## First Baptist Church To Begin Revival

The First Baptist Church of Quitaque has scheduled a revival meeting to begin Friday, November 23 through Sunday, November 25. The Rev. C. H. Murphy, jr., pastor of First Baptist Church in Memphis, Texas, will bring the messages. Rev. Murphy was born in Matador, Texas, and he was reared in the Whiteflat community. He attended public schools in Matador, graduating there in 1955. He attended Texas A&M and West Texas State University, graduating from WTSU in 1961 with a BS degree in agriculture. He attended Southwestern Seminary in Fort Worth, graduating in 1965 with a masters degree in religious education.

Rev. Murphy became a Christian at the age of 20 and surrendered to preach the gospel in 1960, being licensed by First Baptist Church in Matador. He was ordained to the ministry at Northside Baptist Church in Weatherford, Texas, in 1961.

He has pastored churches in Soda Springs Baptist Church in Parker County, Calvary Baptist Church in Weatherford, Texas, First Baptist Church in Hedley, First Baptist Church in Silverton and First Baptist Church in Memphis. He has also preached revivals in Texas, California and Tokyo, Japan. He has led Bible Conference, acted as Camp Pastor of various camps, retreats, etc. He is presently serving on the Board of Trustees at Wayland Baptist College, Board of Trustees for the Panfork Baptist Camp, resource person for Christian Life Commission, Moderator from Panhandle Baptist Association and Board of Directors for Baptist Student Union of Clarendon College. Past Board Member of Plains Baptist Hospital in Amarillo, and Committee Chairman to nominate trustees for Wayland College.

He is married to the former Raynita Dunning of Matador. She is a graduate of WTSU and was recently nominated as one of the "Outstanding Women in Texas." She has sung for numerous revivals in churches.

The couple has three children, Mike, 14; Mark, 7, and Ken, 3.

Richard Campbell, a native of Matador, will lead the singing for the revival services. He is a graduate of Texas Tech University in Lubbock, where he played football for the Red Raiders. He was named to All-Southwest Conference Defensive Team in 1968-69. In 1970 he was named to the NEA Second Team All-America Squad. He is now in full-time religious service.

# Basketball Comes To Valley High Saturday With Canyon

Basketball comes to town Saturday night for Valley High School and it should start off with a bang, especially for the girls for their opponent will be the Canyon Eaglettes, with whom most of the girls have had considerable experience. The Patriots will play the Canyon High junior varsity.

Two girls games and one boys game will be played and the first game is scheduled to get underway at 5:00 o'clock and of course will be played in Valley's big, bright new gym, and that word "big" sounds good to Quitaque and Turkey fans after so many years of playing in small and not very right gyms with very limited seating capacity.

Valley High fans start a new basketball season with high hopes for the season for both the boys

and the girls, but with most of the pressure for winning, of course, on the girls who lost a state championship last year by just a couple of ticks on the clock.

Most of that team is back again this year for another shot at that state title. Gone is "Super Susie" Hendrix and Cindy Morris, both guards on last year's team but Coach George Scott is blessed with an abundance of fine girls from which he will select replacements.

Coach Scott has several "all everything" players around with which to build a contender this year. Eva Cheatham won all-district, all-regional awards; Bonnie Clary was selected all-regional and all-state tournament recognition; Mary Brunson was selected all-regional and all-state. Most, if not all the above mentioned girls were selected on some of the all-tournament teams in which they participated, and Jane Duncan was also an all-tournament selection at Kress early in the season before she was slowed by a siege of the flu. Other members of the team last year were Michelle Lipscomb, a freshman who became a starter before the season's end; Janna Turner, another freshman who saw a great deal of action all season; Cookie Dowd, Cherri Brown, Frances Reed and Valerie Robison. Any of the above mentioned girls are capable of moving into the starting role. Then, Coach Scott has a wealth of younger girls, most of whom played on the junior varsity team last year, and two or more of these girls will probably be moved up to the varsity group.

Hall, who are nearly six feet tall, so they will have fair size and pretty good quickness. Other team members are Steve Eudy, Randy Green, Mickey Smith, Brian Wheeler, Ernie Lucero, Seotly Setliff and Pepper Jones. Those are the boys returning from last year, plus some of the JV and incoming freshmen, some of whom may move on to the varsity.

Coach Hulsey does not like losing and neither do his boys on the team, who are very determined to move back on the winning side of the ledger. They could surprise some people this year. They have had only one week of practice, but look for a good game Saturday night.

Tuesday night of next week Matador is scheduled to come here for a four-game series.

There will be no games during the Thanksgiving weekend, but on Tuesday night, November 27, Kress will come to Valley for three games beginning at 5 o'clock, with the A girls and A and B boys seeing action.

Supt. Loran Denton has announced that classes will be dismissed at 2:40 p.m., or one hour early, next Wednesday for the Thanksgiving holidays. Classes will resume at the regular hour on Monday morning of next week.

**NOTICE**

The Turkey Lions Club offers a \$250.00 reward to anyone for information leading to the apprehension and conviction of anyone selling dope in the Turkey area.

## School To Dismiss Wednesday For Thanksgiving

Supt. Loran Denton has announced that classes will be dismissed at 2:40 p.m., or one hour early, next Wednesday for the Thanksgiving holidays. Classes will resume at the regular hour on Monday morning of next week.

## Services Held Saturday For Betty June Owens

Funeral services were held last Saturday, November 10, at 2:30 p.m. for Betty June (Sissy) Owens, at the First Baptist Church in Quitaque. Officiating was the Rev. Bill Curry, former pastor here. Burial was in Rest Haven Cemetery by Quitaque Funeral Home. Pallbearers were Bud Bailey, John King, Smitty Guest, James Barefield, O. R. Stark, Raymond Hamilton and Carl Chandler.

Sissy, as she was known to all, died about 3:15 p.m. Thursday, November 8, in Central Plains Hospital at Plainview.

She was born May 6, 1926 at Rising Star, Texas, the daughter of Mrs. Olive Owens and the late George Owens.

She moved with her family to Quitaque on December 31, 1930 and lived here all of her life until about five years ago when she became a patient at the Heritage Home in Plainview and she remained there until her death. She was taken to the hospital about 9 o'clock the morning of the day she died.

Sissy graduated from Quitaque High School, then attended Wayland Junior College two years where she received the A.A. degree.

She was an avid sports fan and attended sporting events as long as her health permitted. Sissy's favorite baseball team was the Milwaukee Braves and one of her most prized possessions was a baseball autographed by all of the team.

Sissy became a Christian early in life and she loved church work until her health prevented her working. She was a member of the Baptist Church here.

Survivors include her mother, Mrs. Olive Owens of Plainview; one brother, Gaston, of Quitaque; two sisters, Mrs. Willadeen Ebbs of Garland, and Mrs. Margaret Lane of Van Horn.

Those visiting Sunday in the home of Mr. and Mrs. Albert Christian were Albert's brother and wife, Mr. and Mrs. Russ Christian of Graton, California; Mrs. Juanita Williams of Graton; Mrs. Erma Jones of El Centro, California; Mr. and Mrs. Jackie Christian and Paula of Amarillo; Mr. and Mrs. Homer Christian of Amarillo; Mr. and Mrs. Ronnie Christian, Craig, Carla and Cody, Matador; Glynn Christian of Memphis.

Capt. Grady Lee Jacobs of Fairborn, Ohio, spent Friday afternoon and night with his mother, Mrs. Letha Mae Jacobs.

## Merrell Services Conducted Wed.

Funeral services for Warren Wade Merrell, 79, who died about 5:00 a.m. Tuesday at his home nine miles southwest of Quitaque in Floyd County, were conducted at 2:30 p.m. Wednesday in the First Baptist Church at Flomot.

The Rev. Leo Cole, former pastor of the First Baptist Church in Lockney, officiated. Burial was in Edgen Cemetery, under the direction of the Quitaque Funeral Home.

Pallbearers were Walter Merrell, Levi Wilkerson, Billy Dale Merrell, Jack Merrell, Ikie Gilbert, Jim Stroup and Barney Martin. Honorary pallbearers were the Deacons of Flomot Baptist Church.

Mr. Merrell, born in Floyd County, was a rancher.

He was a deacon in First Baptist Church at Flomot.

Mr. Merrell married Johnnie Virginia McGowen in 1913 at Flomot. She died in 1971.

Survivors include Jake and Truman, both of Quitaque, and Bob of Lockney; three daughters, Mrs. Betty Ruth Douglas of Quitaque, Mrs. Trudy Taylor of Lockney and Mrs. Jane Pigg of Kress; one sister, Mrs. Lizzie Eddleman of Estelline; 15 grandchildren and seven great-grandchildren.

The body lay in state at the family home until one hour before the service.

## Nathan Owens Buried Last Friday

Funeral services for Nathan B. Owens, 63, a longtime Quitaque resident, who died at 1:58 p.m. Wednesday in Groom Memorial Hospital, were conducted at 3:00 p.m. Friday at the First Baptist Church in Quitaque.

The Rev. Bennie Anderson, pastor of the Lockney Baptist Church, officiated. Burial was in Resthaven Cemetery by the Quitaque Funeral Home.

Mr. Owens, born in Palestine, married Lillie Hare in 1971 in Matador.

He was a member of the Macedonia Baptist Church in Quitaque. He was a retired farmer.

Surviving are his wife and a brother, Levie of Lawton, Oklahoma.

Mr. and Mrs. Glynn Christian and family of Memphis visited on Tuesday with his parents, Mr. and Mrs. Albert Christian.

## Brother-in-Law Of Pete Rice Buried

Funeral services for Leslie Waldo Garrett of Quitman, Texas, were conducted Monday, November 12, at 2:30 p.m. in the First Baptist Church with the Rev. Frank Denton, the Rev. Robert Graham and the Rev. Reese Howard officiating.

Burial was in the Myrtle Springs Cemetery under the direction of Cain Funeral Home of Quitman.

Mr. Garrett died Saturday in the Quitman hospital after a long illness.

A native of Georgia, he had lived in Wood County since 1913. He had been a farmer, schoolteacher, postmaster for Quitman, Texas as Relief Administrator for Wood County, and a member of the board of directors of the First National Bank. Mr. Garrett had also served as executive vice president of the First National Bank, first city secretary of Quitman and a member of the United States Department of Agriculture in Wood County.

At the time of his death, he was a director of First National Bank, People's Telephone Company, Wood County Central Hospital District and Northeast Texas Credit Union. He was also a past director of the East Texas Farm and Ranch Club, member and past president of the Quitman Rotary Club, member of the Flora Lodge of AF&AM of Quitman and member of the First Baptist Church of Quitman.

Survivors include his wife, Mrs. Ethel Garrett of Quitman; one step-daughter, Mrs. Marion Layne of Longview; one sister, Mrs. J. W. Bullock of Quitman; one brother, Dewel Garrett of Pleasant Grove; two step-grandchildren; and a number of nieces and nephews.

Pallbearers were G. M. Benton, Clyde Brady, E. L. Eskridge, V. B. Shaw, C. O. Phillips, M. W. Burks and Ray Benton.

He was a brother-in-law of Pete Rice of Quitaque and Mr. Rice and his son, Jarrell Rice, attended the funeral services.

## Valley Basketball Season Opens

Basketball season for the Valley Patriots got underway when the Junior High teams met Matador here in the new gym Tuesday night, November 13.

The B-team girls played first and won their game by the score of 14 to 9. Carla Myers hit for 6 points and Peggy Shannon and Brenda Coker each made four points. Leandra Campo and Maria Valdez also saw action as forwards. Guards were Linda Coker, Jana Smith, Laura Fuston, Jacquelyn Reed, Bena Patrick and Jana Boyles. These girls are all seventh graders.

In the A team game, which is made up of eight eighth graders, Valley came out on top by the score of 34-22. On the forward end of the court Mary Scoggins hit for 13 points, Sherice Price got 12, and Joan Turner 8. The guards are Jill Eudy, Marlene Cawley, Rondalyn Crump, Debbie Dossey and Sonda Edmonds. Although the girls moved the ball well and ran their plays fine, they were really uptight and missed a lot of easy shots, plus having far too many turnovers for what they are capable of doing.

Coach Bill Hulsey had only two days to work with his boys. He had not time to really get them together as a team. This reporter counted 20 boys suited out, there may have been more. They haven't gotten used to the basketball and at time handled it like a football, but they really showed signs of the makings of a good team. They lost the game 12 to 20. Kenneth Helms, Dave Patrick, Kenny Chandler and Jesse Ferguson each scored two points and Rick Proctor scored four. Other boys seeing action and showing lots of promise were Darrell Dowd, Randy Woods, Jeff Crump, Greg Ramsey and Vance Price.

The Junior High teams will be playing in the Lakeview Tourney this weekend.

Mrs. Bob Nabors and her daughter, Mrs. Doug Custer and son, Corky, of Tulsa, Oklahoma, visited over the weekend with her sister and husband, Mr. and Mrs. Buster Crump and with Mr. and Mrs. Lefty Jones. Also visiting with the Lefty Jones was Mrs. Marsha Stalings of Amarillo.

Mrs. Ronnie Hutcherson of Clovis, New Mexico had foot surgery in a Clovis Hospital Wednesday of last week. Mr. and Mrs. Jack Cheatham are keeping the granddaughter, Paula Hutcherson, while the mother recuperates.

## Patriots Close Out Season Last Week Against Memphis

The Valley High Patriots closed out their football season last Thursday night on Vardy Field against the Memphis Cyclones, losing to the Cyclones 31-0. The Patriots were winless for the year.

Although the Patriots did not come out on the long end of the score in any game, in this reporter's books the Valley High Patriots were not losers, for that bunch of youngsters, outweighed and out-manned in every game, gave their best in contest and never quit, no matter how far behind they were on the scoreboard.

It takes a special brand of courage to keep coming back week after week to face teams that were in most cases very much bigger and more experienced than the Patriots were and the Valley Tribune staff is very proud of Coach Chalmers, Hulsey and Scott and every one of the Patriots who stuck it out to the bitter end.

One thing we noted in one of the daily area newspapers the other day—according to that story the Patriots gave up fewer points this season than did Claude, who is currently in a three-way tie for the lead in this district. The Patriots were not able to put very many points on the scoreboard but they did not just show up for each game—they came to play. We say congratulations to the coaches and boys.

## Mrs. Hutcheson Laid To Rest

Funeral services for Mrs. Ruby Mattie Hutcheson, 89, were conducted at the First United Methodist Church in Quitaque, with the Rev. Sidney Parsley officiating.

Burial was in the Resthaven Cemetery under the direction of the Quitaque Funeral Home.

Pallbearers were James Davidson, Bob Ham, O. R. Stark, Jr., Pete Blankenship, Walter Taylor and Murry Morrison.

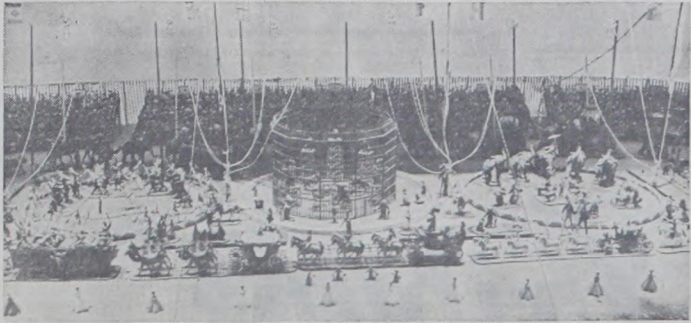

Mrs. Hutcheson died at 1:30 a.m. Friday in Knight Nursing Home in Littlefield.

She was married to Oscar Hutcheson on October 3, 1906 at Oran, Texas.

She was a member of the First Methodist Church in Quitaque and came to Briscoe County in 1924 from Springtown.

Survivors include her husband; two sons, Jack of Dickens and Fate of Dallas; one sister, Mrs. Ann Bell Gilbert of Sparks, Nevada; seven grandchildren and one great-grandchild.

Mrs. Gladys Wiley spent from Thursday until the following Tuesday in Hall County Hospital in Memphis. She reports she is feeling better.

TINY WONDERLAND

SIX FLAGS OVER TEXAS SHOWS MINIATURE CIRCUS

Arlington, Texas—Spangled performers and laughing clowns parade into the big top where thousands of spectators anxiously await the start of the show. Opposite the big top, a side show intrigues on-lookers with its freaks of nature.

The glittering hustle and bustle of the circus comes to life in the mind of the viewer as he visits the new, miniature Dragon Bros. Circus at SIX FLAGS Over Texas.

The circus was created by the late Paul K. Schmitter of Irving, Texas. Schmitter, a technical illustrator who passed away in July, 1972, built the elaborate model as a hobby.

More than 10,000 hours of work over a period of eleven years produced the circus as it now stands. Schmitter's work on the circus, however, was a form of relaxation for him.

The circus is composed of thousands of individual figures. The largest is an elephant four inches tall. There are more than 4,000 tiny performers and spectators and nearly 2,000 miniature animals included in the layout. The model is enclosed by glass and covers nearly 400 square feet.

Schmitter's imagination turned everyday articles into intricate decorations and ornaments. A viewer with a keen eye can detect such items as hat pins for horses' plumes, large heads as balloons and bottle caps for feeding cans.

He collected items from friends' toy boxes, shopped at toy and modeling stores and collected miscellaneous items around the house. His sons, while in the service overseas, sent

various pieces back to their father. He had a special room set aside in which to work, and the model circus became a part of this daily routine.

The model includes not only the tents housing the side show, menagerie and the big show, but also the circus back lot. Schmitter provided such accommodations for the performers as mobile homes, equipment trucks and food tents, including tiny cook stoves. He concentrated on making his circus complete to the most minute detail.

Mrs. Schmitter said her husband had planned to construct a building in which to display his circus after he retired. He died before retirement and never saw his work completely assembled. Construction was continual and the circus was never displayed in any organized fashion.

After her husband's fatal heart attack in 1972, Mrs. Schmitter wrote a letter to SIX FLAGS asking for a small area in which to exhibit the circus in her husband's memory. Seeing how extensive the model was, SIX FLAGS officials were eager to display it as a new attraction. Arrangements were made, and the Dragon Bros. Circus is on public view for the first time.

Mrs. Schmitter once asked her husband why there was no empty seats in the grandstands. Schmitter replied that when his circus opened, it would open to a full house. In the coming years his dreams will come true as millions of guests view the circus at SIX FLAGS Over Texas.

From all over the world people come to visit her at Plymouth Harbor. They speak in many tongues, but their tone of amazement is always the same. How did the Pilgrims do it? How did over 100 men, women and children exist in those cramped quarters and that 67-day voyage across the vast and treacherous Atlantic?

A replica of Mayflower I, this small craft required a feat of seamanship even in these modern times, when she was sailed across the seas to Plymouth. But she is also sturdy and her decks echo with history.

How did the Pilgrims do it? They had an overwhelming goal, great courage and most important of all, tremendous faith. They lived to offer thanksgiving—but as human and frail and frightened as any of us.

A strong faith can be found in your church today. Consider it, won't you?

SELF-ESTEEM IS IMPORTANT

Most parents have hopes and dreams for their children—and the children they work with.

They want them to have inner-confidence, a sense of purpose, success at school and work, meaningful relationships with others, and most of all, happiness.

Behavioral scientists contend that if a child has high self-esteem, his chances of attaining his—and his parents'—hopes and dreams are much better.

According to research conducted by Stanley Coppersmith, University of California, most successful men and women have an attitude

called self-esteem.

Some define self-esteem as how a person really feels about himself—how much he likes or respects himself.

High self-esteem is one of the most crucial ingredients of mental health. Therefore, helping children build high self-esteem is a key to successful parenthood.

A child builds his identity from words and actions directed to him.

Words have power—when a child is told by a parent that he's bad, he believes it. If he lives with constant negative comments, he may develop a dim view of himself.

Adults often use words to convey judgment—such as messy, rude, mean, good and nice. Such judgments can put a child on the defense and encourage him to tune you out.

There are ways of reacting to a situation rather than simply judging it. For example, encourage the child—or help him a bit.

A child who lives with a reactor rather than a judge will understand he's loved even though some of his behavior isn't acceptable.

A healthy child sees himself as separate from his acts. If he's to have self-esteem, a child must have a sense of personal value independent of his behavior.

Mr. and Mrs. Doc Williams and Mr. and Mrs. Jack Seales of Pampano spent a few days last week in Llano, Texas.

Jed Owens from Tulla visited his grandparents, the Solon Owens, Friday and Saturday.

**Wheat Symposium Set For November 29**

Wheat producers throughout the Texas Plains and North Central Texas will get a look at the total wheat production picture during a Wheat Symposium November 29 at the Holiday Inn-West in Amarillo. Registration for the daylong meeting will begin at 9:00 a.m., according to R. J. Hodges, agronomist for the Texas Agricultural Extension Service, which is sponsoring the event along with the Panhandle Economic Program,

South Plains Development Program and Rolling Plains Economic Program.

Setting the stage for the symposium will be Dr. E. M. Trew, Extension Service assistant director and state agricultural program leader. His talk will be on "The Challenge in our New Agriculture."

Discussions will follow on pest management, the disease, insect and weed situation, the fertilizer situation, irrigation management and economics for decision making.

Speakers will be Extension Service specialists Emory Boring III,

entomologist at Vernon; Dr. Frank Petr, area agronomist at Amarillo; Leon New, area irrigation specialist at Lubbock; Norman Brints, area economist at Vernon; and Marvin Sartin, area economist at Lubbock and Tom Beck with Diamond Shamrock at Amarillo.

Extension Service district agents W. W. Grisham, Jr., of Amarillo, and J. G. Simmons of Vernon will provide remarks at the morning and afternoon sessions, respectively.

R. B. Dawson, chairman of PEP, and Bob Hillery, chairman of PRBP, will preside over the sessions.

According to Hodges, the symposium will follow the annual meeting of the Texas Wheat Producers Association at the same location on November 28.

**Tech Game Time Changed Due To Telecast**

It has been announced that the Texas Tech - Baylor football game scheduled in Lubbock Saturday afternoon has been rescheduled to be regionally telecast. The game, originally slated for 2:00 p.m., is now scheduled for a 12:50 p.m. kickoff.

Plans were not made known that this game would be regionally telecast until Monday. This is the second year in a row that a Tech football game has been selected late in the season to be regionally telecast by the American Broadcasting Company. The pregame show will begin at 12:30 p.m.

It is hoped that a large crowd will be on hand at Jones Stadium in Lubbock Saturday to cheer for the Red Raiders, who own an 8-1 record in Southwest Conference action this season.

**Residents Praised For Interest In Rural Community**

State Representative Phil Cates commended those from this city who recently attended the Governor's Conference on Texas Rural Government.

"People in our small towns and rural areas must continue to get involved in the workings of government at every level," Rep. Cates stated.

"I believe in the people in the Texas Panhandle and know that they want good government. We must continue to strive for this kind of positive action. It is of utmost importance to the state and the nation that the people of this district attend conferences whenever they can so that government will be more responsive to them."

Governor Dolph Briscoe's office announced that those attending the Texas Rural Government Conference from Quitaque were Bob J. Ham, W. J. Rice and Jarrell Rice.

**Turkey Farmers U. Hold Annual Meeting**

The Turkey Farmer's Union Annual Meeting was held Thursday, November 8, 1973. A chili supper was served to approximately 65 persons.

Guest speaker for the evening was Senator Jack Hightower of Vernon.

Other out-of-town visitors were Mr. and Mrs. Gaston Owens of Quitaque, editors and publishers of The Valley Tribune; Mr. and Mrs. Fred Mercer and Mr. and Mrs. Beryl Long of Silverton, and six guests from Memphis, Texas.

A group from Memphis came to help elect a county president to serve on the state board. It was voted that the president of Turkey local would serve as County President.

Since the nominee elected to serve as Turkey Local President declined to serve, Virgil Blakney will continue to serve as president until a later date.

Delegates to the State Convention to be held in Lubbock December 6-7-8 were elected as follows: Elmer Lacy, Smitty Guest, Tom Ross, Virgil Blakney. Alternates were H. W. House, James Fuston, E. D. Richmond, J. B. Robison.

All officers of Turkey Local will be the same as last year until another election is held.

Randy Clay, 12-year-old son of Mr. and Mrs. Charles Wallace, entered Hall County Hospital in Memphis Monday of last week. He has been very ill and the doctor diagnosed his trouble as rheumatic fever and a staph infection. He is still in the hospital and will require bed rest for quite some time when he returns home.

Guests in the home of Mr. and Mrs. Lon McKay Sunday were Mr. and Mrs. Mack Kemp and family of Lubbock, Trent McKay and friend, Donna Long, of Plainview and Mr. and Mrs. Eldon Martin and boys.

**Deer Hunting**

**Contest Announced**

A deer hunting contest is being sponsored this year by the Silverton Young Farmers. A \$3.00 entry fee will be charged, and a trophy will be awarded to the hunter who kills the deer with the largest rack. Out-of-town entries will be accepted prior to the hunt; local entries will close November 16.

The contest will cover deer killed within a 50-mile radius of Silverton.

All proceeds will go to charity. You may enter at Hill Farm Supply or Service Elevator.

Raymond Lusk, nephew of the James, Donnie, Jess and R. L. Brunsons of Quitaque, is band director of the Lockney High School band and he has taken his band to a I Rating at the UIL Marching Contest on Wednesday of last week in Lubbock. According to the Lockney editor, Joe Hawkins, this is the first time in the history of Lockney that they have received the I Rating. We congratulate Raymond on his accomplishment and we are proud he is a former local boy.

Mr. and Mrs. Guy Smith of Turkey, Mrs. Buster Chadwick of Quit-

aque and Stephanie Woods of Silverton were in Plainview Sunday to visit Mrs. Steve (Vanessa) Jennings in the hospital there. She entered the hospital Saturday night and the doctor diagnosed her trouble as a virus that had affected the sac around her heart.

Wayne Whittington was taken to the hospital in Plainview early Sunday morning. He is in Central Plains Hospital.

Vance Robison drove to Stephenville Tuesday to visit his brother and family, Mr. and Mrs. Delbert (Red) Robison. Red had open heart surgery in Dallas Thursday morning. When Vance left Sunday, he reports his brother was improving and feeling good.

Mrs. Buster Chadwick and Mrs. Charles Barrett were in Amarillo shopping Friday of last week.

Mrs. Rex Anderson was taken to Central Plains Hospital in Plainview by ambulance Monday night for treatment.

Little Joe Morrison, son of Mr. and Mrs. Murry Morrison, came down with a case of the mumps over the weekend. He is spending the days this week with his grandmother, Mrs. W. E. Morrison.

### Turkey Lions Club Has Meeting

The regular meeting of the Turkey Lions Club was called to order on Monday night, November 12, by the Boss Lion Leroy Stone at 7:00 p.m. at Lanes Restaurant. Lion Loran Denton led the

pledge of allegiance and Lion Ken Castello gave the invocation. Lion George Setliff won the "Pot of Gold" which was \$4.80.

Lion George Setliff, who is Zone Chairman for Turkey, Quitaque, and Silverton, gave a good report on the District Conference held in Amarillo November 11th. He reported that the main project of District 2T1 of Lions this year is

to help Girlstown with their building project. The Turkey Lions voted to donate \$100.00 to Girlstown. The Boss Lion Leroy Stone then introduced the guests who were Jay Stone, son of Leroy Stone, and Dwight Smith, visiting Lion from Quitaque. The Boss Lion also recognized the sweetheart Juana Cotton for the good work that she is doing. The Boss Lion also recognized Coach Bill Hulsey as a new member.

Lion Keith Green then gave the program. He introduced a film entitled "Out of the Shadows" which was about how guide dogs are trained and how people are taught how to use guide dogs. It was a very good film and taught everyone to be thankful for sight. The guide dogs can be obtained free of charge by anyone who needs one.

The meeting was then closed by the Boss Lion Leroy Stone.

#### FAMILY GET-TOGETHER

DOUBLE BUCCANEER STAMPS WEDNESDAY ON ALL PURCHASES

# OUR \$100 MILLION A YEAR PRESIDENT

by H. M. Baggaly  
The Tullia Herald

"Thoughts for Thursday" column  
There was a time when Americans ridiculed the life styles of European kings with their arbitrary power and extravagant living. In a spirit of self righteousness we contrasted these monarchs with our democratic leaders whose power was held in check by a system of checks and balances, who were commoners, mingling with the people, and who lived lives of comparative frugality.

How times have changed!  
Prime Minister Edward Heath of England, for example, gets a salary of \$50,000 a year, plus \$7,500 as a Member of Parliament, and out of that he must pay all of his domestic bills, including the wages of a solitary housekeeper at his official residence at 10 Downing Street. When he travels, he draws the same \$20 per diem as the humblest civil servant.

Leonid Brezhnev of the USSR gets the use of an official five-room apartment and a dacha near Moscow, but he shares government resort facilities on the Black Sea with other Politburo members.

Japan's Prime Minister Tanaka has to ride home from his office in his privately owned Dodge and must fly by commercial airliner.  
In contrast, President Richard Nixon begins with an annual salary of \$200,000 plus a \$50,000 expense allowance. On this \$250,000 of taxable income, Nixon pays less to IRS than most people in his bracket. Tax on his last year's income is believed to be \$14,500, other years less than \$1,000.

But this is only the beginning.  
For operation and maintenance of the White House he received \$1,372,000; for salaries and expenses of those staff members carried on the White House payroll, \$9,767,000; and for "special projects" over which the President has great discretion, \$1,500,000.  
But the end is not yet.  
There's the cost of San Clemente, Key Biscayne and Camp David, there's White House entertainment where the tab is picked up by the Department of State or of Defense, there's transportation expense including a fleet of five lavishly fitted Boeing 707 jets, 16 expensively sound-proof helicopters, and 11 Lockheed Jetstars, his communications system, and his protection. At Key Biscayne, for example, a hard to protect home was bought for no reason other than because it was next to Nixon's pal, Bebe Rebozo. Cost of making this location suitable for the President was \$1.3 million. The helicopter pad cost \$418,000. One already existed about two and a half miles away, but the new pad was installed to eliminate a five-minute automobile trip. Communication equipment cost \$300,000; security lights and landscaping, \$150,000; bullet-proof glass, \$129,000; walls, fences and screening, \$75,000; shark net so the President can swim in the ocean, \$14,000. By comparison, the \$36,000 spent to rent two adjoining houses to give the President privacy seems a pittance.

In spite of this huge outlay, Nixon appears to have found that Key Biscayne is not a particularly attractive spot. Twenty-one times he has escaped to pal Abplanalp's

private Caribbean island. And the government has consequently spent another \$176,000 there.

Space prevents going into San Clemente! The government has already spent \$6.1 million—and the military continues to lay out \$677,000 annually. Among the extravagances is a \$2,329 flagpole!

Bess Truman and her daughter used to go from Washington to Independence by train, paying for their own first class compartment. Lady Bird Johnson rode the Eastern Airlines shuttle on shopping trips to New York.

John Kennedy was determined to avoid any public criticism of lavish touches. When his father commissioned a mural to brighten up the White House swimming pool, an over-eager aide decided that the painting deserved better lighting and had the work done by the General Services Administration. But when Kennedy learned about it, he insisted that he be billed for the \$56,000 cost.

He donated his salary to charity. Other Presidents have also gone into their own pockets to pay for improvements that might reasonably have been charged to the taxpayers.

Spending by the Nixons will top that of any previous First Family. Some of the most desirable of the President's perks cannot be given a price tag, the various priorities given the President's plane or car, the best of medical care by three high-ranking military doctors in well-equipped hospitals.

But a veteran official of the Office of Management and Budget estimates that the true cost of running the Nixon Presidency is as high as \$100 million a year.

Later in the month Dr. Henry Simmons (M.D.), acting head of the DHEW office of Professional Standards Review, met in Dallas October 17 with the TIMA steering committee which is composed of M. D. S. D. O. S. hospital representatives, Texas medical school representatives, the Medicare-Medicaid fiscal agent, and other important segments of the health care delivery system. This meeting was the night before the second formal hearing October 18 called by DHEW in Dallas.

Dr. Boyd said that the TIMA proposal also has the support of nurses, nursing homes, podiatrists, private hospitals, State Health Department, Welfare Department, State Office of Comprehensive Health Planning, Blue Cross-Blue Shield, Texas Medical Schools and numerous county, district and specialty medical societies, both M.D. and D. O.

Dr. Simmons held firmly to the line that Texas would be divided into several PSROs and the TIMA Steering Committee held firmly to its support of the single state PSRO designation because it would be less costly to the taxpayer and be more efficient in insuring that Medicare and Medicaid patients received quality medical care.

## TOMA District 10 Has Annual Meeting

Professionals in the health care delivery system of Texas have united solidly behind an intensive effort to have the State of Texas designated as a single Professional Standards Review Organization (PSRO), Dr. John H. Boyd, President of the Texas Osteopathic Medical Association told members of TOMA District 10 at his fifth presidential visit of the 15 districts of TOMA. The meeting was held at the Lubbock Club in Lubbock at 7:00 p.m. Friday, November 9.

An equally intensive effort to create several autonomous PSRO areas within the State of Texas is being carried on by the staff of the U. S. Senate Finance Committee and the Department of Health, Education and Welfare (DHEW) office of Professional Standards Review and Senator Bennett of Utah. Texas physicians have created the Texas Institute for Medical Assessment (TIMA) and has twice proposed formally to DHEW that TIMA be designated the contractor to implement the PSRO statute on a statewide basis from the standpoint of administration but based upon the work of the utilization review committees in local hospitals, nursing homes and other institutions, Dr. Boyd said.

TOMA, TMA, THA and their allies sent a delegation to Washington October 4 to meet with 22 Texas Congressmen including U. S. Representative George Mahon of Lubbock and U. S. Senator Lloyd Bentsen. Members of the delegation met with Senator John Tower the next day and the other two Congressmen who were unable to attend the October 4 luncheon. The Texas effort to get a single statewide PSRO designation received the support of the Texas Congressmen and, in addition, Senator Bentsen immediately following the meeting introduced an amendment to the PSRO statute which was approved by the Senate Finance Committee, Dr. Boyd reported.

The Bentsen amendment would specifically allow statewide PSROs and would prevent the Secretary of DHEW from denying statewide designation purely on the basis of the number of physicians within the borders of a state.

Dr. Boyd said that the TIMA proposal also has the support of nurses, nursing homes, podiatrists, private hospitals, State Health Department, Welfare Department, State Office of Comprehensive Health Planning, Blue Cross-Blue Shield, Texas Medical Schools and numerous county, district and specialty medical societies, both M.D. and D. O.

Dr. Simmons held firmly to the line that Texas would be divided into several PSROs and the TIMA Steering Committee held firmly to its support of the single state PSRO designation because it would be less costly to the taxpayer and be more efficient in insuring that Medicare and Medicaid patients received quality medical care.

At the October 18 regional hearing Dr. Boyd said there was only the single TIMA proposal for PSRO designation in Texas, although the entire health care industry had been invited to make proposals.

Dr. Joseph T. Painter (M.D.) of Houston, chairman of the TIMA Steering Committee, concluded his presentation to the formal hearing with this:

1. The licensed physicians of Texas formally resubmit their request for PSRO designation of the State of Texas as a single PSRO area.

2. The licensed physicians have developed a qualified, physician-sponsored group, The Texas Institute for Medical Assessment, to support rapid implementation of Professional Standards Review within the state.

3. The licensed physicians of Texas, with the full support of medical schools, hospitals, nursing homes, state agencies, fiscal intermediary and the professional organizations of the providers, intend to meet fully any and all obligations under the law through the implementation of single state PSRO under the Texas Institute for Medical Assessment.

A vigorous campaign has been launched nationally to gain support for the Bentsen amendment

**PLAYING IT STRAIGHT:** In a recent address to the California State Assembly at Sacramento, comedian Jerry Lewis, National Chairman of Muscular Dystrophy Associations of America, forgets all about clowning as he explains to lawmakers the tragedy of neuromuscular diseases. "Muscular dystrophy alone is a vicious, insane killer that takes the lives of four children every hour," he said, pleading for more research funds to help conquer MD and related disorders. California legislators wholeheartedly endorsed MDA's humanitarian cause. Life-saving programs sponsored by the national voluntary health agency are supported almost entirely by contributions to public appeals such as the Association's annual March Against Muscular Dystrophy.

An important message from your Texas Panhandle Ford dealers.

## 5 QUESTIONS TO ASK THE MAN WHO'S TRYING TO SELL YOU A '74 MODEL CAR.

If you're about to invest in a new car, the gentlemen at your Texas Panhandle Ford dealers believe you ought to have straight answers to some pretty basic questions—about the car you're looking at, and about the dealer you're talking to.

**1** How do I know this is the right car for me? The right engine, options?

The gentlemen in sales at your Texas Panhandle Ford dealers know the cars they sell, backward and forward. Once they have some idea of how you use a car, they'll be more than happy to make suggestions about size, body style, engine and options. The choice is yours, of course. The point is, we want to see you in the right Ford, not just any Ford.

**2** How about service after the sale?

This question catches a lot of salesmen off guard; because all too many are interested only in moving cars. But not the gentlemen at Ford. We know you're vitally interested in our ability to service your car. So here, you'll find total car care service: the tools and equipment, plus a shop staff with the know-how and the willingness to help keep your Ford rolling smoothly for as long as you own it.

**3** What are the full terms of the warranty on this car?

At your Texas Panhandle Ford dealers, you'll get more than just broad generalities. We'll hand you a copy of the warranty, give you time to read it, then give you straight answers to any questions you might have about it.

**4** How can you help me with financing?

Just a few quick questions, a reference or two, and chances are we can arrange for the money you need in a matter of minutes—and at the best possible rates available.

**5** When will the car be ready for delivery? And will it be ready?

We'll give you a realistic delivery date, and do all we can to make it. More important, when you do take delivery, the car is going to be just the way you want it. Because we'll spend the time and effort it takes cleaning and polishing, tuning and adjusting—to deliver a car you'll be proud of. A car we'll be proud of.

# Let The Buyer Beware

Manhattan Island is a case in point. Bought from the Indians for beads, the problem is now ours.

Its poverty and wealth, its shame and glory, its tragedy and gaiety—all are the buyer's responsibility. So we possess this great city—with no one to take its problems off our hands.

If we had it to do over, wouldn't we build our cities with more respect for spiritual values... more concern for each other... more attention to the blueprints of the Architect of Life?

That's what usually happens to man. He tries his own way first.

On Manhattan Island, as in every village and city, churches have their doors open to searching souls. Now that we've tried our own way and lived with the results... isn't it time to try His?

### JUNIOR HIGH FOOTBALL SEASON COMES TO AN END

The Junior High boys playing football for the Valley Patriots have done a real good job this season. They have improved with every game.

They started the season against Paducah with the "B" team winning by the score of 6 to 0 and the "A" team losing by the score of 26 to 0.

The next week they started District Play against Claude. They tied 6 to 6, with Lupe Castillo scoring for Valley.

Next they tried McLean and lost 12 to 8. Kenneth Helms scored for the Patriots.

The following week they played Clarendon and once again were defeated 30 to 8. The scoring was done by Kenneth Helms.

The next Thursday the young Patriots traveled the long journey to Wheeler. All the boys and girls reported the trip home much shorter because after being down 8 to 0 the Patriots came home with a 12 to 8 victory. Kenneth Helms

### Fertilizer Supplies Expected To Be Tight

"There is much concern and uncertainty about the supply of most nitrogen and phosphorus fertilizers for use this fall as well as next year," says County Extension Agent Jimmy Vanstory.

Limited power sources for processing phosphates plus export contracts have caused suppliers to allocate materials to dealers in amounts lower than those of last year. It is anticipated that the shortage will continue into next year at least.

"Nitrogen materials are also in short supply due to natural gas limits," notes Vanstory. "If production is again limited this winter, supplies will be especially short next year."

Potash supplies look favorable if transportation is available to move them when needed.

"With the anticipation of limited fertilizer supplies, it is more important than ever to base fertilization practices on soil and crop requirements," contends Vanstory. "It may even be necessary to establish priorities as to where to apply the fertilizer that can be obtained."

Since the time of applying phosphorus can be varied without a high risk of reduced yields, producers should consider applying this fertilizer when it is available. Phosphorus can be applied in the fall for both forage and field crops.

However, there is less flexibility in applying nitrogen without a yield reduction or low fertilizer efficiency. If nitrogen must be applied at a time not expected to give optimum results, the rate should be increased to offset the expected reduction in available nitrogen.

"A reliable soil test provides valuable information for deciding the rate of fertilizer application as well as establishing the priority of each field if supplies are limited," says Vanstory. "Early sampling will give enough time to plan a sound fertilization program."

Mrs. Helen McClung and daughter, Brenda, of Ponca City, Oklahoma and Mr. and Mrs. Dale Baker and boys of Frederick, Oklahoma visited over the weekend with the Melvin Clintons.

Mr. and Mrs. Arville Settiff spent the weekend in Portales, New Mexico visiting with their son, Rod.

Mrs. Billy Wheeler and Mrs. Dennis Denton spent Friday night with their mother, Mrs. Roger Arnold, in Tulia.

Several men from Turkey spent the weekend in Kansas pheasant hunting. Those hunting included Mack Seymour, Mike House, Dennis Denton, Johnny Mullin, Don Mills, Loran Denton, Squint House, Hubert Price, Doyle Proctor and Dean Lane.

### ATTEND RECITAL

Mrs. Ross Herrington took several of her piano students to Wayland College recently where they attended a recital presented by Mr. Mark Pair.

Among numbers presented by Mr. Pair were two concertos by Rachmaninoff, and he was assisted in one of those by Donald Ramsey, a former pupil of Mrs. Herrington.

Mrs. Lottie Lee, aunt of John King, was buried at Roaring Springs Friday afternoon with services held there in the First Baptist Church at 2:30 p.m. Mr. and Mrs. King attended the funeral services.

**MONKEY BABY:** Clarissa H. Beatty, Ph.D. (r.) and Rose Mary Boeck, Ph.D. give "mother love" to cuddly infant rhesus monkey at Regional Primate Research Center in Beaverton, Ore. The physiology of monkeys is being investigated in a scientific research project sponsored by Muscular Dystrophy Associations of America. Because monkeys are more biologically similar to humans than are most laboratory animals, Dr. Beatty and her co-workers hope their study of the muscle metabolism of the rhesus monkey during development and growth will yield data useful to understanding the dystrophic process in children. Dr. Beatty's research endeavor is just one of over 220 MDAA-supported studies now underway in leading hospitals, universities, and research centers in the U.S. and 13 foreign countries. The Association's worldwide research program, aimed at conquering MD and related crippling disorders, is principally financed by dollars raised through the annual *March Against Muscular Dystrophy*.

and Kirk Proctor did the scoring for the Patriots.

Victory seemed sweet to the boys, so when Wellington, who had gone undefeated for nearly two seasons, came to town the Patriots just wouldn't give in. With four seconds on the clock Kirk Proctor passed to Darrell Dowd for a touchdown and Kenneth Helms ran the ball over for the extra points to give them an 8 to 6 victory.

Thursday, November 1, Silverton came down to take on the Patriots and after the Patriots had two touchdowns called back due to illegal motion, Kenneth Helms scored on the first play of the fourth quarter and Randy Woods ran over the extra points. The Patriots scored again when Randy Woods got across the goal line with 26 seconds left in the quarter. The extra points try failed

and the game ended 14 to 0 for the Patriots.

Last Thursday the Patriots once again came out with a victory over Memphis with the score 12 to 6. Kenneth Helms ran the ball to score both touchdowns for the Patriots. The Patriots extra point try failed both times.

The Patriots report having an enjoyable season of football under Coach's new Junior High football coach, Bill Hulsey.

The boys who were on the Junior High team were Randy Woods, Dave Patrick, Jesse Ferguson, Larry Curry, Don Douglas, Brett Cruse, Beegie Pierce, Joe House, Kenneth Helms, Darrell Dowd, Kirk Proctor, Kenny Chandler, Vance Price, Greg Ramsey, David Valdez, Jeff Crump, Terry Brittain, Jon Davidson, Gary Clinton and Lupe Castillo.

### It's a new Land Bank serving a new agriculture in new ways

Over the next ten years, agriculture will require a minimum of \$60 billion in new financing to meet unprecedented changes and challenges. Because there is a Federal Land Bank—created to insure an abundance of capital at reasonable rates—you can have more confidence this need for credit will be met.

The Land Bank will continue to obtain loan funds in the nation's money markets on the very best terms it can. It will continue to make financing available to farmers and ranchers at reasonable cost. And with increased flexibility now permitted by the Farm Credit Act, it will help more people in more ways.

Today, more than ever, you should understand the operation of your Federal Land Bank. If you are not an Association member, let's get acquainted. If you are a member, let's get better acquainted. Let's work together... to build a secure place for you and your family in a viable, prosperous agriculture.
