**Mrs. Hutton Is Guest Speaker For Nuevo Study Club Thursday**

Mrs. Evelyn Hutton of Abilene, formerly of Turkey, was guest speaker at a meeting of Nuevo Study Club Thursday, March 28, in the fellowship hall of First United Methodist Church in Turkey.

Mrs. Gordon Bain, hostess, presented Mrs. Hutton, after Mrs. W. L. Armstrong, president, called the meeting to order and welcomed guests.

Mrs. Hutton began her talk by saying it would be five years next week since they moved away from Turkey and she was always glad to be able to return to greet old friends.

She went on a 10-day tour of the Holy Land last year with eight other Christians, and said it was her second time to get to go, as she and her late husband, Bro. Jack, spent five days there on their way home from Malawai in Africa, where they served as missionaries. She told many facts about the Bible lands and showed colored slides, making interesting comments about each one.

She was becomingly dressed in a navy blue blouse embroidered with white flowers which she purchased in Jerusalem, and she wore it with a white pleated skirt. She also showed beads made of olive wood and others of other native materials, also a "sheepskin" rug with a star of David in the center. She said the man told her afterwards that the rug wasn't really sheepskin, but was an imitation, and wanted to sell her a "real" one, but she told him to get lost, as this one was okay. Mrs. Bain presented her a gift from the club and something for travel expenses.

Refreshments of white cake squares, punch, nuts and mints

were served with coffee from a table covered with a lace cloth over yellow.

Guests present other than Mrs. Hutton were Mmes. Alice Fuston, Mary Beth Adamson, W. E. Lyles, Oleta Crump, Lois Lipscomb, George Setliff, Mary Jo Barnhill, Leon Lane, Stella Conner, Gladys Wilson, Bonnie Hill, Wilda Fuston, Mary Hogue, Darla McLean, Sandy Fuston and Miss Vera Ruth Pinkerton. Members included Mmes. Virginia Degan, Virgie Powell, Nadine Baisden, Ella Colvin, Dessie Robertson, Marcella Patterson, Kathleen Green, Mayme Adamson, Louise Meacham, Lurline Walker, Bain and Armstrong.

# It's easy—when you know the answers

All of life is not far removed from the classroom. There are truths to be learned every day. And there are questions to be answered.

But some people don't have the answer when they need it. And some people do...

Any teacher will tell you it's a question of preparation. And any preacher will tell you the same.

The people who go to church on Sunday have no more problems than those who stay home. Nor do they expect as a result to have any fewer.

They believe simply in preparation—preparation of the mind, conscience, heart and soul... faith.

This is the preparation God offers men... for the questions that will confront us all tomorrow!

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The question of "no pass, no play" for extracurricular or other activities is still a newsworthy item and is a concern with which schools must continue to confront. The state board just recently adopted a set of rules which may affect a student's participation in activities for the remainder of his school career—beginning with the sixth grade.

The adopted rule considers and identifies the number of credits a student must have earned at the beginning of each school year. Plus, the rule clearly states that the student must be passing all courses during the academic year. Seventh grade students, for instance, must have been promoted—not placed—from the sixth grade to the seventh. And, according to a Texas Education Agency interpretation, in order to be promoted the student must have passed all basic subjects in the sixth grade. That means that a student will be ineligible for junior high activities for the full first six weeks period if he fails to pass the required subjects taken during the sixth grade year. If the student is passing all courses at the end of the first six weeks period in the seventh grade, he then becomes eligible to participate.

The equivalent requirement is the same for eighth and ninth graders.

Tenth grade students must have earned at least five credits toward graduation to establish eligibility while eleventh graders will need at least nine credits. At the start of the twelfth grade year, the student must have earned 13 credits. Any suspension will be removed at the end of a six weeks period if the student is passing each course taken.

The "no pass, no play" rule is affecting Valley School similarly to other area schools. Though we have some concerns at the junior high level, most high school students at Valley are working hard to remain eligible for their chosen activity. This is a new requirement and there are some adjustment problems which students and faculty must face. Hopefully, those problems will begin to clear next year.

Kirk Saul was a big winner in District UIL Number Sense competition. Of the 15 entries in last Friday's meet, this Valley sophomore came out on top and will represent Valley at the regional contest. Valley's other entry in the event, Margaret Leal, placed a very respectable fifth. Both students are coached by Patricia Maupin.

Number Sense is a contest of math problem solving. The contestant must be extraordinarily

skilled in math sense and must work at solving problems rapidly. Calculators or scratch paper are not permitted during the contest and once the student has put his answer on the answer sheet, it must be allowed to stand. Erasures, mark-overs, or mark-outs are not permitted.

Number Sense is a very difficult contest where only the best come out on top. Congratulations to Kirk, Margaret and Mrs. Maupin. Good luck down the road.

We have been concerned in the past about whether sufficient state funds will be available to properly finance our vocational programs. That concern will continue to be a part of future plans. This year, however, the final financial picture looks good. While some schools have been forced to cut back personnel or other vital program functions, Valley funds seem to be adequate to do the job.

**Turkey UMW Has Easter Program Monday**

Turkey United Methodist Women met at the home of Mrs. Gordon Bain Monday, April 1, for a special Easter program.

Mrs. Roy Patterson, president, conducted a short business session. It was decided to have a spring rummage sale on two Saturdays in May, the 11th and the 18th. The luncheon on May 6 was also discussed.

Mrs. Bain was program leader and brought a lesson on the

**THE VALLEY TRIBUNE**

Seven First Words of Easter. She said we had all heard many sermons preached on the seven last words of Christ on the Cross, but the seven first words of Easter are recorded in the 16th chapter of Mark: "He has risen; he is not here."

Mrs. Bert Degan gave an article on the significance of palm branches and the many uses of the palm trees, in Bible times and at the present time. Mrs. Bain then read an article that could

have been written by Simon of Cyrene, who is said to have carried the cross for Jesus. The program was closed with the Prayer of St. Francis of Assisi read in unison by the group.

**It's Such a Big World**

Some folks say that as we grow older the world grows smaller. Is that because of the wonders of modern communication and transportation? Or is it because when some folks grow older they become preoccupied with their own little orbit of life?

Junior certainly enters life completely preoccupied with himself. But once he begins to walk and talk—gosh how his world balloons!

That's why he needs the religious training our churches provide. His faith must keep pace with his burgeoning world.

And as grown-ups, in worship and Christian devotion, we need likewise the spiritual gifts our churches offer.

For it really is a big world. Full of challenges, opportunities, and promising tomorrows. It always looks that way to a *growing* soul.

**Quitaque Senior Citizens Open House Is Huge Success**

Open house for the Quitaque Senior Citizens Center was held Sunday afternoon, March 31. They are proud of their new building and received many compliments on the work that has been done.

The refreshment table was decorated in an Easter theme, with a yellow satin tablecloth overlaid with yellow net. The centerpiece was an Easter tree decorated with tiny Easter eggs, bunnies and multi-colored ribbons. White cake squares decorated with miniature Easter eggs were served with red punch and coffee to one hundred and twelve guests and members. Guests other than the local residents were from Amarillo, Memphis, Silverton and Turkey.

The donations added to the money tree were greatly appreciated. The Senior Citizens wish to thank everyone who helped make their open house a success. The welcome mat is always out to anyone wishing to join the organization.

Reminder: The Senior Citizens business meeting is Thursday, April 4, at 6:00 p.m. The noon luncheon is the following Thursday, April 11.

Recent visitors in the home of Mr. and Mrs. Bud Bailey were Bud's brother and his wife, Mr. and Mrs. Seldon Bailey of Tulsa, Oklahoma, and his sister, Mrs. Ethelyn May of Silverton.

**HEWETTS VACATION**

**WITH FRIENDS IN ENGLAND**

Mr. and Mrs. Rayford Hewett were privileged to have a wonderful vacation with old friends in England, March 9-17. Their daughters, Sarah and Amy, also had a special trip during the week on a Bible/Ski Vacation at Ruidoso, New Mexico with a group from the First Baptist Church in Quitaque.

Norma and Rayford were graciously cared for by Mr. and Mrs. Tom Nettles and children, Joe, Robert and Sara, who are spending a year in Haywards Heath, West Sussex, England. Tom is professor of Baptist Church History at Mid-America Seminary in Memphis, Tennessee. The trip's pleasures can be

divided into three categories: the wonderful visit with the Nettles family; sightseeing in the City of London, and the journey by car through the beautiful English countryside to Stratford on Avon, Oxford University and Warwick Castle.

Going into London via train, the two couples began their sightseeing in bustling Victoria Station. In three days they saw: the National Gallery of Art; Trafalgar Square; Buckingham Palace; Parliament and Big Ben; Westminster Abbey; the Tower of London and Tower Bridge; ate roasted chestnuts; took a red double-decker bus tour of downtown London; moved about the city by the underground "tube" or subway; toured the HMS Belfast, a World War II battleship; and rode a ferry back across the River Thames.

Topping off the visit was attending church on Sunday and sharing communion with other believers at Cuckfield Baptist Chapel, Haywards Heath. The English people were so gracious to their American visitors that it truly was the trip of a lifetime.

Stone Mountain, near Atlanta, Georgia, is the world's largest granite rock. It is 825 feet high and has a volume of 7 billion cubic feet.
