Turkey Drive-In Opened Tuesday

The Turkey Drive-In has been closed for ten days. They opened again, Tuesday, September 7. They were closed for repairs on the cafe and for a thorough cleaning.

The local folks were quite excited over the reopening as they all gathered for coffee last Tuesday morning.

Most of the cafe employees spent their time off at home doing their own cleaning, etc. Janice Stewart did take a few days off to travel to Amarillo to visit with her father and sisters after she had done some painting and cleaning at her own home.

THEN and NOW!

by Eunice McFall

It is that time of the year that we must stop and think before we get behind the wheel of that car or truck. Of course we should always be careful when we are driving any sort of conveyance whether it be a horse and buggy or a school bus. But when the school bells ring in the fall, we should be extra cautious around the schools and when we see a school bus. They do stop quite often and this means that you and I who are meeting them or following the bus should be prepared to stop at all times.

Never, never try to pass a school bus! Just think about that child that you could hit. Do you think that the few seconds that you save will ease your heart when you think of the hurt that your rush has caused? Most of the time when we put our thoughts into perspective we realize what is the proper action to take and sometimes the proper recourse is to do nothing!

Not only do we need to be extra cautious around the school and buses but around town when the children are arriving home is also a dangerous time for them. They are not thinking about the danger of the cars and trucks around them. They are just thinking about school being out for the day, and can now go home and watch TV, read a book, get a snack or whatever they feel is a pleasant activity. So we must be extra cautious for them around this time.

Not only do we adult drivers need to be cautious but all children need to be taught to always be alert when they are in the vicinity of vehicles of any sort. That little moment of caution could save a lot of pain and perhaps even their life, not to mention the heartache and tears that follow an accident where a child is involved. So lets all put on our thinking caps and come up with ways to help keep tomorrow safe for the children of today!

Is that moment of unthinkig action worth the cost that you will pay?

Dance Hosted By Firemen

The Country Knights Band of Plainview will be playing for a dance sponsored by the Quitaque Volunteer Fire Department on Saturday September 11, 1993 from 9:00 p.m. until 1:00 a.m. The site of the dance will be at the Quitaque Compress.

The proceeds from the admission fee at the door will go towards updating Quitaque's fire-fighting equipment.

Please come out and support the local volunteer firefighters at this event.

This Is Your Town! Let's Make It Better! We The Women To Meet Tuesday

We the Women will kick off the '93-'94 year on Tuesday, September 14 at 12 noon at the First United Methodist Church. Linda Stark will be catering the meal.

There will be a very special program presented by Waydie Clay.

Mark Tuesday as "day-out" and enjoy good food, good fellowship and a good program.

Put Your Best Foot Forward

Amarillo College and West Texas A&M University will co-sponsor the Third Annual Peer Educator Conference this fall at WTA&M.

Area junior high and high school students interested in helping their fellow students should make plans to attend the conference on "Self-Esteem: Putting Your Best Foot Forward."

Community leaders and student panels will present information on peer pressure, stress, drug and alcohol abuse, suicide, gangs, sexually transmitted diseases, teen pregnancy and other timely topics.

The conference will be from 9:20 a.m. to 2:30 p.m. September 22.

For more information, call 371-5321 or 656-2870.

Cake Decorating Workshop Planned

A cake decorating workshop is being offered by Wayland Baptist University's Lifelong Learning Center from 6:30 p.m.-9:30 p.m., on Monday evenings from September 13-October 18.

It will involve basic cake decorating, leveling, frosting, bordering, rose making, piping and party decor. Participants will also learn the art of expression with a creative style.

The instructor is Debbie Bowles who attended the Wilton Cake Decorating class in Lubbock and has worked as a cake decorator and bakery manager for Albertson's and Furr's since 1988.

Pre-registration is required

Tuesday will be '50's Day. The Bonfire begins that evening around 8:00 p.m. at the Patriot Football Stadium.

Wednesday starts out totally backwards with Opposite Day. (Girls dress like guys and vice-versa.)

Have you ever wanted a twin? Here's your chance to have one on Thursday which is Twin Day.

Friday's activities include Red, White and Blue Day, the Pep Rally at 2:45, the game against Higgins beginning at 7:30 p.m. and a Homecoming Dance following the game.

Jerseys Go On Sale

The Valley Booster Club will begin to sell the football jerseys used by past players. The price for each jersey is \$20.00 with most numbers available.

The sale will start at the Homecoming bonfire on Tuesday, September 14 and continue at all three games homecoming week.

Be sure to come out and buy your or your son's jersey as they sell to the first person who wants a number.

Caprock Public Library News

Deer such as above will be quite plentiful in Texas for the celebration of National Hunting and Fishing Day on September 25. "Put and Indoorsman in Your Shoes" is this year's theme.

Season Began September 1 Hunting, Fishing Licenses On Sale By Texas Merchants

Certain fishing licenses and stamps bought in August were valid immediately upon purchase, enabling fishermen to avoid having to buy a temporary license then and another license in September. Hunting and fishing licenses for 1993-94 were available for sale in many stores beginning the first week in August.

Licenses and stamps issued in August that were valid immediately include resident combination hunting and fishing, resident fishing, special resident fishing, non-resident fishing and the 1994 saltwater, sportfishing

stamp. These licenses will expire Aug. 31, 1994, same as always.

Another change in licensing states that all non-residents under 17 are exempt from fishing license and fishing stamp requirements, said Paul Israel, license section supervisor at the Texas Parks and Wildlife Department. Previously, licenses for this age group were reciprocal with other states--if they charged, we charged.

GRANDPARENTS DAY

Trip Tickets Still Available

The Quitaque Volunteer Fire Department still has tickets available for the trip to Six Flags Over Texas.

If you have not purchased your ticket from one of the firemen, look one up and buy some. Not only will you have a chance of going to Six Flags Over Texas but you will be helping support the group of men who are always on call to protect your property from fire.

The purpose of this fund raiser is to purchase better fire fighting equipment which in turn will benefit all members of the community.

Help our fire department today!

September Defensive Driving Offered

The monthly defensive driving course offered by Wayland Baptist University's Lifelong Learning Center has been set for September 13-20.

The course is approved by the Texas Education Agency, the National Safety Council, and the Texas Safety Association. It may be accepted by the Department of Public Safety for traffic citation dismissal and/or the State Board of Insurance for a 10% discount.

Letter to Editor

Dear Editor:
 Enclosed is my check for a renewal of the Valley Tribune for 1 more year. I remember the good times I had as a child visiting my grandparents, The William A. Smith's and The James A. Reed's. Someday I would like for my 14 year old son to visit Quitaque and Turkey to see what small towns are like, as we live in Huntington Beach, Calif., population of 187,000 people. I still have family there (even though we don't really know each other very well). My mom was Guy Smith and Ray Smith's sister.

I enjoy reading the paper every week. Someday I hope to return and get to know my cousins that I have left there.

Thank you,
 Mrs. Glenda K. Robinson

National Literacy Day Was September 8

Wednesday, September 8, 1993 was proclaimed National Literacy Day. Its purpose was to draw attention to the fact that one-third of American adults are functionally illiterate. According to the Texas Adult Literacy Laubach (TALL), a statewide literacy network of 58 affiliates, illiteracy is the root cause of many of society's problems. Solving the illiteracy problem would lower crime, joblessness, and accidents.

Only three other states have a higher number of illiterate adults—Texas ranks 47th.

Over 3.3 million Texas adults are unable to fill out a job application.

Over 90% of all those individuals in Texas prisons are functionally illiterate.

Of all chronically unemployed adults, 75% have difficulty reading and writing.

Sixty-seven percent of Texas employers report difficulty locating candidates for technical and skilled positions.

Every Texas who can read and write could be a volunteer tutor to help someone who wants to learn. Contact your local Literacy Council or contact TALL by writing to P.O. Box 2152, Austin, TX 78768-2152.

Ella Colvin Celebrates 80th Birthday

On August 14th, family and friends of Ella Colvin gathered at the Bob Wills Center in Turkey to celebrate Ella's 80th birthday.

Hosts for the occasion were her children and their spouses, Rae and Jack Logan of Muleshoe, George and Veta Colvin of Turkey, Etwoile and Verlon Hamilton of Roanoke and Judy and Murry Wayne Morrison of Lubbock.

A delicious fried chicken dinner and all the trimmings catered by Roy Pigg was served. A beautiful peach and green trimmed birthday cake, baked and decorated by Etwoile Hamilton was served to approximately 76 guests. The chosen colors of peach and green were reflected in the decorations for the Center as well as the tables and center pieces.

The honoree received many nice cards and gifts as well as a money tree. She was especially thrilled by a beautiful carved birdbath presented by her grandchildren and great-grandchildren.

A special surprise was the attendance of Mrs. Desda Farley of Oildale, California, sister of Collene Stone and Gladys Hanna. Desda and Ella have been friends since they were five years old and started attending school at Bridle Bit.

In addition to those already mentioned, those in attendance were: B.J. and Billie Robison, Ora Geissler, Otho and Dora Stubbs, Leroy and Collene Stone, Virginia Degan, Clema Johnson, Foy Lane, Nadine Baisden, Kathleen Green, Lewis and Mozelle Eudy, Buster and Gladys Hanna, Byron Young, from Turkey.

Others joining the celebration were Butch, Janice and Ricky Hughes and Barbara Reed of Flo-mot; Jimmy, Velda, Julie, Janet and Sammie Dee Ross, Leroy and Cloia Hamilton, and Callie Helms of Quitaque; Joe and Debbie Morrison, Jimbo, Shelby and Holly Robison of Amarillo while Lawrence Bockleman from Amarillo telephoned his birthday wishes to Ella.

W.F. and Bonnie Geissler, Denver City; Mae Ross, Colvin, Tish, Rachel, Laura and Erika Morrison, Criss, Kaylene, Meagan and Crissta Morrison of Lubbock; Cari and Danetta McCullugh of Dimmitt; Jennifer Stephens and Vicki Hamilton of Denton also attended.

Bea Mooney, Boyde and Pattie Mooney, Sammie Joe and Laura Hamilton and Suzy Malloy of Fort Worth; Linda, Destiny and Ryan Whitley of Round Rock; Bud and Alice Richardson, Shane and Tricia Speed, Karla and Jim Eakes of Tullia also helped Ella celebrate on her big day.

Hunting, Fishing Licenses

(Cont. from Page 1)

That rule remains for non-residents 65 or older. They are exempt from fishing license and fishing stamp requirements only if their state of residence offers similar exemptions to Texas residents. Israel said only Louisiana, Oklahoma and Kansas offer similar exemptions at this time.

Other changes include: "All active duty members of the U.S. Armed Forces and their dependents are now considered residents for hunting and fishing license purposes.

"Hunting licenses valid for deer hunting have an extra white-tailed

deer tag for 1993-94. This tag is valid only in the 14 South Texas counties listed on the tag.

"One of the deer tags on the 1993-94 license includes a suggestion to donate venison to Hunters for the Hungry. The tag, which is not an extra tag, is not mandatory, only a reminder to the hunter of his option to donate his deer.

Sportmen need to purchase their hunting and fishing licenses now, especially if they plan on enjoying the traditional Sept. 1 opener for mourning dove season in the North and Central zones. Texas licenses expire Aug. 31 each year.

Cable Regulation

Last fall, the Cable Act of 1992 was passed by Congress. Though it was heralded as a

victory for cable consumers across the country, certain elements of the bill, most notably the "Must Carry" and "Retransmission Consent" may soon affect your viewing.

What are "must carry and retransmission consent?"

After many years of intense lobbying by the major networks (ABC, CBS, NBC, PBS and other local independent TV stations), when congress passed the 1992 Cable Act they gave local broadcast stations who meet certain signal criteria the right to request carriage on local cable systems ("Must Carry") or elect to ask cable operators to compensate them for carrying their signal ("Retransmission Consent").

can request that cable operators compensate them to re-transmit their signal (the "Retransmission Consent" option). If the local ABC, CBS, NBC affiliate or independent networks and your local cable operator cannot agree on a retransmission fee, one of these networks could be dropped from your cable line-up. Or, if an agreement is reached, but the local cable operator cannot afford the extra programming fee, they may have to drop a satellite channel from the line-up to keep costs under control.

Historically, most cable operators have made channel carriage decisions based on a number of elements including the programming interests in the communities they service, the number of channels their cable plant can technically carry, the costs for the equipment to add the

network and the programming costs of the networks. That is now about to change.

With the "Must Carry" element of the cable act, your local cable operator may now be required to carry local broadcast networks that many of their customers do not find appealing, if the local broadcaster requests carriage. In some instances, where the cable system cannot technically carry any additional channels, cable operators may have to drop some favorite cable networks to make the required "Must Carry" broadcast network additions.

If a network does not demand "Must Carry" they

Trail Ride "Challenge '93"

Winners Circle Equitherapy will hold its third annual "Challenge '93" on September 18.

The trail ride is held to raise funds through contributions and pledges for Winners Circle's programs that use horseback riding as a form of therapy for the physically challenged. Programs include GALUP (Give A Leg Up) which is a financial assistance program for those who are financially unable to pay for the program and its building fund for long-term goals.

This year's ride will begin at 8 a.m. at Cal Farley's Boys Ranch, 40 miles northwest of Amarillo on U. S. Highway 385. Grand Entry will be held at 12 p.m. Horses must be furnished by each participant.

Grand prize for the event will be a trip for two to the Rolex Three Day Event Horse Trials in Lexington, Kentucky, April 21-24, 1994. The trip includes airfare on American Airlines, lodging and member-package tickets to the three day event.

Other top prizes include: Justin Ropers from West Texas Western Store for second place; top youth prizes plus a trophy and prize for the top team and many other prizes and surprises.

Registration for the ride includes a hamburger cookout with all the trimmings. Non-registered will be charged for the meal.

For more information about the ride contact Suzanne at 622-1786 or Kathy at 352-6402.

Watch for these signs... think SAFETY!

WARNING NATURAL GAS PIPELINE 800-562-5879

American Pipeline Company and its affiliated companies, Westar Transmission, American Gathering, L.P., American Gas Storage, L.P., American Processing, L.P., Caprock Pipeline, Red River Pipeline and Picor Pipeline, operate natural gas pipelines in West Texas and the Texas Panhandle. Signs similar to the ones pictured above are placed in areas where our natural gas pipelines are located.

Our pipelines are safe and we keep them that way by designing, installing and operating our pipelines to exacting standards. If natural gas pipelines are damaged, people may be injured, property destroyed or energy supplies lost. Therefore, American Pipeline and its affiliated companies conduct an ongoing surveillance program to detect factors which might threaten safe pipeline operations. We also conduct a damage prevention program to inform the public of the importance of using safety measures when digging or excavating near natural gas pipelines.

If you are planning to dig or excavate in an area, remember to look for warning signs indicating natural gas pipelines. If you see an American Pipeline marker, call us at our toll free number, 1-800-562-5879, before you begin working. We will send a company representative to mark the location of the pipeline.

Natural gas cannot be seen and normally cannot be smelled, but gas leaks may still be detected. Any one of the following is among the common indications of a gas leak:

- Dust blowing from a hole in the ground
- Continuous bubbling in one spot in wet or flooded areas
- A gaseous or hydrocarbon odor

If you suspect a natural gas leak in an area where American Pipeline markers are located, immediately leave the area and call us at our toll free number:

Tips For Avoiding Unnecessary Appliance Service

(NAPS)—Have you ever found yourself in the embarrassing position of calling a service technician to repair a non-working appliance—only to discover that the refrigerator is simply unplugged or the oven control is set for automatic rather than manual?

"If you've had that experience, you're not alone," report home economists from Whirlpool Corporation. They note that more than 30% of all appliance service calls are simply to instruct customers, with no repairs needed.

Not only is it embarrassing, it also can be expensive. Most manufacturer warranties don't cover the cost of a service call to correct poor installation, or demonstrate how to operate the appliance or change a fuse. It's a cost to the consumer.

So how do you avoid this happening again?

"Read the Use and Care Guide for things to check before calling for service, and if you still have questions call the manufacturer's toll-free number for assistance," advise Whirlpool home economists.

They also suggest a few simple appliance checks to prevent a service call:

- Is the unit plugged in?
 - Is the fuse blown or a circuit breaker tripped?
 - Is water to the appliance turned on?
 - Is the control in an operating position?
 - Is the lid down, door latched?
- If the product has both manual and automatic settings, is it on manual?

"With more than one family member using appliances today, it's a very good idea to use these checks when the product doesn't seem to work," conclude Whirlpool home economists.

Booster Club News

The Booster Club has met the past two Tuesdays. The J. V. and Varsity games were watched with the coaches explaining some plays. At the business meeting it was decided that all three games (Junior High, JV and Varsity) will be watched at each meeting. The Club will continue to meet during basketball season viewing girls and boys games.

Booster Club encourages all parents, friends and fans to come to their meetings. It's not only football—it's all sports.

The Club meets in the Valley Cafeteria on Tuesday at 7:30 p.m. There will not be a meeting on Tuesday, September 14 because of the bonfire.

The next meeting will be on Tuesday, September 21.

Today's Grandparents: Feeling Fit And Having Fun

(NAPS)—Grandparents have come a long way in the last 100 years. Not only do they live longer than they did in the 1890's, they stay active and involved for more years. One of the reasons for this is today's 50 and over crowd is more aware than ever of the importance of proper nutrition.

But even the most "together" grandparents have their off times when it's difficult to eat right; after oral surgery; when recovering from illness or operation; when cooking seems like too much trouble.

A convenient way for seniors to obtain the balanced nutrition they need at any time is Ensure® with Fiber. Made by Ross Products Division, Abbott Laboratories, this complete nutritional contains the fiber that many older people need. Ensure® with Fiber can be used as a meal supplement or sole source of nutrition and is appropriate for a low cholesterol, low sodium diet.

Peppy News From Junior High

by Amy Stark, Reporter
Wednesday, August 25, the Jr. High Pep Squad held a meeting. Jessica Ortiz will take Karyn Conner's place due to her move to Lampasas. Mandy Pigg will now be the new head cheerleader.

The 1993-1994 Pep Squad met to learn new cheers and chants. They went over some news and did a few yells.

The first Valley Jr. High game will be September 9. The team will play Samnorwood at 5 p.m. at Samnorwood. So come out and support us! Support Valley Jr. High!!

Also, don't forget to come to the Jr. High Pep Rally at the gym September 9 at 12:00. All parents, friends and grandparents are encouraged to attend.

Fourth Grade News

by Missy, Emily & Magan
Welcome Back!!!

Hi, we are Missy Jeffcoat, Emily Woods and Magan Whittington. We will be writing the 4th grade news this year. We hope you will enjoy this semester.

We made a Fall class quilt over the past three weeks. Our first pep rally was Sept. 3, 1993. Our Varsity team played Groom September 3, 1993. We have been playing on the computers and using them. We have had two quizzes and three tests.

We had so much fun that we can't explain it. Missy, Magan, and I think Mrs. Proctor is the greatest teacher of all. We do things much different in this room this year and we also have to think for ourselves.

J. V Beats Groom

by Coach Saul
The Valley J. V. football team opened the 1993 season with an impressive victory over Groom last Thursday night. After Groom tied the game at 7-7 late in the first quarter, Valley took control of the game by scoring the game's final 34 points. The final score was Valley 41 and Groom 7.

Members of the Valley J. V. football team this year are Will Sperry, Stephen Salinas, Ruben Hinojosa, Eric Dudley, Jeremy Castillo, Michael Lane, Rene Martinez, Michael Cruz, Jarret Pigg, Andre Gaddis, Jason Payne, Jeremy Hughes, Bryan Moore, Matt Abram, Steve Lopez and Shawn Stephens.

The J. V. game at Samnorwood has been canceled for Thursday, September 9. Instead, the J. V. will play Aspermont at Patton Springs on this date. The game will begin at 6:30.

Valley Scores 30 To Jayton's 22

by Coach Gilmore

The Valley Patriots opened the 1993 football season with a 30-22 victory over the Jayton Jaybirds. Both teams had a hard time moving the ball in the first quarter as no points were scored.

The Jaybirds hit pay dirt first with a 27 pass play to George Baeza from Randy Martinez. With 5:25 left in the second quarter the Jaybirds scored again this time on a 1 yd run by Scott Harrell. The kick was good and Jayton had a 14-0 lead.

Valley got on the scoreboard with a 2 yd run by Dewayne Davis with 2:07 left in the half. Joe Valdez hit Reggie Hendrix on a 26 yd pass to move Valley to 14-12. Both extra point try failed. Jayton was not limited as they scored on a 30 yd run by Cody Doss to make the score 22-12. Paul Brittain returned the kickoff 58 yds but time ran out in the half.

The second half was all Valley as the defense limited Jayton to zero first downs. The Patriots outscored Jayton 18-0 with scores coming from Davis on a 15 pass from Valdez and a 9 yd run by Davis. Josh Scoggins ran in from the 2 yd line to close out the scoring. Leading rushes for Valley was Davis with 18 carries 95 yds; Scoggins had 8 with 76 yds; Valdez 5-9-60 yd in the passing department. Davis had 4 reception for 32 yd and 1 TD. Reggie Hendrix had 2 tackles, Rickey Hughes 7 tackles and 1 INT, Scoggins 5 tackles, Davis 8; Bubba Powell 6 tackles, 1 fumble recovery; Valdez 7 Donnie Calvert 8 tackles.

Calvert, Powell, Hughes and House were credited with having a great game blocking for the backs.

Valley vs Guthrie at 7:30 September 10, 1993 at Guthrie.

JV vs Aspermont at 6:30 September 9, 1993 at Patton Springs.

Commercial Drivers Urged To Comply With Texas Regulations

In the nearly 33 months that Texas-based commercial motor vehicle drivers have had to study for and take the tests necessary to receive a commercial driver license (CDL), some 412,000 persons required to have the license have done so.

"We're concerned, though, that some drivers in our state who are required to have CDL don't yet realize that they are now considered commercial drivers," Inspector John Hall, who administers the Texas Department of Public Safety's Commercial Driver License program, said.

"The law requires some drivers who previously did not

meet the criteria of a commercial driver to get a CDL," Hall said. "For instance, a person who drives a vehicle designed to carry 16 or more people (including the driver) now is considered to be a commercial driver, and that could include drivers of vehicles used by churches and day care facilities," he said.

The Texas Department of Public Safety began issuing commercial driver licenses in September of 1990 and the law mandating that drivers of certain classes of vehicles obtain a commercial driver license went into effect April 1, 1992. The Texas law was implemented to conform to the federal Commercial Motor Vehicle Safety Act of 1986 that, among other things, makes it illegal for an operator of a commercial motor vehicle (truck or bus) to have more than one license. In addition, it defines who is categorized as a commercial driver.

The law also makes a CDL mandatory to drive a vehicle that weighs more than 26,000 pounds or carries certain hazardous materials. There are exemptions for farm, military, emergency and personal-use recreation vehicles.

"The law also helps prevent abuses by interstate and intrastate commercial drivers, who in many instances had multiple licenses and could spread traffic offenses over different states to circumvent license suspension or revocation," Hall said.

"A driver could use whichever license was most advantageous if stopped by a law enforcement officer or asked to produce one so

that a potential employer could check a driving record," he said.

The federal law set up a national registry for commercial driver licenses in order to track in which state a person is licensed. Also, the registry allows driving records from other states to be combined with a drivers home state driving record.

The new law imposes stricter penalties on commercial drivers who violate certain traffic and alcohol/drug laws.

Things Seen And Heard

by Ann Coker

Mr. and Mrs. Charles D. Hollingsworth of Natchez, Mississippi spent last Friday with Mr. Hollingsworth's aunt, Mrs. Nadine Baisden. While in Turkey they also visited with an uncle, Aubry Turner and cousin, Don Turner.

Mrs. Hollingsworth reported that the Hollingsworth family reunion will be held at Hotel Turkey next year. They held a reunion every two years and the last one was held here. They had such a good time they decided to return to Turkey next year.

Estelle and Tink Lane were Labor Day week-end visitors in Ringling, Oklahoma at the home of their daughter, Kay and her husband, Bobby Clay. They attended the Labor Day Celebration held in Ringling. Also visiting the Clays were three of their daughters, Sherry, Tammy and Jenny and her children.

Two of Jenny's children entered some contests held at the celebration and did quite well. The three sisters, Jenny, Tammy and Sherry also entered a contest but refused to tell the results of how they did.

Enjoyed visiting by phone with Don Guest of Arlington the other day. Don, his wife, Sue and son, Cory were visiting in the Panhandle. They had been to Lubbock to visit their son, Gregg, a Tech student and Sue's parents, the Leonard Lusks and Sue's sister and husband, Jo Beth and Dub Smith.

Don, Sue and Cory arrived in Turkey on Sunday to visit Don's mother, Vera Guest. Don reported their daughter, Tammy wasn't able to come with them as she had a job and had to stay and work. They returned to Arlington on Monday.

Betty Schneider of Amarillo visited in the home of her mother, Virginia Degan. She came on Sunday and had to return home Sunday afternoon.

Rita and Tracy Guest were in Ruidosa, New Mexico over Labor Day week-end. They stayed at their cabin where they were joined by Rita's brother and wife, Olen and Margaret Lane of Midland. They also visited with another brother and his wife, Alton (Tack) and Glo Lane who live in Ruidosa.

While visiting with Margie Edwards the other day she told me she met one of her old classmates at the Childress Hospital while she was there with her mother, Beatrice Mullin, when she had surgery. Margie said she thought she recognized this man so she asked who he was. Sure enough it was Baxter Calloway. Baxter is the son of Mr. and Mrs. Dan Calloway, former Turkey residents. Dan was a Hall County Deputy Sheriff.

Baxter Calloway is a pharmacist at the Childress Hospital. Received a phone call the other day from County Judge Hugh Reed of Claude in Armstrong County. Judge Reed had learned that he had the address of the Beryl Blackshears in Forresterville, California and they are the parents of the former Marine Colonel Butch Blackshear who was the judge's colonel when he was in the Marine Corp. Judge Reed wanted to send his former colonel a letter and didn't have his address.

"Colonel Blackshear was the best colonel in the Marines", said Judge Reed. He also said it was officers like Butch Blackshear who present a good image of the Marine Corp. The judge also wanted to make sure he had the address correct and all the spelling was right as he didn't want to receive a "dressing down" from his former colonel.

It's great to hear compliments like this on our former residents.

Denny Fuston was in town earlier this week. It was good to know that he had been dismissed from the hospital following his heart attack. He said he had to return to Amarillo this week for some more tests.

Rod and Dian Hill of Claude came through Turkey last week-end and left their two sons, Bobby and Chris, with their grandmother. Bobby, the oldest, became the appointed driver for this grandmother, Bonnie Hill. Both Bonnie and Bobby enjoyed this.

Rod and Dian took a short fishing trip while their sons stayed in Turkey.

Sunday visitors in the home of Rusty and Allen Matthews were Rusty's niece and husband, Gene and Vicky Hay of Canyon. Other Sunday visitors were Delbert and Ruth Phelps of Quitaque and R. V. and Joletta Johnson of Turkey.

Don, Sue and Cory Guest visited Vera Guest during the Labor Day week-end.

Jimmy Eudy and sons, John and Joel of Joshua visited in Turkey during Labor Day week-end with Cleo and Bill Green at Oak Creek. Lewis and Mozelle Eudy also visited with them.

Scrumptious Salad—Italian Style

(NAPS)—If other people's salads occasionally make you green with envy, here's one from Italy that should turn the tables. It not only uses endive and arugula, but a bell pepper that makes it ring true and walnuts to add the final touch. Enjoy!

Insalata di Noci Ciccati

- 3 Tbsp. Bertolli Extra Virgin Olive Oil
- 2 Tbsp. broken walnut pieces
- 1 Tbsp. mild red wine vinegar (or fresh lemon juice)
- 1/8 tsp. salt
- Freshly ground black pepper to taste
- 6 cups torn mixed salad greens (select at least 3: arugula, radicchio, curly endive, romaine)
- 1/2 cup thin strips yellow or orange bell pepper
- 1/2 cup finely sliced, trimmed fresh fennel, when in season

Parmigiano-Reggiano cheese for shaving over the salad (optional)

1. Combine the olive oil and walnuts in a small skillet. Heat, stirring over very low heat just until walnuts are warm. Remove from the heat. Stir in the vinegar or lemon juice, salt and pepper.

2. Combine the salad greens with the bell pepper and fennel (if available) in a salad bowl. Add the walnut dressing and toss the salad well. Divide the salad among four plates. Optional, using a vegetable peeler, peel wide strips of the Parmigiano-Reggiano over each salad. Garnish with walnut halves. Serves 4.

Recipe Book

So you can follow this salad up with 25 more delicious recipes, an all new recipe book is available to those who send \$1.00 for postage and handling to: Bertolli Nutrition Center, P.O. Box 2373NE, Secaucus, NJ 07096-2373.

The honoree opened an impressive variety of gifts her well-wishers had brought her. Beth was quite shocked when all the people started strolling in and was very thankful and surprised at all the gifts.

Following the opening of the gifts, a plaque was presented by Wilda Fuston to Beth with the Irish Blessing printed on it.

Punch, cookies and cake were served to the honoree and her friends. The refreshments were furnished by Gelene Proctor and Wilda Fuston.

Fustons Attend Noble Family Reunion

James and Wilda Fuston, the Rex Adams of Lubbock, the Brian Bursons of Silverton and the Jon Davidson family of Turkey all traveled to the Cisco Christian Camp

last week-end for a Noble family reunion.

The family members all stayed in the cabins on the premises. Wilda shared with us that the camp had great kitchen facilities and an outdoor Chapel where the group held Sunday morning worship services. All the people who attended were children, grandchildren and great grandchildren of Wilda's mother.

There were 65 members of the Noble family present. Wilda said that one of the most inspiring things she enjoyed was when each member of the group shared a memory that they remember that had happened in the past about the family.

They all returned to their homes on Monday.

News From Austin

Angela Eudy of Austin has returned from Cancun, where she spent a few days. She flew from Houston. The trip was given her by her employers, Hamilton & Co., Certified Public Accountants, because of her faithful overtime work during the year.

Ronald and Kay Eudy recently spent a few days in Ruidosa, NM as guests of Jarrell and Jean Rice of Quitaque.

THE ACCOMPANYING TAX NOTICE IS WRONG!

Turkey-
The Quitaque ISD Independent School District is required by state law to publish the accompanying tax notice in this form, even though the notice is deceptive.

Because of an omission in the recently-enacted state law, Turkey-
Quitaque I.S.D. may not include revenue collected by the county education district in the calculation of taxes for the 1992-93 school year. The effect of this is to understate last year's actual school tax rate and produce an inaccurate comparison of last year's tax rate to this year's tax rate.

The correct comparison of tax rates is as follows:

Last year's (1992-93) total school tax rate (including county education district taxes):	.97
This year's (1993-94) proposed school tax rate:	.97
Percentage change:	-0-

This notice and the information included is required in this format by the Texas Legislature.

Notice of Public Hearing on Tax Increase

The Turkey-Quitaque ISD will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1993 by 624.5 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on September 20 at 8:00 p.m. Valley School.
FOR the proposal: Brian Wheeler, Don House, Larry D. Price, Greg Ramsey, Clinton Pigg
AGAINST the proposal: Brent Guest
PRESENT and not voting: Rusty Benson, President
ABSENT: None

The statement above shows the percentage increase the proposed rate represents over the .14 tax rate that the unit published on August 26, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	\$ 25,000.	\$ 25,000.
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$ 5,000.	\$ 5,000.
Average taxable value	\$ 20,000.	\$ 20,000.
Tax rate	14.5/100	97.5/100 (proposed)
Tax	\$ 28.00	\$ 194.00 (proposed)

Under this proposal taxes on the average home would increase by \$166.00 or 592.9 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by .83 percent per \$100 of taxable value or 592.9 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

*This percentage increase does not reflect 1992 taxes levied by the now-abolished county education district (CED). In 1992, the CED levied a portion of the taxes used for school purposes, and the school district levied the remainder of school taxes. In 1993, school districts will levy all school taxes. For an explanation of the increase, attend the public hearing scheduled above or call your school district.

Time To Hang Up The Keys?

by Ronda Alexander
How do we know when it is time to quit driving and "hang up the keys?"

This is a question many older drivers are faced with. The independence that comes with driving is hard to give up. However, as responsible drivers we must each look for alternative ways to get around when we can no longer drive safely.

As we age, bodily changes occur which can affect our ability to continue driving safely. Aging can affect flexibility, hearing, vision, reaction time, strength, stamina and attention span. An aging adult in good health and good physical condition will have less influence from these changes. Therefore, age alone is not a determining factor when a person should quit driving.

Another fact to consider is whether one can drive safely under some conditions and not in other conditions. If this is the case, one can make the adjustments and continue to drive with these limitations. An example is to avoid driving at night if you do not see well at night. Select routes that you are

familiar with. Limit the duration of your driving time to what you can comfortably endure.

Medications can affect a person's driving ability. This is true of both over-the-counter and prescription medicine. Talk to your doctor or pharmacist and make sure you know about the side effects of all the medications you are taking whether prescribed or not.

If you have chosen to drink alcohol, don't drive. Driving under the influence of alcohol can be deadly. Combining alcohol with medicines impairs driving skills even more than having either alcohol or medicines alone.

Select vehicles that contribute to your being a safer driver. White vehicles are more visible out on the road. Large side rear mirrors and rear view mirrors give you better vision on what's behind you. Check for adjustable features on the vehicle that can make it "fit" you better. Check vehicle for blind spots before you purchase them.

If you have trouble evaluating your behind-the-wheel skills, a program is available. It requires a physician's referral form. People whose physical abilities are impaired by illness, injury, or age are eligible. A clinical evaluation is

provided. Overall strength and body coordination, reaction time, and visual skills are tested by an occupational therapist. A behind-the-wheel evaluation in a car simulator is also provided. Check with your doctor if you or someone you know could benefit from this evaluation.

This fall, the Briscoe County Extension Home Economics Committee will be sponsoring a 55/Alive Driving Refresher Course. The course was developed by the American Association for Retired Persons to improve the driving safety for all senior drivers. Anyone 50 years or older is eligible to attend. If you are interested in attending this course, please call the Extension Office. We will then contact you as soon as the course has been scheduled.

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 2, 1993

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income.

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than two-thirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the dedication of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation for each one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (850 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first moneys coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-b, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-b, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping youth corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-b, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-b, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

Decorator's Notebook

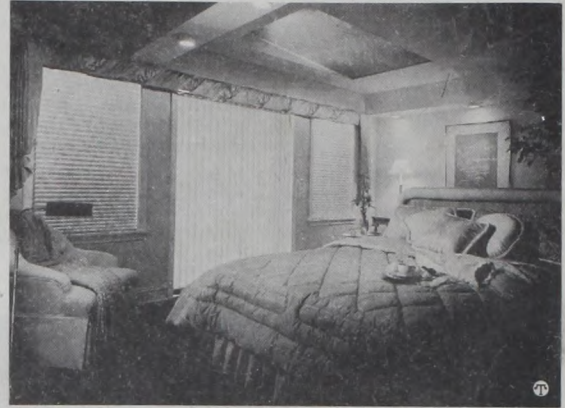

Give Your Home A Shade Of Difference

(NAPS)—A cost-effective, risk-free way to achieve a decorator look, many homemakers have found, is to look at the window. Use the same fabric that makes your shades so spectacular to create coordinated accessories such as pillows, tablecloths, throws, even a room divider.

To help you do so, there's now an expanded fashion-driven collection of pleated shades and matching fabric by the yard from Hunter Douglas.

The line includes:
• **Mystic Moods**, with a palette of 16 soft pastel colors in a luxury fabric comprised of jacquard-woven denier yarns, has a silky look and feel. Available in pleated shades and matching flat fabric, the semi-opaque material features a random open weave for a unique look: Viewed from indoors, you can see the play of the fabric's highlights across the surface as sunlight breaks through the flame-shaped openings. Enhancing this look is an embossed-like texture.

• **A Shade Younger Collection**—six playful prints in primary or pastel colors—comes with a choice of dancing bears, toy trains, dinosaurs, rag dolls or balloons. The collection is made from durable, polyester fabric that is easy to clean and maintain, with all the insulating and UV ray-protection qualities associated with pleated shades.

Use the same fantastic fabric to cover your bed, throw pillows, headboard, window and window frames and you may be able to rest easy knowing you've done your decorative best for your bedroom.

• The **Watercolours Collection** offers understated elegance at the window with the texture of an embossed fabric. Comprised of two fabric styles in six colors each, Watercolours features the sheen of satin in a striking wash of soft colors in pleated shades, vertical blinds and flat fabric.

As with all Hunter Douglas pleated shades, these beautiful fabrics can be backed with liners, so you can select the right degree of privacy or room darkening, especially important

and service for which Hunter Douglas is renowned, the entire pleated shade collection is covered by a lifetime limited warranty.

A Taste Of Autumn

(NAPS)—Celebrate the harvest season with sweet and spicy Praline Pumpkin Muffins, crowned with a delicious crunchy topping. They're so easy to make when you start with pumpkin quick bread mix. Just add a few basic ingredients to the mix, sprinkle on the topping and bake. Moist and flavorful, the muffins are perfect for a leisurely breakfast.

- PRALINE PUMPKIN MUFFINS**
- MUFFINS**
1 pkg. Pillsbury Pumpkin Quick Bread Mix
1/2 cup water
1/4 cup oil
2 eggs
1 cup grated carrots
1/2 cup chopped pecans
1 teaspoon cinnamon
1/4 teaspoon nutmeg
- TOPPING**
1/3 cup firmly packed brown sugar
1/3 cup chopped pecans
1 tablespoon margarine or butter, softened

Heat oven to 350°F. Grease 6 jumbo-sized muffin cups or line with jumbo-sized paper baking cups. Or, grease 12 regular-sized muffin cups or line with paper baking cups. In large bowl, combine all muffin ingredients; stir by hand 50 to 75 strokes or until dry particles are moistened. Divide batter evenly among muffin cups. In small bowl, combine all topping ingredients; sprinkle evenly over batter.

Bake at 350°F. for 25 to 35 minutes for jumbo-sized muffins, 20 to 30 minutes for regular-sized muffins or until toothpick inserted in center comes out clean. Cool 15 minutes; remove from pan. Cool completely on wire rack. Wrap tightly with plastic wrap; store in refrigerator. 6 jumbo-sized or 12 regular-sized muffins.

HIGH ALTITUDE—Above 3500 Feet: Add 1/4 cup flour to dry mix. Bake at 375°F. as directed above.
