Gruver Postmaster Receives 30 Year Pen!

Hands Around the World

Amanda Hiller, Gretchen Lowder, Jill Schell, Jennifer Terry and Ashley Wagner of Gruver Jr. Hi, have been chosen to represent Hansford County in the "Hands Around Texas Sesquicentennial Showcase". Their entry in the competition was selected by a panel of judges from among all other entries in their county.

In Lance's watercolor, a Comanche chief, astride his painted pony, surveys from a rise in the land of Andrews County's high plains the furrowed rows of cotton with oil derricks pumping in the distance. In his charcoal, Charles captures the regal lines of the old Baker Hotel of Mineral Wells, while Terry's tempera portrays bluebonnets and the spirit of country life in Travis County.

These are just samples of the subjects documenting the county history of Texas in a special sesquicentennial student art exhibition entitled "Hands Around Texas".

"Hands Around Texas" includes one picture from each Texas County - 254 works selected after more than two years of solicitation and competition by HANDS AROUND THE WORLD INTERNATIONAL.

Brenda Wagner, Chairperson of the statewide project, notes, "The Hands Around Texas" project has been much more than an art competition. The program has invited 7th, 8th and 9th grade students throughout Texas to consider the people, events, and places of historical significance in their county, and that's unusual. County history rarely receives attention."

"The exhibition has many surprises for people of every age. For instance, Marcie from Hartley County passes along an old recipe for apple ginger, while Brian depicts the "Ezekiel Airship" which flew in Camp County one year before the Wright Brothers flew the "Kittyhawk".

"Hands Around Texas" will open officially on Saturday, May 3, 1986, at the HANDS AROUND THE WORLD CHILDREN'S MUSEUM, 1010 Pecan Street, Bastrop, Texas, the international headquarters for HANDS AROUND THE WORLD. Among other sites the exhibition is scheduled for the Dallas City Hall beginning September 1st and the State Fair of Texas beginning September 26th. Afterwards, the exhibition will be available for touring the counties in Texas.

HANDS AROUND THE WORLD is a citizenship program for young people throughout the world that features continual exchanges of art work. The program was created in 1975 as a bicentennial project in DeSoto, Texas, and since that time has involved art exchanges by students in more than 76 countries throughout the world.

"Hands Around Texas" is sponsored, in part, by EXECUCOM Systems, Inc. of Austin, in cooperation with HANDS AROUND THE WORLD INTERNATIONAL.

For information about "Hands Around Texas" and HANDS AROUND THE WORLD, please contact Suzie Sarrett, Executive Director, at (512) 321-7929, or write to HANDS AROUND THE WORLD, 1010 Pecan Street, Bastrop, Texas 78602.

City of Gruver

City of Gruver

Notice is hereby given that a regular meeting of the governing body of the above named City or town will be held on the 8th day of May, 1986, at 2:00 p.m., in the City Hall at 108 East Broadway Street, Gruver, Hansford County, Texas, at which time the following subjects will be discussed, to-wit:

1. Open Meeting
2. Read and Approve the minutes of the previous meetings
3. Appoint members to the Gruver Airport Board
4. Set Guidelines for cleanup of vacant lots
5. Consider the purchase of additional natural gas
6. Discuss the Community Development Block Grant Program
7. Approve the bills for the month of April, 1986

Dated this the 5th day of May, 1986.

City of Gruver
City Manager

Mrs. Doris Pinkerton, Gruver Postmaster was recently honored with a 30 year service pen from the Postal Department for her faithful service to Gruver as Postmaster.

Pride, service, quality best describes the purpose and meaning of the service pen award. Mrs. Pinkerton, has demonstrated pride in her job, and she and her organization have provided top quality service to her customers as well as to the community.

Mrs. Pinkerton, began her Postal career in 1954 however, her credit service began 2 years later in 1956 when she started working as a clerk at this time the post office was located over on Broadway street and the Postmaster was Blanch Taber. In July 1970, Doris became the officer in charge after Blanch Taber retired, she remained in this position until the following April 3, 1971 when she was officially appointed the new Gruver Postmaster.

In 1976 the new post office was built on main street so in February

of 1976 they moved into the new building, which is still in the same location.

Some of the past clerks who have worked with Doris are: Mattie Layton who retired in 1976 and of course her sister Wilma Byrd who retired in January 1981. Since then there have been several

clerks such as Kay Holland, Judy Thompson, Donna Hill, Janie Jeffries and of course her present clerks, Reetta Gammon who has been with the postal service since 1971 and Penny Kruse who came in 1981.

Doris, fondly remembers many amusing events which have occurred during her time as postmaster at Gruver. When we ask her what advice would she give us as a customer, she smiled and said "Have patience with us and to please remember to err is human"---this sums up what a small town Post Office is--It's Human---stop in and tell Doris you appreciate her for a job well done.

Gruver City Commission

The Gruver City Commission met in special session at 1:00 PM at the city hall with the following members present:

J.C. Harris, Mayor
A.J. Ratliff, City Manager
Ila Jo Hart, Commissioner
Roy Byrd, Commissioner
Also present was J. Mack Hoel, C.P.A.

Mack Hoel was present to present the audit for the financial records of the city for the fiscal year ended September 30, 1985.

Ila Jo Hart made a motion that the audit be accepted as presented. Roy Byrd seconded the motion; motion carried.

With no further business to come before the commission, the meeting was adjourned.

City Has Major Water Leak

The City Water Department discovered a major water leak on an eight inch water main in the alley between Main Street Store and the Gruver Lumber Company at 2:38 A.M. Wednesday morning when automatic pressure monitoring equipment notified city employees that there was a drop in water pressure. By 3:00 A.M. the entire town was out of water. City employees worked on the leak and by about 6:00 A.M. most of the town again had water. Only about 6 places of business were out of water the entire day Wednesday while the City went to Amarillo to get the parts to repair the line. About 150,000 gallons of water was lost because of the leak.

City water superintendent Jim McWilliams said, "We were careful to let as little dirt as possible in to the lines but some was sure to get into the lines. Some customers may experience water pressure problems due to the dirt getting into their meters and if they will call the City Hall if this happens, we will send someone out to check their meters." The City employees were able to get the leak fixed by late Wednesday afternoon.

Foods to Renew the Spirit

Gelatin and puddings are the per-
fect way to capture the spirit of
springtime with refreshing good
taste.

The addition of pineapple and
grapes to the Lemon-Lime Fruit
Mold creates a delicious flavor
combination that is the perfect light
meal for any occasion. As you can
see, the Strawberry Pistachio Trifle
(upper left) could easily be the
centerpiece of any table, as well as
the star taste attraction. Garnished
with dollops of whipped cream and
strawberries, this dessert would be
hard for anyone to resist.

These two treats can easily com-
plement any meal plan. And, since
they are made with Royal Gelatin
and Royal Instant Pudding & Pie
Filling, they can be prepared in ad-
vance, leaving you plenty of time to
enjoy your creations.

LEMON-LIME FRUIT MOLD
(Makes 8 servings)
2 (8-ounce) cans sliced
pineapple in juice, drained
1/3 cup reserved pineapple juice
2/3 cup water
2 (3-ounce) packages or
1 (6-ounce) package Royal
Lemon-Lime Gelatin
2 cups boiling water
1/2 cup dairy sour cream
1 cup green seedless grapes,
halved
Chicory, for garnish
Sliced pineapple,
for garnish
Mint leaves, for garnish
Green seedless grapes,
for garnish

Drain pineapple, reserving 1/3
cup juice. Reserve 4 pineapple
slices for garnish; cut remaining
pineapple into 1-inch pieces. Set
aside.

In medium bowl, dissolve Royal
Lemon-Lime Gelatin in boiling
water; stir in pineapple juice and
water. Set aside half the dissolved
gelatin. Blend sour cream into re-
maining dissolved gelatin. Pour into
a 5-cup mold; chill until almost set.

Chill reserved gelatin until slight-
ly thickened. Fold in pineapple
pieces and grapes. Pour over sour
cream layer. Chill 3 hours or until
set. To serve, unmold onto serving
plate; garnish with chicory, re-
served pineapple, mint leaves and
grapes if desired.

**STRAWBERRY
PISTACHIO TRIFLE**
(Makes 8 to 10 servings)
2 (3 3/8-ounce) packages Royal
Instant Pistachio Pudding
& Pie Filling
3 cups milk
1 cup dairy sour cream
2 tablespoons dry sherry,
optional
25 Famous Chocolate Wafers
1 pint strawberries, washed,
hulled and sliced
Prepared whipped topping,
for garnish
Strawberries, for garnish

In medium bowl, prepare Royal
Instant Pistachio Pudding & Pie
Filling according to package direc-
tions using milk and sour cream;
stir in sherry if desired.
In spread 1/2 cup pudding mixture
in bottom of 2 1/2-quart serving
bowl. Arrange Famous Chocolate
Wafers on edge in pudding against
sides of bowl. Layer cookies, 1/3
the pudding and half the strawber-
ries; repeat layers, ending with pud-
ding. Chill 4 hours. To serve, top
with remaining cookies; garnish
with whipped topping and addi-
tional strawberries if desired.

ABOUT YOUR HOME

By April Rhodes

Most glass cleaners will clean a
toaster and other electrical
appliances. But first, however, un-
plug appliances.

Give your patio or swimming pool
a festive look for spring and summer
by placing gaily painted flower pots
all around.

To prevent meats cooked on the
grill from burning, don't add a sweet
or syrupy glaze (or barbecue sauce)
on the meat until it is done.

Three tablespoons unsweetened
cocoa powder plus one tablespoon
butter or margarine will substitute
for a 1-ounce square of unsweetened
chocolate.

WINNER OR LOSER
LOS ANGELES -- Women have
failed to gain economic ground on

income rose more quickly, they as-

Earlier that day, Mattie enjoyed a luncheon given by Winnie Vernon, Etta Beck.

One hundred high school seniors from farm families in 20 states will receive college scholarships of \$1,000 each in a program announced today by the Cargill Foundation.

The \$1,000 Cargill Scholarship Program for Rural America is designed to recognize and encourage academic achievement, accomplishments and talents of young people from farm families, according to Cal Anderson, executive director of the foundation and a corporate vice president of the Minneapolis - based agribusiness.

"Through this scholarship program Cargill acknowledges the high cost of secondary education and its impact on farm families, particularly in several states that have been significantly affected by the depressed farm economy," Anderson said.

To qualify, students must have full-time enrollment plans at an accredited two or four-year college, university or vocational-technical school. A national scholarship service organization will manage the selection process, which will be based on several criteria including academic record, leadership and extra-curricular accomplishments.

The program will be available to seniors from farm families in Alabama, Arkansas, California, Georgia, Illinois, Indiana, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, North Carolina, North Dakota, Ohio, Oregon, South Dakota, Tennessee, Texas and Washington.

Further information and application forms are available at local high schools.

Ronald Reagan, President:
"We are at the point now of discussing with our allies whether we all feel that an international monetary conference could be helpful."

MUMPS DECLINE

ATLANTA -- The painful neck swelling that accompanies mumps, once a common sight among America's children, has become a rarity, with cases of the disease dropping 98 percent since a new vaccine was introduced 19 years ago, federal health officials said recently.

Thomas O'Neill, House Speaker:

"I honestly believe that unless the president is going to sacrifice some of his military programs, we're going to have to have a tax (income) bill."

Mary Futrell, NEA president, on federal cuts:

"What we're trying to do is say to the federal government 'you still have a responsibility to the children of America.' "

Members of Birthday Club honored Mattie Layton with a party. L-R Henrietta Andrews, Jessie Spivey, Leona Harris, Eva Boyd.

RECIPE

By Sarah Ann Sheridan

Spaghetti/Chicken

- 1 hen (5 lbs.)
- 16 oz. spaghetti
- 2 c chopped onion
- 2 c chopped green pepper
- 2 c chopped celery
- 1 large can mushrooms
- chicken broth
- 1 qt. tomato juice
- 1 t Worcestershire sauce
- 1 1/4 t curry powder
- 1 1/2 c grated cheese
- salt and pepper

Cook hen until tender, saving broth. Saute onion, pepper, celery and mushrooms in butter. Cook and drain spaghetti. Remove bones and cut chicken into large pieces. Mix chicken, vegetables, spaghetti and seasonings. Add juice and 1 quart broth. Cook slowly until thick, not dry.

Sprinkle cheese over top.

1141 Vote in Primary Here Saturday!

Mackie Pearcy Extension Run-off June 7 Homemakers Met

About the only local contested race on the Democratic ballot this year, ended up in a run-off. Norma Jean Mackie will face Jean Pearcy for the County treasurer in the June 7th run-off.

The run-off election will be held on Saturday June 7th. This will mean that the Hansford Celebration location will be moved from the usual place at the courthouse, to the swimming pool park.

The big news of the election in Hansford County, however, was the number of votes cast in the primary. The total vote was 1141 cast in the primary. 408 Republican votes were cast according to Roy Bulls, Republican Chairman, and 733 Democratic votes were cast according to Carl Archer, Democratic Chairman.

Everyone in the county who voted is certainly to be congratulated for this fantastic turnout.

The county political calendar for the next 30 days is; May 3rd, precinct conventions to elect delegates to county and senatorial district conventions for parties holding primary election.

May 4th, if no run-off election for office sought, 1st day an independent candidate may collect signatures for an application to have name printed on the general election ballot.

May 8, last day to register to vote in run-off primary election. May 13, last day a candidate for nomination may withdraw from run-off primary.

May 17-County and Senatorial District Convention for parties holding primary elections...

June 2, 5 p. m. Last day for non run-off candidates to file C&E statement for period ending June 28, 1986.

June 7th, run-off Primary Election Day, and also Hansford Celebration Day in Spearman!

The Calico Country Extension Homemakers met April 28th at the home of Beth Swink. The meeting was called to order by Vice-President Harletta Carthel. Connie Burgoon gave the devotional about the Family. Joy Henderson read the minutes and they were approved as read. Roll call was answered by "What kind of Mother-in-Law would I like to be?"

Sandi Foster, Council Delegate reported about the last county council meeting important dates for us to remember are 4 H. Dress Revue; June 1 in which Council is responsible for favors and refreshments for the program. Also each person of each Club is to furnish fruit cobbler for the Hansford County Celebration in June. Home Extension week began May 4th. The three delegates chosen to go to the State Convention next fall are; Nelle Evans, Janie Kunselman, and JoAnn Farr.

Kathy Hazelwood who is with the Planned Parenthood Association in Amarillo gave the program. Each member participated in arriving at solutions of problems created in helping their children cope with sexuality. This program was not about "planning" for parenthood, as we usually hear it, but about how to "plan" being parents after our children have arrived on the scene.

Those members enjoying the delicious refreshments of sausageballs, lemon bars, coffee, and tea and the program were Hostesses were: Beth Swink, Sandy TeBeest, Sandi Foster, D'Ann Thompson, Harletta Carthel, Josephine Ayers, Connie Burgoon, Joy Henderson, and guest, Kathy Hazelwood from Amarillo. The next meeting will be May 12, at 1:30 p.m. in the home of Connie Burgoon. This is an important meeting as we need to be making suggestions and plans for the next years programs. They will be decided upon at Council and the new programs will begin this fall. Be sure to let your ideas be known.

Pete V. Domenici, Senator (R-NM), on import oil fee: "We cannot overlook the opportunity offered by the rapidly falling oil prices."

The Gruver Music Club met at the Methodist Church Tuesday April 22 in regular meeting. Vice President, Faye Gillispie conducted the meeting, announcing that there will be no home tour this spring and reminded the members of the annual spring luncheon and style show the 13th of May.

Gruver boys, Vega girls I-1A winners

LEVELLAND - Gruver's boys easily defended their title, while Vega's girls used three relay wins to nip Iraan for the crown in the Region I-1A boys' and girls' track and field championships Saturday here.

Gruver scored 72 points, while Wheeler was second with 43½ points in the boys' competition which concluded a two-day stand at the South Plains College track Saturday.

The Greyhounds were led to victory by wins in the 400- and 1600-meter relays. Alex Renteria, Loyd Cator, Justin Finney and Steven Fry combined for a 44.00 clocking to win the sprint event. Then Finney, Fry and Cator were joined by Mark Gilbreath to win the 1600 relay with a time of 3:26.86.

Gilbreath also advanced to state (the top two finishers in each event earn berths in the state meet May 16-17 in Austin) with a victory in the 800 in a time of 2:02.72, while Cator won the gold in the 200 with a 22.96 clocking.

Other Panhandle-area boys who earned state-meet berths included: Dickey Salyer of Wheeler with a victory in the long jump (21-10); Paul Gonzalez of Lazbuddie with wins in the 110-meter high hurdles (15.20) and the 330-yard hurdles (39.39); Richard Smith, Wheeler, second in discus (147-10); Darren Eschle, Groom, second in 800 (2:02.91); Matt Barrett, Valley, second in 100 (11.64); and Danny Benefield, Wheeler, second in 330 hurdles (40.52).

Vega's girls totaled 68 points on the strength of three relay wins to edge Iraan with 64 points for the championship.

Tonya Jackson, Dawn Sneller, Corrina Broman and Stacey Jackson combined to clock a 1:02 in the 400 relay. The 800 and 1600 winning teams from Vega included Misses Jackson, Sneller, Jackson and Jodi Walker. Those teams had times of 1:46.82 and 4:07.98, respectively.

Lancee Lisenby of Miami grabbed two gold medals as she had a 35-4¼ effort in the triple jump and a 59.01 clocking in the 400.

The only other Panhandle-area winner in the girls' meet was Amy McGhee of Lazbuddie in the 100 with a time of 12.97.

Other second-place finishers to earn trips to state included: Jana Walker, Vega, shot, 37-10; Booker, 400 relay, 51.20; Erin Eschle, Groom, 200, 26.71; and Jowannah Ruthardt, Groom, 1600, 5:47.67.

Joann Wooley of Sudan set the only meet record as she tossed the shot 44-1 to shatter the old mark of 42-8 by Jacque Soehngen of Meadow which had stood since 1974.

TDA joins local opposition to "hot oil" pipeline and PCB dump

By Andy Welch

TDA has joined both with ranchers at Driftwood in the Hill Country to fight a proposed "hot oil" pipeline across the Edwards Aquifer and with Panhandle farmers who oppose a PCB dump over the Ogallala Aquifer at Gruver.

A subsidiary of the Goodyear Tire and Rubber Company proposes to cross the Edwards Aquifer with its pipeline carrying thick, hot crude oil, threatening an underground water source that produces \$170 million in annual agricultural sales and which is the major water source for 1.5 million Texans. Meanwhile, the ANR Pipeline subsidiary of Detroit, Michigan, proposes to construct a PCB dump which threatens \$110 million in annual agricultural sales in Hansford County. Also jeopardized by the PCB dump is the Ogallala Aquifer, which produces 1.8 billion gallons of fresh water every year for 1.2 million Panhandle residents.

"Unfortunately, too many of these giant conglomerates think that they can make cost shortcuts and taller profits by simply running their pipeline over or dumping their toxic waste on someone's farm or ranch," Commissioner Hightower said. "Not only is that an unfair use of the conglomerate's corporate privileges, but it also is a seriously dumb way to treat our environment—especially when better alternatives exist. It is far, far cheaper for Goodyear and ANR to change their proposals now than it will be to sustain the damage of one sizable accident.

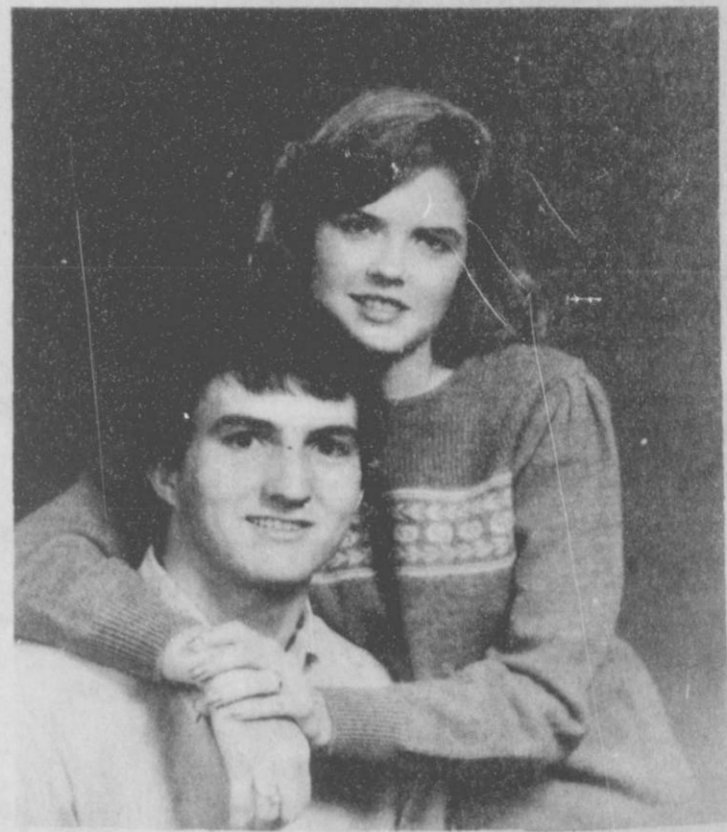

"Every year, Texas loses another 120,000 acres of prime farm and ranch-

land to pipelines, powerlines, toxic dumps, highways and urban encroachment. And groundwater contamination is a growing problem that our state only now is beginning to deal with. This soil and water are what we and future generations must depend on to put dinner on the table. Why risk that just to save a few bucks for Goodyear and ANR?"

"As we've learned from the high-level nuclear dump which the federal government proposes near Hereford or Tullia, just the fear of contamination can be ruinous on an agricultural economy. Food processors don't want to buy crops that even have the image of being tainted by environmentally-damaged soil and water. TDA has documented in both farmer and business surveys on the nuclear dump that just the perception of toxic contamination leads to lower crop prices and land values; established businesses consider moving elsewhere and new businesses refrain from locating in the area.

"It's time for Goodyear and ANR to go back to the drawing board and find new, safer methods of completing their projects—methods that don't endanger the land, the water or the people of Texas. True, those alternate methods may cost them a little more money than the shortcuts they want to use. But we want Goodyear and ANR to take into account our health, our valuable farm and ranchland and our water—not just their corporate checking accounts."

For information, contact TDA's Office of Natural Resources, P. O. Box 12847, Austin, TX 78711.

F.H.A. Goes to Dallas

F.H.A. Goes to Dallas by Alicia Thomas

Friday, the 25th of April, Krista Stedje, Anne Marquay and Alicia Thomas left by plane for Dallas, Texas along with Mrs. Cathy Poits, sponsor of F.H.A. of Gruver High School, to attend the state Meeting.

The meeting was led by the State Officers to decide the possibility of changing the name from Future Homemakers of America to Future Homemakers of America, Incorporated. It also had workshops known as Sizzlers. Sizzlers were different topics on leadership and self-confidence.

The last general session was the main purpose for the meeting. It was the installation of new State Officers and the out going of the old ones. All the girls wore flowering white gowns and the gentlemen who attended wore a

black and white Tux. When the installation of officers meeting was over we all went back to our rooms at the Hilton Inn.

While we were in Dallas, we wanted to go shopping, so we went to Neiman Marcus. We looked at prices and decided it was to rich for our blood so we walked across the street to the five and dime.

On the return trip home while waiting at the airport we ran into "Hee Haw's" singing twins, Jim and John Hagger. They were really sweet and gave us their autographs.

We were delayed at Dallas airport 1½ hours due to rain which caused 25 planes to be backed up and waiting for lift off.

The trip was a lot of fun and it will always have a special meaning to us.

Beth Swink Holding Daughter Lori Beth was hostess for the Calico Country Home Extension Club Meeting. Josephine Ayers enjoying the refreshments.

Palo Duro Cowboy Camp Meeting

What better time than our Sesquicentennial year to mark the first Palo Duro Cowboy Camp Meeting. It will be held June 12-15, 1½ miles east of Gruver at the rodeo arena. This is a Christian Experience you won't want to miss. We will be camping outdoors and eating family style with all the meals provided. There is no charge for participation, however, donations will be greatly appreciated.

The camp will open Thursday evening with supper and worship service led by Dennis McKinley, Fort Worth, Tx, and Wayne Stockstill, Upland, CA. Dennis, a PRCA calf roper, is involved with street ministry in Fort Worth and helped with the opening of church services in Billy Bob's. Wayne has had lots of experience preaching at cowboy camp meetings and will attend every meeting scheduled this summer. Paul Biggs, Bartlesville, OK, will lead the music. If you play an instrument be sure and bring it. God says, "Sing praises to the Lord."

Many activities are planned for the whole family. There will be a rodeo for the kids with a greased pig contest, calf dressing, calf scramble, stick horse races, a

clown contest, and more. There will be a hayride and lots of singing around the campfire; something for everyone! and of course the main event... team roping. Go-round winners will receive Bibles donated by the Community Bible Church. Silver buckles donated by Walco will go to the average winners. The only entry fee is to attend the evening meeting. But even if you don't rope, bring your horses 'cause we've got other activities planned.

The purpose of Christian Cowboy Camp Meetings is to promote the cause of Christ and spread the Word of God. Everyone is welcome, regardless of denomination.

The campsite is in the country and facilities are limited. Everyone is responsible for their own tents or campers and equipment. Water and electricity will be furnished. Rules for the camp will be posted.

There will be lots of fun and great Christian fellowship. Don't miss this blessing! For further information contact Keith or Merry Bateman, Box 511, Gruver, Tx. Telephone 806-733-2129 or 2252.

Mother's Day

The observance of Mother's Day is a recent one in the United States, having begun only in 1907. Then it was the idea of Miss Anna M. Jarvis, a Philadelphia school teacher, that at least once a year sons and daughters should pay tribute to mothers.

Miss Jarvis, a native of Grafton, West Virginia, arranged for special services in Philadelphia churches and suggested white carnations be worn by those attending.

The observance, on the second Sunday in May (this year the 11th), spread to every part of the United States, and the fact that it became custom in all the states only four years after being suggested testifies to the sentiment for such an observance.

In later years, the custom of wearing a white carnation on Mother's Day was changed and

those whose mothers were still alive wore red flowers instead of white.

First observed in the United States, Mother's Day has become an international occasion: mothers in every area of the world are now honored each year on Mother's Day.

More than anyone else, the mother who cares for both home and her children is destined to influence the character and future of the country. And often this responsibility is combined with a back-breaking and steady ordeal of sewing, washing, mending, cleaning and teaching.

It is to this mother, who dedicates her life to her home, her family and children, that the country owes a debt of gratitude. This mother represents the finest in our civilization.

Women's Division Sponsors Clinic

The Women's Division of the Chamber of Commerce sponsored a Clinic for all the contestants of the Miss Hansford County Pageant, Sunday afternoon, May 4th held at the Brock Insurance Agency Building.

The girls spent the afternoon studying with the following clinicians: Mrs. Jean Tarbet of Borger who taught a speciality class in Modeling with a high light on the speeches the girls will be expected to make in the evening gown competition.

Mrs. Renee Sheffield of Borger lectured on all General Information needed as a contestant in local pageants, Miss Texas Pageant or Miss America Pageant. She gave the girls preparation background for this competition including talent, swimsuit, evening gown and interview. She instructed the girls on stage makeup, dress (what to wear

and what not to wear). Also a very important part of this lesson concerned the pageant rules which also covered Miss Texas Pageant rules.

Kelley Adams from Borger and Danny Parkinson from Pampa counseled the girls on all facets of their upcoming interviews with the judges which will be held the afternoon of the talent, swimsuit and evening gown competition.

The afternoon was enjoyed by all and very beneficial to the girls. Those attending: Linda Huyn, Cayla Eaton, Neta Burger, Cindy Womble, Donda Pool, Charlotte Brandt, Anne Marie Jarvis, Jill McLain, Amanda Guzman, Kellye McFarlin, Kellie McWhirter, Joanna Reynolds and Diane Sorgi. Ladies from the Women's Division of the Chamber attending were: Nancy Graves, Sheri Benton, Charlotte Jackson, Linda Butt, Cora Queener and Mary Brock. See Pictures inside

Thanks Hospital Auxilliary

The dietary staff of Hansford Hospital and manor wish to express their appreciation to the Hospital Auxilliary for there many Kindnesses over the past few years. Big Business can be bought.

Not the corporate structure, but the structure itself. The actual buildings of some of the largest corporations in America can be bought by individual investors. Believe it or not, it's not all that hard to get in on the ground floor. Even harder to believe, you don't have to pay top dollar.

You see, at Integrated Resources we take the time you don't have, to do the research necessary to choose the best investments in real estate. We help you decide things like whether it's better for you to be a landlord, or left to make these decisions on your own. And when it's time to come up with the money, once again you'll have plenty of company. You'll be putting your money together with all the other investors that are taking advantage of the same piece of real estate.

To find out more about how we do it, give us a call. You'll be surprised how many skyscrapers are within your reach. Integrated Resources Equity Corporation

GRUVER LIBRARY

Still on the bestsellers list for several weeks, LAKE WOBEGON DAYS by Garrison Keillor is available for your reading at the Gruver City Library.

"It has been a quiet week in Lake Wobegon, my hometown..." For many years, America's Tallest Radio Humorist has leaned over a microphone and murmured stories on "A Prairie Home Companion."

Here, at last, is the book that tells the story of Lake Wobegon at length - and with almost utter honesty! The town's early history - from the days of the Unitarian missionaries to New Albion College and its crazed founder, Dr. Watt; from the arrival of the first Norwegian Lutherans and German Catholics to the story of The Living Flat and Wally "Old Hard Hands" Bunsen and the statue of the Unknown Norwegian - is some of the narrator's own story; his fascination with catholics and the notion of being somebody else (a Keillorini). We see his failure as a Scout, his embarrassment at wearing black Keds and being picked last for baseball teams, and his shaky romances with Donna and Dorene.

Surrounding him are Lake Wobegon's memorable characters and places - Dorothy of the Chatter-box Cafe; Ralph of Ralph's Pretty Good Grocery; Sister Arvonne and Elizabeth, the switchboard operator turned confessor; Miss Falconer, the choir director; the sleepwalking Lundbergs; Irene Bunsen (and what

really happened to her championship tomato); and many more.

Filled with warmth and humor, sadness and tenderness, songs and poems, LAKE WOBEGON DAYS is an unforgettable portrait of Small-town American life, of why "we are what we are" and why "smart doesn't count for much."

Welcome, dear reader, to Lake Wobegon.

For those of you who are interested in Indians and artifacts, A FIELD GUIDE TO STONE ARTIFACTS OF TEXAS INDIANS is a comprehensive identification guide to projectile points, commonly known as arrow heads, and other stone tool used by prehistoric Texas Indians. Archeologists Ellen Sue Turner and Thomas R. Hester Explain how these stone artifacts were made and used, as well as what activities took place at the sites where they were discovered. Including 200 illustrations of projectile points, chipped and ground stone tools and ornaments, this field guide updates and supplements the classic works on the stone artifacts of the Indians in prehistoric Texas. STONE ARTIFACTS OF TEXAS INDIANS is useful as a beginner's introduction to projectile points or as a research tool for serious amateurs and professionals. Fun & Safety

Twenty-six states require no inspection of rides at amusement parks. There's no federal law requiring inspection.

Thus, amusement park riders in only twenty-four states are assured that inspection of equipment is being carried out. In the other states worn or faulty equipment might never be detected.

That some of these rides are less than what they should be is clear from the fact that in the past ten years at least 100 deaths have been reported as a result of

amusement park accidents.

A bill is pending in the Senate (it passed the House) which would restore Consumer Product Safety Commission jurisdiction over amusement park rides in the 26 states which do not provide for inspection. (Traveling carnival rides are already under CPSC jurisdiction.)

Since an estimated 10,000 people suffer serious injury on rides and water slides at the country's amusement parks each year, the need for either state or federal inspection in all states is fairly obvious.

May, 1942

On May 6, 1942, white flags were raised at Corregidor, the U.S. fortress at the southern tip of Bataan peninsula. Japan had attacked the U.S. without warning or a declaration of war the previous December. U.S. forces in the Philippines had fought for five months against Japanese Army forces there.

General MacArthur, in command in the islands, had lost most of his air power, ineptly, after word of Pearl Harbor reached him (U.S. planes lined up wing to wing were strafed by Japanese fighters). The last 11,000 troops, Americans and Philippine units, surrendered at Corregidor.

On May 7, the death march to transports for these prisoners began. Throughout May Japanese soldiers beat, kicked, shot, beheaded and mistreated the prisoners as they marched northward. At the end of this sadistic treatment, between seven and ten thousand of the captured soldiers had died!

It was not a case of a few isolated incidents. The Japanese, who today are so impressive economically, with only rare exceptions, showed contempt, hate and base brutality to the Americans, most of whom were, in effect, murdered!

EATING OUT

By Rose Hughes

THERE was a time fish was inexpensive. No more in most parts of the country.

A recent visit to the Red Lobster chain demonstrates that fact. We chose to go at lunchtime-less expensive than evening. And on the blackboard as seafood specials were seven fish. Very good. In answer to our query, the waitress said they were all fresh too--not frozen. Extra good.

THE service was excellent, in addition. But the lowest-priced fish was over \$4. Others ranged up to \$7 or \$8. For two, then, one can expect a lunch check of fifteen dollars or more. That ain't hay, to coin a phrase.

BUT--it's well done all round. The fish we chose was excellent. The hush-puppies are quite good. The salad was better than average. And the fish was really fresh.

ONE can easily recommend Red Lobster. But it's not a place to go to make out for a few bucks, even for lunch. With drinks, one is likely to spend between fifteen and twenty dollars for lunch for two.

The Watergate

The Watergate Hotel in Washington, the most famous hotel name in the nation because of a breakin, is now joined with the most famous name in cruise and ocean voyaging.

The Cunard Line has taken over management of this hotel complex, with its shops and

restaurants; it plans to upgrade facilities and service.

Cunard is the last ocean line regularly serving Europe--on the QE-2, successor to the famous Queen Mary and Queen Elizabeth.

For those who have warm memories of ocean voyages on Cunard liners, it's now possible to "put up" in Washington, Cunard-style, cross to England on the QE-2, and remain in Cunard's care at the Ritz in London (or the Stafford). Jolly good form, eh wot?

BACK HOME

BUGWALLOW--Mayor Windfall was reminiscing the other day about his days as a reporter. Once he was on the news desk and a flash came over the wire about an earthquake.

He rushed into the managing editor's office and shouted: "Flash just came over the wire! There's been a terrific earthquake in Pszczyna, Poland!"

"Okay" the editor replied. "Find out the name of the place before the earthquake."

Windfall got in trouble with a headline. It seems in the local courtroom there had been a disturbance. The judge ordered everybody out. His headline next morning read: "Judge's action clears courtroom." The judge has never liked him since.

Mayor Windfall once covered a story about a dog biting a mailman. The dog's owner, an old lady, reassured him, "Don't worry, he's been castrated." The postman replied: "Fine, lady, but have you thought of taking his teeth out?"

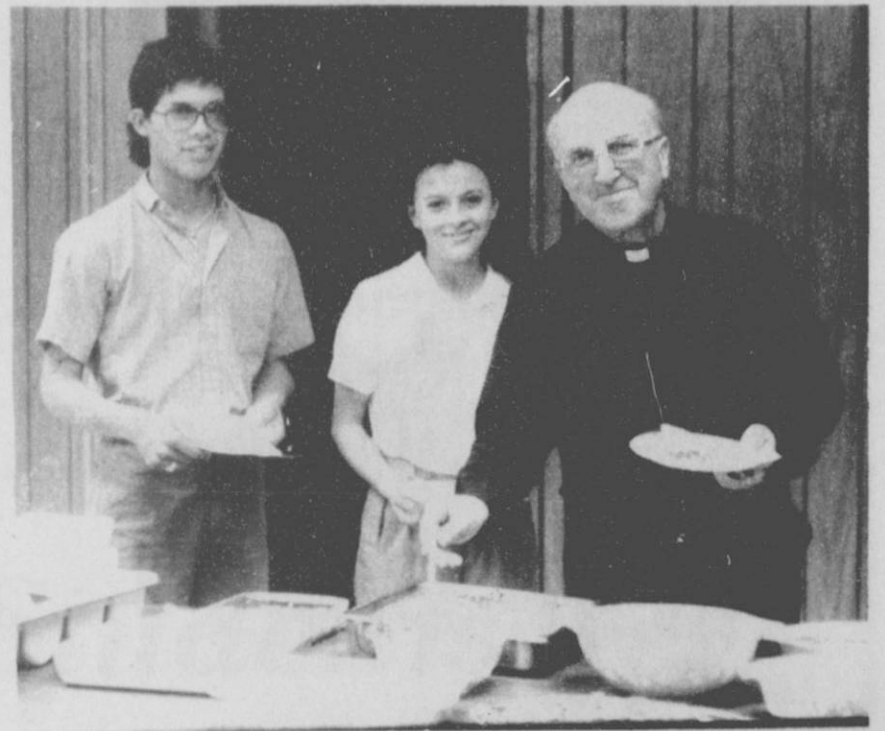

The postman got even. One day she called out, "Mr. Postman, have you got the time," and he yelled very loud: "Yes mam, but no one to watch my bike!" She yelled back: "I kicked the slats out of my crib the first time I heard that one."

Sacred Heart Ladies Guild

Father Sherry leads Pat Ochoa and Michael Lopez in supper held

for our Seniors. Staff Photo-Amanda Guzman

On May 1st the Sacred Heart Ladies Guild held their last meeting for the year. Mass was followed by a pot luck supper held for the 2 graduating Seniors Pat Ochoa and Michael Lopez.

Roll call was answered by 16 members. President, Ester Vargas was absent and the meeting was presided over by Vice President, Helen Blan.

The program was given by the 12 C.Y.O. members who went to the Youth Convention on Palm Sunday in Amarillo. They reported on the work shops and what they thought of the convention in general.

Under Old Business: A respite program will be given at 7:00 on Tues. May 6th. It was decided to

continue the Dinner for the Manor once a year. April was the month selected.

The Cancer Drive is over now and the money turned in Clementine Renner thanked her workers.

New Business: There will be no coffee and donuts during the summer months--this will resume in Sept.

May 17th will be First Holy Communion. Every one was asked to bring a covered dish for a pot luck supper to be held after the 7:00 Mass.

The Ladies Guild will resume on Sept. with a covered dish meal following Mass 7:00.

Memorial Day

Memorial Day is a time remembering someone held dear and the American Cancer society announced today that it can also become a time for turning losses into victories.

According to Vivian Harris, Memorial Chairperson for the Hansford Unit of the ACS, Memorial Day is an appropriate time to make a memorial contribution in memory of a loved one lost to cancer. "We call them 'Lining Memorials,'" said Mrs. Harris. "A gift today may spare others tomorrow."

Contributions to the American Cancer Society are used to sponsor the organizations' attack on cancer through balanced programs of research, education, patient services and rehabilitation. The ACS is the largest source of non-governmental cancer research funds in the country. The current ACS research investment in Texas alone is more than \$6 million in grants at hospitals, universities, and medical institutions throughout the state.

Times and people both change and there is no reason to worry about the process.

"The ACS is also very much a community-based organization," added Mozelle McClellan "Our programs and materials are anaged by local volunteers and I think that's important for the people of Hansford Co. to realize when they contribute to this important cause.

"We are winning in the fight against cancer," stated Mozelle McClellan. "Progress is being made but we still have more to do. I think our memorial program remains a convenient and dignified way of turning losses into victories."

Anyone wishing to contribute to the ACS through its memorial program may do so by sending their contribution to Arbeta Noble-c/o First State Bank, Spearman.

Contributors should include the name of the de eased in whose name the memorial is to be made, along with the name and address of the individual who should receive acknowledgement of the contribution.

SPS Reports

In 1985 more than 5 million cattle moved through the feedlots, and 4.8 million were slaughtered in the packing plants located in Southwestern Public Service Company (SPS) service territory, reports the electric utility's most recent annual Fed Cattle Survey.

SPS serves a 52,000-square-mile area in parts of the Panhandle and South Plains of Texas, eastern and southeastern New Mexico, the Panhandle of Oklahoma, and southwestern Kansas. The feedlots in the territory fed 5,077,338 head last year, down somewhat from the record 5,259,779 fed during 1984.

Total one-time capacity of the feedlots surveyed in 1985 was 2,619,775 head, up from the total capacity of 2,557,000 head in 1984.

A reported 4,778,838 cattle were slaughtered at packing plants in the SPS service area last year, 125,454 fewer than were slaughtered in 1984 said Seth Thomason, SPS manager, agricultural and industrial power. There are 14 beef packing plants in the SPS service area, he said, with an annual slaughter capability of 4,945,953 head.

"Requests for Southwestern's Fed Cattle Survey come from all across the nation," Thomason said. "The survey is an excellent way for us to tell others about our area's capabilities in the beef industry. By providing this information, we hope to help stimulate further development in the agricultural sector."

He added, "The area's feedlots and packing plants were extremely cooperative and helpful during this survey. We commend them for their help."

The survey lists each feedlot in the SPS area, and the lot capacities and number of cattle fed, by counties. There are feedlots in thirty of the counties in the SPS service area.

Charts of the number of feedlots surveyed, number of feedlots with 1,000-head capacity or above, growth of the feedlot industry, and one-time feedlot capacity are included in the report.

Copies of the report and survey are available at Southwestern Public Service Company offices and from Thomason, at SPS headquarters, Tyler at Sixth Street, Amarillo, Texas 79170.

TV COMMENTARY

By Bente Christensen

THE new coloring process now being applied to many old films makes it certain that more and more old film classics will be seen on television.

IT'S an expensive process but worth it, in today's market. It's estimated that about one third of today's film stockpile is in black and white.

CHANNEL Master is advertising a descrambling device, at a cost of about \$400. But the ad tells prospective buyers to contact their nearest cable company, to get the price of receiving various channels.

ONE wonders whether, if the descrambler really works and can be operated without help from a cable company, whether many buyers will be making that call. The main reason is that cable companies are asking

very high prices for channels now scrambled, so high that if a dish owner were to pay for half a dozen channels at these levels, he would be spending perhaps fifty dollars a month.

WHO expects that to happen? SIR Alec Guinness says there are too many awards given for films. Amen.

ONE can realize the process film-making has achieved when seeing an oldy like Alfred Hitchcock's "39 Steps." Seen recently on the Disney Channel--which offers much good viewing--one is amazed at the gaps in the story, the acting even by top stars of the day and the low-cost budget that mystery represents. The film is simple unbelievable. Hitchcock improved greatly.

LOUISA'S
LETTER

Dear Louisa,

I have always had lots of friends and have pleasant relations with people but I have a sister who has no idea of how to get along with people. She is very unhappy and cannot understand why she seems to lose every friend after she has gone with them awhile.

She won't listen to me but perhaps she might read what you write. She talks about people and belittles them. She gets a crush on someone and everything they do is perfect until some disagreement arises between them and then nothing they do is right. She stays in some kind of feud with someone all of the time.

Will you please try to help her as she can be a very delightful person when she wants to be.

Sister-Texas

Answer:
I wish I could help her but I am afraid that the only person who can help is your sister, herself.
She has to learn two things and

the first is that there are no perfect people in the world and we have to accept people as they are.

The second is that a person doesn't build herself up by tearing other people down. She may be doing them some harm but she is hurting herself much more. A person who goes around criticizing other people and not only finding fault with others but broadcasting it, will eventually find herself avoided by people.

The old adage "more flies are caught by honey than by vinegar" and the Christian admonition to "do unto others as you would have them do unto you" applies to the making and keeping friends as well.

USPS Clarifies Rulings

The U.S. Postal Service today said it has neither endorsed the use of advertising decals bearing postage stamps nor ruled that their production and distribution is legal.

In a statement intended to clarify recent confusion on the subject, the Postal Service said it discourages the use of decals on the address said of mail, but will accept mail bearing decals which do not interfere with mail processing equipment. It also has ruled that no postal regulations prohibit a firm from buying stamps at full face value and reselling them at a discount.

The Service emphasized, however, that it had not ruled on other legal issues involved in the production and distribution of the decals and advises firms which propose to manufacture such decals to consult a competent private attorney to determine if the product violates U.S. civil or criminal codes not

enforced by the Postal Service.

The Service called particular attention to section 475 of the Federal Criminal Code, which is enforced by the U.S. Secret Service and the Department of Justice. Provisions in section 475 prohibit anyone from attaching any advertisement to a U.S. "obligation or security," including U.S. postage stamps.

The Postal Service said it was clarifying its position because public representations that the Postal Service has fully approved the decals are apparently being made in order to sell distributorship rights and advertising space on the decals.

The public should be aware that the Postal Service has ruled on no more than the legal issue of selling stamps at a discount and whether the proposed product meets all mail processing requirements, the Service noted.

Home Extension Club Meets: May 12 - 1:30 p.m. Home of Connie Burgoon 905 Womble, Everyone Invited!

It's not very difficult, in spring weather, to feel too tired to work.

Marva Burnam, Gruver, daughter of Val and Marlene Winger, Gruver, will receive a B.S. degree in Elementary Education. She is among the 156 Panhandle State University students who will participate in the commencement exercises scheduled for 2:00 p.m., Sunday, May 11, at the Oscar Williams Field House in Goodwell, Oklahoma. Bishop Finis Crutchfield has been selected by the 1986 Panhandle State University graduating class as their commencement speaker.

Crutchfield began his pastoral ministry in Goodwell, later serving churches in Norman and Tulsa, Oklahoma. He was elected a Methodist Bishop and presided over the Louisiana and Houston area Conferences. Until his retirement, in September of 1986, Bishop Crutchfield served as president of the council of Bishops of the United Methodist Church.

The graduating class and their families will be honored at a reception in the Student Union Building following graduation.

Sesquicentennial Celebration Oslo Community

Folks, for a sesquicentennial event that you will remember a lifetime be at the Oslo Lutheran Church May 18, 2-5 p.m. In celebration at the Texas Sesquicentennial and to remember the Norwegian pioneers, you are invited to attend the openhouse Sunday afternoon May 18.

You will see the display of many Scandinavian items, plots of the community and original town site, family histories and photographs. Several of the hosts will be wearing Norwegian costumes.

You will hear an impromptu organ recital of the surrounding area musicians.

There is a pipe organ in the church at Oslo, and the congregation invites all church organists and anyone else interested in organ music, to play the pipe organ during the open house.

The pipe organ was built in the church in 1969, by Robert Sipe,

from parts made in Germany. The parts were shipped from Germany in boxes made of solid oak. After the organ was built, some members of the congregation took some of the boxes and made tables from the oak.

The children will want to wear their play clothes so they can participate in the supervised games outdoors.

For refreshments, we will be serving coffee, tea and many Scandinavian cookies and breads, such as Rosettes, Krumkaka, Lefse, Fattigmonbakkels, Jule Kaga. Some of these will be demonstrated and cooked so you can see how they are made. Recipe books will be available of the cookies and breads that are being served.

Everyone come and help us celebrate this event.
