A COUNTY-WIDE PUBLICATION, SERVING DONLEY COUNTY and ITS TRADE TERRITORY

1951

New Series—Volume 22 Number 25

CLARENDON, DONLEY COUNTY, TEXAS, AUGUST 2, 1951

A Common Paper for Common People

The Donley County Leader Presents First "Neighbors On Their Jobs," A Public Relations Feature

The first "Neighbors On Their Jobs," a public relations feature drawn by artist H. H. "Hut" Hutson appears in this edition of the Donley County Leader. Hutson said this feature was originated in Clarendon and would be used in other newspapers throughout the Panhandle. The artist is associated with Jack Schwartz, Amarillo public relations counsel, in the development of the feature. The artist said, "the sketches are drawn on a large scale suitable for framing and the caricatures carry complete likeness in every sketch with cartoons depicting the activities of the Neighbor on his job. The technique is friendly and pleasant results in humorous comment from the Neighbors, Neighbors." "All in fun it commands chuckles of which laughs are welcome in our present National Crisis," Hutson added.

According to Schwartz, "Neighbors On Their Jobs" represents an innovation in the field of public relations since it gives the business and professional man an opportunity to introduce his staff and show his appreciation for their work.

The first of the series in the Donley County Leader will be based on the Kelly Chamberlain Insurance Agency. Other firms soon to be depicted include the Slavin Oil Company, Dr. J. Gordon Stewart's Clinic staff, the organization of Frank White, Jr., W. W. Noblet Chevrolet Co., and Ray J. Noblitt Studebaker and others.

"The feature will appear in Memphis, Childress and Claude. We're starting it off in Clarendon," Hutson said, "because the idea was worked up and developed here."

Schwartz, who spoke to the Clarendon Lions Club last Tuesday on public relations as practiced by weekly newspapers, said the new feature makes it possible for a small city businessman to use a complete public relations program. "The county newspaper editor is a public relations man in almost every sense of the word because he assumes that role for the benefit of his community."

"Hut's feature fills out the program because it gives the business owner a chance to assert his appreciation to his staff."

Car And Pick-up Collide Near Ashtola Sunday

No serious injuries were received by the five occupants of a pickup, driven by L. M. Marshall and a late model DeSota car, driven by Mrs. Winnie Borton, 33, of Fort Worth when they collided 1 1/2 miles west of Ashtola on Highway 287 Sunday afternoon.

According to highway patrolmen, Marshall was traveling east and was attempting a left turn when the car driven by Mrs. Borton, enroute to Amarillo, struck the pick-up in the side. The car was reported to have received much more damage than the pick-up.

Marshall was alone in the pick-up at the time. Occupants other than Mrs. Borton in the car were Mrs. Borton's 8 month old son James Michael, a niece Miss LaJuan Fincher 13, of Fort Worth, Mrs. Borton's mother, Mrs. Lena Marshall, 70, of Dickens.

Two Murphy-Spicer ambulances brought all the accident victims to the Stewart Clinic in Clarendon, where after receiving treatment for shock, bruises and face lacerations, they were dismissed.

A brother of Mrs. Borton residing at Fort Worth came and returned the victims to their home.

Local Men Attend Meeting In Pampa Concerning Spillway At Lake McClellan

Pete Kunz, Cap Morris and Jimmy Faulkner attended a meeting in Pampa Friday night at which a permanent organization for repairing the McClellan Lake Dam and spillway was formed. The Board of Directors, or working committee, is headed by "Pinky" Vinyard of Pampa as President, Gene "Old Tack" Howe, of Amarillo, as Vice-President and "Red" Wedgeworth of Pampa as Secretary. Pete Kunz was elected a member of the Board of Directors.

This working committee will hold its first meeting on August 13th at Lake McClellan with the committee members from Pampa as host.

The committee will concern itself with attempting to get the ground work laid and all necessary information assembled in order that the project of repairing the dam and spillway may be incorporated into the next budget. The Committee will report back its actions to the general committee which is composed of all interested persons in the area adjacent to Lake McClellan.

Other members of the general committee from Clarendon who were not present at the Friday night meeting in Pampa included G. W. Bradshaw, Rayburn Smith and Loyd McCord.

EDITORS NOTE—Concerning dams, many of us remember several years ago how the town used to flood every time we had a good rain. Several dams were built and we have not had this condition in a long time. What about these dams? Is someone looking after them to be sure that they are holding? We should have some organized plan for the inspection on a regular basis to be sure that nothing happens to let them break and bring the havoc of floods through Clarendon again.

Frozen Food Demonstration August 7th

Miss Mable Hampton, Home Economist for the Deepfreeze Corporation, will conduct a demonstration in the preparation, wrapping and storing of foods to be frozen on next Tuesday afternoon at 2:30 p. m. in the Mulkey Theatre. Miss Hampton will be assisted in the demonstration by Miss Fern Bounds, R.E.A. Home Economist of Wellington. The demonstration is being made available as a public service to the housewives of Clarendon and Donley County in an effort to give them some pointers in food and budget conservation in these times of rising food costs which are effecting Mrs. Average Homemaker.

Miss Hampton's talk will prove interesting to Mrs. Average Homemaker whether she is the owner of a home freezer or not and will provide time and money saving pointers to the guardians of the family food budget.

The Household Supply Co., local sales outlet for Deepfreeze appliances, will be host to the women of Clarendon and Donley and surrounding counties. They extend to each of you a personal and most cordial invitation to attend. Junior's Food Market will furnish the foods to be used in Miss Hampton's demonstration next Tuesday afternoon.

A full page ad of the Household Supply Co. appears elsewhere in this issue of the Leader giving more detailed and exact information concerning the food demonstration by Miss Hampton.

Mr. and Mrs. Dub Tyler visited in Amarillo, Friday.

Wes Izzard To Speak At The Farm Bureau Chicken Barbecue

The annual Donley County Farm Bureau Chicken Barbecue will be at the Lelia Lake School House Friday afternoon, August 10th at 6 p. m.

Everybody Is Invited
"The only way we have in ascertaining the size of the crowd is to ask those that intend to come to furnish 1/2 of a chicken per person in your family and guests," explained Lee Shaller, President of the Donley County Farm Bureau.

You do not have to be a member of the Farm Bureau to attend this Barbecue—it is open to all.

If there is an odd number in your family throw in the extra half of chicken to take care of the few that are able to attend at the last moment due to change in plans, and out of county guests. "We usually run a few short and would rather that will not happen this time," Mr. Shaller stated. "Flip Breedlove will do the barbecuing, and he can do to chickens what John Snider can do to beef."

"Please do not cut your chickens up as they will be served in halves," Mr. Shaller said. "Leave them at the Locker in Clarendon or Hedley by 6 p. m. Thursday, August 9th, in order that we can determine the purchase of enough food for the side dishes."

Don't forget the Date—Friday, August 10th. Time, 6 p. m. The Place—Lelia Lake School House.

Youth Center News

Regular board meeting was held Monday night. It was decided to close the Canteen during the month of August, due to lack of interest. Opening night will be Saturday, Sept. 1st.

Mr. and Mrs. Alfred Estlack were sponsors last Saturday night. Mr. and Mrs. Owen Pycatt were sponsors Tuesday, July 31st.

Mrs. J. G. McAnear and boys visited her parents, Mr. and Mrs. D. T. Smallwood at Brice Tues.

Legion To Sponsor Dance This Friday

The Clark-Erock Post No. 126 of the local American Legion is sponsoring another dance Friday, August 3rd on its air conditioned dance floor. Emmett Allen and his Sunset Ramblers, featuring Roy Lee Brown of Goodnight on the piano, have again been engaged to furnish the music for this occasion.

The Legion officials were highly pleased at the response to their first two dances during the celebration and have stated that they intend to stage at least one dance a month and to obtain the best music possible for each one. The newly installed snack bar will again be in operation and manned by the Legion Auxiliary members. Soft drinks, sandwiches, candy and cigarettes will be available any time during the dance. There are plenty of seats for those not caring to dance on both the main floor and in the balcony. Acoustics are excellent and the music can be heard the same in any part of the building.

A good time is assured for all that turn out and don't forget the date, Friday, August 3rd. The place—the new American Legion Hall. The time—9 p. m. til 1 a. m. and the admission will be \$1 per person.

Martin Baptists To Hold Revival

A revival meeting will begin this Friday night, August 3rd at the Martin Baptist Church with Rev. J. Perry King as the evangelist.

Rev. King needs no introduction to the people of this area, having been pastor of the First Baptist Church at Clarendon for seven years. Rev. King is a forceful preacher of the Gospel, and it will be very beneficial to all who hear him. He has a host of friends and the pastor, Rev. Ernest Phillips, extends a warm welcome to everyone to attend the revival at this friendly church.

Services will begin at 10:30 a. m. and 8:00 p. m. daily.

MISS CLARENDON

"Miss Clarendon" in the "Top O' Texas Rodeo" Parade will be Miss Joanne Christal, the Queen of the Clarendon Rodeo. "Miss Clarendon" will head the Clarendon contingent in the big street parade in Pampa the afternoon of August 8th. Also parading will be the Clarendon Roping Club and the Clarendon High School Band. Mr. E. R. Blevins, band director, announced yesterday morning that the band would assemble at the Courthouse next Wednesday afternoon at 1:00 P. M. They will dress in levis and western gear in keeping with the occasion. He further added that it will be necessary to have at least 25 band members in order to make the trip. Members of the Roping Club will have transportation available for those who have no other way to transport their horses. The Chamber of Commerce is acting as a clearing house and coordination point for information for all who wish to make the trip to Pampa. Band members and mounted riders will receive free passes to the Rodeo performance that night.

Funeral Services Held Saturday For Mrs. Roy Jewell

Funeral services were held Saturday afternoon at 4 o'clock in Hedley for Mrs. Roy Jewell who passed away Friday morning in a Memphis hospital. Services were held in the Hedley Baptist Church with Rev. L. A. Sartain, Baptist pastor at Clarendon, officiating.

Mrs. Jewell, wife of Roy Jewell, prominent Donley County farmer and civic worker, was 57 years old and had lived in the Hedley area since 1919. She and Mr. Jewell were an active couple in Hedley civic affairs for many years.

She was a lifetime member and a diligent worker in the Baptist Church. Her death followed an illness of several months.

Other than the husband, Mrs. Jewell leaves no immediate survivors. A sister-in-law, Mrs. Clarence Phelps, lives in Clarendon. Her husband's brother and wife, Mr. and Mrs. Frank Jewell, reside in Winters, Texas.

Pallbearers were Foster Pickett, Clyde Bridges, J. B. Masterson, J. W. Noel, Willis Thomas and L. P. Trimble. Burial was made in Citizens Cemetery at Clarendon under the direction of Burns-Bain Funeral Home.

KEEP UP THE GOOD WORK

Thanks again for your splendid cooperation in handing in your news items and ad copy early. The country correspondents have been very prompt in fulfilling our request for early news. We will be short handed again next week and are asking for further promptness in handing in news and ad copy. The regular Linotype operator will be on vacation next week and of course we will appreciate all news and ad copy which comes in ahead of the regular time.

When anything of news value happens, please let us know as soon as possible; we will appreciate it a lot. Jimmy Faulkner, manager of the local Chamber of Commerce has been a lot of help to us since his recent arrival in Clarendon. We appreciate Jimmy a lot, and can assure you that he is on his toes—ever ready to do or say something for the good of Clarendon and Donley County.

Top O' Texas Rodeo In Pampa Starts Aug. 7

The seventh Annual Top O' Texas Rodeo, held each year at Pampa, will open this year with the Kid Pony Show Tuesday, August 7.

Regular Rodeo performances begin Wednesday with the night performance at 8 p. m.

According to advance reservations, this year's show is expected to be the largest yet held by the Top O' Texas Rodeo Association.

Stock for the Rodeo will be furnished by Goat Mayo of Petrolia, Texas. No quarter horse show will be held this year; two parades will highlight the Rodeo, the Kid Pony Show Tuesday night and the regular Rodeo parade Wednesday at 4 p. m. Information on the Rodeo or reserved seats may be obtained from the Pampa Chamber of Commerce, Box 1942 or phone 383.

Mr. and Mrs. Van Kennedy returned home Sunday after a weeks vacation in the Baker Hotel at Mineral Wells. Their son Dick joined them there for the week end.

Local Ball Club Wins Over Amarillo 13-11

The Clarendon baseball club had a regular field day last Sunday afternoon on the local diamond by defeating the visiting team, the Amarillo Sports, 13-11 in a 9 inning game. Brooks pitched the first inning and Roy Blackman pitched to the 9th, and was relieved in the 9th by Eddy Reynolds. Blackman was the winning pitcher for the game. One homer was made by Reynolds.

The locals will meet Panhandle here next Sunday, and the local boys are asking everyone to come out and lend their moral support. Clarendon, Groom, Vega and Washburn are in close competition for second place.

Grading & Drainage Bids Advertised For Highways 70 & 256 Near New Bridge Site

The Texas Highway Department has advertised for bids for grading and drainage of six and one tenth miles of road bed on State Highways 70 and 256 in Hall County. It is understood that this is on both sides of the river, but that the bids called for do not include the bridge across the river.

It has been explained that the bridge would require in excess of 2500 tons of structural steel and that it therefore must be approved by the National Production Board. The NPB has advised the State Highway Department that all their bridges are using an excessive amount of steel and has asked for numerous bridges to be redesigned, including the bridge across the river. The State office of the Highway Department is understood to be redesigning the plans and specifications for this bridge at this time and will probably have it completed and be ready to advertise for bids within ninety days. If this timetable is followed it will not delay the time for completion beyond the date that would be possible had the road and bridge been in the same contract.

This bridge is of particular interest to a lot of people in the Clarendon area. Several families living in the area that will be served by this bridge are having to travel over a hundred miles to reach Clarendon at this time. Transportation of school children is posing an immediate problem.

The style of the bridge will probably be of reinforced concrete design similar to the bridge on Highway 287 between Memphis and Estelline.

LELIA LAKE ANNUAL PICNIC SLATED FOR AUGUST 5th

The annual picnic for the residents and former residents of Lelia Lake will be held Sunday, August 5th at the San Jacinto Park in Amarillo. Everyone is urged to come and bring a picnic basket for the family.

LITTLE JOY MURPHY RECEIVES BROKEN LEG

Little Joy Murphy, twenty month old daughter of Mr. and Mrs. John Murphy of Hedley, was the victim of a very regrettable accident Tuesday morning when she was accidentally run over by the family car. She was playing under the car in some sand at the time. When the car was placed in motion it ran over little Joy and broke her leg. She was rushed to Groom for hospitalization by Burns-Bain ambulance of Clarendon. Reports are that she is resting well at the present time.

Property owners of Clarendon and Donley County spoke in favor of a county road program Saturday when they voted 169 for and only 70 votes against the thirty cent ad valorem tax issue. The total of two hundred thirty nine votes was light but was a lot heavier than had been anticipated by many persons. Mrs. Hazel Guy states that records in her office show that 1041 poll taxes were paid in Donley County this year and 16 under age exemptions were issued. This figure cannot be considered as conclusive as to the total possible vote as only property owners who have paid poll tax receipts were eligible. None of the county officials contacted would venture an estimate as to the total number of persons who were eligible to have voted in Saturday's election.

A break down of the votes by voting precincts is as follows:

Prec./Place	Yes	No	Total
No. 1 Goldston	3	3	6
No. 2 Courthouse	53	25	78
No. 3 Lelia Lake	15	9	24
No. 4 City Hall	34	12	46
No. 5 Hedley	32	12	44
No. 6 Ashtola	16	0	16
No. 7 Jericho	13	0	13
No. 8 Whitefish	0	9	9
No. 9 Skillet	3	0	3
Total	169	70	239

Saturday's vote is an indication that the residents of Donley County are interested in the roads of the county and are willing to pay to have the situation bettered. Their vote will not cost them a single tax penny more than they have already been paying. It continues for use, by the county, a thirty cent tax levy that was formerly collected and remitted to the state. This money is now available to the County Commissioners Court and is to be used only in the road improvement program. People will watch with interest as to what will be accomplished in our road program now that these additional funds have been made available.

Services Held July 23 For Ed Kinslow

Funeral services for Ed Kinslow of Hedley were held Monday afternoon, July 23 at 3 o'clock in the Methodist Church in Hedley. Dr. R. W. Cowan, Minister of the Presbyterian Church, Clarendon, and Rev. W. E. Bond, pastor of Hedley Nazarine Church, conducted the rites.

Mr. Kinslow who had been in the Odom Hospital at Memphis for two weeks, passed away Saturday afternoon, July 21 at 4 o'clock.

George Edward Kinslow was born in Missouri Aug. 7, 1886 and came to Donley County with his parents, Mr. and Mrs. W. A. Kinslow in 1904, where he had lived ever since.

Mr. Kinslow is survived by his wife, Mrs. Ethel Whittington Kinslow, to whom he was married June 15, 1921; two sisters, Mrs. Ed Dishman and Mrs. Nova McClure, both of Clarendon; one nephew, C. W. Kinslow Jr. of Memphis; one niece, Mrs. R. D. Williams, Bay City, Texas, and one great nephew, C. W. Kinslow III.

Active pallbearers were Dr. D. H. Cox, Herman Horschler, Rolle Brumley, Foster Pickett, Hobert Moffitt and J. S. Beach.

Honorary pallbearers were J. B. Masterson, C. E. Johnson, Alva Simmons, C. L. Trimble, Fred Watt, J. B. Pickett, J. N. Everett, Ike Rains, Fred Watt, Jr., Ray Moreman and Walter Johnson.

Burial was in Citizens Cemetery, Clarendon, under the direction of Murphy-Spicer Funeral Directors, Memphis.

LEADER CLASSIFIEDS GET RESULTS

The warm weather or lack of sufficient new material has retarded the reading eagerness.

There were about ten supplementary primers and first readers that were exceptionally attractive in cover, title, and illustrations. These were devoured eagerly.

When those promoted to second grade exclaimed that they were difficult they were shown the classification, so took them without hesitating. The entire group of children have read quite

a list of books as we had over a hundred copies for the primary group, and sixty for the juniors.

Those who do not contact these children can not imagine their reading eagerness. We are happy that some of the trailer house group of children have been into check books.

August is a dull month for Library patronage so I think perhaps some work can be done in this annex room as we have to arrange more space for the English reference work. The Bryan boys donated some English text—Riley's works and a set of Kipling's that can be used this winter.

If you have current magazines you have completed we will surely

ly appreciate them as recent magazines are not given us except by three friends. The old ones can't be used very well—Thanks.

Mr. and Mrs. J. C. Drennan of Vernon, visited his daughter, Mr. and Mrs. Homer Estlack and family here Sunday. Allen Homer Estlack and Geo. Thompson returned home with them where they will remain a week or so visiting the Drennans and George's great aunt, Mr. and Mrs. Edd Armstrong.

Mr. and Mrs. Loy Bynum, of Amarillo visited in the home of Mr. and Mrs. C. L. Lewis Sunday afternoon.

Mrs. John A. English who underwent a major operation at St. Anthony's Hospital July 23, is reported as feeling fine at this time. She is expected to be at home Friday.

Mrs. J. W. Murphy is visiting a few days this week with her daughter, Mr. and Mrs. Gayle Neal at Dawn, Texas.

Those from Donley County attending the Certification Work Shop in Dallas the past week end were Ruth Richerson of Clarendon and Sam King Jr. of Lelia Lake.

MEDAL OF HONOR AWARDS FOR HEROISM IN KOREA

HONORED AT WHITE HOUSE PRESENTATION—Three Medal of Honor winners in the Korean conflict received their awards from the President at a ceremony on Armed Forces Day. Left to right, M/Sgt. Ernest R. Kouma, Dwight, Neb.; 1st Lt. Carl H. Dodd, Kenvir, Ky.; and Sgt. John A. Pittman, Tallula, Miss.

In the first 10 months of the fighting in Korea 14 men were cited for the Medal of Honor and at this time several others in the Army, Navy, Marines and Air Force have been recommended but the awards have not been published. In an adjoining column are the names of all those thus far presented. At ceremonies in the Pentagon an award was made posthumously to Cpl. Mitchell Red Cloud, Jr., an American Indian from Friendship, Wis., the medal being accepted by Mrs. Nellie Red Cloud, the hero's mother. He lost his life while serving in the Infantry. In World War II he was a member of the Carlson Raiders in the Marines.

CPL. RED CLOUD

LT. HUDNER

Lt. (j.g.) Thomas J. Hudner, of Fall River, Mass., is the Navy's first winner of the Medal of Honor for action in Korea. Lt. Hudner, a pilot attached to the USS Leyte, risked his life in an attempt to rescue a fellow aviator, Ensign Jesse Leroy Brown, first Negro officer to lose his life in any United States war.

Ensign Brown was also the first Negro Naval aviator. His home was in Hattiesburg, Miss., where his widow and small child reside.

Lt. Hudner was graduated from the U. S. Naval Academy in 1946. He is unmarried. His parents reside in Fall River. His previous decorations include the Air Medal and a Gold Star in lieu of the second Air Medal.

CARD OF THANKS

We wish to take this means of thanking our many friends for their deeds of kindness and words of sympathy during the illness and death of our loved one. May God bless you, is our earnest prayer.

FARM NEWS From the County PMA Committee

ADDITIONAL ALLOCATION FOR DONLEY COUNTY

Donley County received an additional allocation of \$5,200.00. This brings the ACP Budget up to approximately \$12,000.00. If you need an earthen dam, large ridge terraces, diversions or maybe a well for livestock water on your farm, come by the office and let us help you.

WHY PLANT LEGUMES?

An increase in the acreage of fall planted legumes is needed in Texas if farmers are to maintain high production per acre of cotton and other cash crops.

According to the agronomists of the Texas A&M College System and Soil Conservation Service, legumes, when properly fertilized and inoculated, have very beneficial effects upon the soils where they are grown. One of the most important effects is the influence legumes have on improving soil structure or condition. The agronomists point out that this refers to the way small particles are held together in the soil. The soil structure should be crumbly or granular so as to allow for deep root and water penetration and air circulation within the soil. In some soils the particles "run together" to such an extent that little or no water or air can get into them. Planting deep rooted legumes such as sweet clover and alfalfa on such soils will materially improve this condition. The use of legumes like vetch, winter peas, annual yellow sweet clover, and crimson clover add materially to the organic matter and nitrogen content of soils, but do not necessar-

ily open subsoils, say the agronomists.

Some soils have a poor plant-soil moisture relationship. That is, they have heavy dense subsoils at a shallow depth. These subsoils restrict the movement of air, water and plant roots which also limits the activity of life in the soil. Growing of deep rooted legumes or grasses will punch these heavy subsoils full of holes and cause better movement of air, water and plant roots through the soil.

Soil life, say the agronomists is made up of small animals and plants such as earth worms, bacteria and fungi. These organisms are a lot like plants for they too must have food, air and water to grow. Their food comes from legumes and other plant residue that is plowed under, as well as from the roots of these plants. Since air is a necessity, these small organisms are much more active at greater depths in soils that have been punched full of holes by deep rooted legumes. Growing deep rooted legumes such as sweet clover not only improves the soil home for the small organisms, but also increases the water holding capacity and aeration of the soil. All are needed to maintain and increase the productivity of cropland soils.

Legumes, especially when plowed under as a green manure crop, increases the organic matter in soil. This organic matter helps hold together the small soil particles improves the soil structure by making it granular. Soils high in organic matter have better air circulation and air space and will absorb and hold water that is needed by the plants and soil life. Growing deep rooted legumes, point out the agronomists, puts

the organic matter from decaying roots deep in the soil and thus improves soil conditions.

The agronomists urge farmers to make plans now for their fall legume plantings. Soil samples should be taken from the fields where the legumes are to be planted and sent to the Soils Laboratory at College Station for analysis. The analysis will supply information on what kind and the amounts of fertilizers needed to make legume growing more successful in the various soil type areas of the state. The agronomists suggest that you see your local county agent or work unit conservationist for information on the legumes best adapted to your section of the state on taking mailing soil samples.

Boy Scouts And Explorers To Have Swim Meet Aug. 11

The third annual Southern District Swim Meet for Boy Scouts and Explorers of the Southern District, Adobe Walls Council, will be held at Marian Airpark Pool, Wellington, Texas, Saturday, August 11, 2:30 p. m.

In addition to the swimming and diving events of the swim meet itself, other activities for the Scouts and Explorers will be held on Saturday morning. The Boy Scouts will compete in Scouting skills, and fun games, while the Explorers will be involved in discussion, and practice, of the rendering of Emergency Service in time of trouble.

Events composing the swim meet will be divided into two parts, both of which will parallel each other, the only difference being in the distances swum. In the Boy Scout events, each contestant will swim a total distance of 40 yards, while in the Explorer division, each contestant will swim 80 yards. Swimming events to be held are: Backstroke, Side-stroke, Breaststroke, and Freestyle. In addition there will be a medley relay, and a stunt relay. Diving events for Boy Scouts are: plain front header, jackknife, and swan—all to be done from the 1 meter, or low, board. The Explorer diving will be more complex. Each Explorer, who enters this event must perform five different dives. Four of these will be chosen from a list of six: Back Dive, Full Gainer, Front one-and-a-half somersault, Front dive with a half twist, Jackknife, and Swan. In addition, the Explorer will pick any other dive he wishes to do for his fifth dive. All Explorer diving will be done from the 3 meter, or high, board. The public is cordially invited to witness the Swim Meet, Saturday afternoon, August 11, 2:30 p. m., and cheer on the contestants from their home town Scout Units. Clarendon Troop 37 is expected to enter the meet this year.

Visiting in the R. C. Allison home at 1812 Pierce St., Amarillo, were Mrs. Lloyd Martin and son Doug, Long Beach, Calif.; Mr. and Mrs. Roy Fletcher, Raymondville, Texas; Mrs. J. H. James, Marlow, Okla.; Mrs. J. W. Smith, Rule, Texas; Mrs. James and Mrs. Smith are Mr. Allison's sisters and Mrs. Fletcher is a sister of Mrs. Allison.

Mr. and Mrs. J. B. Riley and children Janice Ann, Jimmy and Dickey of Amarillo visited her parents, Mr. and Mrs. Bill Bromley Saturday night and Sunday.

Greenbelt Game, Coaches Clinic Slated Aug. 17

Final details have been arranged for the Greenbelt Football All-Star Football classic to be held in Childress August 17.

Price of admission to the game will be \$1 for general admission, \$1.80 for reserve seats and \$2.40 for box seats.

In connection with the Greenbelt game, about 200 coaches from the Texas Panhandle are expected to be in Childress August 17 for the coaching clinic to be conducted by Elmer and Delmer Brown.

News From The Office of Price Stabilization

LUBBOCK — The Office of Price Stabilization is placing the billion dollar canned vegetable industry under ceiling price regulation, the Lubbock District OPS office says. The regulation will permit price adjustments for changes in raw materials cost and some other costs. The regulations, to be effective August 5, first affects canned peas. Other major vegetable packs will be regulated later. Base period for figuring costs, the district office says, will be the first 60 days of the 1948 pack and this will result in some price decreases as well as increases.

Special pricing provisions are made for grower-owned cooperatives, grower-processors and processors who buy raw materials on open-end contracts. Processor-wholesalers and processor-retailers are given different treatment. Packers and processors in this area who want further information can get it from the Lubbock district OPS office.

Meanwhile, pending final action by Congress on price control legislation the Office of Price Stabilization has suspended until further notice the requirement that meat retailers post ceiling prices of beef cuts. Posting was due August 1. This action in no way changes the requirement

that all retail prices for beef be listed on the tray in which cuts are displayed and that these prices be at or below ceilings, the District Office said.

OPS also amended the retail beef price regulation to limit the fat content of pre-ground hamburger to 25 per cent instead of 30 per cent as first provided and to permit, under certain condi-

tions the sale of lean pre-ground beef with a fat content of 12 per cent or less. The lean pre-ground beef will have a ceiling price of 10 cents a pound above that for hamburger, the district office explained.

Soil Conservation District News

According to J. R. Porter, Chairman of the Board of Supervisors of the District, some of the advantages of becoming a co-operator of our local Soil Conservation District are as follows:

1. You are adding your influence to a democratic organization of farmers whose basic objective is the use of each acre of agricultural land within its capabilities and the treatment of each acre in accordance with its needs for protection and improvement.
2. You are aligning yourself with a group that believes that each individual should assume responsibility of independent action in conservation.
3. You will receive a land capability map of your farm on an aerial photograph with a description of each capability class and recommendations for each land use.
4. You become eligible to receive all available technical assistance from the Soil Conservation Service in planning and applying soil conservation practices.
5. You receive priority in the use of District owned equipment (grass drills, fertilizer drills, sprayer, etc.)

You become a District co-operator by signing an agreement between you and the District in which the District agrees to assist you in carrying out a conservation plan on your farm. You agree to begin developing a good conservation plan on your farm. You are not signing with any Federal Agency—just with yourself and other conservation minded farmers in the district. Nobody is going to tell you what you can or cannot do. You still have control over your farm even after becoming a district cooperator. In fact after applying a good conservation plan you may have better control of it during heavy rains and high winds in being able to keep it all at home. The goal of the District Supervisors is for every farmer to become a cooperator and to apply a complete conservation program on his farm.

SERVICES TO BE HELD THIS AFTERNOON FOR MRS. LAURA TURNER

Funeral services will be held this afternoon (Aug. 2nd) in the Groom First Baptist Church for Mrs. Laura Rucker Turner, with Rev. Carl Stringer officiating at 4:00 p. m.

Mrs. Turner, age 76, passed away in the Groom Osteopathic Hospital at 7:30 Wednesday morning. She had resided the past ten years with Mrs. Jim Wall. She had been a life member of the Baptist Church. She is survived by two sons,

William Turner of Phillips, and Robert R. Turner of Dallas, also seven grandchildren and twelve great grand children.

The burial will be in Weatherford, Texas. The body will lie in state at the Murphy-Spicer Funeral Chapel until time of services. Murphy-Spicer Funeral Directors will be in charge of arrangements.

Mr. and Mrs. Geo. Wayne Estlack and daughter Jackie, and Mary Francis McCully left Wednesday night of last week for a 10-day vacation at Antonito, Colo.

Curtailed Season Seen For Doves

AUSTIN—Curtailed seasons for the 1951 mourning and white-winged dove shoots were predicted recently by Howard Dodgen, game commission executive secretary.

Dodgen said a conference with Clarence Cottam, assistant director of the Federal Fish and Wildlife Service, indicated changes in the seasons and less shooting time.

He also said it appeared unlikely Texas will be zoned for

waterfowl hunting as recommended to the wildlife service by the commission.

Dodgen said he understood the opening dates for the mourning dove season would be those recommended by the Commission, Sept. 1 for the north zone and Nov. 15 for the South, but the season will run only 40 instead of 45 days.

Bag limits of 10 per day and 10 in possession are expected to continue, but shooting hours likely

will be from noon to sunset instead of all day.

Instead of two week-end hunts allowing four days of white-winged dove shooting, Dodgen anticipated the season probably will be Friday, Sept. 14; Sunday, Sept. 16, and Tuesday, Sept. 18, with the usual 4 P. M. to sunset shooting hours.

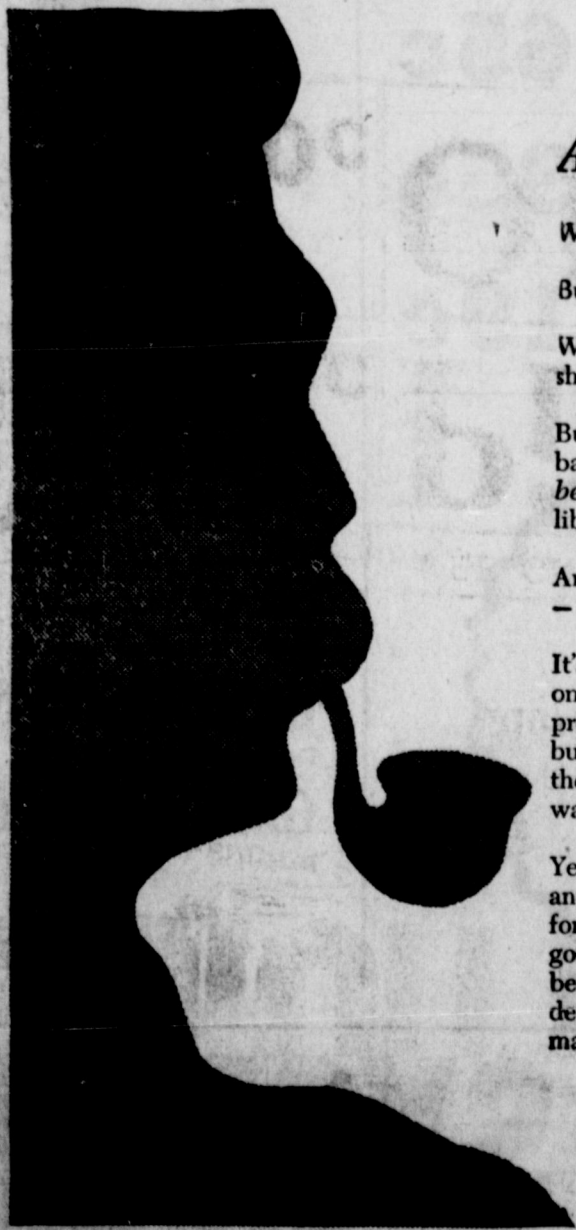

Increased hunting pressure and weather hardships on both white-wings and mourning doves, were major factors.

CARD OF THANKS

We wish to thank each and everyone for the many kindnesses and the beautiful floral offerings in our bereavement in the loss of one so dear to us. May God's richest blessings be with you always.

Mrs. S. C. Bell
and Children.

Mr. and Mrs. Grady Tyler were in Amarillo Friday.

A memo from the U. S. A.

We Americans don't get mad easy.

But when we do, look out!

We pitch in and turn out guns, tanks, planes and ships faster than anybody on earth.

But nobody boots us into line. No commissars. No bayonets. No slave labor. We just get to work—because we've got something to work for...our liberties and our individual freedoms.

And back of our men and machines is electric power—as much as all the rest of the world has.

It's steady, dependable power—the kind produced only by free men—the kind that helped perform production miracles in World War II. Today, the business-managed electric companies have doubled the supply of electric power available before that war—and they're stepping it up all the time.

Yessir, we have power—with more on the way—and we know how to use it. That's a good thing for everybody to remember right now. And it's a good thing for some people here at home to remember that America's tremendous electric power was developed by the free enterprise system which has made America greater than any other nation.
