 Congratulation Amanda!

Successful Town Meeting

by j Guest
 Any time 40 to 50 people come to a meeting in a town of 500 in size, success can be declared. It's good to see that many people interested in ways to improve our town.

Gary and Suzie Johnson introduced Beau Garrett, a writer of music and a musician, out of Nashville to this group of people.

He was born in Amarillo and lived in the Panhandle for a period of time before becoming involved in the music world. He has recorded, written music and songs and been involved in setting up major concerts all over the country.

He had a number of suggestions and ideas about how to go about developing this area by bringing in major country western singers, maybe once a year or so. He gave us a lot of food for thought, and now we have to decide if we want to go in this direction for the benefit of the town.

PUBLISHER'S NOTE
 I hope everyone realized that last week's story about the electrical storm in Turkey was a big boo-boo. The publisher (me) who was helping put the paper together, got crazy and thought the story which was part of Yesterday was current, so put it on the front page! My apologies.
 J. Taylor

An 8 inch water line ruptured about 6:00 a.m. Saturday at the intersection of Jones and Second Streets

Quitaque Residents Without Water Saturday Morning

An 8 inch Main Line ruptured early Saturday morning, at Jones and Second Street, leaving city residents without water from about 6:00 a.m. until 10:00 a.m., August 22. The line had to be dug up and a piece about 5 foot long replaced. This is not the first line to fail in the aging water supply system or most likely the last. The lines that are in service now were installed in 1927 and are over seventy years old. This type of leak can be expected to happen anytime, anywhere considering the age of the lines. Some lines are scheduled to be replaced in the Spring of 1999, through a partial matching funds grant. Until then be aware of water coming up out of the ground, and avoid driving over any large leaks in the road because it is possible that there may be a large washout under the pavement. Also use caution when driving past the places where repairs have been made because the holes are very deep, and could cause severe damage to a vehicle if it should slide into the hole.

Lions Fete Local Firemen And EMTs Membership Drive Upcoming

The community of Quitaque and surrounding area residents came together to show their support of the Quitaque Volunteer Fire Department and local EMS Monday evening at the Quitaque City Park.

The Lions Club sponsored a hamburger and ice cream supper for the community. All members of the EMS and the firemen and their families were guests at the supper in honor of their dedication to helping out their friends and neighbors when trouble arrives.

All of the profits from the hamburger and ice cream sales will be donated to the local EMS and Volunteer Fire Department.

A pie and cake auction produced \$372 when 15 pies and cakes were sold. A fine job of auctioneering was done by Bennie Reagan. His efforts were greatly appreciated.

Donations in the amount of \$660 were received to be given to the EMS and Volunteer Fire Department.

Over 150 people attended this timely fund raiser with approximately \$1150 to be presented to the EMS and Fire Departments.

Delos Johnson stated in his address that when they lived in a large city that the emergency service tried to respond in eight minutes to an emergency call. An emergency call in Quitaque has been answered within four minutes. These dedicated men and women are to be commended for their fortitude in helping their fellow man.

Mr. Johnson said that the Lions Club appreciated all the participants in the event, those who helped put the affair on, those who baked cakes and pies, those who enjoyed the hamburgers and ice cream, those who purchased the baked goods and those who so generously donated funds.

August Sales Tax Rebates Total \$255.8 Million

State Comptroller John Sharp delivered a total of \$255.8 million in monthly sales tax payments to 1,094 Texas cities and 118 counties, a 12.4 percent increase over the \$227.6 million allocated in August 1997.

This month's sales tax rebates include local sales taxes collected by monthly filers on June sales and by quarterly filers for April, May and June and reported to the Comptroller in July.

"The Texas job market and new businesses are still growing steadily and retail sales continue to soar, as consumers show confidence in a rosy outlook for the Texas economy," Sharp said. "Year-to-date, rebates to cities and counties are up 11.5 percent over last year."

Quitaque received \$3,610.49 for this pay period which is down 5.8 percent from last year.

Turkey received \$2,639.60 for this pay period which was an increase of 86.51 percent from the same time last year.

B. Smith To Head New Slate of Chamber Officers

At a recent Quitaque Chamber of Commerce meeting new officers for the 1998-99 year was elected. Elected to serve as president of the organization was Bill Smith, a local attorney who is also the Briscoe County Attorney. Roland Hamilton, who owns Caprock Home Center with his wife Donna, will be serving as first vice president while Clyde Dudley, Quitaque City Manager, will be second vice president. Karol Pigg, owner and operator of Karol's Kountry Korner, was re-elected as secretary/treasurer for the group.

Mr. Smith stated, "I'm looking forward to serving as President of the Chamber this year. Along with increasing attendance at our usual calendar of events, *Fall Foliage, Country Christmas and Trails Day*, I hope to increase Chamber membership to include all community business owners. I'd also like to see the Chamber put more effort into supporting our local businesses. I'm encouraging everyone to attend our meetings and bring your ideas as to how the Chamber can better serve Quitaque."

Plans were reviewed for the upcoming Fall Foliage Tour which will be in October.

Kairos

Unusual name for an unusual happening. But how great it is that people will take the time to try to help someone who has made a mistake.

For four days beginning Wednesday, the 19th, many visited prisons to talk, meet with and fellowship prison inmates. Many women prepared thousands of cookies for this happening. Others went to the prison and prepared special food.

Those who worked with the Childrens prison from our area were Jim Davidson of Quitaque, Larry Bob and Angela Clay, Jo Ike and Anna Beth Clay, Stuart and Vivian Smith.

They report that it was a very rewarding and enlightening experience. The inmates are so appreciative of the care and concern shown them.

Patriots Show Up Well In Clarendon Scrimmage

Valley Patriots opened their pre-season play at Clarendon last week. The scrimmage between the Patriots and the Broncos was the first outing by Valley for the 1998 season.

Valley has 31 players listed on this year's squad.

The Junior Varsity started the scrimmage with ten plays on offense and ten on defense, allowing no scores by the Broncos. However, they were also shut out on offense.

Varsity did well on both sides of the ball, limiting Clarendon to one score, and scoring twice.

Valley will host the Paducah Dragons in the second scrimmage of the year on Thursday, August 27. Play begins at 6:00 p.m.

Texas Forestry Service donated this truck and tanks to the Quitaque Fire Department recently

Fire Department Receives Truck From Texas Forestry Service

Texas Forestry Service recently donated a 5 ton 6X6 truck and tanks to the Quitaque Fire Department, through a mutual agreement with surrounding counties.

The truck needs a pump, hoses, hose reels, lights and radio, but when it is ready, firemen will be able to haul 7800 gallons of water to the fires. Before, they were only able to carry 1800 gallons.

Fire department volunteers plan to install a 5hp. plastic banjo pump until such time enough funds are available to install a higher quality pump on the donated vehicle.

This truck will be used in compliance with the mutual agreement which requires the department to come to the assistance of surrounding counties when called upon.

THEN & NOW!

by Eunice McFall

Service! What a great word! Service is what all of us would like to receive for our dollar! But sad to say that is not always the case. Many companies come to a community and put in their wares and get the local people used to having great service ready and available at the dialing of a phone. Many times after building up their business, the company feels the need to expand and expand they do out to other communities. Good service is still their motto and most of the time it will continue. But then comes the bad economy days and the companies began to cut out the "fat" down to the "lean." One of the first things to go is the good service that has built their company reputation.

When you call, you have to call a major city or out of state to talk to anyone about your problems. (And to be honest with you, I get the feeling that you are an imposition when you dial their number!) Most of the time now you do not even get a real live person, only a recording that tells you to punch a button to get a recorded number and then you may be put on hold for 30 or 40 minutes while waiting for your answer to your need for service.

The companies who offer service to those of us in small cities, should always be available to hear about the problems that are occurring with their products and try to fix the problem! First of all the equipment should be kept in excellent shape so that they will have fewer complaints. No one wants to become known as a complainer but when you pay for services, they should be available when needed, not lost in the shuffle of many small towns and complaints!

The word monopoly is always being bandied about but in our small towns we are at the mercy of many monopolies. Most of the time we feel fortunate if we have one such service in our area much less two or more to choose from! But just because you offer the only service in town for your product does not mean that you should take advantage of your clientele. And take advantage is what you do when you do not carry through with the service that you promise to do when you put forth your sign of business.

Yes, I agree that we should always trade with our local business whenever it is humanly possible but on the flip side of the coin, the local businesses should give their customers very good service so that they will want to return to do business another day!

After all as "Bits and Pieces" states, "The job hasn't been invented yet that is all peaches and cream. But even if a job is sometimes difficult or boring, we can still get a great deal of satisfaction from doing it well." This is so true when a company gives great service! Customers will put up with lots of inconvenience if they know in the long run they will be receiving great service!

Clyde and Carol Redd of Horner Lake, Flomot community, are selling homegrown tomatoes all over the area, and are in Quitaque on Mondays. (staff photo)

OBITUARIES

Dorothy Carson

Services for Dorothy Carson, 83, of Olton were at 2 p.m. Tuesday, August 18, 1998 at First Baptist Church in Olton with the Rev. Kyle Streun officiating.

Burial was in the Olton City Cemetery under the direction of Foskey-Lilley-McGill Funeral Home.

She died Sunday, August 16, 1998 at St. Marys Hospital in Lubbock.

Mrs. Carson was born June 30, 1915, in Crowell. She and J. L. "Lec" Carson were married on August 30, 1933 at Altus, Oklahoma. He preceded her in death on July 27, 1996.

Mrs. Carson graduated from Brinkman Oklahoma High School. She moved to the Olton area in 1934 from Altus, Oklahoma. She was a member of the First Baptist Church in Olton and the TEL Sunday School class and was an honorary member of the Olton Study Club.

She was also preceded in death by a daughter, Carolyn Ross Carson in 1962; a brother, James Ross in 1997 and a great-grandson in 1989.

Survivors include two sons, Joe Edd of Hale Center and Don Leslie of Lebanon, Oregon; a daughter, Jan Whitener of Arlington, Virginia; a brother, Tom Ross of Flomot; a sister, Elizabeth Andestad of El Paso; eight grandchildren; 18 great-grandchildren; and four great-great grandchildren.

The family suggests memorials to Olton Ambulance Association, P. O. Drawer X, Olton, Texas 79064 and Olton Cemetery Association, Route 1, Box 28, Olton, Texas 79064.

Laverne Mullin

Services for Laverne Mullin, 71, of Tulia were at 11 a.m. Monday, August 24, 1998 at the Church of Christ of Turkey.

Burial was in Dreamland Cemetery under the direction of Myers-Long Funeral Directors.

Mrs. Mullin died Sunday, August 23, 1998 in Amarillo.

She was born November 4, 1926 in Turkey. She and H. A. "Sonny" Mullin were married in Amarillo. He preceded her in death in 1981. She was also preceded in death by a son, Dan Davis, in 1995.

She was a member of the Central Church of Christ in Tulia and the Swisher County Senior Citizens.

Survivors include her mother, Willie Beatrice Lacy of Georgetown; and a brother, Johnny Lacy of Georgetown.

Memorials are suggested to the Turkey volunteer Fire Department or Turkey EMS.

Floydada Rehab & Care Center News

By Patricia Hill, A.D.
Hello from the resident's and staff at the Floydada Rehab & Care Center. We've had a good week.

On Tuesday, Companion & Care served us ice cream sundaes. We were also entertained by Mrs. Leddie Wall. She sang a couple of gospel songs, thanks ladies.

Thursday, August 20, at 3:00 p.m. is the residents birthday party. Come and join us for some birthday cake and punch.

FRCC would like to welcome our new residents, Mary Warren, Myrtice Rainer, and William Stanforth.

Thursday, August 27, 1998, from 11 a.m. - 2 p.m., Floydada Rehab and Care Center will be having a free back to school mini screening for all ages.

*Hearing screening by our speech therapist

*Get up and go, by our physical therapist

*Grip strength by our occupational therapist

Everyone is welcome to come to the screenings, so come on out and join us for a day of fun and interesting things to learn and do.

God Bless You, Until Next Time.
Thought: The brook would lose its song if the rocks were removed.

Try to keep a bounce in your walk, but not in your checks!

BIRTHDAY CELEBRATED

Mr. and Mrs. Darrell Cruse had a family luncheon in their home, Monday, August 24 to celebrate the birthday of their daughter, Leah Cruse. Her favorite cake, gifts and best wishes added to the happy occasion. Guests were her grandmothers, Mrs. Marihelen Wason of Matador and Mrs. Tommie Jo Cruse of Flomot and great grandmother, Mrs. Dona Browning of Rising Star. Leah left for Lubbock, Tuesday where she will be a sophomore student at Texas Tech. We wish her a happy year!

Attend Funeral Of Sister In Olton

Mr. and Mrs. Tom Ross attended the funeral services of his sister, Mrs. Dorothy Ross Carson, 83, of Olton held Tuesday, August 18 at 2 p.m., at the First Baptist Church in Olton. She died Sunday, August 16, 1998 at St. Mary Hospital in Lubbock. Joining them there were daughter and husband, Elisa and Stan Wigley of Lubbock.

Kathy and Clois Shorter met daughter and husband, Keri and Kevin Sehon of Wolforth for lunch in Plainview, Saturday. Mr. and Mrs. Shorter continued to Amarillo and attended the Gospel Concert held at Northwest Baptist Church, Saturday night. The featured guest was the outstanding vocalist, Michelle Lee Gibbons.

Dickie Cloyd of Memphis visited his mother, Mrs. Annie B. Cloyd, Saturday.

Mr. and Mrs. Wilburn Martin visited in Anson, Tuesday and Wednesday in the home of Mr. and Mrs. J. C. Moss. They honored Mrs. Retha Moss on her 90th birthday with a luncheon and 22 guests attended. They also visited Mr. and

Mrs. John Gilbert before returning home. Mr. Gilbert is in a nursing home.

Billy and Cindy Green of Matador visited her parents, Wendell and Nelva Morris, Sunday and celebrated Nelva's birthday.

Butch and Janice Hughes visited from Friday until Sunday in Nevada, Texas with son and wife, Bengie and J. J. Hughes.

Patsy and Bill Rucker of Quitaque visited Mr. and Mrs. Howard Rogers, Saturday.

Mrs. C. W. Starkey and Mr. and Mrs. Jack Starkey were in Amarillo, Tuesday for medical appointments. They visited Mr. and Mrs. Z. D. Starkey and Mr. and Mrs. Clifton Reid. Enroute home, they visited in Canyon with Mr. and Mrs. Michael Starkey.

Mary Ellen Barton and Viola Stinson visited in Floydada, Wednesday with Mrs. Mollie Burleson. They attended to business in Plainview, Friday.

Mr. and Mrs. Wilburn Martin were in Lubbock, Friday to be with her sister, Mrs. Wanda Lane of Lockney, who had surgery at Methodist Hospital. Joining them there was Mrs. Lula Cramer of Arlington. Mrs. Cramer returned home with Mrs. Lane to be with her during her recuperation.

Mr. and Mrs. Johnney Turner visited in Stephenville, Friday and Saturday with their son, Cobey, a student at Tarleton University.

African-American students improve on TAAS exam

COLLEGE STATION - Pass rates for African-American students on the Texas Assessment of Academic Skills (TAAS) exam increased by approximately 30 percentage points between 1992 and 1997.

Despite these gains, the pass rate for Black students in 1997 of 55.7 percent still trailed the pass rate for white students (84.9 percent) by a substantial margin.

A first step in improving African-American test scores is to identify school districts that do a better job of educating African-American students, say researchers at Texas A&M University and the University of Texas-Pan American.

Pesticide Management and Drinking Water Protection

This is the fourth in a series of articles on drinking water protection in the Turkey Municipal Water System Area.

Rural residents have a major role to play in protecting not only their drinking water, but the Turkey Municipal Water system drinking water as well. By becoming familiar with the ways ground and surface water can become polluted and the management practices that can prevent pollution, we can all be assured of a continued safe supply of drinking water.

Pesticides play an important role in agriculture. They have increased farm production and enabled farmers to manage more acres with less labor. Voluntary action to prevent pesticide contamination of drinking water will help ensure that pesticides remain available for responsible use.

Pesticides work by interfering with the life processes of plants and insects. Some pesticides are also toxic to humans. If a pesticide enters a water supply in large quantities, which could happen with spills, dumping, or back-siphoning accidents, acute health effects could occur, depending on the toxicity of the pesticide. Contaminated water used for drinking water supplies may cause chronic exposure (prolonged or repeated exposure to low doses of a toxic substance). Chronic exposure may be hazardous to humans and livestock.

Properly managing pesticides on your property is an important step toward preventing drinking water contamination. If stored in a secure, properly constructed location, pesticides pose little danger to drinking water. Common sense suggest keeping pesticides out of the way of activities that might knock over a jug or rip open a bag. Short-term storage poses a lower risk than year-round storage, but storage for any length of time can be a risk to drinking water.

Drinking water contamination can result even from small spills in the mixing and loading area. Small quantities spilled regularly in the same place can go unnoticed, but the chemicals can build up in the soil and eventually reach drinking water. By mixing and loading on an impermeable concrete surface most spilled pesticides can be recovered and reused.

Unwashed and improperly stored containers can lead to drinking water contamination if chemical residues leak onto the ground. Use returnable containers and minibuks, and take them back to the dealer as often as possible. Pressure-rinse or triple-rinse containers immediately after use, since residue can be difficult to remove after it dries. Pour the rinse water into the spray tank. Puncture containers and store them in a covered area until you take them to a regional collection event or permitted landfill. Do not bury or burn pesticide containers or bags.

Reducing pesticide waste makes financial as well as environmental sense, but it means more than just reducing spills. It also means not buying more than you need to apply, keeping records of what is on hand, and using older products first.

For more information on reducing the risk of drinking water contamination by improving pesticide storage and handling, contact the Texas Agricultural Extension Service and request Pamphlet No. B-6025. Publication No. TWC/C91-09 2/93 entitled, "Rinse and Recycle: It Makes Good Sense" is published by the Texas Natural Resource Conservation Commission and is available at no charge by dialing 1-800-64TEXAS.

Dr. John Lombardini To Present Program

by Arlene Hinkle
We the Women will have their first meeting since they dismissed for the summer on Tuesday, September 8 at 12:00 noon at the Methodist Church in Quitaque.

Linda Purcell has a wonderful program scheduled with Dr. John Lombardini, a Professor of Pharmacology at Texas Tech University Health and Sciences Center.

Dr. Lombardini is also an lepidopterist or one who specializes in moths and butterflies. He has written several papers for the Southern Lepidopterists' Society, one of which is entitled "Sphingidae of Caprock Canyons State Park, Texas". Dr. Lombardini has a long list of honors and achievements and we are especially honored to have him come and speak to us.

The community is invited to attend. The program will begin at 12:30. If you would like to have your meal with We the Women at 12:00, please call 455-1225, 455-1447 or 455-1302 to make reservations. There will be a fee for the luncheon, but the program is free.

Hope to see you there!

Good health habits, including getting enough sleep, exercise, proper nutrition and stress relief can make an important difference in all aspects of a man's life.

Lockney Health and Rehab News

by Rebecca Rodriguez A.D.
Hello to everyone once again from all the residents and staff of Lockney Health and Rehabilitation Center.

We will be setting up a booth at our annual "Old Fashioned Saturday" on August 29, 1998. We will be having spudnut cookies for sale. We will also be having a fishing game. We hope to see you there.

We sold our "Las Vegas Trip" tickets. The winner has been chosen...the drawing was held on August 21st. The winner is...Olivia Vasquez. Olivia is from Brownfield, Texas. A big congratulations goes out to her! All of our proceeds are going to our Extencare Foundation for Alzheimer Research. Special appreciation goes out to all of you who participated in our raffle donation.

Here is a little poem I would like to share:

Don't walk in front of me, I may not follow.

Don't walk behind me, I may not lead.

Walk beside me and just be my friend.
by Albert Camus

Grover Cleveland was the only president who served two non-consecutive terms of office. He was our 22nd and 24th president.

On QT

Sid and Eunice McFall attended the wedding of their granddaughter, Nesa McFall to Scotty Palmer Saturday evening at the First Baptist Church in Matador. Mr. and Mrs. Palmer will be making their home in Matador.

Potluck Supper Shared

The Senior Citizens of Quitaque met Friday evening at 6 p.m. for their monthly pot luck supper. Fourteen members attended the supper for a great time of fun, fellowship and of course good food.

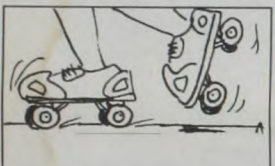

The next meeting will be on September 4, 1998 at 6 p.m. for a business meeting along with snacks. The meeting will be at the Quitaque Senior Citizens building on Main Street. Come out and join the group for some good fellowship.

Notice of Public Hearing on Tax Increase

The Briscoe County Commissioners Court will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll by five percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property and the tax rate that is adopted.

The public hearing will be held on September 3, 1998 at 10:00 A.M., County Courtroom.

For the proposal: Burson, Chandler, Garvin and Weak
Against the proposal: None
Present and not voting: None
Absent: None

The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average residence homestead value	\$18,000	\$18,000
General exemptions available (amount available on the average homestead, not including senior citizen's or disabled person's exemptions)	\$ 0	\$ 0
Average taxable value	\$18,000	\$18,000
Tax rate	.5792/\$100	.5792/\$100 (proposed)
Tax	\$104.26	\$104.26 (proposed)

Under this proposal, taxes on the average homestead would increase by \$ 2.41 or .231 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$ 2.41 per \$ 100 of taxable value or .231 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of the property.

Criminal Justice Mandate (for counties):
The Briscoe County Auditor certifies that Briscoe County has spent \$ 360.00 in the previous months beginning October 1, 1997 for the maintenance and operations cost of keeping mates sentenced to the Texas Department of Criminal Justice. The Briscoe County Sheriff provided information on those cost, minus the state revenues received for reimbursements such cost.

Junior Class Elect Officers

by Mindy Proctor
"Can you believe we're Juniors?" That was the question that roamed the halls of Valley School the first week. We were all very excited and eager to see which classes we would be taking. On the first day, we chose class officers: Jessa Yeary, president; Jamie Taylor, vice-president; Elena Fierro, Secretary; Mindy Proctor, reporter. We hope to make this a great year. After all, only one more left!!

Valley Patriots 11 Man Football

Four years ago the Patriots moved from six-man to Class 1A, eleven-man football, and the change has not been a easy one. But being in the larger class for a fifth season means all the players who participated in the six-man ranks have graduated.

Cris Burtch, head coach said "This is hopefully our turning year, this is where we reap the benefits of our work the past two years."

The Patriots have eight returning starters on both offense and defense and plenty of size and strength.

But the Achilles heel for the team could be a lack of overall speed.

"Experience won't be a problem for us," Burtch said. "Size won't be either because we'll be huge. But we're slow, and that's our weakness."

"On offense, it'll be easy to hide because we'll just run behind our big guys. Defense is where our weakness will show up more. We've got to keep the teams inside and not let them get outside and out run us."

Cody Yates and Morgan Payne will shoulder much of the defensive burden. Yates (5-9, 160 pounds) and Payne (6-2, 210) will be Valley's starting defensive ends and will be charged with keeping opposing team's running backs from using their speed to run around the Patriots.

The defensive ends will try to push everything to the middle where Valley's strength lies. Seniors, Roman Hernandez (6-0, 280), Michael Silva (5-10, 240) and Sam McClellan (6-1, 240) provide an imposing presence as the interior of Valley's defensive line. The trio also double up as offensive linemen.

Quarterback Cory Chandler will return to the helm of the Patriots' offense, while 185-pound Nathan Wheeler and 175-pound Chris Price will man the fullback and tailback positions, respectively, in the I-formation.

The lineup for the 1998-99 Valley Patriots are:

Head Coach: Chris Burtch

Assistant Coaches: Kevin McClellan, Kirk Saul, Troy Fry, Greg Ramsey

No Trespassing Sign Deadline Nears

"No trespassing" signs may soon disappear from the Texas landscape. A new law effective last year allows landowners to replace signs with vertical purple stripes.

However, until September 1, 1998, landowners are required to post another sign explaining the purple stripes. After that date, no signs of any kind will be required.

The law allowing landowners to use a vertical purple stripe on a tree or post three to five feet above the ground was effective September 1, 1997. For the past year, however, the stripes had to be accompanied by signs at every vehicular entry point explaining the significance of the purple paint.

"Because of the required sign at entry points, many Texas landowners apparently have postponed using the purple paint marks until the explanation signs are no longer required," says Judon Fambrough, attorney and senior lecturer with the Real Estate Center at Texas A&M University.

The purple stripes must be at least one inch wide and eight inches long. They must be placed every 1,000 feet along the property line.

"...when the people complained, it displeased the Lord."

Numbers 11:1

How many times did you complain about something today? Are you sure that there is never a car coming from the opposite direction until you are trying to turn left into your driveway? Was that long line at the bank put there deliberately, just to keep you from reaching the teller's window? Does the phone always stop ringing as soon as you finally get the door open after a frantic fumble for you keys? Of course, all these things are extremely annoying, but they are not the result of some giant conspiracy against you, so don't get so upset over them. That person will undoubtedly call again, and you did eventually get to where you were going. The place you should be going to is your House of Worship, where you will learn to take those minor irritations in stride; and be thankful instead for all the things that have gone right for you, today or any other day.

FAITH STOPS YOUR COMPLAINTS ABOUT MINOR ANNOYANCES

Turkey Happenings

by j guest

U. F. and Ann Coker returned their grandsons, Zach and Josh Hamilton, to their home in Ruidoso last week. They stayed several days and thoroughly enjoyed the cool weather.

While there they traveled to Capitan one night to see quite a humorous play at the Territorial Theatre, the "Greater Tuna."

They also visited some friends from Levelland, Kathryn and James Harder. The Harders have a beautiful cabin at Ruidoso.

Their daughter and husband, Linda and Mark Hamilton were quite busy getting ready for the opening of school.##

Dub and Jo Beth Smith took Leonard and Vaudine Lusk (Sue Guest's mom and dad) to see their new great-grandson, Steven Zane McLaughlin, about a week ago. Don Guest, the proud grandpa, returned the Lusks to Lubbock, then came on to Turkey to attend to business. Don stayed at my house where we tried to predict future political and local events, as well as sharing in the lives of our kids and the joys of a new grandson.##

Helen and Cliff McMasters of Clovis, New Mexico were in town for the Class of 48 Reunion. While here, they visited in the homes of Louis and Oleta Randell, Hoss and Lillian Mullin for awhile before returning to the cool mountains where they have spent a good part of the summer.##

Margie and Billy Pinkerton have had the pleasure of her mother's company this last weekend, as well as their son Tommy. Tommy has been working in this area for the last few days, so he has been able to see his mom and dad several times lately.##

1948 Class Reunion

by j guest

There is nothing like having a class reunion to really get back to your grassroots - and there's not another group, other than family, where you can walk in and pick up right where you let off. Out come the Mary Jo's, Tommie Jo's, Bobby Jack's and all of the other double names. When you hear those, you know it's from an early point in your

life - or your school class. The patio of the Hotel was the place where everyone reminisced before lunch.

Out of 17 graduates, two are deceased, A. E. Jacobs, Jr. and Jimmy Levond Guest. Those attending the reunion were Dovie (Richmond) and Maurice McCoy of Amarillo; Barbara (Christian) and Ken Gillit of Jal, New Mexico; Grace Boatman and J. W. Wooten of Wilmington, Delaware; Mary Jo (Lyles) and Doyle Calvert of Flomot; Floyce Hanna and friend of Amarillo; Bob and Rosa Gregory of Comanche; James and Gloria Beeman of Ft. Worth; Alton and Glo Lane of Ruidosa, New Mexico and Harold Ham of Turkey.

Others who were classmates for a lesser time were Richard Nall of Wellington; Helen (Cunningham) and Cliff Masters of Clovis, New Mexico; Tommie Jo (Browning) Cruse of Flomot; Wilma (Yates) and Clint McKinney of Amarillo; Travis Lyles of Lubbock; Christene (Edwards) and Alan Brummett of Quitaque; Bob Ham of Quitaque; R.E. and Naomi Bullin of Levelland.

Visitors during the day were Louis and Oleta Randell, Joyce Guest, Rita Guest of Turkey; Homer Lynn and Doris Christian of Amarillo; Loyce and Doyle Purcell of Stinnett; Dona Browning of Rising Star; Oleta Sperry of Arkansas and Otis Mullin of Graham.

At 12:00 a delicious luncheon was served by Suzie and Gary Johnson

Gary Johnson entertained the group with the Bob Wills' tune, "Faded Love" which he has tabbed "The Turkey Anthem." Joyce Guest refreshed memories with some familiar piano tunes including "Mairsy Doats" which was a favorite tune of the 40's era - especially this class. Lots of memory swapping took place Friday night and all day Saturday.

This class was brought up-to-date on absent classmates, and a hearty "thank you" was given to Mary Jo and Doyle Calvert who spearheaded the reunion.

A vote was taken to have the next reunion in the fall of 1999.

**Superb Reunion
Wonderful Food
Great Place
For all the Above
We Say, Thank You
Mary Jo & Doyle
Class of 1948**

Turkey Senior Citizens

The Turkey Senior Citizens met August 18 for their regular meeting. Louis Randell, president, called the meeting to order. After a delicious meal, a musical program was given by Joan and Maebelle Francis of Silverton, Gary and Suzie Johnson, and Louis and Oleta Randell. Highlight of the entertainment segment was Gary playing his cardboard box drum.

Next meeting will be Sept. 1, so everyone be sure and come on out for an evening of fun and fellowship.

A cow may live 30 years.

Tips For Planning Your Daily Menu

- Choose fish, shellfish, skinned chicken, Cornish hen and turkey, and trimmed lean meats, no more than 6 ounces, cooked, per day
- Choose at least five servings of fruits and vegetables
- Select meat substitutes - dried beans, peas, lentils, tofu (soybean curd) or peanut butter - in entrees, salads or soups.

High Plains Beef Conference

provided by Pammy Millican, CEA-Ag

On August 27-28, 1998 there will be a High Plains Beef Conference at Canyon Texas in the Agriculture and Natural Sciences Building at West Texas A&M University.

Sponsored by Texas Agricultural Experiment Station, Texas Agricultural Extension Service, Texas Veterinary Medical Diagnostic Laboratory, USDA-ARS, West Texas A&M University and Texas Cattle Feeders Association, the conference will have a Keynote Address on "Agriculture and Environmentalism: Visions in Collision?" by Dr. Margaret Maxey on Thursday.

During the Friday session Dr. Robert Sprowls will present "Antimicrobial Resistance Issues" and Dr. Louis Perino of WTAMU will speak on "Tracking Respiratory Disease at Slaughter."

Dr. Marilyn Buhman will talk of "Feeding and Watering Behavior of Newly Received Cattle" while Mr. Brent Berry will present "Correctly Implanting Cattle."

Many other Health, Nutrition/Management and Environment helps will be available during the conference.

The ancient Romans played games with marbles 2,000 years ago.

Supreme Court has Taken the Principle of Religious Freedom and Turned it Upside Down

No one agrees with every decision ever made by the U.S. Supreme Court. But over the past 30 years, the Supreme Court has taken a fundamental principle of our democracy and turned it upside down.

The principle is freedom of religion. Through a series of misguided rulings and questionable opinions, the Supreme Court has essentially determined that the First Amendment of the Constitution doesn't so much provide for freedom of religion as it does for freedom from religion.

In 1992, for instance, the Supreme Court ruled that a rabbi broke the law by offering a prayer at a public school graduation. In 1985, the Court determined that a moment of silence in schools was forbidden because students might use that moment to -- of all things -- silently

pray. And in 1980, the Supreme Court ruled that the Ten Commandments couldn't be displayed at a public school because students might "read ... and obey" what they had to say. It's enough to boggle the mind.

Last week, the House of Representatives tried to reverse these rulings when it voted on the Religious Freedom Amendment. While this amendment didn't receive the required two-thirds vote needed to pass, it did represent the first time in 27 years that a majority of the House voted to restore voluntary prayer to public schools.

It also represents a first step toward restoring the First Amendment to what it was intended to be, which is why I believe we'll be debating this issue again at some point in the very near future.

HONEST STRAIGHT FORWARD
The way we've been doing it for 38 years!

THE RECIPE FOR A GOOD LIFE IS CONTAINED IN THE BIBLE

You would never dream of trying to bake a cake or concoct a gourmet dish without a recipe in front of you, because of the many ingredients and procedures you would have to follow. By the same token, life itself is a complicated procedure, consisting of some ingredients which can be misused. However, the Bible contains the recipe for it, with easy-to-follow directions; just as the cookbook guides you in the preparation of food. In addition, life's best "cooking school" is your House of Worship, where the lessons are done well to give you a portion of good advice in times of trouble. Let the Bible serve as your food for thought, with a mixture of the fascinating history of civilization, the origin of your faith, and a foolproof recipe for a good life.

SELL STUFF

Yesteryear

Taken From The Quitaque Post Thursday, August 26, 1948
QUITAQUE SCHOOLS WILL BEGIN SEPT. 6

Quitaque schools will open Monday Morning, Sept. 6, Supt. H. W. Cross announced this week.

School will begin at 9 o'clock. The lunchroom will operate again this year, with Mrs. N. B. Herrington in charge, and it will also open Tuesday ready to serve lunches

The faculty this year is composed of the following: Primary teacher, Mrs. Novelle Wise; 2nd grade, Mrs. Dora Hawkins; 3rd grade, Mrs. H. G. Gardiner; 4th grade, Mrs. W. J. Rice; and departmental work in the grade school will be under Mrs. H. W. Cross and E.P. Lewis, with Mrs. Lewis serving as principal.

In the high school, Mrs. Irene Kuykendall, English; Mrs. Jake Merrell, commercial studies and probably math; Mr. Donald E. Siler of the University of Oklahoma at Norman, coach and science; Supt. Cross social studies and the additional teacher yet to be supplied.**

BAPTIST SENIORS SOCIAL

A delightful social was enjoyed last Friday evening by the Senior group of the Baptist BTU, when they met at the country home of Mr and Mrs. E. E. Burgess for supper in the yard.

Games were played and supper was cooked at the out-door grill under the trees. Hot dogs, beans, potato salad, cake and iced tea was served.

Enjoying the affair were Sybil Lee and David, Sue Barrett, Robert Hamilton, Garrett Morrison, Arthur Patrick, Reba Gowin, Marion Wilson, Roberta Duck, Ruby Riley, Jesse Lee Metzker, Rev. Ray Riley, Earl Morrison, Bruce Price, H. K. Carpenter, Jr., Collene Ingram, Patsy Brown, Jimmie Brown, Betty Owens, Rayburn Burgess, Mr. and Mrs. Roy Burgess, Lou Nell and Sue Ann and Mr. and Mrs. E. E. Burgess.**

Mr. and Mrs. W.O. McFall, Mr. and Mrs. Pierce Hawkins and Mrs. Ione Rodgers of Claremont spent Sunday in the Sid McFall home.**

Pigg President/secretary; Glyn D. Pigg Vice President. 11 2tp

Perry Reinstates Hay Hotline For Producers

The Texas Department of Agriculture has set up a Hay Hotline to help connect farmers and ranchers who need hay with those producers who have hay for sale.

The Hay Hotline number is 1-877-429-1998 (1-UPS_HAY-1998). The hotline is staffed from 8 a.m. to 5 p.m. Monday through Friday and is a free call.

"The Hay Hotline is an opportunity for farmers and ranchers to locate forage during this difficult time," Agriculture Commissioner Rick Perry said. "The hot, dry weather continues to take its toll on range and pastureland across Texas, and producers in scattered areas need additional forage supplies for their livestock."

Many ranges and pastures are not providing adequate grazing, and producers are rapidly depleting carryover hay stocks. In addition, many pastures and hay fields have not had sufficient regrowth following the first hay cutting. In some parts of the state, producers were not able to get a first cutting.

"We want to make sure that our livestock producers have access to adequate forage supplies this summer and into the fall and winter months," Perry said. "The Hay Hotline is a precautionary measure since there is no federal Emergency Feed Program this year."

Producers with hay can call the toll-free number and be put on a list of suppliers. Farmers and ranchers who need hay can call and request a list of hay suppliers. An up-to-date list will be mailed to them the day they call. In addition, TDA will put the list of suppliers on its website (www.agr.state.tx.us).

Did You Know?

(NAPS)—The first day of school may seem less strange and a lot more fun when children bring along school supplies with images of their trusty "pals," such as Mickey Mouse.

A fascinating new book, *Nurture by Nature* (Little, Brown, \$16.95) shows how parents can best figure out what a child's nature really is and find the best nurturing style to help that child.

When it comes to creating a more inviting bed, comfort begins inside, the Comfort' line of pillows, mattress pads and comforters provide the foundation for a more beautiful and comfortable bed. To find out how, visit Dupont Sleep Products on the Web @www.dupont.com/insulations.

Kiwifruit from New Zealand, which is available June through November, is not only an easy snack to pack, but it can also be made into tangy drinks.

MATCH POINT

Always keep a shovel, rake and water nearby when burning debris.
