Former Publisher's Kin Visits Quitauque

Mr. Dee Dodson of Rio Rancho, New Mexico was in town Tuesday afternoon. Mr. Dodson had two reasons for this trip to Quitauque.

The first and most important reason was to bring Mrs. Dora Scott's ashes back to the area she loved. Mrs. Scott will be remembered as a long time editor and publisher of the Quitauque Post from 1937 until 1956. The Scotts also purchased the Turkey Enterprise in 1942 from Carl Rowe.

Mrs. Scott retired to Albuquerque, New Mexico in 1963. She died in her sleep on June 6, 1991.

Mr. Dodson's second reason for being in Quitauque was to donate two copies of his new book, "Victim of Circumstances" to the Caprock Public Library. This is a trip down memory lane with "Dee-Tales of the Past" with Mr. Dodson.

Longbine Named Turkey Postmaster

Danny Longbine of Estelline was recently appointed to the position as Turkey Postmaster. Danny is an Estelline native. The Longbines have rented the house belonging to Gary Edwards and have moved in. They are now officially Turkey residents.

Danny's wife, Sharon, is a native of Childress. Sharon's maiden name was Barber.

The Longbines have three children living at home. They are sons Jeremy, who is eleven, and Jacob, who is ten. They have an eight year old daughter, Jennifer.

Danny has a nineteen year old son who is attending West Texas State University in Canyon.

Turkey extends a sincere welcome to the Longbine family.

Ambulance Drivers Attend School

Matt Barrett and James Cathey, Volunteer Ambulance drivers for the Quitauque Ambulance Service attended a one day Ambulance Driving Seminar in Canyon at the WTSU campus, Sunday, August 9, 1992. The class began at 8:00 a.m.

Those present received a workbook that was used during the classroom lecture of the course. They spent the first four hours working in workbooks and viewing numerous video tapes. The afternoon was spent at Kimbrough Stadium perfecting each of four driving courses, including speed control and backing and driving techniques.

One last hook in the water before School begins Monday.

School Bells To Ring Monday For Quitauque-Turkey School

Valley School is going to ring the first bell at 8:17 a.m. Monday, August 17, 1992. The first tardy bell will ring at 8:20 a.m.

Valley bus routes will also change this year. Some of the changes are results of the T.E. A. Transportation audit last school year. The in town bus stops will be at several centralized locations.

Bryon Young's bus will pick up students on the east side of Quitauque at the City Park at approximately 7:45 a.m. and at Valley View at 7:55 a.m.

Buster Chadwick's bus will pick up students at the First Baptist Church parking lot on the north side of Quitauque at 7:50 a.m.

Commodities To Be Distributed

Turkey commodities will be given away on Tuesday 18, 1992 from 8 a.m. until 12 noon at the Turkey Senior Citizen Room at the Bob Will Center.

Caprock Library Offers Books On Indian History

How many times has this axiom been reported?, "If only these hills could talk, the tales they could tell." If we were geologists, we could read history in the rocks, but easier than that is --Read a good book.

If you are interested in the history of Indians in our area, Caprock Public Library has books such as: *Indians of Texas: From Prehistoric to Modern Times; Indian Wars of Texas; Texas in 1837; 33 Years Among Our Wild Indians.* Or if the history of ranching is more your style: *6000 Miles of Fence: XIT Ranch; The Great Round Up: A book of Southwestern cowboys.* biographies such as: *The Raven: the Life of Sam Houston; The Ware Boys: Bankers in Texas; The Texas Rich; Davis versus Texas.*

Or maybe books such as: *Bells Over Texas*, which describes railroad bells, mission bells, civic bells, and even a bell named Oscar.

Or a book called *Texas*, the marvelous tale that tells of four centuries under six flags.

We also have the Briscoe County Historical Society's *Footprints of Time* which offers personal histories of people in our community.

Stop by the Library--history helps us to know ourselves and in knowing ourselves, we know others.

In Turkey, Heneretta Scoggins' bus will pick up students on the north side of town at the Church of Christ parking lot at approximately 7:50 a.m.

Harold Thrasher's bus will pick up students on the south side of town at the Bob Wills parking lot at approximately 7:40 a.m. and on the east side of town at the end of Bell Street at approximately 7:50 a.m.

Ruth Ann Scriviner's bus will pick up students at the apartments on the north side of town at approximately 7:45 a.m.

These changes will create some confusion the first few days and some adjustments on times may be necessary.

To reduce hazardous situations in front of the school, parents remember to leave or pick up your child at the north parking lot by the flag pole or at the west end of the school building. The driveway right in front of the school is for school bus loading and unloading. We want all of our students to have a safe journey to and from school.

School will dismiss early Monday, August 17 at 2:30 p.m. and busses will run at that time.

Brisco Co. Makes Final Plans For Centennial Celebration

The Briscoe County Centennial celebration will be held August 13, 14, 15 in Silverton.

Rodeo performances are scheduled for Friday and Saturday nights beginning at 8:00 p.m. Maverick Rodeo Company of Tulia will furnish the stock. On Saturday night, a drawing will be held to give away a handmade saddle, quilt and spurs. BCAA is sponsoring the rodeo.

A full schedule of events are slated for Saturday August 15. Cowpatty Bingo will be held at 9:00 a.m. on the lot across from Jerry's Malt Shop.

The Amarillo-based E Company of the 4th Cavalry Regiment will also be set up on lots across from Jerry's and will be performing live demonstrations throughout the day. This event is sponsored by the Quitauque Chamber of Commerce.

At 3:30 p.m. a parade will wind through the streets of Silverton.

Dedication of the new Centennial Monument will be held

SCS Compliance Must Be Met By December 1994

The Food Security Act of 1985 requires that highly erodable land be farmed by an approved conservation plan. This plan must be FULLY APPLIED by December 31, 1994. This includes structural practices such as terraces and blocks on terraces.

Matt Kast, District Conservationist with the SCS in Silverton, says that enforcement of FSA plans is becoming more stringent as pressure from environmental groups increases. Beginning in 1993, 5% of all plans will be spot-checked by someone from outside Briscoe County. You will not know ahead of time when you are to be checked. If you are found out of compliance, you risk losing farm program benefits.

Kast says it is the farmer's responsibility to stay in compliance. "I encourage all producers to stop by the SCS office EACH YEAR and review your plan. This is also a good time to document high residue crops, windstrips, or cover crops." Don't wait until you are spot checked. It may be too late.

3M Band Named Band Of Month

The band of the month at the last Caprock Jamboree in Silverton was the 3M Band (Motley Music Makers) from Mator. Mid-Plains Rural Telephone of Tulia was the sponsor of the "Band of the Month" this month. They awarded the 3M Band with \$50.00.

Anna Rambo of Hale Center won the \$25.00 door prize and other prizes were also given away.

All the bands performed before a full house, the biggest crowd ever. If you like good family entertainment, come to Silverton each first Saturday night at 7:00 p.m.

at 4:30 p.m. at the site of the monument on the courthouse square. Representative Bill Sarpalus will give the dedication speech.

At 5:30 p.m. there will be a barbecue served on the square. Tickets will be available prior to the beginning of the barbecue.

A western dance will be held on Friday and Saturday nights at the County Showbarn beginning at 9:00 p.m. each night. Country Nites of Plainview will provide the music.

Make plans now to be a part of Briscoe County's 100th Birth-day Celebration.

Golf Course Possibility To Be Discussed

Recently, a lot of interest has been created concerning the possibility of establishing a golf course in Quitauque.

In order to explore these possibilities, a meeting will be held at the Community Center on Monday, August 17, at 8:00 p.m.

This will be an organizational meeting and will determine the direction to go from here.

Everyone's attendance and ideas will be welcomed and appreciated.

4-H Sponsoring Jackpot Playday Event

Briscoe County 4-H will be sponsoring an open youth playday beginning at 5:00 p.m. on Thursday, August 13 at Wood Memorial Arena in Silverton.

The events will be Barrel Racing, Pole Bending, Stake Race, Flag Race, Boot Race, Ride-A-Buck, Goat Tying, Bunkhouse Race, Baseball Race and Egg and Spoon.

Each event will be broken into age groups of youth from 8-10, 11-13 and 14-19.

There will be a one time office charge of \$4.00. Each class will have a \$2.00 fee. First through third place in each class will split fifty percent of the entry fee money. Entries will close at the start of each event.

For more information about the playday you may call the Briscoe County Extension Office at 823-2131.

Summertime Bash Set For Thursday

The final Summertime Bash for the summer of 1992 will be on Thursday, August 20 from 7-9 p.m. at the Briscoe County Showbarn in Silverton.

All youth and parents are invited to attend this event sponsored by the Briscoe County 4-H and Youth Development Committee.

Those attending are asked to assist in supplying refreshments. Call the Extension Office for more information.

The Briscoe County Courthouse will be closed Friday, August 14, 1992 for the county centennial celebration.

THEN! NOW!

School Safety by The Texas Department of Public Safety Region 5 Bells will be ringing shortly, as thousands of Texas children return from summer break. This means making adjustments in their routines. It's also time for Texas motorists to make some adjustments in their driving habits.

The first few weeks of school are the most dangerous, according to Major Vernon Cawthon, Regional Commander for the Texas Department of Public Safety. "This time of year presents safety problems for both the school children and the drivers," Major Cawthon explained. "Many kids are attending school for the first time and others might be going to a different school where they are unfamiliar with the local traffic conditions."

Another problem is that during the summer recess many drivers have gotten out of the habit of being alert for both school zones and school buses. Drivers must remember that children have many things on their minds as they go to and from school. They are also easily distracted from important things like remembering to watch for traffic. This is an ideal time for parents to remind their children about school bus safety rules, since many school bus accident victims are struck by vehicles while waiting for the bus. Major Cawthon gave several safety tips concerning this, children should be reminded to:

- Line up away from the road and wait for the approaching bus to come to a stop before entering the roadway to board.
- Avoid pushing and shoving.
- Use the grab handle when boarding and move directly to a seat. While the bus is in motion, children should:
 - Avoid horseplay.
 - Refrain from shouting or making loud noises that could distract the driver.

--Remain seated for the entire trip, even when the bus is approaching its destination.

Upon arrival at the bus's destination, children should:

- Exit the bus in a quiet and orderly manner.
- Walk to where the driver can see them if they must cross the street, and wait until the driver signals them before attempting to cross.

--Remember that although it is against the law for vehicles to pass a school bus that is loading or unloading passengers, some drivers still do. Students should always check both ways on any street before crossing.

By observing the speed limits in school zones, being alert for increased pedestrian traffic, and watching for school bus activities, we can make this a safe school year for all.

Obituary

P.M. "Buddy" Burnett

Rotan-P.M. "Buddy" Burnett, 77, died Friday at his home in the Hobbs community.

Services were held at 2 p.m. Monday at the Hobbs Baptist Church with the Rev. Cone Merrett and the Rev. Dee Threath officiating. Burial was in the Camp Spring Cemetery, directed by Weathersbee Funeral Home.

Born in Hobbs, he lived there most of his life except three years in Memphis and two years in Turkey. He graduated from Turkey High School. He was the son of a pioneer Fisher County family.

He was a member of the Hobbs Baptist Church and taught an adult Sunday school class. He had served on the Hobbs School Board.

He was a member of the Fisher County Historical Commission and the South Plains Archeological Society as well as a docent at Western Texas College Museum. He was an amateur historian and archeologist especially in the local area.

Survivors include his wife, Flossy Lacy Burnett of Midland; a son, Max Burnett of Waco; five daughters, Anna Beth Martin of Roby, Reta Birkhead of Midland, Pat Hamilton of Houston, Jenny Armstrong Ruidosa, N.M., and Lynda Teal of Waco; a sister, Gwendolyn Burnett Jay of Abilene; 11 grandchildren; 11 great-grandchildren; and two great-great-grandchildren.

Jake and Jo Merrell To Celebrate Golden Anniversary

The children and grandchildren of Jake and Jo Mae Merrell are giving a reception for them in honor of their fiftieth wedding anniversary. The reception will be held at the First United Methodist Church Fellowship Hall in Quitaque, Sunday, August 16, 1992 from two to five p.m. The couple request that you bring only your friendship and good wishes as gifts.

Jake Merrell and Jo Mae Smith were married August 15, 1942 at Dimmitt, Texas by Brother Sherrill, a former Quitaque Methodist pastor.

Jake was working for M.L. Robertson Grocery and Jo Mae was a teacher in Quitaque High School. Jake had volunteered for military service and was called to serve in the US Coast Guard on November 1, 1942. He attended the Coast Guard Academy at Groton, Conn. and served aboard the USS Reading in the Atlantic for the duration of WWII. He was honorably discharged in December 1945 as Petty Officer First Class.

In January 1946 Jake purchased the George Lay Grocery on West Main Street in Quitaque. The '50, '60's and '70's passed swiftly.

Children of the couple are Warren Lee Merrell, who now operates Merrell Food Store on East Main; Jo Beth Gardner, Medical Technologist at St. Anthony's Hospital, Amarillo; and Dr. Jerry Merrell, oral surgeon with offices at Midland and Odessa. The couple are blessed with 8 grandchildren, ages 7 to 20.

Jake was mayor of Quitaque for 20 years and is active in community

- On The QT

Recent visitors in the home of Jane Hamilton were her niece and family Mr. and Mrs. Greg Gable and son Michael of Tyler; and grandson Sean Walker of Gulfport, Mississippi.

Jimmy and Clara Ruth Davidson had their son, Jimmy Don's children here this past week visiting. They took them home Saturday and spent the week-end with Jimmy Don and susie at Sterling City.

Dee, Patti, Magan, and Matthew Whittington attended the wedding of Ms. Leslie Schnauffer and Mr. Dana Bell in Clarendon on Friday night. Magan served as the flower girl for the ceremony.

Obie and Freda Kelly, Beth and Drew of Post, and John Spires of Oklahoma City also attended the wedding and spent the rest of the

week-end with the Whittington's.

Ralph and Hattie Lois Cartr visited Friday in Clovis with Gibbs Rucker and their niece, Sandra Rucker.

Melvin, Donna, Melanie and Melissa Carter of Lubbock spent the week-end with Ralph and Hattie Lois Carter. Sunday, they were joined by Mozelle and Larry Hedrick of Canyon. The group enjoyed a birthday celebration for Hattie Lois. Melissa stayed to visit her grandparents for a few days.

Truman "Tubb" Merrell, a heart patient in Albuquerque, News Mexico who had heart surgery a week ago, is reported to be doing well and looking forward to returning home soon.

Coye Payne recently underwent tests at the Lockney Hospital under the supervision of Dr. Gary Mangold.

Letters To Editor

LETTER TO EDITOR

Hi,
 Inclosed is my Valley Tribune address label and a money order for \$14.00 for my one year subscription of The Valley Tribune. Thank You for The Valley Tribune; as I am a past resident of Quitaque, Texas I enjoy reading The Valley Tribune.
 Best Wishes from,
 Lanelle George

August 8, 1992
 Dear Valley Tribune:

Enclosed is my check for another year's renewal for the Valley Tribune. I look forward to getting it every week. I don't have many relatives left in the area, but I do enjoy reading about the ones that are left.

My parents were raised in Quitaque and Turkey area. They were Violet Smith Reed and James Wilson Reed. I've live here in "Earthquake Country" A.K.A. southern California my whole life but spent a lot of summers in Turkey and Quitaque visiting grandparents. I remember them with fond memories.

Thank you,
 Glenda Robinson

August 15-Mr. and Mrs. Jake Merrell

August 16-Mr. and Mrs. Lewis Eudy, Mr. and Mrs. Felix Ortiz, Mr. and Mrs. Ronnie Carpenter, Mr. and Mrs. Charles Hamner

August 17-Mr. and Mrs. Lynn Davis

August 18-Mr. and Mrs. Mark Hamilton, Mr. and Mrs. Lavon Gafford

Roberta Renner

Amarillo--Services for Roberta Witt Renner, 84, of Crosbyton were held Saturday, August 8, 1992, in Memorial Park Funeral Home with the Rev. Wendell Horn, pastor of Crosbyton First United Methodist Church, officiating.

Burial was in Memorial Park Cemetery.

She died Thursday in Crosbyton Care Center after a brief illness.

She was born in Chickasha, Oklahoma. Her husband, Christopher "Teak" Witt, died in 1968. She was a homemaker and a Baptist. A son, Bill, died in 1991.

Survivors include two sons, Kenneth of Crosbyton and J. W. of Grand Saline; a brother, Merion Parker of Hedley; three sisters, Flora Sanders of Hedley, Madge Mobbs of Duncan, Oklahoma, and Bessie Sanders of Olton; eight grandchildren; and seven great-grandchildren.

Our Best to you!

Historical Quitaque Highlights Reported in "Comings, Goings.."

Reprinted from "Comings, Going, & Doings", July 1975.
In the 22 years that we've been publishing "Comings, Goings, & Doings" the most requested issues have been those which gave some of the highlights of the colorful history of Quitaque and its surrounding territory. We find that the more we study the history of this area, the more fascinating it becomes, so we hope you also will enjoy reviewing some of the colorful events from the past.

Everyone has a hard time pronouncing Quitaque when they encounter it for the first time. Regardless of the way you've heard it pronounced, the correct pronunciation is "Kitty-Kway". No one knows where the name Quitaque originated or what it means, but the name was first found by Dr. Robert I. Hill in a list of Indians who Juan Mendoza found near the mouth of the Concho River. The Quitacas, an unidentified tribe of Western Texas Indians, accompanied him on an expedition from El Paso to the Interior of Texas. It is believed the Indians, the Quitacas, gave the name Quitaque to the English language.

Brief History Of Briscoe County

By Patti Whittington

Briscoe County was organized in 1892, thus being its centennial year. The land was originally a part of Jack County first then later belonged to Donley County. The sparsely populated areas were attached to the nearest organized county for judicial purposes. It remained a part of Donley County until the time of its organization in 1892.

To become a county, the law required that twenty houses be built before a section could be patented for a townsite. Tom Braidfoot filed on the section of land where Silverton now stands with the intention of building a town to be the county seat.

The county was surveyed and settlers began arriving continuously. By the spring of 1891, Mr. Braidfoot formed a townsite company along with all of the men in

The name "Silverton" was submitted by Mrs. Braidfoot for the name of the town. The name was chosen because the many lakes surrounding the town cast silver reflections in the sun.

The people of Silverton petitioned the Donley County Commissioners Court for an election to be held to organize Briscoe County, select the county seat and elect county officers.

The election was held March 15, 1892 with Silverton winning the county seat race. County officers were then elected, and J. N. Stalbird became the first Briscoe County Judge. Briscoe County was a part of the 47th Judicial District.

In August 1892, the first District Court was held and two horse thieves were tried and convicted.

New Street Lights

Installed at Quitaque

"Taken from "Old Filing"

April 14, 1949—Installation of new street lights for Quitaque was begun Wednesday and went along at such a rapid clip it looked like they might be turned on that same night.

The new lights will extend on Main street from the Morris Motor Company corner at the west end, to the Blankenship corner on the east end. Also new lights will be installed on the alleys of the four city blocks, also at the Quitaque Hotel, the school house, the Baptist and Methodist churches and the Church of Christ.

Twenty-six lights of the very latest type in street illumination have been installed, those on Main street of 10,000 lumen strength and the others ranging from 2,500 to 4,000.

Gin Report

Reports from gins in this territory this week show again of 65 bales of cotton over the 350 bales total last week, with a total of 415 bales ginned in this territory, including local and Gasoline gins, during the past seven days.

Quitaque gins showed a total for the week of 360 bales, bringing the

number for the season here to 2,892 bales, while Gasoline reported a total for the week of 65 bales, bringing the season's total in that vicinity to 575. 3,467 bales of cotton have been ginned in this immediate territory this season, according to the totals compiled.

Unfavorable weather conditions during the past three weeks have brought a marked decrease in the amount of cotton ginned during that

Early Day Quitaque cotton gin

Leading Business Men of Quitaque Have Prospered In Recent Years

Quitaque Gin Company

Ed Grundy was the manager of the Quitaque Gin Company last season and is also this year. Ed is one of the best ginners in the state of Texas. He was told by the owner of the machinery he is making whether it is functioning right or not. This gin runs day and night, almost and is getting very near all the business it can do. Why? Because the employees are so courteous.

Quitaque Hatchery

The Quitaque Hatchery and Feed Company was established more than a year ago. At that time a \$7,000 egg incubator of the Smith type was installed. The incubator showed a good revenue last season, despite the fact that it was installed late in the season. It is the opinion of the directors that this machine will have an excellent good run this season.

Planters Gin Company

This gin was built this season. L. G. Grundy was appointed the manager of the gin. The gin was ready for business for the early ginning season, and has realized a good business since opening for business. Of course, being a new gin, the manager was required to do a considerable amount of talking, but that was very easily done.

A. L. Patterson

A. L. Patterson located in Quitaque more than twenty five years ago, when there was no Quitaque as we speak, only one store and a barber shop in connection. Mr. Patterson says that he would cut hair and shave the public every time he could get the opportunity, but he says in those early days very few people would shave. He also taught school and would pick cotton in the evening after school and in fact he did many things to make a living that was honorable and honest. Mr. Patterson says he had no idea as to what Quitaque would ever amount to, but he had up his mind that he just as well live in Quitaque as any where else so he made up his mind to that effect, and today he has a store building that would be a credit to a town of 25,000 population or even larger. He has a building that could be rented for a considerable amount each month, if he was to want to do so. He keeps a clean up-to-date stock of merchandise that can only be found in the larger cities of the state. Mr. Patterson says he is well pleased with Quitaque and intends to live here the remainder of his days.

E. G. Rice

E. G. Rice established his business some three years ago, although he was employed by a wholesale dry goods company in Dallas. Mrs. Rice was the manager for about twenty months and a very efficient one. After a year, Mr. Rice quit the road and putting his entire attention to this business, they two have made a wonderful success during his time. When they established this business the two could easily take care of the town, but today they have three residences in all, and are preparing to move down to the "Afternoon" class.

Nov. 16, 1928 Quitaque Post First National Bank

This Bank was organized in 1920, with Mr. Amos Persons as president, and Orin Stark as cashier. Mr. Stark states that this bank has been very prosperous since the organization of same. He says despite the years of depression in business, they have enjoyed a good business.

Why has this bank prospered as it has? Because of honest dealings, courteous treatment, and accommodations to all.

It is the opinion of many that Mr. Amos Persons is one who has played the biggest part in securing the Denton railway, into Quitaque. It is an established fact that he has spent hundreds of dollars and devoted much of his valuable time in working out plans whereby in getting the Denton officials to come to Quitaque with the railroad. Without the assistance of Mr. Persons and others, Quitaque would have never had the pleasure of being a railroad center. Quitaque will be the most important shipping point along the Deaver line from Ellenton to Palestine.

SILVERTON BANK PAYS DIVIDEND THIS WEEK

The First National Bank of Silverton, which has been closed since last March, paid a 25 per cent dividend to depositors the first of this week. Briscoe County and schools of the county and Silverton were greatly aided by this dividend.

The County received approximately \$7,200.00. The common school fund of the county received \$1,050, and the Silverton Independent got about \$1,888, according to a statement by Judge W. Coffee, Jr.

It took a week of Father's wages

But it wasn't so extravagant as it seemed. Hats were bigger then—and also fewer. Mother's hand-made mouse velvet was good for several seasons.

Today, Mother's hat bills may total as much or more than the price of that quaint old velvet. But she gets many more hats for her money.

It's much the same with electric bills. If yours seem about the same as they did years ago, it's because you are enjoying so many more electric conveniences now. And you're getting for more electricity for your money than you ever did before—about twice as much today as you did 15 years ago.

Not only has the price of electricity come down steadily through the years, but it has stayed down while war sent other costs climbing.

Hard work and good business management by your friends in this company will continue to make electricity dependable, cheap—one of the big bargains of all time.

L. E. Graham land at a bargain as it seems to the public today. But at that time it was just as hard to buy the land and pay the price asked for as it is today. L. E. Graham, a pioneer citizen of Briscoe County, came here in the early days, when neighbors were scarce and far between. He settled on a small tract of land near the city. He, with his family began work and economized. He realized that this rich fertile country would be worth much some day as he would accumulate money he would buy

CITY PAVING JOB COMPLETED FRIDAY NIGHT

WPA Crew Finishing Gasoline-Flomot Highway

Three days ahead of schedule, the \$10,000, city paving project was completed and local streets opened for traffic Saturday morning, as the final course of asphalt and gravel was spread on six blocks in the center of town.

The paving project, representing an expenditure of approximately \$10,000 by Works Progress Administration, was completed last week in time for Saturday's opening. The project officially closed Tuesday, June 30.

All WPA workers in this section of the county were concentrated on the local project during the final week. After a twenty-four hour delay, the asphalt spreader, which was brought here from Lubbock last Wednesday, was placed in operation Friday morning, completing six blocks in record time to place the streets in readiness for traffic early Saturday.

Opening of Main street for traffic Saturday morning marked the completion of Briscoe County's first hard surfaced roadway—at the present time, the only paving in the county.

Four blocks in the business section and two blocks north from Main on Second Street to the school campus were hardsurfaced. Concrete curbing and gutters were hurriedly completed on the final stretch on Second last Thursday, in preparation for the early completion of the project.

Work on the Gasoline-Flomot road, which was temporarily halted while workers were transferred to the city paving job, was re-opened this week, according to Buck Moore, foreman, making the transfer of labor possible. An all-weather road, extending south from Highway 86 through Gasoline to the Motley county line, is being constructed through a \$20,000 WPA appropriation. Work on the project is rapidly nearing completion, Moore stated, and should be completed on schedule by the middle of July.

STARK-WHITELEY

At the Methodist Parsonage in Silverton, Saturday evening at seven o'clock was performed the ceremony which united in marriage Mr. Orlin Stark and Miss Madeline Whiteley, Rev. Charles W. McNeely officiating.

The bride is the daughter of Mr. and Mrs. J. C. Whiteley, who lives nine miles south of Silverton. She is a charming and accomplished young lady, loved and esteemed by every one who knows her and will make a true helpmeet to the man she has honored with heart and hand.

Mr. Stark is the Cashier of the First National Bank of this place and during the two years he has resided in Quitaque has won many warm friends in this town and community. He is a young man of sterling worth and is one of our most substantial citizens.

We join their many friends in extending to this worthy couple best wishes for a happy and prosperous journey thru life.

15-MILE HAUL — 4300 FEET UP — When Sheriff Cal Bales of Maricopa County, Arizona, sends his 4-wheel-drive GMC to his radio transmitting station on a mountain peak, one round trip does out more punishment than a year's ordinary use.

IT CROSSES 3 MOUNTAIN CHAINS, wades through shifting sand, picks its way over boulder-strewn passes—goes where no sane horse would set foot. The deal includes climbing up a 65% grade. But—"It hasn't even breathed hard yet," says the Sheriff.

How tough could you make it for this GMC 4-WHEEL DRIVE?

YOU probably never would push a GMC truck this far. But it's great to know that GMC's can do incredible jobs, beyond all normal requirements for their class—and still run longer, cheaper and with fewer repairs than other trucks. Got some tough assignments for this GMC 4-wheel drive? It's just about the handiest truck ever built—goes anywhere, makes its own roads, has full traction in muck or deep snow, has clearance on high-crowned roads. With a few accessories, it pulls stumps, drills postholes or wells, stretches fence, pumps water, hoists anything. It takes a king-size cargo and—in 2-wheel drive—gives you full road speeds. The GMC 4-wheel drive is really two trucks in one—and it costs surprisingly little. Just ask your GMC dealer!

See your authorized GMC dealer!

End Of An Era . . . May, 1965 Quitaque Tribune

An era ends in the Quitaque schools Friday night.

It all began back in 1915 when Bert Grundy started to school in Quitaque and will end when Jerry Beth Grundy receives her diploma.

Then when school starts next fall, for the first time in 50 years, there will not be a Grundy in the Quitaque schools.

During the 50-year period, 21 children named Grundy have attended the local schools.

Mr. and Mrs. Jess Grundy had 10 children who attended the Quitaque schools and 9 of the 10 graduated here. The lone exception was Bert, who attended school here until he was

a senior, when he went to Memphis and graduated from Memphis High.

Mr. and Mrs. Ed Grundy had three children who attended the schools here and Mr. and Mrs. I. G. Grundy had two children to graduate from QHS; Mr. and Mrs. Jean Grundy had one daughter to attend the local schools but she did not graduate here; and Mr. and Mrs. Bert Grundy's daughters all attended school here and all but Sue graduated and Sue was a senior and lacked only a few weeks of graduation when she married and decided not to finish.

It just won't seem right not to have a Grundy in school.

Miss Ida Belle Smith (Mrs. Guy Hannah) and her 1925-26 Class at Bolton School. Mrs. Mollie Rees taught at Bolton for 2 and 1/2 years from mid-term 1926 thru spring of 1928 term.

SOME HISTORY NOTES OF QUITAQUE SCHOOLS

There will be lots of discussion over the report of the past history of the Quitaque schools published in this issue, but there can be no positive report of what occurred prior to 1925, because in that year the school burned and with it all the records. All we have to publish are the recollections of former teachers or students or residents of that time—and everyone's memory is faulty after so long a period. So if you don't agree with the information, go ahead and talk about it—that will be fun, too.

Gathered from various sources and jotted down at random are some remembrances of early days of Quitaque schools. Mrs. Anna Hughes, who taught in one of the first schools in the area, has searched her memory and tried to list the superintendents and teachers beginning back in 1915-16. Very likely some names will be omitted, but recollection of some others listed will furnish pleasant memories.

1915-16: Mr. Lon Patterson, Supt.; Mrs. Austin Honea, Miss Eunice Witeher, Mrs. Anna Bain.

1916-17: Mr. Tummins, Supt.; Mrs. Tummins, Miss Georgia Bain, Mrs. Anna Bain.

1917-18: Mr. Tummins, Mr. Tummins, Miss Myrtle Wilkin-

there was no way to get water into the fountain except to fill buckets at the well and carry it there. This little chore was delegated to the teacher, along with building the fires and sweeping out.

Most of the children rode horseback to school, or came in buggies. The Persons youngsters—always quite a number of them in school—rode in a "klondike." Upsets were common occurrences. The horses were frequently frightened by the few model T's in the area, and then there was Burro Jones and his burros whom the horses disliked. One of the things the children learned in those early days was how to be thrown from a horse—or a buggy—and come out of the dust uninjured.

To many, the plans for a successful homecoming appeared too complicated to undertake, but one day several weeks ago Mr. Cross took the initial step, called together a group of interested school workers and the tremendous job was launched.

Everyone who was contacted was enthusiastically in favor of the homecoming and many have worked hard and earnestly to make it a success—which it appears at this time it will be.

Other recollections gathered at random:

Perhaps the first school north of Quitaque was held in a dug-out on the Bolton ranch. The teacher was Miss "Pammy" Hooks, the grandmother of Dick Hooks. Thirteen children attended the school, the Boltons, the Posters, Honeas and Gibsons.

One of the first schools was a one room building which was located near the present site of the Dick Taylor home in the south part of town. It was built by Taylor Dammons and his brother Chris, and financed by Mr. Smith of Silvertown.

The board of school trustees back in 1915-16, were Mr. Amos Persons, Mr. A.F. Van Meter and Mr. M.A.M. Morris.

The Quitaque school burned in May 1925 and until it could be replaced the students attended classes in the old "tabernacle" structure. The school was built in 1922 and burned in 1925. The primary grades held classes in some one room sheds on the school grounds, and the upper classes—from 5th grade and up—used the tabernacle.

The first graduating class of QHS was in 1922 and was composed of three seniors, J.T. Persons, Earl Van Meter and Sylvia Weaver.

Mrs. Hughes remembers that there were no blackboards and she bought paint from Montgomery Wards or Sears and made some for her use. And there was no rostrum or curtain to stage the play at the end of school. Somehow she managed for curtains and they were hung around the porch entrance of the school. The porch served as the stage and the audience found seats on the open grounds facing the entrance. The curtains were manipulated somehow.

There was no "water system" for the schools except the barrel and the sleds which carried the water to the school building. Thirsty youngsters lined up and marched by the barrel where all drank from the same dipper.

Mrs. Hughes, whose annual salary was \$65 a month for eight months, was bitten by the sanitary bug—and she saw that each child was provided with a "collapsible" cup. Later a "fountain" was installed, but

Out-Of-Town People Win Prizes at Trades Day Here Saturday

Prizes given at Quitaque Trades Day last Saturday went to three different communities; Silvertown, Gasolite, and Quitaque. Miss Annie May of Silvertown won first prize, and Miss Allene Woodruff of Gasolite won a prize. Other cash prizes were given to Miss Annie Reeves, Miss Esther Graham, Mrs. S. A. Neill and S. V. Ramsey.

As usual, Saturday afternoon, six more prizes will be given to visitors in Quitaque. All who have trades day tickets, no matter when you received them, are urged to be here Saturday afternoon to have your chance in winning one of the cash prizes.

Last Saturday, several numbers were called and no one was here to receive the prize. Perhaps one of the numbers belonged to you, and if it did, it cost you real money because you stayed at home.

Be sure and be in Quitaque this Saturday afternoon and be on hand when the money is given away. These prizes are given by Quitaque merchants just to show the people their business is appreciated—so show the merchants that you appreciate their efforts and be in Quitaque Saturday.

All Internationals Bring You the Full Benefit of 30 Years of Truck Experience

A COMPLETE line of trucks and a nation-wide network of service has been built on the practical foundation of International experience. In this line you'll find the quality truck you need—1/2-ton to 10-ton—at a surprisingly low price. Do not be satisfied with less than these International Trucks can give you.

Take the Half-Ton International shown here, for example. Under its attractive exterior there is a 6-cylinder, 113-inch-wheelbase TRUCK chassis... with power, strength, and long truck life built into every part and feature. Yet the price of this chassis, with standard equipment, is only \$400, f.o.b. factory. The Half-Ton International is also available in 125-in. wheelbase. This is a typical International Truck value. Phone us for a demonstration.

The Half-Ton Pick-Up, with standard equipment, is priced at \$530 f.o.b. factory

Sizes, 1/2-ton to 10-ton. Chassis prices f.o.b. factory from \$400 UP

Boy Scouts Unload Bricks for Church

May 2, 1929—Members of the Quitaque Boy Scout Troop on Wednesday took complete charge of the unloading of a carload of brick to be used in the construction of the new Baptist Church of Quitaque, making no charge for their services.

Several projects are being planned by the troop which will be made public within a short time, according to W. A. Palmer, scoutmaster.

J. L. GRUNDY'S GARAGE, MATTRESS FACTORY BURNED LAST SATURDAY

April 25, 1925—Considerable excitement was caused last Saturday when J. L. Grundy's garage caught fire and burned to the ground. Mr. Grundy was using his garage as a mattress factory and the cotton materials were highly inflammable. The top of his automobile burned off before he could get it out of the building. Only heroic efforts of the neighbors saved his dwelling from catching fire.

Rationing Calendar

May 1, 1945 to June 1, 1946

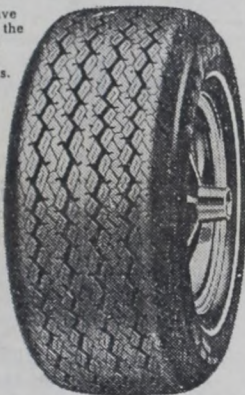

SUGAR: Stamp No. 36 became valid May 1, for 5 lbs. sugar; Stamp No. 35 is good for five lbs. sugar and it will be valid until June 2.

SHOES: Book III, stamps one, two or three, with airplane pictures each good for one pair of shoes indefinitely. A new stamp will be validated August 1.

All Residence Streets Graded At Quitaque

June 27, 1929—All of the streets in the residence district of Quitaque have been graded during the past week under the direction of Martin Hollowman, street commissioner. In addition, ditches have been cut and many of the rough places eliminated. Lack of funds has prevented the work from being done prior to this time, according to Mr. Hollowman, but it is hoped in the future to keep all streets in the city in first class condition all of the time.

Made in America— for American Driving! The Goodyear Custom Wide Tread Radial

For years, American drivers have been looking for a tire with all the known benefits of a radial, but still suitable for American cars and American driving conditions. Now there is such a tire—the Goodyear Custom Wide Tread Radial tire—made in America.

Four-belted construction for long mileage and positive control—plus a radial polyester cord body for flexibility and strength.

Icehouse Mules Join "Back To Farm" Movement

By BEN R. EZZELL (Himself)

Kit and Queen, the Ice-Wagon mules, joined the "back-to-the-farm" movement last week, after many years of faithful service in the employ of the Quitaque Ice Company.

Kit and Queen were placed on the superannuated list by the new owner, George Washington Owens, who, with tears in his eyes and joy in his heart, bade them a fond farewell.

Kit and Queen have at last fallen before the steady progress of the Mechanical Age, and will be replaced in the Spring by a brand new "horseless buggy" bearing a Chevrolet name-plate. The pride and joy of the ice house will no longer grace the streets of Quitaque, (tch, tch), and the gorgeous white carriage they proudly piloted will be placed in the local Museum of Ancient Vehicles, along with the Telephone Company's Board Walk, which disappeared a short time ago, and "Uncle Joe" Graham's pipe, which has been on its last legs for several years.

The faithful animals have made their last stand. In fact, they have made 'last stands' at every corner in Quitaque during the past years—often to the dismay of Pilot Owens—and no stalled motor has ever equalled them in "standing power." Unmoved and immovable, they stood for hours to the tune of tune of dripping ice—just to prove the horse was here to stay.

But all that is in the past now, and Kit and Queen have retired to a quiet life on the farm,—far from the noise and speed of the city. Leaving Quitaque for the last time Friday, they sadly brayed the Ice House Blues, "Will You Love Me In December as You Did In July"—and quietly passed away.

Donate New Pulpit For Tabernacle

July 17, 1925—The Quitaque Tabernacle has a pulpit as the result of the generosity of three citizens.

J. U. Garrett did the carpenter work, D. A. Radle the varnishing and the Quitaque Lumber Company furnished the necessary materials through their local manager, J. O. McBride.

The new pulpit is a handsome piece of furniture and will be useful as well as ornamental at the tabernacle.

P. P. Rumph to Build Theatre In Quitaque

July 31, 1925—P. P. Rumph has completed plans for the building of a modern moving picture theatre building on the lot between the Rumph Hotel and the Quitaque Motor Company buildings.

The theatre will be 30 x 125 feet in size and will be of concrete tile construction. It is thought that the contract will be let right away and that actual work will start in the near future. The theatre will have a seating capacity of approximately 300.

13 miles to the nearest house 13 feet to the cooperative pole.

Much of the area served by the electric cooperative is sparsely settled and inaccessible. But for more than 40 years these remote areas have been receiving a first rate electric service from the cooperative, stimulating rural agriculture and industry. This dependable service stems from a covenant between the cooperative and the government made nearly 50 years ago.

The cooperative has kept, is keeping, and will continue to keep that covenant while serving the growing needs of rural Texas.

Dr. B. R. Ezzell

Dr. B. R. Ezzell came to Quitaque fifteen months ago from Bowie claiming to be a tooth extractor. He established an office in the Kidd building. He remained there for several months until he could secure another office space in the Van Meter building. Here he secured four very nice rooms for his dentistry. He states that his business has grown by far than he ever expected it would. He says he gets work to do for forty and fifty miles distant. On the Q. T. but Doctor says he is making from \$300 to \$800 per month. Now, can you tell why he is making so much money? It is because he knows his business. He can pull a tooth, and you will hardly realize that he is near, that's why he is making so much money. Now, listen, we can't all be tooth pullers, and you need not try it.

Business Men Turn Ball Players

A new game has started its career in Quitaque—soft baseball. This National past time has caused the ancient and honorable game of golf and the near-famous rabbit-twisting organization to be cast aside for the present and all interest seems to be devoted to the art of catching, throwing and hitting the soft ball.

A. L. Patterson was honored by Quitaque business men when he was elected head of the Quitaque Soft Ball League, and all money has been placed in his hands. More than fifty local men are now holding participating shares in this organization. Games are to be played every now and then.

Tuesday afternoon at 5:30 the first match game of the season was played—the business men versus the CWA boys. With Geo. Owens "Hubbell-like" pitching, and the masterful playing and hitting of Dick Hooks, E. W. Schied, Lon Patterson, Henry Bailey and Perrin Rumph, the business men came out with a long end

of a 24 to 11 score. Prominent rookies that are showing up in the League are E. G. Rice, John Castleberry, Gene Bedwell, C. R. Badgett, R. Neal Greer, Victor Smith, Clyde Tunnell, Z. V. Barker, Clarence Wainscott, A. L. Patterson, Chas. Walden, J. T. Persons, Gene Berry, S. Powell, E. C. Price, and R. S. Lewis. Great things are expected of these rookies before the season is over.

The city of Turkey has issued a challenge to play the league here, and Manager Patterson is busy looking over his boys to find the best talent to throw against our neighboring city.

No admission will be charged for the games, and the public at large has a cordial invitation to visit the grounds at any time.

The League will not be responsible for any accident which might occur during one of the hotly contested games. Local drug stores report that sales of liniment are increasing with leaps and bounds.

1950 Pantherettes, Basketball Team. From left, Aubra Lou Grundy, Glenna Boyles, Henriette Finney, Jo Mae Merrell, Cloris Neatherland, Clara Ruth Woods, Rose Davis. Bottom row: Melba Jo Woods, Pauletta McCracken, Reba Jo Barrett, Jo Dean Bedwell, Betty Ruth Merrell, Patsy Stark.

Gilbert Gin Company

Some two years ago Roy Martin was appointed as manager of this gin. Roy is a first class ginner and understands how to manage the public as well as the gin. He treats every customer with the same courtesy and gives the best of service, he knows how. By dealing fair he has built up one of the best ginning businesses in town.

Quitaque Called Queen City of Valley

By Dr. J. E. Nels
November, 1928, Quitaque Post

"The Queen City of the Valley" they call it, and as one drives off the towering Cap Rock and views the beautiful little city of Quitaque, basking in the brilliant sunshine of an Indian Summer day, the impression gained that the slogan of the town is well chosen. Quitaque has many desirable features. It is a clean town and a pretty one. The buildings are impressive, and it is surrounded by a remarkable fertile valley country, but none of these assets are greater than the magnificent scenic setting, which the early settlers chose for their home. The majestic Cap Rock forms a crescent about the city. Towering crags and cedar clad hills form a beautiful back ground, for rugged canyons, and a plain of greenward as beautiful as the famed valley of the Nile. In the distance is seen the outline of the Quitaque peak which was named by the Indians and was used by Surveyors in running lines for the entire county.

Quitaque has been a good trading point since the early days of the west when a settler or two founded a store here and could foresee the rich valley's future possibilities. The settlers pushing westward seeking a better place to live and establish their home, recognized the value of the fertile soil and surrounding territory. A thriving population moved into the valley and Quitaque became a good town many years before the announcement was made that the New South Plains Railroad would connect Quitaque with the outside world with twin bands of steel. Development which has come with the Railroad is bringing realization to the Pioneers who first made the valley their permanent home.

Nature smiles upon the valley, for the present population of Quitaque is fully fifteen hundred. The scholastic enrollment of the public schools exceeds 550 children and is increasing steadily as more and more farmers locate in the Quitaque valley, and as more business men move to the town. Three thousand acres of virgin land have already been plowed this year, and there remains other thousands of acres yet awaiting cultivation. In this year when crops are short in many sections of the state of Texas it is refreshing to enter the Quitaque Valley and view the bounteous

yield that is being harvested by the cropgatherers. Great level fields laden with fleecy, white cotton, row crops of feed stuffs, gardens and truck patches have made unusually large yields this year, and livestock and poultry is surprisingly abundant upon most every farm. This prosperity and the coming of the new railroad have brought great development to Quitaque. Our Editor, G. H. Russell, of The Quitaque Post has made a survey of the development which shows a half million dollars expenditure in new buildings just completed and under construction. Includes new residences, business houses, schools, a new gin, a new cotton compress, sewerage system, just completed a new \$60,000 High School Building, and new farm homes. Quitaque has just solved its water problem and has discovered a splendid water strata underlying a section adjacent to the town. The wells drilled to a shallow depth produce more than three hundred gallons of good pure water per minute and an automatic pumpage station keeps the town reservoir filled at all times. There is a six-inch pipe leading from the well to reception T street will be laid with six inch eight inch pipes which will give cure fire protection. There will be two fifty thousand gallon water reservoirs built soon, one will be an overhead and the other will be placed underground. The present over the lower reservoir with fifty thousand gallon capacity will be used for fire protection of one hundred fifty thousand gallons. The brick

Depot has been finished and Mr. G. O. Cobb and family, from Estelline, have arrived and will officiate as our Station Agent. Regular freight and passenger service will be inaugurated about the 20th of this month. In all probability, there will be more than seven thousand bales of cotton ginned in Quitaque this season, and the new railroad will surely enjoy a fine business therefrom. While cotton and grain sorghums constitute the principal crops of the Quitaque Valley, fine hereford cattle are produced in quantities, and are shipped to northern markets where the succulent "K-U" steaks are highly prized, these steers were shipped north on account of the enormous size, a recent shipment of one hundred and ten head averaged 1500 to 1800 pounds each.

Quitaque was the scene of some great engineering when the new railroad was built. It is near Quitaque that the Denver Railroad was forced to construct two tunnels, through the Cap Rock mountains in order to climb to and upon the plains. Great cuts and horse shoe curves made the railway trip one which furnishes thrills to the passengers.

The new South Plains Railroad will be opened to the public, the first passenger train will travel over the new line stopping for an hour in each town, namely: through Quitaque in Briscoe County; through South Plains and Sterly in Floyd County; thence southwest 58 miles to Petersburg and Malinview; thence northwesterly to Dimmitt in Castro County. A branch line extends twenty miles northward from Sterly to Silverton the County Seat of Briscoe County. Quitaque's main street will be roped off for a distance of three hundred yards and

there will be no vehicles allowed there. In during the short visit that each passenger train on the above date will road officials including Frank E. Clarly, vice-president and general manager of the Fort Worth and Denver Railroad. Following will arrive other special trains including, Amarillo's special train, Dallas, Fort Worth and Wichita Falls' train boosting along the way. There will be many visitors from all over the country travelling with the booster trains, there will be the brass bands, speeches, feasts along the line and a big time for all. This big and great event will go down in history and will cause many a glad heart in this raw and productive West.

The new line is first class ballast railroad construction, with modern service and facilities and is expected from the very beginning to afford opportunity for growth of every character to this section of the biggest

state in the Union. Along this new line of steel rails is one unique and scenic spot and this is the Quitaque Valley, its nice little city, broad areas of farming land jutting against the foot hills of the Cap Rock Mountains, and the thrills of passing through the Mark double tunnel to gain the Cap Rock and the bald plains will be a trip worthy of a King's attention.

Quitaque Motor Co.

The Quitaque Motor Company was bought by Messrs. Ernest Tunnell, and J. T. Persons of this place some ten months ago. They also have the agency for the Ford automobile. Mr. Tunnell, the manager of the motor company, states that they have enjoyed a good business since their time of ownership. Although they have been handicapped just like many other Ford dealers to the extent that they could not get the cars as their customers have ordered them. They also have a repair shop in the rear of the building with the very best of mechanics.

Town of Gasoline To Be Electrified

Taken from "Old Filing"

OCTOBER 19, 1928—Electrification of the town of Gasoline, officially announced today by the West Texas Utilities Company, recalled another chapter of romance in which West Texas richly abounds.

The dusty pages of the history of Gasoline reveal that this town is truly a child of progress, born when the automobile industry was in its infancy and the aeroplane was a thing of fiction. Old settlers recall that where now stands the progressive town of Gasoline there once was but one store, a blacksmith shop and a few scattered houses.

This village stood on the Great Plains Highway which traverses this section of the country from east to west. One far-sighted merchant, the story goes, installed a gasoline pump in the early

days of the automobile and straightway did a rushing business. It was one of the first and the only filling station for miles around. A big sign bearing the word "gasoline" hung over the door.

Years later after the village had grown into a little town, containing a school house, gin and several new stores, the citizens began casting about for an appropriate name. Every name proposed, it was found, was borne by some other Texas city or town. In desperation a citizen pointed to them the old weather-beaten sign over the first store and suggested that the town be officially recorded as "Gasoline." Thus it was named.

The town has grown steadily and recently the progressive citizens asserted that to be a really modern town, it must be electrified. And now workmen of the West Texas Utilities Company are building an extension of the Turkey transmission line into that town.

1935 Review

(From the files of the Quitaque Post)

What happened in Quitaque during the past year? Here it is—a brief review of the old year and its important events from the files of your Quitaque Post;

January 3: First issue of the New Year; Panthers open cage season, winning 42-25 over Matador; Ruth Self announces marriage to L. E. Paytes of Oklahoma;

January 10: Baptist Workers Conference held here; Betty Cutbirth and W. L. Eikman married Jan. 6; Mrs. Irby Brummitt, Quitaque pioneer, buried at Claude Jan. 7; Lyman Robbins, Memphis publisher heads delegation to visit the proposed Quitaque Park;

Jan. 17: Post carries page of pictures of Quitaque Falls as West Texas papers boost proposed park; 650 bales of cotton announced as local total for 1934; P. P. Rumph named as president of School Board;

Jan. 24: Mrs. J. L. Craig buried Jan. 21; Evelyn Hatton and Thomas Crews married Jan. 19; Jack Grundy heads engineering soc'y at Texas Tech.

Jan. 31: WTCC pledges support for Quitaque Park Project; Panthers lose in 3rd round of Matador tourney; Pantherettes win over High Point and Tulia; Sales Tax favored by WTCC.

Feb. 7: Coach Kenneth Starnes resigns as H. S. mentor; Supt. Scheid takes over teams; FW&D depot and Woodridge Co. robbed; Mrs. E. G. Rice honored by Club Women;

Feb. 14: S. T. Bogan re-appointed Postmaster; First rain of the year (less than half an inch) received; J. W. Lyon, Jr. and Jewell Rogers married in Lebanon, Tenn.; 1935 football schedule released;

Feb. 21: Community Club organized; E. G. Rice named as president; J. L. Bolton, 83, Briscoe Pioneer, buried at Turkey; Panthers defeat Silverton for basketball crown; Ela Sue Woods and Leonard Curtis married;

Feb. 28: Fire insurance rates cut 9 per cent; Panthers lose to Tell in District Cage Tourney at Childress;

Sept. 12: Quitaque bids for CCC camp; WPA sewing room planned; Trades Day inaugurated; Letha Mae Cantrell, Grady Jacobs married;

Quitaqa Indians Gave Quitaque Name

By Patti Whittington

The History of Quitaque

It is believed that the Quitaca Indians gave the name Quitaque to the English language. The Quitacas, an unidentified tribe of western Texas or eastern New Mexico Indians, accompanied Juan Mendoza and Juan Sabesta on their expeditions from El Paso to the interior of Texas in 1683-1684.

A group of Mexicans moved into the Quitaque valley and its creeks and canyons all along the Briscoe County border. They lived in half-dugouts in the sides of the canyons and built a water-wheel that they set up in the flow of the narrow deep channel. They added many miles of flume to carry the water from one side of the valley to the other. The people dug canals and ditches by hand on the higher levels of the valley to irrigate their fields. They grew alfalfa, beans, corn, yams and pumpkins. In the fall, strings of red peppers hung from the eaves of their dug-outs. These people also had sheep, goats and hogs.

Traces of this culture remained until 1891 when the water wheel and miles of flume were washed away by heavy spring rains.

The coming of the white cattle ranchers to this area wiped out this particular culture.

It took settlers some time to come to Briscoe County and the Quitaque region. Even though the Indians had been pushed into Indian Territory by 1872, there were still occasional raids on the people of West Texas.

In 1877, George Baker drove a large herd of cattle to Quitaque from the Cimmaron country in New Mexico. He was the first white man to settle in the Quitaque area of Briscoe County. The cowboys on the drive built dugouts on the bank of the Quitaque River and called them Baker Headquarters.

The ranch that Baker started on the river was called the Hat Ranch, this being the brand that he used.

In 1880, Charles Goodnight bought out the Hat Ranch. He then began the task of building the famous F Ranch Headquarters, a few hundred yards southwest of the place known today as the Edgin Cemetery.

Goodnight constructed the first house above ground in the Quitaque valley. He also chased the last of the Indians from Briscoe County. With the Indians gone

and buffalo now practically exterminated, cattlemen began to find their way in the Texas Panhandle.

In the late 1880's and 1890's, the first settlers began to arrive in Quitaque. They camped under the huge cottonwood trees at Cottonwood Springs. They lived there until they built their dug-outs. Among the first settlers were the Greggs, Armstrongs, Honeas, Woods, Stroupe, Merrells, Dobbs, Hughes, Russells, Hawkins, Jago, Pattersons, Basses and Tibbetts. The first above ground house north of the Quitaque River was built by the Honeas.

In 1891, a Mr. Dobbs settled in Quitaque and planted the first cotton crop. After becoming discouraged, he sold the crop to J. Henry Hughes. Although the cotton was never harvested, children picked some of it and their mothers used it to pad quilts.

A. R. Jago established the first general store in Quitaque and the post office was moved from the F Ranch to the Jago store.

The Land Act of 1887 opened up the area to colonization. The act allowed settlers to take up three sections of ranch land or one section of farm land for a period of forty years at five percent interest. This brought more settlers and business to the Quitaque area.

By 1890, Quitaque was a stage stop and settlers were coming in from every direction.

In 1907, a man by the name of Mr. H.P. Jones was hired to survey the land and plot the town of Quitaque. After lots were sold, the town officially began. Stores were built and the First National Bank was organized.

The First Methodist Church of Quitaque was organized on October 4, 1903 with services being held in the school house. As the little town's population increased, so did the number of different denominations, each coming to worship with the Methodists.

Nov. 21, 1957 Quitaque Post

FLASH!

At presstime, Thursday evening, snow is falling in Quitaque in increasing thickness.

In 1908, the entire community of Quitaque helped to build a small white building with a steeple on top to be shared by the different denominations for worship purposes. Some time during the mid 1920's, these individual sects moved away from the little white church and built churches of their own.

The town of Quitaque was not officially incorporated until 1927 and Mr. P.P. Rumph was elected as Quitaque's mayor.

Many changes have been seen and felt in the small town of Quitaque. The economy booms and recessions through the years have been dealt with by the inhabitants of the area as best they could. We are very fortunate to have had those hard-working pioneers as a part of our history. The struggles and determination of those faithful members of the community who have come and gone are greatly appreciated by those of us who work here, live here and raise our children here.

BONES

John Forbus, Dist. Attorney of the 100th Judicial District, headed his talk to the Quitaque boys last Monday night with one word, "Bones."

He described the local club to a "T" with the following illustrations:

Soup Bones—Members who are interested in only one thing—food. "When this member eats, burps, and snores, he feels that he has been relieved

ing record of 10 wins to 1 loss.

Up until now, the Junior boys have won 11 and lost 4. They are playing in a Jr. high tournament at Lakeview this week end.

The Junior high girls have done fair in winning this year, chalking 5 wins to 8 losses.

The A team girls have had a bad year, going down in defeat 22 times, and recording only 4 wins. A shortage of girls caused the team to have to finish on at least one occasion with only five players.

Charles Seydler has coached the "B" team and Junior high boys while Hendrix Williams has had charge of the Boys A team and the girls teams.

Businesses to Close? We Don't Know!

In checking to let our readers know what businesses would be closed next Thursday, Thanksgiving day, we almost drew a blank.

Those who definitely reported that they would not be open Thanksgiving Day were Higginbotham - Bartlett, Pioneer Drug, Dick's Barber Shop, National Farm Loan Office, Lolla Bell's Beauty Salon, Quitaque Flower Shop, Wilson and Son, and the First National Bank.

Businesses that could not make up their mind whether they would be open or not were Neatherland's Repair Shop, Gulf Service, Hughie's, Grundy's, City Cleaners, Merrell's Food, Modern Cafe, Roberson's Dry Goods, Bedwell's Hardware, and Rice Dry Goods.

Business places stating they would be open on Thanksgiving Day were The Lin - Mar Cafe, City Grocery, Ice House and Quitaque One - Stop.

-FLOMOT NEWS-

By Earlyne Jameson

OVERHEARD:
A little girl was describing her first experience in an elevator. "We got into a little room," she said, "and the upstairs came down."
A.S. MORRIS FAMILY RE-UNION

The A.S. Morris family held their annual reunion, Sunday August 9 in the Community Center in Flomot. Over fifty family members registered from Derby, KS; Plainview, Tulia, Lubbock, Abertathy, Amarillo, Hart, Quitaque, matador and Flomot. Adding to the enjoyable activities, Mr. and Mrs. Orville Lee brought a framed Fairmont School picture made around 1915 with six of the Morris children among the students. Mrs. Dillie Morris Garrett

of Plainview was the happy winner of the picture when her name was drawn from the hat.

Among those attending were four of the five living children of the late Mr. and Mrs. A. S. Morris: Mrs. Lillie Morris Tanner, John Morris and Boyd Morris, all of Tulia and Mrs. Dillie Morris Garrett of Plainview. Due to illness, Bill Morris of Tulia was unable to attend. Sisters-in-law attending were Mrs. Naomi Morris of Plainview, and Mrs. Doris Morris of Flomot.

Mr. and Mrs. Arnold Johnson enjoyed the performance of TEXAS as Palo Duro Canyon Wednesday night. Mrs. Johnson attended a computer workshop in Levelland, Friday, and visited the Kelly Jackson family and his mother, Mrs. Moette Jackson, who resides with them.

League Clay visited the past week in Clovis, NM with his son and children Coley Clay, DeAnna and League, Jr.

Mr. and Mrs. Tawin Adams of Wichita Falls visited Saturday with Mary Ellen Barton and Viola Stinson. They visited in Lockney Friday with Mrs. Sibyl Barton at the Care Center.

Mrs. Royce Hanna, Robert and Andrew of Wichita KS visited from Saturday until Tuesday and Mrs. Roy Gladson and Ronda of Austin visited from Saturday until Wednesday with their mother, Mrs. C. W. Starkey. They attended TEXAS at Palo Duro Canyon Monday night.

Art Green visited in Matador Sunday with his brother and wife Mr. and Mrs. Jack Green. Jack was recently hospitalized in Lubbock for medical tests and treatment.

Mr. and Mrs. J.C. Moss of Anson visited from Thursday until Sunday with her brothers and wives, Mr. and Mrs. Lottie Gilbert and Mr. and Mrs. D.M. Gilbert.

The Rev. and Mrs. Nathan Mulder of South Plains, Mr. and Mrs. L.E. Shorter, Mr. and Mrs.

Clayton Bond and Mr. and Mrs. Wayne Hunter attended the First Baptist Church revival services in Turkey, Wednesday night.

Visitors of Mrs. A.D. Mosely Friday and Saturday were Mr. and Mrs. Coy Dunn of Dimmitt.

Guests at a hamburger supper in the home of Mr. and Mrs. Wilburn Martin Saturday night were Mrs. Joy Barham of Hart, Mr. and Mrs. J.C. Moss of Anson, and Mr. and Mrs. Herb Martin, local residents.

Mr. and Mrs. Wayne Hunter attended to business in Plainview, Thursday. Mrs. Hunter was a volunteer worker at the Motley County Library Saturday afternoon.

Mr. and Mrs. Jack Starkey visited Saturday and Sunday in Canyon with Mr. and Mrs. Michael Starkey and in Amarillo with Mr. and Mrs. Clifton Reid, T.C. and Christina.

Daggett, Wade and Clay, sons of Mr. and Mrs. Mike Arrington of Canadian are visiting their grandparents, Mr. and Mrs. Ronald Clay.

Things Seen And Heard

by Ann Coker

Enjoyed visiting with Mrs. Loran Denton and her daughter, Sherry Walker, last Friday in an Amarillo doctor's office. Mrs. Denton had recently had a cataract removed and back for a check-up. She reported a good check-up. Mrs. Denton looked great and said she was doing fine. She misses all her old friends from Turkey. Sherry said she would teach one more semester then retire. Their home is in Amarillo.

Del (Browning) Rich and husband, Tony and son Cody, have recently moved to Cisco, Texas. Tony will be on the faculty at the Eastland School District teaching special education. The Riches were unable to find a house in Eastland so will live in near-by Cisco.

Tommy Cruse has been undergoing some tests in Amarillo. He has an appointment at M.D. Anderson Hospital later this month.

Clarene Geisler was in Turkey last week-end from Carlsbad, New Mexico. She came with her daughter and husband, Jim and June Wynn who were here for Jim's class reunion. While here Clarene visited in the homes of Ella Colvin, Stella Davis and all her old neighbors.

Buddy and Vita Colvin had guests in their home recently. They were Vita's daughter,

Linda and husband, Ron Whitley and their two daughters. The Whitelys live in California.

Laura Stewart, owner-operator of Laura's Shop was in Lubbock last Monday for a one-day short course in hair styling, grooming and an up-date on the latest hair fashions.

Laura hopes to bring some new ideas to her patrons.

The school was held at Jessie Lee's School.

Turkey Senior Citizen News

Turkey Senior Citizens met August fourth in the Senior Citizen Room with 10 members present.

As the president was not in attendance, R. C. Green welcomed the group. Prayer was led by Ray Whitaker and a delicious meal was enjoyed by all. After the meal games of 42 were enjoyed.

Next Senior Citizen Meeting will be on August 18. Guests from Wellington will join the group for a good time of singing instead of games.

Come out and enjoy a good time with the Senior Citizens of Turkey.

- On The QT

Series of Studies Conducted By Conner, Church of Christ Minister

Elgin Conner, minister of the Quitaque Church of Christ, conducted a series of studies on prayer at the Broad Street Church of Christ in Lampasas, August 5-9. The services were well attended. Cathryn, Lori, and Karyn were able to attend the meeting, and reported a very enjoyable week. While in Lampasas, Elgin met John Huber of San Antonio Ambulance Sales at Johnson City to look at a used ambulance to replace the City's old 1975 Dodge ambulance.

Stale doughnuts make a great base for French toast.

Onale Grundy returned from Radcliff, Kentucky for a short stay at her home on August 6. She was accompanied home by Gertie Mayhew of Vine Grove, Kentucky. Visitors in her home over the weekend were her sister Nona H. Van Winkle, Amarillo; her brother Doyle F. Grundy, Wichita Falls; Glyn and Bobby Grundy, Denver, Colorado; Roy Grundy, Matador; nieces Earlette Anderson and Jenny Beth Tyler, Plainview; Sue Shannon, Matador; and a nephew Jimmy Grundy from Broomfield, Colorado.

On August 11, Buddy, Glyn and Bobby and Onale Grundy went to Lamesa to see Jean and Christine Grundy.

The group also visited in the home of Louise Grundy while here.

Gene Grundy of Lamesa escorted his wife, Christeen home last Sunday from Methodist Hospital. She had recently had hip surgery.

CARDS OF THANKS

Thank you for the many acts of kindness, concern, food, cards, flowers, visits and prayers during the lengthy illness and loss of our beloved husband, father, grandfather and brother, Jesse M. Browning.

May God Bless You, Also. Dona, E. J. and Mary, Lee and Michelle, Tony and Del, Ray and Tommie, Donnie and Judy, Darrell and Brenda, James and Darla, Larry and Dedidra, Mark and Derenda, Foy Lane.

CARD OF THANKS
Thanks to the wonderful people in the Turkey area for your prayers, cards, calls, flowers, money and visits.
Glynn is showing some improvement and we know it's only by prayer support this is possible.
We love you,
Glynn and Betty Christian
