BOTH CONGRESSMEN ELECTED

FUSIONISTS HAVE MADE GAINS IN LEGISLATURE BUT REPUBLICANS CLAIM BOTH THE HOUSES.

GENERAL OTIS' OPINION ON PHILIPPINE AFFAIRS

San Francisco, June 4.—After five days in quarantine at Angel Island, Major General E. S. Otis, who arrived last Wednesday from Manila, was allowed to land today. Several cases of malarial fever were reported to have been the cause of the quarantine and General Otis and all on board had to submit to vaccination.

ALL THE NEWS

Fair today; showers and cooler on Wednesday. Silver 89; lead \$2.37 1/2 @ 10 1/2; copper \$16.75. N. Y. stocks relapsed into apathy and inactivity. Strength of corn dominated Chicago grain but trade was dull; provisions strong and at times active.

CONVERGING ON PRETORIA

Lord Roberts' Immediate Army Employed North of Johannesburg.

London, June 5 (3:20 a. m.)—Of official intelligence regarding what is transpiring outside Pretoria there is little or nothing today. Lord Roberts is silent. Nevertheless, by piecing together items from various correspondents it becomes clear that the British imperial army is all employed north of Johannesburg, except one brigade, which is at Johannesburg, and that six columns are converging on Pretoria.

DISPATCHES STILL IN CONFLICT

Message From Pretoria Dated June 1 Says a Great War Council of Generals Has Been Held.

Pretoria is now invested by the British. The city will be surrendered by the burghers as soon as a formal demand is made. This message purports to come in cipher. President Kruger commands the telegraph eastward from Pretoria and that line, according to these sources, has been completely baffled and the messengers of newspaper correspondents continue to pass to and fro on the railway.

WASHINGTON

Senate Speech on Philippine question. Mr. Teller was the feature of the day; Pettigrew made effort to obtain consideration of anti-trust bill passed by the Senate Saturday. House-Senate appropriation of \$5,000,000 for St. Louis exposition was agreed to; everything indicates adjournment Wednesday.

REGULARS TO RELIEVE PHILIPPINE VOLUNTEERS

Washington, June 4.—In order to prevent misapprehension as to the future policy of the war department respecting the military forces in the Philippines, Adjutant General Corbin made a brief statement of the facts in the case today. He said there had been no change of policy since the departure of General Otis and that none was contemplated under the law the entire volunteer army now serving in the Philippines will go out of the country in the next few days.

MACARTHUR'S REPORT ON THE FILIPINO CASUALTIES

Washington, June 4.—Secretary Root today made answer to the senate resolution inquiring as to the number of Filipinos killed and wounded and the number of prisoners taken since the late war. He said that he had no detailed information on the subject of the secretary called the inquiry to General MacArthur's commanding at Manila. He received the following response which was submitted in reference to your telegram of 22nd ultimo:

PUBLIC LANDS WILL BE OPEN TO SETTLEMENT

Washington, June 4.—A conference of the Interior department today which will open to settlement about 2,400,000 acres of public land. Senator Shoup of Idaho, originally proposed the bill, opening to settlement the old Fort Hall, Idaho, military reservation, containing about 400,000 acres. Delegate Flynn, in the house secured an amendment similarly opening a tract of about 2,000,000 acres of the

THE NEWS OF CRIPPLE CREEK

State Federation of Labor Has Begun Sessions.

IMPORTANT WORK BEFORE IT

Among Other Matters is the Proposition to Name a Full Ticket for State Officers.

Special to the Gazette: Cripple Creek, June 4.—The delegates of the State Federation of Labor were warmly welcomed to this city and the district this morning by Mayor E. P. Arthur of this city, Mayor W. J. Donnelly, of Victor, and Mayor W. D. Whalen, of Manitou. The delegates met 150 strong in the Odd Fellows hall, promptly at 10 o'clock. The meeting was called to order by Ed Nathan, secretary of the committee on arrangements, who introduced Mayor Arthur.

NO DELAY SEEMS PROBABLE

Miers of Indiana Precipitated a Brief But Heated Discussion in the House on Pension Matters.

Washington, June 4.—The senate convened at 10 o'clock today with no special order of business in view. Mr. Morgan of Alabama reported from the committee on inter-oceanic canal a resolution declaring the Clayton-Bulwer treaty abrogated. He gave notice that he would call up the resolution tomorrow.

CLUB WOMEN IN SESSION

Discussion of Presidential Possibilities for the General Federation.

Milwaukee, June 4.—Tonight fully 4,000 club women and three times as many trunks have arrived in preparation for the convention of the General Federation of Women's Clubs. Most of the delegates discussed on the train and the result is that there are numerous presidential possibilities. It is evident Mrs. Lowe can have a re-nomination if she wants it.

STATUE TO ROCHAMBEAU

Vendome, France, June 4.—The statue erected in honor of General Rochambeau in France and in the United States in honor of General Rochambeau of Revolutionary War, was unveiled here this afternoon. The city was richly decorated and the houses were festooned with United States flags.

PITCHED BATTLE IN THE STREETS OF A TEXAS TOWN

Houston, Tex., June 4.—At San Augustine, this morning, a pitched battle between the two factions on the one side and the Brooks on the other, resulted in the death of Felix G. Roberts, his brother, Sidney Roberts, and the fatal wounding of Noel Roberts, sheriff of the county, and brother to the dead man. The feud grew out of politics and has been brewing for some years.

LATEST DEVELOPMENTS IN CUBAN POSTAL FRAUD

Havana, June 4.—Acting Director of Posts Bristow today inquired as to the amount of the examination of C. F. W. Neely in May, 1899, and ascertained that it was \$31,325.55. Neely's monthly average was about \$1,000. His system of bookkeeping was very simple. He apparently merely divided the amounts received, taking one-half for himself and accounting for the other half to the examination of C. F. W. Neely. The most startling fact developed was that on May 26 of last year, Mr. Rathbone ordered special agents Leather and Sullivan to examine the accounts. They found a shortage but it was not thought that anything had gone wrong. They reported, however, that there was no check upon the bureau of finance

CONGRESS IN LAST GASPS

Speech by Mr. Teller Was a Feature of the Senate Session.

NO DELAY SEEMS PROBABLE

Miers of Indiana Precipitated a Brief But Heated Discussion in the House on Pension Matters.

Washington, June 4.—The senate convened at 10 o'clock today with no special order of business in view. Mr. Morgan of Alabama reported from the committee on inter-oceanic canal a resolution declaring the Clayton-Bulwer treaty abrogated. He gave notice that he would call up the resolution tomorrow.

THE HOUSE AGREED TO ST. LOUIS APPROPRIATION

REPORT OF EXAMINER GOODLOVE, WHO WAS INFORMED, HAD ASKED THE WIDOWS QUESTIONS WHICH COULD NOT BE REPEATED IN THE HOUSE.

Washington, June 4.—The house today agreed to the senate amendment to the sundry civil bill appropriating \$5,000,000 for the Louisiana Purchase centennial at St. Louis. There was no opposition to St. Louis. There was not a word of debate on concurrence in the amendment. It was after 6 o'clock when the matter came up, and owing to the lateness of the hour and the overwhelming majority in its favor the opponents of the fair appropriation did not even make a show of opposition.

Coupons Will Be Sewed and Sealed

There is one thing that has always impressed the public in connection with the Gazette office contents and that is the absolute fairness and square dealing that each contestant has in the matter so far as the Gazette can control it, which is to the full extent.

The measures which are to be taken in the present contest, however, are more stringent and certain than ever before in any contest in the city. In addition to the usual list of all coupons in papers left in the Gazette files, the coupons which are brought to the Gazette office are to be securely handled in such a manner that there is no chance for any mistake or unfairness.

Each package of coupons that is brought to the Gazette by any person is to be in the form of a sealed envelope on which are marked directions as explained below.

In the presence of the person who brings the coupons in a needle and thread will be put through the package, envelope, coupons and all the contents will be sealed. The end of the envelope will be cut in order that the count of the coupons may be verified and the package, still sealed through and sealed will be left to be counted at the close of the contest by the contestants committee.

Complaints are already being made by subscribers because boys or other persons are following the carriers of the Gazette and cutting the coupons from the papers. In such instances have been reported. All such cases will be followed up by the Gazette, a watch being put on any district where the misdeeds have been reported, and any person caught will be prosecuted to the full extent of the law.

How to Vote.

Cut out the voting coupon printed in the Gazette each day, enclose the coupons in an envelope, seal the envelope and write plainly thereon the following:

For.....

From.....

Dated.....

Remarks.....

Under the head of "Remarks" candidates may be announced and any claims for support that friends of candidates may desire to have printed in the Gazette should also be stated under this head on the outside of the envelope or sent in an envelope separate from the one enclosing coupons. Each envelope received will be sealed the same as an express money package in the presence of the party depositing the coupons. The end of the envelope will be cut in order that the count of inclosed coupons, leaving the package practically intact for the committee who will finally count and verify the Gazette's preliminary count.

S. S. BERNARD BUYS GOOD HORSE FLESH

S. S. Bernard received yesterday from the Toler Stock Farm, Kansas, a span of the finest harness animals in the west. Judge Toler, who started all of the harness races at Roswell last week, has remained at the Altano hotel, awaiting the arrival of these horses, which he made yesterday in charge of his son, M. F. Toler. Both animals are in the condition, considering their journey, and will kick dust on Colorado Springs streets the first time this morning.

Gertie Mc., a four-year-old sorrel filly, was bred by Mrs. McHenry (2:15 1/2), a full brother of John R. Gentry (2:15 1/2) and foaled by Monzanti, the dam of Mozette (2:25), by Montgomery (2:31), son of her brother. Her full brother, Monzanti, is three years old and a perfect match in color, action and manners, making a handsome team.

The price paid for the team is large. John R. Gentry was bred on the Toler farm, which has numerous other noted animals to its credit.

DR. W. L. ELLISON

JUDGE MORRIS IS BACK FROM ST. PAUL

Judge W. S. Morris returned yesterday from St. Paul where he participated in the argument before the United States circuit court of appeals at the Jackson franchise appeal. C. J. Hughes, Jr., and Guy Le Roy Slevick represented the Pike's Peak Power company, while R. A. Lewis assisted the city attorney. The argument lasted all day last Saturday and was spirited. The matter was taken under advisement by the court.

Mr. Lewis went from St. Paul to visit relatives in Missouri before returning to Colorado Springs. The case may be decided very shortly.

SENIORS PLAY THE FACULTY

The reports that the faculty of Colorado college would back out of playing the seniors a baseball game this year, according to custom, are unfounded, in spite of the fact that Dr. Lancaster has gone to New Hampshire and the probabilities that some of the other "professors" will go south to follow "Lanky" as an example. The time set for the game is 10 o'clock next Friday morning, without fail, and the money that is realized from the admission for the first time will be added to the senior class memorial fund.

Captain Browning of the seniors has received from the faculty its list of formidable opponents. "Proxy" may catch for an inning or two, and then "Dryspot" will be advanced from academy through college to the faculty for the express purpose of hanging on to the front tier of the seniors. Clarke will pitch for the faculty, but his curves will be greeted with a "what ho, mender" by the seniors. The pitcher back of the outfielders, so the seniors hope, Prof. Smith, who will hold down first base, vows that he will knock a two-bagger over the fence to come to bat, but some of the seniors, as well as the professor, are from Missouri. Hot liners will graze Prof. Walker's golf clothes at second and fan his hair with a golf club. Prof. Bowers will play with variations at third; Prof. Brookover intends to play a sparkling game in left field. Jokers may catch for a time to flunk out as many naughty naughts as possible from center field, and Prof. Ahlers and Pattison will divide honors in the right field.

The seniors have not yet picked their team, but they have some star players, men who can play anywhere on the diamond. Browning can catch, Caldwell and Barnes can pitch, right and left respectively, Zumstein can pitch or play first. Cooley can play first or short with equal facility, and among the other players who are showing up well in practice are Ingersoll, Downey, McClintock, Isham, Chapman, Floyd and Bailey.

CUTLER ACADEMY DEFEATS HIGH SCHOOL

The Cutler academy base ball team closed the season yesterday by defeating the local high school on Washington field to the tune of 13 to 1. The academy team, which had several subs in its line up, did not play up to its usual standard. The weakness of the academy team was in the right field position. The academy team, however, they braced sufficiently to prevent the visitors from scoring and their chief pleasure seemed to be in letting the high school boys get their bases full with no outs and then shut them out from scoring.

This they did several times to the relief of the academy. If the high school boys had had sufficient practice and team work they could easily have made it interesting to the academy. The academy team, however, they braced sufficiently to prevent the visitors from scoring and their chief pleasure seemed to be in letting the high school boys get their bases full with no outs and then shut them out from scoring.

Under the head of "Remarks" candidates may be announced and any claims for support that friends of candidates may desire to have printed in the Gazette should also be stated under this head on the outside of the envelope or sent in an envelope separate from the one enclosing coupons. Each envelope received will be sealed the same as an express money package in the presence of the party depositing the coupons. The end of the envelope will be cut in order that the count of inclosed coupons, leaving the package practically intact for the committee who will finally count and verify the Gazette's preliminary count.

Every effort will be made to give the boys a pleasant time. There will be a football game, bicycle riding, etc. There will be a number of ladies along to look after the boys. The start will be from the store at 10 a. m., June 14.

HOLBROOK & PERKINS

Everything for Man or Boy.

FIRST NATIONAL BANK BLOCK

Mr. Hine Talks on Reduced Light Rates

Mr. Henry Hine, the general manager of the Colorado Springs Electric company, last evening made the following statements which will be found of interest to Colorado Springs people: "The Colorado Springs Electric company took possession by purchase of the plant of the El Paso Electric company on the 20th of April, and has, therefore, been operating the plant only a little over a month. A very careful examination of the machinery and distributing system of the plant shows that there are many opportunities to introduce economies in the system and methods of operating it, and these changes are being made as rapidly as possible. The Colorado Springs Electric company has purchased machinery in large units, of the most modern design and construction and the highest quality, which it will install in a power house on the coal fields north of the city. Work on the power house will be commenced very soon, and the new plant will be in full operation by the first of January next. It is the intention of the company to construct the very best plant possible. It has availed itself of the best engineering skill obtainable, backed by the widest experience. This will enable the Colorado Springs Electric company to produce and distribute electricity as cheaply as possible under the conditions here existing. The company proposes to share with its customers the benefits of this reduced cost of production, and the public may confidently look forward to a reduction in light rates, as soon as the completion of these improvements will warrant the company in making it. The Colorado Springs Electric company is spending a large amount of money, in order that this city may be equipped with the most modern plant, and thoroughly complete and well constructed system of distribution, and the public may depend on having a perfectly reliable and continuous 24-hour service of electricity for either light or power, at reasonable prices."

Marvelous Work of the Deaf and Blind

The annual entertainment given by the pupils of the State School for the education of the deaf and blind, last evening, attracted a crowd of interested friends, which far exceeded the capacity of the hall. The first number, over the programme, a medley overture, was admirably rendered by an orchestra of nine of the oldest blind pupils, under the leadership of Director A. L. Rohrer, who is totally blind. In lieu of the usual baton, a slight touching together of the hands sufficed. The second number, a four of the smaller blind pupils, Willie Cowan, Ruth Moyer, Ray Fisher and Chariton Harris, gave a very pretty little kindergarten broad and milk drill and Ira Jones and Lizzie Finley sang a duet, "Hush, My Dear, Lie Still and Sleep," quite sweetly. White Stephen Hosen and Baxter Mosey, two deaf pupils gave an illustration of reading by facial expression, every eye of the audience was turned to them and their happy faces, when success attended their efforts, made it impossible to believe that the boys failed to hear the applause. Miss Helen Adams, whose parents reside at 214 East Dale street, in this city, rendered the piano solo, "Florence Waltz," by Liebling, with a dexterity of fingering and expression attained by but few young girls in possession of their eye sight. Miss Anna, Chelius of Grand Junction, recited "Here and There" by Cary, in the sign language, while her teacher read the selection, the nature and facial interpretation was admirable. A vocal solo, "I'm a Little Mountain Maiden," a composition of Schuffarth, gave opportunity for the display of the flexible bird-like voice of Miss Clara

Brose, of Fort Collins, and was received with applause all merited. Misses Nannie Erwine, Helen Adams, Lucile Dantz, Pauline Cheateley, Ira Jones, Myrtle Hieley, Lizzie Finley, Martha Harvily, went through with a very graceful wood drill, while Miss Eliska Coe of Stoneville, Colo, presided at the piano and played an inspiring air. Gumbert's tuneful duet, "Cheerfulness," rendered by Misses Pearl Hawes of Boise City, Idaho, and Daisy Brunson of Denver was received enthusiastically as was the sign recitation, Tenneyson's "Charge of the Light Brigade," by Mr. Frank Horton. The final number, "The Magic of Spring," was sung by the senior choir with excellent expression. The school has 41 blind and fifteen deaf pupils and of that number five blind and one deaf graduate this evening. Governor Thomas was in the present and presented the diplomas. Last evening, Mr. W. H. Trout of Canon City, Mrs. Mary McDonald of Pueblo, Messrs. A. Lavinton and W. Rice of this city, members of the board, were present, also Judge Hawks of Greeley, an ex-member. **DEATH OF SENIOR MEMBER.**—A lamentable incident which will cause sorrow throughout the state was the sudden death of Mr. James Davis of West Cliff, which occurred at Canon City station yesterday morning. While en route for this city, accompanied by his daughter, he was attacked with apoplexy and expired in a very short time. Mr. Davis was of most philanthropic nature as evidenced by the fact that he had served upon the board for twenty-five years and was its oldest member.

Druggists to Be at Casino Next Week

Another well pleased audience left the casino last evening after hearing the splendid orchestra. This afternoon the regular concert will be given at 3 o'clock and in the evening there will be dancing. Quite a number of parties have been arranged for the dance this evening, and the largest crowd since the opening is anticipated. A week from tonight the casino will have the pleasure of entertaining the members of the Colorado State Pharmaceutical association. The annual

meeting will be held in Manitou, and the visitors to the number of about eighty will be taken to the casino as the guests of Meyer Bros., the whole sale druggists of St. Louis. Mr. J. T. Floran, their representative, made arrangements yesterday for a car to ride, a concert and dance. Everything will be done in fine style from the selections at the refreshments, and the visitors will have occasion to remember the casino as well as Meyer Bros.

Cemetery Aid Society Will Be Organized

A meeting is to be held on Friday afternoon at 3:30 o'clock at the home of Mrs. James W. Atkinson, 230 East Dale street, for the purpose of starting a movement in a direction which will undoubtedly find the approval of the entire public of Colorado Springs. The organization which is expected will be formed at that meeting by the ladies known as the Cemetery Aid society, and its work will be such as is implied in the name.

To Improve the Grounds. The ladies who have interested themselves in the matter of forming this society have been impressed with the condition of neglect which prevails in a large portion of Evergreen cemetery. Their idea is to care for the graves of the dead who have no one here to care for them and to beautify the cemetery in general in every way possible. Such an organization in the cities of the east have become very strong and have been instrumental in bringing about vastly changed conditions and appearances in many eastern cemeteries which are today known widely and which before the work of the aid societies was started were in a state of worse neglect than is to be found at Evergreen. Will Plant Flowers. It is intended to make beds of flowers and to beautify with foliage those portions of the ground which by reason of the neglect will never be used as places for the burial of the dead. The ladies feel, however, that in Colorado Springs more than in other places, there is a need for an organization that will care for the last resting place of the departed ones who have died in Colorado Springs without the presence of friends here who can look out for the care of their graves. An effort will be made to put the society on a firm basis at once and its work will be made effective at the earliest possible date. Plan Their Work. The meeting to be held at the home of Mrs. Atkinson on Friday will be for the purpose of getting the ideas of the ladies who are helping to bring about a movement for effective work. A membership fee in the organization, occasional public suppers, and various other plans will be expected to furnish the necessary funds for carrying on the work that is undertaken.

MEXICAN HATS

25c, 50c, 65c, 75c and \$1.00.

A. H. WHAITE & Co. 20 S. Tejon St. ROGERS, FEET & CO'S CLOTHING CRESCENT CLOTHES FOR BOYS

Buttonhole Interviews

Mr. J. H. Nykirck, president of the Grand Junction Town company, was a visitor in the city yesterday and will remain for a day or two. "We are greatly pleased," he said, "with the write-up of the western slope in general and Grand Junction in particular that Mr. Rogers had in the Gazette on Sunday. The Gazette has long been popular with Grand Junction people, and it has been particularly so under its new management and its enlarged and broadened form. We have been interested in the people accounts of the prosperity of Colorado Springs and I find upon visiting the city again that everything that has been said is justified and that the real situation cannot be told in words."

Among today's additions to the permanent population of Colorado Springs will be the family of Wardell Ryley, recently of Kansas City and one of the best known men in that city. Mr. Ryley arrived several days ago from Arizona, where he has been spending the winter. He will remain in the city a few weeks, but the exhilarating atmosphere of the city soon convinced him that there could be no more desirable place to live.

"I have found no place to equal Colorado Springs as a health resort, growing business center and a desirable place to make a home," he said yesterday before leaving to meet his family at La Junta. "I have decided to make my permanent home here and feel that it is the wisest move I have made since starting out a year ago in search of a home. No city in the country combines business opportunities, perfect climate, good churches and schools, and such a substantial character as does this, and I think it deserves the consideration of everyone contemplating a move for health. If not alone for business purposes, indeed with the natural and artificial advantages of Colorado Springs as they are, it seems really to be the only one to make a home here for the sake of the climate, intending at the same time to pursue some business. The Colorado Springs Electric company is just the kind a young man should mingle with."

"Cripple Creek works will soon be entirely out of the effect of the recent wettings," remarked Senator B. Clark Wheeler, who spent a few hours in the city yesterday while en route to camp from Denver. "The dry dimes that got caught without pumps when the surface water produced by the late storms came into them, are getting well rid of the incumbrance and will work ahead without the slightest interruption. The water is dry ordinarily but got about 25 feet of water from the surface in the shafts in the spring and are just being cleared for working again. There are enough prospects situated thus to make an increase in the output."

"Rails will begin to come in rapidly this week and the ties are being strung at the new railroad yesterday. "We started men to work this morning stringing ties and will soon be laying out the entire end of the line. The same kind of work has already been started at the Cripple Creek end, and it will be completed in a few days. The grade before many days. The whole of the new line between Victor and Cripple Creek will be completed this month and in operation the first of July. In July the line from Cripple Creek to Cameron will be finished and the portion of this end of the main line will be open to traffic."

Said County Commissioner Doran yesterday. "I suppose it will be the end of the year before we get the damage repaired that the late storms have caused in the country roads and bridges. There is hardly a bridge in the county that is not in a state of disrepair. The monthly bills have kept us busy all of the month up to the present. They are a good deal bigger than usual because of the cutting down of the roads and bridges and I suppose the damage will amount to not much less than \$5,000."

PERSONAL MENTION. T. H. Zendr of Denver is at the Elk. R. T. Batley of Florence is at the Alamo. M. C. Shandall of Denver is at the Alta Vista. O. F. Schilling and wife of Goldfield are at the Spaulding. S. C. Foster of Palmer Lake is spending a few days at the Spaulding. F. H. Bostwick and H. J. Currey of Denver are registered at the Alamo. Mrs. Garstin has left for Cripple Creek, where she will spend the summer. John W. Yerkes and C. F. Holland of Cripple Creek, are guests at the Alamo. C. L. Henderson of Pueblo and S. E. Darby of Denver are late arrivals at the Alta Vista. E. C. Leitkin and wife of Buffalo, N. Y., have taken rooms at the Alta Vista for an extended stay. John Cassell, wife and daughter, Miss L. E. Cassell, of Columbus, O., have taken rooms at the Elk.

Mr. E. F. Giles, superintendent of the E. Porter Gold King, is in the city for a few days on business. Messrs. Fred Hills and W. D. Waltman, mining engineers, are in Denver for a few days on business. W. B. Versteeg and family of St. Louis, Mo., are visiting Mr. and Mrs. Harry Versteeg at 319 East Dale street. Mr. A. L. Weston, manager of the Manitou Park hotel for the coming season, was a visitor in the city yesterday. Mr. Walter Ehrlich, who has been spending the winter in California, taking post-graduate university work, is in the city.

Mr. Manion Ego, who is connected with the Colorado Trading and Transfer company, in its Cripple Creek office, is in the city for a few days. Miss Katherine Lawrence, daughter of Dr. G. W. Lawrence, has returned to the city from Bryn Mawr college, where she has been attending school. Messrs. J. F. Luth and George Pepper, capitalists of New York, have arrived in the city for a visit of a few days. They are accompanied by Mr. Luth and are guests of A. J. Noonan.

Mr. J. Harold Lovitt of 126 North Cascade, received a telegram this morning calling him home to Yarmouth, Nova Scotia, to the bedside of a very sick wife. Mr. and Mrs. W. F. Wilder arrived in the city yesterday and will spend some time here visiting with their sons, Walter L. and Frank C. Wilder. Mr. Wilder, Sr., was formerly a resident of Colorado Springs and is very well known here. He has recently been living at Belding, Mich.

Die. The infant son of Mr. and Mrs. R. D. Weir, last evening, at 9 East Cache la Poudre.

POPEJOY TO GET NO COMMISSION

Jury Decides Against Him in Popejoy vs. Cone.

HE FOUND A PURCHASER WILL GO TO MIDLAND BLOCK

For Property Belonging to Mrs. Cone but That Lady Declined to Sell and Action for \$1,000. Commissions Resulted—Other—News of the Courts.

Leslie W. Popejoy will not get any \$1,000 from Mrs. Rosalthe L. Cone. At least such will be his luck if the verdict of the jury in the county court, rendered last evening, stands as the people accounts of the case. Popejoy sued Mrs. Cone for \$1,000. He alleged that at one time the defendant made an agreement with him whereby he was authorized to procure a purchaser for two mining lots claims in the Cripple Creek district; that Mrs. Cone was to have \$10,000 for the properties and the plaintiff was to have what he could get above that sum, as his commission. He alleges that he procured a purchaser at \$11,000, but that Mrs. Cone, when informed of this fact, had changed her mind about the matter and would not sell.

Denied the Contract. Mrs. Cone said that she never made any agreement with Popejoy whatever. She admitted conversations with him but denied that she had ever promised him any commissions. Indeed she said anything whatever about being an agent for the consummation of a deal involving the claims specified. The jury returned a verdict in favor of the defendant.

Judge Thomas A. Rucker of Aspen occupied the bench in the district court yesterday.

In the case of Lisle Harris vs. Manitou and Pike's Peak Railway company a motion by plaintiff to dissolve a writ of injunction issued by the court yesterday was denied.

Attorneys Musser and Vanatta, representing the parties to the suit of Jones vs. Colorado Springs Rapid Transit Railway company, will file a stipulation in the district court today asking that the case be continued for the term. It was to have come up for trial today.

BRIEF CITY ITEMS. A crowd of college girls are planning an outing at Crystal Park for the latter part of the week. The Golden Terry Mining company filed articles of incorporation yesterday with the county clerk. The incorporators are: C. Williams, C. C. Hamilton and Bloom C. Joy. The company is capitalized for \$1,250,000, divided into shares of a par value of \$1 each. The directors for the first year are V. Z. Reed, C. C. Hamilton, O. H. Shoup, A. B. Williams and C. L. Tutt.

The report in circulation about the city a few days ago regarding the election of J. A. Dy to reply to the class pointment of the member who is to answer the district was delegated by the Journal, Mr. Clark, who appointed Maurice Hall.

Important Notice. The books for the transfer of stock in the Elkton, Raven and Tornado companies will open on June 5, 1900, and close again on June 7, 1900, at 4 o'clock p. m. for payment of Elkton dividend. (Signed) J. H. Avery, Thomas Stark, E. P. Shove, Secretaries.

DO NOT LIKE THE BUZZ SAW

So They Got an Injunction Against New Engraving Co.

Nichols and O'Brien Said the Buzz Saw Made Too Much Noise and that the Building was Too Weak to Hold the Machinery of the Picture-Makers.

The Pike's Peak Engraving company, which began doing business in the Nichols block a few weeks ago, is about to move. An order was issued in the district court yesterday which restrains the company from continuing its business in that location. The concern will move to the Midland block today and the delay to its business will be made as brief as possible.

Too Much Buzz Saw. The complaint of Nichols and O'Brien, filed yesterday in the district court, alleges that the business of the Engraving company has materialized in the building, the concern will be put in for the purpose of making out of various kinds would not make any more noise than a couple of sewing machines but allege in their complaint that the company has a buzz saw with which the company saws up brass and zinc plates and that the noise is much louder than a sewing machine. They further allege that by reason of the weight of the machinery the building inspector has ordered them to have it removed to increase the strength of their building.

Injunction is Issued. The suit was filed in the district court yesterday and it prays in addition to damages in the sum of \$250. That an injunction issue to restrain the defendants from continuing their business in the building of the plaintiffs.

The temporary restraining order was issued and the defendants will remove to the Midland block and continue their already heavy business with as little delay as possible. Injunction Almost Too Late. The Engraving company regards the suit of Nichols and O'Brien as an effort to injure the former's business inasmuch as the Engraving company had had in the Nichols building ready to take out of the building at the time the injunction was served. The Engraving company has for a week had a suit pending in the county court against the owners of the building, demanding specific performance of contract and damages, the owners having refused to allow the Engraving company to make such improvements in the sewer and water connections as would enable them to run all the departments of their business.

Millinery Opening. Mrs. C. M. Tasher will be at the Alta Vista hotel Friday and Saturday, June 5 and 6, with an entire new line of trimmed hats, the latest midsummer styles to select from, which will be sold at cost. Burlington Route TRIFLES! Our cars are no better—in themselves—than the cars of other lines. It is what is INSIDE them that makes them more comfortable. For instance: The seats in our reclining-chair cars are provided with linen head pieces—clean and cool. Our dining-cars have electric fans, and are gorgeously decorated with flowers. In every car is a thermometer, which the porter constantly consults in order to keep the temperature of his car as nearly uniform as possible. By themselves, these things are trifles, but the sum total of them goes a long way toward making a trip over the Burlington a mighty enjoyable experience. Burlington trains leave Denver 4:00 and 10:00 p. m. for Omaha, Kansas City, St. Louis and Chicago. Tickets at Offices of Connecting Lines. Denver Office: 1039 Seventeenth Street G. W. VALLERY, General Agent.

UNANIMOUS RATIFICATION
Stockholders All Pleased With the Big Elkton Deal and in Three Meetings Approved the Action of Their Directors.

The stockholders of the Elkton, Raven and Tornado companies met in this city yesterday in three separate meetings, and unanimously ratified the deal which had been proposed by the directors of the three companies, namely, that the Raven and Tornado companies should turn over their assets to the Elkton for the consideration of \$475,000 and \$425,000 respectively; and that in order to pay these amounts to the Raven and Tornado stockholders, the Elkton should increase its capitalization to \$1,000,000 shares.
The Raven and Tornado companies are incorporated under the laws of West Virginia, which would prevent the companies from forcing any other stock upon the holders, and so the deal had to be a cash transaction. The par value of Elkton stock is \$1, and the stockholders in the Raven and Tornado companies can take their choice: Tornado stockholders can either take \$425 in cash for every 1,000 shares, or 425 shares of Elkton stock; Raven stockholders can take \$475 for every 1,000 shares of stock, or 475 shares of Elkton stock. As it is supposed that the new Elkton stock will sell for about \$1.20, it is not an open question which course the stockholders will take.
At the Elkton meeting there were 858,078 shares of stock represented, and the deal was approved without a hitch. No detail which had been planned by the directors had to be altered when it came to the stockholders' attention, and as a lawyer had been employed to draw up the minutes, there was no legal aspect of the rather complicated situation that went unprovided for.
At the Raven meeting there were 832,000 shares of stock represented, and the proposition met no opposition of any kind. The stockholders expressing themselves as highly satisfied with the arrangement which their directors had made.
The Tornado stockholders were equally acquiescent and came to register their approval in greater numbers than those of either of the other companies. There were 1,114,700 shares of stock represented.
The three meetings were practically seen to it before they agreed to the deal that they hope to pay such a dividend once a quarter, and that if the present rate of production is maintained, they can do so from which the dividend comes are the royalties which the company receive from the Wreckoff lease on the Burns claim. Lessees are also working on the Morning Star claim, but making only occasional shipments, and there is also a second set of lessees on the Burns, but the main lease is from the Wreckoff lease, which at present is giving the company about \$5,000 a month in royalties. The showings of ore in the Wreckoff workings is very satisfactory. The lessees have opened the shoot in three levels, and are now working in the bottom one at the depth of 850 feet. The dividends made payable on June 25 to stockholders of record of June 15, on which day the books of the company close.

MINING NOTES AROUND TOWN

The activity of National stock attracted a good deal of attention yesterday and the price was 2 cents higher when the stock opened on the morning call, than it was at the close Saturday. The officers of the company in this city expected the value of the stock to rise, and the lessees have made on the Red Bird claim and about which they are circulating such generous reports. The stock did not rise as high as it opened yesterday, and the lack of confidence of the officers may have been somewhat responsible. However, the reports from the lease sound reasonable, and if they have any intimation that the shoot from which they got a good deal of ore in the 200-foot level extends down through the third to the fourth level, the stock is justified in advancing.

THIRTY-DAY TRADING A BIG SUCCESS.

Time trading was inaugurated on the Colorado Springs Mining Stock Exchange yesterday and proved to be a great success, everything going smoothly. The results of the innovation are better than was expected for the first day. The bulk of the trading was swelled to an appreciable amount, and the cash value of the day's trading was much larger than usual. Ingham and National were the main stocks that were dealt in on time to quite an extent, while Independence T. and M. and some of the pit stocks came in for a good share of it, although it was pretty well scattered throughout the lists. The brokers express themselves highly pleased that this privilege is permitted at last, and predict that it will give a good impetus to business.

ACACIA WILL PAY QUARTERLY DIVIDENDS.

The Acacia Gold Mining company has declared a dividend of 1 cent per share on the total capitalization of 1,500,000 shares, making the amount of the dividend \$15,000. The directors say

CANON CITY EXPECTS BOOM.
Special to the Gazette:
Canon City, June 4.—Everyone is expecting a boom in Canon this summer owing to the general activity in mining circles at Dawson City, a little west of Canon. There is more activity in the camp at present than there was when it was first discovered. More men are coming in and new claims are being staked daily. No doubt the greatest operators in the district is the Fremont Investment company. This company alone owns and controls a group of twenty-four claims, and each one is being worked.

ACTIVITY IN GREENHORN RANGE
Special to the Gazette:
Coal Creek, Colo., June 4.—The Gold Dollar Mining and Investment company are making preparations to resume work on their mine in Mineral Creek canon, ten miles south of here, in the Greenhorn range. This property, last summer showed up well and assays from \$40 up to \$100 were received. There are at present at least 150 tons of ore laid aside that would pay to

work on it. The company is now at the depth of 100 feet and it is the intention of the company to carry it 200 feet further. Their ore is now running 20 per cent in copper, and there is at present a full carload laid away in the bins ready for shipment. This ore will be sent to the Philadelphia smelter at Pueblo about the 15th of this month, but as soon as the improvement work at the American Zinc and Lead works is finished the ore will then be treated at home.
The Sentinel runs rich in native copper, there being a similarity in this mine to the Copper King. The ore has improved to such an extent in the last 25 feet that the owners expect to open a vein of pay ore at a depth of 15 feet more. This property is looked forward to more than any other in the camp.
Mr. Chinner of Boston owns a group of claims and in speaking to the foreman today it was learned that he will visit this camp some time this summer, start a larger force of men at development work and will also open offices in this city.

Do you read the "Want" ads? Of course, everybody does.

ship were it not for the high transportation rates by the wagon load. A 75-foot shaft has been sunk on the vein and a 60-foot drift has been made at the bottom of the shaft. This ore is mostly copper bearing, and will be worked all summer. As soon as the Rocky Mountain smelter is constructed at Florence it will bring hundreds of people to the Greenhorn range. The ore bearing from the surface and very prominent.
But the ore lies deep.

LEGAL NOTICES

Administrator's Notice.
Estate of William P. Wight, Deceased.
The undersigned, having been appointed administrator of the estate of William P. Wight, late of the county of El Paso in the state of Colorado, deceased, hereby gives notice that she will appear before the county court of said El Paso county, at the court house in Colorado Springs, in 275-foot shaft has been sunk on the vein and a 60-foot drift has been made at the bottom of the shaft. This ore is mostly copper bearing, and will be worked all summer. As soon as the Rocky Mountain smelter is constructed at Florence it will bring hundreds of people to the Greenhorn range. The ore bearing from the surface and very prominent.
But the ore lies deep.

Notice of Annual Meeting.
Notice is hereby given that the annual meeting of the stockholders of the Union Gold Mining Stock association will be held at the Mining Exchange building in the city of Colorado Springs, Colorado, on Saturday, the 9th day of June, 1900, for the purpose of electing a board of seven (7) directors whose business as may come before said meeting.

Notice of Annual Meeting.
Notice is hereby given that the annual meeting of the members of the Colorado Mining Stock association will be held at the Mining Exchange building in the city of Colorado Springs, Colorado, on Saturday, the 9th day of June, 1900, for the purpose of electing members to fill vacancies on the governing committee and for the transaction of such other business as may properly come before said meeting.

A TIME FOR BUYING

Nearly all of the really meritorious stocks are selling below their intrinsic worth and almost the entire market is a "buy."

DIVIDEND PAYERS

There are several dividend-payers which we believe offer not only steady interest on the money invested, but also that offer the opportunity for splendid profits.

PROSPECTIVE DIVIDEND PAYERS

There are several stocks which will, we believe, enter the dividend paying ranks before a great while. These stocks are now selling comparatively low, and we advise the immediate purchase of them both for an investment and for quick profits.

GARDNER & CO.'S MARKET LETTER

Colorado Springs, June 2.—The gold crop is looking well. It was put in the ground some time ago and the promised yield looks excellent for so early in the season. Neither chinch bugs nor the Hessian fly have done any damage so far.

A general jubilation and a divvy all around of the commission between the broker and his client. The customer the understrapper has an interview with Helen Blake, while the broker calmly takes his drive in the park. It is a pleasure to know that some one somewhere, lead a happy life. This manner of doing business closely resembles the way the law is carried on in the English courts.

Opportunity, we are told, knocks on every man's door at least once and now loud knocking is heard on the door of the local mining exchange. Possibly the big bunches of mining stocks that were held in a few hands six years ago when the exchange was started are now scattered far and wide and the necessity of having a one end or always first buy market, before you can sell, is over locally.

The Gazette is the Only Newspaper in the State with Its Own Private Wire to the Colorado Springs Mining Stock Exchange.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, June 4.—The week opened on the Colorado Springs Mining Stock Exchange with the market still very light, but prices, in the majority of cases, holding up well. The trading in unlisted stocks is much improved, and business is still good among the shipping mines, with prices generally strong.

Table with columns: MINES, PROSPECTS-Continued, UNLISTED. Lists various stock names and prices.

Table with columns: PROSPECTS, UNLISTED. Lists various stock names and prices.

Table with columns: PIT CALL, MEN'S OXFORDS. Lists various stock names and prices.

USE ALLEN'S FOOT-EASE IN YOUR GLOVES. A lady writes: "I shake Allen's Foot-Ease into my gloves and rub a little on my hands. It is a most dainty toilet powder. We invite the attention of physicians and nurses to the absolute purity of Allen's Foot-Ease. Dr. W. C. Abbott, editor of the Chicago Record, says: 'It is a grand preparation. I am using it constantly in my practice.' All drug and shoe stores sell it. Sample FREE. Address, Allen S. Olmsted, Le Roy, N. Y."

CONTAGIOUS BLOOD POISON

Contagious Blood Poison is the most degrading and destructive of all diseases, as it vitiates and corrupts the entire system. The first sore or ulcer is followed by little red pimples on the body, which become sore, the glands enlarge and inflame, copper colored spots appear, and hair and eyebrows fall out.

Send for our Home Treatment book, which gives a history of the disease in all stages, and is the result of many years of study of blood poison and actual experience in treating it. You can cure yourself perfectly and permanently at home, and your secret is your own.

BOARD OF BROKERS ASS'N. Table with columns: MINES, PROSPECTS. Lists various stock names and prices.

CRIPPLE CREEK EXCHANGE. Table with columns: MINES, PROSPECTS. Lists various stock names and prices.

EXCURSION RATES. Via Denver & Rio Grande R. R. \$1.25—Pueblo and return, Sundays. \$2.00—Denver and return, Sundays.

June 4th, 1900. I strongly recommend buying Independence T. & M. Co. Stock in preference to any other stock on the market. In my opinion this stock is now worth at least One Dollar Per Share and I think in time it will sell for at least Two Dollars per share. M. KINNEY, Mines and Mining Stocks. Rooms G and H—Exchange Bank Bldg. COLORADO SPRINGS. TELEPHONE 262.

BRIEF CITY ITEMS.

The city has been well covered with the new advertising of the Cog road. The company's advertising manager for Colorado Springs has employed a novel but attractive and telling method of advertising by placing posters containing the time card in many of the leading show windows on Tejon street and Pike's Peak avenue.

Word was received in the city yesterday announcing the death in Puma City, Colo., of Mr. G. M. Ward, formerly of Colorado Springs. Mr. Ward left here with his wife and two children about a year ago for Puma City, where he has been since that time. He had resided in Colorado Springs for about 10 years and was very well known among the brokers and business men of the city. He lived during the early part of his life in eastern Indiana but came to Colorado from Nebraska. He was about 35 years of age at the time of his death. The body will arrive in Colorado Springs today and the interment will be at Evergreen cemetery. Notice of the time of the funeral to be given later. Mr. Ward was a member of the I. O. O. F. and the Jr. O. U. A. M.
