### Jon D. Davidson, Local Educator Receives Award

Jon D. Davidson, Principal from Valley High School, received the Ten Year Service Award at the Vocational Agriculture Teachers Association of Texas Annual Awards Program, August 4, 1993 at the DFW Hyatt Regency Hotel.

Davidson received a gold pin to commemorate this anniversary. The Association presents tenure awards based on number of years teaching Agriculture Science and Technology while also being a member of the Association.

The Vocational Agriculture Teachers Association of Texas represents Agricultural Science and Technology teachers throughout Texas and has over 1,200 members.

Countless students have benefitted from the experience and dedication of Davidson and will continue to do so as he continues his career at Valley.

## THEN & NOW!

by Eunice McFall

This week I want to reprint an article that I read that John Luther wrote on life. He says the following:

This life is not always a garden of roses. We all have bitter disappointments, especially when we expect too much, too easily. Bitter disappointments happen to everybody, sooner or later, one way or another. The big difference lies in how we accept them. It is still possible to be happy about some things, and to reflect a cheerful attitude, regardless of personal difficulties.

How do we know? Because we've seen so many wonderful, courageous people do it. One of the most pleasant, delightful people we know has suffered a twenty-year bout with cancer. Instead of telling the world about her troubles, she gives everyone a delightful smile and takes a keen and sympathetic interest in their problems. Her own problems she never mentions.

One of the most pleasant men we've ever known has worn a heavy brace on one leg since the age of nine. At times it must be a painful, heavy burden, but you'd never guess it. He grins, passes it off, and concentrates on more cheerful things.

How can people have the courage (and good sense) to do this? I don't know, but the fact is that they do. Their courage makes them feel better about life, and makes their company a blessing to everyone they meet.

It's so important to have the courage to be cheerful, to find things to be happy about and grateful for, regardless of the bad news fate occasionally serves up. Cheerfulness is your gift to the world. If some of the people who carry the heaviest problems can still manage to be cheerful about it, what excuse is there for the rest of us to be down in the dumps?

Are you a boss? Do you have people working for you? If so, the nicest thing you can do for them is to be cheerful and pleasant about your relationship. It's also an approach that will win you the best possible results. A long face and dour mien will never be as effective in dealing with people as a cheerful smile.

It has been said that problems are nothing but wake-up calls for creativity. So when those problems come calling, let's get busy and be very creative and combat the problem!

## Caprock Public Library News

by Arlene Hinkle

An awards party for the participants of the Summer Reading Program was held in Caprock Public Library on Tuesday, August 17. Cody Barrett was Most Eager Reader with 45 books to his credit. J. P. Myers was High Reader for K-1st; Ava Jo Sargent and Katherine Myers tied for 2nd-3rd High Reader; and Amber Stark was High Reader for 4th-up. All High Readers were presented with a Special Reading T-shirt.

Other participants who received a certificate for reading at least 10 books were Crystle Clinton, Randa McBee, Lauren Sargent and Amanda and Michael Mullins. We are very proud of these students and are looking forward to Summer Reading for 1993-1994.

New books include: *Vanishing* by Daniel Steele and *The Streets of Laredo* by Larry McMurry. For Juveniles: *The Journey Home* by Isabelle Holland, two young orphan girls are sent from the slums of New York to the newly settled West; *Orp and The Chop Suey Burgers* by Susy Kline, tempted by a trip to Disney World, Orp enters a cooking contest and to his surprise becomes famous.

## Six Flags Trip Sponsored by Fire Department

Due to lack of ticket sales the Quitaque Volunteer Fire Department has extended the drawing for the trip to Six Flags indefinitely until enough tickets are sold to pay for the trip.

Please look up one of your local Volunteer Firemen and purchase some tickets today.

Your support of this department is very important to the community as a whole. They need our support in their efforts to update their firefighting equipment.

## Briscoe Appraisal Board Discusses Values for '93

The Briscoe County Appraisal District Board of Directors met in regular session on Thursday, August 12, 1993.

Members present were L. B. Garvin Jr., Jimmy Burson, John Francis, and Tommy Burson. Carlye Fleming was also present.

In the financial report that Carlye gave she stated that the 1992 tax collections through the month of July were as follows:

Briscoe County, 97.0%  
Silverton I.S.D., 97.7%  
County Education District, 97.9%  
City of Silverton, 94.5%  
City of Quitaque, 95.1%  
Mackenzie Water Authority, 94.5%. This represents over-all 1992 tax collections of 97.1%

Certified values for 1993 were discussed. They are as follows: Briscoe County, appraised 1993 value, \$106,557,463 with \$75,944,383 taxable and a taxable value difference from 1992 of \$3,044,755; Silverton I.S.D., 1993 appraised value \$76,866,492 and taxable amount of \$51,905,112 with a difference from 1992 of \$1,468,926; City of Silverton, appraised 1993 value of \$12,953,371 and taxable value of \$12,947,371 and a difference from 1992 of \$677,049; City of Quitaque appraised value of \$8,567,361 and taxable 1993 value of \$8,557,361 with a difference from 1992 of \$287,586; and the Mackenzie Water Authority has a 1993 appraised value of \$12,953,371 with a taxable amount of \$12,947,371 making the value difference from 1992 of \$677,049.

## Ulreys Move To Wellington

The Rev. Steve Ulrey and his family, Julie, Danny, John and Sarah will be moving to Wellington by the first of September, is pastor to First United Methodist Church.

Rev. Ulrey has been the pastor of the Quitaque-Turkey Charge for the past 6 years having moved to Quitaque in August of 1987 from Hart. His first appointment in the Northwest Texas Conference was at Hart in 1984. Ulrey entered the ministry in 1971.

Steve will be replacing the Rev. John Baird who resigned the Wellington appointment in July. Baird plans to prepare for a ministry in counseling rather than the pastoral ministry.

Dr. Carlton Thomson of Lubbock has been appointed to the Quitaque-Turkey Charge. Dr. Thomson and his wife Waldeen will be in residence at Quitaque in September.

The Ulreys were honored on Sunday, August 22 with a reception at the First United Methodist Church in Quitaque. With Rev. Ulrey being quite active in community affairs many local residents as well as the members of the congregation of Quitaque gathered to wish the family the best of luck in their new home.

Rev. Ulrey was presented an award from the Chamber of Commerce by O.R. Stark.

Basic reasons for the decrease in values are loss of the Burlington Northern, decreasing value of the Red River Pipeline, normal depreciation and lower market values in some categories of property.

According to Carlye, estimated tax rates have been calculated for all taxing entities except Silverton I.S.D. She noted that by law the Estimated Tax Rate for schools cannot be published until after August 23. There is still a considerable amount of confusion across the state about the school's estimated and rollback rates.

Carlye stated that the 1992 unpaid tax accounts were turned over to the delinquent tax attorneys on July 1, 1992. Following is a comparison of 1992 and 1991 delinquent accounts on July 1st of each year: Briscoe County, 1992-\$12,561.80, 1991-\$14,319.79; Silverton I.S.D. - 1992-\$2,083.97, 1991-\$2,496.07; County Education District, 1992-\$8,013.35, 1991-\$6,928.83; City of Silverton, 1992-\$2,468.75, 1991-\$2,403.10; City of Quitaque, 1992-\$2,022.18, 1991-\$2,597.03; Mackenzie Water Authority, 1992-\$2059.22, 1991-\$2,101.87.

## 270 Students Enrolled In Kindergarten through 12th

by Rhonda Cochran  
The Valley School got off to a smooth start with 270 students enrolled in kindergarten through twelfth grades. The school day is beginning earlier than last year to increase the amount of time students will attend the tutorial class. It is anticipated that the academic progress of all students will improve resulting in higher grades at Valley.

Attendance is an important factor in determining the success or failure of school students. Realizing the importance of attendance, the Texas Legislature has enacted a law that makes truancy a Class C misdemeanor. A fine of up to \$500.00 can be levied against a student who has unexcused absences on 10 or more days in a six-month period or three or more days over a four-week period. The states compulsory attendance requirement applies to students in the first grade through age 17.

The new truancy law, enacted as a provision in Texas' new school finance package, doubles all fines for violating the states compulsory attendance requirements. Parents now can be fined from \$10.00 for a first offense and up to \$200.00 for subsequent offenses.

## 20th Printing Of Quitaque Calendar

## Sunday Reception For Elgin Conners

There will be a going away party for Elgin, Cathryn, Lori and Karyn Conner, Sunday August 29 from 2:00 p.m. to 4:00 p.m. at the Quitaque Community Center. Over the years the Conners have contributed a great deal to the welfare of our community and area.

Everyone is encouraged to come and wish the Conners well as they move to Lampasas where Elgin will be involved in full-time ministry at the Lampasas Church of Christ.

## Bob Wills Stamp

The Turkey Post office will be selling the Bob Wills Stamp on Monday, September 27, 1993.

Nashville, Tennessee will be the first place the commemorative stamp will be offered to the public. They will sell the stamp on Saturday, September 25th.

## Catholics Serve Mexican Food

The Quitaque Catholic Community will be offering Mexican food for sale on Saturday, August 28, 1993 at the Quitaque Catholic Center. Serving times are 11:00 a.m. to 2:00 p.m. and from 5:00 p.m. until 7:00 p.m.

Plates will have 3 enchiladas, beans, hot sauce, chips rice, tea and dessert. Also available will be tacos, burritos and chalupas.

## 911 Needs Update Will You Help?

The Quitaque Ambulance Service is urging all persons who have a phone prefix of 455 to update their 911 file. This can be done by dialing 911 and telling the dispatcher that you would like to verify information on your file, or by contacting Judy Barrett at 455-1189 after 4:00 p.m.

Keeping your 911 file updated with current addresses, list of persons who reside in your home, current ages, medical problems and medications is a very important part of your 911 system.

Judy recently received a copy of the 455 (Quitaque) 911 database file and of the 274 recorded listings only 54 were updated with current information.

The following items are some that you should check to see if your file is updated:

1. Have you ever registered with 911? GTE does not provide this information, it is up to the individual to report new phones.
2. Have you moved to a new location since you first received your phone?
3. New additions to your household.
4. Deceased family members.
5. New medications being taken, or changes in medications.
6. New medical problems that you are now being treated for.

If you fall under one or more of these, please contact 911 and get the current information entered into your file.

## Hill In Turkey On First And Third Thursdays

Panhandle Community Services has limited funds available to help with utility bills.

Robbie Hill is in Turkey on the first and third Thursdays of the month. She meets in the Bob Wills Center at 2:30 p.m.

## Quitaque Fire Department Hosts Dance

The Quitaque Volunteer Fire Department is sponsoring a dance on September 1, 1993 from 9:00 p.m. until 1:00 a.m. at the Quitaque Compress.

The Country Knights Band from Plainview will be playing for the dance.

An admission fee will be charged at the door. Proceeds from the dance will go towards the purchase of fire fighting equipment.

Please make plans to attend and support your local fire department.

### Letter to Editor

#### Dear Editor:

Thanks To Quitaque  
 I attended the 1993 Quitaque Homecoming this past weekend for the first time since I left Quitaque.

I would like to take this opportunity to personally congratulate everyone for the excellent job that was done in organizing all of the programs and events.

My class was the class of '47 and after visiting with many classmates at the lovely home of Bobbie Jack Ham and his wife, I visited several other homes. Everyone was so gracious about opening their lovely homes and extended such warm hospitality. I really enjoyed seeing so many old friends and acquaintances and remembering good times past.

The entire city of Quitaque and each and every citizen is to be commended for their hard work and community cooperation on a job very well down in maintaining such a neat, clean community, thus making my entire weekend an unforgettable experience.

The waltz developed from the Weller, a German peasant dance and the Laendler, an Austrian dance.

Dear Community of Quitaque,

It has been said that you can never go home again but, thanks to the many warm, caring folks of Quitaque, I know that I can go back every three years to revel in hugs and kisses from my friends who share my memories of small town life. In my heart there will always be the most precious memories of my childhood and my adolescence spent at my home sweet home and, although I've been blessed with a wonderful life and family of my own, nothing could ever replace my youth in my home town of Quitaque. Those of us who live elsewhere are so very fortunate to have others who share our love for our little piece of Texas who are willing and eager to make for us a Homecoming, and we can never adequately express our gratitude.

Of course, I look forward to each of our reunions and recall each for its uniqueness, but Reunion 1993 will naturally be recalled with tears of joy. How could I have ever dreamed this year I would be named as the homecoming queen.

May God Bless you all.  
 Margaret Graham Yarbrough

#### Dear Editor:

Please continue paper. Certainly want to read the one about the homecoming since we will be unable to attend this time.

## USDA AMS Prints New Handbook

by Shawn Wade

Tremendous changes in the way cotton is grown, graded and processed have occurred during the past ten years. According to Lubbock-based Plains Cotton Growers (PCG) the job of figuring out what some of these changes mean just got a little easier.

To help keep producers abreast of these changes the United States Department of Agriculture Agricultural Marketing Service (USDA AMS) has printed an updated version of its handbook titled "The Classification of Cotton". The new handbook details the authority of the USDA AMS Cotton Division, and explains the methods used to classify cotton and get that information back to the producer.

The subject of how cotton is classified also receives a thorough explanation. Sections are included detailing the quality factors determined by instrument evaluation and those which are determined by qualified classifiers. There is also an overview of the

quality control procedures used to insure accuracy in the classification system.

"Producers should find the new handbook very helpful," says Donald Johnson, PCG Executive Vice President. "Many producers are looking for a better understanding of how the classing system works and this handbook will provide many of the answers they want."

The "new" handbook updates a previous edition printed over ten years ago. Copies of the handbook are available on request.

## Confusion About Dove Bag Limits, Identification

Each fall some hunters get confused about daily bag and possession limits for mourning doves and other species. Hunters also should be aware of which species of dove they are hunting.

Ron George, deputy chief of the Texas Parks and Wildlife Department's wildlife branch, said a daily bag limit is defined as, "the maximum number of the indicated species that legally may be killed, taken or possessed during the permitted shooting hours in one calendar day."

A possession limit is defined as, "the maximum number of the indicated species permitted to be possessed by one person when lawfully taken in the United States," he said. "A possession limit of migratory game birds usually is twice the daily bag limit. A person cannot legally shoot a daily bag limit of doves in the morning, then go out in the afternoon and shoot more doves," he said.

### USDA To Conduct Pecan Referendum

Eligible pecan growers, grower-shellers and importers can vote October 4-6 on whether to continue the Pecan Promotion and Research Plan.

L.P. Massaro, acting administrator of the U.S. Department of Agriculture's Agricultural Marketing Service, said that to be eligible to vote, growers, grower-shellers and importers must have produced or imported pecans sometime from Sept. 1, 1991 through Aug. 31, 1993. For the plan to continue, it must be approved by a majority of those voting in the referendum.

Eligible growers, grower-shellers and importers must register Sept. 27-Oct. 1. Ballots will be distributed at the time of registration.

Growers and grower-shellers must register in person at local offices of USDA's Agricultural Stabilization and Conservation Service. Importers may either register in person at local ASCS offices or by writing to the Research and Promotion Branch, Fruit and Vegetable Division, AMS, USDA, Rm. 2535-S, P.O. Box 96456, Washington, D.C. 20090-6456. Mail registrations must be received by AMS on or before Oct. 1.

Voting must be by mail and ballots must be postmarked during the Oct. 4-6 voting period. Ballots postmarked before Oct. 4 or after Oct. 6 will not be counted.

The pecan plan has been in effect since May 1, 1992, and operates under the Pecan Promotion and Research Act of 1990.

Details on the referendum will be published in the Aug. 3 Federal Register. For more information contact Arthur L. Pease at the address given above for the AMS Research and promotion Branch; telephone (202) 720-6930.

**Ketchum Reunion**

Approximately fifty family members attended the annual Ketchum Family Reunion which was held on August 6, 7 and 8th, at the Bob Wills Center in Turkey, Texas.

Family members arriving early were treated to a lavish sandwich buffet on Friday night. A full day of activities for those attending the reunion started early Saturday morning with breakfast at the Bob Wills Center. In that many family members did not arrive until late Saturday morning, a buffet Taco Luncheon was held at noon.

Fellowship and the regeneration of fond memories erupted as all eight sisters and two brothers, along with their families, arrived in Turkey. A White Elephant Sale was conducted on Saturday afternoon, followed by a West Texas Style Barbecue Dinner. An auction, with items donated by certain family members, was held to help defray the cost for the reunion.

Each family member received as a gift, a hand painted mail box inscribed with their name as well as a large framed oil painting by Charles Ketchum of Turkey.

Many members of the family spent Saturday afternoon at Caprock Canyons State Park, playing ball, cards and various other activities. The reunion concluded on Sunday at noon.

Those in attendance at the reunion were: Mr. and Mrs. W.A. Greene and their grandson Levi, Mr. and Mrs. Michael Greene and children Leah and John, Mr. and Mrs. Johnnie Williams, and Mr. Charles Ketchum, all of Turkey. In addition, W.A. Greene's daughters, Daun and Lynn, grandson Luke, granddaughter Stacey and great-grandson Christopher all of Plano attended. Mr. Don Case, another grandson, his wife Kim, of Amarillo, and their children Cory and Troy attended.

Members of the family from Lubbock that were in attendance includes Mr. and Mrs. Bill Hester, Mr. and Mrs. Marvin Clark and children Paul and Nickie, and Mr. and Mrs. Mac Duran. Other attendees include Mr. and Mrs. K.R. Cross of Lufkin, Mr. and Mrs. Billy Sullivan of Whelen Spring, Arkansas, and Mrs. Linda Sneed of Bastrop.

Still others in attendance at the Reunion were: Mr. and Mrs. Ken Jennings, Brandon Jennings and grandson Eddie of Clovis, California, Mr. and Mrs. Jim Henderson of Garland, Mr. and Mrs. John Ketchum, daughter Tracey and five grandchildren of Albuquerque, New Mexico.

**FAITH CAN SAVE A MARRIAGE WITH A LESSON IN MANNERS**

Divorce is a terrible tragedy, and it often stems from such a simple thing as poor etiquette; a result of the couple expecting too much of each other and too little of themselves. The adjustments of marriage are difficult at best and some disillusionment is inevitable, but the one thing that should NOT change is the couple's basic manners toward each other. They should try to maintain the same level of courtesy that they would extend to a guest visiting in their home. When a difference of opinion occurs, as it eventually will, they should avoid the use of harsh words and seek areas of compromise instead. This is worth every effort; and the House of Worship, the choice of which may itself be a compromise, is the place to learn this. Indeed, the lessons of love and good manners can help to save a marriage that may have begun right there at the altar.

*"For this cause shall a man... be joined unto his wife."*

Couple To Wed—McWilliams And Pernel

Rick and Donna Pernel of Dougherty wish to announce the engagement of their daughter, Trish, to Tim McWilliams, son of Bob and Pank McWilliams of Quitaque. The bride-elect is a graduate of Floydada High School and attended South Plains Jr. College. She is currently employed at Producers Coop Elevator. The prospective groom is a graduate of Valley High School. He attended Clarendon College and is employed with McWilliams Dirt Work. The couple plan an October 16 wedding at the First Baptist Church in Floydada.

Hewett-Battle Engaged

Mr. and Mrs. Rayford Hewett of Arlington are happy to announce the engagement of their daughter, Sarah Beth Hewett of Dallas to Charles Jeffrey Battle of Richardson, Texas. Parents of the bridegroom-to-be are Mr. and Mrs. Henry Battle of Richardson, Texas.

Sarah graduated from Valley High School and Wayland Baptist University in Plainview. She is now a Claims Representative for Social Security in Dallas.

Charles is a graduate of J.J. Pearce High School and is presently owner of Battle Lawn Service in Richardson, Texas.

The couple plan an October 9, 1993 wedding at First Baptist Church in Celina, Texas at 2 p.m.

Things Seen Or Heard

Carol Weatherly of Memphis spent last week in Turkey with her mother, Bonnie Hill. Lynn, Hunter and Sheridan Davis of Memphis visited Friday and Saturday and Rod, Diana, Bobby and Chris Hill of Claude visited Friday night and Saturday.\*\*

Edna Earle Blakney suffered a painful injury at her home recently. She started to step off her front porch when removing a rug and fell. It was discovered her ankle was cracked and the doctor is having her wear a steel brace for six weeks.\*\*

Charles and Geral Daniels were quite excited over the company in their home last week. Coming on Sunday, August 15th, was their daughter and family—Jill and Powell Weems and children Claudia, Charley and Christopher. The Weems live in Boiling Springs, Pennsylvania.

The Weems returned to their home on Saturday, 21st. Geral reported it was much too quiet at their home now.\*\*

Enjoyed seeing and visiting with Mary Gilemore for a short time the first of this week. Mrs. Gilemore is here for a visit with her brother, Dewitt Vardy.\*\*

Clyde Rogers is a patient in an Amarillo Hospital. There is a possibility that he may require more heart surgery.\*\*

Rita, Steve and Tracy Guest made a trip to Amarillo where they met the Bob Rapp family from Spearman. Anita Rapp and Tracy Guest had not been able to visit much this summer so the two girls thoroughly enjoyed the day. They took in West Gate Mall and then enjoyed Wonderland Park.

Mr. and Mrs. Rapp are former employees of Valley School.\*\* Visiting in the U. F. Coker home two weeks ago were their daughter and family, Linda and Mark Hamilton and boys Zach and Josh of San Antonio and son and his , Kim and Lisa Coker of Brenham. They also attended the funeral services for their aunt, Mrs. Chuck Bogan of Borger.

Chuck Bogan and two of his daughters were guests also in our home on Sunday, August 15th. His daughters were Donna Bogan of Alice and Linda Mooter of Dallas. They were here to help me celebrate my birthday.\*\*

Rusty and Allen Mathews traveled to Fritch recently and Rusty stayed to visit with her sister-in-law, Thelma Moon.

Turkey Senior Citizens

The Senior Citizens met on August 17th with sixteen members and one visitor present. The visitor was Desda Farley of California, sister of Gladys Hanna.

Margie Pinkerton took blood pressure tests to all present.

The president, Buster Hanna, called the meeting to order and welcomed all present. He also returned thanks before the meal. After the meal games were played.

Next meeting will be Sept. 7th at 6:00 p.m.

Turkey Extension Homemakers Club

The Turkey Extension Homemakers Club met on Monday night, August 16th, at the Senior Citizens room in the Bob Wills Center.

The meeting was called to order by the president, Marjorie Bell. The twenty four members present answered roll call by naming their favorite flower.

The devotional was given by Margie Bell in place of Virginia Degan who was unable to attend.

During the business meeting, Vernell Cotten was elected as a member of T.E.H.A. and will serve as Vice Chairman. It was also announced that the year books will be passed out at the next meeting. Also donations were accepted to present to the Senior Citizens for the use of their room.

The program was presented by Margaret Smith. Mrs. Smith gave a most informative and quite interesting program on using wild flowers and weeds in making attractive dry arrangements. She explained how to preserve the flowers, gave us the name of each one that she uses in her arrangements. The lovely arrangements she had on display were made by her and Rhenda Burson of Silverton. These gorgeous arrangements were taken from the shop in Silverton belonging to Margaret and Rhenda. Mrs. Smith also said most of the flowers they use are found in the fields in this area.

Following the very entertaining program, delicious refreshments were served to the group by Nadine Davis, Betty Thrasher and Ginger Morgan.

Allen drove on to Sunray and Cactus where he visited with two of his daughters and families. They are Truman and Yvonna Walters and daughters. And he also visited with Junior and Ladonna Samples.

The Mathews returned home Saturday. On Sunday Mr. and Mrs. Reno Pepper from Estelline visited in the Mathew's home.\*\*

Enjoyed receiving a phone call recently from my old neighbors, Beryl and Lee Blackshear of Forrestville, California.

Lee reported that since Beryl's eye implant he is definitely seeing better and is even able to drive some.

Lee also stated that her two sisters, Lydia Castleberry and Iva Dean Martin were doing good.

The Blackshear's son, Butch, has retired from the Marine Corp. The last I heard, Butch was a Major, but I am unsure of his present rank. His retirement was quite short as he has already accepted another position. He is now teaching Jr. ROTC. at Tecumela High School, about 45 miles N.W. of San Diego.\*\*

I have heard that Stella Conner's brother, Delos Johnson of Arlington, has bought Elgin Conner's home in Quitaque. Since his retirement, Mr. Johnson has been looking for a house to buy in this area for sometime. He is ready to return to his "roots". He was raised in Turkey, but I believe his first call to preach was in Quitaque.\*\*

Jason Smith, son of Jerry and Brenda Smith and Julie Clay, daughter of the Joe Ike Clays have enrolled in South Plain Jr. College in Levelland.

Also Mike and Susie House have moved their daughter, Audra to Stephenville where she will

enroll in John Tarleton College. Bradley Price will also enroll at Tarleton. Interesting note—Bradley's roommate is Bob Lilly's son!\*\*

Judy (Gilmore) and Cleo Jordan spent twelve days in Dallas returning to their home in Turkey last weekend.

They were in Dallas for the surgery on their daughter, Tammy Crabb. Tammy had a tumor in her spine. The surgery was quite long and tedious and a very rare type of surgery.

When the Jordons returned home they reported the tumor was benign and Tammy was able to return to her home and seemed to be doing great. She will require some radiation treatments.\*\*

J.R. Hughes from Menard attended the funeral services for E.L. Hill. When Coker introduced himself, Mr. Hughes said, "Mr. Coker, do I have a story to tell you." He continued that several years ago he had car trouble on the highway. A young lady stopped and offered to take him to the nearest town. On the way the good samaritan introduced herself as Brenda Coker, originally from Turkey. He was quite surprised as he had married a girl from Turkey, one of the Houston girls who was also a close friend of Brenda's aunt, Evelyn (Coker) Mayfield. I assume Mr. Hughes was also a former Turkey resident. Small world.\*\*

Don't forget the Lions Club Rummage sale in down town Turkey every Friday and Saturday. Lots of good stuff for sale cheap. It will benefit the Turkey Volunteer Fire Department. Contributions have continued to come in and our neighbors from Quitaque have also been most generous in their contributions.\*\*

Bill and Cleo Green of Slaton and Lola and Bob Eudy visited Lewis and Mozelle Eudy recently. Bob and Lola had attended Lola's class reunion in Quitaque.

CORRECTION

The names of Barry and Tina Hillmer of Carlsbad, New Mexico were inadvertently omitted from the Eudy reunion. They were of the Belle and Dennis Hillmer family. We apologize for this omission.

Luis Randell was a patient recently in High Plains Baptist Hospital. He had a carotid artery that had to be cleaned out. Mr. Randell is now at home.

Therma Farley went to Amarillo to visit her sister Esther Butler over the weekend. They had a very good visit.

Vaccinate Horses For VEE Outbreak In Mexico

Horse owners in US border states are being advised by the US Department of Agriculture to vaccinate their animals against Venezuelan Equine Encephalitis after an outbreak of the incurable, mostly fatal disease in southern Mexico forced USDA late last month to close the border to Mexican equine, says Reuters newswire.

The highly infectious viral disease, carried mostly by mosquitoes, has been contained in southern Mexico, a veterinarian with the Animal and Plant Health Inspection Service says.

"We don't consider it a direct threat right now to the United States, to people or to horses," she says.

Mexican officials reported that 92 horses have shown signs of the disease, and 42 have died in the southwest state of Chiapas.

1993 Property Tax Rates in Hall County

This notice concerns 1993 property tax rates for Hall County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	General Fund	Farm to Market/ Flood Control Fund	Special Road/ Bridge Fund
<b>Last year's tax rate:</b>			
Last year's operating taxes	\$ 538,208.23	\$	\$
Last year's debt taxes	\$ 52,852.67	\$	\$
Last year's total taxes	\$ 591,060.90	\$	\$
Last year's tax base	\$ 118,212,180	\$	\$
Last year's total tax rate	\$.50/\$100	/\$100	/\$100
<b>This year's effective tax rate:</b>			
Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 591,060.90	\$	\$
+ This year's adjusted tax base (after subtracting value of new property)	\$ 114,527,126	\$	\$
- This year's effective tax rate for each fund	\$.51608/\$100	/\$100	/\$100
<b>Total effective tax rate</b>	<b>\$.51608/\$100</b>		
x 1.03 = maximum rate unless unit publishes notices and holds hearing	<b>\$.53156/\$100</b>		
<b>This year's rollback tax rate:</b>			
Last year's adjusted operating taxes (after subtracting taxes on lost property and including taxes for state criminal justice mandate)	\$ 538,208.23	\$	\$
+ This year's adjusted tax base	\$ 114,527,126	\$	\$
- This year's effective operating rate	\$ 46993/\$100	/\$100	/\$100

This year's total rollback rate	<b>\$.53755/\$100</b>		

Schedule A Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Maintenance and Operation	\$ 100,000
Interest & Sinking	\$ 30,000

Schedule B 1993 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid from Property Taxes	Interest to be Paid from Property Taxes	Other Amounts to be Paid	Total Payment
1980 Jail Bond	\$ 20,000	\$ 15,340	\$ 350	\$ 35,690
Total required for 1993 debt service			\$ 35,690	
- Amount (if any) paid from funds listed in Schedule A			\$ -0-	
- Excess collections last year			\$ -0-	
- Total to be paid from taxes in 1993			\$ 35,690	
+ Amount added in anticipation that the unit will collect only 100% of its taxes in 1993			\$ 35,690	
- Total Debt Levy			\$ 35,690

## Briscoe County Hospitality

by Ronda Alexander  
C.E.A.-H.E.

Texans are known for being the friendliest and most hospitable people in the country. The residents of Briscoe County are no exception to this rule. Hospitality and tourism are very closely related. It's difficult to have very many tourists without hospitable people to host them. Briscoe county seems to have an endless supply of hospitable people. The main thing we are in short supply of, seems to be tourists.

To help get out the word about the "Best Kept Secret in Texas," the Briscoe County Extension Service will be publishing a Briscoe County Tourism and Recreation Guide. In this guide, we will be including any and all information related to Briscoe County. Topics to be included in the guide will be: Places To Eat, Places To Stay, Places To Shop and Visit, and Things To Do (hunting, fishing/boating, trail rides, special events, etc.). There will be no charge for the guide or to be included in the guide. All you have to do is send your information to the Briscoe County Extension Office, P.O. Box 730, Silverton, Texas, 79257. The sooner you get your information to us, the sooner we can get the guides published. If you have questions or would like more information, please call 823-2131, ext. 12.

## Hall County Hosts Quilt Show At Picnic

The Hall County Homemakers are sponsoring a Quilt Show in conjunction with the Hall County Picnic in Memphis on September 18, 1993. Entry forms may be picked up at the Texas Agricultural Extension Service in the courthouse or call (806) 259-3015 for an entry to be mailed.

Entry forms must be submitted by September 10 to the Extension Office in Memphis. Quilts must be delivered to the Extension Office on Thursday, September 16 between the hours of 8:00 a.m. and 5:00 p.m.

Ribbons will be given to first, second and third places and a \$5.00 prize will be given to first place. A people's choice award will be given on Saturday afternoon to the overall winner. A small entry fee will be charged.

The categories are as follows: antique quilts, stitchery quilts (whole cloth, crazy, embroidery, etc.), applique quilts, pieced quilts, baby quilts, wall quilts or hangings or table runners and wearable quilts. Only one entry per category.

The Hall County Homemakers will provide security in the Lockhart Pharmacy Building, on the square in Memphis, where the show will be held.

For more information or entry forms, call Beverly Logsdon, Extension Agent-Home Economics at (806) 259-3015 or Danna Hancock at (806) 867-2019.

## Farmers Warned To Be In Compliance On FSA Plans, Practices for 1993

Time is getting short for all scheduled practices completed on Food and Security Act Plans. Farmers, who developed FSA plans by the 1990 deadline, have completed many scheduled practices. Many practices were scheduled for 1993. Practices such as grass seeding, critical area planting and waterways should have been completed if they were scheduled for 1993.

If you had any of these practices scheduled and did not complete them, you are out of compliance. In routine servicing or spot checking by the SCS staff, it is found that scheduled practices were not completed we must turn it over to ASCS. The SCS is like the Highway Patrol. If we catch someone breaking the National Law, we must write a ticket and present it to the ASCS. The ASCS will be the judge that issues a fine of \$500 to \$5,000 or complete forfeitures of all Government payments that could be as much as \$50,000.

The local SCS employees live in the community and do not want to write any tickets, but like the Highway Patrol, it is our duty. Time is getting short, therefore no warning tickets will be given for a violation of the Food and Security Act Law.

## Early Detection Is Important

by Ronda Alexander  
C.E.A.-H.E., Briscoe Co.

I recently visited with Kathy Lesly who is with the Breast Cancer Screening Program at the Don and Sybil Harrington Cancer Center. She informed me that the Mobile Mammography Unit will be in Silverton at the Briscoe County Clinic on Friday, September 17th from 10:00 a.m. until 2:30 p.m. Exams will be scheduled by appointment only. You may make an appointment by calling 1-800-377-HOPE (4673) or 806-359-4673.

Breast cancer is the most common cancer in women and the second most common cause of death (second now only to lung cancer). Early detection is very important because early treatment of cancer is highly successful. The American Cancer Society recommends women age 40 to 49 years of age having a mammogram every 1 to 2 years; and women 50 and over having yearly mammograms.

There will be a cost of screening fee. This includes the x-ray, physical breast exam, and the radiology fee for reading the mammogram. Funding has been provided by the Texas Department of Health to allow for free breast screenings for women who qualify. For more information, please call the number previously mentioned.

Not only scheduled practices must be installed, but management of existing practices must be completed. You should look at your terraces before planting wheat. If there are any breaks or blocks needing repair, this must be done before drilling wheat. If a crop is planted across a wash in a terraced field, the farm is out of compliance.

Another management practice is Emergency Tillage. If not enough residues or growing crop exist to protect the land from wind erosion, plowing of some kind is needed to control erosion. Many acres were in this practice or should have been.

Also, it is again time to be considering over-seeding small grains into cotton. This should be done as soon as possible and no later than September 15. Just over-seeding the small grains in cotton is not all that matters. The small grain must make a stand and produce at least 2,000 pounds of Flat Small Grain Equivalent of growing wheat. This must be kept on the soil surface through April 1. This means no deep breaking, listing or heavy disking before April 1. Wind strips is probably the best alternative.

It is very important for each farmer to look over their plans and carry them out as scheduled. All permanent practices must be installed by December 31, 1994. For this reason no warning tickets will be given. We will have to submit all violations for non-compliance to ASCS. We will do our best to help everyone who wants to be kept in compliance,

but we can go only so far. The programs and services of the Soil Conservation Service are offered on a nondiscriminatory basis without regards to race, color, national origin, age, sex, religion, marital status or handicaps.

## September Opener Looking Good

Hunters anxiously awaiting the beginning of fall hunting on Sept. 1 can expect a good opening. Mourning dove and white-winged dove numbers are up and South Texas will have a new opening date.

The mourning dove population index increased about 8.6 percent from last year and is about 23 percent above the 20-year average. The largest increase—about 21.6 percent—was in the South Zone. The Central Zone increased 11.5 percent and the North Zone decreased about 4.4 percent.

The shooting hours for all early season migratory game birds in one-half hour before sunrise, except during the special white-winged dove season when the shooting hours are noon to sunset.

To hunt white-winged doves hunters must have a valid Texas hunting license and a white-winged dove stamp.

## Ten Free Colorado Blue Spruces

"Colorado blue spruces were selected for this campaign because of their many uses in the home landscape," John Rosenow, the Foundation's executive director, said. "They lend beauty to their surroundings with their silver blue-green color and compact conical shape. They can be used as individual ornamentals, an energy-saving windbreak, a privacy screen, or as living Christmas trees."

The trees will be shipped postpaid at the right time for planting between October 15 and December 10 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow, or they will be replaced free of charge.

Members also receive a subscription to the Foundation's news magazine, *Arbor Day*,

which includes regular features about tree planting and care.

For more information, contact John Rosenow, Executive Director or Mary Yager, Director of Program Services, (402) 474-5655.

To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to Ten Blue Spruces, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by August 31, 1993.

Ten free Colorado blue spruce trees will be given to each person who joins The National Arbor Day Foundation during August 1993.

The free trees are part of the nonprofit Foundation's Trees for America campaign.

# "Quitaque or Bust" Hikers' Motto

Dear Editor, The other day, we made a 2 day hike from South Plains to the Los Lingos bridge and then back to Monk's Crossing. The six of us, nephews and nieces of 94 3/4 year old Uncle Obed Baker, who taught at Quitaque in 1919-1920, had a wonderful hike, camping near the tunnel. It is so beautiful. I predict that it becomes the most popular hike in Texas. I'm so glad to get to do it in its early days of it's being a park. We loved it and we've hiked everywhere.

Not only did my Uncle Obed teach at Quitaque 1919-1920 and Sunset School 1920-1921 but some of my kinfolks are close friends of Mrs. L. T. Woods at South Plains and the Callahans at South Plains. Other of my kinfolks are in a cattle partnership with the Bursons of Silverton and the Grundys are kin by marriage.

We are so proud of these ties to Quitaque.

The homemade pushcart that we used on the hike was named "The Desert Luge", and was a super success, carrying 360 pounds of gear, making our hike a leisurely one indeed. Draped on top was a parachute, which we told curious observers that we would use to sling out behind us to slow our descent if we traveled too fast.

Thank you,  
John T. Baker

## Quitaque Or Bust

by Johnny Baker, Jr.

On that autumnal like weekend in June that the Rails To Trails project was dedicated with the ceremony here in Quitaque, I had the privilege to accompany Dr. John T. Baker and Dr. J. O. Baker (my father and great-uncle, respectively) from Dallas to attend the event. My great-uncle Obed had been a teacher in the town of Quitaque some 70 years ago, where he also coached various athletic teams. One of his best students and players was one of Quitaque's favorite sons, 85 year old Fish Wilson.

An avid outdoorsman all of his life, my father was inspired by the challenge and esthetic beauty of this newly available trail. He immediately began making plans for a family outing along a 18 mile stretch of the trail. Enlisting the help of Caprock Canyon State Park Superintendent "Ranger Rusty", a wonderful woman named Mrs. Woods, and local ranchers Rex Yeary and Joe Taylor, we began to make our plans for this exciting hike. Like all the wonderful people of this area that we have come in contact with on our many enjoyable trips to Quitaque, these people were very friendly and extremely helpful to us.

Ranger Rusty was helpful in giving us access to the facilities in his charge when our party arrived at his headquarters in late

hours of Friday night/Saturday morning, July 16/17. In our new group were myself, my father, my sister Shawn, our cousins Amanda Lamb of Denton and Dr. Orland Baker of Dallas, and Orland's best friend and colleague, Dr. Jerry Hinnant, also of Dallas. We were equipped with about 20 gallons of water, several cases of soft drinks, and food for 6 for 5 or 6 meals each. All supplies would be transported

on our hastily assembled wagon, "The Desert Luge".

The wonderful Mrs. Woods graciously permitted my dad to park his truck at her house, which was only a few hundred feet from the beginning of our hike. Rex Yeary gave us permission to camp that second night of our trip in the middle of our hike on the campgrounds of his family ranch near the railroad tunnel and 10 mile point of our hike. We

are very grateful for the help from these friendly and gracious individuals, without whose help the success of our trip would have been impossible.

Our group started hiking 2 miles east of South Plains, staying on the railroad right-of-way. The 6 miles down the Caprock to Emerson Creek is some of the most beautiful, wild, remote, and secluded my group and I had enjoyed in 12 years. That was my own perception of the wilderness around us, and in particular the area around Emerson Creek, where we elected to stop for lunch. Once the air was a little cooler, we hiked on to the tunnel and into even more rugged and beautiful countryside.

We camped in the area of the tunnel, where we were impressed by the bat flight. However, the presence of the coyotes howling each morning and night was equally exciting. These experiences inspired us as we hiked on through more wild and scenic terrain to Monk's Crossing. During this 6 mile stretch, we saw a rattlesnake and other wildlife.

Along the way, we hiked down under almost every railroad trestle we encountered. Here, we experienced the hottest temperatures of our outing. While only 98 degrees along the trail, temperatures varied from 104-106 degrees at the various trestle bases. We especially enjoyed the beauty and excitement of those trestles which had not been covered over. The most exciting of these bridges was definitely the 900' bridge over Los Lingos Creek, 1 1/2 miles beyond Monk's Crossing. This imposing spectacle was worth the extra hike, after which our party returned to Monk's Crossing.

Our organization, known collectively as Americans for

Wise Park Management, found this to be our most exciting and worthwhile trip in recent memory. We enjoyed the 18 mile hike through scenic, remote, and beautiful wilderness-like country. Taken leisurely, this hike is one that people of all ages can enjoy.

Members of our party ranged in age from 18-62 years. The 98 degree temperatures were not a problem, owing to low humidity. Our group had prepared for the hike by training in the humid North Texas summer heat.

If it were not for the help of wonderful people like Rusty, Joe Taylor, Rex and Mrs. Woods, none of what we accomplished would have been even remotely possible. Each of these people were incredibly and immeasurably helpful and kind to us. The greatest asset of this trip was "The Desert Luge", which held together for the duration of our pilgrimage. For this, a special word of thanks is owed to Dr. Orland Baker (creator/designer/engineer) and Dr. Jerry Hinnant (Emergency Luge Repair Technician).

Thank you Quitaque and South Plains for this new state park.

Fossil records show that some insects have undergone relatively little change for 200 million years.

### 1993 Property Tax Rates in Turkey-Quitaque I.S.D.

This notice concerns 1993 property tax rates for Turkey-Quitaque school district. It presents information about three tax rates. Last year's tax rate is the actual rate the school district used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the school district can set before it must hold a rollback election. In each case these rates are found by dividing the total amount of taxes and state funds by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	
Last year's operating taxes	\$ 48,654.44
Last year's debt taxes	\$ -0-
Last year's total taxes	\$ 48,654.44
Last year's tax base	\$ 34,506,700

**Valley Booster Club News**

The Valley Booster Club met on Tuesday, August 24. This was the first meeting for the 1993-1994 season.

The club met and welcomed the new coaches, Coach Jeffcoat and Coach Saul. Most remembered and knew Coach Saul as he graduated from Valley in 1987. He is the son of Jim and Barbara Saul of Quitaque. We feel fortunate to have both of these coaches at Valley.

Coach Gilmore talked some about junior high, junior varsity and varsity football. Then the film of the Groom scrimmage was watched with Coach Gilmore pointing out new plays and telling about some of the boys. There are 12 varsity players 16 junior varsity players and 40 plus junior high players.

The business meeting was opened by Jerry Bob Smith. He and his wife Brenda were co-presidents of the Booster Club last year. After discussing some of last year's projects, Susie House gave the treasurer's report. She has been the treasurer of the Booster Club for many years. New projects for the coming year was discussed.

New officers for the 1993-1994 year are: presidents, Kay and George Calvert; secretary-treasurer, Jana Payne and reporter, Cindy Lane.

The Booster Club meets each Tuesday at 7:30 p.m. in the Valley Cafeterium. All parents and friends are encouraged come and join the club in all their meetings.

**Heart Complications In Young Athletes**

Sudden death for football fans is only a tiebreaker. But for families who have lost young athletes to sudden death from heart complications, it is a tragedy.

Hypertrophic cardiomyopathy, long Q-T syndrome and Wolff-Parkinson-White syndrome are just some of the "quiet" killers of a segment of today's teenage athletes, says a Baylor College of Medicine pediatric cardiologist.

"What is devastating is that most of these young people appear perfectly normal but then, during the stress of athletics, they die from heart failure," said Dr. Jeffrey Towbin, an assistant professor of pediatrics and molecular genetics at Baylor. "Many were aware they had heart conditions, but how many were never evaluated and monitored? If we knew they were at risk, we could recommend therapies and possibly prevent them from participating in sports."

Chief among the causes of sudden death is hypertrophic cardiomyopathy, a genetically transmitted heart condition causing defects in the left ventricle--the main pumping station for the body's blood supply. Death occurs when the ventricle thickens, impeding blood flow or from heart rhythm disturbances called arrhythmias.

Long Q-T syndrome is the most sinister of silent heart conditions because, in children, there are rarely symptoms prior to sudden death. The disorder results from irregularities in the heart's natural rhythm leading to seizures, sudden fainting and death.

"Although they may show no prior symptoms, long Q-T patients can be diagnosed early on," Towbin said.

Another cause of sudden death in athletes, Wolff-Parkinson-White syndrome, also results from abnormal heart rhythms caused when the left ventricle is stimulated prematurely by electrical waves gone awry.

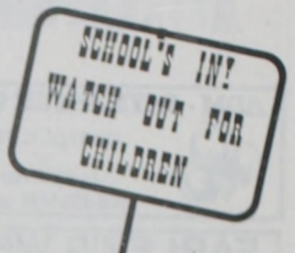

Wolff-Parkinson-White syndrome may disappear with maturity, but arrhythmias associated with the disorder sometimes occur later in life and can cause sudden death.

All three heart disorders can be detected in infancy through EKG readings and electrophysiological studies. One common symptom is syncope or sudden, unexpected fainting.

"Syncope results from exercise, loud noises, extreme surprise, anger or from no apparent cause," Towbin said. "The victim just

drops with no warning sometimes resulting in injury. The faint may last for more than a minute."

Although no guidelines have been established for prescreening of young athletes, Towbin stresses increased awareness of heart disorders when considering demanding activities such as sports.

## CARDS OF THANKS

We would like to thank everyone for the prayers, phone calls, food, visits and cards during the illness and loss of our loved one. It is so much easier to bear when friends let you know they care.  
 God bless each one of you.  
 The Earl Lewis Family

 To the people of Turkey and Quitaque, a special thanks to you for the food, flowers, cards, calls and especially for your prayers following the death of Mrs. Margaret Bogan. May God bless each of you for your love and concern.  
 U.F. and Ann Coker 10 1tc  
 Our deepest thanks go out to each of you for standing by us so lovingly during the time of our sorrow and heartache. Each and every act of love, concern, and encouragement have meant so much to us--through all the words, prayers, foods, visits, phone calls we have truly been soothed, uplifted and blessed.  
 May God bless each of you in our prayer.  
 The Family of E. L. Hill

A big thank you to all my friends and family who made my 80th birthday celebration a night to remember.  
 Thanks to Roy for catering such a delicious dinner, to Etwoile for the beautiful cake and especially to Veta, Bud and Etwoile for their hard work and organizing everything.  
 A special thanks to all who remembered me with cards and gifts. Words can not express my appreciation.  
 I love you all,  
 Ella 10 1tc
