## BIGGER AND BETTER Annual celebration slated here this weekend

If progress means "bigger and better", then the 1977 Homecoming and Whoop-T-Do are making progress.

Everything is bigger and better, according to the many people who have responsible jobs in organizing the activities.

For one thing, the annual Ex-Student Association banquet planned for Saturday night has hit an all-time record, and is still growing.

Mrs. Ruth Gard reported yesterday morning she already has 240 names registered for the event, and knows several who plan to attend but had not registered. She said the total could possibly exceed 300.

Those wishing to register should contact her, or the Chamber of Commerce office, by Friday noon. To begin at 8 p.m. in the high school cafeteria. Lynn Hensley, IPHS graduate now a practicing attorney in Houston, will be the speaker.

Classes of 1907, 1917, 1927, 1937, 1947, 1957, and 1967 will be honored. Weather permitting, the annual Arts and Crafts show could exceed any previous showing here, despite competition with a show in Wichita Falls.

Highlight of the show will be selection of the "People's Choice" award, which will be a new feature. Entrants may enter this event for 25 cents per entry, or three for \$1, with the money going to defray cost of awards.

Registration table for the "People's Choice" will be on the west side of the old hotel building on Wall. First, second and third place ribbons will also be awarded in several categories.

Anyone can display their arts and crafts on the sidewalks in the

downtown area, at no charge. The sponsoring organizations, however, ask that those who sell their displays pay 20 per cent commission. The money goes to support the City Library.

Another major feature of the sidewalk show will be the children's art exhibit.

Noted artist Jack Stevens will paint a scene during the day, and the piece will be auctioned at the end of the talent contest at 5 p.m. in front of the Chamber office. This money also will go to the library.

Numerous other demonstrators will be working on the sidewalks, including: Margaret Henderson, cane weaving; Darlene Dillard, water color; Mrs. Jack Witherspoon, oil on canvas; Mrs. Joe Singer, tole painting; Mrs. Marylu Palmer, acrylics; and Mrs. Mary Moser, leatherwork.

Sponsors of the annual show are the 23 Study Club, Philia Study Club, Garden Club and Friends of the Library.

Signaling the beginning of the

weekend activities will be the annual homecoming bonfire at 8 this evening. It will be located in the vacant area between Park West Shopping Center and Shaw Motor Co.

Between 11 a.m. and 3:30 p.m. Friday, numerous old photographs and documents from early days of the community will be on display at the State National Bank.

What is described as one of the largest parades ever held in Iowa Park is to take place in the downtown area at 4 p.m. Friday. The parade will form at the junior high and make its way through the downtown area, winding up at the shopping center. The Student Council is coordinating the event.

A big bicycle division is expected to be a major feature.

A capacity crowd is expected to jam into Hawk Stadium for one of the oldest rivalries Iowa Park has in athletics. The Hawks will take on the Burk Burnett Bulldogs, starting at 8 p.m.

Prior to the game, the Iowa Park  
Continued on page 5.

## Hawks take on Burk in homecoming bout

Iowa Park's Hawks are hoping to pull off an upset for their homecoming fans in Hawk Stadium tomorrow evening, and win their second consecutive homecoming game.

The Hawks are the decided underdog entering the game, with an 0-4 record. Burk Burnett, though only 2-2 on the year, came with a few minutes of beating powerhouse Brownwood last Friday, but the Lions came from behind to win 24-21.

It was in last year's homecoming game that the Hawks beat Azle. That was the only varsity victory for Iowa Park football teams since 1974.

A win over Burk Burnett could turn around a dreary season for the Hawks, and set the stage for a homecoming celebration not to be forgotten in Iowa Park.

For the young Hawks, who are laden with sophomore starters, manpower could be short. Coach Pat

Tone listed four players who were hampered this week by injuries: Troy Thompson, Randy Gibson, Blain Horton and Andy Sitgraves.

Thompson and Gibson received leg injuries last week against Stephenville, while Horton has been ailing with a sore back and Sitgraves with ribs.

Thompson and Sitgraves are Iowa Park's two prime tailbacks. Gibson and Horton are defensive mainstays.

Burk beat the only common opponent the Bulldogs and Hawks have faced this season, Hirschi, 14-2 in the season opener. They were edged by Duncan 25-21, and then downed Clyde 14-3.

Iowa Park lost to Hirschi 28-7.

"We hope the fans will keep up their support of the kids," commented Tone. "They need it. They're trying as hard as they can and are improving each week."

Kickoff time is 8 p.m., with homecoming queen crowning prior to the start.

## Trial date to be set

Another chapter in the Bobby Johnson bankruptcy saga will take place Tuesday when H.C. Johnson and Patricia Price appear before U.S. District Judge Robert Hill.

They are scheduled to appear before Hill at 10 a.m. Tuesday in the Wichita Falls Federal Building, according to the U.S. district court clerk.

Only action concerning the case Tuesday is that Hill is expected to set a trial date for the two Iowa Park residents, who were named in a 26-count federal indictment including Bobby Johnson involving alleged interstate transportation of stolen grain and the furnishing of false information.

H.C. Johnson and Mrs. Price both pleaded innocent to the charges.

## Bank's deposits at all-time high

The State National Bank surpassed a milestone Monday, when deposits exceeded \$13 million for the first time in the firm's history.

Deposits as of Monday afternoon amounted to \$13,119,000, according to Stanley Williamson, chairman of the board and acting president.

## City, school meetings set

Both the city council and school board will face heavy agendas when they hold regular meetings next week.

The city meets at 7:30 p.m. Monday in the Texas Electric Service building, while trustees will begin at 8 p.m. Tuesday in the administration building.

Highlighting the city meeting will be discussion of water for the Bogan Acres development, and a possible resolution to the Highway Department to install four-way stop signs at three locations on the old highway.

Other subjects will include: amending building code ordinance to not charge school for building permits; discuss audit report; hear an appeal from Sidney Smith to open Cornelia Street between Pacific and First Street; fireman pension fund; and unemployment compensation.

The Traffic Safety Commission, which met Tuesday, has recommended to the council that four-way stop

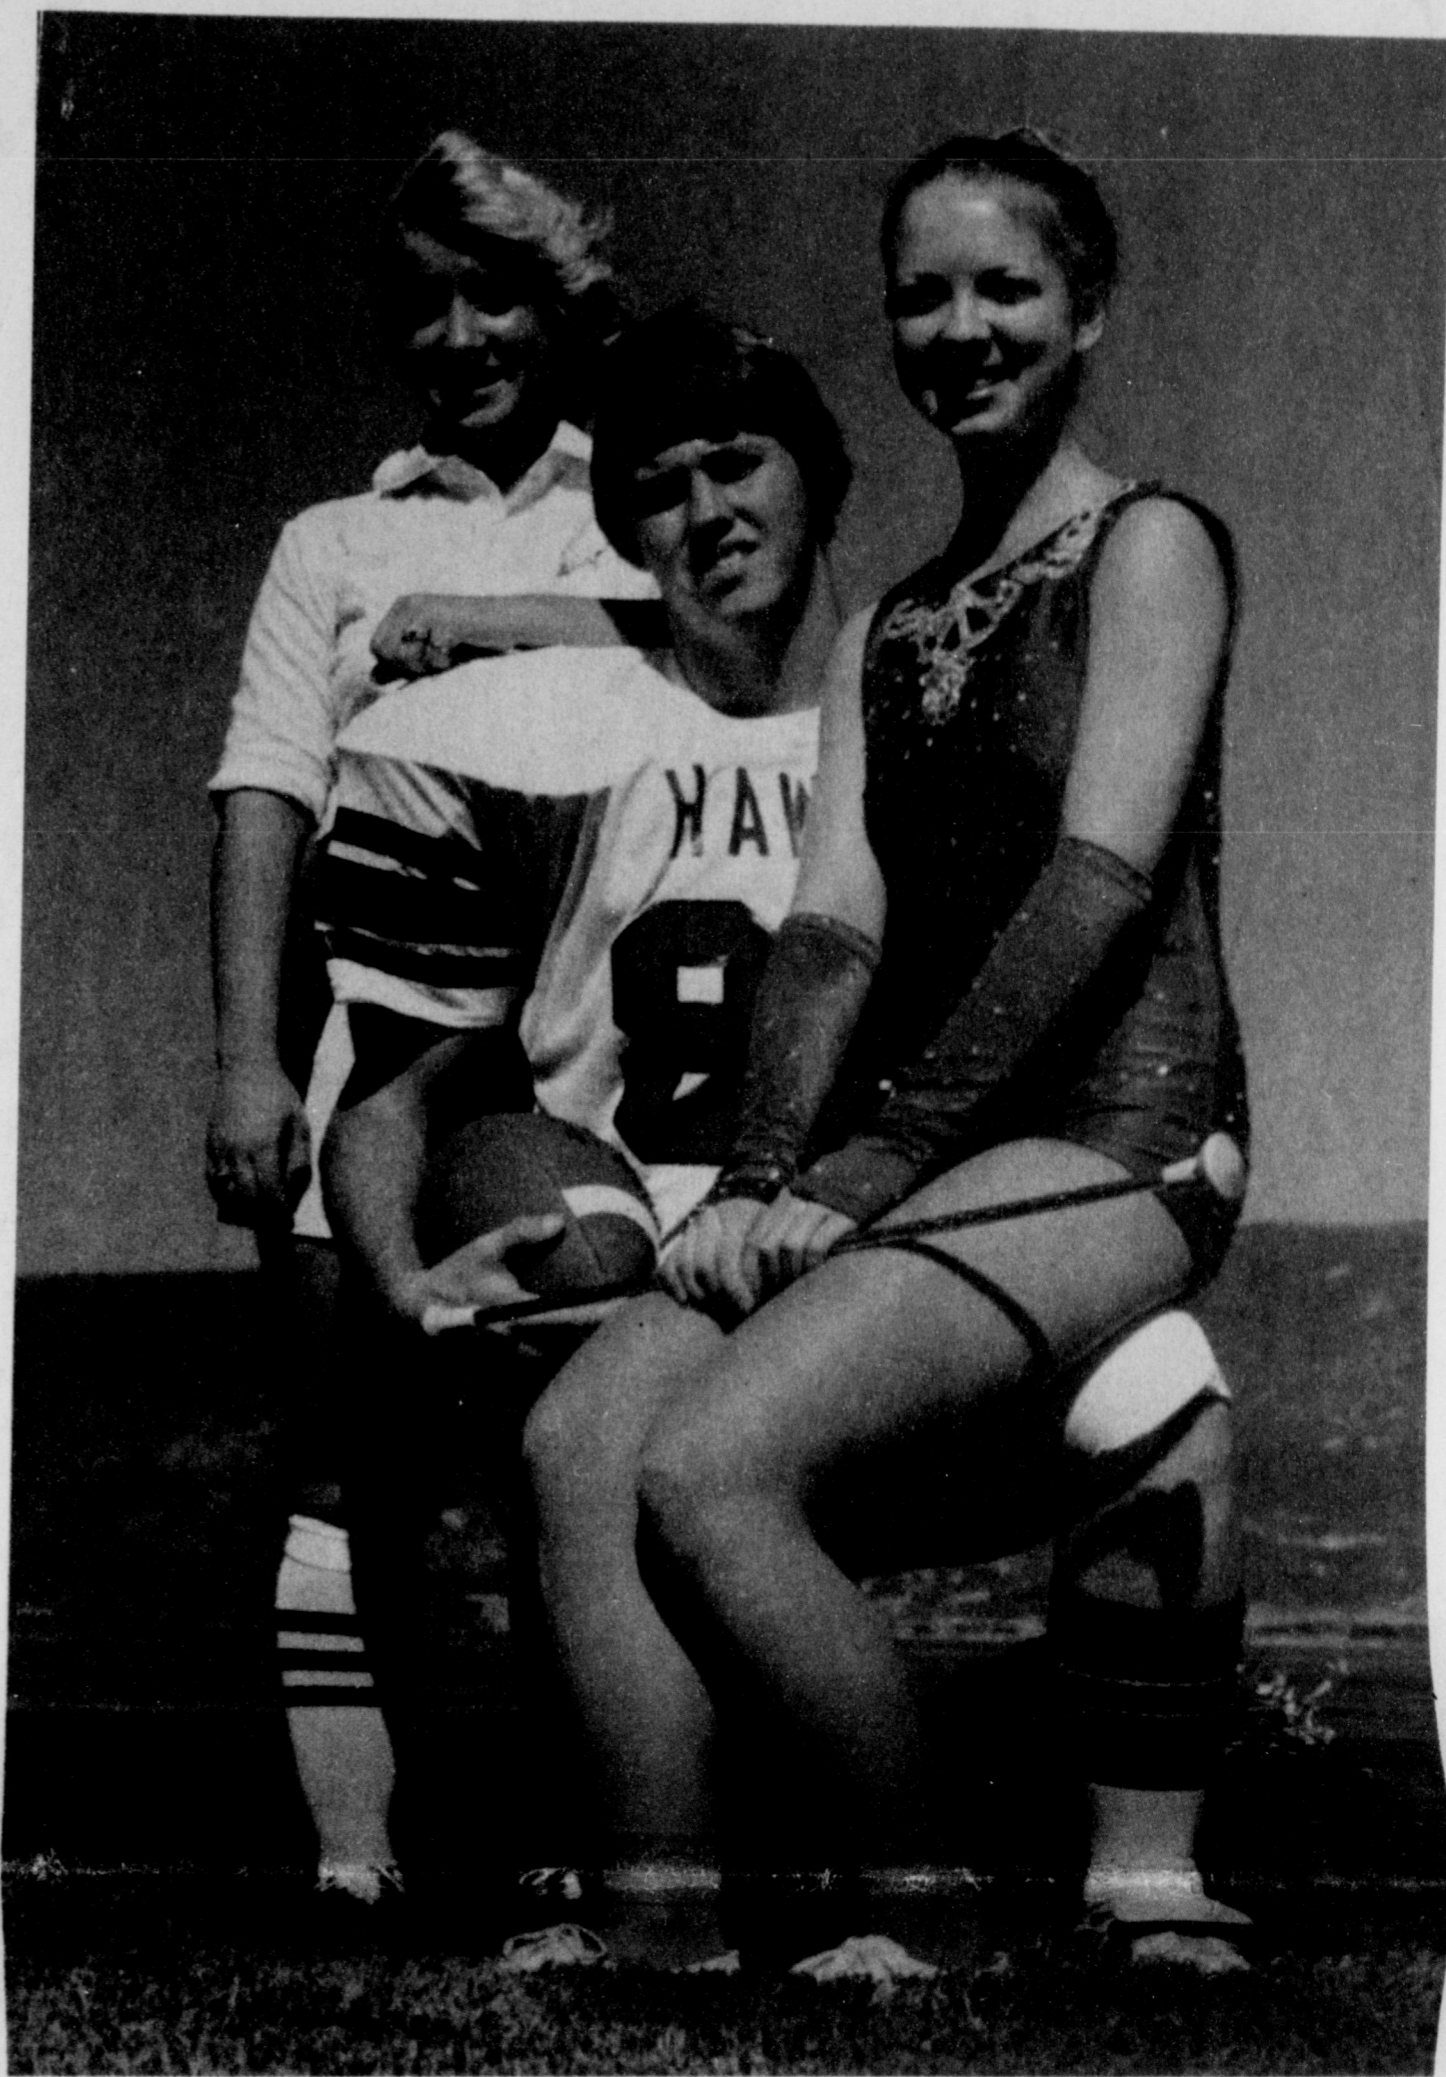

signs be installed on the old highway at Johnson Road, Yosemite and Victoria. In addition, a request for flashing crossing lights for students to be installed west of Cabe's.

Responsibility for extending the water lines to Bogan Acres, at the southeast corner of Bell Road and Expressway 287, was brought up at the last meeting, and has been put back on next week's agenda.

### TAX EXEMPTION

School trustees will study the possibility of giving a \$3,000 tax exemption to persons 65 years of age residing in the school district.

Other topics which will be on the agenda include: regular reports; consider policy change involving student records; vocational student trips for year; resolution on check signing machine; report on enrollment; approval of new state mileage rate for travel; election of personnel to be funded under new federal programs.

RIGHT IN THE MIDDLE of Friday night's Iowa Park High School homecoming activities are three popular Senior students, cheerleader Suzanne Davis, left, tight end Eddie Cannedy and feature twirler Carrie Cole. All will be

taking part in the big Iowa Park - Burk Burnett football game and related activities before an anticipated capacity crowd in Hawk Stadium. Crowning of the homecoming queen will be at 7:45 p.m., and the kickoff will follow at 8.

## Building permits zoom here during September

Building permits were issued by city hall for five new homes to be built in the city, making September one of the largest months for permits this year.

Permits for the month amounted to \$241,000, boosting the year's total to \$919,151. For the same nine-month

period in 1976, the total was \$701,799. And for 1974, it was only \$343,686.

The previous month's permits amounted to only \$95,400.

Permits issued during September were: Brownie Tanner, 320 E. Cash, add-on, \$4,000;

Howard Hatcher, 600 W. Rebecca, mobile home, \$4,000;

## United Way campaign reaches 39% of goal

"Iowa Park's efforts to achieve its share of the United Way goal should more directly effect each citizen this year because of our own home-based Senior Citizen's Center," Bill Steger, co-chairman of the Public Employees division of the campaign said.

The \$1,112,805 goal for Iowa Park, Burk Burnett and Wichita Falls was set by the executive committee of the United Way to carry out services such as the Friendly Door, Steger pointed out in explaining the need for volunteer giving.

"When communities grow, such as ours has, we need some home-based services in addition to the ones available in Wichita Falls, and by achieving United Way funding we can help provide these agencies for our citizens," Steger said.

Steger served as steering committee chairman for the Senior Citizen's Center from the conception of the idea to its reality.

"This included the preparing of budgets, budget hearings and future projections of growth and services," Steger said. "All of this study and preparation is necessary before the

Admission and Budgeting Committees of the United Way. All of these committees are made up of area citizens and they are very thorough," Steger stressed.

Charles Lee, local campaign chairman, said that the "Rec" Center has been through the processing and is still awaiting its state charter. "United Way funding has already been granted. We're just waiting for the Charter to make it official," he said.

Serving with Lee on the campaign cabinet for Iowa Park are: Advance Gifts Chairman, Keith Aulds; Major Firms Chairman, Wayne House; Public Service Chairmen, Faris Nowell, Gene Britton and Steger; Metro Chairman, Mrs. Bobby Shaw; and Professional Chairman, Joe Singer.

Tuesday, at a report meeting in Wichita Falls, 39 percent of the goal was reported, amounting to \$432,089. Over 500 volunteer workers throughout the Iowa Park, Wichita Falls, Burk Burnett, and Sheppard Air Force Base area are taking part in the campaign.

## Epsilon Eta members hear program on Texas

Another in the series of programs on Texas for the current year was presented by Mrs. Jean Proulx for the meeting of Epsilon Eta

chapter of Epsilon Sigma Alpha Tuesday evening. The meeting took place in the Reddy Room of Texas Electric and the hostesses

were Mrs. R.B. Faulkner and Mrs. Roy Johnson. Introduced by Mrs. D.W. Mercer, education chairman, Mrs. Proulx gave brief high

points of interest about the city of Waco and the Mexia Groesbeck area. In Waco, she chose Cameron Park, Brazos Queen River Boat, Homer Garrison Museum, Hall of Fame, Texas Rangers, Waterworks, and Browning Library at Baylor University to highlight. In the latter area, she told how Cynthia Parker, mother of Quannah Parker, figured in its history and pin pointed Fort Parker and the Memorial Cemetery for emphasis.

Mrs. Charles Dudley presided during the business preceding the program which was opened with a devotion "Recipe for Happiness" by Mrs. Johnson.

Mrs. Faulkner stated that details had been worked out for the chapter's car entry in the homecoming parade Friday which would carry out a "Bonnie and Clyde" movie theme.

Mrs. Bill Vanek, chairman of the Whoop-T-Do queens contest, reported that ten girls were competing for the Junior Miss title and eight girls for La Petite. She said that the queens would be announced and crowned at 2 p.m. Saturday.

During the social hour, Mrs. Tom Venhaus was honored with a shower of gifts for the couple's new baby, Amanda Leigh.

Others attending were Mmes. Kennie Jones, Allen Gilstrap, Dalton Bleeker, Bill Hrneirik and Homer Blalock.

CINDY FLANAGAN

### Cindy Flanagan selected Teen-Age semi-finalist

Cindy Flanagan, a senior at Iowa Park High School, has been selected as a National Semi-Finalist in the candidate-at-large category of the Miss Teen-Age America contest.

Miss Teen-Age America is a national competition for college scholarships. Al-

though appearance is considered, more weight is given to achievement in all areas, talent, academic success and test scores.

From the semi-finalists, selection of the finalists will be announced Oct. 19. Candidates are competing for all-expense paid trips to the nationally-televised finals.

Cindy is the daughter of Mrs. Georgia Flanagan. She is an officer in the Hawk Band and A Cappella Choir, a member of the Tempus, National Honor Society, Student Council and co-editor of the 1977-78 annual.

She was a regional finalist in track in 1976 and a district finalist in 1977. She has been selected for Who's Who in American High Schools for 1976-77. She plans to attend Midwestern State University following graduation from high school.

### Couple wed

Mrs. Aletha Penn and Leon Sanders were united in marriage in a service performed by the Rev. Kenneth Flowers in his study at First Baptist Church Saturday morning.

Attending the service were Mr. and Mrs. Keith Aulds, Rev. and Mrs. Bill Campbell and Mr. and Mrs. O. L. Dawson from Hale Center.

The couple left for a trip through central Texas following the wedding.

### Friendly Door gains members

New members of Friendly Door during September were Mmes. E.C. Koonce, Jewell Darnell, Leonard Jones, Velma Vaughan, Cleo Lewis, Mattye Hale, Sidney Dalrymple; Messrs. and Mmes. R.F. Green, George Richter, C.O. Stubbs, B.W. Whisenhunt, Bill Charlesworth and Les Swanson.

Volunteers for the month were Miss Ethyle Kidwell; Mmes. Pauline Steele, Bertha McDonald, Erwin F. Soell, Charlie Lee, H.A. Nipper, G.R. Rusk, Earl Watson and Bill Andersen.

Danny Parkerson and Mrs. Otis Gay will lead the singsong today and Mike Hubbard from Newman and Hubbard Law Office will speak to the group Monday. A bingo party is scheduled for next Thursday and members are reminded to bring their white elephant gifts.

### Work with blind is explained

Operations and objectives of the Beacon Lighthouse for the Blind in Wichita Falls were explained to the Noon Lions Club Tuesday by Marie Lankford, director of rehabilitation.

She explained the operation was designed to provide a variety of services to help the blind rehabilitate and become productive citizens.

The Beacon, organized in February of 1974, receives 80 per cent of its funding from the Dept. of Health, Education and Welfare, and the balance from the Junior

League of Wichita Falls. However, funding from the two sources is scheduled to end next year, when the organization is to become self supporting through its vocational department.

Primarily, the Beacon offers vocation evaluation, work adjustment, on job training, sheltered workshop employment and social services.

Mrs. Lankford pointed out that 15 per cent of the population are potential candidates for the workshop.

## Cook of the Week

Pumpkin, the bright orange symbol of the harvest season is not unique to this country even though we think that it is a food allied to autumn in America.

In Europe, the pumpkin finds much wider use than simply an ingredient for a pie or cake or an autumn

decoration. One venerable French recipe, Ragout de la Recolte, or harvest stew, is traditionally served from a large, baked pumpkin and adds to the festiveness of any dinner party.

In America, a Pumpkin Cake adds enough spice and flavor to please the epicure or satisfy the plain hungry. Mrs. Howard Marlar's recipe for the cake will probably be an incentive to housewives to check the pantry shelves to see if they have all the ingredients on hand. Her other recipes also seem very appropriate for the harvest season.

Adell and Howard Marlar, who is field foreman for Texaco at Electra, have lived in Iowa Park since

January. They have two sons, Mike, who works for Western Co. in Aztec, N.M. and Brian, a student at Midwestern State University.

Mrs. Marlar, a graduate of Pampa High School and business college there, worked for 13 years at Nolte Bookkeeping in Pampa. She is president of the Day Baptist Women and Gleaners Sunday School class of First Baptist Church and a member of the Iowa Park Garden Club. Her hobbies are sewing and mini-painting.

## As I See It....

By BOB HAMILTON

Whooooo! Boy, is this going to be a big weekend in Iowa Park!

The Whoop-T-Do was created by the Chamber of Commerce a few years back, to give people something to do during homecoming weekend. And it has done just that.

Members of the Chamber felt Iowa Park, like any other community, needs a special celebration each year. It gives people something to plan for, take part in, and then talk about until the next one comes around.

Iowa Park hadn't had anything like that since the Texas-Oklahoma Fair was disbanded, and it was apparent the community needed something to

take its place.

If you don't like the name, just blame Ralph Beal. He was Chamber president the first year of the celebration. His suggestion for a name didn't really catch on... it just sorta hung around after being offered, and nobody had the heart, or alternate suggestion, to turn it down.

If registration for the Ex-Students Association banquet, to be held Saturday night, is any indication of the number of people who plan to take part in the weekend's activities, we should have a crowded town for a couple of days.

I hope we do have good participation from our former residents. I like to hear their comments about improvements in the community since their last visit. And, as always, I encourage them to consider returning to live here.

Yep, there'll be a lot of "remember when ..." conversations buzzing around Iowa Park this weekend. And there's a lot of entertaining activities for everyone, whether a former or

present resident.

Be sure to take part. Alas, I can't even take my own advice this year. This will be the first homecoming weekend I've missed since I've been in the newspaper business.

Our staff, Olive Blalock and Lewis Simmons, will be covering all of the goings on, but Dolores and I will have to be out of town.

It's part of my duties as president of the Texas Press Association.

We'll have a pretty good substitute, however. We will take part in the official opening ceremony of the Texas State Fair in Dallas Saturday morning, and then that afternoon watch the Texas-Oklahoma football game in the Cotton Bowl.

I've always heard something good comes out of anything that is bad, so I guess Saturday's Dallas trip will be our good part.

But to all of you who will be here, I hope you have a fine and enjoyable time. And best of luck to the Hawks against Burkburnett!

## Celebration

Continued from page 1.

High School homecoming queen will be crowned in appropriate ceremonies on the football field. The queen and her court will then view the game from the sideline.

Saturday's Whoop-T-Do will commence when the starting gun of the annual Turtle Trot is sounded at 9:30 a.m. in front of the Chamber office. A \$25 U.S. Savings Bond will be awarded to the owner of the winning entry.

Then, until 5 that afternoon, the carnival-like Whoop-T-Do will continue in the street between the City Hall and Post Office.

More organizations will have booths this year than any year in the past, according to Mrs. Ray Pittman, Chamber secretary.

Climax of the Whoop-T-Do will be a new event, a talent contest which is to begin at 3 p.m. Cash awards and trophies will be awarded to the division winners.

Throughout Saturday, several members of the Retail Merchants Association will hold a sidewalk sale in front of their establishments.

## Humor 'n Whimsey

Joe Riordan

When I enrolled in Northwestern University I was glad my mother had insisted I learn to dance. Sorority dances were good places you could meet the opposite sex. Eventually, I met quite a few, dated some, became friends with others. I still get a Christmas card from one of them -- a girl I'll call "Taffy." She's happily married to a lawyer in New York. But, our friendship has continued since college days.

I realized one thing the first time we met. She was obviously the daughter of a wealthy family. Since I was a veteran, attending school on the G.I. education bill, I was sure our friendship would be brief. Monetarily speaking -- I was out of her class.

But, we found a mutual interest. We were both taking a course in creative writing and it was causing problems. "Taffy's" problem was she couldn't write creatively. Mine was I hated to type the manuscript which was due each Friday. We soon made a pact. Instead of one original story

each week -- I wrote two -- and "Taffy" typed them neatly before they were submitted.

By mid-semester we were close friends. We discussed our parents, school, and people we dated. She often talked about her home in a wealthy suburb of Cleveland. One day she mentioned a problem her parents were having with servants.

"You mean you have servants in your home?"

"Sure," she said without a trace of bragging. "We have a cook, a maid, and a man who doubles as a chauffeur and gardner."

I was stunned. I had heard of families with servants, but I never knew anyone wealthy enough to actually have them.

"Taffy," I said, as I put a match to my pipe, "tell me something. How does it feel to be rich?"

She looked at me for a few seconds and shook her head. "I don't know. You see -- I've never been poor."

## Burglars strike Sonic Drive In

Iowa Park police are investigating the burglary of Sonic Drive In which was hit for \$580 worth of cash and equipment.

Kim Edward Cordley, manager of the eating establishment at 719 W. Highway, told police last Thursday that someone had entered the building and stolen a cash box containing \$200 and an electronic calculator valued at \$380.

Police said they could find no sign of forced entry.

In August the Sonic was victim of a similar burglary in which \$113 in cash was taken, according to police files.

Police here also are investigating the burglary of Ayres Tire Co. at the intersection of Johnson Road and Expressway 287.

Bill Cochran, store manager, told police a tire rack and 15 used tires valued at \$150 had been stolen.

Wednesday morning Iowa Park police recovered a pickup truck reported stolen the night before from Catlin Gulf Station at 808 E. Highway.

Iowa Park police recovered the pickup which had been abandoned in a creek bed just off Horseshoe Lake Road between Old Iowa Park Road and FM 367.

**THE HOLY SPIRIT**

The Lord Jesus Christ was begotten by the Holy Spirit, which is also called "the power of the Most High" (Luke 1:35). The same power raised him from the dead; and by the same power those who are faithful to him will be made immortal when he comes again. Paul speaks of the "exceeding greatness" of God's power towards those who believe, "according to the strength of his might which he wrought in Christ when he raised him from the dead" (Eph. 1:19-20, R.V.). Believers will be "changed", so that their "vile body" is "fashioned like unto his glorious body"; and this is spoken of as the work of Christ, "according to the working whereby he is able to subdue all things unto himself" (Phil. 3:20-21).

We learn, then, that (1) the "Spirit" and "power" of God mean the same, (2) this "power" raised Christ, and (3) will raise believers; (4) the power will be so under Christ's control that what is done is spoken of as his own action.

"Spirit" and the words it is used to translate all have the same root meaning of "breathing" or "blowing". By a figure of speech they are used for the "outbreathing" of God's power and being. They may also stand for mind and disposition, as when we say a man shows "a good spirit".

1. -- The Spirit of God flows from Him. -- "Thou sendest forth thy spirit, they are created" (Psa. 104:30).

2. -- The Spirit is God's active power. -- In the creation, "the Spirit of God moved upon the face of the waters" (Gen. 1:2). "By his Spirit he hath garnished the heavens" (Job 26:13). "The Spirit of God hath made me, and the breath of the Almighty hath given me life" (Job 33:4).

3. -- The Spirit is the principle of life. -- "He giveth breath unto the people upon it, and spirit to them that walk therein" (Isa. 42:5). "The Lord God ... breathed into his nostrils the breath of life" (Gen. 2:7). "He giveth to all life, and breath, and all things" (Acts 17:25).

4. -- God is universally present through His Spirit. -- "Whither shall I go from thy spirit? Or whither shall I flee from thy presence? ... If I make my bed in Sheol, behold, thou art there. If I ... dwell in the uttermost parts of the sea, even there shall thy hand lead me" (Psa. 139:7-10). "Can any hide himself in secret places that I shall not see him? saith the Lord. Do not I fill heaven and earth?" (Jer. 23:24).

5. -- God, through His Spirit, is the source of all things that are, and through the universal Spirit all things are sustained in being. -- "Of him are all things" (literally, "out of him") (1 Cor. 8:6). "In him we live, and move, and have our being" (Acts 17:28).

6. -- The Spirit is also equivalent to the mind of God. -- "My spirit shall not always strive with man" (Gen. 6:3). "They rebelled, and grieved his holy spirit" (Isa. 63:10, R.V.). "Grieve not the Holy Spirit of God" (Eph. 4:30).

7. -- When God communicates His mind to

men, it is spoken of as communicating His Spirit. -- "I will pour out my spirit unto you. I will make known my words unto you" (Prov. 1:23). "... Rebellious children ... that take counsel but not of me; and that cover with a covering, but not of my spirit" (Isa. 30:1).

8. -- The Spirit may rest on chosen men, so that with a power not their own they speak things beyond human knowledge. -- "The Spirit of the Lord came mightily upon David from that day forward" (1 Sam. 16:13). "The Spirit of the Lord spake by me, and his word was in my tongue. The God of Israel said ..." (2 Sam. 23:2-3). "Holy men of God spake as they were moved by the Holy Spirit" (2 Peter 1:21).

9. -- When God led Israel out of Egypt, He manifested Himself through an angel filled with His Spirit; and this is described as "putting His Holy Spirit in the midst of them". -- "Where is he that brought them up out of the sea with the shepherd of his flock? where is he that put his holy spirit in the midst of them? that caused his glorious arm to go at the right hand of Moses?" (Isa. 63:11-12, R.V.).

10. -- Jesus was filled with the same spirit power. -- "The spirit of the Lord God is upon me; because the Lord hath anointed me ..." (Isa. 61:1; Luke 4:18). "God anointed Jesus of Nazareth with the Holy Spirit and with power" (Acts 10:38).

11. -- Receiving authority so to do as a gift from his Father, Christ bestowed the power of the Spirit on his apostles after his ascension. -- Peter said at Pentecost: "Therefore being at the right hand of God exalted, and having received of the Father the promise of the Holy Spirit, he hath poured forth this, which ye see and hear" (Acts 2:33, compare R.V. margin).

12. -- By this Christ fulfilled the promise of a "Comforter" to lead the disciples into all truth and empower them in their mission. -- "The Comforter, which is the Holy Spirit, whom the Father will send in my name, he shall teach you all things ..." (John 14:26, 16:13; 16:13).

13. -- The Holy Spirit is the Spirit of God specially directed to the work of redemption; and all references which name the three together show the Father as source and origin, the Son as the means, and the Holy Spirit as the operative power, in this work of redemption. -- Read carefully Matt. 28:18-20; Acts 2:30-35; 1 Cor. 12:3-6; 2 Cor. 13:14; 1 Peter 1:2.

"God", it is said, "is spirit" (John 4:24). The Spirit is the being and power of God, both universally and in particular manifestation. Father and Son are completely at one in mind and purpose, and -- since Christ was glorified -- in nature; together they exercise the power which is termed Spirit. There is a profound unity between Father, Son, and Holy Spirit; but, as will be seen from these passages, it is not the mysterious "Trinity in unity" of three co-equal and co-eternal persons.

**THE STATE OF TEXAS COUNTY OF WICHITA In the Name and by the Authority of The State of Texas**

To: WILLIE TOM PRIDE, BOBBY PAUL PRIDE, OLLIE JOE PRIDE, SONNY PRIDE AND MILDRED PRIDE, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiffs herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 30th Judicial District, Wichita County, Texas, wherein The City of Wichita Falls, joined by the Wichita Falls Independent School District, the Wichita Falls Junior College District, and the City of Wichita Falls both for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, State of Texas and County of Wichita are plaintiffs; and SHIRLEY MAE PRIDE CLARRETT, PAULINE PRIDE ELLINGTON, BEATRICE WILLIAMS, FORMERLY BEATRICE PRIDE, JIMMIE LEE PRIDE, WILLIE TOM PRIDE, BOBBY PAUL PRIDE, OLLIE JOE PRIDE, SONNY PRIDE AND MILDRED PRIDE are

defendants, by the filing by said plaintiffs of a petition on the 14th day of September, 1977 and the file number of said suit being No. 35,663-A and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property to-wit: South one-half of Lot 14, Block 9, and all of Lot 15, Block 9, and all of Lot 15, Block 9, and all of the Bateson Second Addition to the City of Wichita Falls, Wichita County, Texas; also known as 500 Homes and 420 Juarez, respectively; together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: The City of Wichita Falls, \$245.68; Wichita Falls Independent School District, \$242.88; Wichita Falls Junior College District, \$31.34; The City of Wichita Falls both for itself, and as successor to all property and assets of any kind of the Wichita County Water Control and Improvement District No. 1, \$14.38; State of Texas, \$103.99; County of Wichita, \$299.75; TOTAL, \$938.02.

The names of all taxing units which assess and collect taxes on said property not made party to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to including the day of judgment herein, and the establishment and foreclosure of liens, if any securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penal-

ties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit by filing a written answer at or before 10 o'clock a.m. on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 14th day of November, A.D. 1977. (which is the return day of such citation), before the honorable District Court of Wichita County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Wichita Falls, Wichita County, Texas, this 26th day of September, A.D. 1977.

**"Texas Electric must spend \$243 million for new construction this year alone."**

**We really have no choice if we're going to continue supplying the electricity you'll need."**

"By far the biggest percentage of electricity you use today is made in plants that use natural gas for fuel.

Most of this is gas we contracted for many years ago when it was very cheap. But these contracts will expire soon.

Against just such a day, Texas Electric and the other companies in the Texas Utilities system have purchased large supplies of lignite coal over a period of many years.

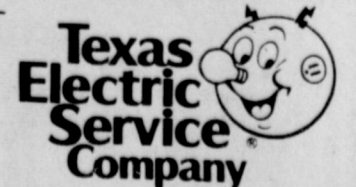

In just ten years, Texas Electric's required construction spending has gone from less than \$30 million to nearly a quarter of a billion dollars per year.

These same companies have also contracted for supplies of nuclear fuel. And we're building plants to use these fuels. We have five lignite coal-fired units already generating electricity, with five more under construction. The nuclear fueled plant near Glen Rose is progressing well.

While these new plants are very expensive, we must build them if we are to continue supplying the electricity you'll need."

**Electricity. You count on it today. We're working to keep it that way.**

George Hedrick, TESCO senior electrical engineer, inspects a lignite coal-fired plant at Martin Lake. In 1983 four such units will be in operation there.

**Woman's true career that of a homemaker**

Mrs. James Rinehart contributed a devotion on "Journal of a Happy Woman" during the business meeting of the United Methodist Women Tuesday morning. She stressed that woman's true career was that of a homemaker and creating a happy home could be the most rewarding and worthwhile missionary work in the world.

Mrs. Charlie Lee conducted the business session. During the reports of chairmen Mrs. Gene Lowrey

made assignments for department heads at the Harvest Festival to be held in the Fellowship Hall of the church Nov. 12th.

Mrs. George Trammell reported on current ministries to Faith City Mission and Wichita Falls State Hospital.

The presiding officer made the following announcements: North Texas Annual Conference in Denton Oct. 15; Annual UMW Conference at Wichita Falls Oct. 29 at Grant Street Methodist Church.

Dates were given for a follow-up of the 1976 North Texas Conference theme "Black Women's Consultation" to include: Oct. 22, St. Luke Community Methodist Church at Dallas; Jan. 14, Kavanaugh Methodist Church, Greenville; and Feb. 25 at Gainesville.

Others in attendance were

Mmes. Riley Thompson, Jim Connatser, Carl Walsh, Miles Hines, Larry Parks, W.M. Owens, James Owens,

Elgin Denny, L.A. Teal, C.L. Thompson, L.L. Lindesmith, S.B. Keeter, L.A. Thurllo and E.L. Gallop.

# Egg shell artistry

By OLIVE BLALOCK

Eggs have forever symbolized the concept of creation and are surrounded by elaborate legends in pagan times. In contemporary times, creating exquisitely designed and decorated eggs has opened wonderful new doors with wide enough interest to beckon to both young and old.

Mrs. O.R. Moore of the Valley View community, by seriously and enthusiastically espousing the art for less than four months, has accomplished amazing re-

sults. Her work has already attracted enough attention for her to be featured in Jack Stevens' "Stompin' Grounds Gallery" between 2 and 5:30 Sunday afternoon, and to have won "People's Choice" in the Holiday Art Show.

For many centuries, egg decoration has been a splendid art, with each country contributing its own magnificent designs, and this culminated in the priceless, richly splendid designs of jeweler-artist, Carl Faberge.

The first of his works was presented by Tsar Alexander III to his Tsarina. Truly beautiful, the eggs were often encrusted with real pearls and always had a

surprise inside. He also designed the first miniature egg necklace.

Faberge's name has become synonymous with beautiful eggs and his work serves as a stimulus for artists and craftsmen today, most of whom work with far less expensive and elaborate materials.

Mrs. Moore first became interested in egg artistry through association with a friend whose enthusiasm was contagious. One day, less than four months ago, that interest was sparked when she was listening to a tv program. Having learned some of the fundamentals from her friend, the show motivated her with a desire to learn and perfect the art. She has already attended two Egguary Seminars and has another one scheduled.

At the Dallas Egguary Seminar, she was instructed by Mildred Robinson and Sally LeVan, noted egg artists. After that, she went to Washington, D.C. where she was given instructions in filigree cutting by Helen Corigan. While in the city, she saw one of Faberge's most magnificent eggs. She is anticipating a seminar at Oklahoma City Nov. 1 and

learning from Aline Becker, who has published three books on the art.

To create the dramatic and beautiful pieces Mrs. Moore has already turned out requires skill, dexterity, patience and meticulous work. In her workroom, she has a variety of tools, eggs, gems, silk braids and trimmings with which to work and inspire the mood for her designs and creations.

Her storehouse of eggs include those laid by chicken, turkey, goose, pheasant, duck, canary, quail, ostrich, rhea and a few laid by exotic birds.

Mrs. Moore, a very unpretentious person, places a moderate estimation on her ability to create beautiful eggs, but her work speaks for itself. Some of the most breath-taking in her collection displayed in an antique bookcase in the living room of her home are:

Included are a hand-painted duck egg with gold plated findings and hinged butterfly doors set with Austrian rhinestones which open to show a tiny parakeet nestled in velvet. A goose egg is decorated with decoupage eggshells, twis-

Introducing  
**FORD'S BETTER IDEAS FOR '78**  
featuring the new Fairmont...the Ford in your future.

**The Fairmont idea.**

Fairmont... a new car built for today, but designed for the years ahead. Fairmont combines fuel efficiency, space efficiency and cost efficiency. It's trim outside, and easy on gas, yet it's roomy inside. Stylish, but it doesn't cost a lot. With impressive ride and handling. That's Fairmont—a whole new line of better ideas.

**Fuel efficient.**

Fairmont sedans offer the best mileage ratings in their class.

4-Speed Manual	Automatic Transmission
33 MPG (Hwy)*	33 MPG (Hwy)*
23 MPG (City)*	22 MPG (City)*

\*EPA estimates with 2.3 litre engine. Your mileage may vary depending on your car's condition, optional equipment, and how and where you drive. California and Wagon ratings are lower.

**Space efficient.**

More than 90% of the head room, leg room, shoulder room of most large cars.

Fairmont is not a little car. It's engineered to be space efficient with 90% of the room in key areas of most large cars. And Fairmont's roomy trunk holds ten assorted pieces of luggage.

**Cost efficient.**

Fairmont sticker prices will be competitive. And Fairmont is designed to keep scheduled maintenance costs down.

Compare Fairmont's excellent combination of high mileage ratings, roominess, and low sticker price with any other car sold in America. You'll see why we call it the Ford in your future.

**More new 1978 ideas to brighten your future driving.**

**1978 THUNDERBIRD.** The new Thunderbird is ready for takeoff. With all the styling, luxury and fine engineering that you expect in a Thunderbird. Most surprising is its down-to-earth price—even with V-8 power, automatic transmission, power steering, power front disc brakes, AM radio, standard.

**NEW GRANADA ESS.** Can you tell its looks from a \$20,000 Mercedes-Benz 280SE? Our new ESS is styled in the tradition of expensive sports sedans. With special luxury inside and exquisite touches throughout. And five-passenger comfort. It's the flagship of our popular Granada line.

**GREAT PRICE NEWS FOR '78 ON PINTO AND MUSTANG II! SEE YOUR FORD DEALER FOR DETAILS. TO BE ANNOUNCED THIS WEEK.**

**1978 FORD PINTO PONY.**

Pinto Pony offers American style and comfort at a sticker price competitive with the leading imported economy cars.

**1978 MUSTANG II.**

Your Ford Dealer's price news covers the T-Top, elegant Ghia and 3-door Hatchback. Go Mustang. Catch the sporty spirit.

**NEW FORD FIESTA.** Europe's most successful new car... imported from Germany. 1 During Ford Fiesta's first six months of sales, it outsold every new nameplate ever introduced in Europe. Engineered to give its driver dramatic performance. With front-wheel drive.

**1978 FORD LTD.** The roomy Ford that many families need. If you're one of the millions of people who need a standard-size car, the Ford LTD could be just the car for you. It has a deep-well, easy-to-load trunk. And stretch-out comfort for six that you expect from a Ford LTD.

ted silk gold braid and rhinestones highlighted with doors lined with iridescent squares. Inside the egg are a tiny Italian figurine and birds.

Italian marble and metal sculptured stands form the bases for many of the eggs and enhance their distinctiveness. Mrs. Moore has several lovely jewel boxes in her collection. One of these formed from a goose egg is lined with blue velvet, detailed with gold paper lace and gold leaf and features a tole painting on top.

"Crowning Glory", a frosted egg completely covered with Austrian rhinestones, each put in separately, is as majestic as

the name suggests. Also in Mrs. Moore's collection is a music box egg featuring a difficult cut design and a handmade wheat seed doll. A large rhea egg, completely covered with Austrian rhinestones and tiny pearls, is another eye-catcher in the exhibit.

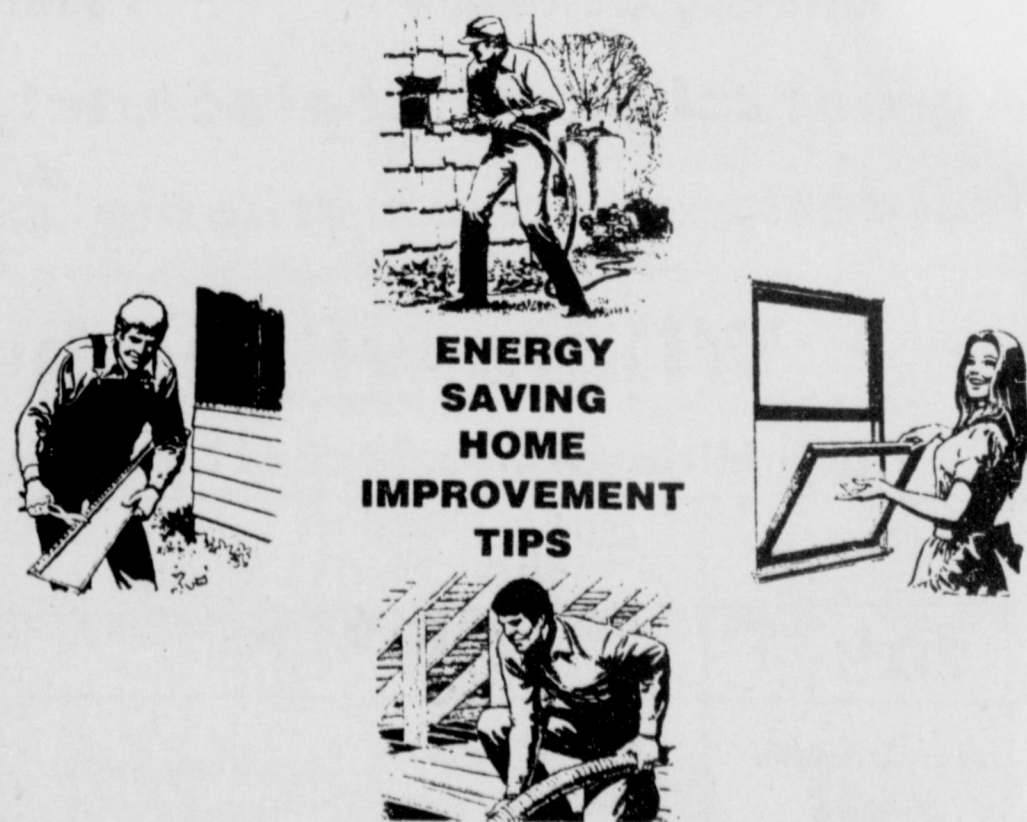

Mrs. Moore sees the possibilities in greeting cards and little things that can be found in every household and she uses them effectively in her decorative schemes. One of her eggs is colored with barberry dye pictures of Mary and the Christ Child, taken from a Christmas card; another with a bisque finish is decorated with paper tole.

Nature, rural life, animals and birds that are found on the farm have a strong influence on many of her designs. An example is the swan shaped from gold wire resting on a mirror base resembling a pond of water, on top of a duck egg.

## Stocking fish are available

Landowners who wish to apply for fish to be stocked on their property are reminded by the Texas Parks and Wildlife Department that there now is a charge, a new distribution plan, and an application deadline of Nov. 1.

## Students work on decorations

The regular meeting of Future Homemakers of America - HERO was held Monday night in the Homemaking Department of the high school.

During the meeting, members worked on decorations for the school cafeteria where the dance will be held Friday night after the football game and made plans on food they will sell at the Whoop-T-Do Saturday.

Another activity of both chapters of FHA-HERO during the week was preparing and serving breakfast to the 22 vocational teachers and advisors Tuesday.

## Cosmo students elect officers

The Iowa Park High School cosmetology students elected officers at their meeting this week.

Darla Daugherty was elected president. Serving with her will be Delia Lemons, vice president; Jerretta Boren, secretary-treasurer; Ramona Price, reporter; Kim Stafford, parliamentarian; Belinda Roy, sergeant-at-arms; Debbie Greenwood, chaplain; Pam Ervin, alternate.

The charge was made necessary because of rising production costs and P&WD budget problems. Most fishermen and pond owners agree that it is fair these costs should be shared. Also, the new distribution system is designed to keep such expenses and miles driven on deliveries to a minimum.

Production and distribution are computerized, pairing hatcheries with reservoirs. Setting a yearly deadline facilitates the programming.

Approved fees are \$2 per acre for bass, \$4 per acre for catfish and \$5 per acre for hybrid sunfish, plus an additional \$2 per application to cover cost of processing. For deliveries of large numbers of fish to the stocking site, there is a charge to 25-cents per mile round trip from the nearest state fish hatchery.

To apply for fish to be stocked during 1978, landowners must apply no later than Nov. 1. Applications are available from Hatchery Coordinator, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Tex. 78744.

**HOMECOMING NOMINEES** - These four senior girls will be vying for the title of 1977 IPHS homecoming queen during Friday night's clash with Burk Burnett. The four senior nominees are, from left, Suzanne Davis, Belinda Price, Wendy Baston and Linda Frederick.

## Bradford wins both games with Henrietta

The Bradford Hawks opened conference play in the Top Of Texas Football League by winning both games against Henrietta Saturday. The PeeWees scored eight and the Midgets scored 16 while holding both Henrietta teams scoreless.

Scott Weaver was almost unstopable as he led the PeeWees with 131 yards rushing in 18 tries including one TD scamper of 11 yards. Quarterback Shawn Finley also tallied with 27 yards in eight carries and converted after the touchdown for two points. Finley also led the

defense with six tackles while Weaver, JoeDon Finley and Mark Savage each had four.

Donnie Cavinder led the Midgets offensively with 99 yards on 19 carries from scrimmage. Mike Kent hustled 31 yards in eight tries including a four yard TD run. Todd Duncan made the most of his two carries gaining 28 yards including a perfectly executed 22 yard end around for a touchdown. Duncan and Cavinder each accounted for two point conversion runs. Quarterback Dale Hayley with six yards and Toby Grace with seven completed the offensive thrust.

Mark Copeland anchored the defense with five tackles. Hayley and Brian

Fulfer each were credited with four.

Bradford hosts Sheppard Capehart at Griffin Field Saturday for the second conference game. Game time is 6 p.m.

## Tornadoes set season opener

The Iowa Park Tornadoes, a soccer team made up of Bradford and Kidwell elementary students, will open their fall season at noon Saturday when they meet the Franklin Cyclones at the Wichita Falls Notre Dame field.

The game will be preceded by a league opening ceremony at 10:30 a.m.

## Soccer team edged, 4-3

Iowa Park was edged 4-3 by Wichita Falls High Sunday in high school age league play.

Scoring for Iowa Park were Albert Alambar, Billy Hutchins and Kirk Miller. Coach Jerry Hutchins said he was very proud of his team, especially when considering Wichita Falls had some 30 players on its team, and Iowa Park has 12, limiting substitutions.

The team will meet Rider at 2 p.m. Sunday in Wichita Falls' Jaycee Park.

Iowa Park is now 1-1 in the six-game fall league.

## Tennis awards to be presented

Awards will be presented during the monthly meeting of the Iowa Park Tennis Association, which is to start at 7:30 p.m. Monday in the County Agriculture Building, 220 West Park.

The awards will be given to the winners of the summer leagues.

The IPTA will have a booth at the Whoop-T-Do, and will sell memberships, bumper stickers and T-shirts.

## PP&K contest is Saturday

Annual Punt, Pass & Kick Contest sponsored by Shaw Motor Company will be held at 9 a.m. Saturday at the junior high school football stadium, according to O.L. Tucker.

Winners are scheduled to meet at Shaw's showroom, 600 W. Highway, at 2 p.m.

Saturday to have their photograph taken, Tucker said.

Competition will be held between boys and girls ages 8-13. The deadline has passed for entering.

## HAWK BAND!

For your convenience, City Cleaners will be cleaning band uniforms Saturday in preparation for your participation in the Cotton Bowl Marching Contest. Band uniforms brought in Saturday morning will be cleaned and delivered to the band hall by Saturday afternoon. We appreciate your continued patronage.

# 'Jackets take advantage of Hawk mistakes, 39-0

The Iowa Park Hawks lost their District 4-AAA opener 39-0 to Stephenville Friday

when they were unable to control their own mistakes and the ground game of the

Yellow Jackets. Injuries to the Hawks also played a big part in the

outcome.

The Hawks lost the ball twice on fumbles, once on a pass interception, and gave up valuable field position with their kicking game.

And after the final whistle, Stephenville Coach Leon Manley admitted his players had "executed their running plays better than he had expected."

Execute, the Yellow Jackets did, for they amassed 316 yards on the ground in 51 plays, giving them slightly over six yards every time a play was called against the young Hawk defense.

For the second consecutive week, Iowa Park's leading rusher, sophomore Troy Thompson, could not report for play in the second half. He received a deep bruise to his leg when he was knocked out of bounds at the end of an 18-yard run. Thompson was held from the last half of the Azle game when he was suffering from hyperventilation.

He gained 46 yards on 11 runs during the half.

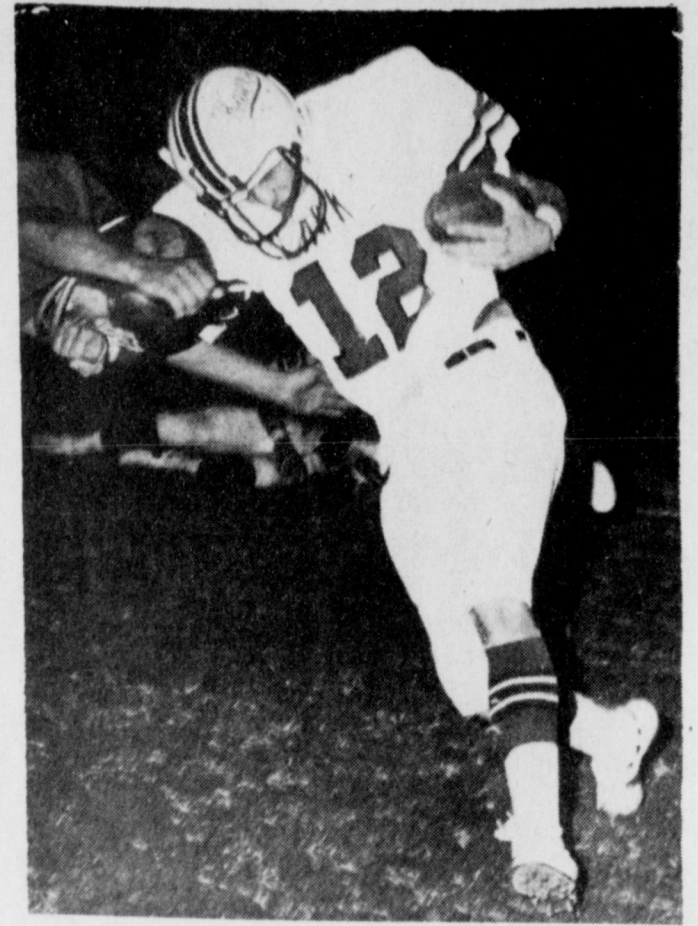

Nose guard Randy Gibson re-injured his knee during the game, and the loss of the senior also spelled problems for the ailing Mean Green defensive platoon.

Wind conditions set up Iowa Park's problems. The Hawks were facing a strong, 20-25 mile per hour wind in the first period, and Stephenville achieved good field position as a result of the first three punts, and then tagged on the fourth TD after a fumble.

Punter Jeff Nolen didn't have a problem with his first punt, on the fourth play of the opening period, when he sent the ball 27 yards to the Jacket 45.

But his next time up he hooked the ball high into the wind, and killed it himself when it started bouncing back toward his own goal line. The ball had traveled only four yards downfield.

Nolen's punt the next time was better, 21 yards, but it still gave the host team possession on the Hawk 48. Stephenville alertly called a

QUARTERBACK David Wright picks up yardage around left end before being knocked out of bounds in the second quarter.

time out with two seconds remaining in the first quarter, forcing the Hawks to punt once more into the wind, and this one went only two yards, to the Hawk 27.

Stephenville set up its first touchdown with a 20-yard run on the first Jacket play from scrimmage. A big, 26-yard run was the main play of the second TD drive. And the third series of the Jackets required only three plays, two of them 13-yarders, to score.

Following the third Stephenville touchdown, Hawk quarterback David Wright missed on a pass attempt, and then while rolling out around end, fumbled, and the Jackets set up camp on the Iowa Park 33. They scored four plays later, this time on a 27-yard scamper.

Stephenville was unable to score on either of the other two offensive possessions in the second quarter.

Unable to pick up a first down after taking the opening kickoff of the second half Ron Taylor was called on to punt for Iowa Park. His boot traveled only 15 yards past the line of scrimmage, also into the wind, but the Jacket receiver fumbled his catch attempt and Sid Waldrop

covered it on the Hawk 49.

However, hard luck again struck the Hawks, when on the next play a Wright pass was intercepted on the Jacket 39 yard line and returned all the way to the Hawk one. Stephenville scored on the next play, making the score 33-0 with 9:48 yet remaining in the third period.

Late in the same quarter, Iowa Park appeared to be on the march, primarily through the air. Wright threw to Andy Sitgraves for 34 yards, longest gain of the night for Iowa Park, and then a 14-yard gainer to Richard Dietrichson.

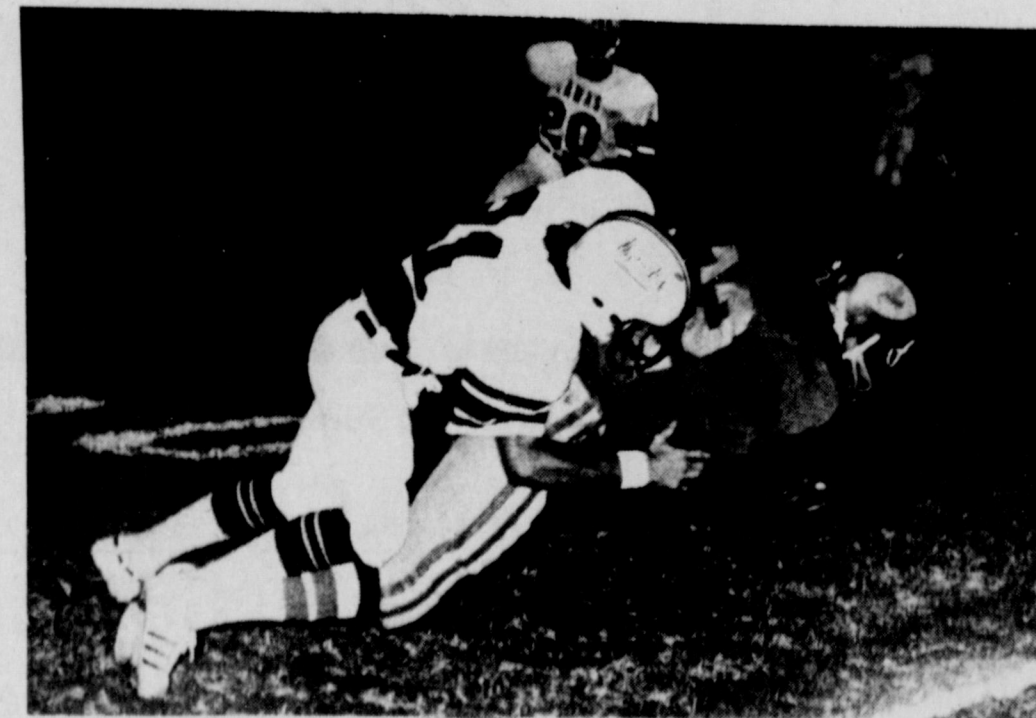

Fullback Kip Fuller picked up a couple more yards, but then Sitgraves was knocked to the ground on a hard tackle while rolling out around left end and fumbled on the Jacket 17, ending the drive.

Stephenville drove the distance to score its final TD of the game.

TAILBACK Andy Sitgraves is brought down after a four-yard gain. Though he picked up only seven yards on five carries rushing, he snared a pass good for 34 yards.

NO COMPLETION - Mean Green defender Terry Daniels jarred the ball loose from a Yellow Jacket receiver on a sure completion play. Stephenville was held to only 21 yards passing against the Hawks.

WITH GOOD BLOCKING from an unidentified Hawk at the left, Troy Thompson skirted 18 yards around left end late in the second quarter against Stephenville. Thompson received a deep bruise on his leg when tackled on the play, and missed the rest of the game.

## Eagle frosh roll over Nocona 32-0

Holliday's freshmen Eagles rolled over Nocona 32-0.

Larry Boydston put the Eagles on the scoreboard in the opening quarter when he capped a 60-yard drive with a touchdown sprint from six yards out.

The Eagles put together a 40-yard drive in the second quarter, and Boydston iced the cake with a two-yard TD plunge.

Carl Martin crossed the

goal line from 10 yards out to end a 45-yard TD drive in the third quarter.

The freshmen Eagles chalked up two touchdowns in the final stanza, one on a one-yard blast by Randy Stubblefield and the second on a 10-yard sprint by Joe Todd.

Kent Lilly kicked the extra points following the last two touchdowns.

Weldon Nichols emerged

as the defensive standout with a fumble recovery.

### EAGLE JV

Holliday's junior varsity Eagles picked up their third win of the year by stomping Windthorst 20-0.

Geek Styles was credited with each of Holliday's touchdowns, although he and Steve Bowman each had a TD romp called back by officials.

Styles' initial TD came in the opening quarter when he raced 89 yards to paydirt. Matt Cavanaugh found Shayne Owen open in the end zone for the two-point aerial PAT.

Later in the first period Styles connected with Joey

Kincaid for a 45-yard TD pass. The PAT failed.

Holliday came back in the third quarter to cap a 50-yard offensive attack that ended with Styles crossing the goal line from three yards out. The PAT failed.

Jim Ezzell and Owen each recovered a Trojan fumble.

### JUNIOR HIGH

Holliday's eighth grade Eagles evened up their season record with a 16-0 win over Windthorst.

The first Eagle score came in the opening quarter on a 55-yard TD sprint by Ray Looney, who also scored two points on the follow-up play.

Joe Chase passed to Eddie

Flowers for an Eagle TD in the fourth quarter, and Looney supplied the extra points.

The eighth grade Eagles penetrated to the Windthorst aerial.

Chase also blocked two Trojan punts.

The unbeaten seventh grade had an open date last week.

### TOP OF TEXAS

Holliday's Pee-Wees rolled over Sheppard West 8-0.

Holliday's Midgets and Sheppard West staged a standoff until the final gun of the game. The 0-0 tie was broken when Holliday took the contest on penetrations during the overtime play-off.

### Road work set in Dundee area

Revamping of a section of FM 1180 near Dundee is among projects approved for funding by the State Highway and Public Transportation Commission.

The project area includes an area of 3.3 miles from FM 2846, 5.5 miles north of Dundee, northwest to the Wichita County line.

The project, approved for \$53,000, will include grading, structures and surfacing, according to highway department officials.

### Holliday Happenings

Holliday school board is scheduled to convene in regular session at 7:30 p.m. Monday. The board will meet in the old home economics room which has been converted into a teacher's lounge-conference room.

Holliday City Hall will be closed Monday in observance of Columbus Day, said City Sec. Evon Carter.

Monday is the deadline for members of the Eagle Band to turn in their subscription orders for the Iowa Park Leader. The band is selling the newspaper subscriptions to help pay for new uniforms.

Holliday City Council is scheduled to meet in regular session at 7 p.m. Tuesday at Holliday City Hall. Aldermen are expected to discuss the budget and open bids on a new pickup truck.

Paula Beighley of Holliday and Frank Ashby of Kamay were among recipients of fall term scholarships to Midwestern State University provided by United Services of America, Inc. of Wichita Falls.

Miss Beighley, a journalism major, and Ashby, a history major, each received a \$100 scholarship.

# Big Red rally is successful

## Holliday nudges Henrietta 9-7 in final quarter

Holliday's Eagles staged a come-from-behind rally late in the closing period to nudge past Henrietta 9-7.

A strong southerly wind proved the deciding factor on several crucial situations.

But at least once during the night the wind brought good things to the Eagles when mother nature's gusty forces helped carry Mark Wells' field goal kick through the uprights.

Although they were unable to capitalize on either

occasion, the Eagles fell heir to two turnovers in the otherwise unexciting first quarter.

Unable to pick up a first down on their first series, the Eagles were forced to punt. The Bearcat receiver fumbled the punt and Holliday's Jay Wright recovered the loose ball. Thrown for a loss of four yards on the next series, the Eagles were forced to punt.

Three plays later Wright picked off a reckless Bearcat

pass, but the Eagles again were unable to sustain a successful offensive campaign.

Holliday's passing game fell in the limelight early in the second quarter when Wright connected with Rusty McDaniel on a 13-yard gain and again when quarterback Steve Lucy drilled Kent Lemons for five yards.

Faced with a fourth - and - seven situation on Henrietta's 20, head Eagle mentor

elect to have Wells try a field goal. The kick had the distance, but strayed left of the uprights.

Two plays after the Bearcats had gained possession, the Eagle defense forced Henrietta to cough up the pigskin. Several Eagles including Steve Parnell converged on the loose ball which was recovered by Lynn Coats.

The fortunate turnover gave the Eagles possession on the Bearcat 18.

On a fourth - and - three situation, coach Lucy again elected to use Wells' toe. Quarterback Lucy took the snap and Wells' booted a 28-yard field goal with the wind to his back.

The Eagles took the three - point lead with 0:42 remaining in the half.

The halftime score gave a true indication of the game's closeness with Holliday having rushed for 58 yards while the Bearcats had gained 22 yards on the ground.

Henrietta got the first lucky break of the second half by recovering an Eagle fumble on Holliday's second possession.

A dozen plays later a Henrietta running back broke loose for a 52-yard scamper that had touchdown written all over it.

However, two downs later McDaniel was waiting with open arms in the end zone for an interception to wash out Henrietta's scoring hopes.

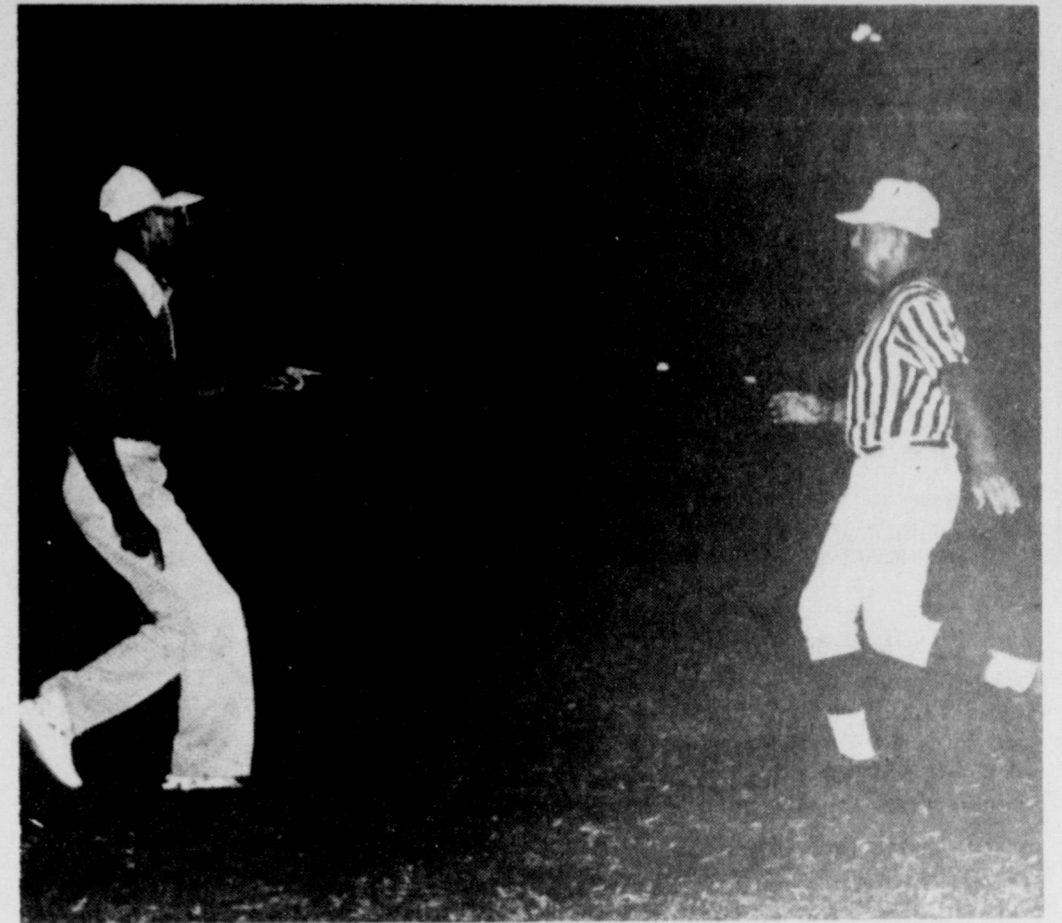

Seconds before the buzzer sounded ending the third period the Bearcats intercepted one of Lucy's passes at midfield.

The Bearcats capitalized on the turnover and picked up two quick first downs. Then the officials nailed Holliday with a 15-yard flag.

A fumble and confusion resulted two plays later.

One of the officials signaled it was Holliday's ball, but in the final analysis, Henrietta retained possession.

The controversy jolted coach Lucy, who met an official at midfield. The

**SOUR CALL** -- Eagle head mentor Don Lucy meets a game official at midfield following a controversial fumble recovery ruling during the fourth quarter of the contest with Henrietta.

**QUARTERBACK STIFF ARM** -- Eagle quarterback Steve Lucy stiff arms a Bearcat and gains eight yards against

Henrietta in the opening quarter.

Bearcats took advantage of the shaken Eagle defense and succeeded in making a 14-yard aerial TD with 8:52 remaining in the game. The PAT was good.

Holliday wasted no time in getting its offensive unit into high gear with Larry Ayres returning the Bearcat 35 yards with a key block coming from Wright who flattened a Bearcat.

Fighting the strong southerly wind, the Eagles began a 48-yard offensive drive that was aided by a 15-yard flag on Henrietta.

Junior fullback Stanley Craddock, who saw some bright moments on highly successful draw plays, put the Eagles over the edge with a two-yard TD plunge with 3:20 left in the contest.

Wells' PAT was blocked. Henrietta's hopes for regaining the winning margin were quashed when Ayres recovered a Bearcat fumble during the final seconds of the game.

The win over Henrietta marked Holliday's final non-district contest of the year giving them a 3-2 season record.

This week's open date for the Eagles comes at a fortunate time, allowing Holliday to recuperate from battle wounds in the wake of a victory.

Holliday will meet its first district opponent Oct. 14 when Petrolia comes to town.

At the end of the first five weeks of play, Petrolia is 1-3 on the year with its only win

over Alvord. Petrolia has been defeated by Windthorst, Notre Dame and Goree.

Lindsay remains the most successful team in District 13-A with a 3-1 season record.

The district opener against Petrolia will be followed by outings with Lindsay, Muenster, Archer City and Callisburg.

# County farmer produces ton and a half milo

By DON DECKER County Agent

Three thousand pounds of dryland grain sorghum - Raymond Schroeder reached this goal with his demonstration just west of Burkburnett. He has shown this level of dryland production is an attainable goal with proper production practices.

The 80 acre field was seeded in 20 inch rows at the rate of 5 pounds of seed per acre. His soil fertility program was approximately 50-0-0 at planting time. The seeding was done with a grain drill. His variety was TE Y101 which was one of the top performers in the county grain sorghum variety demonstration.

The first planting was done on April 1, however, heavy rains crusted the soil preventing a good stand. The spring judgement was then prevented replanting until May 20. The later planting stimulated most of the grass and weed problem.

however, he does plan to use a pre-emerge herbicide on future planting.

The sorghum was harvested on September 23. The harvest was helped by the hot, dry weather driving the grain moisture well below 13 percent. A good test weight of 59 pounds per bushel contributed to the quality of the grain. He went into the loan with his number 2 grain sorghum at \$3.42 per hundred. Schroeder is utilizing the stubble with grazing. He plans to purchase additional stocker calves to graze the field. After a stubble is grazed-out the stockers can go on wheat pasture, providing we get rain soon enough to make winter grazing.

This sorghum was grown on a field where wild oats had become a problem in wheat production. Schroeder says, "I may put this entire quarter section in grain sorghum next year. I think at least 2 years out of

wheat production is required to be effective in controlling wild oats".

I hope other growers will be viewing the success of the grain sorghum demonstration this year. We have demonstrated 3000 pounds of sorghum can be produced with a low key production practice - 3.5 pound seeding rate, plant as early as practical (April), apply a pre-emerge herbicide to control weeds and grasses, and provide adequate soil fertility.

Weed and grass control can make a 1000 pound difference in grain sorghum yields according to the herbicide demonstration by Frank Morrison of Burkburnett. One would think land which had been in wheat and summer fallow for several years should have little to no weed problems. But, the careless weeds, Kochia, and goosegrass seed come from somewhere - enough to cause serious mile yield reduction.

The pre-emerge herbicides produced the following results: Miloguard at 1 1/2 pounds per acre made 1910 pounds of sorghum per acre. There was very little yellowing of the seedling plants, and they made a good start.

Igran at 2 1/2 pounds per acre made 1870 pounds per acre. There was considerable yellowing and stunting of the early seedling plants. Mowdown at 2 pounds per acre made 1825 pounds per acre. There was heavy leaf margin and leaf tip burning along with stunting in the seedling stage. However, it did recover and there was no visible damage later in the season.

The check plot in the center of the field made only 810 pounds per acre which represented over a 1000 pound loss from weed and grass infestation. There were places in the check which didn't make any sorghum.

All three herbicides did a good job in controlling careless weeds and grass. The pre-emerge chemicals are effective in controlling weeds and grasses which germinate in the top 1-1 1/2 inches of soil. Weeds such as sunflowers and cockleburs which germinate at greater depths are not control led with pre-emerge herbicides. A post-emerge chemical such as Aatrex or 2-4-D are required for large seeded weeds.

## News

The Wichita County Fair is Oct. 11-15 across from Channel 6 on the Seymour Highway. There will be divisions for 4-H kids to participate in such as canned products, clothing, baking, needlecraft, knitting, crocheting, quilting, woodwork, and leathercraft. Entries will be accepted from 8 a.m. to 6 p.m. on Oct. 10 and from 8-10 a.m. on Oct. 11. Entries will remain on display until the fair is over on Oct. 15.

A new section is being added to the agricultural division this year. A rabbit and chicken department is being sponsored in an effort to reach more exhibitors.

Special cages have been made to house the rabbits and poultry entries for the duration of the fair.

The State Fair is Oct. 8-23 and 4-H day is Oct. 15. There will be several groups of 4-H club members attending the fair that day.

4-H members that will be exhibiting projects at the fair will be Jeff, Paul, and Mark Cook. They will be showing angus heifers. Johnny Morgan will be showing his breeding sheep as well as his market lambs.

The Wichita County Achievement Banquet will be held on Oct. 25 at 7 p.m. at the Community Center in Burkburnett. The entertainment will be provided by "Harmony", a singing group from the First Baptist Church of Wichita Falls.

Food projects in 4-H are underway. Foods training for 4-H leaders was held Sept. 27 thru 29 at Wichita Falls, Electra, and Iowa Park. Those attending the meetings were: Marsha Brown, Carolyn Whitaker, Irene Witherspoon, Marvel Towns, Priscilla Taylor, Jean Johnson from the Iowa Park 4-H Club.

A fire prevention course is being sponsored jointly by the 4-H Extension Office, Wichita Falls Fire Prevention Office and the Sheppard Air Force Base Fire Prevention Office next week in the area schools.

The children are being given a puppet show, film presentation and field trips to area fire stations along with home study for fire hazards and school studies for fire safety to promote National Fire Prevention Week.
