An average of 20 pints of blood is needed for every child who goes to the Burn Institute and for each return trip for skin grafting.

Groups, organizations, or individuals can volunteer as donors. A blood bank mobile unit will come out if enough donors are in a group, or you can go directly to a Blood Bank.

The South Plains cotton harvest is gaining momentum daily as stripping operations increase in all counties, according to Paul R. Dickson, in charge of the U.S.D.A. Cotton Classing Office in Lubbock. This great increase in harvest activity is reflected in the increasing number of samples being received daily at the four area U.S.D.A. classing offices. Approximately 20,000 samples were received at the four South Plains offices on Friday. This was the largest number of samples received any day this season and this volume is expected to increase daily if favorable weather continues. During the peak of the harvest this volume usually reaches 50,000 to 60,000 samples per day. Classers from other areas are being transferred to the local classing offices to take care of this increased volume.

The U.S.D.A. classing offices at

Lubbock, Brownfield, Lamesa, and Levelland classed 92,000 samples last week and had approximately 96,000 on hand Friday afternoon. Total classed so far this season now stands at 188,000. This is far ahead of the volume at this date last year when only 8,500 samples of the 1972 crop had been classed.

Quality of the cotton harvested continued excellent and is considerably higher than last year.

Grades of 31 and 41 continued to be the predominant grades at Lubbock, making up 72 percent of all classed. Grade 31 made up 32 percent, Grade 41, 40 percent and Grade 32, 12 percent.

Staples were predominantly 30 to 32. Forty-five percent had staple lengths of 30 and shorter and the remaining 55 percent stapled 31 and longer. Average staple length was 31.2/32nds of an inch.

Micronaire readings are an indication of fiber fineness or maturity. These readings indicate that most of the early harvested bales were fully mature. 83 percent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9, 11 percent was in the high micronaire range of 5.0 to 5.2 and 4 percent was in the very high range of 5.3 and above.

The Agricultural Marketing Service of the U.S.D.A. reported increased trading on the Lubbock market. Prices were \$20.00 to \$30.00 per bale higher and averaged 34 cents per pound over the loan. Most lots were selling in the price range of 50 to 60 cents per pound.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30 - 49.65 cents per pound; Grade 31, Staple 31 - 52.40; Grade 31, Staple 32 - 55.40; Grade 41, Staple 30 - 48.70; Grade 41, Staple 31 - 51.25; and Grade 41, Staple 32 - 53.95.

Cottonseed prices were higher and farmers received an average price of \$102 per ton.

Picture Policy to Change This Week

Due to the fact that our printing plant has increased the charges to this newspaper for printing halftones (pictures), all unsolicited pictures which are printed in the paper in the future will be charged a flat rate of \$1.00 per picture.

The charge for printing is necessary because of increased cost to the newspaper, not because we desire to profit from printing pictures. The necessary charge of \$1.00 must accompany the picture or the publishers cannot guarantee that the picture or pictures will appear in the paper.

News - Ad Deadlines Early Next Week

Because next Thursday, November 22nd, is Thanksgiving, deadlines for both news and advertising in next week's issue of the paper have been moved up to Noon Monday, November 19th, in order to allow for earlier printing and posting of Thursday's paper, thereby allowing our staff members to be off on Thursday.

News of Shallowater Schools

Homecoming Queen Lana Williamson

I have never known a greater honor than that of being selected as homecoming queen. It was absolute happiness that I felt when I realized that I was the homecoming queen. It took quite a while to believe what I heard after the speaker made the announcement. Even after I was presented with the bouquet of roses, it seemed unreal.

I was overjoyed when I heard that I was one of the three candidates. The extreme happiness I felt cannot be imagined. It is difficult to express my feelings because I know that becoming the first homecoming queen of Shallowater is really a privilege. All I can say is what I actually feel, that I am truly honored that I was selected.

Football Spotlight

Alex Grieco was born on July 14, 1957 in Lubbock, Texas. Alex is the son of Mr. and Mrs. Bob Grice. Alex chose to play football because he likes it. He hurt his back earlier in the season and won't be able to play the remaining part of the season. Alex contributed much to our football team and we wish him good luck in the future.

Alex favorite color is orange, his favorite food is shrimp, his main interest is sports, his main dislike is school. Alex enjoys taking part in all sports.

Alex has attended his first three years of high school in Shallowater. After graduating, he plans to go to Texas Tech University.

There is great danger that what we consider important is unimportant.

Shallowater's First Homecoming

The kickoff of our first homecoming game sounded off. The Mustangs were full of spirit and set on winning their first homecoming game. With this goal in mind the Mustangs gave it all they could. Every player on the team was "fired up" and wanted to get out there on that field and show Ropes who was going to win.

So, touchdown after touchdown the Mustang kept on fighting. They weren't about to give up, and that defense was really great. Poor ole Ropes, only got in one touchdown. Gosh, how could they even think of beating us.

At halftime, the Mustang band made a great showing in their red and black uniforms. Lana Williamson was crowned Homecoming Queen with the other finalists being Tracy Blair and Cynthia Stewart. The queen and her court had the honor of riding in a beautiful gold convertible. Her maids followed in a blue convertible. It was a great halftime entertainment. You should have been there.

The final score of the game was 54-6. The Shallowater fans are all very happy and proud of their team. The great team work of the Mustangs and the coaches, the support from the fans, support from the SHS cheerleaders and pep squad all adds up to a great victory for the Mustangs, and a great homecoming performance.

Football Review

The Mustangs had played a good first and second quarter, but seemed to slack off around the last half and come up with a losing score of 22-12 to the O'Donnell team. Make sure you come and see the Shallowater Mustangs in their

last game of the season against Anton, Friday night.

The Mustangs are out for a winning game.

Have you heard? The 7th grade football team won district with a 5-0 season.

Senior Spotlight

This week's senior spotlight is Gary Dempsey. Gary is the son of Mr. and Mrs. W.G. Dempsey and was born on August 17, 1955 under the zodiac sign of Leo.

Gary has lots of favorites, they are hobby-riding horses, color-red, food-steak, Pro football team - Dallas Cowboys, actress-Susan St. James, Class-Co-op Ag.

Gary loves to hunt at night. But, Gary what do you like to hunt? Gary plans to attend South Plains College and major in Police Science.

Poet's Corner

I'll Never Forget

There once were two strangers,
To Christ's church they came,
Neither were Christians,
And I knew not their names.

The first one I met,
It was easy to do.
We just exchanged names,
And said, "Glad to meet you."

After that meeting,
A friendship began,
And he came to church,
Again, and again.

He heard the Gospel,
And decided to obey,
He repented and confessed,
And was baptized one day.

But I'll never forget,
Stranger number two,
He might not be lost,
If I'd said, "How do you do?"

The Rolling Stones Have Been Too Long The Beatles Shadow

Part II

The other day, I listened to my copy of "Sticky Fingers" by the Stones and compared it to my "Let It Be" Album by the Beatles. Truthfully, there was no comparison.

While the Beatles filled "Let It Be" with beautiful music, everything blending together; The Stones were playing what has been termed, "people music".

They (The Stones) have always played this music because they look at things from a workman's point of view. Songs like "Jumpin' Jack Flash" and "Street Fighter" show the absurdities of the times in which they were written.

Thanksgiving Service

First United Methodist Church is to be the host for the Community Thanksgiving Service this year.

The service will be Wednesday, November 21st at 7:30 p.m. Further plans will be announced soon.

The Rolling Stones have never enjoyed the fortune of money that the Beatles did, not that they are poor, mind you.

But look at it this way, do you know why the Beatles quit doing live concerts until almost their end??!!

They quit because they could not get studio quality in their live appearances.

True, perfection is great, up to a point. Most people don't go to concerts to hear a band reproduce the songs like they are on their albums. They go to hear and see the band.

The Stones have never gone on stage to reproduce their songs "studio style". They have always gone on to play their music for people who come for it.

They know the odds of never doing exact reproduction, so they go on stage and just play.

This, however, is the one and only true fact that makes The Rolling Stones overshadow the Beatles.
