Gilbert - Blanton Vows Exchanged

Double wedding vows were exchanged by Miss Kathy Lou Gilbert and Frank Neal Blanton, jr., at 7:30 p.m. Saturday, June 30, in a candlelight ceremony at St. John's United Methodist Church in Lubbock. The Rev. Dr. David Roberts officiated.

Mr. and Mrs. D. M. Gilbert of Flomot are parents of the bride. Mr. and Mrs. Frank N. Blanton of Dallas are parents of the bridegroom.

The bridal altar was decorated with a pair of cathedral candelabra containing white tapers and entwined with greenery flanking each side of the altar.

A compote candelabra holding the unity candle surrounded with pink, light green and yellow daisies, carnations, baby breath and green palm fern, was flanked by single candelabra. Other floral arrangements were placed at a lower level in front of the altar.

The prenuptial music was presented by the organist, and accompanied Miss Malva Teague, vocalist for the nuptial selections.

Given in marriage by her father, the bride wore a formal empire gown of candlelight silk chiffon over satin with a drifting built-in train. The bodice was designed with a sheer yoke trimmed in lace and seed pearls, sheer bishop sleeves with lace-covered cuffs, Victorian neckline and lace-scalloped hemline. Her cathedral-length veil of illusion was bordered with matching lace and flowed from a headpiece trimmed with lace and seed pearls. The bride's only ornament was a pair of diamond earrings, a gift from the groom.

MRS. FRANK N. BLANTON, JR.

She carried a cascading bouquet of white roses and daisies accented with baby breath with lace leaves and ribbon streamers.

Mrs. Leland Heskell of Dalhart attended her sister as matron of honor. Mrs. Clois Shorter of Flomot was bridesmatron. Bridesmaids were Miss Anne Tschoepe of San Antonio, Miss Laura Murray of Dallas and Miss Malva Teague of Anton. They wore formal empire silk organza gowns of sunny yellow, lime green and pink, featuring long, full sleeves with self ruffles. Yellow and green satin ribbons circled the empire waistline tied in bows and hung floor-length in streamers. Their headpieces were pleated ribbon, covered with minute daisies and hanging streamers. Each carried a single long-stemmed giant yellow carnation with yellow streamers.

Gary Wright of Lubbock was best man.

Groomsmen were Bryan Gossett and Alfred Allred of Dallas, Jay Johnson of Pampa and Joe McPhail of Houston.

Serving as ushers and candlelighters were Burr Backlew of Fort Worth, Greg Hargrove of Farwell and Charlie Baker of San Antonio. The mother of the bride chose a

floor-length moss green silk organza dress and wore a corsage of yellow carnations. The groom's mother chose a floor-length apricot silk organza dress and an orchid corsage.

Following the ceremony, a reception was held in the Garden Room of the church. The bride's table was covered with a yellow lace-trimmed cloth and centered with a candelabra surrounded with carnations and daisies. The four-tiered wedding cake was topped with a miniature bridal couple, and it was served with fruit punch.

The bridegroom's table was covered with an ecru cloth, centered with large candelabra surrounded with greenery. Refreshments of coffee and German chocolate cake were served.

The registry table was covered with an ecru lace cloth, held a bride doll and the bride's book. Miss Hettie Griffin of Houston registered guests, and wore a wrist corsage of yellow chrysanthemums.

The bride is a 1969 graduate of Flomot High School. She received a B. S. degree in home economics from Texas Tech in Lubbock in May 1973. She is a member of Phi Mu social sorority and past president. She was listed on the Dean's

Honor Roll for five semesters.

Blanton is a 1968 graduate of Thomas Jefferson High School in Dallas, and he received a B. A. degree in government at Texas Tech in May. He is a member of Delta Tau Delta and was Secretary of Student Life for the Texas Tech

Association.

The bride chose a floor-length gown of blue silk crepe for her going away outfit.

After a wedding trip to Acapulco, Mexico, the couple will reside in Bookgreen Apartments in Dallas.

REHEARSAL DINNER

Mr. and Mrs. Frank N. Blanton hosted a rehearsal dinner on Friday, June 29, at 8:00 p.m. in the Gridiron party room in Lubbock, honoring their son and his bride-to-be, members of their bridal party and guests.

A touch of safety and elegance. Cast aluminum construction. Cash price \$60.85. *Budget price \$73.63. Budget terms \$2.05 per mo. for 35 mos. 1 final payment of \$1.88.

You are invited . . . to good times, good food

. . . in your own backyard with an outdoor gas grill and gas light. You can cook up a party at a moment's notice, because a gas grill is ready to cook in minutes. And it's so easy to cook on because you can control the heat. With a gas grill there's no charcoal mess, and you still get that delicious, outdoor char-broiled flavor that comes from the smoke of meat juices dripping on permanent ceramic briquets.

Besides the good times you'll have cooking out, you enjoy the convenience of having a gas grill. You'll probably find yourself cooking on it just because you wanted to get out of the kitchen or didn't want to mess up the broiler of your kitchen range.

All prices include normal post-type installation (up to 50 feet of line) and 5% sales tax. *Budget terms are available at 12.75% annual interest on declining balance.

Gas Work Planned

Pioneer Natural Gas Company will start work immediately on a construction program designed to add approximately 100 miles of lines to increase the transmission capacity of Pioneer's present system, according to an announcement made in Plainview June 28 by K. Bert (Tex) Watson, company president.

Speaking at the Plainview Country Club before a group of 100 business and civic leaders from the area, Watson said, "Upon completion, the total project will represent an additional investment of more than \$11 million. This figure is in addition to the more than \$2 million company expenditure for gathering lines now under construction or plan-

ned for the near future in the Anadarko and Delaware basins." Watson pointed out that while "Pioneer continues to enjoy a good position with reference to its gas reserves," the company must continue to seek aggressively new reserves and to improve its system to be able to serve adequately current customers as well as to be able to continue to offer service to new industrial customers throughout its service area.

He went on to say, "With the completion of this construction on our transmission system, we will be able to add about 100 million cubic feet of gas a day to our present deliveries."

"Work will start on the first phase of this system-wide project as soon as the materials, which are on order, are delivered," Watson said. "The first portion of the

project will be the paralling of about 30 miles of 10-inch line with a like distance of 12-inch high pressure line from a point about 12 miles west of Pampa, to connect with Pioneer's 20-inch line just east of Amarillo. We will install about 2,100 horsepower of compressor capacity at this point, and the gas from this line will go south to our McSpadden Compressor Station just east of Canyon," he said.

"The second part of the program will be the construction of 45 miles of 16-inch line to start at a point just south of Odessa, to more or less parallel our present line north to Tarran, and the construction of 23 miles of 16-inch line from south of Taboka into the company's compressor station at that location," Watson continued.

"All of the transmission lines in this new project will be high pressure lines, and the construction should be completed by mid-1974," he said.

The meeting was one of a series of such meetings being held throughout Pioneer's West Texas system during June and July. The purpose for scheduling these programs is to give the communities served by Pioneer an up-to-date report on the energy problems facing the nation and Pioneer's position in this situation.

Married July 4
