

E. B. Reeds Celebrate Diamond Wedding Anniversary

Mr. and Mrs. E.B. Reed are shown with the roses presented to them by the Shallowater community in observance of their 65th anniversary.

Residents in Shallowater joined together in a very special way Saturday to help the E.B. Reed's observe their Diamond Wedding Anniversary by sending them a beautiful bouquet in the form of 65 red roses.

The huge bouquet was arranged by Billye McElroy at Billye's Flower and Gift Shoppe and delivered to the Reed residence at 1003 Texas Avenue at 10 a.m. The Reeds expressed their happiness with tears of joy and surprise at the lovely arrangement that represented a red rose for each year of their married life.

The Reeds are very special to many in Shallowater and have a number of friends and relatives here. They are also the longest married couple in Shallowater, with Mr. and Mrs. L.E. McMenamy close behind.

The Reeds have lived here 30 years and were married in Irene, Texas on January 21, 1912 and celebrated their 65th anniversary

Saturday and Sunday with a reunion of their immediate family at the club house with 53 family members present. Many well wishers sent cards, flowers and called them on this special day. Friends James Fields and Dottie Wendell of Corpus Christi were present and made pictures of the

family. Calling at the club house Sunday afternoon were Mr. and Mrs. Jack Reed, their son Jackie Reed of Washington and the Werner Teggeomon's.

The Reeds have five children and all were present, and include Mrs. Ralph Downey of Shallowater, Mrs. Francis Ballew of Van Horn, Mrs. Geneva Ballew of Red Oak, Marion Reed of Dimmitt and Billy Reed of Lubbock. They have sixteen grandchildren and 43 great grandchildren.

All were present for the happy occasion with the exception of two grandsons and their family and a grand daughter and her family.

Mrs. V.T. Brady (a lovely and gifted lady) expresses the feelings of all who contributed to the roses (with a cash gift also) by compiling the following letter-poem in such a lovely way.

Happy Anniversary to the Reed's

Joyous friendship from Shallowater
To the Reeds on your happy day,
Brings love and rich blessings
Every step of your happy way.

Like the diamond of your anniversary,
Friendship is a most precious jewel
Knowing that friends are always there
Has made your life so very full.

Your married life has almost reached
The life God promised to man:
Three score and ten, only lacks five
For you in your wedded life's span.

God has blessed you all these years
With your children and their love for you,
Your love for each other and your love for God
Has always brought you through.

Your cheerful smiles and friendly words
Each thoughtfulness to people here—
These priceless things cannot be bought,
These are the reasons you are so dear.

So here are (65) red roses
Think of each one for every year,
Remember while you enjoy their beauty
With them comes love from friends so near.

May you know many hours of happiness
Through the happiness you give away,
"Well done, my good and faithful servants,"
You then will hear the Master say.

Water Development Hearings Rescheduled for February in Lubbock

AUSTIN — James M. Rose, Executive Director of the Texas Water Development Board, announced Friday the rescheduling of two adjudicative hearings on applications for permits to engage in weather modification and control operations in parts of the Texas High Plains. Both hearings will be held simultaneously on Wednesday, February 16, at 1 p.m. in the courtroom of the 99th District Court in Lubbock.

"The hearings will continue as long as necessary," said Rose, "so that all persons desiring to speak will have an opportunity to do so."

Plains Weather Improvement Association, Inc., and Atmospherics, Inc., have applied for permits to conduct weather modification and control operations to increase precipitation and decrease hailfall within two adjacent target areas on the High Plains. The requested areas of operations would exceed the smaller target areas.

More than 400 residents in the region have protested to the Texas Water Development Board, asking that the applications to decrease hailfall be denied.

The 64th Legislature amended the Weather Modification Act to provide for a hearing in the area if 25 or more people requested a local hearing. The Administrative Procedures Act, also passed by the 64th Legislature, requires hearings if objections are made.

Hearings on the applications were originally scheduled December 6 in Morton. However, the hearings were postponed until after February 15 to give the Legislature an opportunity to consider legislation providing for a public vote on weather modification activities and to give opponents to the applications time to engage legal counsel.

Docket Number WM-008 concerns the application of Plains Weather Improvement Association, Inc. If the permit is granted as sought, aircraft flights would be authorized over portions of Hale, Lamb, Castro, Swisher, Briscoe, and Floyd Counties for the period as soon as authorized and ending December 31, 1980.

The other application, styled Docket Number WM-009, is from Atmospherics, Inc., for operations over portions of Deaf Smith, Randall, Parmer, Castro, Swisher, Bailey, Lamb, Hale, Cochran, Hockley, and Lubbock Counties. This application requests authority to commence operation beginning upon authorization and ending October 30, 1980.

Bruce Bigelow, General Counsel of the Texas Water Development Board, will be the presiding examiner, Rose said. Protests, pleadings, or motions relating to the hearings shall be filed with the presiding examiner on or before February 11, 1977, at the Texas Water Development Board, Post Office Box 13087, Capitol Station, Austin, Texas, 78711.

Deadline for City, School Taxes is January 31

Don't forget, Monday, January 31, is the last day to pay both city and school taxes before the penalty is applied.

If you haven't paid your taxes, go by the city hall or school tax office before Monday and afford the 1½ per cent penalty for February.

Vehicle Tags on Sale February 1

Tuesday, February 1, vehicle tags will go on sale for 1977 at Russell Hardins tax office in Lubbock.

In order to purchase tags the purchaser must have their renewal card or registration title. The tax office will be open from 8:30 a.m. to 5:00 p.m. Monday through Friday.

A representative will also be at the First State Bank on March 3 and 4 during banking hours for those wishing to wait until then to purchase their tags. So keep this date in mind.

State 4-H'ers to Study Citizenship, American Heritage

COLLEGE STATION — Four-H youth from across the state will have the opportunity to rediscover their national heritage this summer through three special short courses, says Lanny Bullard, 4-H and youth specialist with the Texas Agricultural Extension Service.

Each short course is held at the National 4-H Center in Washington, D.C. and deals with citizenship plus allows youth to tour various historical sites.

The event is called the National 4-H Citizenship Short Course and Heritage Tour and will be held at three different times—June 14-28, July 6-19 and July 26-Aug. 9.

The short course and tour is conducted by the National 4-H Foundation and all 4-H youth who are presently sophomores or juniors in high school are eligible. The Texas quota is 210 and selections are based on applications which must be submitted by Feb. 15 to local county Extension

offices, notes the 4-H specialist.

"Along with the 210 4-Hers, 10 adult leaders will also have an opportunity to participate this year," points out Bullard.

The Texas groups will begin their tours at Dallas and will spend four days enroute as well as four days on the return trip visiting historical sites. In Washington, they will visit such historical sites as the Kennedy Center, Arlington National Cemetery, the Capitol and Library of Congress, Mount Vernon, Williamsburg, Monticello and the Museum of Atomic Energy.

"The short course and heritage tour is designed to supplement the citizenship education and leadership development training young people receive through the home, school, church and other organizations," adds Bullard.

"The two-week learning experience is the highlight of many 4-H members' careers," he emphasizes.

Careless also engraved his fathers drivers license number in the frame and put an operation identification sticker on his bicycle. Careless has also learned all the safety rules and knows that there are state laws on bicycle safety just like for drivers of a car. Oh, he is no longer known as Careless, but he knows that Creepo, the bicycle thief, is still on the loose so he is telling all his friends.

The Stolen Bicycle

There was a young boy nicknamed, Careless who was twelve years old. He got a beautiful ten speed bicycle for Christmas. Careless loved his bicycle, but he wasn't aware Creepo the bicycle thief lived in his town. Careless took his new bicycle to school after the holidays and after school his bike was gone. Creepo had struck. The bicycle wasn't locked.

Careless went to the Police and reported the theft and the Police officer told Careless about the new case hardened chains and locks, and about locking the bicycle to something solid like a tree. He also told Careless about

locking the chain to the frame, not a tire which could be removed. The officer then told Careless about Operation Identification and how Careless should have engraved with a metal stamp set his fathers drivers license into the frame of the bicycle. The officer said they would try hard to get the bicycle back, but the serial number was needed to prove it was Careless' bike. Careless called his father, but the serial number was unknown, and no record had been made.

Two weeks later the police officer found a bicycle. The officer noticed the bicycle had been repainted and it looked like the one Careless had reported. The officer had been lucky in this case, the store where Careless' father had bought the bicycle had a serial number. The officer returned the bicycle to Careless.

Now Careless has bought a good chain and lock like the

What the Church of Christ is

Those Purchased With the Blood of Christ (Acts 20:28). Jesus' Blood was shed for the forgiveness of man's sins. (Matthew 26:28). We have our redemption from sin through his blood (Ephesians 1:7; 1 Peter 1:18, 19). We are washed from our sins by the blood (Revelation 1:5). Christ's blood forgives, redeems, and washes sinners yet the blood was shed to purchase the church, says the New Testament. Therefore the church is composed of all who have been forgiven, redeemed, washed or SAVED by the blood of Christ.

The Sanctified (1 Corinthians 1:1, 2). Paul addresses his epistle "UNTO THE CHURCH OF GOD WHICH IS AT CORINTH, EVEN THEM THAT ARE SANCTIFIED IN CHRIST JESUS", Can one be saved without beingsanctified? However, the church is the sanctified, says the apostle.

The Body of Christ (Ephesians 1:22, 23; Colossians 1:18, 24). In these verses the apostles speak of the church as his spiritual body on earth over which he is the head. He commands, the church obeys.

This body is his fullness on earth. The Body of the Reconciled (Ephesians 2:16). The body and the church are one and the same says the New Testament (Ephesians 1:22, 23; Colossians 1:18, 24). Paul declares that God gave Jesus "TO BE HEAD OR ALL THINGS TO THE CHURCH, WHICH IS HIS BODY." Then he records that Christ reconciles Jews and Gentiles" in one body." It is in THE BODY THAT we are reconciled.

University Day Scheduled at Texas Tech

High school juniors and seniors and junior college students will get the inside story on college life, Feb. 25, at University Day at Texas Tech.

Students and counselors from Texas and eastern New Mexico have been invited to the Lubbock campus for a first-hand look at university programs and activities.

"These visitors will be able to look at college life in general and life at Texas Tech in particular," said Marc Scott, associate director of the Office of Admissions and Records.

The University Center (UC) will be the center of activities for University Day, according to Gloria Masso, student coordinator.

The program will begin in the new UC lounge at 8 a.m. with visitor registration.

Each of Texas Tech's six colleges, many service offices and student organizations will set up special booths in the UC ballroom. Staff, students and faculty will visit with student and counselor guests.

Colleges of Agricultural Sciences, Business Administration, Engineering, Education, Arts and Sciences and Home Economics will offer special programs in their respective facilities.

"Texas Tech has long had a reputation as a friendly, student-oriented university," Scott said. "Beyond this, however, is the fact that Texas Tech offers excellent academic programs in its more than 100 undergraduate areas. This is evidenced by the type and number of job offers made to graduates each year."

Tours of the campus will be offered and a movie of Texas Tech will be shown. Activities will conclude with a swimming party and dance.

Overnight accommodations will be available in student residence halls for visitors traveling long distances to Lubbock, Scott said.

Additional details on University Day may be obtained from

high school and junior college counselors or by contacting the Admissions Office at Texas Tech University.

Offices and organizations which will be represented include Admissions, Career Counseling and Placement, Student Financial Aids, Honors Programs, Testing and Counseling, Tech Band, Recreational Sports, Women's Intercollegiate Athletics, Housing, Fraternities and Sororities, Student Association, Army and Air Force ROTC, Student Organization for Black Unity, United Mexican-American Students, Student Affairs, Men's Service Organization, Women's Service Organization, Saddle Tramps and the Ex-Students Association.

Additional details on University Day may be obtained from high school and junior college counselors or by contacting the Admissions Office at Texas Tech University.

PARTY FOR LITTLE VALENTINES

The nice thing about love is that you are never too old or too young to enjoy it. Children appreciate Valentine's Day as much as anyone else. You can show your little ones how much you love them by giving a party just for them and their friends.

The quickest way to a child's heart is through his sweet tooth. Treat your young valentines to Sweetheart Floats and Cupid's Grape Bars. Both of these nutritious recipes use convenient, delicious concordgrape products—the children's favorites.

The Sweetheart Float combines the sweet fruit flavor of grape juice with frozen strawberries and strawberry ice cream. Cupid's Grape Bars are oatmeal bar cookies with a luscious filling of grape jelly, dates, apricots, orange juice and walnuts.

HORSE TALES

Umm-mm Good

by Gloria Lara

The picture above shows Home and Family Living II. The students shown were tasting and looking at delicious food prepared by Mrs. Corney. Home and Family Living II were studying small appliances for that week. Mrs. Corney was demonstrating a blender, a wok, a fondue pot, and super pan. She fixed a variety of

foods; some of her specialties were chocolate fondue, stir-fried flank steak with cellophane noodles, and to wash it all down she fixed an orange julius.

The students, along with Mrs. Harrison, enjoyed it very much. Some kids admit that at first it didn't look so appetizing but after they started tasting some of it, the food was really SUPERB!

Senior Spotlight

by Claudett Lamb

The spectacular senior for this week is Barbara Stephenson. Mr. and Mrs. James M. Stephenson are very proud of the many achievements their daughter has made. The Stephensons reside at 1216 5th Street. Barbara was born on the fair day of March 18, 1959. This began a busy life for her.

Her favorite subject is Annual Staff, because she likes to put the annual together, picking out the best pictures, and all the things involved in putting an annual together. Besides all the fun, you learn a lot. Other favorite things for her are Paul; her cat, Elton; and food. She loves basketball, dancing, and getting a nice dark tan in the summer. With all of these activities to keep her busy, she also is an active member of Pep Squad, Band, and once again Annual Staff. Barbara is Senior Representative in Band and the Subscription Sales Manager in Annual Staff.

The thing she has enjoyed most about her senior year is "being on a championship basketball team. I'll be glad when we become district champs!" Barbara plans to go to college at Texas Tech and major in Elementary Education. She wants to be a first grade teacher. When asked about her Senior year she said she was ready to be out now, but she was sure that the "good ole days" will be missed.

Clay Dixon, a 6'2" junior, is a first-class rebounder and a fast forward. He is in his second year of varsity action and has made an impressive show on the court.

Next in the lineup of great basketball players is Rod Warren, a junior. Having lots of J.V. experience, Rod backs the Mustangs as post and has upped the scored in each game.

With quick action and accurate shooting, Kenneth Young has climbed his way into varsity this

year. Kenneth, a sophomore, is a guard for the Mustangs.

Cindy Jackson is one of the players responsible for getting the ball down the court to the Fillie offensive side. As a guard, she has received 2 letters in varsity play.

Robin Truelock, also a junior guard, is one of the leading rebounders in Fillie competition. She is mascot for Shallowater High and has 2 letters in basketball.

Lindy Blumer, 2 letters, is one of the team's tough guards. She made All-District last year and has hopes of making it this year.

First Half of District Completed

by Steven Wilson

Both the Fillies and the Mustangs completed the first half of district play this past Friday. (By the way, Shallowater competes in District 5-A and not 4-A as was printed last week.) I realize that most of the readers probably did not notice the error, therefore, I now point it out.

The Fillies lost their first district game Tuesday against Stanton. They were defeated by a score of 54-57. A few unfortunate incidents hurt the girls' chances, but they battled back against those adversities to nearly win the game. Terri Stanton scored 29 points with Jana Hayslip and Beverly Pair scoring 13 and 12, respectively.

The Fillies finished their first half of district with an easy win over Plains. The win boosted the Fillies district record to 3-1. The final score of the game was Shallowater 73 to Plains 37. Terri scored 24 while Beverly put in 23. Jana also broke into double figures with 18.

The Mustangs met the two most formidable teams in the district this past week. They lost both games dropping their district record to 1-3.

Stanton defeated the Mustangs by 15 points with a score of 57-72

at Stanton. The Mustangs played well against the strong Stanton team. Both Rod Warren and Steve Menton scored twelve points each leading the team.

Plains, who is leading district at this time, was just a bit more than the Mustangs could handle. Plains defeated the Mustangs 46-64 in the Mustangs last game of district's first half. Benny Judah was high point man with 10. Rodney Jackson put in 8 points to follow-up.

FHA News

by Debbie Paul

The Shallowater Chapter will attend an Area I meeting in Lubbock March 11-12. There will be try-outs for the state choir. Those who were eligible for the choir try-outs were: Connie Boone and Sandy Stone for the Sharon Singers; and Kim Hickox and Valerie Morgan for the Ima Dee Singers. We would like to congratulate these girls on their success in being eligible.

We have also started a new project. The F.H.A. members will be selling "Life Saver Cook Books" for the next two or three weeks. The community support will be greatly appreciated.

Until our next news briefs we would like to wish our girls good luck at the state try-outs and with the cook book sales!
