All Signs Point "Go" For 12th Annual Bob Wills Day Celebration

"Everything is ready to go," Jim Majors, president of the Bob Wills Foundation, said on Tuesday morning after the meeting the night before of all committee heads. He praised his committees for their work, and also said they were all grateful each year for the tremendous amount of help the out-of-town children of all the workers do.

We would like to name each committee chairman and hope each of you will show your appreciation to them: Finance, Linda Ferguson; Publicity, Arville Setliff; Parade, Rita Guest; Barbecue, Ray Beryl Calvert; Concession Stands, Homer Hawkins; Arts and Crafts, Jane Ferguson; Facilities, Smitty Guest; Fiddlers Contest, Margaret Lane and Wayne Loury; Sound System, Neil Guest; Sales (T-shirts, etc.), Ruth Ann Scriv-

ner and Jana Guest; Museum, Lucille Brittain and Vera Guest; Breakfast, Don Rickman.

Some new arts and crafts to be on sale this year include stained

glass, wooden toys, and oil paint on wood, according to Jane Ferguson. She has assigned booths to 70 persons in all with about 50 different arts and crafts being represented. Needlepoint, applique and wood work will also be shown, as well as the many different ones seen each year. The new ones and some others will be upstairs in the Arts and Crafts Building, so you are urged to see them, too.

People from New Mexico, Oklahoma and many points in Texas, as well as so many of our talented local artists will be showing their wares.

The doors will open at 9:00 a.m. Saturday, Jane has announced, and will close at 6:00 p.m.

In the concession stand at the end of the hallway in the Bob Wills Center, you will find something new and tasty. Zona Lane is making 300 apple and apricot fried pies for sale! See you there!

Misti McElreath, daughter of Mrs. Scotty Stark of Quitaque and Don McElreath of Lubbock, is the 1983 Bob Wills Day Queen.

Ozean Dowd Loses Home To Fire Sunday

The Quitaque Fire Department was called out Sunday afternoon about 4:45, according to Fire Marshall Elgin Conner. When the firemen arrived, the house was gutted, he reports, and shortly thereafter, the roof fell in. The Fire Marshall reports the house was a total loss.

Cause of the fire has not been determined at this time.

No one was home at the time, and Mr. Dowd was out of town.

The firemen were on the scene for two hours, Mr. Conner reports.

According to the Rev. Wayne Norman, pastor of the First United Methodist Church in Quitaque, jars have been placed around town to help the Dowd family replace some of their loss. There is one at Rice's, Allsup's, Merrell Food, the First National Bank, and one at the Valley School. Any amount you can give will be appreciated.

New Film To Be Shown At Baptist Church

"God's Prison Gang," a newly released film featuring Al Capone's getaway driver, the last member of Bonnie and Clyde's gang and two other notorious criminals who have become Christians, will be shown at First Baptist Church in Quitaque at 6:30 p.m. Sunday, May 1.

The film, shot behind the walls of New York's Attica prison, is hosted by Art Linkletter. It tells the story of how the work of International Prison Ministry is accomplishing what more guards, higher prison walls and greater financial expenditures have failed to do—keep released inmates from returning to lives of crime.

Telling their stories in the 44-minute film are George Meyer, Al Capone's favorite driver; Floyd Hamilton (Public Enemy No. 1), the last of the Bonnie and Clyde Gang; Jerry Graham, the "robber king" of California, and Ted Jefferson, convicted of crimes from drugs and robbery to murder.

Also featured is "Chaplain Ray," whose Dallas-based International Prison Ministry has changed the lives of thousands of inmates over the past 18 years.

Marie White and granddaughter, Melissa Nivens, of Tulia visited the P. John Monks Sunday. They attended services at the local Church of Christ with Mrs. Monk.

Mr. and Mrs. P. John Monk were in Plainview Tuesday of last week for his checkup with his doctor. He got a good report and says he doesn't have to go back for six months.

Six Flags Over Texas Opens Roaring Rapids

The biggest ride in the history of Six Flags Over Texas, the Roaring Rapids river adventure, opened Friday, April 1, at the Arlington theme park.

The \$4.2 million dollar attraction simulates the excitement of rafting down a wilderness river complete with white-capped rapids, rippling lagoons, threatening boulders and waterfalls which tower above the banks.

Circular fiberglass rafts, encircled by huge flotation tubes, carry 12 passengers each along the thundering waterway.

Six Flags General Manager Ray Williams said the concept for the ride came from a Six Flags executive who was intrigued by the man-made river which was used for kayaking competition in the 1972 Munich Olympics.

He said Six Flags asked Intamin, AG, of Zurich, Switzerland, to create a similar river which would be totally safe for the average person to ride. Roaring Rapids is the result.

Intamin is the same firm which designed such thrill rides as the Shock Wave double loop roller coaster and the Texas Cliffhanger freefall ride.

Williams commented, "Roaring Rapids is as close as the average person is going to come to the thrill of a ride down a stretch of rapids. Up until now," he said, "the experience has been limited to those folks who could travel to wilderness areas and join in guided rafting trips."

He cautioned that, "like the real thing, people can just about count on getting very, very wet."

"As each raft plunges down the final set of rapids, a wave about three feet high breaks over the leading edge of the raft. At that point, it really gets wet," he explained.

Williams said Roaring Rapids holds nearly two million gallons of water in a "riverbed" formed by 11,100 tons of concrete. The river is more than a quarter of a mile long.

WHALEY ACCEPTS GAVEL AS CHAIRMAN OF HOUSE COMMITTEE

State Representative Foster Whaley, D-Pampa, recently accepted the gavel as Chairman for Budget and Oversight of the House Committee on County Affairs for the 68th Legislature from Speaker Gib Lewis in recent ceremonies.

Rep. Whaley, who is serving his third term in the House, was also named by Lewis as a member of the House Committee on Appropriations for the current session.

"This session of the Legislature it was decided to expand the membership of the Appropriations Committee to include the Chairmen for Budget and Oversight from each of the 27 House committees dealing directly with appropriate matters for specific state agencies and commissions," Lewis said in announcing Rep. Whaley's appointment.

"Not only does this expand the importance of the budget and oversight process, but it gives each committee a direct vote on the Appropriations Committee through its Budget and Oversight Chairman," the Speaker continued.

SPEAKER GIB LEWIS

STATE REP. FOSTER WHALEY

"I am pleased to announce Rep. Whaley's appointment because I have every confidence in the fine work he will do, not only

as a Chairman for Budget and Oversight but also as a member of the Appropriations Committee," Lewis concluded.

Briscoe County Homemakers

Attend District 2 Convention

Briscoe County homemakers were among the 268 persons who attended the District 2 Extension Homemaker's Convention in Brownfield on April 19. Mrs. Nell Finney of Tulia presided over the meeting and Mrs. Pete Laney and Mrs. Mary Evelyn Bryant were featured speakers. Mrs. Bryant, TEHA state treasurer, spoke concerning the state theme, "Reaching People, Training Leaders." She spoke about some of the traits we need to develop in leadership as well as some of the obstacles we may encounter. Mrs. Laney spoke concerning Texans' War on Drugs.

Briscoe County was honored to

be the first county to receive the Traveling Attendance award. This award is to be given each spring to the county having the greatest percentage of its membership in attendance at Brownfield. Mrs. Syble Teeple was recognized as being a member of extension clubs for over 50 years. She is a charter member of the Southwestern Extension Homemaker's Club as well as being a member of a club in Floyd County.

Lanita Cantwell attended a special workshop for TEHA chairmen where they continued to make plans for the State Convention which will be held in Lubbock in September. Cotton is

to be prominently featured at the meeting, and District 2 ladies are constructing cotton boll corsages to sell to some 800 expected guests at the state convention. Also they are gathering and constructing decorations for the banquet, which also will feature cotton. TEHA chairmen are asking their local gins for donations of miniature cotton bales or small cash donations.

Early this year Mrs. Nell Finney, District 2 Director, set goals for the district and asked TEHA chairmen to set goals in their counties. These goals included increasing number of extension clubs, increasing number of members, and increasing number of applicants for 4-H scholarships given by Extension Homemakers. Extension Homemaker Clubs are open to all homemakers irrespective of race, color, sex or national origin. Anyone wishing to join an extension club, or begin a new extension club, should contact Extension Agent Lynda Fogerson or any club member.

Those attending the Brownfield meeting were Lois Ziegler, Lois Nance, Polly Jarrett, Syble Teeple, Lanita Cantwell and Extension Agent Lynda Fogerson.

All-Star Cast On Stage At Country Squire

An all-star cast of three—Patrick Wayne, Mary McDonough and Johnny Crawford—will bring the light-hearted, romantic comedy "Angel on My Shoulder" to the stage of Amarillo's Country Squire Dinner Theatre Tuesdays through Thursdays for a month's run with opening night having been April 12.

Patrick Wayne, son of the famous Academy Award winning actor, John Wayne, has won star-billing in his own right with his performances on television and in such movies as "The Alamo," "Mister Roberts," "The Long Grey Line" and "The Searchers." He has recently starred in special productions of

"The Love Boat" and "Fantasy Island." Last summer he won applause from area audiences with his performance in "The Tender Trap" at Country Squire.

Mary McDonough played Erin, one of the Walton daughters, for the entire run of the popular television series, "The Waltons." She also has appeared in "Love Boat" episodes and in NBC specials.

Actor Johnny Crawford received an Emmy nomination for his work with Chuck Connors in the ABC series, "The Rifleman." His film credits include "El Dorado," "The Great Texas Dynamite Chase" and "The Resurrection of Bronco Billy."

AS A MAN THINKETH

Gerald Beasley

"GOOD NEWS!"

Thinking she would be eagerly receptive, a middle-aged bachelor proposed to a lady who had never married. He began, "I've good news for you . . ." "Good news?" she replied. "Why, I've already got a cat that stays out late, a dog that growls at me, and a fish that drinks. Why do I need a husband?"

She didn't think there was good in his "good news."

Is there anything "good" in your good news about life? The Bible is clear that the "abundant" life is in Christ (John 10:10). But the ranks of the do-your-own-thing persons are swelling. They don't regard the gospel ("good news") as good news. They claim self-sufficiency. They feel they don't need any divine help.

Let's examine God's News:
Headline one: It's a God-For-You Universe! (1 Tim. 2:3-4; 2 Pet. 3:9; John 3:16).

Headline two: You Can Be More Than You Are. You can be made new, be transformed. (Eph. 4:22-24; Rom. 6:3-4; 12:1-2).

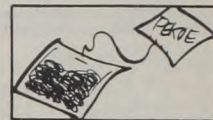

Headline three: You Are Free To Choose. Your life is not determined by genes and chromosomes nor by heartless fate. You can choose life and friendship with your Creator. (Joshua

Homemakers Club Enjoys Supper, Tour

The Progressive Homemakers met Monday, April 25, and traveled to Tulia for supper and a tour of the Swisher County Museum.

Kathy Jo Harman met the group at K-Bob's and guided them on a tour of the museum. Mrs. Harman gave a very interesting program on the history of the museum and its exhibits and told of their future plans.

Those attending, in addition to Mrs. Harman, were hostesses Roy Reed, Reba Self and Tisa Whitfill, and members Marsha Brunson, Pat McWaters, Sue Martin, Ramona Martin, Beverly Minyard, Jonetta Ziegler, Bena Hester and Anita Ramsey.

Enjoy Visit In Bogata And Atlanta

Carroll and Glenna Garrison returned home Thursday after a three-week visit in Bogata, Colombia with his daughter and family, Kay, Elmer and Sherri White, and a week in Albany, Georgia with his daughter and family, Jerry Lynn, Larry and Amy Sculley.

The Garrisons were in Bogata when the earthquake hit Popayan, only 230 miles southwest of Bogata. On Thursday before they left, one of the Whites' best friends was kidnapped from her ranch and has not been heard from to this date. When the Garrisons reached Atlanta, they waited 5 1/2 hours for their plane, which, when it landed, crashed into a baggage truck knocking a hole in the wing and making it necessary for them to wait another 1 1/2 hours. In spite of their living on the edge of danger, they reported a very interesting, exciting and beautiful trip. While in Bogata, Mrs. White flew with them to Barrenquilla on the northern coast to spend the weekend with Dr. and Mrs. George Kolmar, friends of Mrs. Garrison from Amarillo and missionary friends of the Whites. While there the Garrisons drove with a group of missionaries to the historical and beautiful city of Cartagena. They returned to Georgia in time to see the dogwoods and azaleas in bloom.

After three weeks in a city of about six million people and almost that many cars and taxis, they are glad to be back at Rock Creek in time to plant their garden.

IN MEMORY OF STELLA (TED) ARNOLD

A friend is gone, what can I say
To ease the sorrow I feel today?
She'll be missed by more than me—
She was my neighbor, don't you see.

She walked her yard in the early hours,
Toiling among her beautiful flowers.
We'd hang over the back yard fence—
Maybe sometimes our talk didn't make sense.

She gave her all, for she was a giver.
When evening came and darkness fell,
I'd look over and all was well.
A bright light from the window shone.

She was all right, for she was home.
So her friendship, you can see,
Is not lost; it's part of me.
I'll remember her as years go by,
For I know she didn't die.
She lives now in God's grace.

EXTENSION LEADERS IN WORLD HOME ECONOMICS

Two Texas Agricultural Extension Service educators are currently active in world home economics.

Nancy Granovsky, a family resource management specialist, is one of two Americans on the executive committee of the International Federation for Home Economics.

Dr. Jennie C. Kitching, assistant director for home economics, serves as a liaison for the 33,000-member American Home Economics Association to the

international federation. The federation seeks to promote the development of home economics in all countries through formal and informal education related to personal, family and communal living. It is the only international organization that confronts family needs with a preventative education program rather than a crisis orientation.

ITEMS OMITTED FROM REPORT OF CONDITION

The Report of Condition published last week by the First State Bank of Silvertown had two items omitted.

Line number 8 should have reflected Total loans (including overdrafts) totaling \$15,592.36.

Line 32 should have shown Common stock (No. of shares outstanding) 4000.

Her new home is a better place.

AG EXPORTS ON DECLINE

U. S. agricultural exports are expected to fall for the second consecutive year to about \$36 billion for 1982-83, down 8% from last year and 18% below the record level of \$43.8 billion for 1980-81.

Major reasons for the continuing decline have been the worldwide economic recession, large carryover of commodity stocks, a strong U. S. dollar abroad, and credit problems for many of the developing coun-

tries, says an economist in marketing for the Texas Agricultural Extension Service, Texas A&M University System.

THURSDAY, APRIL 28, 1983

Policy measures being considered to help alleviate the agricultural export problem include countering "unfair trade practices" by some countries, increasing the use of USDA "blended credit," expanding market development activity, and donating surplus commodities in domestic or foreign relief programs.

REPORT SENT TO TEXAS COUNCIL FOR GOVERNOR'S COMMUNITY IMPROVEMENT PROGRAM

The following is a copy of the report sent in to the Beautify Texas Council for the Governor's Community Improvement Program. There will be six winners across Texas—one in each population category, and one overall winner as the number one in Texas. Plaques suitable for display in the City Park are awarded to the winning communities at an awards banquet in Austin in June.

This report will be run weekly as we have space. Please keep this issue so you may re-read it in context. The Quitaque Community should win first place.

V. COMMUNITY BEAUTIFICATION

Quitaque has tried very hard for a number of years to make this community one of the cleanest and most attractive communities in the state. This year there was added emphasis on community beautification for we wanted our "house in order" to make a good impression on visitors who would be coming to Quitaque for the first time while visiting Caprock Canyons State Park.

A. YARD OF THE MONTH
"We the Women" recognized a "Yard of the Month" each month from May through October by placing an article in the weekly newspaper. They also submitted news articles encouraging residents to spruce up and fix up and be ready for the many visitors coming to Quitaque.

B. LIONS CLUB TREES
The Lions sold over 600 trees for the third year in a row. This has helped in beautifying our community by making trees readily available—giving others incentive to plant with a chain reaction. Programs have also been given on landscaping and caring for trees and shrubs.

C. BASEBALL PARK EXPANDED
The Softball Association has done a tremendous job of making Quitaque's baseball park, as well

as the adjoining City Park, beautiful. This year they built a second set of bleachers with shade at the ball park. At the City Park they built a 12 foot by 62 foot group picnic shelter. They keep the parks clean and pick up all litter after every game. Quitaque has one of the most attractive, well kept ball parks in the Panhandle.

D. NEW PLAYGROUND EQUIPMENT

One of the projects for "We the Women" this year was a new piece of playground equipment designed like a fire truck. This is primarily for the younger children and is the only piece of playground equipment in the Park for the younger child. A number of children can play on it at one time with climbing rails, steering wheel and a slide at the end. Several men volunteered their labor in installing it.

E. GARDEN CLINIC HELD IN QUITAQUE

This was a well attended informative meeting led by County Agent Ernest Kiker. It covered planning a garden, varieties and fertilization.

F. COMMUNITY-WIDE BEAUTIFICATION PROGRAM

Work on community beautification actually started early in the year. Junk cars were hauled off from entrances to town and on the highway to the State Park. Dead trees were cut down and hauled off and trees along the road entering town were pruned, as well as trees at the Community Center and the City Park. The Lions Club spearheaded this clean-up drive with help from "We the Women," EMTs and Firemen.

On the designated day for the Community-wide Clean-up which was held the weekend before the grand opening at the State Park, there was a convoy of pickups, trucks and tractors with mowers ready to work. Much debris was hauled off, weeds were cleared off around vacant buildings, and ground kill was used in places where it was needed. Every vacant lot in town was mowed. If a person wasn't helping with the group clean-up, he would be out working on his own property.

Windows on all vacant stores were washed and all of the businesses washed their own. The streets were cleaned and there couldn't have been a cleaner place anywhere. It was overwhelming to see the people working together—young and old—from the kids to the grandparents, from the bank president to the farm laborer. It couldn't help but give a person pride in his community and no one would have dared leave his own yard and premises undone!

Quitaque plans to continue this emphasis on a beautiful, clean community for this will attract clean people to the community. It is indeed a city with pride.

G. RAILROAD REPAIRED

For quite some time Quitaque residents had been concerned about a very bad place on the railroad crossing on the road leading to the State Park. Having no results through efforts made locally, letters and phone calls were made to railroad officials with good results. It was repaired in time for the Grand Opening day.

H. HIGHWAY SIGNS SECURED

An appeal was made to the State Highway Department for signs to Caprock Canyons State

Park. After they were put in place, it was discovered that they were incorrect, so once again phone calls and letters to the State Highway Department resulted in nice attractive signs on the roads directing the way to Caprock Canyons State Park.

VI. PROPERTY IMPROVEMENT

A. NEW POST OFFICE
The site where an attractive brick Post Office now stands was once an ugly broken down building. Through consistent efforts of the Quitaque Industrial Foundation the property was bought and cleared off making room for the new Post Office. It made a very attractive addition to the community.

B. NEW RESTAURANT
Another old, ugly building was completely renovated on Main Street and is now an attractive restaurant. People come from a wide area to eat at this restaurant.

C. TWO RESTAURANTS RENOVATED

Two other restaurants in town added new furnishings and improvements.

D. JUNK CARS REMOVED

Junk cars were an eyesore left along the road and also on private property. These were removed this summer and emphasis made on keeping junk cars hauled away.

E. CITY PARK IMPROVEMENTS

A nice group covered picnic shelter was built by members of the Softball Association. There were also two large enclosed areas which were cleaned out and filled with sand for a play area for the children. A large piece of playground equipment was placed in the park by "We the Women."

F. HOME IMPROVEMENT

Home improvement was emphasized by news articles and by recognizing a "Yard of the Month" from May through October.

G. CHRISTMAS LIGHTING AWARDS

"We the Women" promoted beautiful Christmas decorations and recognized the home and business with the most attractive Christmas display. News articles were written and the winners names were added to a plaque which is located in the Community Center.

H. IMPROVEMENTS IN GROCERY STORE

The local supermarket completely rearranged and expanded the stock capacity this past summer. They also repainted the entire store.

VII. ECONOMIC DEVELOPMENT

Quitaque is very fortunate in having one of the largest State Parks in Texas—and one of the most beautiful—only three miles north of town. Tourism is the number one industry at this time and all efforts have been made to develop interest in Caprock Canyons State Park. Citizens of Quitaque are aware of how important it is for visitors to be impressed by a clean, attractive and progressive community. In time every business will benefit from the influx of visitors.

Many of the businesses have already expanded—the grocery store, restaurants, and a new extensive line of fishing and camping needs has been added to the Farm Store.

The five softball tournaments have been very popular and

bring many teams and fans to Quitaque. The Fall Arts and Crafts Bazaar also attracts visitors from a wide area. All of these events give an added source of income to the local businesses and keep the town active with "something to do" for residents.

There is plenty of recreation in Quitaque for sportsmen, for there is very good hunting for Aoudad sheep, deer, wild turkey, quail and dove. There are excellent camping facilities at the State Park and another business in town has several trailer houses to rent to hunters.

There has been quite a bit of oil lease activity in the area and the local bank provided free office space for this purpose.

The Quitaque Valley Peanut Association sold 5,000 pounds of peanuts across Texas in 1982.

Because of the increase in business, a new laundry service has been opened in Quitaque.

Residents are excited about what the new industry of tourism will do for Quitaque. It is indeed "Small in Size—Big in Pride"—"Quitaque—Gateway to Caprock Canyons State Park."

of most farm commodities, together with sagging domestic demand and decreased exports, says an economist with the Texas Agricultural Extension Service, Texas A&M University System.

Also, weather losses were heavy in some areas, particularly in the South Plains. Grain sorghum was the second leading cash crop with receipts of \$619 million followed by wheat at \$499 million.

GARDENING IS FARMING

It's time for gardeners to stop gardening and start "farming," says a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

Gardeners are, in reality, "urban agriculturists" and therefore should relate to farming.

Conservative estimates indicate that about half of Texas' population is involved in growing fruits and vegetables at home. These urban agriculturists should look at their backyard plot as a small farm. They encounter many of the same problems as do farmers, and they make many of the same decisions regarding varieties, planting dates and other matters.

COTTON LEADS DECLINE IN TEXAS CROP SALES

Texas farmers got about \$800 million less from crops sales last year compared to 1981, with cotton sales taking the sharpest nosedive—from \$1.4 billion to \$875 million. Estimated crop sales totaled almost \$3.8 billion in 1982 but were down due to poor prices caused by huge stockpiles

Interest To Be Reduced On Variable Rate Loans

Interest rates on Land Bank variable rate loans will be reduced to 11.00 percent on farm loans and to 11.50 percent on rural residence and farm-related business loans effective May 1, 1983, said Tommy R. Ogden, president of the Federal Land Bank Association of Floydada.

In addition, the Land Bank has reduced its Bank closed loan fees to one percent on farm loans and to two percent on rural residence and farm-related business loans, according to Thomas H. Benson, president of the Federal Land Bank of Texas. These reduced fees became effective April 25, 1983.

"The adjustments follow reductions made earlier this year," Benson said. On January 1, 1983, the Bank's interest rate on farm loans was lowered to 11.25 percent. The interest rate for rural residence and farm-related business loans was lowered to 11.75 percent. Bank closed loan fees subsequently were reduced in February from four to two percent on farm loans and from seven to four percent on rural residence and farm-related business loans. The fee reduction was

made possible, Benson said, by the decrease in the Bank's cost of funds.

The Federal Land Bank Association of Floydada makes long-term real estate loans in the counties of Briscoe, Motley and Floyd.

Green Thumb Training Session Held April 19

Thirty-eight Green Thumb workers met at the community center in Quitaque for a Green Thumb workers training session April 19. The purpose of the session is to inform workers and sponsors of the changes made concerning the work hours, holidays and a general outlay of what is expected of the workers. Also training films on alcoholism and safety were shown.

Among the out-of-town guests were John Willingham, Assistant State Director; Susan Armstrong, District Director, Waco; Darrell Hale, Area Supervisor, Plainview; Eula Merrell, Field Supervisor, Clarendon; Judge Thomas, Collingsworth County;

Judge Chappell, Hall County; Billy Ray Johnson, Clarendon; Ruth Fuston, Turkey; James Brunson, Quitaque, all sponsors of the Green Thumb work units.

Thirty-eight workers from Silvertown, Turkey, Quitaque, Hedley, Claude, Clarendon, Memphis, McLean, Wheeler, Shamrock and Wellington were present.

A very delicious meal was served at noon under the supervision of Mrs. Eula Merrell and joint efforts of workers, sponsors and supervisors.

Mrs. Stella Davis has just returned from a three week visit with her daughter, Mr. and Mrs. Charles Wilder, in Bartlesville, Oklahoma. Mr. and Mrs. Byron Young met Mrs. Davis and the Wilders at Clinton, Oklahoma for the return trip. Mrs. Davis said she had a great visit and got to attend an Easter Pageant at First Baptist Church in Broken Bow, Oklahoma, in which her granddaughter, Tanya Wilder, took part. The church membership there is over two thousand, she said. Another highlight of her trip was when they went to Muskogee to the Azalea Festival.
