**Santa Letters
Due In Office
December 16**

Once again this year the Valley Tribune will be publishing letters to Santa. All letters should be received by December 16 at the Tribune office. The letters will then be forwarded to the North Pole.

**Jamboree
Plans '92
Great Finale**

This coming Saturday, December 5th, the Caprock Jamboree has a show scheduled that could easily be called "The Great Finale for '92."

The entertainment will include Dale Glasson and Company and the Gospelheirs. Both of these groups are from Amarillo and will be making their first appearance on the Jamboree.

I-30 Express from Dallas will be making an encore performance. This is the "top-notch" bluegrass band that was here a few months ago. Of course we take special pride in this group because one of the members of the group, Alan Thomas, just happens to be one of our own "home grown boys".

Brady Black, the young fiddler from Plainview, will be making a repeat performance also.

If everything works right, Six Pounds of Music, straight from the heart of the Ozarks will be on the show.

The Country Sounds will help to make a great night even better.

The hamburger supper beginning at 6 p.m. will be served by the Quitaque Methodist Church. At 7 p.m. another great Caprock Jamboree will begin.

**Driver Safety Course
Offered at Clarendon**

A Driver Safety Course will be held at Clarendon College Saturday, December 5, 1992. It will meet from 8:00 a.m. to 5:00 p.m.

Lone Star Ballet

"The Nutcracker" will be presented in the Civic Center in Amarillo by the city's symphony orchestra and Lone Star Ballet on December 11 through December 13.

THEN and NOW!

by Eunice McFall

The holidays have officially started. With Thanksgiving behind us and the Christmas and New Year celebrations yet to come we really are just in the first stages of the holiday season for 1992.

Quitaque will kick off the season with their Caprock Country Christmas this Saturday, December 5, 1992. This is the fourth annual townwide celebration for Quitaque. Merchants are shining up their wares so that all the local customers and those from out of town who travel to our city for this special day will be able to purchase the perfect item they want for a Christmas gift or the perfect item to help them celebrate their own holidays.

Of course how we celebrate the holidays are as varied and as personal as there are people but we also have lots in common about the way we celebrate too. First of all family--this is the number one thing I think of for holiday celebrations is family gatherings, those who live far away and have to travel for hours or those just around the corner--to be with those we love on holidays makes the time spent together very precious.

My next thought is always food--of course everyone has their favorites and you can never prepare all of them at once but you can usually get at least one dish that everyone likes and even find time to do a few that maybe only one of the family really craves. When we all sit down around the table loaded with traditional favorites and a sprinkling of new dishes--our hearts are truly thankful for the bounty provided for us. Our thoughts, hearts and resources should go out to those less fortunate than us--to help make their holidays a little special and not just think of *me and mine!*

As I said the Thanksgiving for 1992 is behind us but we still have the opportunity to lend a helping hand to a number of people for Christmas and to help them start the New Year off much happier. Let's all try to look around the world in which we live and when we see someone who needs a helping hand--not turn away but extend our hand and help them up!

Caprock Country Christmas Opens Fourth Year Saturday

Downtown Quitaque will be an exciting place this Saturday as the Fourth Annual Caprock Country Christmas kicks off.

Beginning at 10 a.m., the event promises something for everyone. The Arts and Craft show will be held at the Quitaque Catholic Center, three blocks north of Main Street on Tunnell Street. Lots of hand-made crafts will be on display and there will be no charge to come in and browse.

The Quitaque Chamber of Commerce will be serving barbecue on a bun, frito pies, drinks and desserts at the Center. There will be a bigger seating area this year so plan to eat with the Chamber.

The commercial exhibits will be on display at the Community Center and the Caprock Canyons State Park will be represented with a special activity.

Powell's Caprock Home Center, Farley's Flowers and Variety, The Valley Tribune and Valley Farm Store will all be having open house, serving refreshments and giving away door prizes throughout the day. Rutler's Drive-In will also be drawing for free meals all day on Saturday.

WTU building on Main Street will have We the Women's bake sale and tickets will be available there on the Christmas afghan and sweat shirt to be given away on Saturday.

The Peanut Patch of Turkey will also have a booth in the WTU building with a variety of homemade breads, jellies and other goodies for sale.

Otho and Dora Stubbs will have a display of Otho's book "A Lasting Legend" and copies of the book will be for sale.

The Valley Homemakers will once again be sponsoring Cow Patty Bingo on the lot across the street north of the City Hall. Squares will be sold during the week. Contact Patti Whittington to get your square. The group also has tickets on a Winter Warmer Basket to be given away Saturday afternoon.

A favorite attraction will return this year--buggy rides. Once again children can tour the town with Odis Reagan and Sid McFall.

There will be sidewalk caroling at 11 a.m. and 2 p.m. in front of the Community Center. This should be entertaining and lots of fun.

The Quitaque fire hall will host a number of activities including games, goodies, door prizes and Santa Claus. Children may have their pictures made with Santa during the day. Jimmy Burson will be singing at the fire hall at 3 p.m. Drawing for their special prize will be at 4 p.m.

The Quitaque EMS service will be hosting games for one and all, door prizes and a drawing for a Christmas quilt at the ambulance bay on the west end of Main street.

Plan now to attend the festivities and spend the day shopping and visiting at home in Quitaque.

Farmers Union To Hold Meeting

The Texas Department of Criminal Justice-Community Justice Assistance Division recently notified the County Judge's office that Briscoe County will receive \$52,130.70 in Performance Reward Funding for 1993.

The funds must be used within the guidelines established by the Department of Criminal Justice. These guidelines include literacy training, drug and alcohol rehabilitation, drug and alcohol education and intervention, and law enforcement.

Things Seen and Heard

Christmas came early at the home of Linda Ferguson's this year. Her children, Ike, Frances and children of Wichita Falls, Connie, Bob Dvorak and children of Arlington, Jess, Grace Ferguson and children of Corpus Christi all arrived last Wednesday night. The group had a joint celebration for Thanksgiving and Christmas.

Marjorie Bell had her children and grandchildren here for Thanksgiving. Linda Bell, Jaclyn Bell and a friend Shon Liebler, and Kirk, Shanlee and daughter Halen Bell were all here for Thanksgiving. All reside in Amarillo. The Kirk Bells also visited in the home of Shanlee's parents, Billy and Pete Meyer.

Funeral services were held last Monday in the Church of Christ in Boise City, Oklahoma for O. B. Townsley. Mr. Townsley was the father-in-law of Jendy (Turner) Townsley and the father of Clint townsley of Amarillo.

Attending the services from Turkey were Jan and Joy Turner and Joanie Pigg.

The Turners and Joanie drove to Boise City on Sunday to be with Clint and Jendy. They brought Jendy to her home in Amarillo after the services so she could return to her teaching and coaching job.

Smitty, Annalene Lane and girls, Dodi and her children all of Shallowater and Danny, Laura and their children were all Thanksgiving guests in the home of Zona and Dalphine Lane.

Foy Lane, Dona Browning and Tommy Jo Cruse attended the funeral services of Grace Seal in Childress last Monday. Grace Seal was a niece of Foy's and Dona's.

Lavern and Charles Hamner had quite a house-full over the Thanksgiving holidays. Reda and Rick

Rasco and their four children were here from Tyler. Their nine year old Dwayne, is the oldest. His father was the late Johnny Paul Hamner. Also visiting were Leroy Hamner and his daughter of Memphis; Charles Otho, Carol Hamner and their children. Lavern reports that she had more grandchildren present than she had had in some time!

We really enjoyed our recent visit to the south part of the state. We arrived in San Antonio a week ago Monday afternoon at the home of our daughter, and family, Linda, Mark, Zach and Josh Hamilton. We had no trouble finding their home which surprised all our children.

Tuesday, November 24, was the birthday of Linda Hamilton and Brenda Coker. To celebrate Linda's birthday, she took us to the San Antonio River Walk and we spent a big part of the day there.

On Tuesday night, the Hamiltons drove us to Sabinol to wish Brenda a happy birthday and watch some basketball games that Brenda was coaching.

Between the girls' Jr. Varsity game and the girls' Varsity game, Zach Hamilton walked around the gym floor to the bench on the opposite side carrying a big "Happy Birthday" arrangement of balloons to his Aunt Brenda. Upon receiving the balloons the fans in the stands clapped and sang "Happy Birthday" to Coach Coker!

Just before the varsity girls game was over, Josh Hamilton (who isn't two yet) was in the care of his grandparents who were supposedly watching him closely. The next thing we knew he was running to his Aunt Brenda on the opposite side of the court. His father, Mark, caught him just before the teams returned to that end of the court.

Brenda received lots of teasing after the game for trying to field six players on the court!

Needless to say, Coach Coker had an embarrassing night. I don't know if she will ever appreciate her sister and family and her parents coming back to visit her in Sabinol.

On Thanksgiving Day, Kim and Lisa Coker of Brenham, Brenda Coker of Sabinol, Rose Buxton of Harper, Mark's sister and family, Dinah, Joe and son Tyler of Austin all met at the Hamilton's home in San Antonio for dinner.

On Friday we left San Antonio and drove to Brenham to visit with

On Tuesday morning we drove Kim to the Amarillo Civic Center where he was to speak to the Texas Plant Food Fertilizer meeting. He flew back to Austin Tuesday evening.

Olen Margaret and Leeann Lane, all of Midland, spent Thanksgiving in the home of Olen's sister, Rita Guest.

Arville Setliff had cataract surgery Monday in Amarillo. He returned home Tuesday afternoon.

Redell Irby had a pleasant surprise last Sunday afternoon. Norman Gibson came to visit with him. Norman and Redell went through public school together so they had an excellent afternoon recalling old friends and things that had happened when they were in school together. They both thoroughly enjoyed the time together.

The Graydon Ulreys of Dalhart visited the Steve Ulreys from Thursday through Saturday to celebrate the Thanksgiving holiday.

Jean and Jarrell Rice had all their children and grandchildren here for the Thanksgiving holiday. Also joining them were Betty and Charlie McGuire and family of Amarillo, Toby and Joyce Woodard and family of Hedley and Jean's mother Flora Sanders of Hedley.

On Sunday, November 22, Opal Hamilton had Shorty and Ruby Mae Woods, Ruby and Lewis Graham of Plainview, Duke and Mary Woods, and Ruth and Delbert Phelps as her guests.

On Thanksgiving Day, Opal visited in the home of Carl Woods with Wesley and Stephanie Woods and family of Plainview.

Opal and Mildred Hulseley went to Plainview to be with Jessie Thomas who had eye surgery.

Guests in the Farrell Edwards home for the Thanksgiving holiday were Tom, Karen, Teresa and Crystal Kisser of Anton; Brady, Jenny, Brandon, Joshua and Travis Goen of Shallowater and Alvin and Brenda Stamps of Panhandle.

Patsy Herrington spent the long Thanksgiving week-end with Kim,

Ron, Gracie, and Parker Marshall of Austin. Lesa and Bud Welbourn came over from College Station on Thanksgiving day to join the family.

Friday they went to Fredricksburg to the Country Peddler Show. Patsy reports that it was twice as large as the one she had attended in Amarillo.

N. W. Herrington and son Don, and Jim Wilson of Tucson, Arizona visited with Ross Herrington from November 23 through the 29. Patsy returned home in time to get in a visit with them.

A. B. Ramsey remains in St. Anthony's rehab center in Amarillo.

Bob Hinkle has now retired from the US Navy and is now making his home in Quitaque with his wife Arlene.

Buster and Ann Chadwick visited her sister Sally at Cedar Creek and then drove on to Foreman, Arkansas to visit Buster's parents Viola and Tim Chadwick.

Buster Chadwick went to Amarillo, Monday to pick up E. A. Jones from the Veterans Hospital where he had been a patient for a week. Buster took Jonsey to Lockney Care Center where he is now a resident.

## PUBLIC NOTICE

GTE Southwest Incorporated (GTSW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1,080,567. The estimated annual effect on Contel's revenues in the first year are \$42,383.

### DS1 Service

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a CDL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

### DS1 Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate that applies when a SWC and CDL covered by the OPP, at any time during the term of that OPP.

### DS1 Transport

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

### DS1 Transport Termination

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

Proposed Rates and Charges for DS1 Service are as follows:

### Digital Data Service

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

### DDS Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs demand.

### DDS Transport

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

### DDS Transport Termination

This rate element is for the equipment to terminate DDS Transport at the SWCs. This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the service.
