

# Car-Train Mishap Claims Lives of Couple

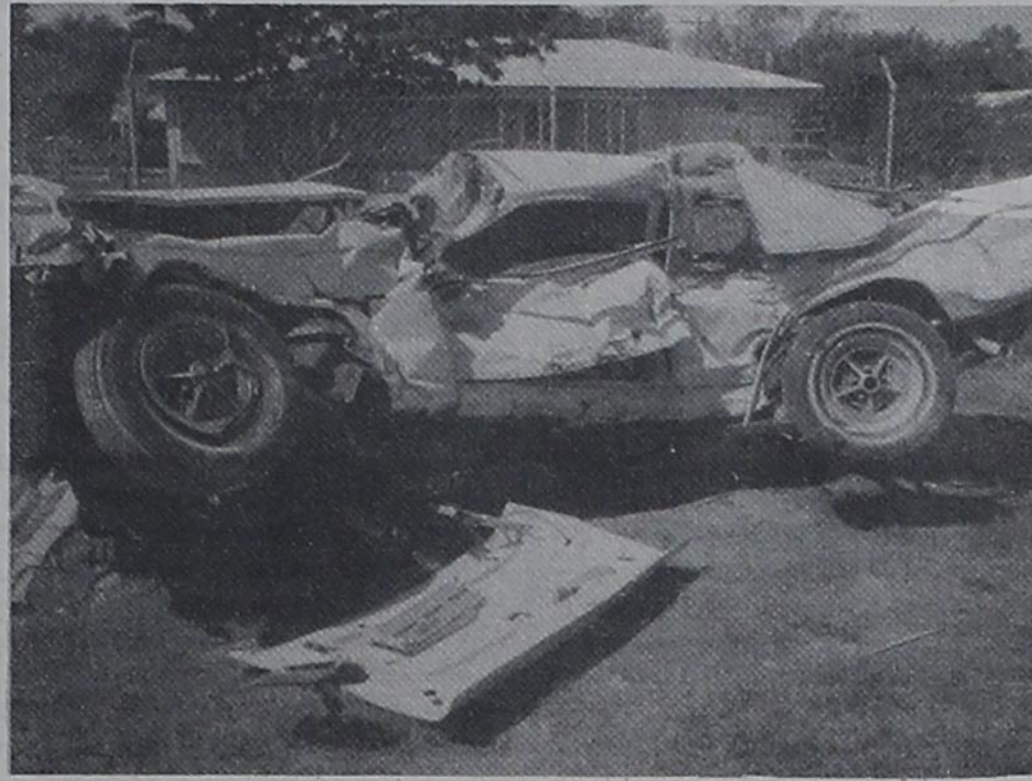

## Mustangs Fall in Second Game of Season to Hart by 27-16 Tally

The Hart Longhorns defeated the Shallowater Mustangs 27-16 Friday night.

Hart's first score was by Eliazar Castillo from the 35. Barry George ran for the two point conversion.

There was no more scoring until the third quarter when Hart passed for a 55 yard touchdown. Shallowater bounced back with a quick pitch to Johnny Taylor followed by a 2 point run again by Taylor for the eight points. Hart's Kerry George made a run for six more and the P.A.T. failed, making the score 20-8.

In the final quarter, Shallowater scored again. Taylor ran for another touchdown and again ran for the P.A.T. This made the score 20-16. Hart, however, ended the game with an interception of a Mustang pass and an 85 yard run back for the score.

A prominent Shallowater couple died Saturday night when their car and a Santa Fe freight train collided just east of Shallowater. Dead at the scene were T. E. "Skeet" Wright, 53, and his wife, Norma, 52.

Two prominent Shallowater residents were killed Saturday in a car-train mishap three miles east of Shallowater on U.S. 84.

Joint funeral services for T.C. "Skeet" Wright, 53, and his wife, Norma E. Wright, 52, both of Shallowater were held at 10:30 am. Tuesday at the Broadway Church of Christ in Lubbock, with Joe Barnett, minister, officiating.

Burial was in the City of Lubbock Cemetery under the direction of Resthaven-Singleton-Wilson Funeral Home.

Wright, a farmer, was born in Shallowater. He was a U.S. Army veteran of World War II. He graduated from Shallowater High School and attended Texas Tech University. He was a member of Broadway Church of Christ in Lubbock.

Mrs. Wright was born in Lubbock. She graduated from Lubbock High School and was also a member of Broadway Church of Christ.

The couple is survived by a daughter, Mrs. Gail Payne of Tyler; and a grandson. Mr. Wright is also survived by his mother, Mrs. A.C. Wright of Shallowater; a brother, C.W. of Pecos; and a sister, Mrs. John Shipp of Shallowater.

Mrs. Wright is also survived by her parents, Mr. and Mrs. C.P. Collier of 2117 18th St.; three brothers, Charles J. Collier of 5611 16th St.; Robert Collier of Spearman; and James Lee Collier of Denton; and a sister, Mrs. Maretta Fay Hill of Moore, Oklahoma.

The family suggests memorials be made in the form of donations to the Lubbock Children's Home or your favorite charity.

## Church Census to Be Conducted

The First United Methodist Church and the First Baptist Church of Shallowater will be undertaking a religious census in the Shallowater community beginning Friday, September 19th through Monday, September 21st.

Members of the two churches will be contacting the Shallowater residents to attain basic facts concerning religious preference. Everyone in the community is urged to cooperate in this effort.

# Shallowater High School Homecoming Friday

Homecoming activities begin Friday with a pep rally at 2:30 in the high school gym, followed by registration in the school cafeteria at 5 p.m. A taco supper will be served by the Band Boosters, in the cafeteria from 5 to 7 p.m. Cost of the meal is \$2.00 per person or 50 cents if you want just coffee and pie. A business meeting will be held in the auditorium at 7 p.m. and the game between Shallowater and New Deal will take place at 8 p.m. After game pie and coffee will be served in the cafeteria.

Finalists for the title of Homecoming Queen for Shallowater High School are Carol Shropshire, Kim Young and Jeanyne Hunter.

Carol is the daughter of Mr. and Mrs. Kenneth Shropshire of 904 14th Street. Carol is head cheerleader for the Mustangs and is also active in the pep squad, FHA and participates in school athletics.

Kim is the daughter of Mr. and Mrs. J.D. Young of 1208 7th Street. She is president of the Shallowater Mustang Band and also the president of National Honor Society. Kim is active in FHA and school athletics.

Jeanyne Hunter

Jeanyne is the daughter of Mr. and Mrs. J.T. Hunter of 1205 9th Street. She is a Mustang cheerleader and also plays varsity basketball. She is active in FHA and works on the Mustang annual staff.

The Homecoming Queen will not be announced until Friday night when the Shallowater Mustangs take on the New Deal Lions here at 8 p.m. The Homecoming Queen's court was decided earlier this week. They are Judy Waller, junior representative; Danny Midlock, sophomore

Carol Shropshire

representative and Julie Sproles

Kim Young

the freshman representative.

## Action Taken on Several Issues During Shallowater City Council Meeting

The Shallowater City Council met Monday night in an open meeting, with Mayor Jack Dulaney, presiding.

The council took action on a request by Mrs. T.L. Thompson to install a new fire plug which would increase the efficiency of the Shallowater Fire Department. The new fire plug, which will be

installed by the city, will add extra protection to the Shallowater Trailer Park on Clovis Road.

In other action, the council agreed to place signs at crosswalks located between the High School and Junior High buildings. The council, along with the Shallowater Board of Education, agreed to the fact that crosswalks and loading signs were

## New Paint for Mustangs' Fieldhouse

Shallowater cheerleaders accept the paint and other materials donated by James Mowery of the Kelly-Moore Paint Company and Kenneth Shropshire, representing the First State Bank of Shallowater. The paint will be used to paint the outside of the new Mustang Fieldhouse.

The Shallowater Mustangs recently moved into a new fieldhouse (formerly the band hall). The inside of the new facility is great, but the outside was badly in need of a paint job. So with the help of some area merchants, the Shallowater cheerleaders will be painting away this week. The new paint job on the fieldhouse is hoped to be completed by Friday, the date of the Shallowater Homecoming.

When the need for the paint was made known to Mabry Brock, President of First State Bank of Shallowater, he went to work and secured the needed materials. The paint was donated by James Mowery of the Kelly Moore Paint Company in Lubbock and the brushes and paint pans were donated by Brunis Penny at Penny Hardware, Dub Hardin at

## Medley's Giant Burger Changes Hands

Mr. and Mrs. Perry White have purchased the Giant Burger Drive In from Doc and Lucille Medley, as of the 16th of September, 1975. Perry and his wife, Brenda, have lived in the Shallowater area for two years and plan to operate the business the same way Doc Medley has. Perry is employed by DEKALB. They have two

children, Casey who is 1 year old and Kelly who is seven weeks old.

Doc and Lucille wish to thank all their customers for their patronage the last seven years, and would ask you to continue trading with the White's as the service will be the same. Good food, well prepared and quick service as always.

# Party Line

Mr. Breed gave a birthday party for Ulys Cone on Saturday, September 13 at the Shallowater Restaurant. Mr. Breed furnished the cake, which was iced white with fall colored flowers. The words "Happy Birthday Mr. Cone" were on the cake.

\*\*\*\*\*

Dinner guests Sunday night in the home of Mr. and Mrs. W.F. Williamson, were his brother, Mr. and Mrs. Clarence Williamson from Pine Hurst, Idaho. Also Mr. and Mrs. John Newberry and Coy Newberry of Lubbock.

\*\*\*\*\*

Mr. and Mrs. George Blackmon and Mrs. R.W. Woodruff returned home last week from east Texas where they were visiting relatives.

\*\*\*\*\*

Eva and Robert Terry and

Lizzie Truelock were hosts Sunday to a family reunion. Those present were Mrs. Anvil Odom, Jimmy and Mark Odom, Mrs. Della Carlton and Kim Britton, Mr. and Mrs. Raymond Roland, all of Post. Mr. and Mrs. Morris Bergh of Denver, Colo.; Mr. and Mrs. L.C. Roland of Clovis, N.M.; Mr. and Mrs. Fred Truelock, Mr. and Mrs. James Truelock, Jane, Robert and Jess, of Shallowater.

\*\*\*\*\*

Jake Powell returned to Lubbock recently. He has been in the hospital in Amarillo but is now in the Colonial Nursing Home in Lubbock.

\*\*\*\*\*

Mr. and Mrs. Don Rackler will return from vacation today from South Dakota and other points of interest.

# Shallowater Police Beat

The latest crime report shows that a burglary now happens in Texas every 2 1/2 hours. Burglary for the most part can be prevented because the crime itself is done by opportunity created by the business' vulnerability; so by reducing the opportunity and by making the risk of him getting caught high, there is a greater chance that the burglary will not occur. Most of the opportunity can be reduced.

Statistics show that the small business suffers a greater loss from burglary than does the larger companies. The small stores lose about 3.2 times the money value of property than does the medium size stores.

In patrol at night there are several things that have been noticed. One of these is the lack of uniformity. This is meant by the way the store looks at night. Perhaps insight into the way a policeman does his patrol work would better help in explaining the problem of uniformity. When an officer becomes accustomed to a building looking a certain way, then that building is changed, such as different lighting, then the rhythm of that patrol is broken. The less time it takes an officer to check the area that he is working, the less time a burglar has to work. When an officer notices the change in said building, then he must stop and check to see if the building has been burglarized or if it is only a difference in the way the building was closed. The best remedy for this is for the person closing the store, to get into a set pattern.

Probably discussing things that should be in the pattern can best be formulated by knowing and remembering the setting in which the burglar works. The burglar's greatest asset is that he works in the darkness and by hiding behind open doors or by closing doors within the building so he can not be seen. The pattern set in this situation should be if the doors within the building have locks, then they should all be shut and locked. If the inside door does not have a lock then leave the door open so that when the officer

passes he can see inside the room. The burglar must not only work in the dark, but he must also work with speed. If the inside doors are all locked, it takes him longer to obtain entrance into a room, thus creating a higher risk of being caught.

In exposing the burglar at his work, it is only necessary to have enough light to cause anything in the building that is moving, to have a shadow. Leaving a light on, preferably at the rear of the building, will cast a sufficient shadow. But please have the same light on each night.

Do not leave large deposits of money in the store, but deposit it every night in a night deposit place. Another thing to remember is do not leave the most expensive items in the store in the same place, but place them in several secure locations. By doing this, it creates a high risk of the burglar getting caught.

Statistics state that 80 percent of all burglary entries are made through the door and 10 percent through the windows on the first floor. Since a burglar works on a opportunity and low risk basis, your business needs to be a high risk for the burglar. An inexpensive but adequate alarm system is perhaps the best deterrent in keeping the building safe. A good lock system on all doors is another way. Even by placing bars on the windows will cause some burglars to leave it alone.

Even though these methods cost money, it is important to remember the risk-manage concept of your business, in that you are spending a little to save a lot. All the alarms, dead bolts, etc. will not save your business, if they are not used.

Remember the burglar works on opportunity and low risk, so whatever you, the business owner, do to make your business a low opportunity and high risk for him, the less chance your business has to be part of the burglary stastics.

### Please Help Us Help You, Don't Ask For It.

#### Police Calls

Sept. 8, 1975: \$30 or \$40 taken from the Texaco Station between 3 and 7 a.m. Entry was through a window.

Sept. 8, 1975: Grey bicycle stolen from elementary school, found one hour later.

Going on Vacation? Call the police for vacation checks.

They key to happiness in life lies in unselfishness.

needed in this area to help protect the school age children. The signs will be installed pending clarification of laws pertaining to the width of said crosswalks.

The council also discussed the drafting of a new city ordinance that would prohibit the private use of the alleys by Shallowater residents, for storage of personal items. The city will send letters to all residents explaining the law. The new ordinance is needed to insure proper care of the alleys. The alleys will have to be cleared of all objects to allow for the new garbage system, which is expected to be in use by the end of this month.

# SPORTS

by Joe Kelly

Steve Sloan kicked off "his" era impressively, and to the complete satisfaction of a chilled, but enthusiastic, crowd Saturday night. His Red Raiders turned in a fine performance.

There was a lot to cheer, little to complain about, as the Raiders got the jump on Florida State and kept the upper hand. The offense was ahead of the defense, but the defense was able to come up with the big play at times and that helped.

Offensively, the Raider line looked good. The blocking was strong and the line was opening fine holes for the backs. The performance answered a lot of questions about the inexperience on the forward wall.

As for the backs, Sloan unleashed a bevy of good runners, with the resurgence of Rufus Myers, following an injury that slowed last year, most welcome. He ran hard once more.

Tommy Duniven got off to a fast start, much as he did last year, but Rodney Allison, after a slow start, caught fire and looked good, too. Tech apparently is in good shape there.

The passing wasn't as expected, but it was wet and Sloan said after the game that Tech probably threw less than any team he has had. "We averaged about 25 a game at Vanderbilt and about the same at Florida State. We'll work on that," he declared.

As for defense, Tech may not face an attack that is as hard to stop as the one the Seminoles used. It's made for the big play and Leon Bright is one of the better runners in the nation.

While FSU was able to eat up a lot of yardage, the Raiders did come up with the big play often enough to withstand the Seminoles. It wasn't an overpowering defense. Instead, it gave ground and then stopped the Seminoles enough to maintain control.

Pass defense was weaker than expected and Tech backs were burned too often Sloan agreed.

"We have some things to work on, and we will," he declared. "We'll work on pass defense, penalties, extra point attempts and our passing," he stated. "We've got to have the worst extra point team in the nation. I've never had a team that had that many penalties, either."

Sloan had praise for several players, like Ecomet Burley—"They double teamed him a lot, but we expect a lot of teams to do that"—and David Mellot—"his kickoffs were super. I never had anyone who could get it beyond the 10. I like to see that ball go into the end zone. You don't usually run them back."

And Duniven—"I don't think he missed any reads in the game. He's big and hard to tackle."—and Allison—"he did well, too. He and Duniven are two different type of guys."—and Pat Felix—"Never had a tight end who blocks like he does. He just knocks them clear out of the way"—and Harold Buell—"He played better in the game than he has in practice."

And so went the press conference. Sloan is the type of guy that everyone should meet and get to know. He has that infectious smile that starts slowly and then spreads and he has a droll sense of humor that had the writers laughing constantly.

In talking about Brian Hall, the extra point kicker with the artificial leg, Sloan said that he noticed that Hall appeared sleepy when the team boarded the bus.

"I figured he got up just in time to get on the bus," Steve said. "One of the players remarked that Hall's leg must have gotten up on the wrong side of the bed today!"

As for the Red Raider horse, Steve thought he was wonderful. "I was too nervous to really appreciate it, but he's something else. He almost took out a Florida State player, too. I think we're going to have to work on that. If we could get him to run sideways down there, he could wipe a whole bunch of players!"

He also praised the Saddle Tramps. "Never knew any group like them, anywhere," he disclaimed. "How long have they been in existence?"

Told that Arch Lamb had started the group about 1936, Steve remarked that "we ought to give him some kind of award. They're tremendous."

Sloan said that he was real nervous about this opening game. "I didn't recruit any of them and all I knew was what they did in practice. I didn't really know any of their parents. I didn't know what they'd do in a game."

"I tell you, I was nervous today. I went to the bathroom a lot!" Asked if it was a practice to stand to the side of the players on the sidelines, down on the end, Steve replied that: "I have to signal and it's a little hard to be seen in the crowd. Usually I don't get away from the crowd, though. It's too easy to be caught by the alumni!"

The Steve Sloan Age has arrived and, from all indications, it's in for a long, healthy and successful stand. For a change, press conferences are going to be interesting.

\*\*\*\*\*

**The Roundup**—Donnie Moore, former Monterey pitcher, wound up with a 14-8 record at Midland. He was a key play-off game winner that made Midland a co-champion and already has joined the parent Cubs . . . The pressbox has a new look at Tech. It's carpeted in red, is quieter and also warmer. Probably paid for by Peach Bowl game profits! . . . Also, Ralph Carpenter has changed the pre-game menu and it's a winner, too . . . Sloan was talking at the press conference when Putt Powell of Amarillo broke in. "What?" Steve asked. "Pardon me, coach," Putt replied. "Aw, that's all right, I was just mumbling!" Steve said . . . Two weeks ago Baltimore was "dead" in the American League East race. Now the Orioles are pressing. The big question is whether disaster can strike the Red Sox again . . . And Catfish Hunter, after a dismal start, became the first pitcher to win 22 games. He's got to be something else.

EQUAL OPPORTUNITY EMPLOYER

Austin—A big state land trade has been proposed to obtain a scenic new park on 30-mile-long Matagorda Island.

Land Commissioner Bob Armstrong suggested the swap of 18,000 acres of state-owned land near Fort Bliss in El Paso County

for the federally-owned share of the island.

A joint House-Senate committee unanimously decided the state should own the island which lies south of Port Lavaca.

The U.S. Air Force has decided it will not continue use of

Matagorda as a bombing range, but the U.S. Interior Department wants it as additional refuge for the whooping crane.

Armstrong said Matagorda offers among the best sports fishing and hunting in the country, and it is within easy auto range of Houston, San Antonio and Corpus Christi citizens.

Matagorda's beach is growing rather than expanding, the committee was told.

Federal holdings on the island total nearly 19,000 acres. The state owns 16,369 acres and private interests 15,570 acres.

Parks and Wildlife Commission Chairman Pearce Johnson questioned wisdom of the trade, however.

#### Rates Set

The State Insurance Board has set medical malpractice rates in the state's assigned risk pool 40 per cent lower than the industry asked for. Doctors insured through the risk sharing pool will pay 18 to 20 per cent more than the highest rates charged by companies writing insurance voluntarily.

New rates for the Texas Medical Liability Insurance Underwriting Association (JUA) will cover physicians, surgeons, hospitals, podiatrists and nurse anesthetists who cannot obtain profession insurance on the open market.

The Board asked JUA to re-submit its rate filings, terming

those first submitted excessive.

Base premiums for \$100,000 / \$300,000 limits for non-surgical physicians in Harris County were set at \$1,800 and at \$1,200 for the same class of physicians in the rest of the state.

Rates were adopted for more than 30 classes of physicians and surgeons including doctors normally classified as "high risks." Neurosurgeons and orthopedic surgeons will pay highest premiums—\$14,000 in Harris County and \$9,600 in the rest of the state. Harris County plastic surgeons will pay \$10,800, those in other areas \$7,200.

Hospital rates are \$420 per bed plus \$42 for ever 100 out-patient visits.

#### Constitution Aired

Secretary of State Mark White announced a program to encourage voter registration for the November 4 constitutional revision election.

White also said an all-out effort will be launched to encourage voters to study the proposed document.

Proponents and opponents of revision will outline their views at a conference sponsored by Texas Press Association, Texas Daily Newspaper Association and Texas Association of Broadcasters here Sept. 19.

#### AG Opinions

Texas Department of Public Safety may provide criminal history information to the State

Bar of Texas and Department of Public Welfare to assist in licensing responsibilities, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- Texas Student Publications at The University of Texas is no longer a legal entity and cannot hire an attorney without regents' approval.

- Temporary and part-time state employees accrue sick leave, but leave for the part-timers is acquired on a proportionate basis.

- The Employees Retirement System of Texas may grant credit for service as a county attorney to a qualified member of the System.

- The Teacher Retirement System can purchase insurance for liability under the Texas Tort Claims Act. Insurance for the System's building, contents and papers may also be purchased, but workmen's compensation coverage may not be.

#### No Gas Shortage

Texas should not have a severe natural gas shortage this winter, Governor Briscoe said after an organizational meeting of his new energy council.

The Governor said he does not believe Congress will allocate Texas gas to other states.

Briscoe and Lt. Gov. Bill Hobby urged more emphasis on developing new sources of energy, including solar, wind, geothermal and waste material burning.

### PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11)  
SPECIAL ELECTION NOVEMBER 4, 1975

#### PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions

prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

#### PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

#### PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony

and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

#### PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten

cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

#### PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to

## Delta County Reunion to Be Held Sunday

The Delta County Reunion will be held Sunday, September 21st beginning at 10 a.m. at the Precinct #1 Club House, 5015 50th St. in Lubbock.

Bring lunch and eat at 12:30. Also, bring old group photographs that may be of interest to our group.

### Highlights and Sidelights . . . Continued From Page Four

#### Short Snorts

Texas officials filed suit in Washington in an effort to keep the state out of federal Voting Rights Act coverage.

An Austin district judge refused to grant a temporary restraining order sought by Texas Association of Proprietary Schools to prevent enforcement of new Board of Education rules.

Oscar Laurel of Laredo has resigned as Good Neighbor Commission director, effective December 31.

Sept. 21-27 has been designated Highway and Transportation Week.

Cigarette stamp taxes increased \$5.2 million in the last fiscal year—to a total of \$247.6 million.

Comptroller Bob Bullock said \$22.9 million in unemployment

### Constitutional Amendments . . .

Continued From Page Four  
market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public pur-

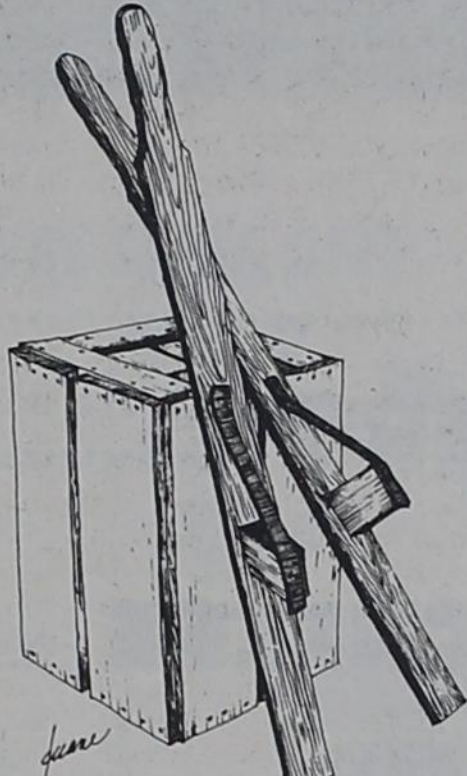

# REMEMBERING...

By BILL D. BROOKS

### STILTS

Our family usually went into town once each week. On one such occasion a friendly merchant gave each of us kids a free ticket to the Shriner's Circus coming the next week. It was the first circus I had ever been to and

I was very impressed with all the goings on. One performer stood about twenty feet tall and walked around with long pants and stiff legs. Dad said it was just a regular sized man walking on stilts. I was amazed and decided that when I grew up

STILTS

I would like to be a tall man in the circus.

Soon after that, some kids came over to see us one afternoon and we decided we should all have a pair of stilts. We took one-by-fours about six feet long and nailed blocks of wood about a foot and a half from one end of each to serve as foot pieces. The foot pieces were braced with leather straps taken from old harnesses. The tops of the main pieces were rounded slightly with a hatchet and a wood rasp for hand grips. Most of us had never been on stilts before but we were all game to try. We learned quickly and before long were walking everywhere, having a big time.

We had races on them and contests to see who could take the longest step and who could reach the highest. One kid could even jump rope while two of us turned it for him. I couldn't. We couldn't think of much else to do until someone suggested that we make some taller stilts.

Everyone set to work making taller ones. The height they were made depended upon how brave the maker was, or thought he was. Tommy Johnson took

the longest boards he could find to make his. You usually got up on a fence or box to get started on stilts. Tommy got up on the roof of the house! "Yore crazy, git down offa there," everyone yelled. But he was determined to display his bravery. He stood on top of the house with the stilts on the ground, leaning against the edge of the roof. He took the tops in his hands and we all held our breath, gawking up at him, wondering if he would really do it. As he stepped out on one of the stilts, it broke at a knot hole and down he came.

The zinnias in Mom's flower bed broke his fall but the stilts smashed through a window. All the grownups came running to see what all the commotion was. Mom spied her broken zinnias first thing and consequently, was not overly concerned about Tommy's welfare. In fact, for a while it seemed as though she would have rather seen him broken than her flowers.

His pride was injured more than anything, but he bragged to everyone that he could have done it if the still hadn't broken. He never tried it again, though.

benefits were paid to jobless Texans last month.

Texas Animal Health Commission declined to change state regulations to comply with new

federal standards for control of brucellosis in cattle herds.

Despite what "they say" clothes do not make the man.

Getting along amicably in life is largely a problem of getting along with people just about as good as you are.

### Pride

Heredity is something you believe in when your child's report card is all A's.

Tribune, Chicago

poses and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the FINANCE PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection(c), which becomes effective January 1, 1979.

### PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitu-

tional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective on September 1, 1976.

### PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage

in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to contribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident

access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

### PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

## New Youth Center Planned In Shallowater

The youth of the Shallowater First Baptist Church are currently working on a new Youth Center for area youth. The facility will be located at 910 8th Street, across the street from the First Baptist Church.

Plans for the center include plenty of games and activities for area youths. The young people hope to finish their project close to the end of this month. Saturdays have been set aside by the youth for working on the new center.

When completed the center will be supervised by adults from the First Baptist Church.

## Rehearsal Dinner Held Friday

Mr. and Mrs. M.F. Truelock of Shallowater will host a rehearsal dinner Friday night, September 19th at the Gridiron Restaurant in Lubbock, for the wedding party of Karinne Morrow and Sam Truelock.

The couple will be married Saturday, September 20th at the Elgin Avenue Baptist Church in Lubbock.

Special guests were Mr. and Mrs. Homer L. Morrow, and Mrs. J.E. Leslie of Lubbock, parents and grandmother of the bride-elect.

## Shallowater Riding Club News

A meeting of the Shallowater Riding Club was held Monday evening in the Community Room of the First State Bank of Shallowater. Officers were elected as follows: President, Howard Beasley (832-4786); Vice President, Bobby Judah (873-3594); Secretary-Treasurer, Burnis Penny (832-4587); Reporter, Diana Perser (873-3582).

Anyone interested in becoming a charter member is invited to attend the next meeting, Monday, September 22, at 8:00 p.m. in the Community Room of the First State Bank or contact any officer. Anyone interested in riding in the Grand Entry at the Tech Rodeo, contact Diana Perser after 6:30 p.m.

## Shallowater Study Club Meets

The Shallowater Study Club met September 16 at 2 p.m. in the home of Mrs. J.U. Cone. There were 17 members present answering the roll call to "Why I Like Living in Shallowater." Most members stated the love for one another in Shallowater and the concern for each other in time of need.

Mrs. Wayne Oliver was elected president of the club, and a nominating committee was formed to select names for vice president, which will be presented at the October 7th meeting.

A motion was made, and carried, to change the meeting time from 2 p.m. to 1:30 p.m.

Mrs. H.G. Preston presented the program on the history of Shallowater. Many interesting facts were given about the founding of Shallowater.

The meeting was adjourned and refreshments were served. There was one guest present, Mrs. L.E. McMenamy.

The next meeting will be October 7th at 1:30 p.m. in the home of Mrs. H.G. Preston.

## Shower Honors Karinne Morrow

A Spice and Rice Shower, honoring Karinne Morrow, bride elect of Sam Truelock, was held Monday, September 15th from 7:00 to 9:30 p.m. in the home of Mrs. Walter Johnson, Sr., 5415 45th St., Lubbock.

Hostesses were Mrs. Frank Gregg, Mrs. Walter Johnson, Jr., and Mrs. Fred McPherson. Honored guests were Mrs. M.F. Truelock, mother of the future groom; Mrs. Homer Morrow, the bride-elect's mother; and Mrs. J.E. Leslie, Miss Morrow's grandmother.

The hostess gift was a cookbook. 14 guests were served refreshments.

## Father of Local Resident Dies

Services for Artie Chester Yandell, 53, of Olton, were held at 10:30 a.m. Sunday in the Hopewell Baptist Church in Olton with the Rev. Sherman Lawson, pastor, and the Rev. Wayne Sistrunk, Baptist minister from Hart Camp, officiating.

Burial was in the Olton Cemetery under the direction of Parsons Funeral Home of Olton.

Yandell was killed about 7:40 a.m. Wednesday in a two car accident one mile east of Olton on U.S. 70.

Yandell had lived in the Olton area for 21 years. A former resident of Arkansas, he was born in McAlister, Okla. He was a farmer.

Survivors include his wife, Jessie; two daughters, Mrs. Cheryl Smith of Atlanta, Ga., and Mrs. Joyce Schwab of Shallowater; two sons, Ronnie of Canyon and Bruce, serving with the U.S. Army in Frankfurt, Germany; his mother, Mrs. Gustie Yandell of Waldron, Ark.; three sisters, Mrs. Bertha Lunsford of Orosi, Calif., Mrs. Vida Stearman of Waldron, Ark., and Mrs. Molly Frazier of Waldron, Ark.; two brothers, Claudia Ray of Waldron, Ark., and Grady of Oro Grande, Calif.; and four grandchildren.

Extension office. Deadline for entries is Sept. 24.

**Still Time for High Quality Hay**

Unfavorable weather conditions along with a lack of fertilizer usage resulted in hay of borderline quality in some areas of Texas this year. But a forage specialist for the Texas Agricultural Extension Service says there is still time to produce high quality hay for the coming winter season.

"Fertilizer and rainfall combine to produce top quality hay, and this past season limited fertilizer supplies and varying rainfall amounts produced poor quality hay in some locations," points out Dr. Neal Pratt. "Rainfall was excessive in a number of areas, and cool, cloudy weather further reduced forage growth where plant nutrients were inadequate.

"However, the fall season is usually a good time for producing high quality hay because rainfall is generally adequate over much of the state during September and October. Also, fertilizer supplies have increased and should be more accessible to producers this

fall than in previous months," notes the Texas A&M University System specialist.

"Hay producers who need good quality hay should apply adequate amounts of nitrogen and plan to harvest the hay at the proper stage of growth," emphasizes Pratt.

In addition to having top quality hay on hand for the winter feeding season, another incentive for producing quality hay is the upcoming State Hay Show. The show will be held on Oct. 14 at the Harold Green Farm east of Austin on Farm-to-Market Road 973. Local county extension agents can assist producers in submitting entries to the Travis County

## Senior Spotlight

by Geree Green

This week our two senior spots are Kelly Blackmon and Sue Wall.

Kelly Blackmon, the daughter of Mr. and Mrs. Glenn B. Blackmon, was born on June 11, 1958, which makes her a Gemini. Kelly is involved in F.H.A., F.T.A. and is one of the flag carriers in the band. When Kelly is not carrying the flag, she is playing her flute, which she does rather well. Kelly says her favorite food is Italian food which goes to show Kelly is an All-American girl. After graduation Kelly plans to attend South Plains Junior College and major in elementary education.

Sue Wall, a 17-year-old Leo, and the daughter of Mr. and Mrs. George Wall, comments that she is enjoying her "last" year of school. Sue is active in F.H.A., F.T.A., pep squad and is on the newspaper staff. Sue has busied herself in plenty of business courses this year. After graduation, she plans to get her degree as a legal secretary or maybe even a full-fledged lawyer. When asked what her favorite food is, Sue said enthusiastically, "bananas". Especially banana-nut cake and banana-nut ice cream.

## F.H.A. Underway

by Anita Alvarado

On September 8, 1975, the first monthly meeting of the Future Homemakers of America was held. The first Monday of every month will be their regular meeting at 7:30 p.m.

Major items of discussion at the meeting were money making projects and the things the girls could enter in the fair.

The Chapter parents are Mr. and Mrs. Melvin Terry; Mr. and Mrs. Leroy Grawunder; Mr. and Mrs. Andy Vileta. The Chapter parents will be invited to the banquets, meetings, and asked to help with club projects.

Tuesday, September 9, three girls and Mrs. Harrison went to Hale Center for an F.H.A. instructional meeting. The three girls were Susie DeAnda, Gloria Lara, and Claudett Lamb. This

instruction was to see how we could improve our F.H.A. Chapter.

Many different activities are being planned to make this year a good one in F.H.A.

## Spirited Pep Rally

by Laura Walker

The Mustang Band proudly marched into the gym last Friday to display their spirit while the student body chanted to the drum cadence. Spirited elementary, junior high, and senior high students certainly did their part in making the pep rally a success.

Chet Webb, speaker for the team, said the students had really given the team support and had showed them enthusiasm. He exclaimed that the team was very excited about the game at Hart and hoped everyone would come.

A short skit was presented by the "mousekettered" cheerleaders and the five twirlers performed to the tune of "Glory Road". The pep rally was ended as everyone sang the school song while the band played it. Exiting to the powerful sound of the Fight Song, the coaches, managers, and players were off to play the Longhorns.

## National Honor Society Meets

The National Honor Society had their first meeting of the year Monday, September 8, 1975. Kim Young presided and called the meeting to order.

Our honored guest for the evening was Mr. Beryl Harris, high school principal. He told the members what a privilege and honor it was to be in NHS. We appreciated his interest in the Society.

The NHS has started off on the right foot. Programs for the year were planned. A Christmas party for the kindergarten, a tour through the museum at Briercroft Savings and Loan, and symphonies and plays were suggested for programs.

Before the meeting was adjourned, a new vice president was elected. George Parsley will fill the office. Beverly Pair is our new historian.

The meeting was adjourned, and the officers served refreshments.

## Important Date

by Caran Conner

September 19, 1975, the Second Annula Shallowater Mustang's Homecoming. Wow, that date is loaded, and think of all the old friends you'll see (all look older than you, right?).

You can start off the Homecoming Day at 2:30 by attending the Pep Rally in the high school gym. That could take a lot of energy, so you can rest until 5:00. At that time all exes will meet in the cafeteria (I'm sure you remember where that is) to register, and if you're hungry, the Band Boosters will serve supper for \$2.00. Everyone can visit and drink coffee until 7:00 p.m.; when all exes will meet in the auditorium for a business meeting.

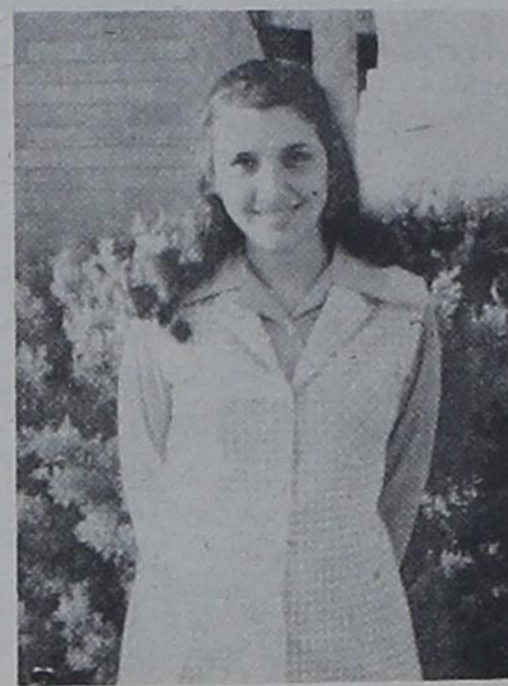

The big homecoming game

against the hated New Deal Lions will start at 8 p.m., and everyone will want to attend this, right? During half-time be sure not to leave because that's when we will crown the 1975 Homecoming Queen (very tense moment).

After you've seen the Mustang's victory you can meet for pie and coffee in the cafeteria, and say good-byes until the Third Annual Shallowater Mustang Homecoming rolls around.

It's really going to be an exciting day. We need everyone to attend so it will be a really GREAT Homecoming.

## Teacher Spotlight

by Geniese Grawunder

Miss Gennaway is one of the busiest teachers in Shallowater High school. She teaches Freshman English, Spanish and Typing I. In addition to these teaching responsibilities, Miss Gennaway also sponsors the SOS Pep Squad, the Freshman Class, and the UIL One Act Play.

Miss Gennaway attended high school in Corpus Christi. She attended Cyprus College in California and graduated from Texas Tech University with a Bachelor of Arts in English and Spanish. Miss Gennaway taught at McKenzie Junior High in Lubbock before coming to Shallowater High.

The students and faculty at Shallowater High are glad to have Miss Gennaway among our ranks.

## Shallowater Elementary School Bicentennial Plans Announced

The students and teachers of Shallowater Elementary School will celebrate America's Bicentennial Year with many and varied activities.

It is the teacher's hope and desire that students will learn of and catch some of the excitement of America's search for independence and the hard work, but great satisfaction of pioneering and settling of Texas and other frontier areas.

Kindergarten classes will be involved in drawing pictures, having puppet shows and plays about historical events and American heroes.

The first grade classes will have floats based on a patriotic theme in the Lion's Club Harvest Festival Parade on October 19, 1975. The students will prepare costumes and learn patriotic songs for the event. Also, the first graders will have a Thanksgiving tasting "feast" while studying a unit on the Pilgrims.

One of the second grade classes will enter a float in the Harvest Festival Parade with a patriotic theme. During the year they will be learning songs and plays about the men who made America great.

Another second grade class will devote their art and music classes

to the songs, poems, and famous sayings of our country.

Both third grade classes are planning to have floats in the Lions Club Parade. One of the classes will ask some of the ladies of the community to help them make a quilt as the pioneer ladies did, with the students learning and doing some of the work.

Fourth graders will concentrate on learning activities related to the 50 states, their people, and products. Also, homes, clothing, games, food and education of our early settlers will be studied.

The fifth grade classes will have a float in the parade depicting a historical event. The early history of Shallowater will be studied and plays and art projects will be presented to the school and community.

Sixth graders have asked for leadership roles in the school. They will conduct opening exercises each morning by playing patriotic songs on the school public address system and leading the school in other activities.

Learning activities in each of the elementary curriculum courses will be directed toward American history, heroes, and rights and responsibilities of citizens of the United States of America.

Shallowater hopes of a victory was lost as a last pass was intercepted. Final score, Hart 27 and Shallowater 16. It was a hard fought game.

This Friday is the homecoming game against New Deal. We would like as many supporters as possible to boost the Shallowater Mustangs to victory.

## Hard Fought Game Friday

by Chris Hutchings

As the Shallowater Mustangs came out on the Hart football field, it was a cold, rainy evening. Players ran up and down the sidelines to keep warm.

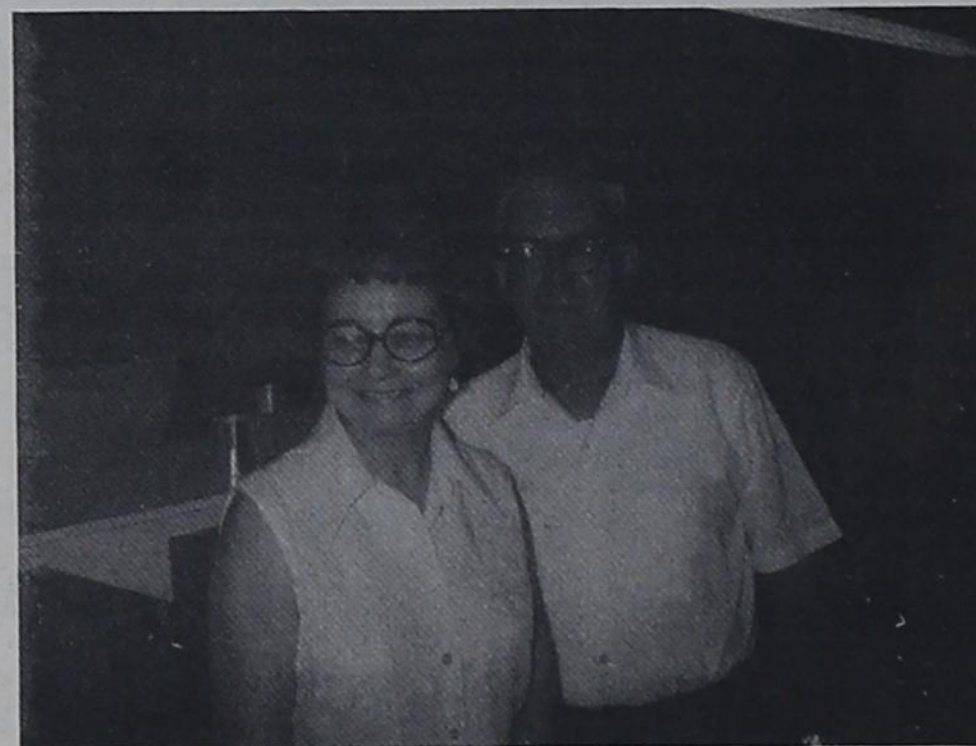

It was a hard hitting first half. Many times each team came close to a score. At the end of the half, it was Hart 8, Shallowater 0.

The second half was one of the toughest, with Hart capitalizing on the low morale of the Mustangs. A third quarter score of 20-0 showed the results. But in the fourth quarter the Mighty Mustangs began to tick. In time, the score board showed 20-16. With little time remaining,

## NOTICE

School will not be dismissed early for the Fair. The regular schedules will be followed.

## We Salute Vera and Doyle Mosby . . .

Vera and Doyle Mosby, owners and operators of Vera's Automatic Laundry, have been operating the business in Shallowater for almost five years. The Mosby's offer a complete automatic laundry service with twenty-four washing machines and eight dryers.

Vera and Doyle have been married for sixteen years and have two daughters. Doyle is a member of the Shallowater City Council and is a strong believer in the growth potential of Shallowater.

Vera and Doyle Mosby - another good reason that Shallowater's commerce continues to grow.

doing our part to build a better community through local commerce
