A hard fought Valley-McClean football game resulted in a McLean victory Friday night.

Valley Loses To #3 Ranked McLean In Hard Fought Game

A strong effort by the Valley Patriots could not get them by the #3 ranked McLean Tigers at Patriot Field Friday night.

Valley hit the scoreboard first on a 31 TD run by Clay Edwards. The kick by Chad Calvert was good, giving Valley an 8-0 lead. McLean marched in on its first possession to close the lead to 2 with a 6 yard TD run by Tuffy Sanders. The kick was no good.

Valley proved they could move the football as Bradley Price hit Edward on a busted play for a one yard TD and a 14-6 lead after one quarter, McLean

showed why they are ranked #3 in the state as they produced 2 TD's in the second period. An 8 yard TD run by Tanner Hess

and a 4 yard TD run by Tuffy Sanders left the half time score 22-14 McLean.

After a quick 33 yard run by Sanders, Valley was down 28-14. On the kick off, Edwards went down the side line 78 yards for a TD. The kick was good as Valley trailed by 6.

McLean then increased their lead with a 4 yard TD run by Dennis Hill which made the score 22-35.

Valley came back with a 1 yard run by Kirk Garner to make the score 28-35. The TD was set up by a great catch by Chad Powell on a 24 yard pass from Price.

Valley had one last chance for the win but a fumble on

McLean's 28 yard line ended the drive.

"The boys played a great game. Our defense played tough all night. Bradley Price had 15

tackles, Jason Smith 17, Cory Pointer 19, Chad Powell 12, Ron Brittin 14, Chad Calvert had 5 solo tackles. Smith had 1 fumble recovery and Price blocked 1 extra point. If we keep up this

kind of effort we'll have a good chance of beating Harrold there Friday. They are very big and it will take a great defensive effort if Valley comes home a winner. Kick-off time is 7:30 p.m.

Valley JV travels to Lazbuddie on the 11th at 6:30 p.m. and the Juniro High travels to Guthrie Thursday, kick off time 5 p.m.

THEN and NOW!

by Eunice McFall

All of us have stress in our lives. In fact we need a certain amount of stress for us to operate efficiently but all too often we generate an overload of stress. This is bad not only for our bodies but also for our mind, our friendships, and our families.

How we get there can show us some of the ways to cut out some of the bad stress. Mostly our overload of stress comes from mismanagement of our lives--too much time wasted on non-essential jobs, the inability to say NO, trying to accomplish more than is humanly possible, no priorities or the wrong priorities, CLUTTER, lack of self-discipline, no objectives, and procrastination.

Any or all of these will add much to an already stressful life. The more you procrastinate, the farther behind you get and so up builds the stress. Being one of the world's worst clutter-bugs, I can honestly say that this too puts unwanted stress in lives--Because the one item you need is always the one you can't find--time wasted hunting the item raises the stress level, the blood pressure and the temper all at once--NOT GOOD for any of us!

If we could just learn to say no when we really do not have the time to do a job right or just really could care less if the job is done, we would be making our lives a bit simpler and taking away a lot of stress and guilt feelings.

If we could just put our priorities in order, discipline ourselves, get rid of the clutter--not only "things" but excess mental "baggage", and say no to non-important jobs, in other words--Change our life style to a slower more productive pace--our stress level should improve.

Would love to give it a try--How about YOU?

A new project has been taken on by the people of Quitaque. Spearheaded by the churches, it will be a very rewarding project. For information on how you can make this project a success, call the pastor of your church or any of the ladies. Cookies, candy, crackers, pretzels, etc. are being prepared to send to the troops in Saudi Arabia. There is a deadline so lets get cooking!

Valley JV Has Big 46-0 Win

by Coach Browning
Valley JV-46, Lefors-0- we scored on our first play from scrimmage on a 47 yard run, which was just the start of a dominant night by the Valley JV. Offensively we scored 5 touchdowns in the first quarter to lead 34 to 0. We had 5 different players to score, 4 rushing and 1 passing. We rushed for 142 yards on 14 carries and 99 yards passing. Our line did an excellent job blocking and the backs ran hard and did an outstanding job carrying out their fakes on play action passes.

Defensively we had an excellent night scoring a safety and forcing 4 fumbles. Two of the fumbles were recovered inside the Lefors 5 yard line. We showed a lot of fire on defense with all our players swarming to the ball. Playing good defense allowed us to end the game early in the 3rd quarter. We played with the enthusiasm that had been missing the last couple of weeks.

We play Lazbuddie's JV Thursday October 11 at 6:30 at Lazbuddie.

Overseas Mail-Deadlines Near

With the first overseas mailing deadlines fast approaching, Postmasters Janice Timmons and Jarrell Rice are asking Turkey and Quitaque residents for a little extra help this year in making sure that holiday mail sent to military and international destinations arrives on time.

"We would like you to mail well before the overseas holiday deadlines this year to give us extra time to arrange transportations," say Timmons and Rice.

"Last minute overseas mailing will add an even greater burden. Mailing early will give us extra time to arrange transportations, and the leeway will be especially welcome this year."

The Postal Service issues holiday mailing deadlines every year for letters and parcels headed overseas (see chart).

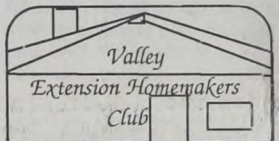

Surface and air mailing deadlines for military personnel stationed abroad generally range from mid-October through November, according to Timmons and Rice.

"We work in cooperation with the armed services to make sure that all mail arrives on time," say the postal officials. "Mail and morale go hand in hand, but this is especially true during the holidays."

"This year, we would really appreciate receiving mail for service men and women a week or more in advance of the deadline, to give us extra time to arrange transportation."

All military personnel stationed abroad will benefit from early mailing, not just those in the Middle East. He encourages mailers to call their local post office about various countries' mailing restrictions and customs requirements.

Outbound surface mail to the Middle East for the Military must be mailed by Nov. 3. If sent by Outbound Air Mail latest mailing dates are Nov. 16 for packages and Nov. 26 for letters. By Parcel Airlift Mail, Nov. 10 and by Space Available Mail, Nov. 3 is last date.

Briscoe Programs Being Discussed

The Executive Board of the Extension Program Council met Friday, October 5 at the First National Bank in Quitaque. Coming programs in Briscoe County were discussed.

The Texas Agricultural Extension Service conducts educational programs to serve everyone. It has been determined that economic development is a priority for Briscoe County residents. A program will be offered in 1991 on a topic related to economic development after specific needs are identified.

The Extension Service will conduct an Extension Information program for the Quitaque Chamber of Commerce in December.

It was decided to operate an information booth at the Briscoe County Livestock Show to acquaint county residents with services available to them through the Extension office. The Extension Program Council annual meeting will be held January 28 in Quitaque.

TAAS Test October 16, 18

For the past five years the Texas Educational Assessment of Minimum Skills (TEAMS) has measured minimum basic skills in mathematics, reading, and writing for students in Grade 3, 5, 7, 9, and 11 (EXIT). Beginning in October, 1990 a new testing program, the Texas Assessment of Academic Skills (TAAS) will be implemented. The TAAS program measures a broader range of essential elements than the TEAMS program. It also addresses the academic goals of the 1990s, which stress the importance of teaching students higher-order thinking skills.

begin its TAAS testing on October 16th and will continue through October 18th. The writing section of the test will be given on October 16th, reading on October 17th, and math on October 18th. Students who are absent will not be allowed to make up the test; therefore, it is essential that parents encourage their children to attend school. Students are also encouraged to perform their best on these tests.

Remember TAAS testing begins October 16th at 8:30 a.m. and will continue through October 18th.

Members of the Hall County Centennial Committee met October 1, 1990 where Bobbie Pate chairman of the "time capsule" committee reported on its progress.

All the schools in the county have been visited and the pupils encouraged to write a paper concerning their thoughts of conditions (50) years in the future. Papers will be judged and prizes awarded to each grade level. Winning entries will be placed in the time capsule to be opened in the year 2040.

Nicki Eddleman extended an invitation to the members of the committee for a covered dish dinner at her home which will be held December 15, 1990.

Those present were reminded of the October 13 chili supper in Estelline beginning at 6:30 p.m. Those attending may wish to bring lawn chairs to use during the entertainment.

A plaque in appreciation for time and effort given to Hall County was presented to Billy D. Bowman who has served as president of the Hall County picnic association during this centennial year. Bowman has also served as a dedicated member of the centennial committee.

As another milestone concerning the centennial year, a committee has been at work on planting a tree in each of the communities. Lee M. Robertson was named as overall chairman. Byron Young of Turkey, Brad Byars of Lakeview, Gaylon Clark of Memphis and Danny Davidson of Estelline are also serving on this committee.

The next meeting of this committee will be held in Lakeview at the Fellowship Hall on November 5, 1990 at 7:30 p.m.
