Fifth Annual Quitauque Quest Mountain Bike Race Slated Sunday

The fifth annual Quitauque Quest Mountain bike race is slated to be held on Sunday, October 25th at Caprock Canyons State Park. Quitauque Quest is sponsored by the Caprock Bike Club and is a part of the West Texas Championship Series. Other mountain bike races in the series are held in San Angelo, Abilene, Lubbock and Palo Duro Canyon State Park.

Pre-race registrants have been good with riders coming from Austin, Lubbock, Odessa, Plainview, and Amarillo. Most of the participants in Quitauque Quest come from the cities of Lubbock and Amarillo. Mountain bike enthusiasts speak highly of the trails at Caprock Canyons even though the local trails are more difficult than other trails in the series. The water crossings and the sandy banks associated with the crossings are a real challenge to the technical skills and stamina of most riders.

Registration for the event will start at 11 a.m. and continue until 1 p.m. a pre-race briefing will be held for the riders beginning at 1 p.m. The race will

start at 1:30 and should continue for about 3 hours. The three experience categories available to participants are beginners, sport and expert. Sport and expert riders must complete two loops of the 12 mile course or 24 miles. The beginners and all women riders will be required to ride 12 miles or one loop. The categories will be broken down into four age groups. The best or fastest riders usually come from the 19-34 age group.

A large number of local residents will be called upon to help conduct the race. EMT's are offering their services to man stations to assist participants who may be injured during the race. Other volunteers will be helping to marshal the event while others will assist in timing, collecting winners at the finish line, or working to register riders.

The event will start near the south end of Eagle Point Trail and will end at the Interpretive Center. The public is invited to attend and view the race.

Turkey Rebate Up; Quitauque's Down In October, 1998

A total of \$173.6 million in monthly sales tax payments were delivered to Texas cities and counties this month. State Comptroller John Sharp said October's rebates include local sales taxes collected on August sales and reported to his office in September by businesses filing monthly tax returns.

"Consumer confidence is still up across the state, as spending in Texas shows no signs of slowing down." Silverton, in Briscoe County received \$1,570.09 rebate, up 17.54% over 1997, and Quitauque, also in Briscoe County, had a check of \$1,235.29, down more than 11% from 1997.

The City of Turkey, in Hall County, which has a 2.000% tax rate, received a check of \$1,112.87, up almost 50% over last year's rebate for the same period. This brought their total to \$17,043.12 for the year, up 66.21% over '97.

Childress's check for October was \$39,382.33, up just 1.51% over last year's check for the same period, and bringing their total to \$497,588.49 for the year thus far, up 4.77% over 1997.

Motley county, with two towns reporting sales taxes, received a total of \$1,540.04 - Matador had \$1,119.45, and Roaring Springs \$420.59. Both were less than last year's rebates for the period. However, overall, Matador's rebates to date were up 7.90% over '97, while Roaring Springs was down almost 20%.

Paula Phillips' scarecrow placed second.

THEN & NOW!

by Eunice McFall

Fair, now there is one word that everyone knows the meaning of, right? We hear it used quite often. Fair and square. The world is not treating me fairly. Play fair. A fair day. Of a fair complexion. What of the word fairness? Webster states that fairness can mean decency, honesty, uprightness, truth, integrity, charity, impartiality, justice, tolerance, honor, moderation, consideration, equity, justness, accuracy, scrupulousness, duty, and rightfulness. Are we always fair? Do we treat our fellow human beings with fairness? Are we honest in all of our dealing with others, even if we do not like them? Do we give consideration to those that we deal with daily? Are we scrupulous when we present our cause to others or do we color the facts so as to make our case look a bit better for our side? Is life fair to one and all? Do we accept our duty as our fair share?

Well, to be honest, I do not think that life always treats everyone fairly. When you look around and see all the heartache that is going on in our world, you can not believe that it is fair for some families to have so much heartache while others seem to be immune from problems. Of course some people are more adept at hiding their feeling and hurts that the world bestows on them than others.

Do we give fair measure when we have a business deal? Do we give a full day for a full day's pay? Do we always make sure that we pay someone full measure when they have done a service for us? Do we turn in an accurate account of money disbursed during the month? Do we fulfill our duty so that it is fair to those that are also working on the committee? Is it fair if we shirk our duty and someone else has to pick up the pieces and perhaps start the project all over again? So do we do what is right even though it causes us pain, extra time or perhaps even money? Fair is fair and right is right and only we know in our heart if we have done the fair thing! Maybe we need to always consider how we want to be treated before making a decision to cheat someone of time, money love or just plain care.

We hear children shouting "It's not fair!" Maybe we should stop and give their complaints some consideration. Could be they are right—we are not being fair. True, there is much in the modern world that does not treat anyone fairly but that should not keep us from trying to do the fair and right thing. After all, as I read this week, "I want to be able to look at my face in the mirror without shame" and if I have been unfair, can I do this?

MOLLY BROOKS WITH AWARD.
Molly Brooks Outstanding 4-H'er

Forty-six 4-H members were recognized in Austin at the State Capitol for outstanding community service, leadership, project work, and record keeping skills through 4-H at the "Texas Legacy" Banquet on Saturday, October 10, 1998. Over 190 people, including State Officials, County Extension Agents, and Texas Agricultural Extension Service Administration, were present to celebrate in the successes of each of the 4-H members.

Molly Brooks of Briscoe County and a member of the Silverton Senior 4-H club was one of the honorees. Miss Brooks was recognized for being the winner of the Home Economics Achievement Record Book Category. The honor of being recognized as one of the top record keeping 4-H members is only bestowed on 46 of the over 63,000 traditional 4-H members.

According to Toby Lepley, Extension Program Specialist - 4-H and coordinator of the Texas Legacy Banquet, "To be awarded this honor a 4-H member must be a 'well-rounded' 4-H member in club work with outstanding community service, leadership, and record keeping skills. They must have submitted a record book at the county level and had it advance by winning at the county, district and state levels. Out of the 400 books that are judged at State Competition, these are the top 46 in the state."

health hints Controlling Diabetes Makes A Huge Difference

(NAPS)—If you or someone you know has diabetes, taking control of the disease may not only help you feel better now, but also lower your chances of health problems in the future.

Consider these tips for blood sugar control:

- Test your own blood sugar. Ask your health care provider when and how often.
- Ask your health care provider for a simple blood test called a hemoglobin A1c test at least twice a year.
- Keep a record of your blood tests, medicines and daily events. Review the record with your health care provider.
- Take your diabetes medicine as prescribed.

Price Concert Big Success

by Joyce Guest
Once again Ray Price wowed the audience at 2:00 and 7:00 p.m. concerts last Saturday. People came from all over the state, and from out of state as well.

Those who saw the concert were delighted, and expressed nostalgic feelings about Price's singing.

South Plains students and instructor gave a tremendous 30 or 40 minute performance before Ray Price came on with the Cherokee Cowboys.

Price was so impressed with Cory Williams, fiddler from South Plains College, that he asked him to go on tour with him (Price).

Profits from the concert go to restoration of the Gem Theater in Turkey. A concrete foundation is now being poured at the back of the building for dressing rooms.

WEAR PROPER FIENDISH ATTIRE!

Halloween is the kids' night to howl, so let them do it in style and safety. Children's halloween costumes should give children maximum mobility and visibility for the nocturnal neighborhood treks on October 31.

"Parents should consider these guidelines before the little gremlins get dressed for their trick-or-treating," said Michael C. Smith, M.D., pediatrician at the Scott & White Clinic, Waco, and assistant professor at the Texas A&M University Health Science Center College of Medicine.

One of the nation's largest medical centers, with more than 500 physicians and 18 regional clinics, Scott & White Memorial Hospital and Clinic is committed to delivering personalized, comprehensive, high-quality health care enhanced by medical education and research.

So, how can parents make sure their little cowboys, ballerinas and space aliens are stylish and safe? Dr. Smith advises the following:

•Make sure the costume allows for easy movement and doesn't drag on the ground. This could cause the child to trip and fall. The child should wear shoes that fit well and feel comfortable. High heels, clown feet or heavy boots could cause the child to stumble.

•Since most trick-or-treating is done at sundown or at night, costumes should allow the child to see and to be seen by motorists. Make sure the costume is made of white or bright material so that the child can be seen at night. Use black only for trim or decorative touches.

•Elaborate headdresses and rubber masks can block a child's vision. A good substitute for masks and headdresses is face painting. Just make sure the paint is non-toxic and designed for use on the face. Use paint labeled specifically for cosmetic purposes and safe for the skin. If you have doubts about using a paint, call the Texas Poison Center Network's toll-free number for information before applying it. Call 1 (800) POISON1, or 1 (800)764-7661. The phones are staffed 24 hours a day, 7 days a week. Callers will be connected with the nearest available Poison Center.

Patriots Drop Close One To Lorenzo Hornets

The Valley Patriots lost a close defensive struggle to the Lorenzo Hornets Friday night, as the Hornets stung Valley 9-6 for their first district loss.

It was a defensive ballgame all the way, with both teams effectively shutting out their opponent's scoring for the first three quarters.

Going into the 4th quarter, with the score locked at 0-0, the Patriots finally were able to push one in from the one yard line, with a run by Nathan Wheeler. The extra point kick was blocked, but Valley led 6-0.

The Hornets then got the ball in good field position, and went all the way down to score on a 4th and 10 yard pass. Their point after kick was good, pushing them into the lead.

After a turnover by the Patriots, the Hornets pinned Valley deep with 1:04 left in the game, and Lorenzo's defense managed to get a safety to close the scoring.

Leading the Patriots offensively was Nathan Wheeler, who had 20 carries for 70 yards, and Cory Chandler, with 9 carries for 56 yards.

Leading Patriots' defense was Morgan Payne, who had two solo tackles and 7 assisted tackles. Roman Hernandez had 8 tackles and Michael Silva had 7 tackles.

The Patriots will travel to Crosbyton for their next district game Friday night. Kickoff is at 7:30. You are encouraged to come and support your home team.

Jr. High Patriots Swat Hornets 50-14 at Lorenzo

by Coach Greg Ramsey
Valley Junior High Patriots traveled to Lorenzo Thursday night to take on the Lorenzo Hornets.

Valley kicked off to the Hornets, and the Patriot defense shut them down, forcing a punt.

Patriots then took the ball and drove it down for the first score of the evening.

Robert Mendoza carried the ball in for the score, and Cliff Yeary added the two-point conversion.

After the kick-off, the Patriots defense held, again forcing a punt.

The second quarter saw Valley score again on a long drive with Yeary making a nice run where he broke several tackles, taking the ball in for the score. Mendoza added the 2-point conversion.

As the first half ended, Valley led by a score of 16-0.

The second half saw the Patriots running wild with Mendoza adding two more TDs and Yeary also scoring a TD.

About midway through the 4th quarter, Valley put in their 6th grade offense. These guys played surprisingly well, with Fidel Valdez scoring two TDs on runs of 70 yards and 30 yards. Cody Varnell also made a couple of nice runs and Zack Ramsey did a good job at quarterback.

The final score was Valley 50, Lorenzo 14. This week the junior high takes on Crosbyton at Valley, with kick off at 5:00 p.m.

South Plains Fair Results For Valley

The Valley Future Homemakers of America and the freshman home economics classes recently completed a Peer Education and Child Development project. The freshmen home economics class had been studying children, their behavior and ways to increase self-esteem. Entering projects in the South Plains Fair in Lubbock is a great self-esteem booster.

The freshmen worked with kindergarden and made seed craft coasters with many dried seeds. The first grade was invited to a class to decorate and paint T-shirts; while the second grade students worked on dough art projects. Each student's project was then entered in the junior craft division at the South Plains Fair at the end of September.

What a great thrill it was to discover some of the students won ribbons!

Ruben Martinez, kindergarden, won third place Seed Craft. Lauren Young won first place and Jacob Hancock won third place in Decorated Shirts. The second grade students captured all the ribbons for the dough art with Francisco Pozos first; Brady Ramsey second; Angelica Cruz, third; and Jordan Jenkins, Honorable Mention.

Several high school FHA members also placed in the Senior Craft Division. Avelino Regalado, third place, dough art; Marcos Mora, second place, dough art; Christopher Taylor, first place, models and honorable mention, pillow; Jamie Taylor, honorable mention wreath.

Some Memories Of School In Turkey

by Coy Jane Lacy Young

While reading the obituaries in a recent issue of the Valley Tribune, I noticed the name of "Connell Mullins" mentioned as the deceased brother of one of the deceased. The mention of the name brought memories of Miss Gaynell Gilmore's 1935 fourth grade class and how sad we were at the death of a classmate, Connell Mullin. This was probably the first experience we had had with the death of one of our peers.

This made me stop and think back to the death of other classmates at the Turkey Schools while growing up there.

Clyde Montgomery was killed in a tragic accident when his rifle fired accidentally as he crawled through a fence while hunting near his home south of town after school one afternoon. I will always remember Mrs. Mary K. Officer standing before our sixth grade class the following morning with tears streaming down her face as she told us what had happened.

The following year, Junior Meacham who sat next to me in Miss Carrie Buchanan's seventh grade class, was out of school sick for several days when we were told that he had died.

And then some years later while in Turkey High School, "Little Red" Williams died of leukemia. The high school auditorium was filled to capacity as *My Buddy* was sung by friends and classmates who also served as pall bearers and flower girls.

So many friends and classmates from my hometown have died since that time and I am always deeply saddened to learn about it. But nothing could ever take the place of having had such wonderful friends and having grown up in Turkey, Texas.

City Of Childress Has A Stinky Situation

Taken from the Childress Index

The "skunk" calls to Childress City Hall are from far and near—Washington, California, Texas, etc.

By noon Friday, Roger Davis, city manager, had come to the conclusion that only one person is getting more publicity than Childress - and that's Monica Lewinsky...

Childress made headlines Friday when the Associated Press carried a story on skunks within the city. The "skunk" story was first carried in the Sept. 20th edition of The Childress Index.

The Childress City Council is also making headlines over refusal to release names of the six finalists for the city manager's post. Steve Bird, city attorney, has asked for an attorney general's ruling on the issue. (The names have since been released.)

However, "skunk" calls outnumber the city manager inquiries. Davis said a radio station from Los Angeles called; also a call came from Seattle, and another from a "skunk expert" at Texas A & M University. Since the day was still young, more were sure to follow.

"He (the expert) was most helpful," the city manager explained. "He has a ranch and he told us how to get rid of the skunk odor immediately by using hydrogen peroxide. Spray the traps, spray clothes, spray under the house, spray the car - anything and everything - and the odor disappears instantly," the expert advised.

The expert also told city officials how to pick up a trapped skunk and avoid a spraying: "Cover the trap...don't allow the skunk to see you."

"We appreciate the information," said Davis who thinks the drought is probably responsible for the skunk population in Childress. "Hopefully, the rain will help."

Two Local Teachers Named In Who's Who

Area Students Do Well at College Rodeo

Nearly a hundred Clarendon College students participated in the Fall Intramural Rodeo October 16, 1998. Kasey Parks, of Roaring Springs, was named All-Around Girl. Rick Hayes, of Hereford, was All Around Boy.

Events won by local and area students were:

Goat Tying - Kasey Parks;
Team Roping - Rick Hayes and Darryn Perryman, of Matador;
Calf Dressing - Kasey Parks, Brianna Sperry, of Quitaque, and Amanda Walker, Aspermont.

Tabs For Life

by Hannah Boedecker

During a recent meeting of the Valley Student Council, President Amy Stark mentioned a young girl with whom she has connections in Amarillo. Through a friend, Amy had learned that this child was suffering from cancer. The family is extremely troubled with bills and payments for treatments, so the Coca-Cola company has begun a special collection for her, her family, and other young cancer patients across America. For every five coke tabs collected, the Coca-Cola company will donate one minute of free cancer treatment to a young patient.

Immediately, the student council saw a wonderful opportunity to involve the entire community in an endeavor to help these young people. We ask, now, that you help us by taking a moment to salvage the pull-tabs from the tops of your aluminum cans. Any amount is welcome at this time. Tabs may be dropped by the school or given to any student council member. Thank you, and remember every little bit helps!

1998 Floydada Punkin Days Is Here

If you've been looking for something fun for the whole family to participate in, Floydada's Punkin Days celebration can provide it. Celebrated every year, this harvest party is held the last weekend every October to herald Floydada's claim as Pumpkin Capital U. S. A.

Punkin Days will kick off on Saturday, October 31, with arts and crafts booths open for business at 9 a.m. on the manicured lawn of the courthouse. The booths feature home made items from all over the United States. It will be a great time to do a little early Christmas shopping. Local merchants will also feature great buys at downtown stores!

Judging will begin under the pavilion at 9:30 a.m., on entries of the smallest pumpkin, the largest pumpkin, ugliest gourd, prettiest corn, best painted pumpkin, best carved pumpkin and best pumpkin pie.

Smaller children will enjoy the special afternoon games created for them, including: a pumpkin drawing contest, pumpkin rolling race, the great pumpkin toss and pumpkin bowling. Those a little older can partake in a timed carving contest, seed spitting contest, wheelbarrow race and a pumpkin pie relay race.

The person who guesses the weight of the pumpkin piled in a trailer will win \$25.00, and prizes of \$200.00, \$300.00 and \$500.00 will be awarded to the winners of the Cow Patty Bingo.

After a short rest, children can enjoy a costume contest at the Floydada High School and then a safe *Trunk or Treating* around the walking path at the high school. This newer version of *Trick or Treating* was created by the Punkin Day Committee in order to give children a more protected environment in which to walk and to also give parents peace of mind about candy being distributed to their children.

A costume contest will be held at the high school, beginning at 5:30 p.m. followed by *Trunk or Treating* 6:00 p.m. Cars belonging to volunteers (screened by the committee) will be parked along the park with the trunk lids popped open. As the ghosts and goblins pass the vehicles they will be treated to the candy stored inside the trunks.

For more information on Punkin Days call the Punkin Day Chariman, Angie Lipham, 806/983-3434.

THIS AND THAT ABOUT

ONE THING AND ANOTHER

Among the new houses recently built which we'd like to have a story about is the nice five room stucco which Orb Payne built out Fairmont way, but we haven't had opportunity to go out there. However they tell us it is a mighty nice little home and as soon as we can we'll tell you more about it. Mrs. Daisy Bedwell has moved her home in from Gasoline this week and it is located cater-cornered across the street from her son Joe Bedwell. (That's just south of the Gus Gibsons.)

There was a little game of swap-out recently in order for Mr. and Mrs. Lockett Payne to move into her former home which was occupied by Mr. and Mrs. W. O. McFall. Mr. and Mrs. McFall moved into the house which had for years been the home of Mr. and Mrs. Ezzell and the Ezzells moved into the house vacated by Mrs. Virgil Morgan and Rayburn who have moved to Silverton. The Ezzells had lived in their former home for 18 to 20 years and it was quite a wrench for them to move. However they are just across the street now from her son, Mr. and Mrs. John Castleberry which makes it very nice for them. Mrs. Morgan is working at the clinic for Dr. Shy at Silverton.##

Mr. and Mrs. J. C. Rhoderick, Jr. and Jimmy, Mrs. J. C. Rhoderick, Sr. and Lynn, attended the fair in Amarillo Friday.##

Mrs. E. L. Boyett and small Jimmy returned home Monday from Hollis, Oklahoma where they had been visiting while Smooth was on a hunting trip to South Dakota.##

Mr. and Mrs. C. R. Badgett returned home Wednesday evening from several weeks stay at Hot Spring, NM, both of them feeling fine. Fiddler said that was an ideal place to fish and Miss Annie said the baths were very beneficial to her.##

Mr. and Mrs. L. W. Simpson of Pampa were here last week visiting his brother O. V. Simpson and family.##

Home Again?

by Leola Hill Nelson
"We really need to have a reunion at Turkey sometimes," someone always said at our yearly get-togethers.

And so we did. On September 5th and 6th we were in Turkey for a Hill family reunion.

We had a good time. Peace and quiet away from cement and traffic. No hurrying. Beautiful sunsets. To be home again brought out the kid in us. A lot of "remember whens?"

Hiking in the incredible Carrock Canyons State Park, seeing the old home place, walking the streets of Turkey on a Saturday evening, being next door to the first church we attended, visiting with my classmate, Dollie Mae Irby, and Reddell, and with Leota Johnson and Iona Lane, my first two friends, were exciting experiences.

Swedish-styled food with home-grown vegetables and homemade bread at the Peanut Patch was super, super good. I've been thinking I would make cucumber soup ever since I've been home. And then, there were the sweet-potato pancakes, brisquet, and other delicious foods at the Hotel.

Those who came were: Rita and Perry Stokes; Patsy and Bobby Rogers; Audrey Hill; Connie, Jason and Whitney Smith; Leola and Bill Nelson; April and Jimmy Rogers, Garrett, Victoria and her friend; Pauline and Herbert Hill and Michael; Mildred Hill; Polly and Byrl Cobb; Dena and Richard Young; Suzanne and Perry Galbreath; Sheila and Paul Cobb and Adam; and Cassie and Aaron Orner. Cassie and Aaron came the farthest distance, Lebanon, Ohio.

It was especially meaningful to the Stokes for Mr. and Mrs. P. W. Tripp to open their home for a visit because this is where Rita's grandparents and mother lived for a long time.

News Of Floydada Rehab & Care Center

by Patricia Hill
Hello Floyd and surround counties, from the residents and staff from Floydada Rehab and Care Center. A big thank you goes out to Morales Produce for all the corn-stalks that were donated to the center, also to Travis Jones for the pumpkins, gourds and to the FFA for the bales of hay.

There are some new faces around the FRCC, thanks to the young ladies of FHA. They have been coming out and volunteering their time. The residents and staff look forward to seeing them, and they are a big help. The residents enjoying sitting and talking with them, being pushed to supper, or having their nails polished. This means so much to the residents and also the staff.

Monday the 4-H was at the FRCC to play the piano. 4-H comes to the center on the first Monday each month at 4 p.m. to play for the residents. Thanks 4-H.

Resident of the month is Glen Cooper and employee of the month is Comye Hickman who is the business office manager.

Wednesday at 7 there was a luncheon held for the food service workers. The staff enjoyed a six foot sub sandwich, cake, cokes and chips.

Floydada Rehab and Care Center would like to welcome our new resident, David Campbell.

Coffee time each morning is at 9:30 a.m. Come out and join us. That's about all for now, God bless until next time.
