Do you have a favorite holiday recipe?

The Valley Tribune is going to do a repeat of last year's special section of holiday recipes printed for your enjoyment.

Everyone seemed to enjoy this section last year so we plan to do it again this year, with your help of course.

This section will have advertising on front and back pages, with inside pages containing recipes you like best from you the local cooks (or a favorite relative or friend).

In order to produce this section, recipes should be mailed or brought by the Tribune office, Box 478, Quitauque, Texas, by December 12, 1997.

So get busy and send us a copy of that good old standby recipe or that brand new concoction!

IRS Taxpayer Advocates Offer Free Tax Help

Internal Revenue Service taxpayer advocates are known for their "cutting through the red tape" expertise. They tackle chronic tax problems that taxpayers cannot seem to get resolved.

In order to make taxpayer advocates available to more people, the IRS has begun conducting "IRS Listens" sessions throughout North Texas. One hundred forty-nine people attended the first three "IRS Listens" events held in the Dallas/Fort Worth area in October. Another 144 North Texans received one-on-one help with tax problems at the Problem Solving Day on last Saturday (November 15).

Amarillo is the site of an "IRS Listens" session on Thursday, December 11. Taxpayer advocates will be available to listen and help people between 5 - 9 p.m. at the IRS office, 7201 Interstate 40 W., Suite 105. The IRS North Texas District Director will also be present.

Instead of communicating by letter or by telephone, "IRS Listens" could be the answer for people who have not been able to resolve their tax issue through normal IRS contacts.

All help from the IRS is free and available on a first-come, first-serve basis. For more information, call the IRS Taxpayer Advocates Office at 214/767-1289.

HOLIDAY MARKETWATCH

Provided By: Calley Payne, CEA-FCS
Thanksgiving falls on November 27th this year. Extension marketing economist Dr. Dick Edwards says consumers are in for non-stop shopping values from now until Christmas.

There will be lots of specials on turkeys whether you save up coupon points or you spend a designated amount on groceries to get a discount. You might get a frozen bird for as little as 29 or 39 cents a pound. Fresh turkeys will run at least 49 cents a pound.

Edwards says while 90 percent of our tables are graced with turkey at Thanksgiving, the meat choices become more varied when we head into Christmas.

Turkey is still the favorite, but many people also serve ham, and beef or pork roast. And again, the side dishes such as sweet potatoes will be featured.

Edwards says sales on dessert ingredients and foods will also increase after Thanksgiving as will party foods such as chips, nuts and drinks. He says many people forego the home preparation and opt for prepackaged party trays.

Aside from the culinary component of Christmas, there's also the horticultural sales section. Edwards says you'll find the best prices on poinsettias during mid-December, but if you want the best, freshest trees, you need to shop early. Most tree farms and lots will open the weekend after Thanksgiving.

BUDGET STRETCHING IDEAS

How To Get The Goo Gone

(NAPS)—Here are some tips to get you out of some sticky situations.

Though bargains galore may abound in thrift stores and tag sales, there's one sticky problem that plagues many bargain shoppers: the price tags.

Fortunately, there is a cleaner that can remove adhesive residue from price tags. It can get gummy substances off of plastic without marring the surface.

Gum can come off shoes and other surfaces easily with the help of one natural product.

The same product can also be used to save stained carpets or clothing.

Called Goo Gone, it's safe to use on virtually any surface—clothing, carpets, upholstery, vinyl, fiberglass, metal, wood, tile. It combines citrus power and scientific technology to eliminate many of the toughest spots and stains. It works on crayon, oil, tar and grease, scuff marks, chewing gum, lipstick, make-up and practically anything.

It and other Magic American products can be purchased at K-Mart, WalMart, Target, Lowes, Home Depot, TrueValue, Ace Hardware, many supermarkets, or by calling 1-800-321-6330.

Legend has it that Pilgrims served cranberries at the first Thanksgiving in Plymouth, along with wild turkey and succotash.

The cranberry is one of only a handful of major fruits native to North America. Others include the blueberry and Concord grape.

TAX FACTS

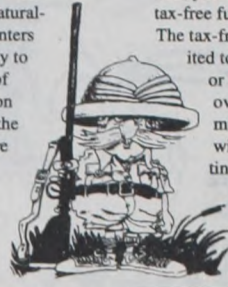

by JOHN SHARP
TEXAS COMPTROLLER OF PUBLIC ACCOUNTS

Don't Let Holiday Meals Get Over-Taxing

The holidays are fast approaching and it is time to start planning your holiday meals. The favorite oversized holiday fruit would have to be pumpkin. Sales tax is not due on canned or whole pumpkins. The only time you pay sales tax on whole pumpkin pies is when they are sold with plates or forks. If you buy a piece of pumpkin pie in a restaurant, you'll have to pay sales tax. If you like to decorate with gourds, you will have to pay sales tax on them. How about a bowl of fruit for a centerpiece? Sales tax is not paid on fruit. Most ingredients for holiday meals are not taxable. Thinking of buying a pre-packaged dinner and skipping the cooking? You will not pay sales tax on a pre-packaged dinner, unless it comes with eating utensils or is sold hot and ready to eat. You'll also have to pay sales tax on salads and entrees that are sold with eating utensils. Does smoked ham or turkey sound good? No sales tax is paid to have the meat smoked, unless the meat is kept hot or served with eating utensils. How about a fruit cake? Nope, no sales tax is paid on that either.

Time to Get Outdoors

As the weather turns cooler, more people are heading outdoors. You will likely see hikers, campers, and naturalists of all sorts. Hunters and fishers are likely to be found this time of year in the woods, on the lakes, or lining the river beds. If you are into fishing, you won't have to pay sales tax on perishable fishing bait, whether it's worms, minnows, or bait like stinkbait or bloodbait.

Holiday Fund Raising

If you are a qualifying religious, educational, or charitable organization, you may hold two one-day tax-free fund-raisers each year. The tax-free transactions are limited to an item sold for \$5,000 or less. If you sell an item over \$5,000, the sales tax must be collected. You will still be allowed to continue to sell other items tax-free during the one-day event.

If you strung all the cranberries produced in North America this year, they would stretch from Boston to Los Angeles more than 588 times.

Krisse Pigg Receives Highest FFA Degree

Krisse Pigg of Quitaque has received the American FFA Degree, the highest degree awarded by the National FFA Organization.

This honor recognizes demonstrated leadership abilities and outstanding achievements in agricultural business, production, processing and service programs. Krisse was one of the 1,711 members receiving the degree at the 70th National FFA Convention in Kansas City, MO, November 13-15.

Only one in 260 of the 449,814 FFA members have advanced through chapter and state FFA degrees to earn this national degree. Pigg, the daughter of Clayton and Donna Pigg, is currently attending college at West Texas A&M.

She is a member of the Valley Chapter and her agricultural education instructor/FFA advisors are Rick McKay and Darin Martinez.

Each recipient receives a gold American FFA Degree key and a certificate.

Mandy Pigg Attends National FFA Convention

Mandy Pigg of the Valley FFA Chapter was selected to represent Texas FFA at the 70th National FFA Convention in Kansas City, MO.

More than 40,000 FFA members, advisors, supporters and guests attended the convention. The theme of this year's convention was "Building the Future."

Pigg, daughter of Clayton and Donna Pigg of Quitaque served as a national voting delegate for Texas FFA at the convention. The duties of a national voting delegate include discussing topics affecting the national organization, making changes to adjust to the needs of the members, and electing a new team of national FFA officers.

"FFA members truly are building the future," said Larry D. Case, national FFA advisor, "and there's no better place than the national FFA convention to see the energy, motivation, and talent that will make the future bright. Students from across the country celebrate each other's successes, share their pride in American agriculture, and concentrate on leadership, personal growth and career success. Watching these 40,000 students come together with such pride and energy is the best guarantee we have for the future of agriculture and of our nation."

At the convention, exceptional members and supporters received awards for their achievement and commitment to the FFA. Students competed for national titles in several events, including speaking and parliamentary procedure competitions.

Opportunities for personal growth and leadership development continued with presentations by educational and motivational speakers including Ron Archer, motivational speaker; Lowell Catlett, agricultural futurist; Edward James Olmos, actor; and Heather Whitestone-McCallum, former Miss America.

Coughs—Don't Ignore Them

Doctors advise that if the sore throat accompanying the cough lasts for more than two days or is followed by a fever, headache, rash or swelling, consult a physician promptly. Also, if sore mouth symptoms do not improve in seven days, or redness persists or worsens, see your dentist or doctor right away.

For people who like natural remedies, Ricola, the number one selling herbal cough drop manufacturer, has introduced two new flavors of throat syrups—Natural Herbs & Honey and Natural Cherry & Herbs. The pleasant tasting liquid oral analgesics use herbs organically grown in Swiss mountain areas.

The syrups will be bottled in recyclable plastic bottles with two safety seals and click-lock child-proof safety caps.

The Valley F.F.A. would like to gather memories of early Turkey and compile them into a book. If anyone would like to contribute, blank papers are available at the Turkey bank with Mary Fierro or at the Turkey Senior Citizens.

Any stories you may have heard from relatives would also be welcome.

Those in attendance at the Tea Party were Joyce Guest, Tom Eudy, Bonnie Hill, Maurice Fuston, Wilma Eudy, Rita Guest, Ying Lyles, Sue Proctor, Mabel Moral, and Izell Proctor.

A Gift For Your Eyes

(NAPS)—Walking through a winter wonderland? Be wise: all that glistens might one day hurt your eyes.

Winter glare can be as harmful as the summer sun's rays. Before you step outdoors this winter, make sure you don't wander too far without eyewear protection.

Because many people don't think of sunglasses during the winter, they also make an appealing and useful gift.

Ranging from sporty and hip to chic and glamorous, sunglasses make a much-appreciated stocking stuffer for those who want to personalize their style.

A popular option is Ray-Ban Orbs Prophecy sunglasses. This unique frame design allows you to walk from the boardroom to the city streets.

The large assortment of sunglasses shapes includes ovals, rectangles, and squares; colors include brown, green, smoky gray and more.

Not many gifts can claim to protect you stylishly. Who wouldn't welcome sunglasses as a gift; they protect your eyes year round and always make you look your best.

Turkey Deer Hunters Bring Home The Meat
Bill Mullin, Gary Barnhill and J.V. Mohon returned home after a successful deer hunting trip to New Mexico. Each man had killed a nice buck.

J. V. killed the biggest buck a 16 pointer, which he stated was "the bull of the woods." Gary Barnhill got the prize specimen of the trip, a 10-point steer--the deer with the velvet horns.

Some of the boys in the hunting party, which included Roy Mohon and two or three others, saw some bears but failed to bag one.

Mayor Mullins got a 10-point buck the first day out.
