THURSDAY, AUGUST 1, 1985

VOLUME 26 NUMBER 7

Briscoe County Judge Fred Mercer was pictured in the new chair lift which has been installed at a cost of \$48,000. Installation was completed recently to make entrance to the county courthouse accessible to the south side to those who are handicap-

ped or otherwise unable to climb the stairs. A total of \$61,000 is being spent on handrails, etc. in the restrooms and elsewhere in the courthouse to make the facility accessible to the handicapped.

Delinquent Tax Notice Now Being Mailed

Recent mandates published by the State Property Tax Board requires that notices of tax delinquency be sent to each person whose name appears on the tax roll for current delinquent or delinquency of more than one year. The notice will give the amount of tax, penalties, and interest due, the description of the property, and the year for which the property is delinquent.

This notice is required to be mailed to taxpayers in addition to the current delinquent notices mailed in June. The Turkey-Quitaque ISD will mail these notices on or about August 1, 1985.

Mr. and Mrs. Mike Spier of Clarendon spent Sunday visiting her parents, Mr. and Mrs. Murry Morrison and family. They took their children, Darren and Hunter, home with them after the boys had spent a week visiting their grandparents.

WITH THE SICK

Mrs. Ella Mason underwent surgery at Central Plains Hospital in Plainview Tuesday of last week. She returned home Thursday.

Mr. and Mrs. Bud Bailey and their daughter, Janet Turner, and granddaughters, Jennifer and Allison Turner, drove to Pecos, New Mexico on Sunday of last week and stayed until Wednesday. This is a short distance from Las Vegas, New Mexico and located on the Pecos River. They report a good trip and rest.

Guests in the home of Mr. and Mrs. A. B. Ramsey Sunday were Mr. and Mrs. Johnny Chadwick, Shane and Bradley, Amarillo; Mr. and Mrs. Gary Jameson, Kevin and Michelle, Claytonville; Mr. and Mrs. Dwight Ramsey, Bryan, Amy, Kayla and Dara, Silverton, and Jana Boyles, Quitaque.

Beneficial Rains Fall Across The Area

Lightning Strikes Transformer Near Patterson Home

Lightning struck a transformer about 50 yards from the Roy Patterson home near the western edge of the Turkey City Limits, about 10:00 o'clock Wednesday night of last week. The microwave and television were burned out, they found 13 1/2 hours later when electricity was finally restored. Also the phone was knocked out. A streak of light went clear across the den, Mr. Patterson said.

The Pattersons thought electricity was off all over town, but when they discovered lights were on at other places, they contacted Wayne Loury, who went to investigate and found the burned-out transformer.

He told them he could do nothing that night but would have to have a crew come in. So about 11:30 Thursday morning full power was restored.

"It was a nerve-shattering experience," Mrs. Patterson said. They usually unplug the microwave and sometimes other appliances, but the lightning did not seem close and they had neglected to do so.

This is the time of year when some rain is needed for crops to continue with their growth and development. Beneficial rains fell Wednesday night and also on Thursday and Thursday night of last week.

It was reported that three inches fell at Bridle Bit southeast of Turkey. Lesser amounts fell near town, and in the city. It was a "just right" rain that all soaked into the ground, farmers said.

Kids Krusade To Be Held At Turkey Methodist Church

A Kids Krusade will be held at Turkey United Methodist Church from August 12 through 16. The time is from 9:00 until 11:00 a.m., and the event is for all children ages four through 12. Anyone with younger children who would like to attend may be accompanied by a mother or other responsible adult, who will sit with them at all times, it was announced.

This Kids Krusade will take the place of Vacation Bible School and will be very unique and interesting, according to reports. Two out-of-town young ladies will be conducting it, for the most part.

Greenbelt Bowl Football Classic Set For August 9

The 36th annual Greenbelt Bowl Football Classic will be played in Childress on the evening of Friday, August 9, 1985, beginning at 8:00 o'clock.

This game is designed to showcase the top players from the West Texas and Central Oklahoma area, many of whom have been overlooked by colleges and universities for scholarships. Some of these athletes have signed to attend schools and many other talented young men are asking for a last look at their abilities.

Valley has two players listed on the roster, Larry Clay and Tim Clardy. Clay is a 5'8" 170-lb. guard and left back. Clardy is 6'0", weighs 175-lbs. and plays tailback and safety.

This game has been well represented by the area in the past and the players will be greatly encouraged if the boosters present a good turnout again this year.

Mr. and Mrs. Jimmy Davidson and Mrs. Estelle Davidson drove to Tulia Sunday and were guests for lunch with Mr. and Mrs. Stewart McCracken.

Pressure Canner Dial Gauges To Be Tested

County Extension Agent Lynda Fogerson will be at the First National Bank meeting room in Quitaque Friday, August 2, from 9:00 a.m. until 12:00 noon to test pressure canner dial gauges.

This should be done each year before canning begins to insure that the canned product is safely processed.

There is no charge for this service. Only the canner lid is needed for testing the gauge.

There also will be free publications available on canning, freezing, drying, pickling and jelly-making.

Come by and pick up these publications and have refreshments.

Mrs. Jarrell Rice drove to Hedley Sunday afternoon to visit her parents, Mr. and Mrs. Sam Sanders.

Mr. and Mrs. J. D. Nance of Rock Creek were dinner guests of Mr. and Mrs. Leroy Hamilton Sunday. He spoke at both services at the Quitaque Church of Christ.

Turkey Church To Hold Gospel Meeting August 4 - 11

Turkey Church of Christ will hold a gospel meeting next week from August 4 to August 11. Rolland McLean, father of Steve McLean, will preach as well as Chuck McLean, Steve's brother.

Rolland McLean and his wife, Jessie, make their home in Lampasas. He is a traveling evangelist working through the Broadstreet Evangelistic Fund, that enables him to conduct revivals. His son reported that he had 22 revivals scheduled in the coming year. They returned in August of 1984 after serving three years in Kenya, Africa as missionaries.

Chuck McLean and his wife, Angela, are from San Angelo. They have two daughters, Allison, 2 1/2, and Megan, 8 months. He ministers at the Northside Church of Christ in San Angelo. He is a graduate of The University of Texas and this is his first time to be in Turkey.

Services will be held at the following times: Sunday, August 4, with Chuck McLean preaching, 10:30 a.m. and 6:00 p.m.; on Monday through Friday with Rolland McLean preaching, 7:00 a.m. and 8:00 p.m.; on Saturday there will be only one service, the evening service at 8:00 o'clock with Rolland preaching at this one and also on Sunday, August 11, 10:30 a.m. and 6:00 p.m.

Coffee and doughnuts will be served each week-day morning.

Steve McLean, minister, says that everyone is cordially invited to all the services and special activities. See the ad elsewhere in this issue of the Tribune for a schedule of all special events.

Mrs. Dan Duncan and daughter, Darcee, of Panhandle spent Sunday night, Monday and Monday night in Quitaque visiting their parents and grandparents, Mr. and Mrs. Dick Taylor.

Mr. and Mrs. Dee Whittington and son, Cody, spent the weekend at Six Flags over Texas at Arlington.

Mr. and Mrs. Shorty Woods visited his mother, Mrs. E. E. Woods, and Mr. and Mrs. Lewis Graham in Plainview Sunday. Enroute home, they stopped at Lockney and visited Mrs. Dollie Woods at Lockney Care Center.

Mr. and Mrs. James Kimbell of Quitaque were guests in the James Lynn Kimbell home in Turkey Sunday. Others present were Mr. and Mrs. David Setliff, Doug and Craig of Turkey and Bruce Setliff of Canyon.

OBITUARIES

LORETTA McELROY

Services for Loretta Mae McElroy, 43, were held at 10:30 Thursday morning at the Calvary Baptist Church in Post with the Rev. Alvin Petty, pastor, officiating. Burial was in Terrace Cemetery under direction of Justice-Mason Funeral Home of Post.

Mrs. McElroy died at 4:00 a.m. Tuesday at her home after a lengthy illness. She was born in Turkey and was married to Robert McElroy on December 29, 1961, in Turkey. The couple later moved to Garza County. She was a member of the Calvary Baptist Church.

Survivors include her husband; two sons, Vernon Ferguson of Mineral Wells and Ricky Ferguson of Brownfield; a daughter, Sherri Phillips of Brownfield; two brothers, Glen Perkins of Lubbock and Ray Perkins of Iron Station, North Carolina;

three sisters, Vernell Russell and Laverne Hamner, both of Turkey, and Mina Jean Davenport of Brownfield; and two grandchildren.

Those attending the service from Turkey besides members of the family were Mr. and Mrs. Buster Hanna, Mr. and Mrs. Leroy Stone, Rev. Melvin Clinton and Mr. and Mrs. Virgil Blakney.

Mr. and Mrs. Phil Barefield and children, Mark and Debra of Miami came to Quitaque Thursday of last week to visit their parents, Mr. and Mrs. James Barefield and Mr. and Mrs. Walter Taylor.

On Friday, all the Barefields drove to Big Spring and visited Mr. and Mrs. Johnny Bingham and family. They returned to Quitaque Saturday.

The Phil Barefields remained through Monday.

BUFFALO FLAT REUNION WAS WELL ATTENDED

The annual Buffalo Flat Reunion was held on Sunday, July 21, at the Bob Wills Cafeteria. There were about 50 present. All had a good time and enjoyed a wonderful meal and all the visiting.

Plans were made to meet at Turkey again on the third Sunday in July next year.

Mrs. Jess Grundy was taken to Central Plains Hospital in Plainview Saturday evening. She had suffered a heart attack and remains in the cardiac intensive care unit.

Mrs. Estelle Davidson drove to Plainview Thursday of last week to keep a doctor's appointment. Later, she drove to Olton and spent Thursday night, Friday and Friday night with her brother and wife, Mr. and Mrs. H. R. Curtis, and her granddaughter and family, Mr. and Mrs. Richard Edwards and children. She returned home Saturday afternoon.

Mrs. Osie Smallwood of Matarador visited in Quitaque from Tuesday until Thursday in the home of Mr. and Mrs. J. W. Kimbell. Mrs. Smallwood is an aunt of Mrs. Kimbell.

April Farley of Amarillo spent last week in Quitaque visiting her grandparents, Mr. and Mrs. Wendell Farley.

Mr. and Mrs. Cliff Cooper and daughter, Cassie of Memphis, Tennessee and Mr. and Mrs. Dewayne Adams and daughter,

Joanna, have been visiting their parents, the Truman Merrells, in Quitaque the past two weeks. The Coopers also visited his parents in Lockney and his grandmother in Lubbock.

The Coopers are moving to Fort Worth where he will attend Southwestern Seminary.

The phrase "minutes of a meeting" does not refer to the time. It stems from the Latin "minutus" meaning "small", since records of proceedings were generally taken down in miniature, to be transcribed later.

Quah Rumph, who recently underwent an operation at Plainview, is home again and doing nicely . . . Rev. G. S. Hardy, who has been conducting a revival

here, has returned to his home at Plainview . . . Amelia Tunnell has returned from the Plainview Sanitarium and is reported to be doing nicely . . . Mrs. J. F. Jago is in Keene, where she was called to the funeral of her brother-in-law, Mr. Houston . . . Nearly everyone from here attended the picnic at Turkey Friday and Saturday . . . Born to Mr. and Mrs. W. N. Hodges, Sunday, July 25, a boy . . . That the Denver is confident of securing a permit to build their proposed line from Estelline to Plainview is shown by the fact that their surveyors have been ordered to complete the line from the caprock, through Quitaque to Estelline. R. C. Gowdy, chief engineer of the Fort Worth and Denver, was in Quitaque Thursday morning and conferred with the chiefs of each of the surveying gangs that have been working on the line. He ordered L. B. Furman, chief of the group that has been working up the cap, to complete his line on through Quitaque passing probably on the west side of town. It is thought that the depot site will be just west of the new gin and perhaps a little north of it. While in the Quitaque country, Mr. Gowdy located available sand and gravel pits and ordered samples to be sent to Chicago for analysis. He expressed keen interest in the wonderful possibilities of the Quitaque Springs as a source of abundant water and said that Quitaque would do well to begin planning to utilize the same . . .

A Bit of History

by Curtis Tunnell

The old Ozark Trail monument that stood in the middle of Main Street at Quitaque was pulled over and broken in two parts. One part was buried in a ditch dug alongside for that purpose. It is now under the pavement on the south side of Main Street. The other half is buried one half block southeast of the Methodist Church, and was pulled there by two Fordson tractors.

The monument at Turkey was pulled over and buried under the pavement on Main Street.

Visiting in the home of Mr. and Mrs. Michie Maupin during the weekend were Lucille Monk, Flomot; Millie Maupin of Adrian; Nolan Maupin and Troy Peters, both of Boys Ranch; Charles and Sylvia Jackson of Henrietta; Donna and Milton Mann and son, Matthew, of Higgins.

Mr. and Mrs. Keith Green and grandchildren, Justen and Jaymie Green, attended a reunion of the Chambliss family in Brownfield during the weekend. James and Tammi Green of Farnsworth also attended and Jerry and Kathy Green of Sam Rayburn were there. Their children, Justen and Jaymie accompanied them home. They had spent the past two or three weeks visiting in the Keith Green home.

Rev. and Mrs. W. L. Armstrong were in Turkey one day this past week visiting friends. They are on a very busy schedule in preparation for going overseas this fall to resume their mission work in Indonesia.

Mrs. Doug (Karen) Phillips and sons, Bristen and Colin, of Amarillo visited her parents, Mr.

and Mrs. Tom Eudy, Monday and Tuesday of this week.

Mr. and Mrs. Jimmy Keeling and family of Canyon spent from Friday until Sunday visiting in the homes of Jim and Gladys Stroup in Quitaque. Jim took the boys out to Caprock Canyons State Park.

Dr. Meriwether Being Welcomed to Staff Of Plainview Hospital

Central Plains Regional Hospital in Plainview welcomes Dr. Paul W. Meriwether, new Orthopaedic surgeon, to its staff. His office is located in the Edgemere Medical Building, 2606 Yonkers with office hours being from 8:30 a.m. until 5:00 p.m., Monday through Friday.

Dr. Meriwether began his practice on August 1 having completed his Orthopaedic surgery residency at Texas Tech Health Sciences Center last June. He will be working with arthritis patients, back injuries, sports medicine, and performing trauma surgery due to broken bones and replacing them with rods, plates, screws—carpentry work, so to speak.

CPRH's new C-Arm equipment helps Dr. Meriwether and Dr. Norbert Bubliss in surgery as a photo of the bone can be taken and seen as surgery is performed rather than waiting for an X-ray to be developed. This enables the surgeon to have a direct view on the fluoroscope as surgery is being performed as he/she drives a rod down the center of the bone and does various repair work.

Dr. Meriwether attended Lubbock schools and was graduated from Lubbock High in 1972 with an interest in medicine. In 1976 a B.S. in honors studies was received from Texas Tech and postgraduate training at Texas Tech Health Sciences Center was completed in 1981 after completing his Doctorate of Medicine in 1980. He is a recipient of the Omicron Delta Kappa Scholastic and Leadership Honorary and is listed among Who's Who Among Students in American Universities and Colleges. Dr. Meriwether was licensed by the state of Texas in August of 1980. "The medical field was of interest to me as a professional

choice because I enjoy being around, talking to and dealing with people," he states. "My family and I always looked at medicine from a consumer point of view: therefore, I can understand why people become annoyed and why the government has stepped in. Now, I am viewing the whole picture from the other side... the physician," he adds.

"Having participated in football in high school and during college through intramural athletics, sports medicine has been a real interest to me and I became interested in Orthopaedic surgery my sophomore year in medical school," he continues.

He and his wife, Carol, both enjoy water sports, snow skiing, basketball and tennis. Both were athletes in high school and Carol participated in the 800 meter, high jump, mile relay, 880 yard and 800 meter dash while attending Littlefield High School. She is a certified Radiologist and will be assisting Dr. Meriwether in his new office.

Hay Weathering Loss Can Be Severe

A demonstration in Gonzales County by the Texas Agricultural Extension Service last year showed the severity of weathering losses of hay stored outdoors.

Large round bales of hay were stored by several different methods from July to January during which time about 20 inches of rain fell.

Weathered parts of the bales were removed, weighed and checked for quality. Largest losses were in bales stored on top of the ground because the hay acted as a wick and soaked up

moisture from the ground. Uncovered bales on the ground lost 220 pounds on the average (16 percent of their weight) while covered bales on the ground lost 110 pounds. Those that were uncovered but stored on pallets off the ground lost 80 pounds on the average while covered bales on pallets lost only 35 pounds.

Energy content of the weathered hay was reduced by 50

percent of the energy in the unweathered hay.

Some people believed they could cure various parts of their bodies by throwing models of those parts into a stream.

"I'll call it a refrigerator." The refrigerator was invented in 1803 by Thomas Moore of Baltimore, Maryland. It consisted of two boxes, one inside the other, separated by insulating material.

The Carters Visit Relatives in

Mr. and Mrs. Ralph Carter left Friday, July 19, and drove to Paragould, Arkansas to attend the Golden Wedding Anniversary celebration of Mr. and Mrs. Hayden Carter. The event was held the following Sunday.

They were met there by Mr. and Mrs. Clyde Monk of Lubbock.

On Monday, the Carters and the Monks drove to St. James, Missouri to visit a niece and husband, Mr. and Mrs. O. J. Webb. Mrs. Carter told the editor of the Tribune of the most unusual home which Mr. Webb built from the ground up, literally. It is on three levels. The basement level drops off into the valley and the squirrels, foxes, birds of all kinds come up to feed. They have their flower garden and food garden on this level, beautifully arranged. The second level is the living quarters with a full kitchen, three bedrooms, bathrooms on all levels (including five) and the top level has a full living room at the back with a large sunroom at the front, also a full kitchen and dining room and a garage to the side of it. The Carters Visit Relatives in Arkansas

Mr. and Mrs. Ralph Carter left Friday, July 19, and drove to Paragould, Arkansas to attend the Golden Wedding Anniversary celebration of Mr. and Mrs. Hayden Carter. The event was held the following Sunday.

They were met there by Mr. and Mrs. Clyde Monk of Lubbock.

On Monday, the Carters and the Monks drove to St. James, Missouri to visit a niece and husband, Mr. and Mrs. O. J. Webb. Mrs. Carter told the editor of the Tribune of the most unusual home which Mr. Webb built from the ground up, literally. It is on three levels. The basement level drops off into the valley and the squirrels, foxes, birds of all kinds come up to feed. They have their flower garden and food garden on this level, beautifully arranged. The second level is the living quarters with a full kitchen, three bedrooms, bathrooms on all levels (including five) and the top level has a full living room at the back with a large sunroom at the front, also a full kitchen and dining room and a garage to the side of it. The

sunroom has a covered sitting space all around it. The patio is on the second level.

Mrs. Carter didn't give this to the editor to put in the newspaper but it sounded so beautiful, and having visited in Arkansas a number of times and having seen the beautiful flowers growing almost wild, one can imagine how beautiful the home must be.

The Carters returned home Wednesday and it was raining here. She says it was a beautiful sight, after a month of dry weather.

In ancient Greece, a person erroneously mourned as dead was not treated as alive again until he had gone through a re-birth ceremony—including being dressed in baby clothes.

CHILDREN'S PATTERN SWAP AVAILABLE AT EXTENSION OFFICE

Home sewers are invited to take advantage of the Children's Pattern Swap available at the County Extension Office.

A senior 4-H member catalogued 155 children's patterns by size as a community service clothing project. These will be placed outside the Extension Office in the courthouse basement.

The patterns may be taken, preferably no more than three at one time, and returned when no longer needed.

This service should give home sewers a free source of children's patterns to use without having to buy and store a large supply of patterns, as children outgrow them.

One requirement for borrowing patterns is that they be returned neatly folded in the pattern envelope with all pieces included.

Anyone wanting to donate children's patterns is asked to bring them to Lynda Fogerson at the Extension Office.

Come by and browse through the patterns.

COWS NEED ADEQUATE PHOSPHORUS

For high level reproductive performance, beef cows need a mineral supplement with 10 to 12 percent phosphorus, says a beef cattle specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

A two-year demonstration in Calhoun County showed that lack of adequate phosphorus can delay conception, which means a late calf crop and generally lighter calves.

In the study, two herds of crossbred cows received an 11 percent phosphorus mix the first year. Then the level was reduced to eight percent in one herd the second year, and cows in that herd were slower to conceive.

PSYCHOLOGY MAKING LIFE SIMPLER

Making life simpler can begin with cleaning out your closets, the basement and the attic—and holding a garage sale. Take a break in the midst of all that clearing, packing, sorting and pricing, and relax with a frosty glass of iced tea. Just think, with all that extra closet space coupled with the money you make from the garage sale, you'll be able to fill that closet with some fashionable new additions to your wardrobe.

Venture FOODS

Den III met July 11 at the Pinkerton home then drove to Caprock Canyons State Park to spend the afternoon swimming, fishing and playing. Those making the trip were Kyle Mars, Jo Dee Robison, Danny House, Vera Ruth and Tommy Pinkerton and a guest, Gina Conner. Jo Dee furnished drinks, Kyle brought the remainder of his birthday cake, and Mrs. Pinkerton made chocolate chip cookies for the group. Everyone had an enjoyable time at the park.

July 12, the members of Den I who received their scholar pin met and began their travel activity. Those receiving their scholar activity pins were Henry McNary, Chad Calvert and Tommy Pinkerton. The completion of this activity was determined by their fifth grade teacher, Ann Jones. Mrs. Jones was extremely pleased with Henry and the progress he made during her class.

This group of boys traveled to Plainview and visited the bus station. They checked on fares to Dallas, Santa Fe and San Antonio. They checked on timetables to see how long it would take to ride a bus to each place. Following this they stopped for a short time at George's Motorcycle Sales and the Army Surplus Store. They had pizza for lunch, then drove to Lubbock International Airport. There they checked on flight rates of different airlines and compared this with what they had found at the bus station.

After discussing all the pros and cons, they decided to fly to Dallas and visit places of interest there. Wanda Calvert is taking the group to the airport on Thursday morning and they will be met in Dallas by Billy Pinkerton. Tickets and airfare is coming from their travel fund at Peoples State Bank.

This activity will be the final Cub Scout activity for these boys and they have met the requirements to go into a regular Scout Troop.

The scholar activity and travel activity will be worked on next year by Jason Smith, Garrett Mills and David Lane.

July 22, Den II met at the Pinkerton home at 7:30 a.m. and traveled to Caprock Canyons State Park. Making the trip were Garrett and Jason. Guests were Tommy and Vera Pinkerton, Kyle Moore of Loraine and Shannon and Missy Bynum of Junction. The group spent the morning swimming, fishing and playing. At noon we had hot dogs and returned home at 1:00 p.m.

Pack 264 would like to thank the Sesquicentennial committee of Turkey for purchasing post cards for us to sell and allowing us to have the proceeds for our traveling activity. A few Scouts still have some of these cards if you would like to buy any.

A special thanks to Olene Edwards and others who donated aluminum cans. Our last cans only brought 12¢ a pound.

The year 1934 saw the production of an immensely strong synthetic fiber later patented under the name nylon. It was first used as bristles for toothbrushes.

Zona Lane Honored On 87th Birthday

Zona Russell Lane was honored on her 87th birthday anniversary (July 27) by her family and friends at her home in Turkey on Sunday.

Laura Stewart and Linda Ferguson planned the dinner and Dodie Williams decorated the cake.

Birthday telephone calls were made by Linda's children, Connie and Bob Dvorak, Ike and Frances Ferguson of Dallas and Jess Ferguson of Homa, Louisiana.

Harold and Daphyenne Lane and Dodie and Ricky Williams and children of Lubbock spent the day. Smitty and Analeen and girls were on vacation in Galves-

ton and unable to attend.

Clinton and Ve Lane of Silver City, New Mexico surprised Zona by arriving in time for the celebration. David and Roberta Lane and Christy had visited the previous week.

Congratulatory calls were received during the day from Sherry in Albuquerque, New Mexico, Rhonda and Jack Diamond at Weaverhead Ranch, Bimi in Las Cruces, and Don and Debbie in Silver City.

Zona says she intends "to live to be a hundred."

Cattle branding originated in Connecticut in 1644.

Some people have thought that playing a flute would bring fair weather.

CARDS OF THANKS

I want to thank everyone for the kindness shown to me, for the prayers, food, cards, phone calls, and farm and ranch work. May God bless you, is my prayer. Don Timmons

We want to express our thanks to everyone for the many kind deeds done during our sister's illness and passing. The cards, prayers, food, calls, visits and flowers all were appreciated so much. Laverne and Charles Hamner Vernell and Bob Russell

Most Customers To Begin Paying Monthly Charge

Most telephone customers across the nation, including those served by General Telephone, will begin paying a monthly \$1.00 subscriber line charge beginning June 1.

Business customers with more than one line have been paying a \$6.00 subscriber line charge since May 1984.

Under the Federal Communications Commission plan implementing the charge, the revenues of the local telephone companies will not increase since they in turn will reduce by an equivalent amount charges to long-distance carriers for use of local facilities and equipment. At the same time, it is expected there will be a similar reduction in some interstate long-distance rates. AT&T has already announced plans to reduce interstate rates by 5.6 percent.

General Telephone officials said the changes are to shift from long-distance users to local customers a larger portion of the actual costs of providing the line from their residence or business to the telephone switching equipment. It was pointed out that long-distance rates have been artificially high to pay a portion of these costs, keeping local rates artificially low. As a result of the shift, the local customers rather than the heavy users of long-distance will be paying more of the costs of the local network.

Depending on the amount of interstate long-distance calling, the proposed reduced interstate rates could offset the \$1.00 fee for many customers, especially high volume users.

The changes are an effort to keep high volume users on the local network since artificially high long-distance rates make it possible for them to find economical alternatives to using telephone company facilities for completing their long-distance calls. When this occurs, it is called bypass.

Telephone company officials say that if the high volume users leave the network, the investment and maintenance costs are still there and must be spread among the remaining customers, driving up local rates.

The incentive to bypass is lessened when the subsidy is reduced and long-distance rates decrease.

The \$1.00 subscriber line charge applies to all customers of all exchange telephone companies providing local exchange service. The charge is scheduled to increase to \$2.00 on June 1, 1986.

Cherrapungi, India has an annual average rainfall of 432 inches—36 feet!

Thin cream cheese, pot cheese or cottage cheese with a bit of milk and blend in chopped scallions, green pepper, radishes, garlic, herbs, nuts or chopped dried fruits to create your own tasty spreads and vegetable stuffers.
