Area Band Loaded With Talent

by Lawana Cruse

One of the finest group of musicians you can find anywhere is right here in our area. This group is the *Country Sounds*, the house band for the Caprock Jamboree that is held in the showbarn in Silvertown, Texas the first Saturday evening of every month.

Lucy Dean Record from Lockney plays the piano. Her exceptional talent, sparkling personality and sheer love of what she is doing makes it a pleasure to watch and to listen to her.

Everyone loves the smooth singing of the multi-talented Jimmy Burson from Silvertown. Jim not only sings and writes songs, he is also a very fine fiddle and guitar player. He has out a wonderful album and if you don't have a copy I urge you to get one.

Ricky Cross, a dentist from Plainview is a fantastic drummer. I never realized just how much a good drummer could add to a band until Ricky joined the

Louis Randell from Turkey plays the rhythm guitar with the best of them. He is also a very good lead guitar man. Turkey is very proud to claim him as their own.

Clifton Stodghill from Silvertown is a very good harmonica player and one of the most entertaining M.C.s you will ever have the pleasure of listening to. He loves to tell jokes and he also sings.

When you hear the deep, throbbing rhythm of the bass guitar, that's Joy Stodghill from Silvertown. Without that beautiful bass the band would not be complete. Joy is the wife of Clifton and sometimes sings with him.

Cecil White from Plainview is one of the finest lead guitar players you will find anywhere and if anybody could ever replace Marty Robbins when it comes to singing it would have to be Cecil.

John Francis from Silvertown is another fine guitar player and he also plays keyboard. John has a fine singing voice also; we just don't get to hear it enough.

We should all be very proud of this group for they are truly an asset to this area.

SBA Deadline Loan Filing Approaches

Business in Armstrong, Briscoe, Carson, Collingsworth, Donley, Gray, Hall and Wheeler counties have until March 2, 1998 to file applications for low-interest disaster loans from the U. S. Small Business Administration (SBA).

The SBA's Economic Injury Disaster Loans are available for businesses dependent on farmers and ranchers sustaining crop losses from excessive rain which occurred April 2 through April 30, 1997.

Farmers and ranchers are not eligible for these SBA loans. Applications and further information can be obtained by calling the SBA toll-free at 1-800-366-6303 or TDD 817-267-4688 for the hearing impaired.

These loans are intended to assist businesses in offsetting working capital losses which they suffered as a result of excessive rain reducing the crop income of the area farmers and ranchers. Small businesses claiming to have been physically injured by the weather are not eligible.

We The Women To Host Style Show

Spring is on the way! We the Women will host a Style Show sponsored by CJ's Ladies' Fashions of Tulia on March 10, at 12 noon at the Methodist Church in Quitauque.

Famous names such as *On the Verge, Karlie, Melissa, Capacity, Ali Miles, Northern Isles, Star Fire and Telluride* will be shown.

If you would like to model, please call Jessie at 995-1050 or go by CJ's in Tulia and choose your attire and accessories.

We the Women welcomes everyone to come and lunch with them and then watch the style show; but, if you would just like to see the style show, it will begin about 12:20.

Looking forward to seeing you there!

Caprock Public Library News

by Arlene Hinkle

New books at Caprock Public Library include: *Eyes* by Joseph Glass. Dr. Susan Shader is a psychiatrist and a criminal profiler; but more than that, she is also clairvoyant. She sees things before they happen. a mystery that keeps you reading...reading...reading.

The Dark Side of Camelot by Seymour Hersh. The life of Jack Kennedy from another viewpoint, rather than the one we usually read.

A STATEWIDE SCREENING PROGRAM IS BEING OFFERED

The Legislature passed a law in 1985 that requires all sixth- and ninth-grade students to be screened for spinal deformities. Early detection of abnormal spinal curvature can prevent serious health problems. This is a problem that may begin during the early adolescent years (from 10-14 years of age), with an estimated 1 in 10 adolescents having some degree of abnormal curvature. Curves that are detected early may only require periodic observation by a specialist. Moderate curves may require the wearing of a brace, which is usually supervised by an orthopedic specialist. In most cases, the need for major surgery for this deformity can be eliminated through early detection.

Spinal screening for Turkey and Quitauque I.S.D. school children has been scheduled to begin on Monday, March 9, 1998.

Peanut Election and Referendum Upcoming

The Texas Peanut Producers Board will hold its biennial election on April 30, 1998. The election is for directors to fill three positions whose terms have expired, plus three new positions. Any person living within the following counties who is engaged in the business of producing, or causing to be produced, peanuts for commercial purposes, is eligible to vote in his district, including owners of farms and their tenants and share croppers, if such person is subject to paying the assessment collected on peanuts within the following counties.

District II includes Hall, Floyd, Motley and Briscoe.

Any person qualifying to vote in the election may place his name in nomination for directorship on the Texas Peanut Producers Board from that district by application to the above organization, signed by the applicant and at least ten other persons eligible to vote in the election. The Texas Peanut Producers Board must receive such application by March 30, 1998.

Texas peanut producers subject to paying the assessment may also vote on a proposition to limit the refundable peanut assessment rate not to exceed \$4 per net ton for quota and \$3 per net ton for additional, farmers stock peanuts. Such assessments to be collected at the point of first processing or sale on a "refund only" basis.

Such funds are to be used for funding programs of research, education, promotion and market development. All Texas counties are within the proposed referendum area.

The election and referendum will be held under provisions of the "Texas Commodity Referendum Law." Ballots and return envelopes are available in each peanut-producing county extension office April 16 through April 30, 1998 during regular business hours.

Ballots may also be requested from the Texas Peanut Producers Board, P. O. Box 398, Gorman, TX 76454, telephone 254-734-2853.

Ballots must be postmarked no later than April 30, 1998 to be valid.

Quitauque Sr. Citizens will meet at 5:30 p.m. March 6, 1998, for their monthly business meeting at the Sr. Citizen building.

Health Screening Clinic Scheduled in Flomot

The Do Gooders' Club of Flomot is sponsoring a Health Screening Clinic conducted by Total Home Health Care of Floydada, Tuesday, March 3 at the Flomot Community Center. The screenings will be open to the public from 9:30 a.m. to 3:30 p.m.

The Department of Health personnel will give medical tests free of charge. Everyone is urged to take advantage of this medical service.

Baptist To Host Winter Bible Study

Come join the members of the First Baptist Church of Quitauque for their Winter Bible Study. Dr. Fred Meeks will be at First Baptist Church March 1st through March 4th to teach the Winter Bible Study on the Parables of Luke.

Dr. Meeks is the Chairman of the Division of Religion and Philosophy at Wayland Baptist University. A graduate of Baylor University and Southwestern Baptist Theological Seminary, Dr. Meeks earned his Doctorate of Theology from Southwestern in 1976.

He became the Division of Religion and Philosophy chairman at Wayland in 1985. He has pastored churches in Lorenzo, Lubbock, Plainview, and even as far away as Oregon.

Be a part of this exciting and interesting study of the Scripture Sunday morning at 10:30, Sunday night at 6 p.m. and Monday-Wednesday at 7 p.m. Hope to see you there.

Lubbock Fine Arts Center Presents South Native Plains Artists

Days of Invention: Emerging Artists From The South Plains, a group exhibition by four contemporary Native American artists, will open at the Lubbock Fine Arts Center (2600 Avenue P), Monday, March 2, 1998. The Center will host an opening reception on Friday, March 6, 1998, from 5:30 to 7:30 p.m. The exhibition, which features works by Steve Deno, John Hitchcock, Tom Poolaw and Wendy Mahsetky-Poolaw, runs through Friday, March 27.

Edgar Heap of Birds, the exhibition curator, who is of Cheyenne-Arapaho heritage, will present a gallery talk at 6:30 p.m. during the opening reception, Friday, March 6.

According to Heap of Birds, *Days of Invention: Emerging Artists From The South Plains* brings together four artists "who believe in the priorities of tribal identity, historic investigation, personal exploration and the expansion of two- and three-dimensional art media. Through their works, it is clear that the day has arrived when Indian artists are free to invent their own self-images and to proclaim their artistic interests and missions.

Working in mixed-media installations and paint on canvas Steve Deo, (Creek/Yuchi), states that art is "a way to express my Native American identity. As a person who straddles two cultures, my Native American identity is an ever evolving enigma."

Currently living and working in Lubbock, John Hitchcock (Comanche/Kiowa) creates mixed-media assemblages. He says of his work, "My intent as an artist is to explore the possibilities of information from historical records to contemporary issues that indigenous people face."

THEN & NOW!

by Eunice McFall

I thought with all the cloudy rainy weather that we have been having that you could stand a laugh or two. The following came from the Texas Press Association: the title of the article was:

"THE HEADLINE THAT MAKES 'PERFECT SENSE.'"

These are just a few of the strange headlines that get put in papers. Everyone has at one time or another done one such headline and it never catches anyone's eye until it is already printed and on the stand for sale! By then it is too late to change it and we must just "grin and bear it!" I've had to come to the conclusion that mistakes are going to be made but I do hope and pray that they are just of the funny kind and not one that will cause a problem for anyone. Enjoy your laugh for the day!

Expense Paid Washington Trip Prize For Local Contest Winners

An all-expense paid trip to Washington, D. C. Next June will be awarded to two young people from this area by Lighthouse Electric Cooperative, according to Bill Harbin, manager of the cooperative.

Harbin said winners of an essay/oral presentation contest would be awarded the trip which is set for June 4-16, 1998. Area high school age youths in the system's service area are eligible to enter the contest.

Contest entrants will be required to submit an original composition essay on the subject "Lighthouse Electric Cooperative - The Home Team Advantage." Resource materials that may be helpful to contestants are available from the cooperative's office, according to Member Service Advisor Larry Ogden, who is in charge of the contest.

Essays will be judged on knowledge of the subject, originality, composition, neatness and grammar.

Deadline for entering will be Monday, March 23. On the basis of the essays, finalists will be selected for an oral presentation before a panel of judges at the final contest to be held at the Lighthouse Electric Cooperative community room on Monday, March 30.

This is the 34th year that Lighthouse Electric Cooperative has participated in Youth Tour Program. Winners last year were Lindi Miller and Johnnie Mosley, both of Lockney.

As participants in the Youth tour, local winners will join other winners from across Texas to travel by bus to Washington where they will spend five days visiting places of historical interest, members of Congress and participating in rural electric education seminars.

Virginia was America's most populous state in the first three U.S. censuses. New York took the honor in 1820, staying there until California displaced it in 1970.

Approximately 1,100 Youth Tour participants from 37 states will meet in Washington, D. C. for the 34th National Rural Electric Youth Tour.

For information on the contest, contact the Member Service Department of Lighthouse Electric Cooperative.

YOUTH EXCHANGE SERVICE

Start the New Year Touching Someone's Life

The YES program, a non profit educational organization that fosters goodwill and friendship between Americans and peoples of other nations through the enriching experience of intercultural exchange, is looking for families who will open their homes and hearts to an international student.

Host homes are needed so that students can be suitably matched with families and schools for second semester or one school year (98).

Host families greatly benefit from the cultural exchange by sharing customs, ideas, experiences and love. At the same time the students carry their memories back to their homelands to share with their countrymen.

It is the hope of the Youth Exchange Service, an organization that since 1974 has brought thousands of students together with their host families throughout the nation, that world peace will be enhanced through its efforts.

YES students are high school scholars from Europe, the Far East, South and Central America or Mexico who are carefully selected for good moral and ethical behavior and have medical/accident insurance.

These students are expected to act as a part of your family, integrating into your lifestyle and sharing as much of each other's culture as possible. In addition to being an emotionally satisfying experience, hosting students has a tax deductible benefit of \$50.00 per month.

Interested families may call YES at 800-848-2121 ext. 115. "Make a difference in a world of differences." Please say Yes to YES TODAY.

LANDSCAPING TO SAVE ENERGY

What you plant in your yard does not only improve the look of your landscape. It can also help save energy. When you plant a tree you may consider how close to put it to a sprinkler system or how far away it should be from power lines, but there's another consideration you need to make.

Trees can reduce the temperature inside a house by as much as 10 degrees. Extension forester Lanny Dreesen recommends planting deciduous trees. Their branches let warm sun rays through in the winter and their leaves block intense sunshine in the summer. Dreesen says if your tree will eventually get more than 50 feet tall, you need to plant it at least 25 feet from the house so the shade will fall on the roof. If you're planting trees to act as windbreaks, plant evergreens on the north side of the house. He says a tree can affect the wind velocity as much as 10 times the height of the tree. So a 50-foot tree will influence wind velocity as much as 500 feet away. Smaller trees, shrubs and vines can also act as wind breaks and insulators when shading walls and windows. But Dreesen cautions not to plant them so close to the house that air can't circulate. That could be bad for the house and the plants.

DWARF CHERRY SURPRISE TOMATO

There's a new cherry tomato being introduced in February. It should come as a nice surprise to people who don't have a great deal of space to grow tomatoes. The term (big) sounds funny when you're talking about cherry tomatoes, but in this case it's accurate. The new dwarf cherry tomato is a small, container grown plant that produces large cherry tomatoes. It's been perfected by Master Gardeners in San Antonio under the watchful eye of Extension horticulturist Dr. Jerry Parsons. He says if you fertilize it properly, this cherry tomato will be the largest cherry tomato you have ever seen. He describes it as more like a medium-size tomato, almost as big as a Surefire tomato. He says it's perfect for people who only have a small space to grow vegetables. In the past, even cherry tomato plants have gotten so large that they require a great deal of water and space. Not so with this new tomato. It's a small plant. Parsons jokes about why it's named dwarf cherry surprise. He says they opted to include the word (surprise) to cover all their bases. If people call and say they got a huge tomato, he'll say that's the surprise. If they didn't get very big, he'll say that's the surprise. Even if they say their plant died, he can say that's the surprise. Here's another surprise, the new tomato plant is only available in limited quantities. If it's accepted well, you'll be able to find it most everywhere next year.

We have missed Karen Yates at the Turkey Drive In.

Karen has recently had surgery. We hope to see her soon, back in the cafe.

Bill Carson recently took a group of men from Turkey on a fishing trip in Old Mexico. The fishermen reported the fishing was pretty good. One day it rained and kept them from fishing.

While the fishermen were gone, Roberta Carson visited with her sister in Midland.

Keith and Bettie Green were in Little Rock, Arkansas last week for the surgery of their son, Jerry Green. Bettie remained for a few days.

Review Times For New Medicines Cut In Half

(NAPS)—The reformed new drug approval process is good news for consumers, physicians, and drug manufacturers. And now, there's more good news for the Food and Drug Administration.

The "FDA's Reform of the U.S. Drug Approval Process" was selected as a "Top Ten" innovation in American Government for 1997. The FDA will receive a \$100,000 grant from the Ford Foundation for its program that gets new medicine more quickly to the people who need it, while maintaining a rigorous safety standard for new drugs.

Seniors To Plan Sober Celebration

The Senior Class of 1998 is in the process of organizing the 2nd annual Senior Sober Celebration. Seniors held a brainstorming session of ideas for the trip. Anyone interested in assisting or donating to the Senior class is asked to contact Donna Pigg at 455-1411 or 423-1348.

Also, there will be a student-parent meeting Friday February 27 at the First Baptist Church in Quitaque at 7:30 p.m. to discuss a Senior Sober celebration. Each parent or child needs to have ideas and interests for the evening.

Parental help will be required to help with this celebration. Please attend the meeting if possible.

"Let all things be done decently and in order."

-I Corinthians 14:40

If you are like a lot of us, you are hardworking, generous, kind-hearted, and in fact virtually the who list of Boy Scout attributes; but you have never learned the secret of being organized. You can quickly turn your house or office into a state of chaos, because you try to do too many jobs at once; and since you can't bear to throw anything away, you never have enough storage space. Moreover, you overload your circuits because you are too public-spirited to say no to any worthy cause; and so you are too busy to serve any of them properly. Nevertheless, take the time to attend your House of Worship, for it will help you bring neatness and order into your life. There are only so many hours in the day, and you should let the Lord show you how to make the most to them. After all, He arranged the workings of the whole universe, so He can easily do the same for you.

The Valley Tribune Estate Planning Seminar Held in Amarillo
A two-day Estate Planning Seminar will be held on March 26 in Amarillo at the Ambassador Hotel.
The major audience is people who want to pass a business or real estate to their heirs with minimal estate taxes. Many tax saving alternatives will be explored and related to the participants' knowledge of administration. The goal is to make an informed decision to the best alternative for the family and financial situation. The federal estate tax has increased significantly last fall, and there is great interest in the seminar. For information call Wayne Hayenga at 409/841-1111.

Estate Planning Seminar Held In Amarillo

A two-day Estate Planning Seminar will be held on March 25-26 in Amarillo at the Ambassador Hotel.

The major audience is people who want to pass a business on to their heirs with minimal estate tax cost. Many tax saving alternatives will be explored and related to estate administration. The goal is to give the participants knowledge sufficient to make an informed choice as to the best alternative for their family and financial situation. Since the federal estate tax law changed significantly last fall, people will have great interest in the subject.

For information call Sharon Wehring, Christine Eubank or Wayne Hayenga at 409/845-2226.

Aesop's fables were compiled (if not actually written) by a Greek writer named Babrios.

Debbie Jernigan and Danny Mayfield Announce Wedding

Joyce Price wishes to announce the wedding of her son, Danny Mayfield to Debbie Jernigan of Lubbock.

The couple will make their home in Lubbock where Danny has an office as well as his office in Quitaque. Debbie owns a flower shop in Lubbock.

In addition to providing a way for single parents to meet each other, one group also helps the children of single parents meet others like themselves.

On The QT

Lela Mae Hutcheson will be moving to Round Rock, Texas around the 7th of March. She is making this move to be nearer to her son and wife, Ray Gene and Donna Hutcheson. Lela Mae said this was not an easy decision to make but a necessary one they felt for all concerned. Her new address after the 7th of March will be 1013 Wilderness Path, Round Rock, Texas 78664.

Recent week-end guests of Wilburn and Zeldia Leeper were their son, his wife and daughter. Scott, Karen and Kaitlyn arrived on Friday and enjoyed visiting with the Leepers until Monday when they returned to their home in Corinth.

Jerry King of Odessa visited his mother, Ruby King last Thursday. While here he also enjoyed visiting with his sister, Joyce and friend, Corky Garner. Ruby also had her sister, Imogene and brother-in-law Gene Grundy visiting for the week-end. The group attended the birthday party for Fish Wilson Saturday night. Lawrence Bedwell had lunch with his sisters Saturday and enjoyed a short visit with them.

Sammie Johnson has returned to her home in Quitaque after having been in a Lubbock Hospital for surgery.

Wilson Feted At Party

The celebration of Fish Wilson's birthday Saturday was deemed a success by one and all. Despite the rainy weather over 100 showed up to wish him a happy birthday. Others called to wish him a happy birthday even though the weather prevented them from attending the party. He received many cards, and gifts.

Surprising him for the evening were two Western bands who arrived to play for him and his well-wishers. *The Country Sounds Band* from Silverton and also, Morris Stephens from Turkey along with the Jones family of Lockney entertained the group for a very enjoyable evening of music.

Judge Jimmy Burson of Silverton gave a short recap of the 90 years that Fish has lived and the many organizations he has helped as well as the children he has cheered on at basketball games.

Refreshments were served to well over 100 friends and relatives who came from Pampa, Lockney, Floydada, Matarador, Silverton, Turkey, Clarendon, Lamesa, Tulia and many local persons. His two brothers were in attendance, Morris from Quitaque and Marion of Pampa.

NEWS OF CHILDREN

Feel "Special"

(NAPS)—Children can feel "different" in two ways. Many feel different because they live in single parent households, though studies show more than 60 percent of children spend at least some years with only one parent.

Children can also feel different in a good way if, say, they see their parents take the time to find ways to keep busy and help them meet other youngsters like themselves.

For many single parents, the answer can be found at meetings, outings and activities available through Parents Without Partners. This group offers its thousands of members educational activities, camping and other trips, sports, adult social functions, baby-sitting exchanges, advocacy in Washington, scholarships and discounts.

To learn more about how this group can help, look in the phone book for the nearest chapter or see the Web site at <http://www.parentswithoutpartners.org>.

HELPFUL HINTS FROM EXPERTS

Relieving Strain Of Computer Use

(NAPS)—A possible solution to the workplace problem of eye strain might well be a sight for sore eyes.

Computer vision syndrome (CVS) is a condition characterized by eye strain associated with prolonged computer use. More than 15 million Americans suffer from CVS and nearly 60 million computer users report that they suffer from some type of eye discomfort related to computer use. Symptoms of CVS include:

- eye irritation, such as itchy and dry eyes;
- fatigue, including heaviness of the eyelids or forehead; and
- difficulty in focusing.

Symptoms of CVS tend to occur because there is a decreased frequency of blinking after staring at

a computer for an extended time. As a result, eyes tend to lose moisture, dry out and become sore.

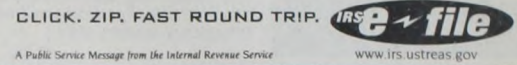

Eye experts recommend the following tips for users to help reduce the risk of CVS:

- Position the monitor 20 to 26 inches away from the eyes, slightly below eye level;
- Arrange light sources in a position that will minimize glare and reflection on the screen;
- Take vision breaks from your computer; and
- Blink frequently to moisturize the eyes.

Eye drops generally relieve the redness associated with eye strain, but do nothing to moisturize dry and tired eyes.

DOES THE IRS OWE YOU MONEY?

Use IRS e-file—and get your tax refund in half the time it usually takes. Even faster with Direct Deposit. IRS e-file is simple and secure. There's quick proof your return is accepted. And it's so accurate, there's less chance you'll get a letter from the IRS. To find out more, see your tax professional or look in your tax booklet.

Hall County Voters - Are You Ready For A Change In Your County Government?

VOTE ED HUTCHERSON FOR HALL COUNTY JUDGE

I am concerned about the direction that Hall County is headed in and will be happy to discuss my concerns with the citizens of Hall County. I also look forward to hearing your concerns and opinions, in the days ahead. Your Vote in the March 10 Democratic Primary will be appreciated.

"He that ruleth over men must be just, ruling in the fear of God."

-II Samuel 23:3

The greatness achieved by our founding fathers was to a great extent due to their exceptional qualities of leadership. However, in spite of this they believed that they could accomplish nothing without the help of the Almighty. They felt the awesome responsibility which they bore for the destiny of our nation and its citizens; and they prayed for divine guidance before making the decisions on which our freedom and our system of justice would depend for all time. They saw themselves as merely the instruments of God's will, and it was this very humility that earned them their place in the history books and in our hearts. We who are responsible for only ourselves and our families could learn much from our founding fathers; therefore, we should attend our House of Worship and thank God for their foresight which has allowed us, among other things, to choose it.

Solar Cells Save The Day!

(NAPS)—Did you know that telephone call boxes and traffic signals along rural and remote U.S. highways are powered by solar energy?
Solar power is all around you—powering street lights, construction signs, and even billboards displayed on semi-trucks! Solar technology is gaining notoriety, using something called *solar cells*, or the more technical term, *photovoltaics* (from photo meaning light, and voltaic meaning voltage).
Today, we use *photovoltaics* for everything from satellite ground stations, TV, water pumps, and rural medical clinics, to consumer products (calculators, watches, radios), backup power sources for buildings, and even power for entire remote villages.
Solar energy is here to stay and is saving the day for millions of people.

Ferguson System Dealers
Joe Bedwell and Ben Chandler returned Tuesday night from Dallas where they attended a meeting of dealers of Ferguson System Implementations. They were advised at the Dallas meeting that they could expect to receive shipment of tractors and implements about the latter part of March.
The B&C Hardware are local dealers for the Ferguson System machinery and expect to handle the full line, tractors, equipment, parts, etc. They have recently opened a repair shop in the rear of their store, with Johnny Brummett in charge, and will stock a full line of parts in order to service as well as sell the complete Ferguson System line.

NEW DISPLAY CASE
A new 12-foot vegetable case was installed this week at the City Grocery. This large electric box is open top for self-service and will preserve the vegetables and fruits in perfect condition.

Besides furnishing a very attractive display for the fresh foods, the box is roomier and handier than the closed case formerly used for this purpose and it also makes more free space in the store. Looks mighty pretty and will be mighty handy for customers.

Mrs. Jess Grundy accompanied her son Buddy home to Wichita Falls Sunday for a few days visit. Buddy had been here to visit with his brother and wife, Mr. and Mrs. Bob Grundy of Apsin.

Bill Middleton and Mayor M. L. Roberson drove to Morton Tuesday to attend the meeting and banquet of the Caprock Water and Sewer Assn. Mr. Middleton was speaker for the evening and discussed the requirements of an efficient water system.

COUPLE WED FEB. 14 TO LIVE AT FLOMOT
Mary Jaunice Wilkerson, Matarador became the bride of Walter T. Ross, Jr. Flomot, in a double ring ceremony at 6:30 p.m. February 14, in the First Methodist Church in Grand Prairie with Rev. James E. Jones officiating. Mr. Ross is the son of Mr. and Mrs. W. T. Ross.

Free Tax Help from the IRS

Get free tax help from the Internal Revenue Service. No, that's not a misprint. Just order IRS Publication 910, *Guide To Free Tax Services*, and read all about it. It describes year-round services, tax time assistance and frequently requested publications for both individuals and businesses. To get Publication 910, call 1-800-829-3676. Here are some highlights.

PRP Fixes Tax Problems
Have a problem with the IRS that has yet to be resolved? The Problem Resolution Program (PRP) can help resolve problems that haven't been settled through normal channels. Call the IRS and ask for PRP.
Volunteer Tax Help
Need help with a basic tax return? If so, the Volunteer Income Tax Assistance (VITA) or Tax

Counseling for the Elderly (TCE) programs may be of service. Both provide specially-trained volunteers to prepare basic tax returns. VITA and TCE volunteers help older individuals, those with disabilities, and non-English speaking taxpayers with their taxes in locations convenient to them. Call the IRS for the nearest location.
