Electra scored after Fenner's punt had been run back 56 yards by Norman Rodawalt. Officials observed an over-anxious Tiger clipping and placed the ball some 27 yards from the goal line. In three plays Electra moved to the 15, from where Rodawalt burst thru the left side and scored standing up. Nelson Baird tacked on the PAT with a perfect kick.

Electra was awarded a safety when on third down Fenner attempted a punt. The pass from center eluded Fenner and bounded out of the endzone for an automatic 2-pointer.

The third quarter was much the same with the Tigers piling up yardage and first downs but failing to score.

In the fourth quarter a brilliant pass and run play from Klinkerman to David Sewell covered 72 yards. Two plays later Fenner cut through his own left side for the score. The Hawk try for point from placement was wide to the right.

The Hawks fought desperately in the final moments and had all their runs on tiptoe as Klinkerman completed two passes for good yardage and the Hawks seemed on the way to another touchdown and an upset. But the Tigers intercepted and then ran out the clock with ground plays.

Between halves the bands of both schools put on brilliant displays of marching, twirling and music.

The Hawks play Friday night at Valley View.

## School Notes

Pep rallies will be held each Friday afternoon for about 45 minutes before school is dismissed during football season.

The board of education met Tuesday evening in Supt. Keith Swim's office, and asked the school principals to make a survey of handicapped children in the district.

The state requires 50 handicapped children, 15 deaf children to get state aid for a special teacher. This teacher must have a bachelor's degree and special training.

Every effort has been made by Swim and the board to find such a teacher.

Mr. Swim attended a meeting in Wichita Falls this week to plan the year's program for the superintendents meetings of Wichita and surrounding counties. He is chairman of this committee. First meeting of the school year will be Oct. 13 at Wichita Falls.

Approximately 150 of the 180 junior and senior high school students received x-rays Wednesday. Several had had theirs made in Wichita Falls.

The entire school staff has received x-rays this year.

Miss Ethyle Kidwell reports 487 are now enrolled in elementary school. This is the largest enrollment in the history of the school.

More than 175 attended the Parent-Teacher association Get Acquainted social Tuesday evening in the City Park. Teachers were the honor guests at this first meeting of the group for the school year.

The school band under direction of C. L. Vaughn gave a 30 minute concert.

Mrs. W. A. George and Mrs. Albert Johnson were in charge of arrangements.

Approximately 300 fireman from 40 area towns attended this 47th annual event.

The convention opened with an address by Mason Langford of Arlington, 4th vice-president of the Texas State Firemen's association. J. B. Scott of Munday was elected president; Bill Beck of SAFE, vice-president; Arden Bailey of Electra, secretary; Rev. Ed Thomas of Munday, chaplain.

The firemen chose Archer City as site for next year's convention. In the annual games J. W. Thomas and Oscar Singleton placed 3rd in the two-man hookup; Doyle Kooce, Bud May and George Huckaby placed 2nd in water polo.

The games were followed with a fish fry at Tom Miller park in Olney.

Women of the Air Force took their own horns these days, via the United States WAF band, currently stationed at Lackland AFB, Texas.

Brain-child of Col. George S. Howard, chief of bands and music, the all female unit was activated Jan. 14, 1951. At that time the WAF musicians, recruited directly from basic training, were trained in military music requirements alongside seasoned male musicians, and placed in the regular Base band.

When a sufficient number of WAF musicians had been trained, they were assigned to an all-WAF unit.

The WAF band has grown to an organization of 48 women. Constantly in demand for radio, television appearances, concerts, dances and parades, the WAF band spends 80 per cent of its time on tour.

**THOMAS JOHNSON TAKES PART IN AMPHIBIOUS TRAINING OFF OKINAWA**

Serving aboard the attack cargo ship USS Skagit is Thomas M. Johnson, interior communications electrician fireman, son of Mr. and Mrs. J. C. Johnson, route one, Iowa Park.

The Skagit participated in an amphibious training operation off Okinawa Island. The operation involved several thousand navy and marine corps personnel and was designed to promote combat efficiency of all participating units.

Mr. and Mrs. Norman Waldin of Houston, former residents here, visited friends in Iowa Park this week.

Color film of the Wichita Falls-Highland Park game of 1953 was shown.

The Hawk team spirit was discussed.

A financial report was given by T. C. Berry, the new treasurer.

A social hour and refreshments were enjoyed by the club.

At a later date the parents of football boys will be special guests of the Quarterback club.

## Lions Learn About Finding Uranium

Bob Carpenter of Wichita Falls was guest speaker at Lions club luncheon Tuesday, and put on a demonstration of prospecting for uranium ore for his interested listeners.

"Prospecting for uranium," said Carpenter, "differs from other types of mineral prospecting in one important respect. Due to the development of portable Geiger counters and Scintillometers, it is not necessary that the uranium prospector be able to identify radioactive minerals or have knowledge of mineralogy.

"It is desirable that he have some knowledge of elementary geology easily acquired by reading and observation, so he can recognize disturbances in rocks such as veins, faults, shear zones, intrusions of one rock into another. And it would be helpful to be able to distinguish some of the main types of rocks, but this knowledge is not necessary.

"A person equipped with a Geiger counter or Scintillometer can systematically traverse favorable areas, listening for indications of the presence of radio-active minerals, or he could test all rock outcrops encountered, old mines, prospecting pits, dumps and the like.

Having found a deposit, he can send samples to the government for free assaying. Thus the amateur has a chance of finding uranium deposits even though lacking expert knowledge and experience.

"Anyone can learn to operate Geiger counters and Scintillometers. Perhaps the most important qualifications are that he should enjoy outdoor life and have some knowledge of woodcraft."

James Cates, George Lewis, Roy Anderson and Dr. John Latham were introduced to the membership as recent additions to the club.

**FOR YOUNG WOMEN ONLY**  
In thinking over what you would like to do that will be interesting and remunerative, have you thought of flying?

We recently received information on requirements for airline stewardesses on many of the better known airlines.

Just to read about it all is exciting, and makes us sorry we were born too soon to participate.

General requirements include: High school education and 2 or 3 years college or nurses training or business experience.

Never married. No glasses. Age 21 to 28. Height 5 ft. 3 in. to 5:8.

Rigid physical examination by company doctors.

Tactful, gracious, resourceful, attractive personality, poised, well groomed, emotionally stable, with a friendly interest in people.

Some airlines require a knowledge of foreign languages. Some require only fluency in French.

Must read daily newspapers and have general knowledge of other leading publications.

Unquestionable family background and irreproachable character.

And there is training in their schools after you are accepted. And then there is a salary attached to it, too.

Any young woman who would like to be a real live angel and fly may contact this office for specific information about a specific airline.

**SELLING YOUR TOWN**  
You probably read about the service station operator who had a customer on his way to a large city to find a location to open a shoe manufacturing company.

The attendant telephoned the C of C manager; then went back to service the car. Before he had finished, the C of C man had arrived; and before the customer left town he had a good site for his manufacturing plant. He began with about 20 employees and today has around 400.

Thinks like this do not happen every day, but they could happen here.

**RECORD CHEST X-RAY**  
Iowa Park has the largest per capita response in the Chest X-ray Survey concluded here Wednesday. Downtown looked like Christmas shopping days. Never was there such fine organization and response.

In that one day 865 persons had an x-ray of their chest.

**THIS DID NOT HAPPEN HERE**  
The story goes that an x-ray helper thought one woman in line had a familiar face. She asked if the woman had not already been x-rayed. The reply:

"Sure, this is the third time today. First time it didn't do any good; second time I felt some better; maybe this time will really fix me up."

**NOW WE'VE HEARD EVERYTHING**  
Met a small boy of our acquaintance who is experiencing his first year in school. We asked the usual question every child expects from an adult:

"How do you like school?" He replied: "It's pretty good. But you know what? Only thing I don't like about it is—too many holidays."

 Dora Davis, County Clerk, Wichita County, Texas.  
 (Published in the Iowa Park Herald Sept. 16, 23, 30, Oct. 7, 1954)  
**THE STATE OF TEXAS**  
 To: Joseph H. Praetz, Jr., Defendant, Greeting:  
 You are hereby commanded to appear before the Honorable 30th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of November, A.D. 1954, then and there to answer Plaintiff's 1st Amended Petition filed in said Court, on the 14th day of September, A.D. 1954. Original Petition filed on July 21, 1954, in this cause, numbered 54,172-A on the docket of said court and styled Mary Ethyl Praetz, Plaintiff, vs. Joseph H. Praetz, Jr., Defendant.  
 A brief statement of the nature of this suit is as follows, to-wit:  
 After alleging jurisdiction, plaintiff further alleges that she and defendant were married on or about March 11, 1947 and continued to live together as husband and wife until on or about July 18th, 1953, when by reason of cruel, harsh and tyrannical treatment on the part of the defendant toward this plaintiff without cause or provocation, was of such a nature as to render their further living together insupportable; that during the time they were married, they adopted the following children, a boy six years

old, a girl five years old and a girl four years old. Plaintiff says they acquired one lot in Kansas City, Missouri, which is community property.  
 Wherefore, plaintiff prays that defendant be cited by publication to appear and answer herein as required by law; that on final hearing she have judgment for divorce, care, custody and control of said children; and that the defendant be ordered to pay \$100.00 per month to the Clerk of Wichita County, for the support of said minor children; and for such other and further relief, in law and in equity, to which she may show herself justly entitled.

The Srs thank the room mothers, Mr. Owens, Mr. Combs and Mr. Roberts for helping us repair the Sr stand. We would appreciate everyone patronizing our stand.

The room mothers will open the Sr stand Monday, Sept. 20, for everyone on the Fair Grounds working who might like to have something to eat or drink. If there is anyone down there working at that time, be sure to pay a visit to the stand.

I believe everyone is a little unhappy about losing the game last Friday. The boys played hard and clean, and it was sure a close game to have to lose.

That was the season opener, and the boys will be ready for Valley View this coming Friday night. They are going in fighting to win. Bubs, Bobby and Ape took a little trip to Kadane Corner in an air conditioned jeep the other night. They had a good time, although they got cold coming back.

A group of kids went over to Sue Croft's and had a get-together Monday night. There was popular music, Pop, and hillbilly music.

We are proud to have a Sr, Donald Cope, go to Kansas City with Eddie Whittenberg to represent our FFA chapter. Good luck, Donald!

We have a couple Srs who cannot hold onto the ball, so they have to carry a ball around with them all week. If you see Bubs and Clayton carrying a football around with them, don't think they are a little off. Let's hope Bubs and Clayton don't fumble in our next game.

The Srs had pictures made in cap and gown for the annual Tuesday morning. Some looked like dear old professors from some college. See you at Valley View.

**Farm Women Plan Fair Demonstrations**

Plans for participation in the T-O Fair in Iowa Park, Sept. 27—Oct. 2 were outlined Tuesday afternoon by the Wichita County Home Demonstration Council. Mrs. A. E. Bailey presided at the business session.

Mrs. J. L. Cato outlined the plans and announced that Mrs. Bailey is general chairman for home demonstration club participation. Her assistants will be Mrs. Jack Pratt and Mrs. L. L. McHugh.

Judges will be Mmes. Vee Howle of Wichita Falls, D. R. Preston of Electra and Dean McElroy of Henrietta.

Arrangements were discussed for serving the annual Iowa Park C of C banquet in December. A menu committee was named to include Mmes. McHugh, Ross Allen, J. L. Brooks and H. W. Krusenmark.

**Mexican Theme Used For Church Fiesta**

Brenda Capehart, member of the Caroler choir of the Methodist church, was crowned queen of the Fiesta, Wednesday evening when the church choir, assisted by the choir mothers provided an evening of food, fun and fellowship for their friends.

Judy Pyle from the Teenagers choir was runner-up for the honor, which came as the climax of the evening. James Elms officiated at the coronation.

The event took place on the lawn at James Sewell's home, made festive with decorations in the Mexican manner by Mrs. Gordon Clark and Mrs. F. E. Hill.

Food was prepared by Mmes. S. E. Keeter, W. M. Owens, Andy Capehart, George Trammell, Ed Clark, T. R. Horine, R. B. Faulkner, R. E. Waters, Ray Low, F. M. Wilson and Glen Miller. Tables were served by the Teenagers, with Carolers assisting in clearing tables.

Dinner music was provided by Mrs. Otis Gay and solo and ensemble numbers by members of the three choirs. Soloists included Buddy Horine, Janice Wilson, Judy Pyle, Caroline Sewell, Beverly Barker and Mrs. Charles Copeck.

Of special interest during festivities was a "bull fight" with Ruth Mary Dale as torador. Beverly Barker assisted in "the ring."

The "small fry" and the older ones were much in evidence around the fortune teller's booth (erected by boy scouts under direction of Miles Thompson and Preston Pace). The wishing well under direction of Don Owens was also visited by many persons.

R. E. Waters assisted with the lighting. The choir thanks all who made this occasion a successful one, especially friends from other churches and from out of town.

Mrs. A. H. Estes has received announcement of the birth of a great-grandson Paul Wesley Rasberry, Friday, Sept. 10. Parents are Mr. and Mrs. William Rasberry of Wichita, Kans., and grandparents are Mr. and Mrs. Paul Griffin of Childress. Paul Wesley's mother is the former Miss Paula Ann Griffin.

And Mrs. Jennie Parker, Mrs. Bessie Peppin and Lola, Eva and Darrell, of Roanoke; Mr. and Mrs. Norman Kuykendall, Donald and Ronnie, of Holliday.

**Local Church Honors Recent Bridal Couple**

Mr. and Mrs. Sammy Shelton were honor guests at a reception-shower at the Presbyterian church here Wednesday evening.

Yvonne, daughter of Mrs. Kathleen Crystal of Wichita Falls, and Sammy, son of Mr. and Mrs. Luther Shelton of Iowa Park, were married on August 29.

The bride was assisted in opening gifts by her groom and his mother. Susie Shelton and Ruth Estes assisted in displaying the gifts.

Miss Gladys Shelton registered guests. C. E. Birk made a speech appropriate to the occasion and during the evening Miss Cecilia Yeargan played piano selections of classic love songs.

Following the formal part of the evening's activities, homemade ice cream and cake were served on the south lawn of the church.

The party was arranged by Mrs. C. E. Birk and Charles Williams, presidents of the Women's and the Men of the Church.

Hello, everybody everywhere. Sandra Renner reporting to you again from station IPHS in W. F. George High School Building. All's clear for right now. The weather is hot and dry with little change in temperature expected. Mrs. Owens, one of our sponsors, is working with a group of students trying to get us in shape to sing at the Fair. I hardly see how she stands us, but somehow she manages to keep us singing. The summer didn't change much this year. School started with lots

of old romances. Bubs and Roberta aren't going steady but date often. Joy and Clayton are steady goers. Looks like this is a match forever. Joyce is still going with Loys but not steady. Barbra is going with Dennis. Sue is still writing to Hic. The post office in Iowa Park and one in San Diego should be getting rich by now. I think they write to each other every day.

Nina Lakey never tells about her boyfriends. She has so many at Sand Beach we just can't keep up with all their names. Joan, Mary Ann and Sharon go stag when they go out someplace. Boys just don't suit them.

We Jrs thank all the fathers and everyone else who has helped us on our stand for the Fair. Especially do we thank Mr. Swim for making erection of the stand possible.

It is located across the road from the cottage Ted Overbey formerly occupied. The stand will be completed this weekend and we will appreciate all the patronage we can get.

Party after the Electra game last Friday was at June James's home. Everyone enjoyed it and especially enjoyed seeing Busy Dizzy Bop. He is good. Why not start giving lessons, Bobby? Poor Mrs. James! Some 14 girls stayed for the slumber party.

Girls' basketball practice has officially started. Monday morning Mrs. Flanagan instructed the forwards in shooting goals, and the guards in passing. We will be having some hard workouts to try to have a good team.

See you at Veley View this Friday night.

—Sandy.

**September Hymn-of-the-Month**

Recommended by the Iowa Park Modern Music Study Club.

"O Love that wilt not let me go" George Matheson, D.D., was born in Glasgow, Scotland, March 27, 1842. His father was a wealthy merchant and the family was concerned over the condition of the boy's eyesight from his earliest years.

After his graduation from the University of Glasgow this condition became worse, and his sisters learned Hebrew, Greek and Latin in order to help him with his studies.

Dr. Matheson became a brilliant preacher, an author of distinction and a scholar of note. He served as pastor of a popular seaside resort for 18 years, and many families came there year after year to benefit from his preaching.

Later he served a membership of nearly 2,000 in Edinburgh until the last few years of his life. It is interesting that he was regarded as extremely punctilious in his pastoral duties, being accompanied on his calls by a sister who lived with him.

Regarding the writing of the words to "O Love that wilt not let me go," Dr. Matheson wrote, "I was suffering from extreme mental distress and the hymn was the fruit of pain." He also wrote that it was the quickest bit of work he ever did in his life and that it was completed in five minutes with no retouching except the changing of one word. He had the feeling of "having it dictated to me by some inward voice rather than of working it out myself."

St. Margaret, the tune to which we sing this hymn, was written especially for the words by Dr. A. L. Peace, also of Scotland, and an organist of note.

All choirs of Our Town are invited to acquaint themselves with this hymn and to use it in their services during September.

O Love that wilt not let me go,  
I rest my weary soul in Thee;  
I give Thee back the life I owe,  
That in Thine ocean depths its flow  
May richer, fuller be!

O Joy that followest all my way,  
I yield my flickering torch to Thee;  
My heart restores its borrowed ray,  
That in Thy sunshine's blaze its day  
May brighter, fairer be.

O Joy that seekest me through pain,  
I cannot close my heart to Thee;  
I trace the rainbow thru the rain,  
And feel the promise is not vain  
That morn shall tearless be.  
O Cross that liftest up my head,  
I dare not ask to fly from Thee;  
I lay in dust life's glory dead,  
And from the ground there blossoms red  
Life that shall endless be.

Mr. and Mrs. G. K. Martin accompanied their son Jimmy to Lubbock last weekend, where he entered Texas Tech. They also visited their son in law and daughter Mr. and Mrs. C. H. Phillips in Lubbock.

Mr. S. L. Denny has as guest this week Mrs. Janie McDonald.

Cpl. Harold L. Eaton, son of Mr. and Mrs. T. D. Eaton, has re-enlisted in the army for a 6-year period. He recently returned home after serving six years in France and Germany. Harold was sent to Ft. Bliss for processing and re-assignment.

**SHADE TREES NEED A LITTLE HELP**

Shade trees sapped by another summer of sparse rainfall need a little help from their owners.

An ailing tree's condition can be improved greatly with water and fertilizer, says B. T. Haws, county agent. To accomplish this, build a circular dike around the trees to hold water four inches deep in the basin. The diameter of the basin, size of the tree's shade canopy. A dike six feet in diameter is suggested for small trees and shrubs.

Spread a commercial fertilizer on the soil within the dike. The formula and application rate depend upon the inherent fertility of the soil. As a starter, one pound of 16-20-0 to every 100 square feet of surface is recommended.

Fill the basin to a depth of four inches and allow to soak in. During the hot dry part of the year repeat waterings at seven to 10 day intervals, but discontinue during the seasons.

Fertilize every 30 days during the growing season and withhold fertilizer as the tree goes into dormancy. Water every time fertilizer is applied.

**Whittenberg, Cope to Go to Kansas City FFA Convention**

The agriculture boys met Tuesday morning to plan for the coming year. Eddie Whittenberg was chosen by the City National bank to represent our county at the national FFA convention at Kansas City in October.

The chapter voted to send Donald Cope with Eddie.

New officers are Donnie McManus, parliamentarian; and Eddie Whittenberg, secretary.

Gerald Clements, Donald Cope, Jerry Morgan, J. L. Skinner and Eddie Whittenberg will attend the achievement banquet sponsored by the City National bank.

Mr. and Mrs. Gene Jackson of Houston are announcing the birth of a son Terry Craig, weight 7 lb. 6 oz., on Sept. 8. The Jacksons have a daughter Janet Lynn, 2 years of age. Grandparents are Mr. and Mrs. Bob Jackson of Iowa Park.

The county ASC has a new practice  
number 35 that offers federal  
cost sharing of 80 per cent of the  
cost of seed and fertilizer. Austrian  
winter peas, Dixie winter peas, Ma-

eligible seed. Fertilizers that may  
be approved are 0-20-2, 0-30-0 and

Those working with the district  
believe this practice offers co-

make good use of diverted acreage  
and also to use a legume in their  
cropping system.

## BAND NOTES :::

The seventh period band classes  
are busy getting ready for the game  
Friday night at Valley View. This  
is our first road game and we are  
going to put on a good show. Just  
take notice of the fancy halt and  
precision marching. Snappy, don't  
you think?

The pep band played for the pep  
rally last Friday and helped get  
everyone in spirit for the Electra  
game. The pep band also played  
for the PTA social Tuesday night  
in the city park.

Pictures of the band were made  
Tuesday. Also pictures of the sec-  
tions, the officers, and of the all-  
regional students, the majorettes  
and the drum major.

Be sure to go to Valley View and  
help us pep up the team.

Janice.

Mrs. Leonard Parish and daughter Valerie are making an  
extended visit here in the home of her husbands parents Mr.  
and Mrs. Ruben Parish. Plans for their future are being held  
up pending government decisions concerning property and  
money they left in Southeast Asia.

## CARD OF THANKS

We wish to express our thanks  
to the civic minded people of Iowa  
Park for the wonderful job they did  
in helping us last Wednesday when  
865 persons stopped a few minutes  
to help stamp out tuberculosis.

We realize our citizens are be-  
coming more educated in the medi-  
cal field and are ready to help  
save our loved ones from illness  
if at all possible.

Again we say "Thank you" to  
the Music club, Study club, PTA,  
ESA, Council of Church Women,  
Mrs. Yeagan and the C of C, Boy  
Scouts, James Elms, Ted St. Clair,

ministers for announcing the x-ray  
survey in pulpits and bulletins,  
the Herald for the publicity it gave  
to the cause.

We especially want to thank  
Metz Appliance for the use of their  
business establishment where the  
unit was set up; and Miss Margaret  
Hall, her secretary Mrs. J. R.  
Camp of Wichita Falls, and George  
Strickland of Austin.

Ethyle Kidwell, chairman.  
Hazel George, co-chairman.

trip to Dallas, Monday.

ited Mr. and Mrs. Homer Blalock

## Party Curls for Little Girls Make School Day Grooming Easier

**MANY LITTLE GIRLS** look as shaggy as their pets during vacation  
months. But comes the opening of school, and suddenly, these same  
little ragga-muffins look as neat as pins.

Home permanents can  
take much of the credit  
for this transformation,  
says Katherine Potter  
who heads the beauty  
and grooming depart-  
ment for Procter &  
Gamble. Hair that seems  
completely unman-  
ageable, becomes as doc-  
ile as can be, when it has  
a soft permanent. Even  
braids look prettier if  
the hair ends are curled.  
Then, on holidays or  
party days when dress-  
up hairdos are called for,  
the curl is there already  
to be brushed into soft

bouncy waves. If your little girl  
has long hair, Miss Potter recom-  
mends a permanent only in the  
ends of the hair. Roll each curl  
one turn above the place where  
you want the wave to start. If  
her hair is short, curls should be  
rolled to the scalp to get the  
most out of a permanent. Party  
Curl, a home permanent made  
specially for children, gives you a  
choice of a tight or a loose wave.  
Although it requires no neutral-  
izer you can have a tight wave,  
by allowing the hair to dry thor-  
oughly on the curling rods, or  
you can unroll it after a speci-  
fied time while it is still damp  
and let it dry in a net or scarf,  
for a softer wave. Either way,  
you'll find a little curl makes hair  
easier to take care of. All lit-  
tle girls love it. (All rights re-  
served.)
