Burglary Ring Is Cracked By Speed

Hall County Deputy Sheriff Garvin Speed closed the books on at least eight reported burglaries last week with the arrests of two locals and two Hereford residents. Two juveniles were also involved in four counts of burglary of a building.

The two Turkey residents were arrested on Monday, October 3, 1988 with a total of seven charges lodged against one of the men, and one charge of burglary of a building against the other.

Following an investigation by the Turkey deputy, the Hereford couple was jailed on Wednesday in Hereford, and

held over until Hall County authorities could transport them back to Hall County. A combination of seven counts of burglary of a habitation and motor vehicle charged against them.

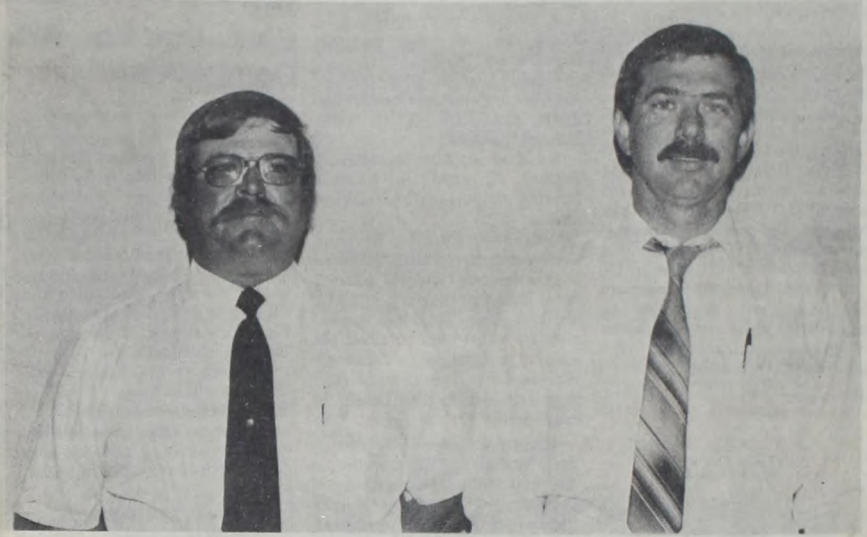

Deputy Speed traveled to Hereford on Thursday to retrieve the prisoners as well as some of the recovered stolen merchandise. Other stolen goods were recovered at a residence in Turkey.

"All these cases will be turned over to the Grand Jury when they convene on October 11, 1988, for indictments," said Hall County Sheriff Schull.

Another witnessed crime appeared to be cleared with the arrest of a Silverton woman. She reportedly was knocking down U. S. Mail boxes with her pick-up truck on Hwy 70, inside the north city limits, and was charged with criminal mischief.

Eagles tower over Patriots

Despite playing a good game, the Valley Patriots fell to the Eagles 23-14 in Chillicothe last Friday night.

Valley's Brandon Stark led the Patriots by scoring two touchdowns. Their first scoring drive came with 1:31 left in the first quarter. Stark rushed eight yards giving Valley six points. Lance Fulbright made good on the 2-point conversion that followed.

During the second quarter, Stark once again came through on a ten yard run adding six more points. However,

Chillicothe had already made good on three touchdowns during the first quarter alone, and a field goal during the third.

Stark must be commended on his 211 yards rushing on 39 carries for this game. Alone, he carried the ball for more yards than the Eagles 194 yards total offense for the entire game. Valley brought in 28 more yards for a total of 239 yards total offense.

Spur will come to Valley this week. Kick-off will be at 7:30 p.m.

Love Fund Set Up For Couple

A Love Fund has been established for Brian and Mona Wheeler at the Turkey Branch of The Memphis State Bank in Turkey by friends of the community of the young couple.

Their daughter, Candy, remains hospitalized in Lubbock General Hospital recovering from a series of strokes. She is in room 235.

Candy is five years old and a student at Valley School.

The child fell ill on Sunday October 2, with what was later diagnosed as a stroke, she

suffered another one last Saturday in the hospital.

These funds will be used in any way the family should see fit. Anyone wishing to contribute may do so at the bank in Turkey, or at the Valley Tribune office in Quitaque. Late medical reports indicate Candy will need extensive medical treatment, possibly by a Canadian medical team.

An update of her condition will be in next week's edition of this newspaper.

Local JP's Attend Seminar

The seminar was conducted by the Texas Justice Court Training Center headquartered at Southwest Texas State University in San Marcos. Seminars are held in compliance with Supreme Court rule and statute, Art.

27.005 of the Texas Government Code. Topics covered include a review of recent attorney general's opinions impacting the justice of the peace court, civil law, code of judicial conduct, criminal trial procedure and simulations, forcible entry and detainer, emergency detentions (mental, drug, and alcohol), lawyer/ non-lawyer representation in justice court, judicial liabilities, juvenile law, protective orders and peace bonds.

As I See It!

By Thelma Gafford

First of all, let me brag on the crowd at the Chillicothe game last Friday night. It was great! What started out as a not so good game turned into an exciting show of strength of our young men. They were stepped on, swung at, pushed back, kicked down, and that o'l Patriot Pride just kept on coming. What a show. We loved it! Thanks guys, and fans too.

In four short weeks we, the American public, will go to the polls to elect a team to lead our free Nation. I say team because the media is putting so much focus on the running mate, instead of the man for President. I don't remember hearing so much about it before, even though a vice-president is, and always has been, just a heartbeat away from becoming the President of the United States.

According to both candidates, they are both perfect for the job. Both promise a better, brighter future for everyone of us. More jobs, better pay, better education, less welfare, better medicare, better defense, better offense, crack down on crime, stop drug trafficking, fund money for AIDS research for a cure, and a balanced budget, and much much more.

Since we've been programmed to believe they are both the best, does it really matter which is elected? They're both promising to do the same, best job. Wouldn't drawing straws be the more economical way to pick a president? We could take all the dollar\$ that will be spent for political advertising during the next month and put it in the Social Security Fund and raise the elderly's monthly checks, or the medicare fund, and do away with the deductible and limitations. Support adoption homes, nursing home, etc., there's no telling what else could be improved on with all that money.

Does it matter which is elected? You bet it does. I won't commit myself with my preference, but I will exercise my freedom right to have my say by voting. I hope the winner can do even half of what has been promised, but the main thing I pray for the continued freedom we have to elect our president. Of course, after the mud has washed away, and the smoke has cleared I hope my man is the winner.

AIDS Program Set For Valley

An AIDS awareness program for the public is being held at the Valley Cafeteria beginning at 6 p.m. on Monday October 17. Everyone is urged to attend this informative program.

Teachers and instructors viewed this program last Monday during an in-service. High school and Junior High students will have their assembly during school hours on Monday. The presentation for high school will be at 10 a.m. and 12:15 for junior high students.

The AIDS awareness program will be conducted by Joan Hodge, Health Specialist and Certified AIDS Educator of the Region 16 Education Service Center in Amarillo.

With so much in the media about AIDS, and to date over 70,000 people in the

United States having been infected, people need to be made aware of this killer disease. It is not restricted to a certain class of people, or just to large cities, and it is not just Gays that contact AIDS. Prevention is the way around it at this time, and that's where educated awareness comes in. As with any other danger, we must inform our young people, as well as the people of our community," said Valley Superintendent Wilburn Leeper.

"Joan Hodge is very educated on the subject of AIDS and will be on hand to answer any questions anyone might have. I encourage every person in the area to attend this program."

Baby sitting for small children, Kindergarten age and under, will be provided by members of the Valley FHA.

Local J. P.'s Can Suspend your Drivers License

According to Attorney General Jim Mattox, in his opinion, justices of the peace have the authority to probate suspension of a driver's license when a person accused of driving while intoxicated refuses to take a breath test.
 That opinion was requested by Crosby County Attorney John L. Barnhill, who says there has been a lot of confusion about the law.
 The state law says a person can lose his license automatically for 90 days if arrested for DWI and refuses to give a breath specimen.
 The arresting officer must advise the driver of the penalty for refusing the test. The Department of Public Safety must notify the person that his license has been suspended. Following this notification, the person may request an administrative hearing. This must be held within 10 days.
 The 1987 Legislature amended law does not apply to an administrative hearing in a justice of the peace court, according to the attorney general.

Brownie Troop Take A Tour

Brownie Troop # 366 went on a field trip to Quitaque City Hall and on to the Fire Hall last Thursday after school.
 At City Hall, City Secretary David Brunson explained how city officials govern the city, how they are elected, and their duties. He explained the Quitaque Water Works, which the girls found very interesting, showed them the old jail and enlightened them on the office and duties of the Briscoe County Justice of the Peace.
 The troop went from there to the Fire Hall where they were shown the big fire truck, and the old one. James Cathy was so kind to sound the siren on the old truck, and scare everyone.
 The ambulance was very interesting to the girls, and ladies as well. Mr. Brunson gave an excellent description of all the equipment and supplies. He explained how dedicated all the volunteers of the fire department and the medical personnel are to the people of Quitaque.
 The Brownies that attended were Jessica Ortiz, Amanda Rapp, Wynter Smith, Hollie McKay, Valerie Cantu, Amy Stark, Katrina Stewart, Jamie Fuston, Traci Ham, and leader Linda Stark.

Mother-Daughter Banquet Held

Tuesday September 27, 1988, the Valley FHA held a Mother-Daughter Banquet for the installation of officers. The banquet was held at the valley cafeteria. The invocation was given by Twyla Lemons. The officers and their mothers led the serving line.

The meal was covered dishes prepared by each member.

Following the meal, Mrs. Taylor gave the welcome and Michele House led the opening ceremony. A short business meeting was held in which the FHA supper for October 14, 1988 was discussed. The funds from this supper will be used to send members and delegates to the area and state conventions.

Michele House led the closing ceremonies.

Poetry Contest Offers Prizes

A trip to Hawaii for two is the new Grand Prize in the American Poetry Association's latest poetry contest. There is also a \$1,000 First Prize. In all, 152 poets will win \$11,000 worth of prizes. Contest entry is free. Everyone is welcome to enter.

"Poets deserve more rewards and recognition," said Robert Nelson, the publisher for the Association. "New and little-known poets are the ones we are looking for. We can give them encouragement and a good start."

Poets may send up to five poems, no more than 20 lines each, with name and address on each page to American Poetry Association, Dept. CN-72, 250 A Potrero Street, P.O. Box 1803, Santa Cruz, California 95061.

Poems are judged on originality and sincerity. Every poem is also considered for publication. In the last six years the American Poetry Association has sponsored 27 contests and awarded \$101,000 to \$2,700 winning poets.

Poems postmarked by December are eligible to win. Prizes will be awarded by February 28, 1989.

From the Time I Was Eight

I wanted to be an astronomer. But people told me girls couldn't. Well, I did it anyway and it was tough. Not just because of the hard work, but because I was a girl. That's why I'm now a Girl Scout leader. One who says to every girl, "You CAN." Today, it's a little easier for a girl to achieve her dream. I think I'm one of the reasons why. Do a favor for the girl you once were: Help a girl of today take the lead. In the Girl Scouts.

Plant A Family Tree

According to Anthony M. Frank, Postmaster General of the United States, "The postal service is part of the fabric of American life. We do more than deliver the mail, we deliver ideas and dreams that help preserve our heritage."

In order to help people learn about their past and develop a sense of history and tradition, we are urging people to Plant a Family Tree. Jarrell Rice, Postmaster announced today.

"Our post office will provide a fill-in family tree form so customers upon request to help trace their family's history", Rice said. Learning more about family history can help bind us more closely to our family, our past, and our country. Begin to make your own history by writing letters to your grandparents, family, and friends. Letters written and shared provide a piece of history that you can hold on to for generations."

Also announced today was that October has been designated as National Stamp Collecting month. The special observance for 1988 showcases the carousel animals block of four commemorative stamps. Featured are the newest entries in the postal service's Folk Art series, the lovely hand-carved carousel figures are expected to be among the most striking and popular of all the U. S. stamp subjects.

The theme of the eighth annual observance is "For The Ride Of A Lifetime...Collect Stamps!" While the promotion is highlighting carousel stamps, other philatelic products are also available as well. "We encourage collectors to share the history, beauty, and excitement that can be found by collecting United States stamps," Rice said.

Lockney Care Center Update

The residents of Lockney Care Center enjoyed their bus ride to Plainview last Monday where they did a little shopping at Wal-Mart. They were treated to ice cream at Lockney Dairy Queen beforehand by Mertie Gibson.

John and Maebelle Francis of Silverton were here on Tuesday to sing and play for us. It was Maebelle's birthday that day, so we made it an extra special day for her.

Wednesday found us out on a morning stroll and at a resident council meeting in the afternoon. Thursday was spent making preparations for the new month and Friday was our weekly Bingo game.

We would like to welcome back Mr. and Mrs. Esker Pyle. Rosie and Esker have returned 'home' from Plainview and invite all their many friends and former neighbors to come to the home to visit them.

Mrs. Preal Rattan donated socks to the residents. The First Baptist brought cookies for us to enjoy, and a donation of books and clothes was received from Pearl Burns, Gladys Cross and Zora Reecer.

Out of town visitors to the nursing home last week were E.J. Browning and Mr. and Mrs. Ray Cruse of Flomot who were visiting with Jesse Browning. Mr. and Mrs. Raymond Rattan of Albuquerque, N.M. were here visiting with Ward Rattan and Albert Reyes of San Angelo were visiting with Pilar Hernandez. We extend an invitation to all these people to please come again soon!

We have a lot of fun activities planned for October, including an Enchilada Dinner on October 28, 1988, just prior to the Lockney-Abernathy football game. Proceeds will be donated to the Annual Alzheimers Fund. Watch for further details.....

NOTICE

PUBLIC NOTICE
The cities of Quitaque and Silvertown, Texas will hold a public meeting at 7 p.m., on October 8, 1988, in the Silvertown City Hall in regard to the submission of Commerce for a Texas Community Development Program (TCDP) grant.

This meeting will provide citizens from both communities an opportunity to comment on Quitaque's and Silvertown's proposed joint application to develop a new solid waste disposal facility. Copies of the application will be located at Quitaque City Hall and Silvertown City Hall during regular office hours for public review. Quitaque citizens needing handicapped accommodations to attend this hearing should contact David Brunson, at Quitaque City Hall, prior to the meeting. Silvertown citizens needing handicapped accommodations to attend this hearing should contact Jerry Patton, at Silvertown City Hall, prior to the meeting.

The final application will be submitted to the Texas Department of Commerce by October 27, 1988.

Contest Open For Children Under 12

Like a Christmas wish come true, Walt Disney classic films such as "Cinderella," "Mary Poppins," and "Alice in Wonderland" will be coming home this holiday season as Coca-Cola USA and Walt Disney Home Video team up for a spectacular national promotion.

In fact, five lucky people will win their own Disney home video libraries, consisting of 250 live-action and animated classics, in the unprecedented "Bring Home The Classics" consumer promotion, beginning November 21.

A sixth library will be awarded to the winner of a Coca-Cola USA/Walt Disney Home Video Disney Cartoon Coloring Contest, open to all children ages 12 and under.

In addition to the six grand prizes of the magnificent video collections, the "Bring Home The Classics" promotion also offers 5,000 first prizes of video six-packs--"Cinderella," "Mary Poppins," "Alice in Wonderland," "Dumbo," "Sword in the Stone" and "Three Caballeros." Bottlers of Coca-Cola will provide consumers with hundreds of thousands of additional chances to win Walt Disney Home Video Classics in local promotions nationwide.

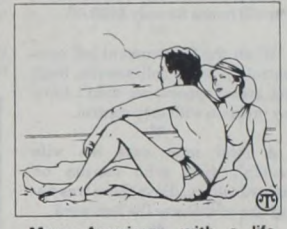

Consumers can register at retail outlets featuring Coca-Cola/Walt Disney Home Video "Bring Home The Classics" displays for a chance to win. In addition to the tape prizes, one hundred thousand specially created posters featuring Disney characters and the famous Santa Claus created by artist Haddon Sundblom for Coca-Cola advertising in the 1930s will be given away as second prizes.

The Disney coloring contest invites children to "bring to life" line drawings of popular Disney characters. Official coloring sheets also are available at "Bring Home The Classics" displays at participating retail outlets.

A special holiday commercial--directed by Penny Marshall, director of the hit film, "Big"--highlights the promotion and features Santa Claus and Disney characters Mickey and Minnie Mouse, Pluto, Goofy, Cinderella, Donald Duck and Tinkerbell. The commercial utilizes the state-of-the-art blend of live action and animation technology seen in the Disney organization's box-office smash, "Who Framed Roger Rabbit."

Children can learn the value of helping by reading about Snow White.

Many Americans with a life-saving device may now be able to lead a more normal lifestyle.

In old England, the word "child" referred only to a girl.

It's World Series time and as of this writing, we don't know if it's gonna be the East Coast against the West Coast or an "All-East," or "All-West" Series. It used to be the biggest fall spectacular we had, especially during the radio years and is still one of the major events in sports, but the TV fare with the new Fall shows, college and high school football, satellite programming etc. has diluted the audience and our fast-moving society finds it harder to sit down for three or four hours and watch a baseball game. It's still called our National Pastime, but we wonder if it really is!

This sign is displayed in a store which has a department selling cats, dogs, birds and other animals; "If you're looking for an unusual pet, see our Miss Mortimer!"

Facts from the Princeton Dental Resource Center

Dentistry In The Year 2,000

By Tom Truhe DDS.

America can look forward to a more cavity-free society thanks to scientific advances.

Princeton Dental Resource Center was established to report scientific breakthroughs and to forecast how research will affect the practice of dentistry. Some predictions about dentistry in the year 2000 include:

- Three-dimensional x-rays—for a more accurate reading of trouble spots in the mouth.
- Electric braces—a small battery installed on the frames of the braces will move teeth twice as fast as conventional methods.
- Time-release fluoride device—these devices are bonded to the teeth and may last up to six months.
- An anti-cavity vaccine—part of a regular dental checkup might include receiving a vaccine that will prevent cavities.
- Lasers—will be used to smooth the areas on the tooth's surface where food gets trapped.

Briscoe Campaign Staff Named

Senator Lloyd Bentsen announced the formation Tuesday, October 4, of the Briscoe County Bentsen Campaign Steering Committee, whose seven members are pledged to work for his re-election this fall.

Bentsen, Chairman of the Senate Finance Committee, is a candidate in the November general election.

"Beryl Long has agreed to chair the Briscoe County Campaign Steering Committee," Bentsen said in the announcement. "I'm glad to have his support and the active backing of the other outstanding citizens of Briscoe County who have signed up to work for my re-election this year," the Senator said.

The committee represents a broad cross section of Briscoe County. I would hope membership will increase in the weeks ahead as the Bentsen organization in Briscoe County continues to gear up for the November election.

In addition to Long, other members of the Briscoe County Campaign Steering Committee are: in Silverton, Mrs. Elaine Forbus, Fred Mercer, Jackie Mercer, Jack Strange, Mr. and Mrs. Don Brown and Bryant Eddleman.

Breakfast On A Fast Track

No matter how hectic your mornings or how serious your diet, there is a way to start the day at top speed and get the nutritional boost you need without processed sugar, saturated fats, preservatives or hassle. Take a tip from those savvy—mostly lean, healthy, energetic—Scandinavians whose favorite wake-up munch is a couple of Kavli Norwegian crispbreads.

Fast food for people who think, these hearty, versatile crackers come in thick, thin and rye-bran varieties. Each packs zesty rye flavor and satisfying crunch—yet only about 20 calories, very little fat or sodium and lots of dietary fiber.

They make an ideal base for just about anything, from cottage cheese and fruit wedges to chopped egg, to tomatoes with lettuce and all beef bacon (the breakfast BLT). Purists love them plain, perhaps with a lit-

tle butter or margarine—smoked salmon to splurge. They also hold up well in the toaster oven, for a quick "melt."

The delicious possibilities are limitless, all in keeping with today's trend towards "power" breakfasts that rev you up rather than slow you down. And don't be surprised if the kids decide Kavli crispbreads are perfect with peanut butter and jelly!

My question to the residents of Briscoe County is this: Do you want your tax dollars to be spent paying a secretary for a county attorney who has a full-time job in Lubbock?

Since the issue of my tie-breaking vote in Commissioners Court in favor of lowering the expense of the county attorney's office has become a topic of conversation, I would like to explain that this was done to retain a hold on the purse strings. If we had budgeted \$30,000 for example, to be spent in that office, that is the amount we would have been obligated to spend. As it now stands, after the election the county attorney-elect will present her proposed budget for the office to the Commissioners Court, and our Commissioners will decide how much is to be spent in that office. This is the procedure followed by the other county offices.

The Commissioners Court is attempting to keep spending down so that tax increases can be postponed as long as possible. We presume that is what our constituents expect of us. With our declining tax base, this is becoming more difficult each year.

If you have questions about any item of county business, my office is always open to you. Do not hesitate to come by if I may ever be of service to you

Sincerely,
Jimmy M. Ross
Briscoe County Judge

Social Security News

December is a favorite time of the year for people to retire. However, September is the time you should be thinking about it. Too many people wait until the last minute and often find that the process of retirement may take a little longer than they expected.

Generally, we like to have people contact us about three months before they are ready to retire. That gives them and us plenty of time to go over their plans, process the application, and have benefits start the month they quit work.

In considering various retirement options under Social Security, a person should note the following:

***Delayed Retirement** - People who delay retirement past 65 receive a three percent retirement credit for each year (one-fourth percent for each month) after 65 up to 70 that they do not get a benefit. Starting in 1990, the delayed retirement credit will increase gradually until it reaches eight percent by the year 2009.

***Effect of Earnings** - There is a limit to how much a person can earn and still receive all social security benefits. The amount of the annual earnings limit depends on one's age and changes each year with increases in general wage levels. A monthly test is applied the first year of retirement, which makes it possible for a person to retire at any time of the year without having earnings in the months before retirement reduce benefits. For people who plan to continue to work after retirement, it's important to let social security know how much they expect to earn.

***Medicare** - People don't have to retire to get Medicare. A person who plans to keep working after 65 can still get Medicare by applying at any Social Security office two or three months before 65. Medicare provides help with hospital and doctor bills for people 65 and over, certain disabled people under 65, and people with permanent kidney failure.

***Income Tax** - Up to half of the social security benefits of people in the higher income levels may be taxable. While only ten percent of beneficiaries are affected, people should determine how this may affect their benefits if their income is high.

***Effect of other types of income** - To encourage people to plan for their retirement using social security as a base, the law provides that, in general, only income from wages and self-employment affect social security benefits. This means that income from savings, private insurance,

and other income may not affect benefits.

However, the public pension offset may affect a spouse's social security benefits if they also receive a pension from Federal, State, or local government employment not covered by social security. Also people who become eligible for both a social security benefit as a retired or disabled worker and a pension from work not covered under social security may have their benefit reduced. A person should telephone if there is any question as to whether income will affect social security benefits.

Tel-Assistance Now Available

A new financial assistance program, aimed at older, disabled Texas, has been established by the Texas Legislature in cooperation with the local exchange telephone companies throughout the state. "Tel-Assistance" is the name given to the new program.

"Tel-Assistance will reduce certain charges on a qualifying person's telephone bill by 65 percent," according to Tim Raven, President of the Texas Telephone Association. "Eligible customers may have Touchtone service or custom calling services, however, the discount will not apply to these services."

Raven adds that Tel-Assistance service recipients will also receive appropriate reduction of the Federal Communications Commission (FCC) line charge. Discounts do not apply to long distance, telephone equipment or installation charges.

The Tel-Assistance program is under the direction of the Texas Department of Human Services. To qualify for Tel-Assistance, an applicant must meet several requirements.

Applicants must be 65 years of age or older and must be disabled. Additionally, applicants must be the head of a household and have an income at or below the Federal poverty level.

"Additional information regarding the Tel-Assistance is available from the Texas Department of Human Services," Raven said. "Interested parties can call toll-free, 1-800-343-8353, or write to Tel-Assistance Service, Texas Department of Human Services, Mail Code 952-X, P. O. Box 2901, Austin, Texas 78769."

Applicants for the program are processed by the Department of Human Services, as well. The Department will advise telephone companies if a person is eligible for Tel-Assistance.
