Valley Patriots Clinch North Zone Championship

The Valley Patriots sewed up the District 2-1A Zone Championship Friday night in football competition with Vega when they took a 26-9 win.

This brings Valley's record to 8-1 for the season and 6-0 for Zone play.

After a scoreless first quarter, Valley took a halftime lead on a 40-yard scoring pass from quarterback Kraig Cox to Tommy Williams with just FOUR SECONDS left in the half. (This is getting to be a habit with the Patriots and it is spectacular to the fans.)

Vega took a 9-7 lead in the third period on a 32-yard pass and a field goal, but Valley came back with its explosive action for 19 points in the last quarter to take the win as Ricky Jeeter sprinted 22 yards to score with Cox going in from five yards out for another touchdown. Williams went in from eight yards out for the final TD.

Valley had 15 first downs to Vega's five; Valley rushed for 184 yards and passed for 78 yards, while Vega rushed for 103 yards and made 63 yards on

aerials.

In the Amarillo Daily Panhandle-area high school football standings, Valley is shown with eight wins, one loss, 241 yards rushing and 26 yards allowed.

Coach Giddens stated, "We came out very flat, but showed some character in the fourth quarter.

"Kraig Cox had another great game, offensively and defensively.

"Tommy Williams showed signs of being healthy. He sparked us with two great runs.

"Chuck Martin played well at

linebacker, replacing Keith Beavers who was out due to injury.

"Walt Rice has played extremely well all year. I've moved Walt up and down the line this year. I think he has played nearly every position with the exception of end position. He is to be commended on his super effort.

"Ricky Jeeter made a clutch catch for us in the end zone. He is playing with a sore ankle.

"Tim Clardy is unquestionably the biggest surprise we have had this year. Tim came to PLAY. He is averaging over 100 yards a game and that includes just a four-yard game the first week of play.

"We will play the Zone playoff game the week of November 11.

Tory Giddens Has Bone Surgery In Fort Worth

Tory Giddens, three-year-old son of Coach and Mrs. Ted Giddens, underwent a bone graft at the Children's Hospital in Fort Worth Tuesday of last week. The bone was taken from his hip.

The Giddens report the doctors say his surgery went fine and they are very hopeful. He is home and recuperating well, his mother reports. He is in a body cast again. He has spent a great part of his life in a body cast.

The Valley Tribune and the entire area wish the very best for Tory and may he be well soon.

Laity Sunday Observed By Turkey Church

Laity Sunday was observed at the Turkey United Methodist Church on October 30. Mike Hinkson brought the morning message. Others taking part in the services were Keith Green and Gene Fuston.

The pastor, Rev. W. L. Armstrong, and his wife, Faye, were in New Mexico on a mission speaking tour. They each spoke at two services on Sunday morning and had other engagements at several places the first of the week.

Mr. and Mrs. D. W. Baca of Iowa visited her parents, Mr. and Mrs. W. W. Woods, in Quitaque over the weekend.

We will play the loser of the Sundown-Anton game."

Congratulations to Coach Giddens and the Valley Patriots from the Valley Tribune and the area football fans for a job well done. Let's go all the way!

November 8 Is Election Day

The Valley Tribune ran a full page of the eleven amendments in last week's newspaper for the readers' benefit. The proposition is stated and underneath each one, is the form in which it will be presented on the ballot.

These amendments affect each one of us and if you have not taken time to study them, it will be wise to do so before Tuesday of next week.

The first amendment may cause Briscoe County to have only ONE Justice of the Peace if it passes and that will cause a lot of inconvenience. Some of the other amendments may not be feasible to our area, yet will affect us in an adverse way. Just study each one, then decide how to vote as the amendment will be stated on the ballot.

JUST VOTE!

Quitaque Senior Citizens Have Good Turnout

The Quitaque Senior Citizens Association would like to express appreciation to the people who helped to make the Box Supper a success. Kenneth Helms did a superb job of auctioneering the boxes. (From nine boxes and one cake, a total sum of \$240.00 was collected. The Association feels that Kenneth played a big part in collecting this amount.)

Benny Brown and his band made music for the crowd and it was reported to be thoroughly enjoyed by all attending. The square dance team, made up of local people and two visiting couples, put on a great show. All of this was done at no charge to help the Senior Citizens and it is very much appreciated.

Some of the merchants who were unable to attend made donations. The total to date is \$270.00. Thanks to the merchants, too.

The Senior Citizens enjoyed it so much they are planning to do it again at some future date.

Mr. and Mrs. Eddie Owens and Kami of Plainview spent Sunday visiting his mother, Mrs. Gaston Owens. In the afternoon, they drove out to Caprock Canyons State Park and Eddie took a lot of pictures. The hazy lowering of the clouds made a beautiful background for the coloring of the leaves.

Eudy Is New State Director Of Vo-Agriculture

Jay Eudy, formerly of Turkey and Plainview, is the new State Director of Vocational Agriculture. He was, until recently, a District Supervisor with headquarters in Plainview, with 26 counties and 93 schools to supervise. There are 12 such districts in the state, according to the Tribune's information.

Mr. Eudy, a former mayor of Turkey, was born and reared in Turkey and is a graduate of Texas Tech. (It is reported that he is the only non-Aggie ever to have held the office of State Director.) He taught Vo-Ag for many years in the Turkey and Valley Schools.

His new duties will consist of much traveling, but travel will be mostly by plane instead of car as he is scheduled to attend many national meetings. His wife, the former Barbara Blume, also a Turkey native and former teacher in the Turkey and Valley Schools, will remain in Plainview at least until the end of the semester as she has a teaching position there.

Jay is a brother of Lewis and Tom Eudy of Turkey and the son-in-law of Mrs. Mayme Blume. Congratulations, Jay and Barbara!

FmHA Helped 2,465 Texas Families

The Farmers Home Administration (FmHA) made 2,465 mortgage loans to Texas families in fiscal year 1983 that ended September 30, 1983. FmHA State Director J. Lynn Futch announced recently that FmHA is a credit agency of the U. S. Department of Agriculture. It provides loan assistance to farmers and other rural residents who need credit but who cannot get it from private banks or other lending institutions. The loans are to be repaid in full, plus interest, to the U. S. Government. FmHA has more than 2,000 field offices throughout the country with 137 in Texas.

Preliminary figures show that

nationally the Agency provided more than 60,000 loans to families across the country who were without safe, decent and sanitary housing. Another 20,000 families were afforded an opportunity at better housing through 1,000 loans that financed rental housing construction.

The total amount of FmHA housing loans for the fiscal year was \$2.6 billion. In Texas, FmHA provided 2,465 single family home loans totalling \$71,740,660, Futch said. Forty-two rental housing loans totalling 1,350 units were made for \$35,625,520. Total housing loans for the year amounted to \$107,366,180.

**FAMILY BUDGET BUILDS
FINANCIAL SECURITY**

Many people think living on a budget is like going on a starvation diet, but a budget is simply a financial plan that enables families to achieve financial security and reach their goals, says a home economist with the Texas A&M University Agricultural Extension Service. Actually, a budget is more like a road map for charting where you want to go than a spending diet.

One of the best things about the budget process is that it gives families the chance to discuss and establish long-term and short-term financial goals. Goals like obtaining financial security or saving for Christmas gifts, a downpayment, a new car or college tuition can be achieved by small actions over a long period of time. But families must plan their financial actions to achieve these goals.

AG ENERGY OUTLOOK

At a time when even the slightest hint of good news for agriculture has a major impact, farmers should be pleased with the energy outlook for the year ahead.

If projections hold true, farmers should face steady energy supplies at lower costs in 1984, says an economist with the Texas Agricultural Extension Service, Texas A&M University System.

Gasoline prices should drift as much as four percent below the 1983 average, diesel fuel should dip up to six percent, and electricity prices could decline about two percent.

However, LP gas is not expected to drop in price but should increase no more than five percent while natural gas prices will likely increase six to nine percent.

Bill Mayfield of Panhandle spent Sunday visiting his parents, Mr. and Mrs. Jim Mayfield, in Quitaque.

Mr. and Mrs. James Fuston and Mr. and Mrs. Rickey Fuston met their children, Lana Fuston and Rickey Fuston of Lubbock and Randy Fuston of Canyon, in Plainview Friday night to see the ballgame between Lubbock Monterey and Plainview. Steve George, son of Mr. and Mrs. Jerry Don George, is the quarterback for the Plainview team. After the game, the group gathered at the George home for snacks and visiting.

Carol Weatherly and son, Jess, and daughter, Lynn and Wiley Davis, all of Memphis, and Janis Payne and daughter, Jana, of Plainview, visited Mrs. Goldie Russell and Mr. and Mrs. E. L. Hill during the weekend.

THURSDAY, NOVEMBER 3, 1983

Mrs. Delila McFall was delightfully surprised recently when a vehicle drove up to her door and a man started getting out. She says she thought "that can't be" but it was her brother whom she had not seen in 13 years. It was Mr. and Mrs. Audene Courington of Pensacola, Florida. They spent the night

with her and were going from here to Albuquerque, New Mexico to visit another brother whom he had not seen in 13 years.

Mrs. Fannie Mae Lokey visited Mr. and Mrs. Charlie Grundy and other relatives and friends in Quitaque over the weekend.

FmHA Assisted 6,700 Farmers In 1983

The Farmers Home Administration (FmHA) provided loans to 6,700 Texas farmers in fiscal year 1983 which ended on September 30, 1983. FmHA State Director J. Lynn Futch announced.

FmHA is a credit agency of the U. S. Department of Agriculture. It provides loan assistance to farmers who need credit but cannot get it from a private bank or other lending institution. The loans are to be repaid in full, plus interest, to the U. S. Government. FmHA has over 2,000 field offices throughout the country with 137 offices in Texas.

Early, preliminary figures show that nationally the Agency provided about 75,000 loans to farmers across the country. The total amount loaned through FmHA farmer programs was approximately \$1 billion.

The breakdown of farmer program preliminary totals show that Texas FmHA provided 4,790 farm operating loans for \$174,140,000; 220 farm ownership loans for \$18,902,000; 1,580 natural disaster emergency loans for \$68,637,000 and 27 soil and water loans for \$325,000 for a total of 6,617 loans for \$262,024,000. "Some farmers received more than one type of loan," Futch said.
