## THEN and NOW!

by Brian Quinn  
Lubbock, Texas

After watching the recent Breyer confirmation hearings, my wife, a high school government teacher, raised an interesting question. Why do we allow strangers to control our lives?

Each year she quizzes her students on the names of our elected leaders. Apparently, few have problems recalling their mayor, state representative, senator, governor or president. Many can even list some county commissioners, city council members, and school board trustees. Yet, when it comes to naming members of the judiciary, there's generally nothing but silence.

To test whether this lack of information was restricted to school students, I conducted my own little survey. The results were quite amazing. Upon being asked to name at least three members of the Texas Supreme Court or Texas Court of Criminal Appeals most adults, regardless of age, could not. Nor could they generally recall who sat on their regional court of appeals or district and county courts.

This was truly disturbing given the power judges wield. Excluding the numerous lobbyists and special interests involved, it takes 21 senators, 76 representatives and one governor to make a law, but only one judge to throw it out. More importantly, judicial decisions escape public debate or critique before they are rendered. Indeed, a judge is prohibited from so revealing potential ruling. Thus, whether to strike down a school finance law, release a convicted murderer into our community, create new grounds to sue someone, interfere in the operation of the public schools and prisons, deprive parents of their right to raise children, or do anything else is generally up to each judge's personal view of the law.

Admittedly, the independence courts enjoy is important, but that very same independence creates a chance for abuse. So, the risk must be minimized. The easiest way of doing this is through the exercise of care in selecting judges. At the very least, we should find out who they are. The extent of their real life experience, legal intelligence, and integrity are also important factors to investigate.

Texans are wary nowadays of strangers. Unlike Issac, in the Bible, we shouldn't let people trick us into believing they are something they are not. Nor should we allow strangers to control our wallets, our taxes, our jobs, our families, our homes and our freedom.

## Briscoe Residents Celebrate 102 Years

## Hall County Commissioners Name Election Judges

The Hall County Commissioners Court met in regular session Monday morning to appoint persons to serve as Election Judges for the General and Special Election coming up in Hall County for the next term.

Salaries for the judges was set at \$5.00 per hour with the presiding judge receiving \$25.00 for the returning of all election materials back to the County Clerk's Office after the election.

It was recommended by the Commissioners that no Election Box hire more than three Election Clerks including a Spanish Interpreter to work unless the Commissioners Court authorized the Box otherwise.

At Turkey, Precinct #401, Freda Fuston was appointed Presiding Judge and Lorene Settiff was appointed Judge with the voting to take place at City Hall in Turkey.

Judy White was appointed Presiding Judge for the Absentee Voting Committee and Adam DeLeon appointed Judge.

## Jarret Pigg To Return Home

by Ann Coker

Jarret Pigg, son of Clinton and Joanie Pigg, is expected to be coming home on Wednesday of this week, if all goes as planned.

Jarret, who received a kidney transplant from his donor father, Clinton, approximately one month ago, must travel to Plainview three times a week for blood tests. These blood test results will be faxed to his physician at Lubbock.

At this time, Jarrett is taking sixteen different medications. He still suffers quite a bit with pain in his back, but one day last week he was able to ride a go-cart for a short time.

The family was most appreciative of all the visitors from the Turkey-Quitaque area while in the hospital and while staying in the Lubbock Inn.

## Brand New Opry Features Turkey Resident, Denton

During the summer months through September, each third Saturday night of the month will see crowds of people flocking to the Memphis City Park to see the *Brand New Opry*.

Some of the best talent in the area perform at the "Opry". Last Saturday night, July 16 Roger Denton of Turkey sang four songs. Mr. Denton dedicated his final song to his grandmother, Dot Arnold, and his aunt, Janice Wheeler, who were in the crowd. Following this song, Roger received a standing ovation from the audience. He has been asked to return for the final show of the year on Saturday, September 17th.

Sue Proctor accompanied Mrs. Wheeler, Mrs. Arnold and Roger to the *Brand New Opry* last Saturday night.

## Caprock Public Library News

by Arlene Hinkle

Once again Mr. and Mrs. Eban Warner of Pampa have brought us books. This time the donation included *Thomas Register Of American Manufacturers*. If you need a product or service, want to contact a company or need specifications, drawings or performance data this set has 52,000 separate product and service headings; 145,000 U.S. companies and over 11,000 pages of catalog data from nearly 2,000 companies. An extremely useful addition to our Library.

New books for adults: *Advanced Model Railroads* by Dave Lowery. This book is a practical manual for designing and constructing a model railroad layout.

*Growing and Displaying Bonsai* by Colin Lewis and Neil Sutherland. Over 400 Photos show the reader how to grow Bonsai the easy way.

For Juveniles: *French Fries Up Your Nose* by M. M. Ragz. Iggy is a teacher's nightmare—he hates math, assemble programs and Caiten Cohane. When he runs for Student Council President and starts being nice to Caiten—people wonder why.

*Dakota Dream* by James Bennett. Floyd Rayfield has lived in foster homes and institutions most of his life. Now, he has a dream of becoming a Dakota Indian. Could that dream become a reality?

## Pictorial Cancellation A Success For Quitaque

by Glenna Rummel

Quitaque's pictorial cancellation for National Trails Day on June 4, 1994 has been a huge success.

Not only was the local response tremendous, but approximately 300 mail order requests were received and sent to thirty-nine states, Italy, Austria and Germany. We received eleven separate requests from Germany. Many requests contained numerous post cards and envelopes to cancel.

Promotions for pictorial cancellations are sent nation-wide in Postal Bulletins and are advertised in stamp collector newspapers and magazines. No requests may be accepted for the cancellations if the postmark on the request is after 30 days past the event.

Ernestine Payne did a great job with very short notice so that we could get this project going. Artwork must be sent in to Fort Worth ten weeks prior to the event in order to get the cancelling device made and the promotion going to advertise the pictorial cancellation. By the time we decided to do the National Trails Day cancellation

## New Price Changes For The 1994-95 Fishing and Hunting License

The license fee on the Temporary (14 day) Resident Sportfishing License has been increased from \$5.00 to \$10.00.

The license fee on the Temporary (5 Day) Non-Resident Fishing License has been raised from \$10.00 to \$20.00 and the fee on the Non-Resident Fishing License has been raised from \$20.00 to \$30.00.

A new "Trophy Redfish Tag" will be included on the following licenses without any additional costs: Resident Combination Hunting and Fishing, Resident Fishing, Special Resident Fishing, Non-Resident Fishing and Fishing Duplicate. This tag will allow the license purchaser to keep one redfish over 28 inches in length provided the tag is properly completed and attached to the tail of the redfish.

A new Muzzleloader Hunting stamp (Fee: 10.00), will be required for those individuals who hunt during the special muzzleloader season from January 7, 1995 through January, 1995. This season will be for antlerless deer only and will be held only in the following counties: Bandera, Brown, Coke, Coleman, Concho, Edwards, Gillespie, Ition, Kendall, Kerr, Kimble, Kinney (north of US HWY 90), Menard, McCullough, Mills, Real, Runnels, San Saba, Schleicher, Sutton, Sterling, Tom Green, and Uvalde (north of US HWY 90). This stamp will not be required for those hunters using muzzleloaders during the "general" deer hunting season.

and found someone to do the artwork, Ernestine had only a few days to come up with her design. She then volunteered to sit at the booth at the community center on June 4 for awhile and autograph special requests. I believe that we all owe Ernestine a debt of gratitude for her part in getting all of this great publicity for our community.

Clara Ruth Davidson and Gene Proctor, clerks at the Quitaque Post Office, should also be recognized for the extra work that they did in helping to fill all the requests.

We are looking forward to our next opportunity to present Quitaque to the world via the United States Postal Service!

## Gasoline Homecoming— Sunday, August 7

### Things Seen or Heard

by Ann Coker

Visiting in Turkey last week were Bobby Herbert and Donna Stephens of Plainview. They were joined in Turkey by their son, Coach Kirk Stephens and a nephew, Stacy Dan Ward, of Childress. Besides visiting, the group were also doing some repair work at the farm.

Mr. and Mrs. Mickey Maupin have recently returned from a trip to Louisiana. They visited in the home of their son and family, the Eddie Maupin.

It is always a treat to see Mary Hogue back in town from her new home in Post. Mrs. Hogue was in Turkey visiting with Gladys Wilson, Izell Proctor, the Buster Hanna and others.

Rita Guest and Clema Johnson traveled to Childress last Saturday. Rita took her aunt to a belated birthday lunch while they were in Childress.

Veta Colvin was not found in the Bob Wills Museum at her usual job this week. Loren Setliff has been working in her place while Veta is staying at home so she and George can visit with their daughter and family, Suzie and Tony Ham and children, Rusty and Suzanna. The Hams are visiting here from Andalusia, Alabama.

Visiting in Turkey last week-end with Ella Colvin and the Buddy Colvins was their daughter, sister and husband, Raye and Jack Logan. The Logans are retired and they are the owners of an RV and are enjoying traveling. When leaving Turkey they were traveling to Minnesota.

The Rod Hills of Claude were visitors in the Bonnie Hill home last week-end.

Informed in last Saturday's Amarillo Paper that The Texas Six-Man Coaches Association ended Saturday. Dewayne Davis of Valley played in the football context that was played Saturday night.

Davis was part of the Valley team that claimed the 6-man District 2A title and eliminated Higgins from the playoffs. Valley finished the year 10-2 after falling to Chillicothe; 45-32, in the area playoffs. Dewayne is the son of Mary Davis of Quitaque.

Bryon Young has recently returned from Tres Ritas, New Mexico. Bryon spent about 10 days on vacation there. He also spent some time in Red River where his son, Gary, was staying.

Louis and Oleta Randell were in Marietta, Oklahoma on Tuesday night visiting with long time friends, Don and Faye Cox. From there they went to Texarkana to attend the 4 days, "Legends of Western Swing Reunion." This was the 7th year for this and the Randells haven't missed a one. Previously it was held at Canton at the Trade Days Park, but due to weather conditions it has been moved to Texarkana inside the arena at the fairgrounds.

Visiting in the home of Shannon and Lisa Cruse recently were Jeff and Rhonda Henderson and daughter, Tierza, of Irving. Shannon and Jeff were school mates all through school in Coppell and the two couples have become close friends.

While here the Hendersons thoroughly enjoyed being in a little town and are seriously considering moving to Turkey. Mrs. Henderson is a physical therapist and she believes she could find enough patients here and in the surrounding towns. Mr. Henderson is employed by Etna Insurance and could probably continue in his work here also.

The couple investigated the housing situation while here. They would like to buy a place in the country, but would buy in town. We hope they can soon be citizens in Turkey.

While visiting with the Cruses, Lisa and Rhonda Henderson went to Amarillo and had Amanda Cruse, the 3 year old daughter, of the Cruses fitted with a brace for her feet. Amanda wears her brace some every day. Hopefully she will walk soon.

### Things Seen or Heard

Bettie and James Green were the babysitters for Kayleen's two daughters and James' son.

Heard some good news last Monday. Larry Curry and son, Levi, visited with us last Monday and shared with us that they are moving a new home out between the rivers where Larry farms. Larry reported that he and wife Amanda and sons, Johnathon and Levi were all quite

excited over their move. The reason—the boys, Johnathon and Levi will now attend Valley School!

Last week Turkey area received about 2 1/2 inches of rain. It certainly made the crops look great. Also some residents have been out picking black-eyed peas. The peas are really looking great.

The day began with a picnic lunch, lots of visiting, and looking at picture albums. There was also volley-ball, other games, playing in the creek, Gertrude and Judy (the donkeys) for fun. A brisket supper prepared by Dale Smith & Company, with all the trimmings was served. The evening was capped off with a drawing for "The Rocking Chair", made by Gabie prior to the moving to the plains in 1926.
