at the same time separate toilet facilities shall be provided for each sex. A single water closet per sex shall be provided for each twenty (20) or more employees or patrons of that sex on the premises at any one time. Urinals may be substituted for water closets after one water closet has been provided. Toilets shall be designated as to the sex accommodated therein.

(e) Lavatories or washbasins provided with both hot and cold running water shall be installed in either the toilet room or a vestibule. Lavatories or washbasins shall be provided with soap and a dispenser and with sanitary towels.

(f) All electrical equipment shall be installed in accordance with the requirements of the City Electrical Code.

## SECTION 15. Operating Requirements.

(a) Every portion of the massage establishment, including appliances and apparatus, shall be kept clean and operated in a sanitary condition.

(b) Price rates for all services shall be prominently posted in the reception area in a location available to all prospective customers.

(c) All employees, including masseurs and masseuses, shall be clean and wear clean, nontransparent outer garments, covering the sexual and genital areas, whose use is restricted to the massage establishment. Masseurs shall wear slacks and shirt; masseuses shall wear dress or slacks and blouse. A separate dressing room for each sex must be available on the premises with individual lockers for each employee. Doors to such dressing rooms shall open inward and shall be self-closing.

(d) All massage establishments shall be provided with clean, laundered sheets and towels in sufficient quantity and shall be laundered after each use thereof and stored in a sanitary manner.

(e) No massage establishment granted a license under the provisions of this Ordinance shall place, publish or distribute or cause to be placed, published or distributed any advertisement, picture, or statement which is known or through the exercise of reasonable care should be known to be false, deceptive or misleading in order to induce any person to purchase or utilize any professional massage services.

## SECTION 16. Alcoholic Beverages Prohibited.

No person shall sell, give, dispense, provide or keep, or

## LEGAL NOTICE

cause to be sold, given, dispensed, provided or kept, any alcoholic beverage on the premises of any massage business.

## SECTION 17. Hours.

No massage business shall be kept open for any purpose between the hours of 10:00 P.M. and 8:00 A.M.

## SECTION 18. Employment of Massagist.

No person shall employ as a massagist any person unless said employee has obtained and has in effect a permit issued pursuant to this ordinance.

## SECTION 19. Inspection Required.

The Director of the Health Unit or his authorized representatives, and the Mayor or his authorized representatives shall from time to time make inspection of each massage business establishment for the purposes of determining that the provisions of this ordinance are fully complied with. It shall be unlawful for any permittee to fail to allow such inspection official access to the premises or hinder such official in any manner.

## SECTION 20. Unlawful Acts.

(a) Treatment of persons of opposite sex restricted. It shall be unlawful for any person holding a permit under this section to treat a person of the opposite sex, except upon the signed order of a licensed physician, osteopath, chiropractor, or registered physical therapist, which order shall be dated and shall specifically state the number of treatments, not to exceed ten (10). The date and hour of each treatment given and the name of the operator shall be entered on such order by the establishment where such treatments are given and shall be subject to inspection by the officials pursuant to Section 19. The requirements of this Subsection shall not apply to treatments given in the office of a licensed physician, osteopath or registered physical therapist, chiropractor, or in a regularly established and licensed hospital or sanitarium.

(b) It shall be unlawful for any person, in a massage parlor, to place his or her hand or hands upon, to touch with any part of his or her body, to fondle in any manner, or to massage, a sexual or genital part of any other person. Sexual or genital parts shall include the genitals, pubic area, anus, or perineum of any person, or the vulva or breasts of a female.

(c) It shall be unlawful for any person, in a massage parlor, to expose his or her sexual or genital parts, or any portion thereof, to any person of the opposite sex. It shall also be unlawful for any person, in a massage parlor, to expose the sexual or genital parts, or any portions thereof, of any other person.

(d) It shall be unlawful for any person, while in the presence of any other person of the opposite sex in a massage parlor, to fail to conceal with a fully opaque covering, the sexual or genital parts of his or her body.

(e) It shall be unlawful for any person owning, operating or managing a massage parlor, knowingly to cause, allow or permit in or about such massage parlor, any agent, employee, or any other person under his control or supervision to perform such acts prohibited in Subsections (a), (b) or (c) of this Section.

(f) It shall be further unlawful for any permittee under this ordinance to administer massage on an outcall basis as defined in Section 1 (f). Such person shall administer massage solely within an establishment licensed to carry on such business under this ordinance. Any violation of these provisions shall be deemed grounds for revocation of the permit granted hereunder. The restriction on outcall massage shall not apply to a permittee who performs outcall massage as defined herein upon a customer or client who, because of reasons of physical defects or incapacities or due to illness is physically unable to travel to the massage establishment. If any outcall massage is performed under this exception, a record of the date and hour of each treatment, and the name and address of the customer or client, and the name of the employee administering such treatment and the type of treatment administered, as well as the nature of the physical defect, incapacity or illness of said client or customer shall be kept by the licensee or person or employee designated by the licensee. Such records shall be open to inspection by the Director of Health Unit or his representative. The information furnished or secured as a result of any such inspection shall be confidential.

(g) It shall be unlawful for any massage service to be carried on within any cubicle, room, booth, or any area within a massage establishment which is fitted with a door capable of being locked. All doors or doorway coverings within a massage establishment shall have an unobstructed opening 6 inches by 6 inches in size capable of clear two-way viewing into and out of all cubicles, rooms, or booths. The opening shall be not less than four and one-half feet from the floor of the establishment nor more than five and one-half feet from the floor. Toilets and cubicles used solely for the application of liquid and vapor baths shall have no such opening in the covering door or curtain, but shall be clearly marked as to purpose on the exterior door or curtain of said cubicle, room or booth. Nothing contained herein shall be construed to eliminate other requirements of statute or ordinance concerning the maintenance of premises, nor to preclude authorized inspection thereof, whenever such inspection is deemed necessary by the mayor or health departments.

## SECTION 21. Sale or Transfer or Change of Location.

Upon sale, transfer or relocation of a massage establishment, the license therefor shall be null and void, provided, however, that upon the death of the licensee of the massage establishment, any heir or devisee of the deceased licensee, or any guardian of an heir or devisee of the deceased licensee, may continue the business of the massage establishment for a reasonable period of time not to exceed sixty (60) days to allow for an application for a new license.

## SECTION 22. Name and Place of Business.

No person granted a license pursuant to this Ordinance shall operate the massage establishment under a name not specified in his license, nor shall he conduct business under any designation or location not specified in his license.

## SECTION 23. Transfer of License or Permit.

No license or permit shall be transferable.

## SECTION 24. Violation and Penalty.

Every person except those persons who are specifically exempted by this ordinance, whether acting as an individual owner, employee of the owner, operator or employee of the operator, or whether acting as a mere agent or independent contractor for the owner, employee or operator, or acting as a participant or worker in any way directly or indirectly who gives massages or operates a massage establishment or any of the services defined in this ordinance without first obtaining a license or permit and paying a fee to do so from the City or shall violate any provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction such person shall be punished by a fine not to exceed \$200.00.

## SECTION 25. Separability.

(a) If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof.

(b) All ordinances in conflict herewith are hereby repealed.

(c) This ordinance shall be in full force and effect 30 days after its passage, provided, however, any person, partnership, corporation or association engaged in the operation of a massage business and every person engaged in the business or profession of massage, at the time of the enactment of this ordinance shall have (60) days in which to comply with the licensing provisions of this ordinance.

PASSED AND APPROVED this the \_\_\_\_\_ day of \_\_\_\_\_, 1977.

ATTEST:

City Clerk

MAYOR

# City to put ban on trash burning

**TOM HALL AND COCO**  
...City judge tends dump ground

## He wears 2 hats for Holliday

By LEWIS SIMMONS  
It is not uncommon to hear stories about small towns where the same man is mayor, postmaster, police chief, grocer and dog catcher.

Such is not entirely the case in Holliday, but one man here does hold two key jobs.

In Holliday the man who decides municipal court cases is the same person who keeps an eye on the city dump ground.

Tom Hall was lounging in the seat of his pickup truck when a reporter arrived unannounced. He seemed genuinely pleased to have a visitor as he straightened up in the seat of his truck parked in the middle of a freshly bladed section of the dump ground.

Hall's constant companion, a little black dog named Coco, played nearby.

"Boy, that little dog is something else, that little dog is," Hall said.

"Refuse superintendent, that's my title out here," Hall said, pausing to unload a missile of brown tobacco juice. Municipal judge is the title he assumes down at Holliday City Hall.

Since he took over the dump ground duties only about two weeks ago, Hall was asked if he planned to hold court at the landfill. He said he figured he'd go down to city hall to take care of his judicial duties.

And isn't it a strange combination, the same man being dump ground keeper and city judge?

"It don't make me no difference," Hall replied,

then proceeding to tell a story about his past.

A native of Velma, Okla., Hall said he's been "in and around" Wichita Falls since 1913.

He pitched semi-pro baseball at Haskell and Littlefield for 17 years.

By far his most common occupation, Hall is a retired barber.

"I was in the Army three years and never got out of Georgia," Hall quipped, his grin framed by beard stubble.

About that time another truck rolled into the landfill area.

After Hall had determined the driver had a valid dump permit sticker displayed on the truck's windshield (that's Hall's primary job), part of the load went into the refuse pit and several discarded doors went into the back of Hall's truck.

Hall figured he'd haul the doors back to town, maybe find somebody who could use them to fix their house. That's close to the same attitude he has when holding court down at city hall.

"Somebody's got to do it," was his reply to the question whether he likes being judge.

"I try to treat everybody right... I'm not up there just to gig 'em," said the 70-year-old judge who's also an active member of the Holliday Volunteer Fire Department.

"If you treat everybody right, that's the main thing. I haven't had any static from anybody on anything. I don't try to make it hard on anybody," he said.

Holliday City Council advanced its efforts Tuesday night toward abolishing trash burning by residents here.

Salary increases for municipal employees also were approved by the council.

The council indicated Tuesday night it would secure the services of an attorney to aid the city in drafting an ordinance which will ban the burning of trash by residents.

Under pressure by the Texas Air Control Board, the council indicated the

new ordinance may be put into effect by Sept. 1.

The new ordinance will outline trash pick up services to be rendered residences and businesses and rates to be charged which probably will fall in the neighborhood of \$2.50 monthly for the average Holliday household.

The new ordinance also is expected to spell out penalties for persons found guilty of burning trash in the city after the new document is adopted.

It is expected the new ordinance will require residents and businesses to use light weight metal or plastic containers not to exceed 30 gallons. Persons also will be allowed to place their trash out for pick up in plastic trash bags.

On a related topic, the council voted to begin taking applications for an additional city employee to help ease the burden when daily trash collection begins.

The council voted to hire Timmy Teafatiller on a full-time trail basis at \$3 per hour. Teafatiller worked

## Covered dish supper

Anyone who wants a dose look at Holliday's new batch of Friday night heroes will have a chance to do just that and maybe even sample his neighbor's culinary talents when the Eagle Booster Club holds a covered dish supper Friday night.

The supper is slated for 7:30 p.m. Friday at the school cafeteria.

Jim Walker said everyone is invited to bring a dish and join the booster club. He asks persons to bring enough food for their family members present.

Included in the activities will be an opportunity to meet Holliday's coaching staff and the 1977-78 Eagles.

Additional information may be obtained by calling 586-1517 or 586-1396, Walker said.

## Investigating Saturday wreck

Holliday Police Department is investigating an automobile accident that occurred at 7:30 p.m. Saturday on Walnut.

Sandra Bentley Finnell of Holliday was northbound on Walnut when her auto struck a parked pickup truck owned by Barry Reece, according to Officer Dennis Rees.

through the summer under the federally funded CETA program.

The council voted to place city employee Pete Snider in charge of trash collection operations.

## PAY HIKES

It was a unanimous decision by the council to give \$50 monthly pay raises to city employees Evon Carter, Hershel McDaniel, Junior Akers and Snider.

Part-time office worker Judy Nichols was granted a

15-cent hourly pay increase.

In other business Tuesday night the council approved a request by Armon Brown that the city clean off five lots he owns near the intersection of College and Live Oak.

Brown said he plans to use the property for residential development and agreed to reimburse the city \$17.50 per hour for cleaning the property.

Councilmen voted to allow Biggon Killian to install a

sewer lift station and lines to service new residences on Siesta Lane.

for water system improvements.

A resolution was approved concerning the city's request for a Farmer's Home Administration grant

Alderman Charles Parker was the only councilman absent from Tuesday night's regular meeting which lasted 2½ hours.

# Holliday News

**WORKING THE KINKS OUT** - New assistant varsity football coach Matt Robinson handles the quarterback duties during Holliday's second day of workouts. Head coach and athletic director Don Lucy said 72 boys,

freshmen through seniors, reported for two-a-day gridiron practice. The Eagles are expected to don their pads for Friday's sessions at 8 a.m. and 5 p.m.

## Debbie Brown captures 3 trophies at Vernon

Holliday's Debbie Brown captured three trophies at the Hillcrest Invitational tennis tournament last weekend at Vernon.

Miss Brown took first place in the women's open and in the division for 18-year-old girls singles.

She teamed up with Tony Martinez of Wichita Falls to

take second in the mix doubles.

In the final round of the women's open, Miss Brown defeated Susan Kuerko of Wichita Falls 6-0, 6-4 to take the championship.

The Holliday lass won a berth in the women's open finals by defeating Elizabeth Farris of Fort Worth 6-3, 6-3

in the semi-finals. She upended Wichita Falls' Gladys Brakey 6-2, 6-2 in the quarter finals.

Sherry Schaffer of Wichita Falls fell to Miss Brown 7-6, 6-0 in the final round of the division for 18-year-old girls singles.

Leading up to the finals victory, she downed Leslie

Towery of Wichita Falls 6-3, 6-1 in the semis, preceded by a 6-0, 6-1 win over Amarillo's Cristi Ford in the quarter finals.

Miss Brown and Martinez were defeated by the Wichita Falls team of Russell Henry-Leslie Towey 7-5, 7-5 in the finals for mixed doubles.

**GRAND PRIZE WINNER** - L.C. Adams of Holliday, left, was winner of a color television in celebration of Holliday Foodworld's grand opening. Also shown is Terry Cobb, store manager. Other winners in the store's drawing were Erdene Harrison and Mrs. Ray Coe, both of Holliday.

# REMEMBERING...

By BILL D. BROOKS

## ICE BOXES

Before electricity came to our community we had a thing in our kitchen called an ice box. It was a large wooden cabinet with four doors on its front. It was used to keep our food cold and to retard spoilage of milk and butter. It was about as high as I could reach and its biggest door was at the top. The smaller doors below were of various sizes.

When the ice man came (about once or twice a week) he would open the top door and set a big block of ice inside. A 100-pound block would last for four or five days but it would be just a small chunk the next time he came around.

In the summer time when the ice man came we sometimes got a special treat. Mom would let each of us use the ice shaver once — but only once. The shaver resembled a carpenter's hand plane except it was sort of a box and the ice shavings were collected inside it. When you got it full you could

open it and dump the shavings into a glass for a guaranteed cooler-offer. The little shavings were so good coming off the crystal clear block of ice, we would always want to use it "just once more." But Mother would say we had to have the rest of the ice to keep our food cool.

Inside the big door where the ice went was a shelf made of wavy metal. Under that was a drain pipe that went down through the ice box and out the bottom. As the ice melted the water dripped out this pipe into a pan that was set on the floor under the box. We had to check the water pan often to be sure it didn't run over onto the floor. We carried the pan and threw the water outside for a long time until Dad got the idea to install an overflow pipe on the pan that would stick through the wall to let the water drip outside the house.

The other shelves were made of open wooden slats, which allowed the cool air to circulate around the food. The inside of the box was lined entirely with galvanized metal and so was the inside of each door. The sides and the doors were thick, made of several layers of wood, metal and probably

some sort of insulation. Each door had sturdy hinges and latches, chrome-plated except for the few places where it had peeled off.

We got our first real refrigerator soon after R.E.A. came but we could

hardly sleep at night because the thing made so much racket — something our ice box had never done. We called our refrigerator an ice box for a long time after we got it because the habit was so hard to break.

## Beaver control is topic for valley residents

By DON DECKER  
County Agent  
Homeowners or landown-

ers in the Wichita Valley are invited to learn more about beaver control techniques at a demonstration scheduled for 7 p.m. today, at 4519 Shady Lane just off the Turtle Creek Ranch Road. The demonstration will be presented by Jan Loven of the Wildlife Damage Control Division, Fish and Wildlife Service.

Deena Ball of the Rodent Control Division has been enlisting the cooperation of the landowners in the Shady Lane area to reduce the extensive damage to tree stands. An agreement must be signed by a block of landowners before the beaver trapping program can be applied.

One good management practice every Wichita County small grain producer can consider for the next growing season is using fertilizers based on the results of a current soil test, according to Dr. Dale Lovelace, Extension area agronomist. "Wheat growers should get their soil samples in to the lab now", Dr. Lovelace urged.

Dr. Lovelace noted that there was an excess of wheat straw left on the ground this year and most fields will need extra nitrogen to take care of straw decomposition. "About 15 pounds of nitrogen per

ton of straw should do the trick, with most wheat fields needing about 15 to 20 pounds of nitrogen per acre to take care of the straw," Dr. Lovelace said.

Many farmers are planning to add to income by grazing the crop and if this is the case an application of phosphorus with the seed will help "kick-off" the young seedlings a little

earlier and produce more tillers, more grazing, he said.

Dr. Lovelace says, "we can't use fertilizer to the best advantage unless we know what we have in our soil store house." Cost of a soil test is \$2 and soil containers and mailing instructions may be picked up at any local county agricultural Extension agents office.

## Scouts return from Jamboree

Richard Ashton Jr. called home yesterday to report

## Raymond Cope leave Mowrey

Raymond Cope announced this week he has resigned his position as vice president and sales manager of Mowrey Gun Works, a firm with which he has been associated 10 years.

Cope, an Iowa Park resident, is now a salesman with I.H.R. Burglar Alarms of Wichita Falls.

Mowrey, which recently moved its operations here from Olney, was owned and operated by brothers Raymond and Donald Cope more than eight years before Neil McMullen of Wichita Falls acquired controlling interest 18 months ago. The firm has nine employees.

that he and Floyd Spencer of Holliday were having a very enjoyable trip to the National Boy Scout Jamboree being held in Morine, Pa. The youths are part of a 30-Scout delegation from the Wichita Falls area.

During the week of camping they sailed, swam, canoed, traded patches with boys from all over the United States and had a county fair where each troop demonstrated skills.

At the closing Council Fire Tuesday night they were entertained by folk singer Byrle Ives and Miss Teenage America. There were fireworks and a demonstration on what one person could do by having each of the 28,000 Scouts light one small candle. When all were lighted, the area was "bright as day," Ashton reported.

## ABOUT HEALTH SERVICES

# You speak your peace

Every person in Wichita County can have something to say about his or her health care. And every person can make a difference. Citizens will be asked to participate in the Tri-Region Health Systems Agency's (HSA) planning and development process.

The Tri-Region HSA was created by Congress in 1974 under the National Health Planning and Resources Development Act. It is the consumer-oriented, non-profit corporation empowered by Congress to provide comprehensive health planning and development for this health service area which includes Wichita County.

Tri-Region HSA Board member Clay Ellis of Wichita Falls said that HSAs were created because the federal government believes that citizens should have equal access to quality health care at a reasonable cost. "Congress didn't feel that previous federally-funded programs have achieved this priority," Ellis said.

"Congress said that HSAs should help solve four major problems in the health care system, Ellis continued. "Those are lack of uniformly effective methods of delivering health care, poor distribution of health care facilities and manpower, increasing costs of health care and most people's lack of knowledge of proper personal health care and how to use available health services effectively."

To achieve their purposes, the HSAs are required by law to include consumers of health care, as well as providers, in their planning and development programs. The Tri-Region HSA will soon announce meetings and workshops which will be held for this purpose.

Overall, the HSA is legally charged to improve the health of residents in the health service area. This means increasing the quality of health services while making sure they are accessible and acceptable to area residents and that the

appropriate services continue as long as a patient is in need. The HSA must also plan activities to control increases in cost of providing health services, and to prevent unnecessary duplication of health services.

To help achieve these goals, the HSA must prepare a five-year Health Systems Plan (HSP) and amend and update it annually. In addition, the HSA must produce an Annual Implementation Plan (AIP) which outlines projects and activities which will allow the HSA to reach the objectives of the HSP.

The Tri-Region HSA will be the organization reviewing the need for any proposed changes in health facilities in the area. The HSA will recommend to the Texas Health Facilities Commission and the Texas Department of Health projects and priorities for modernization, construction and conversion of medical facilities and projects to avoid or eliminate unnecessary duplication of services.

The question arises, how does the average citizen

participate in the HSA activities? And why? First, consumers are a majority of the HSA Board members. Members serve two-year terms, and each year the HSA invites Board nominations from interested parties and organizations. The HSA also invites citizen comments on the Board composition and qualifications of its members in writing and during a public hearing. Second, all HSA Board and committee meetings are open to the public.

Third, all HSA records are open to the public. They are available in the HSA office and the HSP and AIP at several stages. A series of community workshops will be held throughout the area to gather citizen comments on what the area's health needs and priorities are. All Board and committee meetings held to develop these plans are open to the public. And drafts of the plans will be made available to the public for review and comment in writing and during public hearings before their adoption by the HSA Board. Once adopted,

the HSP and AIP will be distributed to all area libraries so interested persons have access to them.

And fifth, consumers are invited to participate in the development and review of each year's re-designation application which the HSA must submit to the U.S. Department of Health, Education and Welfare.

Why should a private citizen bother to participate? Because the Tri-Region HSA is the planning, implementation, and review organization for anything that affects an individual's health in this part of the State. It is the local group that can affect change. If the public says that Wichita County needs more doctors, more nurses, more hospitals or more nursing homes, this Agency has the responsibility to try to meet that need.

The HSA is committed by law to respond to public needs and requests, but the citizen has to make his views known. There will be the opportunity to do this in Wichita Falls when the HSA hosts a workshop Aug. 23, the place to be announced.

## Wichita oil production important to nation

The massive energy needs of this nation continue to grow in the face of declining crude oil and natural gas production in Texas and nationwide. Because of this, Wichita County's 1976 petroleum production was as important as in any year since production began in 1910.

Economic conditions within the county were improved substantially by the marketing of crude oil and natural gas with an estimated value of \$50.2 million and an industry payroll said to be \$30.7 million, according to a report prepared by the staff of the Dallas-based Texas Mid-Continent Oil & Gas Association.

Jack S. Blanton of Houston, president of the Association, said, "The decline in Texas' oil and gas production makes it imperative that Congress adopt policies which will encourage more exploration and drilling in the nation's No. 1 energy state. This is a facet of the energy supply problem that President Carter has not dealt with adequately in his proposals."

According to figures from the U.S. Bureau of Mines, Texas' crude oil production last year was approximately 1,189,719,000 barrels, down from 1,221,929,000 barrels in 1975, and the fourth consecutive year of decline from 1972's all-time high of just over 1.3-billion barrels.

Natural gas production, estimated by the Bureau at 7,192,371 MMcf, also was down from the 1975 figure of 7,485,764 MMcf. Texas gas production also peaked in 1972 - at 8,657,840 MMcf - and has fallen each year since.

Blanton said that drilling starts and expenses reached all-time highs in Texas last year and noted that this was directly attributable to a free market for intrastate natural gas. He also pointed out that a five-year lag time exists between increased drilling activity and increases in proved reserves.

Wichita was one of 200 Texas counties last year which produced crude oil and natural gas with a marketed value of \$100,000 or more, the same number as in 1975. The county ranked 76th in the total estimated value of petroleum produced, realizing \$49.7-million from the sale of 6.1-million barrels of crude oil; \$467,500 from the sale of 609,540 Mcf of natural gas. Payments last year to owners of royalty in the county totaled an estimated \$6.3-million.

In addition to the payment of local school and county property taxes, producers in the county also contributed to the support of state

government through production tax payments calculated by the Association at \$2.3-million, with \$2,285,650 coming from crude oil output; \$35,100 from natural gas.

According to the Texas Employment Commission, 2,865 employees worked in the industry in the county last year. These direct employment figures do not take into account employment by the service and supply firms that support oil and gas company exploration, production, transportation, and processing activities and, as a result, do not reflect the industry's full impact on the county's economy.

The search for additional petroleum continued in Wichita County in 1976, with oil and gas developers spending an estimated \$17.5-million in the drilling of 442 wells, including two classified as wildcats. Some \$2.6-million of that amount was lost in 70 dry holes. The 372 strikes were oil wells.

## Texas 36th reunion set

Labor Day Weekend will bring 600 veterans of the famous Texas' own 36th Division Association for their 52nd annual reunion.

Royal Coach Motor Inn is Headquarters for the men who wore the "T-Patch" during WWII, the first American troops to invade Hitler's Europe at Salerno, Sept. 9, 1943.

The 36th Division, made up of men of the Texas National Guard were mobilized in November 1940 at Camp Bowie, Brownwood, with 10,000 men. The Division strength of 18,000 was made up of draftees from Texas. Replacements were made from men of every state in the union.

Registration for the reunion starts Fri., Sept. 2, with a hospitality party that night, general assembly at 1 p.m. Saturday, with General

Paul Adams as guest speaker, and dinner dance at 7 p.m. Memorial services will be held on Sunday, Sept. 4 at 10 a.m.

The 36th Division served in 5 major campaigns in Europe, had 15 Congressional Medal of Honor winners, and were credited with the capture of Hermann Goering and Field Marshall Von Rundstedt.

For information, contact: Amil Kohutek, membership chairman, 1933 College St., Abilene, TX 79602.

## New licenses to be mailed

New hunting and fishing licenses will be mailed to sales deputies Aug. 19.

Texas Parks and Wildlife Department license sales officials say 1.7 million licenses will be mailed at that time, about 70 percent of the total to be distributed about the state during the coming year.

Major licenses to be mailed include resident combination hunting and fishing, \$8.75; resident hunting, \$5.25; resident exempt hunting, \$1.25; and resident fishing, \$4.50.

The resident fishing license is up 25-cents from last year. It will not go on sale until Sept. 1 at which time it will be valid until Aug. 31, 1978.

One change of significance on hunting licenses of all varieties this year is in the three tags used for turkeys.

Two will be valid only for turkeys killed during regular fall seasons - October, November, December and January. The third tag is to be used in those counties with a spring turkey season. Reverse side of the spring tag will have only the month of April.

## "I'm looking for a new house right now and there are certain energy-saving features it must have."

"I'm a cashier supervisor for Texas Electric and we deal with customers' bills all day long. Nobody knows better than I do that people are having to pay more for electricity these days.

The reason bills are up — mine too — is because it's costing more to build plants and buy the fuel to run them.

My wife and I are looking for a new house right now and I know there are certain energy-saving features that will have to be in the house. Otherwise, I won't even consider buying it.

Proper insulation is number one on my list. It helps keep operating costs down, which means I might be able to afford a nicer house.

If you're thinking about buying a new home, you ought to get a copy of Texas Electric's E-OK booklet. It tells you all about homes that are certified energy efficient. For a copy of this free booklet, just give us a call. Or request one on the comment portion of your electric bill."

Electricity. You count on it today. We're working to keep it that way.

W. N. HOUSE, Manager, Phone 592-4149

Rudy Franco, Texas Electric Cashier Supervisor.
