Valley Rolls To Third Zone Title; Plays For District Tonight

The Valley Patriots rolled to their third consecutive Zone Championship here last Friday night when the Patriots smashed the previously unbeaten Motley County Matadors 48-14. The Patriots were ranked No. 2 in the state, according to the Harris Rating System, which ranked the Matadors No. 7. The Matadors dropped out of the top ten this week.

It has always been this reporter's wish to describe the Home-town Football Team with superlatives such as mighty, the greatest, super, awesome, and last Friday night, this Valley team fit all of these. The game, however, started off on a hummer.

Motley County kicked off to the Patriots with McNary taking the kickoff and almost breaking it, finally stopped on the Matador 49. On the first play from scrimmage, McNary took a pitchout then tried a forward pass which was intercepted at mid-field and the Matadors were promptly in business. The Matadors, however, could not advance the ball and had to punt. The punt went straight up and only about 15 yards forward, and Valley was in business again.

It took the Patriots 11 plays to cover 56 yards with Michael Dowd going the final five yards on a fourth down play. Dee Dowd then kicked the PAT and Valley led 7-0 with 5:34 left in the first quarter.

The next Valley touchdown came late in the first period when quarterback Richey Fuston pitched to McNary who ran 10 yards for the touchdown. Dee Dowd again kicked the PAT, and the Patriots led 14-0.

Valley traveled 41 yards to score the third touchdown, with McNary going the final five yards. The extra point try was missed. With 2:40 left in the first half, the Patriots kicked off to the Matadors, then stopped them cold and took possession on their own 38 with 2:08 left to play. Ten plays later, Juice Williams drove in from one yard out as the half ended, and Dee Dowd kicked the extra point to make the score 27-0 at halftime.

Early in the third quarter, Valley fumbled the ball away to the Matadors at the Motley County 26 yard line. Then the Matadors completed a pass to the Valley 40 yard line, where Valley was assessed a 15-yard penalty, and the ball was placed at the Valley 29-yard line. On the next play, Bearden kept the ball and went all the way for Motley County's first touchdown, then threw to Wesley Stafford for the two-point conversion, bringing the score to 27-8.

It took Valley only two plays to get that touchdown back, with McNary getting all of it, 11 yards the first play and 59 on the second play. Dowd kicked the extra point, bringing the total to 34-8 with 8:15 left in the third quarter.

On their next possession, Motley County made one first down, then had to punt, putting Valley in a hole with possession on its own 13-yard line. No problem—give it to Old Juice, and bam! Eighty-seven steps later, six points! Dee kicked the extra point, and the score was 41-8 with 5:17 left to play in the third period.

At this point, Coach Giddens called off his first string backfield.

Valley's last touchdown came in the fourth period when Ray Williams, playing in the defen-

sive backfield, intercepted a Bearden pass at the Valley 25-yard line and hauled it back 75 yards for the touchdown. Dee Dowd kicked the extra point to make the score 48-8.

Motley County scored its second touchdown with less than a minute to play, bringing the total to 48-14.

Friday night's win gave the Patriots their first perfect season through the regular schedule.

Thursday night, Valley will be going for its third consecutive district championship when the Patriots go to Dimmitt to meet Sudan, who will represent the 2-A South Zone. Valley holds a 39-8 win over the Sudan Hornets earlier in the season. Game time at Dimmitt will be 7:30 p.m.

Local fans have realized that Valley has a terrific backfield, but probably no one has realized the quality of its team on defense. The Patriots simply overpowered the Matadors completely in the first half, holding them to a minus 13 yards in total offense. A look at the statistics over the year, however, indicates the quality of this team. The Patriots to date have scored 433 points in ten games and have given up only 52 points. Those are very impressive figures.

JUNIOR VARSITY
The Valley Junior Varsity drove down to Motley County on Thursday and lost its first game of the season. The final score in that one was 20-0.

Patriots Land Player Of The Week

James McNary and Ray Williams, who have shared many honors for the last two football seasons, did it again with their sparkling play last Friday night as they captured the Amarillo Daily News "Players of the Week" award.

McNary brought to mind the winged-footed one, Mercury, as he romped for 236 yards on 24 carries and made three touchdowns. For the season, he has run for over 1500 yards. That has a nice sound to it: Mercury McNary.

Williams, who has carried the name of Old Juice for the last

"We The Women" Enjoy Turkey Dinner, Program

"We the Women" met Monday, November 3, for the monthly meeting and luncheon. A delicious meal of turkey, dressing and all the trimmings was served by Roye Pigg.

Mrs. Grady Tyler presided in the absence of President Dona Smith. Mrs. Tyler introduced the Living Consultant of West Texas Utilities, Jan Shaeffer, who had charge of the program. She presented an informative program on microwave cooking, how to care for your oven, and how to get the most benefits from it. She also gave several points to look for in purchasing an oven. Mrs. Shaeffer prepared peanut brittle, fudge, tamale bites and bacon sticks in her demonstration. She had made a cake earlier and this was served to the ladies. A Christmas table display with lots of helpful hints and ideas for Christmas gifts drew much attention. The ladies report an interesting and informative program.

Plans were discussed and finalized for the Fall Bazaar.

The date has been set for November 22, and much preparation with many gifts has been completed or is in the process of being completed for sale. This will be a first come, first served event, and if you are preparing to purchase some of the gift items for Christmas, you need to mark the date on your calendar and plan to be present early.

The next meeting of "We the Women" will be for the Christmas Party on December 1. There will be an exchange of gifts, and the gifts must not exceed \$5.00. The gifts must be handmade or home-baked goodies. If you plan to bring a guest, bring a gift for that person.

Make plans now to attend and join the fun and fellowship.

IN MEMORY OF MRS. ROSE TURNER

The Valley Tribune received the Wayland Baptist College newspaper, "Footprints," for October and the following story about Mrs. Rose Turner was clipped from it by your editors. Mrs. Turner, a wonderful lady, worked for the Tribune as Flomot correspondent when the newspaper first began.

"Mrs. Luther B. Turner (Rose V. Jones) EX '17, has a long association with Wayland. In a recent interview, she told of being at the ground breaking of Gates Hall when she was 10 years old. She started to the Wayland Academy in the third grade and went through the tenth grade. She attended classes in Matador Hall while Gates Hall was being built. Her family lived in Seth Ward. She sold the first yearbook (Traveler) ever sold on Wayland campus. Her father, Thornton Jones, was one of the first trustees of Wayland. She told how Matador Hall was not completed until 1916 after the members at First Baptist Church, Matador, Texas, raised the money to finish the building, both inside and outside. In the early years, Matador was the dormitory and classroom building. At one time the boys lived in the West second floor wing, the girls in the East second floor wing, and the first floor was classroom space. The lobby served as the Assembly Hall and the Chapel. She told about an incident that created a lot of confusion before the third floor of Gates Hall was completed. After the plaster wire was put on the walls and before the plaster could be put up, some of the boys caught several coyotes and penned them up in the wire rooms. It took the workmen most of the day to get the coyotes out so they could begin to plaster the walls. She also told of being at the ground breaking of McDonald Hall, where she shoveled

three shovels of dirt. She said, "I thought I was about the biggest one there!" Rose also mentioned that she taught a Sunday School class for a total of 55 years and was president of the WMU at Flomot Baptist Church in Flomot, Texas, for 35 years. Mrs. Turner died on August 27."

Mr. and Mrs. Jimmy Baird of San Diego, California are visiting in the area. They spent a few days in Lubbock visiting their son, Tommy, and his family. They came to Quitaque Friday in time to see the Valley Motley County football game.

Mrs. Bill (Jeane) Woods returned to her home Wednesday after spending two weeks in the hospital in Amarillo. She will go to Plainview for therapy three times each week. Her daughter reports she is improving.

Mrs. J. A. Mayfield went into St. Mary's Hospital in Lubbock Wednesday of last week and had a cataract removed from an eye

and an implant performed Thursday morning. She went back Monday morning for a checkup and received a good report.

The Gaston Owens visited the Bill Ebbs and Mrs. Olive Owens in Plainview Sunday afternoon. Mrs. Olive Owens has had a cold and earache. She was not feeling very well.

Mrs. Joe Hamilton of Lubbock spent a few days recently visiting in the home of Mr. and Mrs. Leroy Hamilton. Her husband was attending a job-related school at the time.

SOCIAL SECURITY

age 18. One of them, a daughter, went on to college and remained eligible for monthly checks until she was 22.
 How can you estimate Social Security's value to those related families? It could be done, I'm sure, on a purely financial basis and, over all, they have got back far more than they and their employers have paid in FICA taxes.

Remember my friend of last week's column?

He's the one who thinks Social Security is such a rip-off. He just knows he'll never get back what he has put into the program.

He forgets about the financial protection his family had while his children were still dependent. Since he didn't die then or become disabled, he feels it had no real value for him.

Nor does he consider that he and/or his wife (who also works) might become eligible for disability benefits long before retirement age.
 And there's no weight given to the fact that if he does reach retirement age he can qualify for monthly payments as long as he lives, and for Medicare protection (an incalculable value) at age 65.

Just as importantly, he hasn't considered, either, what Social Security has done—and is doing—for some other folks he loves.

For example, his father worked only a short time under Social Security before he retired in 1945. For the next 20 years, my friend's father and mother both received monthly payments from our program. The father died then, but the mother is still living, still getting that check every month, and has had thousands of dollars of hospital and doctor bills paid by Medicare.

My friend has a sister with a chronic illness. She retired on disability in 1972 and has, since that time, received more than 100 monthly checks from Social Security's disability program.

She, too, is covered by Medicare, and with her chronic problem has been hospitalized repeatedly over the years.

And would you believe that another sister's husband was killed in an accident while their children were still quite young. His widow and children got checks from Social Security every month until the kids reached

CARD OF THANKS

We wish to express our sincere thanks to all of you who were so nice to me while I was in the hospital and since I have been home.

Thanks so much to those who sent the beautiful robe and pajamas, pot plant and other gifts. I appreciated all of you who called, came to see me, and sent cards, and above all, thank you for the many prayers that I'm sure must have been said for me.

It is so good to be home even though I don't quite feel up to getting out. Perhaps it will just take time.

We still say that the nicest people in the world live in Quitaque, and it is good to have that kind of friends.

Jeane Woods and family

A Message of Thanks:
"The vote of confidence from the people of the 13th Congressional District is extremely gratifying. I appreciate the many people throughout the district who have worked so hard to send me to the Congress for the fourth successive time, and who expressed their support at the polls. I will do my best to justify your confidence by giving you full-time, energetic representation in Washington. I again pledge to represent your views and to carry out the duties in a manner benefiting the independence and integrity of the people of the Panhandle and Northwest Texas. Thank each of you for your support."
