PRICE FIVE CENTS.

THE REPUBLICANS

George K. Nash Nominated for Governor

THE FAVORITE OF HANNA

John A. Caldwell, a Cox Man, For Lieutenant-Governor

THE SO-CALLED SLATE BROKEN

Other Five Nominations were Distributed Among Those of Less Distinct Party Affiliations—Feature of the Convention was Its Practically Unanimous Endorsement of President McKinley—The Platform Adopted Has a Plank Denouncing Trusts.

Governor—George K. Nash of Franklin.
Lieut. Governor—John A. Caldwell of Hamilton.
Supreme Judge—W. Z. Davis, of Marion.
Auditor—Walter D. Guilbert, of Noble.
Treasurer—Isaac B. Cameron, of Columbiana.
Attorney General—James M. Sheets, of Putnam.
Member of the Board of Public Works—Frank A. Huffman, of Van Wert.

Columbus, Ohio, June 2.—The Republican state convention today nominated George K. Nash, the favorite of Senator Hanna, for governor and ex-Congressman John A. Caldwell, the favorite of Governor Hanna, for lieutenant governor, with the other five nominations distributed among those of less distinct party affiliations.

When some of the delegates raised the cry "slate," George B. Cox himself was the first to break the slate by changing the 86 votes of Hamilton, which he had cast on the first and second ballots for Judge Hull for attorney general, to James M. Sheets, Judge Hull had been generally considered as a sure winner, as he had been stated. In this case the anti-trust as well as the anti-slate element got the best of it.

The proceedings had been quiet and orderly until the order of nomination of attorney general was reached. There were the names of James M. Sheets, John A. Caldwell, George B. Cox and others among them being Judge Hull of Sandusky, whose name had been presented earlier in the session for the nomination of attorney general. The ballot was proceeded with in such manner as indicated the nomination of Judge Hull when an apparently organized chorus began the yell of "slate," "slate" and the proceedings were interrupted by the cries of "slate" every time votes were announced for Hull.

Both the first and second ballots were without result. When the third ballot began the cries of "slate" were renewed in a deafening chorus and then it was that George B. Cox changed his vote from Hamilton county from Judge Hull to James M. Sheets. This caused a stampede and the rules were suspended and Sheets was nominated by acclamation before the call of the third ballot was completed.

Bradbury's Defeat.
This was the first break in the so-called Hanna-Cox slate and it caused the convention to go wild. The delegates voted to elect James M. Sheets as the order of "supreme judge" was reached. The names of J. P. Bradbury of Pomeroy, W. Z. Davis of Marion and C. S. Shearer of Xenia were presented. Judge Bradbury had served two terms of six years each on the supreme bench and the "third term" idea had previously been defeated in the cases of State Treasurer S. Campbell and Attorney General Frank Monnet. The cries of "third term" and "slate" were set up against Judge Bradbury, and on the third ballot W. Z. Davis was nominated.

Isaac B. Cameron, the successful contestant for treasurer of state, was generally credited with having secured the Hanna-Cox vote.

McKinley Enthusiasm.
Outside of the unusually animated contests for the nominations, the feature of the convention was its universal endorsement of President McKinley.

When the plank "commending the president for the judicious modification of the civil service rules, recently promulgated," was read, there was a very enthusiastic demonstration.

In presenting the name of Mr. Daugherty, Mr. Holcomb, of Cleveland, said he hoped the convention would take no dictation, and when Mr. Daugherty was called out after the nomination of Judge Nash, the defeated candidate said among other things, that he hoped he would at least be allowed to live as a private citizen in the Republican ranks. Outside of these utterances there were today no of the states that are common at conventions and which were frequently heard on previous days this week in both public and private utterances of leaders.

CONVENTION PROCEEDINGS.
The Auditorium, Columbus, O., June 2.—Owing to midnight conferences of leaders, the Republican state convention did not come to order until 10:20 today. The hall seats 5,000, but there were so many tickets given out that some holders could not secure standing room. While the band discoursed from the galleries there were wild demonstrations as leaders came into the hall. It was 10:20 when Chairman Kerr began rapping for order.

The reports of the committees on rules and order of business and permanent organization were adopted. Chairman Kerr returned thanks for the endorsement in making the temporary organization permanent. He then proceeded to call for the report on credentials.

The report of this committee on seating the Cox delegates from Hamilton county, the Holcomb delegates from

A MYSTERIOUS THEFT

Box Containing \$25,000 in Gold is Missing

WAS SHIPPED FROM AUSTRALIA

Missing Box was One of Thirty, Each Containing 5,000 Sovereigns, Shipped on the Steamer Alameda Which Arrived at San Francisco Yesterday—Two Men Under Arrest on Suspicion.

San Francisco, June 2.—There was great excitement on board the steamer Alameda today when it was discovered that a box containing 5,000 sovereigns was missing. Seven hundred and fifty thousand dollars in gold had been sent hither from Sydney. The money was shipped in 30 steel boxes, each containing \$25,000 in British gold. One of these boxes was abstracted from the steamer's treasure room during the voyage. The theft is apparently shrouded in deepest mystery.

To thoroughly understand the peculiar deftness of the crime it is necessary to explain that large sums of money, frequently exceeding a million in amount, come from Australia by nearly every steamer. These consignments of gold represent the balance of trade in favor of the United States. The England owes the United States for grain and oil and Australia is England's debtor for all kinds of merchandise. It is more convenient and less expensive to send money to America from Australia than from London to England. Therefore, at least 50 per cent of the demands of the United States on Great Britain are paid directly by the colonies of the latter country.

Shipped in Steel Vault.
So common a feature of the cargoes of the Australia steamers are these "shipments" of gold, that the Oceanic Steamship company has a special steel tank constructed for the safe carriage of the treasure. On the Alameda, this tank may be called, is formed of steel plates each five-sixteenths of an inch thick. It is located under the steeple dining room and is entered by a narrow passage through a small trap door, secured with an iron bar and a Yale lock. The lock was sealed with the stamp of the steamship company after the boxes of sovereigns had been counted and receipted for by the purser, and the key of the lock placed in the safe in the purser's room. The purser declares that the key to the steel tank was never seen from the safe from the departure of the steamer from Sydney until the arrival here. The seal over the lock was unbroken and yet the consignments of short 5,000 sovereigns, in one package, and yet but 29 boxes were in the steel tank at the beginning of the voyage, and the missing box was in the tank when the steamer arrived.

Thorough Search Made.
When the loss was discovered and reported to the captain he took extraordinary pains to locate the stolen treasure and to "discover" the thief. A thorough search was made of every passenger as well as all of the crew was obliged to undergo an ordeal of rigid examination. None of the officers was suspected, and no one will claim that the missing treasure was found.

The mysterious character of the theft, the fact that the thief was accomplished and the cleverness with which it was concealed puzzled officials and detectives alike. The generally accepted theory is that the thief was implicated in the theft, and that a party of sovereigns was secured it was opposed and the gold divided among the robbers among whom they could safely remove it.

Two Men Arrested.
The police have arrested two men who came up on the steamer on suspicion. The suspects gave their names as Ward Green and John H. Porter, and the former was confined on the passenger list as Willard Reed.

The officials scout the idea that Purser Smith is in any way implicated in the theft. He is a well-to-do man, in the service of the company and he is declared to be absolutely above suspicion in the matter.

The theory of the police is that the missing box was never in the steel tank. As the boxes are heavy, each weighing about 90 pounds, as they were brought on board they were checked by the purser and chief officer and carried to the strong room by two porters. It is now believed that a game of bluff was played. The purser and chief officer, instead of being checked in proper receptacle, was opened and the money either taken on shore before the steamer sailed from Sydney or else divided among a number of porters, who were among the passengers.

Nothing is known about Reed, alias Green, and Porter, but the police believe that they were connected with the theft in some as yet unexplained manner.

FOUNTAIN CASE

SENSATIONAL TESTIMONY GIVEN IN THE MURDER CASE—THE DEFENSE IS PREPARING TO MAKE A STRONG FIGHT.

Thillsboro, N. M., June 2.—The political case of the Fountain murder case developed with today's testimony. The court refuses to entertain matters relating to certain parties. The evidence today has been brought with political feeling against Lee and Gilliland rather than tending to show them guilty of the Fountain murder.

Garrett was being cross-examined by Attorney Fall, during an objection Mr. Fall said: "Garrett was ousted from the sheriff's office because he refused to murder Lee and Gilliland and other murderers were put in." Will show they refused Lee a hearing waiting for the administration to change."

Garrett said: "The Massie lodge is paying the expense of the investigation." You," addressing Attorney Fall, "and others have been shooting at each other a good deal. I believe it was called political feeling."

Here the witness started the listeners by saying that Attorney Fall had gone with him to Santa Fe and got two county commissioners removed so he (Garrett) could be appointed sheriff.

Garrett then recited how Kearney was killed and Lee had the drop on the posse from a house-top, but agreed to persist on condition that Garrett leave, and tell the truth. "Several shots were fired, however, through the roof at us after we began to talk," said the witness. The defense is trying to show that Garrett had refused to investigate other clues when the noon recess was taken.

A Confused Expert.
Anticipating an attempt of the defense to show that Colonel Fountain is still alive the prosecution introduced Prof. Francis Crossen, who was em-

BORDER TROOPS AUTHOR

Esterhazy Says That He is the One Who Wrote It

DENOUNCES GENERAL STAFF

The Count Declares that He Has Proofs that They Knew the Whole Thing and Share Responsibility With Him—An Alleged Explanation of the Reason the Borderline Was Written.

London, June 2.—The Chronicle says that Major Comte Ferdinand Walsin Esterhazy called at its office last evening (Friday) with a confidential friend and after declaring that the time had arrived when the whole truth should be told, although hitherto by reason of constant orders and inducements he had kept silence on the essential point, made the following statement:

"The chiefs of the army have disgracefully abandoned me. My cup is full and I shall speak out. I am raising my voice and glancing around me. I have written the borderline. I wrote it upon orders received from Sandherr."

Esterhazy, the Chronicle says, then pressed to explain that for months before 1893 moral proofs had been obtained of leakages which were only possible through officers belonging to the ministry of war and it was necessary to certify that they saw Colonel Fountain alive after he was said to have been murdered and that he tried to avoid recognition. "This was a lie," he said, "and I will not be troubled by the testimony of the prosecution hereafter will bear directly against Lee and Gilliland."

HOPKINS WITHDRAWS

FROM THE NATIONAL SPEAKERSHIP CONTEST IN FAVOR OF GEN. HENDERSON AND WILL SUPPORT HIS CANDIDACY.

Chicago, June 2.—Congressman A. J. Hopkins this afternoon withdrew from the national speakership contest in favor of Gen. D. B. Henderson of Iowa. Nine of the 14 congressmen in the Illinois delegation were present at the speakership contest, which was held in the Grand Pacific hotel this afternoon. After four hours' discussion behind closed doors, it was decided to withdraw Mr. Hopkins from the contest, and to support Gen. Henderson.

"I have withdrawn and further conference by the delegates it was decided to support Gen. Henderson, in which action I fully concur."

"My withdrawal and the subsequent action of the Illinois delegation were brought about by a consultation with Colonel Henderson or any of his supporters and without his or their knowledge."

"At the conclusion of the conference Mr. Hopkins sent the following telegram to Colonel Henderson at Dubuque, Iowa:

"I have decided to withdraw from the speakership contest and the Illinois delegation has resolved to support your candidacy. I wish you every success."

BRYAN AT LOUISVILLE

Restoration of Bimetallism is Not the Only Issue.

Louisville, June 2.—William J. Bryan reached Louisville at 12:25 o'clock this afternoon. He was escorted to the auditorium, where he spoke to an immense gathering of people, and was greeted by a number of members of bands of insurgents whom he found in the neighborhood.

Three members of the South Dakota regiment were wounded at San Francisco in the encounter between the insurgent and American outposts.

CEDED TO GERMANY

QUEEN REGENT OF SPAIN ANNOUNCES THAT THE MARIANNE, CAROLINE AND PALAOS ISLANDS HAVE BEEN GIVEN UP.

Madrid, June 2.—The queen regent opened the cortes today with the usual ceremonial and in the speech from the throne announced that the Marianne, Caroline and Palaos islands were ceded to Germany by the late Spanish cabinet. During the course of the speech her majesty said:

"At the opening of the cortes all the sorrows which have wrenched our hearts, through the disasters which have visited our country, are reawakened. We must preserve sadness in order to derive experience therefrom, but the woes of our country are of such a nature that reticence and silence avail better than complaints."

"When peace with the United States was concluded, parliamentary troubles caused a change of cabinet. Under the conditions it belonged to me to ratify a treaty by laying it before the chamber. There remained under our control the Carolines, Palaos and most of the Marianne islands, but the former cabinet, believing it was expedient to retain such minor appanages of our ancient empire and signed with the German emperor a convention offering to cede the Marianne islands under the law which would be submitted immediately to the chamber."

INTERNATIONAL CHESS

London, June 2.—The third session of the international chess tournament was begun this noon. The pairing of the players was in accordance with round 15 of the Berger system, and the players therefore met each other in the following order:

Mason vs. Steinitz; Tschigorin vs. Teichmann; Tinsley vs. Marozsky; Bird vs. Pillsbury; Cohn vs. Janowski; Schlechter vs. Showalter; Lasker vs. Lee and Blackburne vs. Baye.

THE SAMOAN COMMISSION

Making a Careful Study of the Situation.

DILEMMA OF DR. SOLF

Was Unable to Get Into Office and Assume His Duties.

SUPREME COURT'S ATTITUDE

Will Pursue the Even Tenor of Its Way Without Regard to the Presence of the International Commissioners—King Tanu and His Rival Mataafa Will Both Be Given an Opportunity to Present Their Claims.

San Francisco, June 2.—The steamer Alameda, from Australia, ports of call being Honolulu, Manila, Apia, and Pago Pago, today and brings the following from the Associated Press correspondent at Apia, dated May 15:

The U. S. steamer Badger, bearing the commissioners of the United States, Great Britain and Germany, arrived at Apia on May 13. The commissioners have elected Mr. Trippl, the American representative, chairman. On their arrival they received letters of welcome from King Malfetoa Kuna and from Mataafa. Both letters were acknowledging the receipt of the letters.

The commissioners are reticent as to their proceedings. It does not seem to be their purpose to hold any public sessions. Up to date they have been engaged in preliminary and a careful study of the situation. They have had interviews with the three consuls, the admiral and captains of the British warships, the chief of police and a representative of the London Mission society and the Roman Catholic mission. Their inquiries seem to be directed to the preliminary investigation of all concerned in connection with the trial and proceedings in the kingship matter. This afternoon they are to have an interview with King Tanu and five of his chiefs are coming up to Apia at the request of the commissioners, and they have guaranteed him a safe passage to Apia.

Chief Justice's Position.
In connection with the kingship proceedings, the commissioners wrote asking the chief justice if he would forward them a copy of the doctrine filed in the supreme court. This the chief justice did. At the same time he, in writing, informed the commissioners that he did so from a desire to aid them in their investigation, that he claimed for himself and his court, notwithstanding the absence of the commission in Apia, the full power and jurisdiction of the supreme court. He stated that his action must in no way be regarded as abrogating those powers or privileges. The supreme court, he stated, was not subject to revision or alteration at the hands of the commissioners. The commissioners, in reply, have acknowledged the receipt of the chief justice's letter. The chief justice has been informed by the chairman of the commission that the commissioners, in reply, have acknowledged the receipt of the chief justice's letter, and that the court will pursue the even tenor of its way.

A MANILA SOIREE

AN ELABORATE ENTERTAINMENT GIVEN TO PROMOTE GOOD FEELING BETWEEN AMERICANS AND FILIPINOS.

Manila, June 3, 11:10 a. m.—The Philippine commission last night gave one of the most brilliant balls Manila had ever seen. It was one of a series of entertainments intended to foster friendship between the Americans and natives. The commission has the handsome residence in Manila, overlooking the harbor. The grounds surrounding it were illuminated, while the house itself was decorated with the American colors.

The newly-appointed judges, General Otis, a number of other American officials and many wealthy natives were present. There was a display of gorgeous native toilet, and many jewels were worn, and the array of handsome women surprised the Americans. There was a long programme of American and Filipino dances, and the rendering of several instrumental selections, ending with "The Star Spangled Banner."

United States Senator Albert Beveridge of Indiana, who came to the Philippines some time ago, has made a fortnight's trip in the southern islands, visiting Iloilo, Negros and Cebu. Dr. Solf, who has been named as the chief of the American forces in the Philippines, who has 2,000 fighting men under his command and who professes friendship for America, which friendship, he said, might be strengthened by the continuance of the annual subsidy of \$12,000 formerly paid by the Spaniards. Mr. Beveridge will leave here on Saturday.

General Smith has punished the insurgents at Escalante, island of Negros, for the murder of Captain Tilly of the signal corps, who was killed at San Francisco in the encounter between the insurgent and American outposts.

EXPRESS ROBBERY

MASKED MEN OBTAINED A LARGE AMOUNT IN MONEY AND JEWELS FROM U. P. TRAIN IN WYOMING.

Cheyenne, Wyo., June 2.—At 4 o'clock this morning Union Pacific mail and express train No. 1 was held up a few miles west of Wilcox station, in this state, by six masked men, evidently professionals, who blew open the doors of the express car and carried away all the contents of the same. The mail train was held up at the same place, and the contents of the mail were also carried off. The robbers were seen to be of the party that "four armed mail clerks were in charge."

Salt Lake, June 2.—A special to the Tribune from Rawlins, Wyo., says that the United Pacific robbers at Wilcox today obtained \$36,000 in money and about \$10,000 worth of diamonds, and that a large amount of money and bills was destroyed by the explosion.

Secretary Alger's Vacation.
Washington, June 2.—Secretary and Mrs. Alger will leave this evening for a visit to their home in Detroit, after which the secretary will visit the lumber regions in Minnesota, where he has large private interests. The secretary expects to be absent about three weeks. Assistant Secretary Melkhejohm will have charge of affairs in the war department.

JOHANN STRAUSS III.

Vienna, June 2.—Johann Strauss, the famous Austrian composer, now in his 74th year is believed to be dying. He is suffering from an advanced stage of bronchial catarrh, of which ailment he has long been a victim.

REVIEWS OF TRADE

Dun's and Bradstreet's Weekly Commercial Summaries

MAY FAILURES THE SMALLEST

They are Only 62.8 Per Cent. of the Smallest Previously Reported in Any Month—Demand for Iron, Which Has Been Called the Industrial Barometer, Passes All Belief.

New York, June 2.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

April failures were the smallest ever reported in any month. May failures are nearly 20 per cent smaller—only 62.8 per cent. of the smallest previously reported in any month and only 34.3 per cent. of those in May last year.

Comparisons with previous years indicate that the ratio of defaults to solvent business has never been as small in any other month as in May, 1899. In dealing with times like these the chief difficulty is to avoid the accounts of extravagance.

The wool speculators seem to be preparing such trouble for themselves as they made nearly two years ago.

Wheat has lifted slightly on all sorts of reports and then dropped, closing 1 cent higher than last week.

BRADSTREET'S

FAVORABLE EFFECT OF THE IMMENSE INDUSTRIAL ACTIVITY IS REFLECTED IN THE RAILROAD EARNINGS.

New York, June 2.—Bradstreet's tomorrow will say: Holiday observances and warmer weather have worked toward a small aggregate of speculative transactions.

Chicago, June 2.—Trade in cattle was slow and prices barely steady. Fancy cattle brought \$5.60 to \$5.75; choice steers \$3.30 to \$3.45.

The London Market. New York, June 2.—Commercial Advertiser's London financial cablegram: The markets here were idle today.

even here the trouble seems to be rather the question of delivery than of enhanced value. Rather more speculative interest has been observable in cereals, particularly wheat, this week.

FINANCIAL REVIEW.

New York, June 2.—Bradstreet's Financial Review will say tomorrow: Increased evidence was afforded this week that not only had large interests ceased to give support to the share market but that some manipulative operators of considerable force were actively engaged on the bear side up to Friday.

BANK CLEARINGS. New York, June 2.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ending June 2, with the percentage of increase and decrease as compared with the corresponding week last year.

Table with columns for City, Amount, and % Change. Includes New York, Chicago, Philadelphia, St. Louis, etc.

except in mines. The tone was weak but it hardened finally. Americans were a good fraction when New York bought steadily and the close was at the best.

Copper opened flat but recovered. Paris sold Tinios persistently but London bears closed, causing a rally from 46 to 47 1/2.

Silver was weak. The Japanese loan is out and £2,000,000 have been subscribed by Japan.

New York Stocks. New York, June 2.—The bears suffered a complete rout on the stock exchange today and rushed to cover outstanding accounts with symptoms of distress.

On the Produce exchange today, the butter market was firm; creamery, 12 1/2; dairy, 10 1/2.

The Tin Market. New York, June 2.—Tin easy \$25.55 to \$25.65.

Coffee Market. New York, June 2.—Options closed steady unchanged to 5 points higher.

BASE BALL. Standing of the Clubs.

Table with columns for Club, Won, Lost, Per Cent. Includes Brooklyn, Boston, St. Louis, etc.

Brooklyn-Cleveland. New York, June 2.—The Brooklyn today's game by a rally in the eighth.

Boston-Cincinnati. Boston, June 2.—Brilliant playing on the part of the Bostonians won the game today from Cincinnati, 6 to 4.

Washington-St. Louis. Washington, June 2.—Young had the Senators beaten to a standstill today, while Dineen was rapped frequently.

Pittsburgh-Philadelphia. Philadelphia, June 2.—With the score tied in the ninth, Lajoie won the game for the Phillies by batting out a home run.

Baltimore-Chicago. Baltimore, June 2.—Kitson had Callahan beaten to a standstill in a pitchers' contest this afternoon.

New York-Louisville. New York, June 2.—In a badly-played game today the Giants won in the last inning, aided by a base on balls to Van Halter.

Chicago. Chicago, June 2.—Trade in cattle was slow and prices barely steady.

There was a poor demand for sheep and lambs and prices were irregularly lower.

Receipts—Cattle 2,000; hogs 22,000; sheep 5,000.

The London Market. New York, June 2.—Commercial Advertiser's London financial cablegram: The markets here were idle today.

Is the Best Any Too Good for You?

6 SOUTH TEJON ST. The Conway Shoe Store.

MANITOU NEWS.

Mrs. E. Gould is reported quite ill at the home of Mrs. W. J. Johnson in South Manitou.

Mr. and Mrs. E. E. Nichols, Sr., and Miss Nichols, were visitors in Denver yesterday.

Mrs. R. B. Turner and Miss M. C. Bosworth of Cincinnati were among the arrivals at the Cliff yesterday.

Dr. J. H. Raymond, a prominent physician of Brooklyn, is spending a few days in Manitou. He is registered at the Cliff.

Miss Lucile Noel of Paris, Missouri, and Mrs. A. I. Milled of Macon, Mo., were among the arrivals at the Barker yesterday. They expect to spend the summer in Manitou.

Mr. R. C. Johnson of Buffalo, New York, is spending a few days in Manitou attending business interests. He is registered at the Norris house.

Mr. and Mrs. Samuel Magee and children, of Chicago, are stopping in Manitou for a few days. They are among the guests at the Barker.

Mr. Edwin Stanton of Cincinnati arrived in Manitou Thursday evening. He has accepted a position as book-keeper and stenographer at the Barker.

Mrs. H. M. Dyer of Chicago arrived in Manitou Thursday evening to join her husband who has been a guest at the Cliff during the past two weeks.

A party consisting of Mrs. John J. Morris and daughters, Misses Agnes, M. H. and C. C., is registered at the Cliff. They expect to remain during the summer months.

A large Raymond excursion party, about 300 in number, is expected to arrive in Manitou this morning. The tourists have been traveling in California and are on the way home. They will remain over Sunday in Manitou. Mr. G. S. Simmons is in charge of the party.

Mr. and Mrs. C. W. Barker pleasantly entertained a few friends last evening at 6 o'clock dinner. Those present were

S. S. BERNARD & CO.

Name of a New Jewelry Store that Opens for Business Today in the Barnes Building.

One of the first firms to get its lettering upon the windows of the new Barnes building on Pike's Peak avenue is the firm of S. S. Bernard and company, who will do a general jewelry business. The firm succeeds the firm of Leroy Garten and company, who were formerly at 105 1/2 North Tejon street.

The store will hold a formal opening this afternoon and this evening. An exceptionally fine line of cut glass, watches, rings, silver backed articles of various kinds, table ornaments, etc., will be on exhibition. All persons are invited to call, especially ladies, and all ladies who visit the store during the afternoon will be presented with handsome cut flowers.

The store will be under the management of Mr. Vigil Blakmore, whose ability to properly conduct the business is already known in this city.

AT THE PLAY.

"McFadden's Row of Flats" only needs one thing and that is a change of name. The majority of theater-goers imagined that the play was one of a low order, abounding in horse play and with very few redeeming features. The name alone was responsible for a large number of

RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost unendurable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an indication of a humor in the blood—of terrible Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes: "I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofulous Contagious Blood Poison, Cancer, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S., nothing can take its place.

Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

CRIPPLE CREEK SCHOOL INTERESTS

The Present Term Has Been Shortened by a Week

To RELIEVE STRAIN OF WORK

Action Taken by the School Board in Response to Petition Signed by 35 of the Teachers—Further Study at Present Deemed Inadvisable for the District.

Special to the Gazette.

Cripple Creek, June 2.—There may be some taxpayers who have children attending the public schools of the district who will wonder why the school year has been suddenly cut off on June 2 instead of being continued until June 3, which is the date announced some time ago as the date of closing.

It was brought about by the teachers' making up their minds that an extra week's rest was advisable. So 35 of them signed a petition to "your honorable body," the board of education, and presented it at the meeting May 28, requesting that the school year of 38 weeks be extended to 37, not more than a school year of 38 weeks. The reason which the above mentioned petition gives for requesting a week cut off is that the extreme heat of the district makes the work both for teachers and pupils very laborious; and they also state that some of the pupils have been made sick by the disease which has left the pupils in a weakened condition, and that the eyes of these pupils are especially unfit to study; and they state further that for the sake of foregoing exercises they think that the labor of preparing for the commencement exercises, which will take place the last of next week, will be sufficient burden for the children in their weakened condition, to bear. To the school board it was sufficient argument, and they granted the petition without discussion.

ASSIGNMENT OF TEACHERS.

The following are the assignments of teachers for the Cripple Creek district, by the school board, Thursday evening:

Cripple Creek—Miss S. J. Robinson, principal; Miss Lottie Lindsey, Miss Stella Phillips, Ruth Barrett, Nellie Fuller, Florence Carlson.

Warren Avenue—S. H. Brotherton, principal; Miss Stella Pearce, Miss Madge Eldridge, Miss Isabella Hunter, Lulu Hain, Miss Huffman, Miss Yambert, Miss Ethel Clappow, Miss L. Priest, Miss Susan Goddard.

Golden Avenue—Miss Emma Boland, principal; W. E. Easton, Miss Rooney, Miss J. K. Lewis, Miss K. Conroy, Miss Kalsner, Miss Girard, Miss Una Rinehart, Miss Ora Hill, Miss Grace Boland, Miss Hattie Howard, Miss Lavelle.

Cripple Creek High School—E. C. Hickley, principal; Miss M. J. Moore, Miss G. W. Gould, Lizzie Hunter, Mrs. Sutton.

Anacoda—E. E. Morris, principal; Miss Nancy Riggs, Alma J. Moore, Alda M. Colwell.

Elkton—J. J. Downey, principal; Miss Lou M. Stanley, Miss Kessler.

Lawrence—Mrs. C. E. S. Crosse, principal; Christine Reames, principal; Washington School, Victor—J. C. Graham, principal; Mrs. L. M. Johnson, Miss Winifred Mowe, Miss Isa Moore, Miss Clara Honnig.

Victor High School—J. H. Whittemore, principal; Martha Lanning, Miss Georgiana Mowley, Miss Alice Smith, Lois Wilder, Miss Martha Bruner, Miss Laura Adams, Miss M. J. Moore, Miss L. A. Atkinson, Miss Kate Kanany.

New High School Building—J. P. Wright, principal; Miss Edith Atkinson, Albert Hawkins, A. C. Cole, Cora L. McKeehan, Julia Clappow, Miss L. Priest, Miss L. A. Atkinson, Miss Kate Kanany.

Miss A. C. Luwick has been superintending the school at the new building. Miss Ella E. Stratton, superintendent of arithmetic; Mrs. Pearl B. Craig, superintendent of drawing and Edith Teller, assistant superintendent of drawing. Three members for Cripple Creek were decided upon as a committee to select a site for the proposed high school building. The board will hold another session next Thursday evening.

THE ALTA VISTA.

Percy McGeorg, Leadville; G. R. Hudson, Miss Hudson, Toledo; W. J. Heffley, Mrs. W. J. Heffley, Capt. R. Doezen, Mrs. Doezen, Texas; J. A. Burket, Denver; John P. Moore, New York; W. F. Hosen, George; John S. Hall, Manitou Park; Katherine A. Tagley, Miss Fabor, F. M. Pierce, H. T. Patterson, Mrs. Richmond Green, Miss A. Thompson, Mrs. C. D. Harris, New York; Ed. W. Stark, Mrs. Ed. W. Stark, Maine; Miss W. T. Thomas, Denver; W. S. Shohn, Mrs. W. C. Shohn, Omaha; Chas. S. Lane, Denver; W. E. Holbert, C. A. Thompson, Mrs. C. W. Thompson, New York; O. P. Valley, Mrs. O. P. Valley, St. Louis; O. L. Montgomery, C. C. C. W. T. Holmes, Miss Holmes, Denver; Brockhoff, Wt. Cincinnati.

DR. ELLISON'S SURRENDERS!

To the Deserving Demands of Sick People, by Continuing His Most Liberal Offer of \$5.00 a Month for His Formulated Sulphur Treatment, which is Especially Indicated for the Cure of Consumption of the Lungs, Asthma, Bronchitis, Catarrh and Special Chronic Diseases—A Good Treatment is Now Placed Within the Reach of All Sick People.

When anyone is in a condition of chronic sickness the way to obtain relief or a cure is to make these conditions known to those who can and will help. A child will scream and its cry will be answered with tenderness and pity. A man or woman won't scream, but if they are tortured by a consumptive cough or bleeding to death by lung hemorrhage, or twisted by rheumatism or rotting with catarrhal infection, and routine lessons under the eyes of precise teachers. Promotion certificates and rewards were given today to various students according to their several merits. The work of students and teachers this year is to be commended. A reception will be tendered in the High School this evening to invited guests. In the Army hall next Wednesday evening the eighth grade pupils will celebrate.

In a New Store.

The Boston Store people are now in the new Allen block, just finished, and are arranging their goods in the most inviting manner. This company has a commanding position.

Close of Schools.

Today's exercises witnessed the closing day of the public and High schools of this city. Many hearts leap for the joy of getting freed, for a time at least, from daily study and routine lessons under the eyes of precise teachers. Promotion certificates and rewards were given today to various students according to their several merits. The work of students and teachers this year is to be commended. A reception will be tendered in the High School this evening to invited guests. In the Army hall next Wednesday evening the eighth grade pupils will celebrate.

R. H. SIMMONS'S DEATH

He Was One of the Best Known Mining Men of the Camp

Other Local News of Cripple Creek—Decision in Kezler's Case Will be Announced This Morning—Officers Think They Have the Mary McKinney Robbers.

Special to the Gazette:

Cripple Creek, June 2.—The death of R. H. Simmons occurred this morning soon after 1 o'clock at the family residence 107 West Masonic avenue of acute maniacal delirium. He had been alling for several weeks. Last week he became much worse and Monday of this week he was unconscious so that the attending physician gave up hope of his recovery. Wednesday he rallied somewhat and recovered consciousness sufficient to recognize those about him. He deceased was a wife, whose maiden name was Miss Elizabeth Loomis. No definite arrangements for the funeral have been made yet. Relatives from the Los Angeles mine are awaiting the death and word from the district. The body, which now is at the White undertaking parlors, in all probability will be sent to Canada for interment. Mr. White stated that a sister of Mrs. Simmons is now on the way here.

The deceased was 32 years of age and was one of the best known mining men of the camp. He identified himself with several important enterprises. He belonged to the order of Odd Fellows and had a large circle of friends.

COURT NEWS.

In the district court this morning the case of Riggs vs. Relander was continued until June 17, owing to the fact that a witness important to both sides is sick.

Two cases, Hopkins vs. the Moon Anchor and Guenon vs. the Moon Anchor, were removed to the district court at the request of the defendant.

The case of Michael Ryan vs. the E. & C. C. railway was brought from El Paso county and filed in the district court today. Ryan in his complaint states that he was a section man on the road in 1898 and that when he was leaving his work at night on a hand-car a freight train came around a curve compelling him to jump down an embankment in order to save his life. He was seriously injured and asks \$5,000 damages.

Kezler's Case.

In Judge Brewster's court the case against Charles Kezler for stealing ore from the Los Angeles mine was finished this afternoon. The judge will announce his decision in the morning as to whether or not he will bind Kezler over to the district court. Judge Brewster in his charge of Kezler made a strong effort to show that the test of ore made by the prosecution was insufficient to establish a value great enough to warrant the charge of grand larceny but Judge Brewster overruled him. The prosecution however was sufficiently moved by the argument of the defense that new charges were filed against Kezler, one for burglary and one for ore stealing. If these charges can be sustained Kezler will be bound over to the district court.

A robber at an Overcoat.

J. P. Flaherty, train dispatcher at the Midland Terminal depot, who occupies a desk in the office of the superintendent of the road, turned from his desk in time to catch George Stanley in the act of stealing his overcoat today about noon. Mr. Flaherty gave chase and overtook Stanley before he got a block away from the depot. Stanley until an officer took him in charge. Complaint was filed before Judge Brewster. When arraigned on the charges of burglary and grand larceny Stanley pleaded not guilty, but Prosecuting Attorney Owen made short work of the preliminary hearing and in a few minutes had him bound over to the district court. The San Juan assayer's office is a stranger in the city and could get no bond he was remanded to jail.

The Mary McKinney Robbery.

The officers who have made a thorough investigation into the robbery which took place at the Mary McKinney mine Tuesday morning have fully concluded that J. M. McArthur and C. E. Grezan, proprietors of the San Juan assayer's office, who were arrested for buying the stolen ore, are the parties guilty of the theft and have given up further search. McArthur and Grezan are here in jail, having been rearrested yesterday on the charge of stealing the ore. They will have a preliminary hearing tomorrow morning.

INSTRUMENTS FILED.

Among the instruments filed for record today were the following:

Location Certificates—Columbine lode by R. Brandt; Nebraska lode by F. S. Schladsch and R. Brandt; Little Peppie lode by F. E. Doyle and Jas. Wigham.

Contract—W. W. McConnell and H. M. Blackmer on the Florence and Star of the East.

Mining Deeds—W. G. Eldred et al. to the Blue Bell M. & T. Co., 37.373 acres of the Ajax lode; J. M. Hawkins, trustee, to the Blue Bell M. & T. Co., the Maggie lode; James H. Hardy to J. M. Hawkins, trustee, Maggie G. lode.

Grandest Excursion Trip Every Sunday.

"Over the Loop," via the "Colorado Road" only \$3.50. Train leaves Colo. Springs 8:25 a. m.

VICTOR'S NEW SEWER SYSTEM

Nearly Two Miles of Mains and Laterals are in Place

AN IMPORTANT IMPROVEMENT

Regular Session of the Public Schools, Including the High School, Closed Yesterday After a Most Successful Year—Eighth Grade Pupils Will Have a Celebration Wednesday.

Special to the Gazette.

Victor, June 2.—Mr. E. J. Condon, superintendent of the Victor Sewer company, is working and a large number of men daily on the streets of Victor. Nearly two miles of sewer mains and laterals are now in place. The company will let no surmountable obstacle prevent the completion of this most important feature of city sanitary improvement.

In a New Store.

The Boston Store people are now in the new Allen block, just finished, and are arranging their goods in the most inviting manner. This company has a commanding position.

Close of Schools.

Today's exercises witnessed the closing day of the public and High schools of this city. Many hearts leap for the joy of getting freed, for a time at least, from daily study and routine lessons under the eyes of precise teachers. Promotion certificates and rewards were given today to various students according to their several merits. The work of students and teachers this year is to be commended. A reception will be tendered in the High School this evening to invited guests. In the Army hall next Wednesday evening the eighth grade pupils will celebrate.

GOLDFIELD.

LITTLE HOPE IS ENTERTAINED FOR THE RECOVERY OF HARRY CURWIN WHO WAS INJURED IN THE INDEPENDENCE MINE.

Special to the Gazette:

Goldfield, June 2.—The Gazette correspondent made a personal call this morning at the home of Mrs. Harry Curwin, the man who was seriously wounded in the Independence mine last Tuesday night and who with his wife and family of seven children lives on Main street in this town. Mrs. Curwin and her daughter have charge of a rooming and boarding house.

Little Hope for Recovery.

Mrs. Curwin stated that her husband was resting as easy as it was possible for him to do, but little hope was entertained for his recovery by his physicians or herself. He had taken no food since the accident and this morning he had drawn a little liquid nourishment through a tube; that his back was broken, his legs badly mutilated and his body and legs from the waist down were paralyzed. Mr. Curwin is an Odd Fellow and an A. O. U. W., and these lodges are furnishing day and night nurses for his comfort according to their rules.

Street Improvement.

The streets of Goldfield are being cleaned, made more level and smooth; many new sidewalks are making and many new buildings are going up, chiefly residences. All show an air of thrift and neatness.

Call at Rio Grande office, 15 North Tejon street, for tickets to the east, west, north or south via all lines. Low rates.

DR. ELLISON'S SURRENDERS!

To the Deserving Demands of Sick People, by Continuing His Most Liberal Offer of \$5.00 a Month for His Formulated Sulphur Treatment, which is Especially Indicated for the Cure of Consumption of the Lungs, Asthma, Bronchitis, Catarrh and Special Chronic Diseases—A Good Treatment is Now Placed Within the Reach of All Sick People.

When anyone is in a condition of chronic sickness the way to obtain relief or a cure is to make these conditions known to those who can and will help. A child will scream and its cry will be answered with tenderness and pity. A man or woman won't scream, but if they are tortured by a consumptive cough or bleeding to death by lung hemorrhage, or twisted by rheumatism or rotting with catarrhal infection, and routine lessons under the eyes of precise teachers. Promotion certificates and rewards were given today to various students according to their several merits. The work of students and teachers this year is to be commended. A reception will be tendered in the High School this evening to invited guests. In the Army hall next Wednesday evening the eighth grade pupils will celebrate.

In a New Store.

The Boston Store people are now in the new Allen block, just finished, and are arranging their goods in the most inviting manner. This company has a commanding position.

Close of Schools.

Today's exercises witnessed the closing day of the public and High schools of this city. Many hearts leap for the joy of getting freed, for a time at least, from daily study and routine lessons under the eyes of precise teachers. Promotion certificates and rewards were given today to various students according to their several merits. The work of students and teachers this year is to be commended. A reception will be tendered in the High School this evening to invited guests. In the Army hall next Wednesday evening the eighth grade pupils will celebrate.

FOR TOURISTS AND INVESTORS.

For some weeks past the Gazette has had in preparation a special Tourist and Investment edition, designed especially to answer the need of information at this particular time regarding Colorado in general and especially that part lying around Pike's Peak.

It was felt by the Gazette management that such a publication would be especially valuable at the opening of the tourist season in view of the unusually great interest which is being felt in Colorado this year, the intention being to give precisely the sort of information most desired by intending visitors, whether coming for pleasure, health or business.

The work of preparation of this special number is now well advanced. A handsome art cover in colors, differing widely from anything hitherto attempted in this line, has been ordered, numerous advertising contracts and orders for papers have been secured, and the work of general preparation is well advanced.

We are very strongly of the opinion that now is the time to act and to act with all possible force, for the future growth and prosperity of Colorado Springs. There was never a time in the history of this city when prospects were so bright or when a little expenditure in the way of advertising the Pike's Peak region would accomplish so much good.

A SUCCESSFUL PRESIDENT. The success which has attended the administration of President McKinley is well shown by the unanimous sentiment among Republicans in favor of his re-nomination. Whatever may be their other differences of opinion Republicans are agreed that no other American is so well qualified to succeed President McKinley as himself, and there is every present indication that he will be re-nominated with less opposition than has been displayed in a presidential convention for a great many years.

SILVER'S PLACE IN THE NEXT CAMPAIGN. Recent events have strengthened the belief that free silver will have a prominent place in the next Democratic platform. Just how prominent it will be does not yet appear but it will undoubtedly be prominent enough so that the claim can be made in the west that the party is standing by the Chicago platform and that it is true to the glorious cause. It is the strength and the eagerness of the western Democrats now controlling the party which have made this evident, and recent meetings in Missouri, Ohio and Kentucky have shown very clearly that they are not disposed to listen to the eastern members of the party upon this point.

THE OPEN PARLIAMENT. Cooperation the Remedy. To the Editor of the Gazette: I beg to call attention as briefly as possible to some thoughts that have been in my mind for many years, and although I cannot hope for their early fruition, I do hope to live to see great progress in the direction which I shall point out. I have long believed that the present relations of capital and labor are not the best that can be devised. I am not one of those who believe that in this country labor is always oppressed and that capital is always oppressive, but I do believe that, generally speaking, labor does not receive an equitable share of the profits earned by their combined efforts.

ver at the ratio of 16 to 1 is necessary to national prosperity. Upon that principle they staked their entire game. But the Republican president was elected and the progress of events proved beyond any possible doubt that: FREE SILVER IS NOT NECESSARY TO NATIONAL PROSPERITY. Whatever else we know, or do not know, about the silver question, we know this, that the United States and Colorado under a Republican president can be prosperous without the free coinage of silver, and we remember that this is contrary to the statements made by the Democrats three years ago.

A DANGEROUS GAME. Canada is playing a dangerous game in blocking the progress of the negotiations between Great Britain and the United States. There appear to be a considerable number of people among our northern neighbors who are thoroughly convinced of their political irresponsibility. They think that they can selfishly insist upon everything they want, can make all sorts of demands upon the United States and claim all sorts of privileges in return, that they can talk big and act small to the fullest extent of their fancy and at the first threat of danger they can retire behind the skirts of Mother Britain.

ist "a marriage of labor and capital" for that we have now and is not wholly satisfactory; neither do I mean the collectivism of Karl Marx or Lassalle, intended to captivate the proletariat, the weakness of which has been so well exposed by Dr. Schaffer in his "Quintessenz des Socialismus," but a perfect co-operation of workmen using their own capital in production, thus relieving themselves from unnecessary intermediaries in industry and commercial exchange. I do not believe that capital and labor can make a satisfactory arrangement for a division of profits. Capital would prefer taking the risks of business that may return one year little or nothing, and the next year perhaps a hundred per cent., rather than a fixed rate of five or six or any other per cent. Many may think they see an insurmountable obstacle to the success of this proposition in the requirements in modern methods of production, for large capital. They say that cannot be made that will bring cost in the market, without an expenditure to begin with of \$50,000, whilst to make a cotton shirt requires a capital of twice that amount, and that workmen cannot raise the necessary capital. This argument, like a scarecrow, only looks formidable at a distance, a close examination will reveal its flimsy nature. If so be a capitalist is necessary to make a shirt, it follows that a large number of persons must be employed to profitably use such an amount, and so large a number of persons may with some show of reason be able to raise the capital required among themselves.

It is not true that the failure to call an extra session will bring any relief from the present unfortunate conditions due to the folly and remissness of the late fusion legislature. In spite of the marked improvement in business noticeable all over the state, the public institutions such as the penitentiary, the insane asylum and the various schools, find themselves without funds to carry on their necessary operations simply because the legislature was too engrossed with petty politics, too stupid or too negligent to provide the necessary laws. It could not plead ignorance, for its attention had been expressly called to the matter, and no excuse worth listening to has been attempted. Simply letting matters alone until the next legislature meets will not help matters much, for the increase in the amount of taxes paid will not equal the progressive trouble in the state finances, where debts, interest charges and deficits are accumulating at a rate which threatens bankruptcy. But simply letting matters alone, with all its danger, is better than risking another session of the Twelfth general assembly. If that session were called the chances are that it would be a repetition of the scenes of the regular session, and there is no better chance that needed legislation would be furnished by it than there was when the presiding officers called the two chambers into disorder last January. Of the two evils, that for which the legislature is responsible, and the legislature itself, the former is preferable.

The difference of French and American characters is illustrated by the hurry in Paris over Marchand. Suppose the same Frenchman or Roosevelt or to get nearer to Marchand's class, suppose that Hobson should return to the United States and the demonstrations in his honor should be considered to endanger the stability of the government! Paty de Clam has bobbed up again—doubtless because oysters are out of season.

Cooperation the Remedy. To the Editor of the Gazette: I beg to call attention as briefly as possible to some thoughts that have been in my mind for many years, and although I cannot hope for their early fruition, I do hope to live to see great progress in the direction which I shall point out. I have long believed that the present relations of capital and labor are not the best that can be devised. I am not one of those who believe that in this country labor is always oppressed and that capital is always oppressive, but I do believe that, generally speaking, labor does not receive an equitable share of the profits earned by their combined efforts. When labor is contributed by one class and capital by another, and each is rather naturally endeavoring to secure all it can at the expense of the other, an antagonism is engendered which is not only dangerous and unpleasant, but results in great loss to both parties to the contest. This loss falls ultimately more heavily upon labor than upon capital. The recipe for the cure of this antagonism of capital and labor is not a reduction of any of the ill that afflict labor is, in my opinion, co-operation. It is not mean by this term what has been called by a distinguished political economist

Gazette Gayeties

There's a better time a-comin', Mr. Broker, never fear, And you better get you ready for the fall end of the year; You can see the indications, if you've any eyes at all, For a mining boom stupendous is a-comin' in the fall.

Better do your sleeping now and get a bit ahead, For pretty soon there won't be time to linger long in bed; You'll have to bring your meals into the pit at every call, For there'll be no time to eat and sleep at leisure, in the fall.

You fellows who have ducats better get in while you can, For if you wait much longer you will be an "also ran;" It won't be very long before the stocks begin to crawl, Up among the pictures—when the boom comes in the fall.

The market's going skyward, and she's going like a streak of lightning, For Cripple Creek is greater at the close of every week; And there'll be a torrid period in the ancient mine, that's a fact, When the mighty mining boom is started in the fall.

A Nice Distinction. "John," remarked Mrs. Bilks, with just a shade of sternness in her voice, "why did you not come home to dinner, and why did you remain away until nearly midnight?"

"Mr. Bilks realized that the supreme moment had arrived, and clearing as much cotton as possible from his voice he replied: "My dear friend of mine asked me home to dinner with him, and matter of (sic) business policy, I went. Had to spend the evening talking over big deal. Had a corking good time, 'dear."

Capital. "Missus, will ye gimme ten cents?" "If I give it to you, what will you do with it?" Will you go and get beastly drunk with it?"

ist "a marriage of labor and capital" for that we have now and is not wholly satisfactory; neither do I mean the collectivism of Karl Marx or Lassalle, intended to captivate the proletariat, the weakness of which has been so well exposed by Dr. Schaffer in his "Quintessenz des Socialismus," but a perfect co-operation of workmen using their own capital in production, thus relieving themselves from unnecessary intermediaries in industry and commercial exchange. I do not believe that capital and labor can make a satisfactory arrangement for a division of profits. Capital would prefer taking the risks of business that may return one year little or nothing, and the next year perhaps a hundred per cent., rather than a fixed rate of five or six or any other per cent. Many may think they see an insurmountable obstacle to the success of this proposition in the requirements in modern methods of production, for large capital. They say that cannot be made that will bring cost in the market, without an expenditure to begin with of \$50,000, whilst to make a cotton shirt requires a capital of twice that amount, and that workmen cannot raise the necessary capital. This argument, like a scarecrow, only looks formidable at a distance, a close examination will reveal its flimsy nature. If so be a capitalist is necessary to make a shirt, it follows that a large number of persons must be employed to profitably use such an amount, and so large a number of persons may with some show of reason be able to raise the capital required among themselves.

The employees of the various manufacturing establishments in New England have a larger sum on deposit in the banks and savings institutions of that section than is used in the industries that give them employment. In fact large loans of their money are constantly made by these institutions to their employers to be used, may be, upon occasions against the rights of the owners of the funds. The foreman of the largest locomotive works in the world told the writer a short time ago, that the several thousand men employed in the works could easily furnish both the labor and capital necessary to conduct them, thus entirely eliminating both the capitalist and capitalists now engaged in the operation. It was his belief that the money taken by superfluous intermediaries amounted to a sum sufficient to pay the men from \$20 to \$40 each per annum in addition to the wages they are now receiving. I cannot, in this communication, do more than call attention to the stove works at Troy, N. Y., and the co-operative works at the City of Chicago, Indiana. This flourishing place was founded in 1833 by the Swiss Colonization society of Cincinnati. There are a number of manufacturing establishments there, making furniture, desks, manikins, wagons, hubs, spokes, brooms, baskets, shingles, railroad ties, flour and feed, harness, staves, barrels, toys, wooden goods, bricks, dressed lumber, etc. All the capital stock of these establishments is owned by the workmen who nearly all own their own houses. At the latest advices over 600 men are at work, now representing an invested capital of \$700,000. In addition 200 men are employed at their homes caning chairs. The workmen select their own board of managers and superintendent. The shareholders of the several companies have a vote for each share of stock owned by them. We are told that every man in the town is contented, prosperous, and always busy. Building associations, as carried on in Philadelphia, are only semi-co-operative, but they have built 75,000 houses in that city without the aid of the class usually called capitalists.

Of course I am a believer in the right of labor to organize and when necessary to strike in its own defense. I believe that sometimes these strikes are followed by beneficial results. As a rule they are not wholly successful. They are always awfully expensive. By wiping out accumulated earnings they antagonize co-operation. I believe that the best thing that labor can do is to do away with employers. There are some branches of business that cannot perhaps be carried on by co-operation of employees, but time and experience may remove them from the list of exceptions. I believe that the present condition of the country's great industries organized, in many instances or so-called trusts, offers a splendid opportunity for a successful advent of co-operative establishments. No combination of capital can crush out a well managed private concern or win against intelligent competition. That the time will come when labor will become its own employer I have no doubt. That some failures will intervene is an equally certain. Success is the outgrowth of failures of repeated. Men blunder into success as a child toddles into pedestrianism, strengthening its limbs and steadying its steps by every stumble. It makes and gathering new strength like Antaeus every time it touches the earth. Surely the condition of industry during the past quarter of a century has been such as to set earnest men to thinking. Tens of millions of dollars have been lost to both labor and capital, the loss falling principally upon labor. Many valuable lives have been lost. Feelings have been aroused that should find no place in the breasts of human beings. At times, and in certain localities, the ill will between them has become so intense that it has reached that have caused patriots to tremble and philanthropists to despair.

Henry McCallister.

HARTMAN'S SANITY TO BE TESTED

The Man Accused of Attempting to Poison a Family

WILL UNDERGO EXAMINATION

Sharply Questioned Before City Physician Grover Yesterday—Hartman Undoubtedly Shows Signs of Mental Aberration—Court of Inquiry May Investigate His Case—Latest News of the Famous Poisoning Case.

Hartman, the accused poisoner, is now resting in the county jail, there to await a preliminary examination or to be taken before the county court on a charge of insanity.

The young man talks in a perfectly rational manner. With the exception of contradictory utterances, he says that his mind is a distinct blank in regard to many things that have transpired, and he cannot recall the circumstances. Some of his stories have proven so absurd that it is the opinion of the authorities that he is suffering from a mental aberration and is not responsible for his actions.

Yesterday morning Chief Gathright decided that the question of the young man's sanity should be tested before the county and city physicians. Dr. Spicer, the county physician, was out of the city and Dr. Estill was asked to pass upon the man's sanity together with Dr. Grover, the city physician. Dr. Estill did not care to express an opinion without going thoroughly into the man's history and the details of the case.

Hartman was taken before Dr. Grover and thoroughly questioned concerning the many details of the now famous poisoning case. He contradicted his previous statements so frequently that there could be scarcely a doubt as to his insanity. During the examination he said that he had used strychnine before in the army.

May Go Before Court. It may be that Hartman will not be taken before a justice of the peace for a preliminary examination on the charge of attempted murder. The authorities concede that it would be a difficult matter to prove such a charge for the main reason that no motive for the deed can be attributed.

Hartman will probably be taken before the county court on a warrant charging him with insanity. He is considered a dangerous character and if unable to convict him on a criminal charge an effort will be made to send him to the asylum. In the meantime Hartman rests in jail and awaits his fate.

A PETITION

To Have Mr. F. J. Baker Retained as Principal of the Garfield School.

Some of the prominent citizens of this city are signing a petition to the board of education asking that Frank J. Baker be re-instated as principal of the Garfield school.

When the board at a recent meeting elected the city teachers for next year, the position of principal of the Garfield school was left vacant and it was understood that Mr. Baker would not be re-elected. The reason that was intimated at the time was that he had severely whipped a boy. Since that time the board has declined to take action in the case of Mrs. Bortree of the west side who recently whipped eight boys and now the friends of Mr. Baker are urging the school board to withdraw the objection against him. The text of the petition which is being largely signed is as follows:

Colorado Springs, Colo. Gentlemen—The undersigned citizens and taxpayers of school district No. 11, most respectfully request your honorable body to again take up for consideration, the employment of Prof. Frank Baker, in the position heretofore held by him in the Garfield school, and as patrons of district No. 11, we beg to express our esteem for Mr. Baker as a gentleman and our high estimate of him as an educator, speaking from experience with his parents and patrons of our said schools, and that upon the other hand, your petitioners will feel a deep disappointment should his valuable services be lost by the action of your body.

We beg to assure you that this request is made in a spirit of unselfish desire to advance the best interests of our schools and without the slightest intention of encroaching upon the rights or powers of your board, and to show appreciation of the good work of a most trustworthy gentleman and scholar.

DURANGO SMELTER STRIKE.

Employees Demand Twelve Hours Pay for Eight Hours Work.

Durango, Colo., June 3.—The employees of the Omaha and Grant smelter at this place walked out at 2:30 o'clock this afternoon. This is the result of the new eight hour law which went into effect yesterday. All the smelting companies in the state posted notices that hereafter the men would be paid by the hour instead of by the day and that the pay would be on the same basis as heretofore. The men have been working 12 hours per day and now demand the same pay for eight hours work. About 150 men have gone out but this is expected to be followed by a general strike of smelter men in the state. The closing of the smelter at this point will throw about 1,000 miners and coke burners out of work.

Dr. A. F. McKay, homeopathist. Office and residence, 228 East St. Vrain. Hours, 3 to 5 and 7 to 8 o'clock p. m. Phone 507A.

Pure Tea in packages at grocers' Schilling's Best

SALE IS ON

TICKETS FOR THE MERCHANT OF VENICE MAY BE HAD TODAY.

High School Seniors are Ready to Present the Attraction which is Scheduled for Next Wednesday—Well Pleased with Mr. Loining's Work.

The sale of seats for the presentation of the Merchant of Venice by the senior class of the Colorado Springs high school will begin at 9 o'clock this morning at the Temple theater. The entertainment occurs next Wednesday evening at the Temple and will undoubtedly be one of the finest amateur performances ever seen in the city. The students have been hard at work for months and all who have witnessed their rehearsals or any of them agree that the work is far above what is expected of amateurs.

Dress Rehearsals Daily. The costumes which will be seen on the stage have been procured in Denver and will be in every way appropriate to the play that is to be rendered. With the beginning of the week dress rehearsals will be held daily. All rehearsals are under the direction of J. Arthur Loining, the well known dramatic impersonator. He was originally engaged to direct the youthful actors and actresses for a week but at the end of that time he was deemed indispensable and he has been kept constantly at work.

Big Attendance Expected. Great interest in the presentation of the play has been shown in the city at large. It is an innovation for Colorado Springs. The graduating class of this year will have no class day exercises, such as commonly mark the close of the year on the day preceding commencement. Last fall the members of the class decided that instead of a class day programme of the stereotyped order they would give an entertainment of real merit and they have been constantly at work since that time preparing for their presentation of the Merchant of Venice.

The proceeds of the entertainment will be used in purchasing a statue to be presented to the school in the name of the class of '99.

THE LAST GAME

College Ball Team Goes to Denver Today to Decide the Championship.

This afternoon in Denver will see the closing baseball game of the intercollegiate series. The college "Tigers" go to Denver this morning and this afternoon will cross bats with the Denver university nine to decide the championship of the state. The college team has been getting in some hard work since the Boulder game and is in splendid condition for this, the final game of the year. Geary will occupy the box and Packard will preside behind the bat. The infield will not be changed, nor will the outfield. The Tigers go up to the battle in fine spirits and they will be accompanied by a number of their fellow students and friends in the city.

If Colorado college shall win this game the season will be ended and the pennant will be won. If, however, Denver university should win, it would be necessary for the college and Boulder to play the tie game. As the Boulder team is disbanded that game would in all probability be forfeited and Denver university and Colorado college would then be the first place and would have to play again. To obviate this confusing state of affairs, the Tigers are going to do their best to win this afternoon and thus settle it once for all.

PERSONAL MENTION

E. T. Hildreth left the city yesterday via the Santa Fe for Los Angeles.

J. S. Weitzel left the city yesterday for Chicago. He went via the Santa Fe.

C. G. Wade left yesterday via the Rio Grande for a business trip to Leadville.

Mr. Arthur Hazel left the city yesterday for a business trip to Horton, Colo.

Postmaster Dana spent yesterday in Pueblo and will be in Denver on business today.

Mrs. Cora E. Hudson, formerly secretary of the Colorado Springs school board, left yesterday for a trip to Castle Rock.

Robert Metzger, son of George Metzger, postmaster of Davenport, Ia., is in the city for a few days and has called upon the local office.

F. W. Angier, traveling passenger agent of the Southern Pacific road with headquarters in Denver, was a visitor on railroad road yesterday.

Herbert N. Lowme of Woodstock, McHenry county, Ill., a cousin of Postmaster L. C. Dana, is stopping in the city for a few days as the guest of Mr. and Mrs. Dana.

Bids Wanted. Victor C. 46, 1st June, 1899. For the erection of the Union Opera House block, Victor, Colo. Bids close on 10th June, 1899. Plans and specifications can be seen by applying to F. P. Mills, architect, or at financial secretary's office. The association reserves the right to reject any or all bids.

SCHOOL YEAR DRAWS NEAR TO A CLOSE

Final Hop of the '99 Club of the High School

LAST PRIZE DRILL BY CADETS

Private Clarence Shaffer Won the Medal Yesterday but it Goes to Private Earl Hunt Permanently. He Having Won it Twice—Durkee Hall was the Scene of a Delightful Social Function Last Evening—Work for the Seniors is Ended.

Yesterday witnessed the end of the high school year in two respects. The last prize drill of the privates of the cadet battalion was held in the afternoon on East Platte avenue and in the evening the final dance of the year, under the auspices of the '99 club occurred at Mrs. Whitbeck's.

Delightful Evening was Spent. The last hop of the season proved one of the most attractive as well as one of the best attended at the hall at 9:30 in the morning students have been acknowledged by the people of the city to be the most enjoyable series of dances that are offered. Each Friday during the year, alternating afternoons and evenings, has witnessed the gatherings of a large number of high school students and their friends at Mrs. Whitbeck's hall, to spend a couple of hours in stepping to the music of the waltz and the two-step. The afternoon hops have been held between 4 and 6 p. m. and the evening functions have always been over by 11 o'clock. The faculty and the people whose sons and daughters were in the habit of attending the '99 hops, have considered them a good feature of the life of the school.

Delightful Evening Spent. Last evening was no exception. There were about 50 couple on the floor and it was a happy gathering from the filling of the programmes to the last echoes of "Home Sweet Home." The following were present: Misses—Shaffer, Moore, Russell, Beard, Morse, Onstad, Helen Carruthers, Mabel Hancock of Leavenworth, Kan.; May Allen, Hayden, Grove, W. Suffer, Dew, Slaughter, Payne, Turnbull, Stevens, Chapman, McCammon, Wilcox, Frey, Schlag, Hillhouse, Strong, Stewart, Pickney, Wells, Wolfe, Allen, Mackey, Dow, Kent, Crowell, Birmingham, Strachan, Oldman, Coons, Hodge, Perry, Burton, Williams, Hogan, King, Anderson, Long, Jackson, Scott.

Messes—Wiles, Marr, Hilliard, Platt, J. Platt, Hopkins, Chamberlain, Gardner, Grimwood, Bastian, Birmingham, Williams, Plumb, Riddle, Thomas, W. Thomas, Civil, Lams, Kirby, J. Kirby, Ady, Lennox, Giddings, Nicholson, Stevens, Long, Terri, Ryer, Herring, Vest, Vaux, Gilmore, Moss, Robinson, F. Riddle, Read, Smith, McMahon, Castello, Mills, Guitton, Davis, Allen, Mackey, Melendrie, Cooley, Brown, Bates, Wright, English, Adamson, Hillhouse, Eldredge, Mel-lin, Strachan, Johnson, Hogan, Thomson, Evans, Hood.

THE PRIZE DRILL. As a result of the prize drill of the high school cadets yesterday afternoon Private Earl Hunt holds the medal permanently. He has won it twice during the five months of the cadet year. The battalion having held it more than one month. It was won yesterday by Private Shaffer but as it goes to Mr. Hunt there was comparatively little satisfaction in yesterday's victory for Private Shaffer.

The drill was judged by Lieut. Grant of D. Company, Colorado National Guards. Up to the end of the race there were three men drilling in the contest for the title of winner. The three privates who were drilled last to enable the officer to judge the best were Privates Shaffer, Hall and Chamberlain. The first drill of the year was won by Private Earl Hunt. He scored another victory in the second, the third went to Private C. Randolph, the fourth to Clyde Linn and the fifth to Private Shaffer.

ANTLERS HOTEL CONTRACT Ground Will be Broken in a Few Weeks and Building Will be Entirely Fireproof.

Mr. Varian of the firm of Varian and Sterner, architects of the new Antlers hotel, was in the city yesterday. He states that he has been advised by Mr. Stierman who is now in New York that the material to be used in the construction of the hotel has been decided upon and that the new building will be entirely fire-proof. The plans have not yet been completed and they may not be for several weeks, but contractors of the city are already busy making preliminary figures. It is thought that ground will be broken in 30 days and the actual work of erecting the new Antlers will be begun.

UNIVERSAL BROTHERHOOD. A very small audience attended the meeting of the theosophists at the Temple theater last night. Katharin A. Tingley, the leader of the Universal Brotherhood organization, was the principal speaker and was followed by Mr. Pearce and Mr. Harris.

Emphasis was laid on brotherly love and all the misery and evil in the world attributed to selfishness. From 10 to 1:30 today some of the party, and from 1:30 to 4 o'clock, all of the party will be in parlor 11 of the Alta Vista to receive any enquirers.

Have you a want? We'll fit it, if it's footwear. The Conway shoe store.

W. OF. W.

TOMORROW WILL BE OBSERVED AS MEMORIAL DAY BY ORDER.

Will Make a Trip to Colorado City in the Morning and to Evergreen in the Afternoon to Decorate the Graves of Departed Neighbors.

Tomorrow will be observed by the Woodmen of the World as their memorial day. This is in accordance with an established custom of the order which provides for holding memorial exercises in the cemetery on the first Sunday after May 30th, the national decoration day.

Will Decorate the Graves. The Woodmen will decorate today all the graves of members of their order, so far as they can get at them. All neighbors will report at the hall at 9:30 in the morning and leave the hall at 10 o'clock for Colorado City, where the graves of all neighbors in Fairview cemetery will be decorated. In the afternoon similar ceremonies will occur at Evergreen cemetery.

In the afternoon at 2:30 a special cemetery train on the Colorado Road will leave the city for Evergreen. The fare for the round trip will be 15 cents. The Woodmen will take the cars at the Tejon street crossing, after having reported at Woodman hall at 2 o'clock.

If you desire the best service, the quickest time and most perfect equipment, you will see that your ticket reads via "The Colorado Road."

\$2700 buys a new seven room house, bath, furnace, electric lights and bells. In fact it's thoroughly modern. Lot 50x100, good location, north. It's worth much more, but owner must sell.

\$2400 buys 15 acres of good level land north of city.

KEYSTONE SAID TO HAVE VALUES

Reports Tell of a Strike of \$300 Ore in the Property.

WORK SHOWS IMPROVEMENT

Lessee Gilmore Has Encountered a Vein at a Depth of 250 Feet and 80 Feet from the Shaft, Which is Believed to be the Extension of the Jack Pot Vein—Maria A. to Be Listed.

It is reported that there has been a strike of considerable importance in the Keystone, on Gold Hill, and which promises within a short time.

At a depth of 80 feet a stringer of ore was encountered and followed. The ore has now widened out to about three feet and samples taken across this width return assay values of about \$300 to the ton.

The Keystone has had a varied history, several persons having attempted to make a mine out of it.

Something over a year ago another set of lessees started work on the property, and they now believe they have opened up an ore shoot that will turn out to be a good thing and that will make the Keystone a regular shipper.

GREAT IMPROVEMENT IS SHOWN IN THE WORK PROPERTY.

Lessee Gilmore, operating a block of the work property, has a very marked improvement in his lease, and while it cannot yet be looked upon as a strike, it may soon develop to be a larger thing than it appears to be at present.

Gilmore's lease adjoins the Boyd lease. At a depth of 250 feet Lessee Gilmore has been at work drifting in the hope of catching a vein, and with the thought that he might possibly open an extension of the Jack Pot vein.

At a distance of about 80 feet from the

shaft he has struck a vein which it is thought may, upon further prospecting, prove to be the Jack Pot vein extension. As yet no samples have been taken from it, as it has just been encountered, so the value of the find is not known.

ANOTHER COMPANY WILL SOON LIST ITS STOCK ON 'CHANGE.

Another company has made application to have its shares listed upon the local exchange. It is the Maria A. company, which was organized in 1885, with 2,250,000 shares.

The Maria A. claim is one of the oldest locations in the district. The company was organized during the boom in 1885 but the shares of the company were never listed.

The Missouri Pacific railway announce one fare plus \$2.00 for the round trip from Denver to Colorado Springs via Columbus, O., and return, account of meeting of the American Medical association in June.

HIGH GRADE IN LONG HUNGRY Returns On Ore Samples From the Electric Group Show Values of \$250 per Ton.

Some surprisingly high returns were received yesterday from some ore samples secured from the Electric No. 2 claim, located in Long Hungry gulch in the Cripple Creek district.

The samples tested were taken from the hanging wall of a four-foot vein and the test was made in Boston. The returns on this high-grade ore showed a value of \$250 per ton.

The Electric No. 2 is one of a group of four claims, all having the same name but being numbered from 1 to 4.

The claims are patented and cover about 35 acres of ground. The claims are owned by the Freeport and Cripple Creek company, stock in which is largely held in Boston and other eastern points.

The workings where this vein has been encountered are 60 feet deep. Long Hungry gulch is about one and a half miles south and east of the city of Cripple Creek.

Assays made today on screenings from the Boyd shaft of the Morning Glory No. 2 of the Work company gave values of 20 ounces to the ton.

The bottom of the shaft from which these samples were taken is now all in ore, and it is improving with every shift.

On the Gilmore property, on the same property, about 60 feet from the Boyd workings, the same vein is now being drilled on in two levels. In the 350-foot level, which is six inches in diameter, gives values of better than two ounces, while even better values are obtained in the second level. A deal of work is now being done on this lease by well-known local mining men, to whom a ten-day option has been given in the sum of \$10,000.

The last market letter of the Crosby-Ehrich syndicate says in part: Prices are steadily drifting to a lower level as a large amount of the Cripple Creek stocks for which there does not exist some special reason for firmness or advance.

The average of prices for Cripple Creek stocks will yet stand far above present quotations, in the fall if not sooner, and many of our stocks which are daily improving in the showing in their properties will advance from now on.

A Cripple Creek mine or prospect which could be bought today for the price represented by the selling value of its stock, would be a very good investment, as yet, not justified. We think that such advance is partly the reason for the present decline in those shares.

We want at this time to warn all our friends and readers that many unworthy shares and "fake" schemes are being recommended and pushed in the east by unscrupulous parties who are trying to get a large advance in the growing interest in mining securities to foist their swindling schemes upon ill-informed and unsuspecting investors.

Caution is being attracted to this practice by the increasing number of inquiries which are reaching us daily about shares and schemes all of which bear the name of the Cripple Creek mine of which we have already run down as such. We do not mean to assert that all mining shares and propositions now being offered and recommended in the east belong to the above class, but there are enough of them in the field to make it advisable for investors to be extremely careful and to positively refuse to invest with them, until they have investigated each proposition through other channels.

Advertisements in eastern newspapers are being placed, but which fail to give the names of people and mining claims which can be specifically investigated.

A piece of news that belongs entirely to the past week is the reported strike in the Ingham properties, on a vein parallel to the main vein, which it is claimed, shows a very rich and well-succeded stock to 115 on Saturday. This "boom" was short lived, however.

Independence T. & M. has declined owing to renewed vigor in the interminable talk of litigation. It is now proposed by the Wilson Creek company, backed by strong legal fighters, to have a "round" with the Independence, but, as we are tired of many months of this, we do not think that any real or permanent harm will result to the Independence company and that the whole thing will end up in the usual manner after having caused a depression in the stock and thereby benefited certain knowing ones, perhaps on both sides of the litigation.

Colonist Excursion Rates. To Los Angeles, San Diego and San Francisco, via the Santa Fe Route, only \$2.50 for second class ticket. This is a reduction of \$2.50 from the regular rate.

IMPROVEMENT WITH EACH SHOT

Noticeable in Ore Body of the Whipp and Glenn Lease.

ON THE PINNACLE'S LANSING

Output from P. O. Wood Lease on Garfield Con. Was 400 Tons for the Last Month—Splendid Ore in the Gilmore Lease on the Morning Glory No. 2.

Special to the Gazette. Cripple Creek, June 2.—Every shot in the second level of the Whipp and Glenn lease on the Lansing of the Pinnacle company shows improvement.

In the upraise the ore body tonight measured five feet strong. Assays across the entire width of the shoot gave values of ten ounces to the ton. Picked samples give even higher values than the remarkable ones obtained from the first level when the shoot was first uncovered.

The ore in the breast of the drift is equally as good, although at this point the pay streak is not so wide. Ore is being worked in the second level for the first shipment, which the lessees estimate will bring them, for carload lots, better than \$150 to the ton.

The first consignment from the new strike will be sent out some day next week.

A 40-ton consignment was sent out from the Pavin and Yalton lease on the Christmas tuesday, estimated to return values of two ounces or thereabouts. A 45-ton shipment sent to Florence the fore part of the week has yet been heard from, but it was of the same grade.

The Dunham lease on the Longfellow shipped 40 tons of two-ounce ore to the Maton Extension company at Florence on Thursday. This shaft, located on the east end of the claim, is a new producer for that property. As the pay streak is four feet wide it promises to be a permanent one.

During May the Last Dollar mine produced 53 carloads of ore, of which 19 were of smelter grade and 34 went to the cyanide works at Florence. This Bull hill property is now producing a heavy tonnage and it is currently reported that the directors of the Maton company will very shortly declare its first dividend.

Lessee Henry and Wilkinson of the Hawkeye shaft on the Wisconsin are breaking down some fine ore and will market all they can during the next few weeks remaining of their lease. It is understood that the directors of the Portland company have decided to grant no more leases on the property.

The Whiting lease in the Vaughn and Christian shaft on the Hill City placer shipped 30 tons of two-ounce ore yesterday.

Four hundred tons was the output from the P. O. Wood lease on the Garfield Consolidated for May. The average of the ore was a few dollars better than four ounces to the ton.

Lessee on the Colorado City produced 125 tons in May, ranging in value from two to 15 ounces to the ton.

The May 21st, on Squaw mountain, owned and operated by the Columbine-Victor company, is now shipping a carload of ore about every alternate day.

On the Gilmore property, on the same property, about 60 feet from the Boyd workings, the same vein is now being drilled on in two levels. In the 350-foot level, which is six inches in diameter, gives values of better than two ounces, while even better values are obtained in the second level. A deal of work is now being done on this lease by well-known local mining men, to whom a ten-day option has been given in the sum of \$10,000.

The last market letter of the Crosby-Ehrich syndicate says in part: Prices are steadily drifting to a lower level as a large amount of the Cripple Creek stocks for which there does not exist some special reason for firmness or advance.

The average of prices for Cripple Creek stocks will yet stand far above present quotations, in the fall if not sooner, and many of our stocks which are daily improving in the showing in their properties will advance from now on.

A Cripple Creek mine or prospect which could be bought today for the price represented by the selling value of its stock, would be a very good investment, as yet, not justified. We think that such advance is partly the reason for the present decline in those shares.

We want at this time to warn all our friends and readers that many unworthy shares and "fake" schemes are being recommended and pushed in the east by unscrupulous parties who are trying to get a large advance in the growing interest in mining securities to foist their swindling schemes upon ill-informed and unsuspecting investors.

Caution is being attracted to this practice by the increasing number of inquiries which are reaching us daily about shares and schemes all of which bear the name of the Cripple Creek mine of which we have already run down as such. We do not mean to assert that all mining shares and propositions now being offered and recommended in the east belong to the above class, but there are enough of them in the field to make it advisable for investors to be extremely careful and to positively refuse to invest with them, until they have investigated each proposition through other channels.

Advertisements in eastern newspapers are being placed, but which fail to give the names of people and mining claims which can be specifically investigated.

A piece of news that belongs entirely to the past week is the reported strike in the Ingham properties, on a vein parallel to the main vein, which it is claimed, shows a very rich and well-succeded stock to 115 on Saturday. This "boom" was short lived, however.

Independence T. & M. has declined owing to renewed vigor in the interminable talk of litigation. It is now proposed by the Wilson Creek company, backed by strong legal fighters, to have a "round" with the Independence, but, as we are tired of many months of this, we do not think that any real or permanent harm will result to the Independence company and that the whole thing will end up in the usual manner after having caused a depression in the stock and thereby benefited certain knowing ones, perhaps on both sides of the litigation.

Colonist Excursion Rates. To Los Angeles, San Diego and San Francisco, via the Santa Fe Route, only \$2.50 for second class ticket. This is a reduction of \$2.50 from the regular rate.

MORE ELECTRIC HOISTS INSTALLED

The Progress of Electricity in the Cripple Creek District

LARGE HOIST ON HALF MOON

The Maton Company Already Has a Thirty Horse Power Hoist on the Gold Pass, and Will Soon Put One of the Same Size on the Half Moon—List of Others that Have Lately Been Installed.

The rapid development of the Cripple Creek district is not confined to the opening up of new mines and the further prospecting of ground that has heretofore been considered barren.

Others will be Put In. There will be several other electric hoists put in within a few days.

On the McGovern lease on the Specimen there has been a 15-horse power hoist installed.

The Bonells, on the Clyde, have put in a 30-horse power hoist.

A 5-horse power on the Blue Jay. A 5-horse power on the Shepherd lease on the Lucky Guy.

A 5-horse power on the Hawkeye. A 5-horse power underground in the Moon-Anchor.

A 10-horse power on the Von Hemert lease on the Dexter.

On the Midnight claim a change has been made from a 5 to a 15-horse power. On the McGovern lease on the Specimen there has been a 15-horse power hoist installed.

The Bonells, on the Clyde, have put in a 30-horse power hoist.

A 5-horse power on the Mary Jane claim of the Advance Gold Mining company.

On the Barnes lease on the Night-hawk there is a 5-horse power hoist.

A 5-horse power on the Mercer lease on the Wilson.

A 5-horse power on the May lease on the Hull City placer.

A 5-horse power on the Mozier lease of the Night-hawk.

The Damon properties are now equipped with a 30-horse power electric hoist.

Three patented claims on Tenderfoot Hill, also 15 or 20 others well located in various parts of Cripple Creek.

INVESTIGATE IYVWILD

No dust, no wind, no city taxes, good water, plenty of shade, efficient street car service, cheap lots.

25 1/2 N. Tejon St. W. W. Williamson.

JUNE 1st, 1899

OUR MARKET MUST DECLINE

Sell the following stocks within the next ten days: DANTE, MATOA, WORK, MIDWAY, PINNACLE, BATTLE MOUNTAIN, DAMON, GOLDEN AGE, MOUNTAIN BEAUTY, PHARMACIST, JAC POT, PRINCE ALBERT, ALAMO, MOBILE, SAM, BOB LEE, GOLD COIN, NAT'L M. T. & L., ST. L. & C. C., WHEEL OF FORTUNE, LEXINGTON, SPECIMEN, MAGNET ROCK, ORIOLE, AMERICAN CON., C. I. AND N., FLOWER, GOLD SOVEREIGN, PAMPOOSE.

If you are struck on these stocks, you can buy them again within three months for fully 25 per cent. less than they can be sold for during the next ten days.

There are two more of those sensational strikes whispered, however. One of them is on Pinnacle and the other is on Jack Pot. These two companies seem to have perpetual riches, therefore sell on the bulges. I believe I am safe in recommending the immediate sale of seven-tenths of the stocks that are listed on the Colorado Springs Mining Stock Exchange for a decline of fully 25 per cent.

WEATHER INDICATIONS.

Washington, June 2.—Forecast for today: Colorado: The clouds in the west Saturday; probably fair Sunday, north-westerly winds.

Look in Ashby's window today.

See Ashby for silver for June weddings.

Pleasant rooms with board. A. A. Warren's, 720 N. Cascade avenue.

Rooms with board. Mrs. C. C. Harrison, 126 North Cascade.

Dr. C. F. Gardner has removed his office to 817 North Cascade avenue.

Mr. Horace K. Devereaux is now located at the new hotel owned by Mrs. Rhind at 409 North Cascade ave.

Wortman & Perkins yesterday consummated the sale of the property at 252 South Washatch avenue from A. L. Humphrey to George W. Wiger. The consideration was \$5,000.

The members of Kit Carson circle No. 9, L. of the G. A. R., wish to extend their thanks to Comrade Dana, also to those who so kindly contributed the use of their carriages on Decoration day.

The women of Grace church will have their weekly sale of home-made provisions this afternoon from 2 until 5:30 at Mr. Ayler's grocery store on Tejon street, one door south of A. D. Craigue's.

The quarterly meeting of the Caledonian society will be held in the McIntyre-Barnett block this evening at 8 o'clock. The meeting is open to the friends of the members. A social programme will be rendered.

It is announced that the carriage road to Pike's Peak will be opened for the season on the 15th of this month. Messrs. S. H. Gunn and W. M. McDermott are in charge this year and have first-class equipment.

St. John Brothers are now installed in their handsome new store on North Tejon street. This store is beautifully furnished and the popular plumbers are now ready to welcome all of their old customers and many new ones.

Mrs. Brigham, formerly Miss Rich, well known in this city, died last Friday in Portland, Me. Mrs. Brigham was a sister-in-law of Mr. Thomas Brigham of Colorado Springs and had a number of friends here who will mourn her loss.

Rev. P. S. Henson, pastor of the First Baptist church of Chicago and one of the most eloquent speakers in the denomination, will occupy the pulpit of the First Baptist church this city next Sunday. He is on his return from attendance at the great Baptist meeting at San Francisco.

Mr. David McKay desires in this feeble way to express his thanks for and due appreciation of the many expressions of kindness and sympathy extended to him and his now motherless children in the affliction that came to them in the death of his wife.

The Champagne M. & M. Co. filed a suit in the district court yesterday against the Royal G. M. & M. Co. to compel the latter to perform a certain contract. A strip of ground formerly in conflict between the Deadwood No. 1 and Antelope lodes is in controversy.

County Commissioners Doran and Sinton are in Lincoln, Neb., where they went to inspect the courthouse in that city. They will stop in Wichita and other cities on their return and expect to gain many points to be used in the construction of El Paso's new courthouse.

The Associated Charities' request for clothing was kindly and heartily responded to but more is needed. Nearly all that was sent in has been given out again, so the demand is greater than the supply. Several coats were donated yesterday which the association is very grateful for as they will help materially in furnishing the new building for the Helping Hand wood-yard.

The month of May in the Colorado Springs postoffice has exceeded the corresponding month of 1898 by 43 per cent in the volume of business done. Assistant Postmaster Edmondson attributes the great increase to the fact that the mining business has held up throughout the spring season, whereas there is generally a falling off about May 1st.

Rev. G. W. Stewart of Chicago will give a temperance lecture Sunday afternoon at 2:30 at the Church of Strangers, corner of Huerfano street and Nevada avenue. On Sunday night at 8 o'clock he will speak at the Cumberland Presbyterian church on Monday night at 8 o'clock he will lecture on Christian citizenship at First M. E. church. Rev. Stewart has a national reputation. He has been speaking in Denver and throughout the state to large and appreciative audiences.

Mr. and Mrs. James Pierce Barnes have issued invitations to the marriage of their daughter Harriett to Mr. George Alexander Powell. The ceremony will occur at Grace church Wednesday evening, June 14th, at 7:30 o'clock. A reception will be held at the residence, No. 117 North Nevada avenue, from 5 until 10 o'clock. Mr. Powell and Miss Barnes are two of the most popular young people in Colorado Springs and their wedding will be a distinct social event.

Mr. George W. Wigger, a prominent hardware and lumber dealer of Bonne Terre, Mo., has purchased through the real estate firm of Wortman & Perkins the fine residence property at 252 South Washatch avenue formerly owned by Otto Fehring. Mr. Wigger purchases this property for a home and will bring his family here about the first of July. He comes seeking health, and if the climate proves beneficial he will enter into active business and become a permanent resident.

Eighteen or twenty young people went to Greeley yesterday to represent the Christian Endeavor societies of Colorado Springs at the state convention which is being held in that city. Dr. Tyler of the First Christian church of this city, who was among those to go to Greeley, is one of the prominent speakers for the convention. A squad of five members of the Baptist Boy's Brigade of this city went with the company to give an exhibition of the work of the brigade to the people of Greeley.

Do Not Miss It. On June 20th I will open with a full line of the famous W. L. Douglas shoes. Cash Shoe store, No. 5 South Cascade, opposite Antlers hotel site.

Hosiery and Glove Sale Saturday, June 3

All Hosiery at a special reduced price every Saturday. Hosiery 11c pair. Ladies' strong serviceable fast black seamless hose with double heels, 23c pair. Ladies' full regular hose, made from hard twisted, glossy yarn, with double soles and heels, all black or with white soles for tender feet.
