## First Baptist To Present Christmas Cantata Sun.

This Sunday, December 13, the adult choir at First Baptist in Quitaque will present "Come, Celebrate Jesus" a Christmas cantata that is both beautiful and exciting. The message of this piece of music is also one of the true messages of what Christmas is about. Peace. Peace on earth for all men, and where we can find that peace.

This cantata will be directed by Scott Henry, music minister at First Baptist. Accompanist for the choir is Patsy Herrington. During the past three months, many long hours of hard work have been put into this production.

The childrens choir will also present one song during the program entitled "Good Things Come in Small Packages". Also included in the program will be songs such as "Peace, Peace" - a song which talks of man's search for peace and where we can find it - and "Bethlehem Morning", which tells of the day of Christ's birth and how the celebration of that day continues in our hearts.

First Baptist invites everyone to come and join with us in the celebration of this wonderful time of Christmas. The program will begin at 6:30 p.m., Sunday, December 13.

## Notice

Friday, December 11th is cheese give away day for Turkey residents at the Senior Citizens room at the Bob Wills Community Center as announced by Guy Smith. Members of the senior citizens will be taking care of this distribution.

## W. T. U. To Increase Rates By 16 Percent

Residential customers of West Texas Utilities Co. will pay about 16 per cent more for their electricity as result of a rate increase granted by the Public Utility Commission of Texas.

The Commission approved an increase about \$28.5 million annually, which amounts to a 12.9 per cent average. The Company has filed last May for a \$50.4 million rate increase, which would have been a 23 per cent

increase. Under the Commission's final order, the typical residential customer would see

his bill increased by \$7.24, or from \$43.95 to \$51.19. This is an average between the summer and winter differ-

entials. The new summer rate will raise residential bills 15.7 per cent, while the winter rate will raise bills by 17.4 percent.

The new rates are scheduled to go into effect Dec. 22. The rates will be prorated, so that all customers will be treated equally no matter what time of the month their meters are read.

The rate increase, which had been sought to help pay for WTU's new Oklahoma Power Station, was accepted by Company officials as "fairly reasonable."

"Although we didn't get everything we needed, the results are acceptable," a Company spokesman said. As of now, it appears that another rate increase won't be necessary before the early or mid-nineteen nineties.

## Santa Contacts Turkey Fire Dept.

The Turkey Volunteer Fire Department met last Tuesday night. There were fifteen

members present to discuss several items of business.

The following officers were elected:

On December 19, Santa Claus will be at Lacy's store. Pictures can be made with Santa starting at 1:00 until 6:00 p.m. The department received word that Santa will also be here Christmas Eve to ride the fire truck and visit all the little boys and girls. If you want Santa to visit your home please call 423-1495 or 423-1356.

The department would like to remind the community that donations of a new toy or money can still be made at City Hall.

## W.T.U. Hosts Open House Next Week

The "Holiday Spirit" is here, and the employees of West Texas Utilities invite the public to attend their annual Christmas Open House, to be held at the W. T. U. office on Thursday, December 17 from 10:00 a.m. to 3:00 p.m.

Gift-giving during the holidays will have great pleasure for the giver as well as the receiver when the gifts are prepared from one's kitchen. Jymann Hokanson,

WTU's Electric Living Consultant, will share many holiday baking techniques, and display ideas for creative gift packaging for your tasty baked goods.

The '87 "Holiday Delights" recipe and decoration booklet will be available for those attending. Other items such as a door prize and small household gadgets, will be given away, and refreshments from the "Holiday Delights" booklet will be served.

## Baptist To Have Supper

The First Baptist Church in Quitaque will have a Christmas Salad Supper this Sunday evening at 7:30 p.m. This will follow the presentation of "Come, Celebrate Jesus" which will be presented by the adult choir at 6:30 p.m.

The ladies will bring their favorite salad. This will be a great time of fellowship in the Lord and of sharing with one another. Plan to be a part of this great day at First Baptist.

We've been having grass fires that have caused quite a bit of hurrying around, lately to keep under control in the residential area.

NUTTY FRIED CHEESE

- 1 egg
2/3 cup chopped shelled pistachios
1/2 pound mozzarella cheese, well chilled and cut into 2-inch pieces
2 tablespoons flour
Salad oil

1. In pie plate, beat egg; place pistachios on waxed paper. Coat cheese with flour. Dip cheese in egg to coat; then coat with pistachios. Place on cookie sheet. Refrigerate 30 minutes.
2. In 4-quart saucepan, heat 2 inches oil to 375°F. Fry cheese, a few pieces at a time, until coating is lightly browned, about 2 minutes, turning occasionally. With slotted spoon, remove to paper towels to drain. Serve immediately. Makes about 12 appetizers.

Pallbearers were Mark McLenny, Lee Bratcher, H.L. Nelson, Jack Shropshire, Terry Williams and Elroy Carson.

FmHa Office To Demonstrate New Computer

Floydada - An open house will be held at the Floyd County Farmers Home Administration office on Tuesday December 15 from 10:00 a.m. - 12:00 p.m. to demonstrate the new computer system, according to FmHA County Supervisor Becky Via.

The open house is part of a state and nationwide open house to recognize the completion of the three-year automation project; one of the largest projects of its kind in the country. FmHA installed 264 computer terminals in Texas and over 6,000 nationally, Ms. Via said.

"We think this computer system is going to be a big help to our borrowers, especially family farmers," Ms. Via said. "Once we plug basic numbers into the machine, we can help determine which management decisions will be the most beneficial. We'll be able to project annual cash-flow figures quickly and accurately.

"In addition, we can go directly into the FmHA main frame computer in Kansas City, Ms. Via said. "We expect this equipment will also help us to process applications quicker than we have in the past. Our office will be open to the public between 10:00 a.m. - 12:00 p.m. Tuesday, December 15th, Ms. Via said, and we welcome anyone who is interested in seeing how the new automation system works."

State Offices Begin Drive To Register Voters

Secretary of State Jack Rains announced Monday that his office has begun an unprecedented voter registration drive aimed at signing up 1 million new Texans in 1988.

"Leaders from the business community are here today because they believe as I do - it's time to draw the line," said Rains, the state's chief elections officer.

"With our new early primary date - Super Tuesday - Texans have a golden opportunity," Rains said.

"We must force the presidential candidates to make solid commitments on energy policy, distribution of

AAM Meeting Set at Lubbock

The 1987 Texas American Agriculture Movement of Texas, Inc. annual meeting will be held Sunday, December 13, 1987, in the Arlington Room at the Lubbock Plaza, 3201 Loop 289 South, Lubbock, Texas. Registration begins at 1:30 p.m.

Mr. David Senter, National Coordinator of the American Ag Movement, Inc., Washington, D. C. will be the main speaker.

The AAM of Texas will be celebrating its 10 year anniversary on Monday, Dec. 14, 1987, at the South Plains Fairgrounds, Lubbock. There will be a free barbeque at 5 p.m., and a dance afterward. Please call Clifford Hamilton, Phone 1-806-763-0983, and give him the number in your family who will be attending the barbeque.

The FmHA county office is located at 107 W. California, Floydada, Tx.

Interest in model railroading as a hobby began after the Chicago World's Fair of 1933-34. Model railroad exhibits at the fair spurred this interest.

federal funds and other issues that affect our economic climate and quality of life.

"Currently, Texas receives only \$1.00 for every \$1.59 it sends to Washington," the secretary noted. "That's a bad deal and it must change. If we can get the attention of the presidential candidates and force them to address this inequity, we can reverse the trend and begin to receive our fair share."

Rains said the first wave of his drive - dubbed Voter '88 - is underway. The first wave emphasizes registration in the workplace, and the business leaders here in Austin today - along with countless others across the state - have pledged their support for Voter '88.

"I've set out to register 1 million new voters in 1988," Rains announced. "If we are successful, it will shatter all previous voter registration records. And I can assure you it will get the attention of the presidential candidates from both parties."

Rains said the support of the business community is essential to making Voter '88 work. "The way to register new voters is to catch them at the workplace, Rains said. "Our population is highly mobile. People are constantly moving, and the recent economic dislocations we've seen have compounded the problem. It just makes sense to register people where they spend the day - at work."

"We have commitments from presidents and chief executive officers from the state's major employers, the secretary said. "They are on the program and are ready to sign up a record number of new voters."

Rains said smaller

businesses and traditional voter registration groups are next on the list. "We're sending our mailers to every employer we can find. We also will reach groups that have conducted voter registration drives in the past - like the League of Women Voters, the NAACP, labor unions and the major political parties - to let them know what we're doing and to enhance the program."

Voter '88 also will register Texans at airports, hotels, bus stops, restaurants, nursing homes and schools.

"Most students who are eligible to vote are not registered," Rains pointed out. "I want the high school principals and university presidents to help us register eligible students."

"When a graduating senior receives his or her diploma, they should also receive a voter registration card. Then when that student decides where to live, they turn in their card. It's a simple process, but it takes cooperation and support from the leaders in the education community."

Rains emphasized that Voter '88 is nonpartisan and is not designed to help a specific candidate, party or cause. "I'm not worrying about who someone votes for, I just want to make sure they vote," Rains said. "The stakes are too high in the 1988 elections. Texans must get involved so the candidates will respond."

"Texas lags behind our sister states like Oklahoma, Arkansas and Louisiana in percentage of eligible voters who are registered, Rains noted. "Texans are proud. We should show our pride by registering to vote and turning out at the polls."

## Authors Begin Second Search for Texas Quilts

Austin—Phase two of the Texas Quilt Search, a massive effort to document the state's quilt heritage, has begun. The first phase, which focused on antique quilts made between 1836 and 1936, is featured in the book *Lone Stars: A Legacy of Texas Quilts, 1836-1936*.

The authors of *Lone Stars* are now conducting a second phase of the Search. This time they're seeking quilts made by Texans between 1936 and 1986.

Karey Bresnahan and Nancy Puentes are researching these contemporary Texas quilts for a companion volume to their award-winning book, *Lone Stars II* will also be published by the University of Texas Press.

"More than 3,500 quilts were discovered and documented during the first part of this project, which was conducted for the Texas Sesquicentennial," said the authors, who are cousins. "We anticipate fully that many quilts, perhaps more, will be discovered in the period covering the last 50 years of quilt-making in Texas."

They add that those 50 years have seen three wars, Texas' move from a rural to essentially an urban state, and the changing role of women and the family, and that they expect those changes to be reflected in the quiltmaker's art.

"Our state is one of the most active and exciting places to be for contemporary quiltmakers. There is a long-standing tradition of fine quilting here, as well as a very strong network of quilt guilds and quilt specialty shops. Furthermore, Houston is the home of both the American International Quilt Association, the world's only international quilt organization, and

International Quilt Festival, the world's fair of quilts, which annually brings the world's largest quilt show and sale to Texas. There is so much stimulation for quilters that we're sure to see some wonderful work," the authors said.

Quiltmakers, their families, or friends should send nonreturnable color photos or slides with a long, self-addressed, stamped envelope to Lone Stars II, 10885 Katy Freeway, Suite 968, Houston, Texas 77079. They will be sent a documentation form for completion on each quilt submitted. All photos, slides and documentation

forms will become part of the information resources of the non profit Texas Quilt Archives.

The authors' current book, *Lone Stars: A Legacy of Texas Quilts, 1836-1936*, is selling briskly, according to UT Press, which notes that it is available in book stores, quilt specialty shops, and some gift shops for Christmas giving. The hardcover version is \$24.95 plus tax, the softcover is \$18.95 plus tax. Copies can also be ordered directly from UT Press by writing University of Texas Press, P. O. Box 7819, Austin, Texas 78713, or call toll free 1-800-252-3206.

## G.T.E. Offers Reduced Telephone Installation

Certain individuals in areas served by General Telephone in Texas who presently do not have telephone service may be eligible for reduced telephone installation charges as part of a national program being piloted in Texas to expand the availability of telephone service.

E.L. "Buddy" Langley, president of General Telephone, said installation fees for eligible participants will be reduced by a maximum of \$30 with the balance payable without interest in four equal monthly payments.

Texas is one of four states in which the program, called Link Up America, is being piloted. The telephone company official said the goal is to preserve and promote telephone service for low income households and to get those Americans who currently do not have telephone service onto the telephone network.

The concept of Link Up America was proposed earlier this year by the Federal-State Joint Board to

the Federal Communications Commission. The FCC adopted the program in April.

The program will be funded through interstate telephone revenues.

Qualification for the program is based on income level and eligibility for social service assistance programs. In general, an individual or household will qualify if income is below the federal poverty level, and the individual has not had telephone service for at least three months.

Qualified individuals who are interested in more details or who might want to sign up for the program are asked to contact the Link Up America representative in the General Telephone business office.

The program is limited to reduced installation charges and does not include any assistance with monthly phone charges.

## Do You Remember?

From the Files of The Turkey Enterprise Dec. 11, 1947

The Christmas lights have been put up along main street under the direction of electrician, Denver Powell.

The eight strings of colorful lights really brighten up our city and help to give us that good ol' Christmas spirit.

Businessmen made contributions to help make it possible for us to have the lights and make the city more beautiful this Yuletide Season.

Pvt. Othell Young arrived home Monday after spending the past 21 months in Germany with the army occupational forces.

After almost 5 years of army life, Othell expects to be discharged in the near future.

He is the son of Mr. and Mrs. R. E. Young and husband of the former Miss Audrey Copeland of Memphis.

Funeral services were conducted Wednesday, Dec. 3rd, at the First Baptist Church, Benjamin, Tex. for Rev. Joseph Bowen Pyatt.

Rev. Pyatt was born Dec. 13, 1875 in Tennessee, and was married to Miss Winnie Mae Heath in Oct., 1895. Death was caused from a sudden heart attack.

At the age of 16, Rev. Pyatt was converted and two years later began his ministerial career which he continued for 45 years. A number of these years were spent as pastor of the First Baptist Church, Turkey.

He is survived by his wife, Mrs. Winnie Pyatt of Floydada, and two sons, Doyle of Benjamin and Lee of Compton, Calif.

Those from Turkey attending the service were Mr. and Mrs. R. E. Rorie and Ralf McDonald, Mr. and Mrs. David Guest and Mr. and Mrs. Roy Russell.

Intermediate Troop 3 of the Girl Scouts and their leader, Mrs. George Ray Colvin got together Sunday afternoon, set out to find a Christmas tree.

They went to the Ott Geiller farm, in the Bridle Bit community, where they found a tree and also the decorations for it! All de-

corations are to be handmade by the girls, such as tumbleweeds, cotton bolls, etc. dipped in colorful paints.

The girls then built a fire and roasted weiners and marshmallows.

The Christmas tree was placed in a Scout room at the Turkey Methodist Church.

## Bring back the "Good old days" ...with GTE CLASSIC SERVICE.

### GTE TURNS BACK THE CLOCK WITH CLASSIC SERVICE.

Remember "the good old days?" Whatever problems you had with your phone service, you'd just call GTE and we'd take care of it. No second thoughts. No repair bill. Your regular phone bill covered everything.

Now, under recent FCC rulings, you're responsible for the cost of repairs to the wiring and jacks inside your home or business. This makes things a little more complicated.

### CLASSIC SERVICE HELPS KEEP THINGS MORE LIKE THEY USED TO BE.

We can't bring back "the good old days" entirely but, with new CLASSIC SERVICE, we can make things more like the way they were.

With CLASSIC SERVICE, you pay only \$1.25 per month to have GTE repair your telephone wiring and jacks during normal working hours, at no additional charge.

Just \$1.25, per telephone number, on your monthly phone bill (about 4¢ a day) covers you, no matter how many jacks you have. And if you sign up before JANUARY 1, 1988, you can avoid the one-time sign-up charge.

Here's how you'll save with CLASSIC SERVICE ...

### NO SERVICE CALL CHARGES

Without CLASSIC SERVICE, if you have a problem with your phone service, and a GTE service call is needed to locate the trouble, you will be charged for the visit if the problem turns out to be in your wiring, jacks, or telephone instrument.

With CLASSIC SERVICE, there is no service call charge during normal working hours.

GTE  
CLASSIC SERVICE

### NO REPAIR COSTS

With CLASSIC SERVICE there is no additional charge for repair or replacement of inside wiring and jacks\*. If you elect not to subscribe to CLASSIC SERVICE and need inside wiring or jack repairs, you have three options:

• As a full-service telephone company, GTE will be happy to make the repairs. But under the new FCC ruling, if you have not subscribed to CLASSIC SERVICE, you will be charged.

• Or, you contract with a third party for repairs, but rates and qualifications vary widely.

• Or, you can make the repairs yourself, but you'll have to supply your own materials. With CLASSIC SERVICE, there is no service call charge. No repair charge. No worry. That's why we call it "CLASSIC."

### HERE'S WHAT CLASSIC SERVICE COVERS ...

- Service call charges
- Identification of the problem.
- Repair or replacement of inside wiring and jacks.

Like anything else, your telephone wiring can deteriorate with age and exposure to air and humidity. CLASSIC SERVICE covers this damage, as well as damage caused by natural disasters such as floods or lightning.

\*Coverage does not include ...

- Willful damage
- Damage due to negligence
- Telephone instrument repair

### AND NOW, NO SIGN-UP CHARGE UNTIL JANUARY 1, 1988.

Whatever problems you may encounter with your phone service, we urge you to call GTE first, even if you don't have CLASSIC SERVICE, because in many cases we can correct the problem from "our end." But if the problem does turn out to be inside your premises, won't it be nice to have CLASSIC SERVICE protection?

Sign up for CLASSIC SERVICE before JANUARY 1, 1988 and avoid a sign-up charge.

**Matador Christmas Pageant Set**

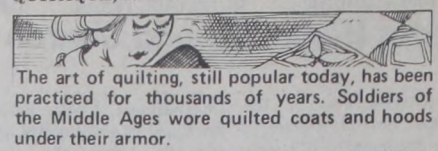

A Christmas Pageant will be presented Saturday, Dec. 12, at 7:30 p.m. in the sanctuary of the First United Methodist Church in Matador.

This musical version of the birth of Christ, features: narration, pantomime, soloists and other music, under the direction of Mrs. M.G. Bethard.

Narrator will be Mrs. Howard Traweek, pianist Mrs. Frank Pohl. Featured soloist will be Mrs. Samuel Swinnea, Grand Prairie and Miss Lavenia Bowden. Mrs. Swinnea will be accompanied by Mrs. Glen Woodruff on the piano. Mrs. Swinnea is a professional singer and a graduate of Texas Women's University, graduating with honors, and selected for Who's Who in American Colleges and Universities. Miss Bowden, an outstanding singer and a member of the Matador United Methodist Church will sing, as well as participate in other parts of the program. Rachael Smith, daughter of Mr. and Mrs. James M. (Chip) Smith will be featured as the "Littlest Angel." Mrs. Pohl will present a 30 minute organ concert before the

pageant. Special lighting and sound effects director is M.G. Bethard.

The Rev. Gene B. Louder, church pastor and members of the Matador Church give an invitation to all interested persons to be in attendance for this outstanding production.

### Silver Haired Legislature

The second Texas Silver-Haired Legislature will be elected May 24, 1988. The Texas Silver Haired Legislators are elected, nonpartisan citizens sixty years of age and over who are registered voters in the State of Texas, and residents of the district which they represent.

The Texas Silver Haired Legislature considers and votes on legislation that concerns the needs of older Texans. These priority issues are presented to the Texas Legislators.

Nortex Regional Planning Commission Area Agency on Aging shall serve as the focal point in the North Texas area (Archer, Clay, Cottle, Childress, Foard, Hardeman, Jack, Montague, Baylor, Wilbarger, Wichita, and Young Counties.)

The region is divided into three TSH Legislative districts. Childress, Cottle, Foard, Hardeman, and Wilbarger Counties comprise District One. These counties will elect one Silver Haired Legislator.

Candidates may begin filing January 4, 1988, and must file by 5:00 p.m. February 29, 1988. When filing for candidacy, a person will obtain and fill out a candidacy information form from Nortex Regional Planning Commission Area Agency on Aging. The potential candidate will also pick up an official candidate petition. He/she must then obtain 25 signatures from 60+ registered voters who live in the appropriate district.

With the submission of the signed petition to the Nortex Regional Planning Commission Area Agency on Aging and the payment of a \$5 filing fee, the person is an official candidate. Individuals signing petitions may sign only one. Candidacy forms must be completed and returned in person to Nortex Regional Planning Commission Area Agency on Aging by 5:00 p.m. February 29, 1988.

The President with the most children was Tyler, who had 15.

## Host Families Give "Gift of A Lifetime"

More than 900 high school students from Spain, Germany, Japan, and many other countries are spending their first Christmas living with U.S. families as part of the Academic Year in America program sponsored by the American Institute for Foreign Study Scholarship Foundation of Greenwich, Connecticut.

Families hosting these students are giving "the gift that lasts a lifetime." In January (and August) more foreign students will be arriving.

Families throughout America are invited to give the lasting gift of international friendship by hosting a foreign student in 1988 under the auspices of the Foundation, a non-profit organization founded in 1967.

"I can think of no better holiday gift for parents to give their children," says Cynthia Citron, Executive Director of the Foundation. "You cannot put a monetary value on the exchange of ideas, values, customs and traditions which come from the hosting experience. It's the perfect gift that truly lasts a lifetime."

"Imagine being able to tell your children, 'Next year we'll be able to set another place for Christmas dinner for a very special visitor,'" says Ms. Citron.

Families who host a foreign student also receive a monthly tax deduction as well as a study/travel scholarship which can be used on more than 100 overseas programs.

For further information on making Hosting a holiday gift call the Foundation at 1-800-727-AIFS or write: American Institute for Foreign Study Scholarship Foundation Dept. P-6, 102 Greenwich Avenue, Greenwich, CT 06830.

## Social Security News

By Terry Clements

If you change jobs frequently, you probably will want to know if your earnings from different employers have been correctly entered in your Social Security record.

To find out, the first thing to do is to request Form SSA-7004PC (Request for Statement of Earnings) from any Social Security office. Complete it, mail it back, and in a few weeks, you will receive, free of charge, a statement of your earnings covered by Social Security.

This statement will show:  
• The grand total of earnings credited to your record beginning January 1, 1937 through the latest period posted.

• A subtotal of earnings for 1937 through 1950.

• A subtotal of earnings for 1951 through the 5th year before the current year.

• Annual earnings for the 4 years before the current year.

Social Security recommends that every worker check his or her earnings record about every 2 or 3 years to be sure his or her earnings have been reported. It is very important, especially for workers who change jobs often, to verify if their earnings have or have not been correctly reported or credited under their names and Social Security numbers.

If an earnings statement shows that earnings have not been correctly reported, the Social Security office will help to correct

the record. It is advisable to take with you your W-2 form or other evidence showing your earnings for the year in question. Because of the time required to process earnings reports, the statement may not include earnings for the year immediately preceding the current year.

There is a time limit to correct a worker's earnings record. By law, the correction can be done at any time up to 3 years, 3 months, and 15 days after the year in which the wages were paid or a self-employment income was earned.

There are some exceptions, however, for revising the earnings record after the time limit has passed. Some of these exceptions are: to correct a mechanical, clerical, or other error; to correct an error in crediting earnings to the wrong person or the wrong period; to correct an entry established through fraud; to add wages paid in a period by an employer who made no report of any wages paid to the worker in that period... and others.

If you have any questions, you may contact us at 1401 - B West 5th St., or call us at 293-9623. Appointments can be arranged if desired.

About half as much hot water is used in the average shower as in the average bath.

## QUESTIONS & ANSWERS

### REFRIGERATORS

Q. What causes food to have an "off taste" when removed from the refrigerator?

A. Food left uncovered can absorb odors and flavor from other foods. To prevent transfer of flavor and odor, be sure foods in both refrigerator and freezer are wrapped well, and avoid storing foods with strong odors for long periods of time.

Q. What causes ice to have an odor and taste funny?

A. Ice cubes provide an active surface that naturally attracts odors, so they should be used often to prevent them from becoming old and stale. Home economists from Whirlpool Corporation advise that if the icemaker provides more ice than your family can use, empty and wash the ice bin weekly so a fresh supply of ice will always be available. If ice is not dumped regularly, old stale cubes may transfer a stale, musty odor to new cubes and ice bin.

Hidden odors can also be a significant cause of odor-in-ice problems. Clean the refrigerator regularly, and always wipe up spills right away, so they don't become a source of odor.

## MAKING FAMILY LIFE MORE FUN

Unique Camera Works in All Weather and Even Underwater

The new weather/waterproof camera.

Here's news for a rainy day: a damp day doesn't mean you can't take pictures on a family outing. The new camera makes picture taking in wet weather or even underwater a snap!

New from the Minolta Corporation is the Weathermatic Dual, the world's first all weather/waterproof camera with dual lens selection. The new camera is O-Ring sealed against moisture, sand and salt. This makes it ideal for use on sandy hillsides, sandy beaches, in the ocean or even 16.5 feet underwater. It doesn't have to worry about letting young children use the camera. If it is dropped in a pool or overboard while boating, it will float.

Snorkelers will be happy to know the camera switches automatically from auto-focusing to Focus-Fix fixed focus—operation when used underwater. Other features include automatic exposure and auto-focus advance and rewind—so far, members can take all the pictures they want in a flash!

## GOOD DEALS from a Good Dealer

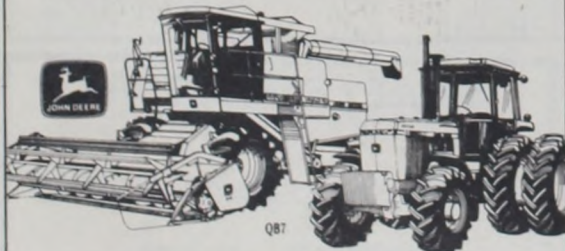

### Last chance to lease

You only have a few weeks to lease new John Deere Equipment...for less

Leasing new John Deere equipment provides you: low payments, a payment schedule that matches your cash flow and tremendous tax benefits...but not for long.

After December 31, 1987, the Investment Tax Credit John Deere receives on equipment leased under the Farm Finance Lease program will be eliminated. That means you only have a few weeks to take full advantage of all the saving benefits of leasing we can offer you.

If you'd like some good advice on the benefits you receive from leasing, see your tax consultant. If you'd like a good deal on new John Deere equipment, see your John Deere dealer before December 31...and lease for less.
