Floyd County Homicide Being Investigated

Editor's Note: The following article appeared in the January 4 edition of *The Lockney Beacon*.

The district attorney's office and the Floyd County Sheriff's office are investigating the death of Manuel Garza, Jr., 48, whose body was found Tuesday morning, January 2, in his Providence home. Autopsy reports state that Garza had died of multiple stab wounds to the upper body. He had apparently been dead for several days.

Mr. Garza was a farm laborer who had been employed by Warren and Mike Mathis since June of 1989. He lived alone in a Providence farm house owned by his employer. His body was discovered by Mike Mathis, at approximately 8:30 a.m. Garza was pronounced dead by Justice of the Peace C. L. Mooney at approximately 9 a.m.

According to Ronnie Vandigriff, the investigator for District Attorney Becky McPherson, "The death is being investigated as a homicide. The autopsy showed that Mr. Garza had been killed sometime within 48 hours prior to the time he was found. The heat was on in the house and because of the warmth the body had begun to decompose."

The autopsy was being performed Tuesday night, by Dr. Ralph Erdmann in Lubbock.

Garza was born in Littlefield November 16, 1941. He grew up in Hockley County and attended Whitharral Schools.

He moved to Plainview in 1964, and was member of Sacred Heart Catholic Church.

Survivors include three daughters, Mary Ann Garza and Sally Garza of Plainview, and Alice Chavez

of Hart; one son, Ruben Tienda of Levelland; two brothers, Sam and Isaac of Plainview; three sisters, Seferina Saeuz, of Hammond, Indiana, Pauline Guerra, of Levelland, Virginia Delgado of Plainview, his mother, Juanita Garza of Plainview; and three grandchildren.

Dinner To Benefit County Show Barn

A dinner will be held at the Briscoe County Show Barn Saturday, January 13, 1990 at 6:30 p.m. to help raise money for the new restrooms and kitchen addition to the County Show Barn. The new construction will be completed

Turkey Calendars Finally Arrive

The Turkey Community Calendars are in! They have been delivered to Tami Lucero at the West Texas Utilities office in Turkey.

Residents may pick up their calendar anytime during regular business hours. Calendars will not be delivered.

by that date, except for the kitchen cabinets and appliances.

Country Sounds will provide music during the meal. Afterwards, Tracy Tomlin will present a short program on her recent trip to Russia.

Donations at the dinner and other fund raising projects will help pay for the new additions.

The Silverton Volunteer Fire Department and the Briscoe County Activities Association have pledged one-half each of any cost in excess of the money raised.

Everyone is encouraged to come and enjoy a time of fun and fellowship and to do what they can to help with the project.

Flomot Planning Homecoming

There will be a meeting of the Flomot Homecoming Association on Saturday, January 20, 1990 at the Flomot Community Center at 7 p.m. Plans for the Tri-Annual homecoming to be held in July will be discussed. Everyone in the community is urged to attend.

Cookie Sales Begin Friday

The annual Girl Scout Cookie Sale begins Friday, January 12, 1990 beginning at 4 p.m. Sales will continue through February 9, 1990, with delivery date tentatively set for February 23, 1990.

The annual cookie sale is the one and only fundraiser the Brownie troops are allowed to participate in.

Anyone wishing to order cookies, and who has not been contacted can call any girl scout or Carol Ramsey, 455-1278, Laverne Ortiz, 455-1329, or Debra Smith, 423-1337.

Centennial Style Show Set Jan. 20

The first event of the celebration of the Centennial for Hall County will be held on Saturday, January 20. The event will be a Centennial Style Show depicting two styles of clothing over the past 100 years.

A stew and cornbread supper will be served at 7 p.m. Tickets are available at the Turkey Branch of Memphis State Bank, Lacy Dry Goods or City Hall in Turkey.

Winners Of Deer Hunt Recently Announced

Briscoe County Extension Agriculture Industries Committee recently announced the winners in the first annual Briscoe County "Big Buck Contest."

The non-resident winner of a hand-made knife was Wesley Lacy of Corsicana, Texas. Mr. Lacy's 9 point Buck was killed on the Mike Smith ranch in Eastern Briscoe County.

Mike Smith was the county resident winner, and he will receive a free shoulder mount of his 15 point deer.

Lynn Kill, manager of the Cherokee Ranch won second

place with his 10 point deer which had a 28 3/4 inch spread. John Grady was the third place resident with a 10 point deer which had a 31 1/2 inch spread. Mr. Grady's deer was killed on the Mike Smith ranch. The fourth place deer was killed by Jim Cogdell. Jim's deer was a 10 point with a 21 1/4 inch spread.

Working with the Extension Agriculture Industries Committee were Jimmy Burson, John Schett, Kent Carpenter, Clifton Stodghill, and Fred Edwards.

AREA HAPPENINGS

Beautification Program Started

Turkey Beautification Program will meet Monday the 15th of January at 7:30 at the Bob Wills Center.

Repairs need to be started on the store fronts, so the displays can be set up. Whether you own a building or not, your help is needed.

Turkey's Hall County Committee would like to encourage everyone to work together to improve our town.

Linda Branigan Seeks Office

Linda Branigan, of Memphis, has announced her candidacy for the office of Hall County Treasurer, subject to the action of the Democratic Primary election to be held March 13, 1990.

Mrs. Branigan has been a resident of Hall County for 17 years.

Cochran Files As Candidate

Dean Cabler Cochran has announced her candidacy for the office of Hall County District and County Clerk, subject to the Democratic Party.

CC To Offer History At Valley

Clarendon College will be offering History 213 at Valley High School. This is the first semester of freshman American History and will count for three semester hours of college credit.

Registration for this course will be at Valley High School on January 22, 1990 at 6 p.m.

For more information contact Jerry Smith at Valley School.

As I See It!

By Thelma Gafford

Everytime the ground shakes on the west coast, they expect it to be the Big One. Most of us around here don't know, we can't imagine, what that must be like. To think at anytime, the great quake of all time will strike. Yet we do know what it's like to have a catastrophe of sorts with severe weather or other elements of Mother Nature.

I'm afraid that is what we are about to experience. This spring-like weather is about as uncommon as a snowball at the July Fourth celebration, so I'd be willing to bet, we're probably about to get the Big-One, anytime now. We have been too lucky, to continue to miss the snow storms, and all that good stuff that goes along with it. So, since it really is the middle of Winter, let's think snow, and get it over with, so we don't find ourselves attending Bob Wills Day in blizzard conditions.

How about those Patriots and Lady Patriots last week. District play has really fired those kids up. They love it! We love it! So get out and attend the district basketball games. Go Valley, Win District.

The school year is on the downhill run, after this week anyway. The students will get a day off next Monday, but the teachers will have an Inservice day. The Briscoe County Stock Show will be held later this month, then the Hall County Show, then it's off to Houston, hopefully for a lot of Valley students. So grab ahold, things are on the move again.....

Obituaries

Ida Jones

Services for Ida V. Jones, 95, of Turkey were held at 3 p.m. Sunday, January 7, 1990 in the Turkey Church of Christ with Steve McLean, minister, officiating. Herbert Gibson, a minister at West Amarillo Church of Christ, assisted.

Burial was in Dreamalnd Cemetery under the direction of Schooler-Gordon Funeral Directors of Turkey.

Mrs. Jones died at 8:20 p.m. Thursday, January 4, 1990 in Plainview's Central Plains Regional Hospital after a lengthy illness.

She was born in Ardmore, Oklahoma and married Lufe Jones on December 8, 1912 in Quitaque. He died in 1970. She was a housewife and a member of the Church of Christ. A son, Jessie, also preceded her in death in 1984.

Survivors include two daughters, Gladys Steele of Silverton and Georgia Lee Arnold of Alpine; a sister, Tilda Farley of Yuma, Arizona; 7 grandchildren; 19 great-grandchildren; and 12 great-great-grandchildren.

George Tibbetts

George Warren Tibbetts passed away December 20, 1989 at 2 p.m. at St. Vincent's Hospital in Monett, Mo. after a long illness.

Born January 11, 1914 at Flomot, the eldest son of E. W. and Annie Tibbetts, he married Jimmie Dee Sanders in 1933. They moved with their two children to Durango, Colorado in 1946. They later moved to Monett, Mo. in 1979, where he was a rancher.

Survivors include his wife; a daughter, Jimmie George Dowler of Durango; a son, Jerry Blake of Denver; four grandchildren; and four great-grandchildren, all of Durango; two sisters, Shirley Burnett of Scottsdale, Arizona and Billee Loudermilk of Quitaque.

Services were held first in Monett and later in Durango on December 30. Burial was in Greenmont Cemetery in Durango.

Ollie Guest

Services for Ollie L. "Myrt" Guest, 82, of Silverton were held at 2 p.m. Tuesday, January 9, 1990 at the First Baptist Church of Silverton with the Rev. Floyd C. Bradley officiating. The Rev. John Mitchell, interim pastor of First Baptist Church assisted.

Burial was in Silverton Cemetery under the direction of Schooler-Gordon Funeral Directors of Silverton. She died at 9:45 a.m. Sunday, January 7, 1990 in Methodist Hospital of Lubbock, after a lengthy illness.

Born in Deport she moved to Silverton in 1969. She married R. C. Guest on October 26, 1924 in Deport. She was a member of the First Baptist Church.

Survivors include her husband; a son, Dick of Floydada; a daughter, Earlyne Hutsell of Silverton; three brothers, Harley Campbell of Lamesa, Lowell Campbell of Deport, and Ralph Campbell of Lubbock; a sister, Opal Chalker of Lubbock; six grandchildren; and seven great-grandchildren.

Quitaque Senior Citizens

Senior Citizens met January 5, 1990 at 6 p.m. with 11 members present.

The meeting was called to order by president, R. J. Harmon. Prayer was led by Bill Griffen.

Minutes from December 1989 meeting were read by Austella Brown and approved by the group.

Lolan Roberson gave the business report which was also accepted.

We voted to have a Food Night in the near future to raise contribution for Senior Citizens. Rhythm Band will be guests.

Dues and election of officers will take place in the March meeting.

After the meal, games of 42 concluded the evening.

Food was served by Cora Grayson, Yolan Roberson and Austella Brown.

Great American Smoke Out Results

New York - According to a nationwide telephone survey of 1,201 men and women aged 18 and over, the Gallup organization estimates that the 1989 Great American Smokeout results were as follows:

-35.9 percent of the nation's 50 million smokers participated in the Smokeout. The total number is

17.9 million.

-10.5 percent of the nation's smokers were able to stay off cigarettes for 24 hours, totaling 5.2 million.

-3.9 million were still not smoking 1-3 days later.

-Of those surveyed, 85 percent had heard of the Smokeout.

Locals Make Roland Asebedo Named WT Honor Roll Plainview Fire Marshall

Two Quitaque residents are listed among the two hundred West Texas State University undergraduates named to the President's List and the 678 students recognized on the Dean's List.

Craig Setliff, a sophomore science major and Cathy Purcell, a senior nursing major earned this honor by maintaining a GPA of 3.850 or better with a minimum class load of 12 hours for the Fall 1989 semester. Thank You

Roland Asebedo, a three year veteran firefighter and paramedic was recently named as city fire marshal for the City of Plainview.

Asebedo, 24, took over his new duties on November 20, replacing retired fire marshal, Jack Dickey, after having served on the Fire Department since 1986.

He was selected over several other members of the Plainview Fire Department, Pampa and Amarillo Fire Departments as well as the Plainview Police Department.

Asebedo moved to Plainview from Briscoe County, where he had worked for the sheriff's department and had been a patrol officer at Lake Mackenzie. He is a native of Silverton and graduate of Silverton High School. He is the son of Johnny and Mary Asebedo of Silverton.

Roland Asebedo

He attended the Panhandle Regional Law Enforcement Academy in Amarillo, where he earned his law enforcement certification in 1983, and his special skills certification in 1987. He has more than 1400 hours in continuing education credits in law enforcement and firefighting.

"I'm planning on staying here a long time," Asebedo said. "I have been striving for this for a long time. I've worked in law enforcement and in the fire department and now this gives me a chance to put them together. I get to put together all three things I like to do - law enforcement, firefighting, and being a paramedic."

In addition to naming Asebedo to the post, city officials also reshuffled some of the duties among firefighters and police officers so that the fire marshal will also be the training officer for both units.

Briscoe County Extension News

The Food and Security Act of 1985 (Farm Bill) required farms with highly erodible fields to have a conservation plan by January 1 of 1990. Most farmers in the Quitaque/Turkey area have met with SCS and developed a plan if one was needed. This plan makes you eligible for USDA Farm Program benefits and will keep you eligible when it is applied.

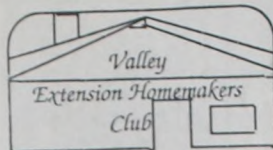

The next step is to know what the plan requires and when it needs to be installed. Every farmer received a copy of his plan in the mail after it was approved by the Caprock Soil and Water Conservation District. Pull out the plan and read through it again. If you have questions about your plan or cannot find your copy contact the SCS office. We will provide you with another copy and answer any questions you might have.

The next step is to begin applying the practices that are planned for your fields. Next week we will discuss some of the practices that have been planned by farmers in this area.

For more information contact the Soil Conservation Service office in Silverton at 823-2320.

The average adult has about 3,500 square inches of skin. The skin has roughly a billion pores.

by Angie Smith

The Valley Extension Homemakers met on Tuesday, January 2, 1990 at the bank room in Quitaque, for the first meeting for the new club year.

Karen Rice, president, brought the business meeting to order. Nine members were present and voted to change the meeting dates to the first and third Mondays of each month.

A program was given by Angie Smith on making bandanna necklaces, hairwraps and earrings. The new yearbooks were also handed out by Patti Whittington, vice-president. Refreshments were served by Patti and Angie, the hostesses.

The VEH members are hoping that this, our second year as a club, most of the 'bugs' will have been worked out and a good attendance of members and guests will be at each meeting. Come and enjoy! Hostesses for the next meeting are Susan Ramsey and Laura Davidson on Monday, January 15, 1990.

An ancient remedy for a toothache was to eat a mouse.

LINDA BRANIGAN CANDIDATE FOR COUNTY TREASURER

"I would like to announce my candidacy for the office of Hall County Treasurer. I have been a resident of Hall County for the last 17 years and will probably be a resident of Hall County for the rest of my life. My husband, Mike, was born and reared here and both our children, Michelle and Shayne, were reared here. Hall County is our home and we love it here."

"Since moving back to Memphis in 1972, I worked with Dunbar & Dunbar Insurance & Abstract Office for five (5) years, the Department of Human Resources in Hall County Courthouse for four (4) years, and the past eight and one half (8 1/2) years with Branigan Jewelry. I feel my past work experience record will show that I could easily handle the job of Hall County Treasurer. If elected, I will be willing and eager to attend any training sessions required of me to maintain the office to the best of my ability. The office needs someone willing to be there and keep it open and I plan to do that if elected."

"I know there are a lot of you there in Turkey that I haven't met yet, but I do plan to come over and meet with you in the months ahead. Mike and I always enjoy coming over to the Bob Wills Celebration and driving our Model "A" Ford in your parade. I seek your support in the months ahead and solicit your votes when you go to the polls."

Paternal grandparents are Vera Roys of Flomot and Billy Roys of Amarillo; great-grandmothers, Tommie Valdez of Lubbock and Madeline Roys of Amarillo.

Mr. and Mrs. James R. Green

Green-Braun Wedding Vows Are Exchanged

November 25, 1989 was the date for the wedding of Mr. James R. Green of Turkey and Dr. Deborah L. Braun of San Antonio. The event took place at Los Patios of San Antonio, amid lush foliage beside the wishing well.

The bride was attired in a peach crystal-pleated silk charmeuse dress with a beaded and sequined lace collar.

Mr. Green wore a navy double-breasted suit with antiqued nautical buttons.

Best man was Jerry Green of Bossier City, LA, brother of the groom. Miss Stephanie Wimmer of San Antonio, sister of the bride, was maid of honor.

A reception followed at the Gazebo restaurant after which the couple left for a trip to Cancun, Mexico.

Wedding guests included Terry Walworth and Pete Wimmer of San Antonio; Wilma Walworth of Corrunna, Michigan; Robert Braun of Royal Oak, Michigan; Chris Wimmer of Flagstaff, Arizona; Jerry, Kathy, Justen, and Jaymie Green of Bossier City, Louisiana; Edna Chambliss of Plains; Kaylene and Criss Morrison of Lubbock; and Keith and Bettie Green of Turkey.

The groom, a graduate of West Texas State University, will complete his dental degree in May, 1990 at the University of Texas Health Science Center at San Antonio.

The bride holds degrees from the University of Michigan and UTHSC-SA and is completing specialty degrees in Pediatric Dentistry and Public Health from UTHSC-SA and UTHSC-Houston.

When You're Short On Time

By Mary Slaney

If you're short on time, try on-the-spot revitalization breaks. Here are a few that work for me:

- Close your eyes and picture yourself in a relaxed setting.
- Do simple relaxation exercises: close your eyes and slowly turn your head left, then right several times; move your head in slow circles clockwise, then counterclockwise; relax your head forward, then back.
- Bring circulation back to your legs with easy leg exercises: point, then flex feet; point toes and make circles with ankles; standing, raise up on toes, hold, then relax.

Morrison Earns Nursing Degree

Kaylene Morrison recently graduated from the Texas Tech University Health Sciences Center School of Nursing with a Bachelor of Science in Nursing Degree. She received her nursing pin in a pinning ceremony held for 35 graduates at 7 p.m. on Tuesday, December 12, 1989.

She will work on the Pediatrics floor at St. Mary of the Plains Hospital in Lubbock.

A 1985 graduate of Valley High School, she is the wife of Criss Morrison and the daughter of Keith and Bettie Green.

Those attending the pinning were Keith and Bettie Green, Ella Colvin, Murry Wayne and Judy Morrison, and Colvin, Tish, Julia, and Rachael Morrison.

Kaylene Morrison

Ask Sally

Compact Discs: Cost And Care
Q. How much do compact discs and players cost?

The discs today are getting closer and closer to the costs of conventional LPs—anywhere from about \$9 or so to \$20 for some titles. Players are available at a wide range of costs and features, starting at about \$100 for a basic unit and reaching as high as \$1,500 for ultra high-end units aimed at "audiophiles."

We don't always realize how much we depend on electricity until we're faced with an outage!

A power outage can occasionally occur due to ice and snow on power lines, falling tree limbs and high winds. When it does, WTU will take the proper steps to assure your power is restored as quickly as possible.

Here's what you can do to help:

- Check with your neighbors to see how widespread the outage is.
- Check your breaker box if your house is the only one affected.
- Call your local WTU office if the trouble is not on your side of the meter.

CARD OF THANKS

I would like to say thanks to all of you for your interest and concern during my stay in the hospital. I want to thank you for the cards, your visits, phone calls, food and most of all your prayers. In Christian love. Mutt Holland

We would like to thank our dear friends for all of your acts of kindness and love during the loss of our very special loved one.

The food brought to the house, the cards, flowers, memorials, most of all your prayers.

A special thanks to the wonderful ladies who prepared the lunch at the Fellowship hall.

Also a special thanks to Brother Steve and Brother Herbert for their comforting words.

Thanks also to Johnny Harrison for the wonderful job he did.

God Bless You The Family of Ida Jones

According to Justice Department statistics, crime rates in the U.S. are falling.

CARD OF THANKS

We would like to express our gratitude to each and everyone who helped in any way during the loss of our loved one. Your love and support has helped us through what has been one of the most difficult times in our lives.

We wish to thank the EMT's and all those at the accident scene. Your help was deeply appreciated. We also want to thank those who hauled the cattle to Tula and took care of the details there. That was a great help to our family. We know that someone stayed at the pickup with Suzanne's little boys. We don't know who the lady was, but we thank her, it helped so much.

Our thanks go to Bro. Jess Little for his help and comfort at the accident scene, for taking Suzanne to Lockney and seeing to our needs there. You were deeply appreciated.

Your expressions of love and sympathy have been overwhelming. The flowers and plants were so lovely and comforting. The food was abundant and wonderful, both at our home and at the church. The cards and memorials were a comfort and such a wonderful tribute to Daddy.

The services at the church were just perfect and as Daddy would have wanted. Bro. Ulrey's and Bro. McLean's messages were such a comfort to us all. The singing was beautiful and so fitting. We thank you for the comfort it gave and continues to give.

Our thanks go also to the ladies who helped prepare the meal at the fellowship hall and cleaned up afterwards. You were and are deeply appreciated.

Most of all, we thank you for your prayers. They have sustained us and given strength through this time of sorrow.

Phillipians 1:3 says, "I thank my God upon every remembrance of you." And we do thank God for our friends and loved ones. He has blessed us with many.

We thank you for everything and pray God's richest blessings on you now and always.

Sincerely,
The family of Bill Lane

Citrus Growers To Get Government Assistance

Five federal government executives responsible for the delivery of aid to the citrus and vegetable farmers whose crops were frozen will be Weslaco and Uvalde to meet with farmers and local leaders, U. S. Senator Phil Gramm announced today.

"I am determined that the federal government will stay on top of the crisis that struck citrus and vegetable farmers when our crops were frozen," the Senator said.

"These federal officials will be in the Rio Grande Valley and Uvalde to see the conditions personally and meet face to face with the farmers who need their help," he said.

The officials are Texas State A&M Chairman Jerry Harris,

ASCS State Executive Director Terry Harman, Farmers Home Administration State Executive Director Lynn Futch, Federal Crop Insurance Corp. Regional Director Ted Crouch and Small Business Administration Regional Administrator Lejeune Wilson.

The meeting in Uvalde is set for 1:30 p.m. on Thursday, January 4, at the Uvalde Civic Center, 300 East Main Street. In Weslaco, the meeting will be at 1:30 p.m. on Friday, January 5, at the Texas A&M Experiment Station at the intersection of Business 83 and FM 1015.

"Assembling a team of high-ranking officials and sending them to the areas in need of assistance is the first step in bringing the appropriate aid to those who most need it," Gramm said.

The palm tree grows only at one place—its very top. The trunk, once established, does not add girth as other trees do.

Succeed Safely In Stripping Old Paint

Attention, do-it-yourselfers: Before you start any furniture restoration project, take time to read the label of any paint stripping product you use.

Most chemical paint removers will do a fast, easy and safe job for you, provided you follow the detailed instructions on the container. Today's manufacturers provide labels that not only identify potential hazards, but also explain, step by step, how to use a product correctly and safely.

It's important to note, for instance, that exposure to high levels of paint removers can irritate the skin, eyes, mucous membranes and respiratory tract. The Consumer Product Safety Commission (CPSC) also notes that recent studies indicate lifetime exposure to high levels of methylene chloride, an ingredient in many paint strippers, caused cancer in certain laboratory animals. The available human studies do not provide sufficient information to determine its effect in humans. Nevertheless, CPSC advises you to minimize exposure to paint

stripper chemical vapors and not to let the liquid touch your skin.

The best place to strip furniture is outdoors, preferably in a shaded area or under some kind of canopy. Working outdoors provides maximum ventilation; working under cover can keep the paint remover from evaporating too quickly. If you must work indoors, do so where cross-ventilation is assured—open the windows on opposite sides of the room, or in the next room.

Do not allow children to play in the work area. It is advisable to use a fan to improve the flow of fresh air through the work area. Some paint removers are flammable, however, so be sure to read the label to avoid the chance of fire from sparks from the fan motor.

According to CPSC, warning signs that indicate you do not have enough ventilation, and are becoming over-exposed, are dizziness, light-headedness, and headache. If you experience any of these, take a break and get some fresh air. Increase the ventilation in the work area before continuing.

Briscoe County Extension News

Ways to maintain the safety of the nation's vegetable supply will be spotlighted at the annual West Texas Vegetable Conference at Hereford, Texas on January 16.

The conference begins at 8:30 a.m. at the Hereford Community Center, 100 Avenue C at Park Avenue. The \$25 registration fee includes lunch.

"This year's conference will focus on ways growers can produce vegetables that are safe for the consumer with methods that assure safety of the growers' workers and families," according to Dr. Roland E. Roberts, a vegetable specialist with the Texas Agricultural Extension Service. Roberts is conference coordinator.

Commercial and noncommercial pesticide applicators who participate in the conference can qualify for five of the continuing education units (CEUs) of training required during the year.

Speakers also will analyze current vegetable research and proven production recommendations which maximize quality and yield while protecting the land, water and natural resources.

Please call Curtis Preston at 823-2131 for more information or if there are any questions concerning this conference.

The International Stockmen's school will convene again in 1990 just ahead of the famous Houston Livestock Show and Rodeo. The school through 42 years of service has earned the reputation of a

premier educational event for stockmen world-wide.

The School is sponsored by a nonprofit Foundation, backed by the Texas Agricultural Extension Service, the Houston Livestock Show and Rodeo, and the Agriservices Foundation of California. The meetings will be held in the Marriott Astrodome Hotel in Houston.

Over 60 nationally and internationally recognized authorities will present lectures in five different sections.

The national farm program, food and water safety, a healthy environment, and animal welfare are topics of concern to the entire livestock industry. Also, the beef cattle section will feature discussions on nutrition and reproductive efficiency, forage, and range use, and international markets. Dairymen will have an opportunity to hear experts discuss robotic milking, hot weather feeding and management, parlor design, and feeding high-producing cow.

The horse section will feature discussions on physical therapy and performance horse, feeding the equine athlete, brood mare and foal nutrition, the International market, and the future of the industry.

Another special section will feature an in-depth approach to total ranch management and full use of all resources.

Registration deadline is February 2. For more information contact the Extension Office or call 823-2131.

Lines From Lynda

When I am asked WHY I enroll in another class, my answer is that I never want to stop learning.

The concept of "lifelong learning" is not new, but it is even more important today with our constantly multiplying amount of information. Many people look forward to graduation as the end of their learning process, yet it is actually the beginning—the time when they begin to apply the concepts they have acquired.

We are told that much of the information today's college students are taught will be obsolete by the time they graduate. So why go to college? To learn how to learn.

We cannot cease to learn, to change, to grow, or to see things in new ways. Individuals, families, organizations, governments, and nations that refuse to seek new ideas, adopt new ways and try new methods will stagnate and fail to meet the needs of those they serve.

Learning is not only gathering new facts and information, but gaining a different perspective or applying information in new ways. We probably do not attend church services to gain new information, but more to reinforce the values and concepts already learned and how to better apply these to our lives.

"If we rest, we rust" has been said of our physical bodies, but the same is true of our mental abilities. The mind should be constantly stimulated. Adults need to read newspapers and books, attend seminars and educational programs, take college courses, watch educational TV shows, talk with other people who are mentally stimulating, and most of all, keep an open mind to new

ideas. Don't you love to be around people who have a positive attitude about learning something new no matter how old they are?

The more we learn about other people and ways of doing things, the more information we will have to apply to making our lives better.

One final benefit of continuing to learn throughout life is that we set an example for our young people. When children see that adults still want to learn and enjoy learning, they will likely see learning in a more positive way.

As we enter 1990 and a new decade, I challenge each person in Briscoe County and all the readers of this newspaper to take a more positive approach to adult learning. Resolve to expose yourself to one new idea each week. If we rid our minds of the "we've-always-done-it-this-way-and-I-don't-see-any-reason-to-change-it-now" attitude, we can have a positive impact on our own lives as well as on our families and communities.

The Extension Service has been in existence for 75 years to "diffuse useful and practical information to adults" and to help adults learn. The original mission is still the same, but the Extension Service has changed its methods and information to meet changing times and needs of the people. As an Extension educator, I hope you will take advantage of our programs during 1990, and become involved in the process of identifying specific needs in our county. Learning is a lifelong process.

Student Holiday Monday, Jan. 15

DEAN CABLER COCHRAN CANDIDATE FOR COUNTY & DISTRICT CLERK

In making the announcement of her candidacy, Dean made the following statement, "I would like to announce my candidacy for the office of County and District Clerk. I have been a resident of Hall County for the last 29 years and will probably be a resident of Hall County for the rest of my life."

"As for the office of County and District Clerk, I feel with my past work experience at the County and District Clerks office for 4 1/2 years, the County Judge's office as secretary, Farmers Home Administration and Memphis State Bank, that I am very capable of handling the job."

If elected, it will be my aim and desire to conscientiously fulfill the duties of this office, and a pleasure to serve the residents of Hall County.

With this announcement, I seek your support in the months ahead, and solicit your vote when you go to the polls.

Meanwhile I will welcome your comments, and ideas as to how the office could better serve you, as I campaign for this office.

PH. VOL. ADV. BY DEAN CABLER COCHRAN

Pointers For Parents

Introducing Your Child To Computers

For many parents it adds up to good sense to help children discover the world of computers early.

There are many ways to do this and one of the easiest may be by means of an electronic educational toy. One has been recently designed to introduce children two to six to computers while teaching early learning skills and subjects such as shapes, letters, numbers and colors.

The first product for its age group designed to resemble a personal computer, this easy-to-use electronic toy is marketed under the name "My Little Computer" by Texas Instruments, the high technology company which designed it.

Children who play with the product can learn to insert activity cards as they would diskettes and use computer-like cursor keys to move flashing lights and enter answers. When children play with "My Little

Computer," they can enjoy mazes, multiple choice and matching activities, a sequencing and memory game, music, and activities that focus on beginnings, middles and ends, helping them begin to understand the world of computers and gain early learning skills.

Today's youngsters learn computers early.

FACTS & FIGURES

It costs \$40,000 to rebuild a \$13,000 car, part by part. In the last decade, health care expenses rose 111%, hospital rooms shot up a staggering 143% and auto repair expenses jumped 71%.

FARLEY'S FLOWERS & VARIETY

Is now under new management. Wendell & Roberta would like to thank all our friends and customers for the past 25 years of association with you. We have passed the business on to our daughter and her husband, Jack and Debbie Wellman.

We hope you will be as good to them as you have been to us. We have valued your friendship.

Thanks and God Bless You, Wendell & Roberta Farley
