Deed Recorded For New Rodeo Ground Tuesday

The big hurdle in the promotion of a permanent Rodeo and Celebration ground was cleared here Tuesday when the deed to 35 acres of land was recorded in the name of the Outdoor Entertainment Association. The additional space needed to have a first class entertainment ground was purchased from Simmons Powell and joins the present Roping Arena.

Up to date approximately six thousand dollars has been raised toward putting the celebration plans in shape for this year. This leaves around five or six thousand to be raised yet, but it has been understood that a number of residents of the area have planned to purchase membership shares in the non-profit organization and others have not been contacted that most likely will help bring the total up to where everything will be in proper order.

Blueprints of the new grounds have been drawn and the pens from the ball park will probably be moved within the next week and after that work can be started on the new bleachers and other grounds equipment.

The membership shares in the organization have been prepared in \$25 and \$50 denominations and anyone may purchase as many shares as they desire. The finance committee is in hopes of raising all the needed funds within as short a time as possible in order to remove this worry and be able to devote time and effort toward putting on the best celebration in many years.

Enthusiasm toward the celebration is growing each day and various individuals and groups are already beginning to make plans in regard to the parade and other activities that will be connected with the two day celebration.

Donley County Over Subscribes Red Cross Quota

The Citizens of Donley County over subscribed their quota by thirteen percent in the current Red Cross fund drive for 1951 according to Carl Allmond, Fund chairman.

The people of this county should feel proud of this achievement since the nation as a whole is 38 percent short of its quota. Much effort was put into the drive and everyone responded liberally to the cause. Donley County has never shirked its responsibility as far as the Red Cross has been concerned and the completion of the drive in such a short time shows the attitude of the majority of residents.

Mr. Allmond wishes to express his appreciation to all workers as well as donors for their wholehearted response and support.

Mrs. E. M. Ozier left Monday for Wichita Falls where she will visit a few days.

Get Acquainted With Scouting Meeting To Be Held April 19th

A "Get Acquainted with Scouting" meeting will be held at the First Methodist Church here, Thursday night, April 19th, at 8 p. m., for all of the parents of boys 11, 12 and 13 years of age who would like to become Boy Scouts, Rev. John English, pastor, announced this week. This Boy Scout Troop, to be sponsored by the First Methodist Church, will be the second Scout Troop in Clarendon. Need for such a new unit has been felt here for the past several months since the present Troop 37, sponsored by the American Legion, filled up to capacity, and still more boys wanted to be Scouts.

Organization of the new Troop is under the guidance of Lee Bell, member of the Southern District Organization and Extension Committee.

"This meeting will answer any questions that parents may have about the Boy Scout Program, how it will effect their sons, its purpose, and how they may help their sons get the most from their Scouting experience," Lee Bell said. "In addition to various presentations, a movie "The Scout Trail to Citizenship" will be shown," he added. John Pound, Field Scout Executive for the Southern District will be present to assist in the program.

"We are sending post cards to all of the parents of boys who said that they would like to be Scouts on a recent survey in the schools," Rev. English said, "but I would like to emphasize to all of the people concerned that this is a meeting for the parents—the boys will be welcome to come only if they are accompanied by one or both of their parents."

The leadership of the new Troop includes: Frank Phelan, Institutional Representative, Bill Lowe, Committee Chairman, and Troop Committeemen Curtis Mears, Howard Stewart, J. R. Brandon, John English and Bob Moss.

JINNA SUE BAIN WINS HONOR AS VIOLINIST

Miss Jinna Sue Bain, 11 year old daughter of Mr. and Mrs. Gordon Bain, won second place in a contest sponsored by the Amarillo Symphony Orchestra for Soloists. The contest was held Sunday afternoon at Amarillo College. Winners of these contests are awarded places in the Orchestra for the coming year. Four young people representing the Junior High age group tried for the place, three being from Amarillo, and Jinna Sue of Clarendon.

Jinna Sue has made a study of Violin for the past two years and is a student of Paire at the Musical Arts Conservatory in Amarillo. She played Fourth Air Varié in the contest Sunday afternoon. We congratulate her on winning this honor.

Mr. and Mrs. Gene Adams of Pierre, S. Dakota, are enjoying a visit with his parents, Mr. and Mrs. Carl B. Adams. They will be here about two weeks.

Variety Show Slated For April 19

The Variety Show, sponsored by the Band Parents, and to be presented Thursday night, April 19 promises to provide an evening of good entertainment with entries coming in from surrounding towns as well as those from Clarendon. The show will be presented in the College Gym.

If you have not entered the contest, you may still do so as the deadline is Monday noon, April 16. The prizes are tops with winners receiving \$25, \$15, and \$10. A group of impartial judges will be on hand to decide the winner.

All entries in the show are asked to meet at the College Gymnasium Tuesday night at 8 o'clock for rehearsal and to find your place on program.

A new Servel refrigerator will be given away the night of the program with everyone being given an opportunity to participate. Tickets for the evenings entertainment have gone on sale and are selling for 50c and 20c.

The band marched in town last Saturday and will march again this coming Saturday, weather permitting. Look that band over, then make your plans to attend the program. Not only will you have an evening of fun but you will help support that band, and keep it one to be proud of!

Panhandle Press Ass'n To Meet This Week End

Newspaper editors and publishers and their employees will gather in Amarillo Friday for the opening session of the 42nd annual convention of the Panhandle Press Association at the Herring Hotel.

The two-day meeting will feature addresses by many Texas newsmen and other national speakers. The group will be feted with a John Snider barbecue through the courtesy of the Kerr Paper Co. Friday noon. General Ernest O. Thompson will be host at a banquet Friday night in keeping with a long-standing tradition and the luncheon Saturday noon will be given by the Globe-News.

Newspaper men from the Panhandle area look forward to this meeting each year as it gives them an opportunity to visit their publisher friends and exchange valuable information that will help make better publications throughout the entire area.

OPS MEETING TO BE HELD AT CHILDRESS FOR CAFE & FOOD STORE OWNERS

W. S. Whaley, manager of the local chamber of commerce, received information yesterday that a meeting had been arranged by the Office of Price Stabilization to inform Restaurant owners and Grocery and Food store owners in regard to recently released regulations of the OPS in connection with the above business firms. The meetings will be held April 13 at the City Hall in Childress at which time personnel from the OPS at Lubbock will be on hand. The meeting for operators of restaurants will be held at 10 a. m. and for Food stores at 2 p. m.

Revival Meeting At Chamberlain School House

A Revival Meeting is in progress at the Chamberlain School house conducted by the First Baptist Church of Clarendon with the pastor L. A. Sartain doing the preaching. Mr. F. O. Hodge is leading the singing. The services begin at 8 o'clock each evening and will continue throughout this week. A cordial invitation is extended to all to attend these meetings.

530 Votes Cast In School Trustee Election

According to past records, the largest number of voters in the Clarendon Independent School District went to the polls last Saturday to pick their favorite candidates for the two trustee positions to be filled at this time. Homer Estlack and Claude Moore were elected by a landslide vote. Estlack was the top man with 338 votes, Moore received 324. G. W. Bradshaw 168, Clyde I. Price 136, Roy Ferris 65, Bud Hermesmeier 41 and J. L. Black (Colored) 9. The total vote was 530.

The two new trustees will be sworn in at the regular school board meeting tonight at the School Tax office.

MRS. HEARNE SERVICES TUESDAY AFTERNOON

Funeral services for Mrs. Herman Hearne, sister-in-law of Mrs. Emmett Bryson, were held from the Murphy-Spicer Funeral Chapel in Memphis Tuesday afternoon at 2:30. Mrs. Hearne died in an Amarillo hospital Monday morning. Her home was in Carlsbad. Survivors include the husband and two sons.

Among the relatives to attend services were Mrs. Eunice Jordan and son R. D. of Hot Springs, N. Mex., Mr. and Mrs. Jess Rutherford of Claude. Mrs. Joe Terry of Clarendon also attended services at Memphis.

CHURCH SERVICES AT PRESBYTERIAN CHURCH

It has been announced that church services will be held at the 11 o'clock hour Sunday morning at the Presbyterian Church. Ed Gharis, a student of the Seminary at Austin, will preach.

Sunday School will be held at the usual hour. There will be no night services.

Maroons Fall 27-0 In Last Quarter

The Maroons and Whites ended the first week of spring football practice with a spirited intra-squad game. The game was marked with hard tackling and blocking and the expected mistakes after only three days of practice.

The first half was scoreless with the Maroons holding a slight edge in first downs and working their way down to the White four yard line once. The Whites came back strong in the second half but did not score till near the end of the third quarter with Mooring plunging over from the six. The Whites then made three quick T.D.s with Mooring and Hearne providing most of the long gains and Moore plunging for short yardage. Hall did the ball handling for the Whites and sneaked for good yardage several times. Meyers was the big yard gainer for the Maroons from Q.B. and looked good in his new position after being moved from fullback. Outstanding on defense were Tatum, Murff, and Bain for the Maroons and Jones, Robertson, and Hearne for the Whites.

The Maroons are being strengthened by the addition of Leffew in the backfield and Tims at the guard slot, and are out to avenge their defeat and will have their chance at 2:30 Friday afternoon when they meet the Whites for the second time.

Garden Time Here Says County Agent

Now is the time to plow up that garden or spade up the small areas to be put in garden says county agent H. M. Breedlove. The high price of living and scarcity of some foods will cause a lot of gardens to be planted this spring. Barn yard manure and commercial fertilizers will do much to increase your production and make the small family garden pay big dividends.

The county agent points out that this year will be a good year for a lot of canning and producing garden products for home consumption.

Insect control of vegetables is also a very important item and you can call by the office of the county agent for any information that you might need.

Be sure to select good seed for planting and seed with a high germination test; most seed show the germination test on the package. It might be wise to buy your garden seed now because a shortage could develop with increased garden plots over the nation.

PORTER & LOWE TO MOVE LAW OFFICES SOON

The law offices of J. R. Porter and William J. Lowe will soon be located across the street from the Mulkey Theatre. J. R. Porter recently purchased the building formerly occupied by A. R. Henson Tire Company from Pete Kunz and the building is now being remodeled for a modern law office and library. Porter has had offices in the Donley Hotel building for the past 23 years and is making the change at the present time to be on the sidewalk level so that his customers will not be required to climb a stairway to his office. Mr. Porter attributes his good health partially to climbing those stairs all these years but stated that some of his customers were greatly inconvenienced by the second-story arrangement. They plan to occupy their new location within the next two or three weeks.

P. T. A. TO MEET THURS., APRIL 19

The regular meeting of the P. T. A. will be held Thursday afternoon, April 19, at 3 o'clock in the Junior High School Auditorium.

All parents of students attending either the Elizabeth Stevens or Junior High Schools are invited to attend.

The program will be presented by Mrs. Gordon Bain who will review a cutting from Alice Duer Miller's, "The White Cliffs."

"My Friend Irma" To Be Presented By Senior Class Tonight

FIRST BAPTIST CHURCH ESTABLISHES MISSION SUNDAY SCHOOL

A Mission Sunday School is being held on each and every Sunday afternoon at 3:00 in the Donley County Fair Building (on Brice highway), having begun Sunday, April 8th.

The purpose of this Mission is to enroll those who are not already enrolled in a Sunday School class in Clarendon. All who are actively associated with Sunday School are asked to come out and help.

This is sponsored by Rev. L. A. Sartain and the Young People's Department of the First Baptist Church.

Everyone is invited. There will be classes for all age groups.

Last Concert Of Season To Be Presented Sunday

The last concert of the season under the sponsorship of the Donley County Mutual Concert Association will be presented this coming Sunday, April 15, featuring Blanche and Florence Zucker, duo-pianists. This last concert will be held at the Methodist Church at 8 o'clock. The change in location from the College auditorium was made due to the fact that the Methodist Church would afford more seating capacity. All members of the Association are reminded that they will be permitted to take guests free of charge to this last concert.

The brilliant duo-pianists, Blanche and Florence Zucker, who will appear here Sunday have become well known to large audiences through their appearances for the American Theatre Wing during the war, and also through their concerts, their radio programs and television. They began their study at a very early age. After leaving the New York College of Music the Zuckers began to experiment on their own with the two-piano medium. This medium, with all its possibilities, so intrigued them that they knew it would be their professional life.

Recently the Zucker sisters were honored by appearing on the program of the White House Correspondents' Dinner in honor of President Truman.

YOUTH WEEK AT FIRST BAPTIST CHURCH

This week has been designated as Youth Week at the First Baptist Church. Young people have been elected to fill every office in the church for this week. They are doing a fine work for Christ and the church and invite every member to be present for all the services this week to hear these young people as they lead, stated the pastor, Rev. L. A. Sartain.

"My Friend Irma," who has won millions of friends through her radio series and her movie performances, now comes to the stage. She will make a personal appearance in the College auditorium Thursday and Friday evening at 8 o'clock when the senior class of high school presents this 3-act comedy.

The role of Irma will be played by Mary Edna Elmore who has had experience on the stage before and does credit to this part. Featured with Irma in this bubbling, zesty, fast-moving comedy are her old radio friends, Jane Stacy, played by Alice McCrary, will be remembered as her long-suffering roommate; Al, her boy friend who has made a life work out of being unemployed is played by Ronnie Lamberth. Jack Brooks represents Professor Kropotkins, who plays the fiddle at the Russian Tea Room and is determined to stay single. Mrs. O'Reilly, the landlady, who is determined the Professor will not stay single is played by Ramona Rhea. In addition to the old stand bys, Teddy Brown, who thinks he is a song writer, is Guy Alden Wright. Doris Louise Smith is Madame Magder who keeps trained fleas; Don Turner or Millard Word is the famous cartoonist. Other members of the cast are Billy Carl Pittman, Johnny McAllister, Nell Bentley and Jo Anne Sibley.

The entire comedy contains several hilarious surprises for both the characters and the audience as well. Irma's dumb cracks and the funny sequences that follow keep the play rolling along at a laugh-a-minute pace from beginning to end.

Plan to attend; relax and enjoy yourself for an evening of fun. Price of admission 50c and 25c.

Locals Attend Contest Launching At Amarillo

The Amarillo News-Globe is sponsoring a Reading Club contest that will allow six lucky people in the Tri-State area to receive a free trip to Hawaii. Those to attend the launching of the contest at the Herring Hotel Monday night from Clarendon were Mr. and Mrs. Guy Wright and son Guy Alden and Bobby Johnson. Guy Alden is the agent here for the paper and will be a strong contestant for the grand prize. The meeting Monday night honored the Globe-News carriers and their parents.

Guy Wright will be explaining the entire contest set-up to people of this area within the next few days and will be working hard to win. Three Globe-News carrier boys, two other lucky persons from the area and a Globe-News reporter will make the trip.

Minister Delivers His Own Baby Son

CHICAGO, ILL.—Rev. Vernon C. Lyons, 23, scratches his head in bewilderment as he ponders over an obstetric book and he's still unable to believe that it was he who delivered the baby son his wife, Ruth, 22, is shown cuddling. Judging from Ruth's expression Vernon did an excellent job.

Gabe Betts Burton Library Notes

By May L. Prewitt

This week began happily as a friend gave us "The Balance Wheel" by Taylor Caldwell. It was received in its packing from the People's Book Club, and all of you who are familiar with her "Dynasty of Death," "This Side of Innocence" and other best sellers know what is in store for you in this rich and forceful story of an American Industrial family, of heated conflict between brothers, and of a love that endured despite the contrary twists of fate and circumstances. Then we purchased Dr. Slaughter's "Fort Everglades," as he is one of the most popular writers my readers enjoy. This novel is vividly chronicled against the background of the mysterious Everglades and the Indian wars of the middle 1800's. It is done with the excellent skill and perception of the master story teller that Dr. Slaughter possesses. There are two memorial books that are an asset to our Library this week. "Here I Stand—A Life of Martin Luther" by Roland Bainton. This is dedicated to the memory of Mrs. Burton by the McHenry Lanes. This authoritative, dramatic biography of Martin Luther interprets his experience, his work, his writings, and lasting contributions. Dr. Bainton is Titus St. professor of ecclesiastical history, Yale Divinity School, and one of the country's leading specialists in Reformation History. His hobby of collecting medieval and Renaissance drawings, wood cuts, and engravings has given us some rare illustrations in this volume.

"Red Men Calling On The Great White Father," by Katherine C. Turner has been given in memory of Mr. E. L. Lewis. This book tells of the many pilgrimages to the White House in Washington, D. C. of the Indian Chieftans. There is something romantically thrilling in the impassioned prayers and the native dignity of these proud Indian chiefs. It will be read by

so many of our Library patrons who enjoy informative and historical books.

The Bryans donated about forty books that the Library will use with pleasure. Quite a few were boy's books of the last five years issues and the remainder were a set of James Whitcomb Riley's and Kipling's. We have Kiplings, but frequently need extras during theme sieges, so we are quite grateful for the gifts.

Ruth Donald of Midland visited friends in Clarendon the week end.

Mr. and Mrs. Zed Doshier of Amarillo are visiting in Clarendon this week.

RELATIVES AND FRIENDS ATTEND CHRISTAL FUNERAL

McLean To Have Three-Day Rodeo April 20, 21, 22

McLEAN — The rodeo season will officially open here on Friday, Saturday, and Sunday, April 20, 21, and 22, when the annual three-day rodeo is sponsored by the Floyd-Corbin-Florey Post 315, American Legion.

The three performances will be held in the rodeo arena in the northwest part of McLean. The first performance will be Friday night at 8 o'clock; the second Saturday afternoon at 2; and the final performance Sunday afternoon at 2.

A parade, featuring scores of beautiful horses, plus numerous floats, will be held Saturday morning. George Terry, commander of the Legion post, stated. Any organization, or neighboring town is invited to enter floats.

Six events will be held, with a total purse of \$1,200 in prize money. The events will be saddle bronc riding, bareback bronc riding, bull riding, bulldogging, calf roping, ribbon roping. The purse in each event will be \$200, with an entry fee of \$10 for each event. Stock for the show is being furnished by Tom Harlan of Kellerville.

Highlight of the rodeo performance will be the clown antics of Buddy Heaton and his educated horse, "El Rocho." Heaton, from Kansas, appeared in the Legion rodeo here last year, Bob Sherrod, general chairman of rodeo arrangements explained.

The American Legion will also sponsor two dances, the first Friday night following the rodeo performance, and the second Saturday night at 9 o'clock.

Two boosters trips are being planned under the chairmanship of Howard Horne. The first trip to advertise the rodeo will be Saturday, April 14, and the second Monday, April 16.

W. T. Hayter returned this week from the Loma Linda Sanitarium in California where he had been for a physical checkup and treatments for a rare blood disease. He reports every thing very dry and barren from here to the West coast, and they are very short on irrigation water and very little snow on the mountains. Some of the water wells are dry for drinking water and stock water.

Mr. and Mrs. Claude Moore and Dianne spent the week end in Lubbock. They visited in the home of her sister, Mr. and Mrs. John G. Hutton.

Hugh Jordan, of Dallas, brother of Mrs. Clyde Butler visited Friday and Friday night in the Butler home.

FARM NEWS From the County PMA Committee

Speaking to a group of farmers in Oklahoma City recently, Secretary of Agriculture Brannan said, "If ever we needed to assure big crops for the future, that time is now." He went on to say, "I am sure that in the long swing of history our ability to produce an agricultural abundance and keep on producing it will give us an advantage of tremendous importance. We must maintain in our soil the potential for abundant production which can continue for years if the need continues. If we are able to feed 175 to 200 million people a short 25 years from now, and be ready to take on part of the job of feeding more millions outside the United States on the same land we now have, and there is no more, we must keep our farms productive, more than that, we must increase their productivity."

Commenting on the Secretary's statement, Howard T. Kingsbery, Coleman County farmer-rancher and member of the State Committee of Production and Marketing Administration said: "There is no better plan of assurance that our farms are to remain productive or to increase their productivity than the Agricultural Conservation Program with its share-the-cost plan of soil and water conservation." Since 1936, Texas farmers cooperating with this program have seeded adaptable pasture grasses and legumes to 4.5 million acres; constructed 300 thousand earthen dams for livestock water and erosion control; constructed 300 thousand miles of terraces; spread 425 thousand tons of limestone; applied 950 thousand tons of superphosphate (20% P205 equivalent) to legumes and grasses; seeded 28.5 million acres to green manure and cover crops and eradicated undesirable trees and shrubs from 20 million acres of pasture land to give grasses a better chance. With all these improvements have come one-third more production per acre."

With the record of accomplishments already made and the vital needs outlined by the Secretary for continued abundant production and care of our farm lands, there are some who advocate the discontinuance of the Agricultural Conservation Program as a non-essential government expense. There is nothing more essential than food and food cannot be produced unless there is productive land. The ACP has proven to be the best plan yet devised to assure us productive land. The ACP costs the tax payers less than one-half of one per-

cent of his tax dollars. The Federal government budget for 1951-52 submitted by the President calls for an expenditure of 71.6 billion dollars. The ACP costs are estimated at 285 million dollars. Therefore only four-tenths of one per cent of Federal expenditures goes to assure the American people continued abundant production of food and fibre from productive soils. To discontinue the ACP would reduce the income taxes only 40 cents on every one hundred dollars you pay. We are not sure but what you would have to pay more taxes for if we let our soil deteriorate farm income is sure to drop because of less production, farm taxes would also drop and some one would have to make it up. It might be you. I believe the American people, both rural and urban, want this assurance of continued abundant production.

Guests in the home of Mr. and Mrs. Neely Hudson Sunday afternoon were Mr. and Mrs. Clyde Hudson and Mr. and Mrs. Cecil Cross of Goodnight, Mr. and Mrs. Nath Helton and family of Groom, Mr. and Mrs. Everett Stevenson and Juanell of the Martin community, Mr. and Mrs. Al Devers and Betty and Mr. and Mrs. Howard Stewart and family of Clarendon.

Wayne Lowe, Dwayne Naylor, and Jerry Morgan, left Tuesday morning for Pampa where they are reporting for service with the Armed Forces.

NTSC Girls Try Out "Operation Corn Bread" In Menu

DENTON — "Operation Corn Bread" has just ended at North Texas State College. In order to determine if enriched corn meal is desirable in Texas diets, 14 girls in the NTSC home management house completed a five-day menu schedule Friday calling for two pieces of corn bread each day.

For comparative purposes, seven girls (who live in the north side of the building) ate bread with vitamin B-1 added. The remaining seven (residing on the south side) used ordinary enriched corn meal as bought on the market in Denton.

Through laboratory tests of daily food samples and specimens, the NTSC School of Home Economics will help the Texas Nutrition Council decide the merits of vitaminized corn meal. Supervising the study is Mrs. Ada Ruth Rankin of the home economics faculty.

Mr. A. O. Hefner has been seriously ill the past week and underwent major surgery at an Amarillo hospital Monday.

Mrs. Clyde Putman visited her sister, Mrs. Theo Johnson, and niece, Mrs. Bob Teague, in Amarillo Monday and Tuesday. Mr. and Mrs. Teague are the parents of a little son, named Theodore Patrick, born Tuesday, April 11.

Mr. and Mrs. Wallace Raney attended the Dairy Show at Plainview Monday and also attended the Brown Swiss Banquet Monday night. Mr. Raney is a charter member of the organization.

Mr. and Mrs. Jack Gray announce the arrival of Cynthia Ann, born March 31.

Mrs. Pauline Wilson and daughter, Jane, of Paducah spent the week end with her parents, Mr. and Mrs. Cap Lane. Miss Patty Lane, daughter of Mr. and Mrs. Walker Lane accompanied them home Sunday and visited Sunday and Monday with Jane, at Paducah.

Mr. and Mrs. W. W. Lovelady and Ronnie of Amarillo were week end visitors in the home of Mr. and Mrs. Carroll Lewis and family.

Greatest pulling tire on earth!

The New **GOOD YEAR**
O-P-E-N C-E-N-T-E-R

SUPER-SURE-GRIP
TRACTOR TIRE

goes where other tires won't...

In actual farm tests, this sensational new tire got tractors through wet, slick, slippery soil where other tires bogged down. Man, how it pulls! Bigger, broader, longer, high-shoulder o-p-e-n c-e-n-t-e-r lugs make it grip like a cogwheel... and give you super-long wear. Super-Sure-Grip is that premium-performance tire you've been looking for, but it doesn't cost you a penny more!

Put your tractor on Super-Sure-Grips... and get those tough, time-wasting jobs done faster.

BUTTRESSED BASE

ALWAYS FOUR LUGS
 In the ground for smooth, even pull

SEE WHAT YOU'RE DOING!

Because MM tractors are completely VISIONLINED... permitting you to see easily the work being done without stretching or straining.
 Because cultivator gangs are mounted just behind the front pedestal where it is easier to see and to dodge out-of-line plants.

MM Universal tractors and famous Quick-On—Quick-Off cultivators are a combination hard to equal for getting work done fast and efficiently. This is especially true since new Uni-Matic Power gives added smooth, positive control. The gangs of MM cultivators enter, stay, and leave the ground in level position because of the parallel link tie-up to the main tool bar. Gauge wheels assure even ground penetration by the outer gangs no matter how uneven the field.

NEW UNI-MATIC POWER
 Optional on all MM Tractors is the new hydraulic unit for raising, lowering, and controlling mounted and pull-behind implements. Get more work done every hour with less effort.

Grahams Celebrate Golden Wedding Anniversary

Mr. and Mrs. J. M. Graham, who live on a farm near Ashtola, observed their golden wedding anniversary April 8. They enjoyed the day at home with relatives visiting them.

Mrs. Graham, was born Elizabeth Ring on July 28, 1883 near Nashville, Tenn. She received her schooling at Holts Corner, Tenn. James Matthew Graham, a native Texan, was born April 13, 1883 in Lamar County and went to school at Lime Kill, Texas.

The couple was married by a Justice of the Peace, Jim Baxter, on April 9, 1901 at Glory, Texas, while sitting in their buggy. Their early married years were spent between Paris and Glory, Texas. Later they lived several years in Hall County. They moved to Donley County in 1930 and have since lived in the Ashtola Community.

Mr. and Mrs. Graham had eleven children. Eight are living. They have seventeen grandchildren and six great grandchildren living. The children are Mrs. Ruth Thornton of Phoenix, Arizona, Fred and Robert of Plainview, Mrs. Sue Rhoades, Doyce and Harold of Ashtola, Mrs. Mary Rush of Elida, N. Mex., and Billy Ray of Wheeler.

They have both long been active members of the Church of Christ. They enjoy regular participation in the community Sunday School at Ashtola. Mrs. Graham is a member of the Ashtola Needle Club and was chosen Club Mother this year.

All of the children were home Sunday except Mrs. Thornton. Others present were Mr. and Mrs. John Dameron, Tim, Terry and Shari Dameron of Plainview, Mr. and Mrs. Cap Orcutt, Mr. and Mrs. Lura Marcum, Mr. and Mrs. Bob Mothershed, Mr. and Mrs.

Joe Loyd Mothershed, Nancy and Sue, Mr. and Mrs. Elam Orcutt and Bettye, Mr. and Mrs. Emmett Arrington and children, all from Hall County, Mrs. W. D. Scott and daughters of Carlsbad, N. Mex., Mrs. Clatie Coffelt of Cloudie, Okla., and Mrs. Cora Shilling of Elida, N. Mex.

Mr. and Mrs. Dick Cannon and Mr. and Mrs. J. R. Brandon called in the afternoon.

Mr. and Mrs. Claude Parker and children of Amarillo visited the week end in the home of her parents, Mr. and Mrs. J. C. Gibbs. The children remained to visit this week with their grand parents while their parents were on vacation.

BIBLE CLASS

The Bible Class met Thursday with Mrs. Bill Poole with Mrs. J. H. Dean as teacher. Those present were Bro. and Mrs. L. A. Sartain, Mesdames Bill Poole, Paul Moore, I. J. Moore, Ira K. Morrow, Grandma Drake, Doyle Phillips, J. C. McCrary, Kenneth Morrow, H. W. Stout, Seth Swinney, Lizzie Woods, W. C. Ragan, Jeff Ward. Next meeting will be with Mrs. Paul Moore.

Mr. and Mrs. Dale DuLaney of Amarillo were Clarendon visitors Sunday.

Miss Lazetta Ivey spent the last two weeks with her sister, Mrs. Bonnie Hatfield, in Dumas.

Beautiful to look at
Beautiful to drive

Watch the little lady park the beautiful, big car . . . a single finger on the steering wheel can do it now, with Hydraguide!

Now Hydraguide Steering does four-fifths of the work for you!

THINK of the easiest steering car you ever drove . . . then imagine one *five times easier to steer!* Chrysler's new Hydraguide power steering . . . regular on Crown Imperials and optional at extra cost on all New Yorker and Imperial models . . . gives you exactly that. Here is by far the greatest single change in handling ease—and safety—you ever found in any car. At your touch on the steering wheel, the car *mechanically* provides four-fifths of the energy to turn the tires on the road. Like so much in these new Chryslers . . . Hydraguide is so *basically* new, so *basically* better than anything before, that *only when you try it can you ever know what it really does!*

The longest day's drive you ever made . . . without arm-and-shoulder fatigue at the end. Around the curves . . . over the hills . . . Hydraguide does four-fifths of the work!

In tight city traffic . . . on awkward driveways and roads . . . Hydraguide means new safety, new ease, new swiftness of steering control!

The Most Basically New Cars of All!

Beneath the rich new beauty of these Chryslers for 1951 are 73 different improvements and advances. Among them are the most basic new ideas in any cars for many years! Like the revolutionary new FirePower engine, of 180 horsepower, which gives owners of Chrysler Imperial and New Yorker cars the most powerful, most efficient, most all-around economical powerplant in any car today! And like the amazing new Chrysler Oriflow shock absorbers, which give every new Chrysler car riding ease with *twice the shock-absorbing power* of any other cars at any price. And with all their newness, they're built to stand by you like no car you can buy!

1951 Exposition To Have New Type of Agriculture Show

The State Fair of Texas, working closely with officials of Texas A&M College System, is blue-printing an entirely new type of agriculture show for the 1951 exposition, Oct. 6-21, R. L. Thornton, Fair president, has announced.

The show will be a balanced, correlated and highly-educational panorama of the state's agriculture as represented by the 14 agricultural extension districts of the A&M System.

Each district will have its own large exhibit, built from information on scientific agriculture furnished "from the grass roots level" by district and home agents and the committees they will designate.

This is one of the best informed groups of men and women in Texas on the state's agriculture because of their close daily contact with farmers and ranchers in their districts, Thornton said.

"The result should be the most outstanding agriculture show in Fair history," Thornton predicted. "We are investing more money in this effort than in any previous agriculture show to give

the Fair's 2,000,000 visitors a better concept of the industry's varied output from the Panhandle to the Valley and from the Piney Woods country to the Big Bend."

Thornton added that Fair officials consider agriculture the most important industry in Texas, and believe this tribute to farms and ranches of the state will provide the show the industry deserves, one which will appeal strongly to both rural and urban folk.

The plan was developed at a meeting early in 1951 between A&M and Fair officials, including Gibb Gilchrist, chancellor of the College System; G. G. Gibson, director of the extension service; Ben Cabell, general chairman of the Fair's agriculture and livestock committee; E. C. English, chairman of the agriculture committee; W. H. Hitzelberger, Fair vice president; J. H. Stewart,

executive vice president and general manager; and Ray W. Wilson, manager of the livestock and agriculture departments.

The plan was later endorsed by a conference of the district agents and specialists of the extension service.

SINGING ALL DAY AND BASKET LUNCH

Sunday, April 1st was a big day at the Marvin Brown home. Visiting with friends and singing all day, a basket lunch was served to the following: Mr. and Mrs. Jack Barton of Delwin, Texas; Mr. and Mrs. H. E. Northcutt of Delwin; Mr. and Mrs. L. R. Newcomb, Delwin; Mr. and Mrs. J. T. McCain, daughter Reta June, son Doonal Ray of Delwin; Mrs. Clarence West of Delwin; Mr. and Mrs. Elmer West of Paducah; Mr. and Mrs. Andrew Carroll of Paducah; Mr. and Mrs. Raymond Stone and daughter Shirley of

Finney; Mr. and Mrs. Chann Smith and daughter Sandra of Dumont; Mr. and Mrs. Cecil Bennett, daughter Cherye of Childress; Mr. and Mrs. Archie Ragland of Lubbock; Mr. and Mrs. Ebbie Eblin and daughter Sue, of Amarillo; and host and hostess,

Mr. and Mrs. M. C. Brown and daughters Jimmie and Don.

He said he was so old he could remember when the big dipper was just a drinking cup.

Buzz And The Off-Key Baritones

Reverend Lester of the church out on Hillsboro Road coaches his Young Peoples' Choir late Thursday afternoons—after high school basketball practice lets out.

Buzz Ellis pastures cows next to that church. Around 5 o'clock they used to make a lot of racket about wanting to go home. That made it kind of rough on the choir.

When Buzz learned what was going on he said to Reverend Lester: "I never yet heard of a cow that could moo on key. So, I'll just move 'em in a little earlier..." This started me to thinking. Buzz

doesn't go to that church. And he's so tone-deaf he couldn't carry a tune in a bucket!

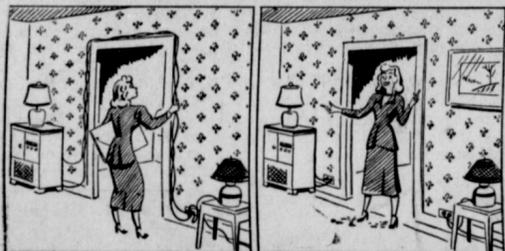

From where I sit, you might say that Buzz didn't have much in common with those singers. But he doesn't divide folks into groups he's "with" or "agin." Your politics, your personal preferences—or the fact that you like a moderate glass of beer—mean nothing either way to Buzz. He's a real neighbor to everybody!

ELECTRICAL TIPS FOR THE HOME

If You Intend to Redecorate or Remodel This Fall . . .

DON'T let ugly, makeshift electrical extensions spoil the looks of a newly-decorated room. They're not only unsightly, but they're also unsafe.

DO provide enough convenience outlets for all your lamps and appliances. Space them every 12 feet along the wall and in smaller areas of 3 feet or more.

KEITH REED RECEIVES INJURY TO HAND

Keith Reed, senior of the Lelia Lake High School received a bad cut on his left hand, Tuesday, April 3.

Some of the boys were together practicing the senior play. Keith was sitting on the back of a chair. The chair fell and in an effort to brace his fall his hand went through a window, cutting a two-inch gash that required several stitches.

IN MEMORY

By Ann Dishman

In memory of Mrs. Myrtle Christal, this day, April 5, 1951. Mrs. Myrtle Christal, born 1887, age 64, died April 3, 1951. We, the students of Lelia Lake

High School, would like to offer our sincere sympathy for one of the most remembered figures of Lelia Lake. The students grew to know Mrs. Christal well during her three years of work as Lelia Lake lunchroom supervisor.

Mrs. Christal had lived in Lelia Lake most of her life time. As far as anyone knows, Mrs. Christal never disliked anyone. She was remarkable in anything she undertook to do. She was a great church worker. Mrs. Christal had been a prominent worker in the Lelia Lake Baptist Church when it was first organized.

Mrs. Christal didn't seem to be happy unless she was making someone else happy. She always had a most pleasing smile for everyone in common. Everyone

just knew they had a friend when they looked upon Mrs. Christal.

And though she has left us to go join her husband in another world which knows no heartaches, Mrs. Myrtle Christal will long be remembered in the hearts of all the Lelia Lake High School students.

FRESHMEN-SENIOR TEAM LEADS BY FIVE GAMES

The girls' volleyball tournament between Lelia Lake seniors and freshmen classes vs. sophomore and junior classes is turning into a tight race.

The scores at the close of this week stand at seven wins for the week making a total of twelve wins for the Sophomore-Junior team; and eleven wins this week with a total of sixteen wins for the Freshmen-Senior team.

The tournament closes April twenty-eighth with the award of a trophy going to the winning team.

NEW BOOKS PURCHASED FOR SCHOOL LIBRARY

The Lelia Lake School has recently purchased eighteen new books for the high school library.

They also received a special book on furniture for the Home Economics II class.

"The Spanish Gardener" by A. J. Cronin, "The Dishonest Murderer" by Lockridge, "The Promise" by Mildred Cram, "The Dry Season" by Don Wickendon, "Tomorrow We Reap" by James Sreet, "The Parasite" by Daphne du Maurier, "Best American Short Stories" by Taley, "The Brand New Parson" by Sara Jenkins, and "Morning Journey" by James Hilton are the new fiction books.

"Roosevelt In Retrospect" by John Gunther, "Cheaper by the Dozen" by Gilbreth, and "Stalin" by Isaac Deutscher are the biographies.

"Fair Havens" by B. C. Jefferson, "Summer on the Water" by David Westheimer, "Soldier of Good Fortune" by Ruth Cross, "Hound Dog Man" by Fred Gipson, "The Ben Lilly Legend" by J. Frank Dobie and "Life on the King Ranch" by Frank Goodwyn were the new Texas books.

"Furniture Treasury" by Wallace Nutting was the special book received for the Home Economics class.

The authors of the books, are all modern writers.

MORE MUMPS HIT SCHOOL IN RENEWED OUTBREAK

There were several new mumps cases in the Lelia Lake school this week.

The known cases are: Troy Guy, Eddie Floyd, Rowena Ivey, Patricia Ivey, Mary Lee Smith, Geneva Murphy, Keith Dishman, Leveta Helms, Charles Harmon, Lena Pearl Ivey, Rayburn Monk, Roy Lee Helms, Buster Shields and Carole Wood.

COTTON DRESSES NEXT FOR HOME EC I CLASS

Several of the Home Economics I girls have started on their third projects.

Since they have studied the fundamental principles in the construction of their skirts and tailored blouses they are now making simple dresses from cotton fabrics such as pique, chambray, butcher linen, and cotton print.

FAMILY FEUD COMES TO LIFE ON STAGE

"Moonshine and Honeysuckle," the senior play soon to be presented, is the story of a feud between two families, that has been going on for years. Annie Bevins and Buck Gaddis have fallen in love with each other and Clem Betts is out to stop the feud.

Clem Betts is a young mountaineer, about twenty-five. He is tall and spare but powerfully built. His coloring is a healthy coat of tan and he has brown eyes and black hair. Clem is a fighting peace-maker, a natural philosopher, poet, and leader of

men, and above all, laughter-loving. This part is played by J. L. Williams.

Ma Betts is Clem's mother, and is a small woman about fifty. She is sharp-spoken, but maternal and sympathetic. She is a clean and neatly dressed woman. This part is played by Romaine Anderson.

MAGNETISM, ELECTRICITY STUDIED IN SCIENCE

The Lelia Lake science classes in the seventh, eighth and high school general science class have been studying magnetism and electricity during the last week. They have performed several experiments concerning the dry and wet cell battery and the uses of the magnetic compass. The experiments were supplemented with several films on these subjects.

PELOWIN' Out the CORNERS

Newest member to the Ain't Smoking Right Now Society is Rupert Tucker of the Post Office department in Claude, Bodie, as he is better known to his friends was telling me about his quitting smoking. He said his cough was worse; he couldn't sleep and a number of other things were getting worse and worse. "Wait just a minute" I says, "Let me hurry home and get you a membership card, for you sound to me like a fella' that was just about ready to break over." I hurried home and mailed back the card, but so far he is still a good member and my faith is made to believe that he is over the hump, so to speak. Best wishes, anyway.

We were getting our mail out of the post office just after the 1st and one fellow remarked:

"Friends may forget you, loved ones may not write to you, but not your creditors; always we have that friendly reminder from them." I wondered though if maybe we don't sometimes forget them for too long.

Had a nice card this week from our wonderful friend from up Washburn way; Uncle Bob Robertson. Glad he feels like writing in again.

Another nice card comes from O. R. Frieel of Lelia Lake. He comments on my remarks about the new ruling on spare tires. He agrees with me that this is a killer-diller ruling by the bureaucrats and then adds the fact that he is still using the daylight that he saved when they had him run his clock back a few years ago. As Mr. Frieel says: "It would be funny, if it weren't so serious."

Someone has said this: "Home is where you are treated the best and grumble the most."

Several times in the last few months we have asked that you write a card or a letter to someone who had had a real long sick spell or a very unusual lot of pain or sorrow. I don't think anyone

that I have mentioned has had the suffering and the pain and the long time in the hospital that has been the fate of this young man. He was the one burned in the fire and explosion at the airport in Amarillo; Lester Grumpke formerly of Claude. Month on month he has suffered and surgery on top of surgery to graft skin that he may be as near perfect as possible again. Such question as has haunted him day and night; would he be able to see again? Would he be a hopeless cripple? Anyway, now he is gaining and it might help if we would all send him a cheerful good wish and a hope for his recovery. Remember we suggested a Good Cheer Club. Let's all together again wish this fine brave young man our best wishes. Address him Lester Grumpke, % Northwest Hospital in Amarillo. God will bless you as it will also help him.

I think all of you must have written to Uncle Jay when he was sick. You all know that he had the Big Head. Literally, he actually had that very thing.

Never did I think I would relent and say kind words about him but I broke down and sent him a card wishing him good luck. Seriously, as if there was anyone left who didn't know he had the mumps. I thought this was a kid's disease.

Actually the only things in life that we can really keep are the things we give away; do for others. This joy and sweet memory will go with us throughout our life.

Precaution Urged When Purchasing Cotton Seed For Planting

AUSTIN—Commissioner of Agriculture John C. White expressed alarm over cotton planting seed in Texas and urged farmers to exercise extreme precautions when making purchases. "It has been known for some time that a shortage of cotton seed existed for the 1951 goal of 11,000,000 acres", Commissioner White stated. "Quality seed were booked early and supplies completely exhausted. Texas seed stocks were supplemented by what amounts could be purchased from other states and much

of this seed has come in labeled below standard for germination or approximately 60%."

"Additional seed stocks needed for this year's acreage in Texas will come from seed at gins, oil mills and from farmers themselves", White explained. "It is this seed about which I am alarmed and concerned since we have found in our two state seed testing laboratories that samples submitted from these sources run as low as 3% germination."

The Commissioner reminded seed purchasers that every sack of seed offered or exposed for sale in Texas is required by law to have a tag attached showing germination percentage. "In the case of bulk seed", the Commis-

sioner added, "the seller is required to furnish one tag for each one hundred pounds of the seed sold."

"I urge all purchasers of cotton seed to exercise precaution and care. The facilities of our seed laboratories are available to all Texas farmers. A little discretion at this time in demanding to know the germination percentage of the seed will eliminate disappointments in stands as well as time, money and possible loss of crops," Commissioner White said.

The most we have ever weighed was 185 pounds; the least, six pounds, nine ounces.

Here's where You come into your own

Once in a while, any man is entitled to let himself go. He's entitled to that glow of pride that comes from feeling like the very important person that he really is. He's entitled to take practical steps to make his dreams come true. In short, he's entitled to own a ROADMASTER, and particularly a ROADMASTER as it is custom built for '51. For this great automobile is more than big and roomy and distinguished in its styling. It's more than sweetly willing in performance, and superbly poised in stride. It does things to you, when you let yourself sink deep down in the subtle softness of its cushions, and run a caressing hand over the fine texture of its fabrics.

This is everything a fine car should be! Of course, this brilliant performer is Fireball powered. It is cushioned by coil springs on every wheel. It provides, at no extra cost, the complete relaxation of Dynaflo Drive. It has durable and dependable sturdiness engineered into every mechanical part. But the best is yet to be told. When you check the ROADMASTER price list, you'll find that the car of your choice can be yours for hundreds of dollars less than you'll pay for others with comparable reputation. Come in soon and see this buy of buys in the fine-car field.

Exchange Teacher Writes Home From New Zealand

EDITORS NOTE—The following letter was written recently by Mrs. H. B. Naylor, who is an Exchange Teacher to New Zealand for one year, to homefolks after her arrival in New Zealand

shortly after February 1st. Mrs. Naylor is the former Dorothy Smith, daughter of Mrs. Victor B. Smith and sister to Rayburn L. Smith of Clarendon. Dear Mother: I am still looking forward to the day when I will have time to write letters. I presume it will be after I am too old to hold a pen. I have been in a whirl since I

have been here and have not had time to rest yet. I believe I have met a thousand people and it is very wearing even though it is most interesting. Since I have been in Christ church I have been visiting schools and remarkable as it is I am considered something of a celebrity simply because I come from America. I had a marvelous trip. After

we were on the plane in L. A. and ready to take off one of the motors that worked a wing flap would not operate properly so we all disembarked and waited about three hours until they had a new one installed. I was completely exhausted by the time we left. I slept a little but the sun was up very early. It was a gorgeous day for flying but the delay kept us from arriving in Honolulu until almost noon. I have never seen a sight more beautiful than Hawaii. We circled the island a time or two. I had always presumed that it must be over-rated in the extravagant descriptions one hears but I assure you that it is the most enchanting place I have ever been. I didn't take time to eat lunch but changed to my most colorful summer dress and went down to see about taking a tour of the island. I had reservations at the Moana hotel. It is not so widely known as the Royal Hawaiian but I think it is nicer. Incidentally, Pan American paid my hotel and taxi bills while I was there. The Moana is on Waikiki Beach and it is a setting beautiful beyond description. Some day I want to spend a long time there. When I came down from chang-

ing, the broadcast of Hawaii calls was being sent out and the next time you listen to that program on a Saturday afternoon you may be sure that it is even more enchanting than the program sounds. I really did sit in the shade of the banyan tree which would have made my whole trip worthwhile if there had been nothing else. Then I took a tour of the island with the most remarkable guide and a honey-mooning couple who were staying at the Royal Hawaiian and I was able to see that hotel as we returned. We visited the Aquarium. I have seen soem interesting ones but none so compare with this. We went to the top of Mount Tantalus and had a wonderful view of many parts of the island. There was Diamond Head and Waikiki Beach and Pearl Harbor. The harbor was a hive of activity with ships leaving in great numbers for both Japan and the U. S. We saw the flying boat Mars take off. There was the National Cemetery in the Crater of an extinct volcano. It is beautifully kept and so peaceful. It is unthinkable that people would prefer their soldiers brought back home. I saw coffee growing and ate fresh pineapple and a tree

ripened banana. I didn't want to leave at all. We stopped at Canton, just below the equator at night. I wonder if we could have endured the heat of day. Even the banana trees at the airport were burned brown. The natives said they had had a drouth and some very hot weather. Fiji was just as interesting as I had hoped for. I wish I had been able to spend more time there. We were there for sunrise. The black bushy haired policeman looked like something from a travel folder but very real. I saw the thatched huts that look just like the pictures. From the air Fiji looks like a huge garden plot with its terraced fields and fresh green look. (Continued next week)

John Gillham's Jersey Cattle Completes Another Year of Herd Improvement Registry Testing

John R. Gillham's herd of registered Jersey cattle has just completed a year of official Herd Improvement Registry testing. Gillham's Dairy is located 4 1/2 miles west of Clarendon. The herd averaged 8,587 lbs. milk and 475 lbs. butterfat per

cow during the year. The herd had an average number of 27 cows during the test period. All tests on the herd were made by Texas A&M College and were verified by The American Jersey Cattle Club, which has its national headquarters in Columbus, Ohio.

The animals in the Gillham herd had an average production that is greater than twice the amount produced by the "average" dairy cow in the United States. The Herd Improvement Registry test for production is part of the program designed by The American Jersey Cattle Club to make possible the constant improvement in the Jersey breed.

Series E Bonds May Be Held Another 10 Years Without Any Re-issuing

DALLAS — Congress has just completed legislation that will postpone "writer's cramps" and other inconveniences for millions of Americans who bought United States Defense Bonds during and since World War II.

Nathan Adams of Dallas, state Defense Bond chairman, received notice Tuesday from the Treasury that the Senate had passed and sent to the president a bill giving owners of Series E Bonds the option of holding their bonds for all or any part of another 10 years, with accrued interest. The bill, passed by the House several weeks ago, will go into effect May 1, tenth anniversary of the

beginning of Series E bond sales and, consequently, the date on which bonds sold on May 1, 1941, will reach maturity.

"This legislation is going to save bond owners a lot of time and trouble," Mr. Adams said. "Many of the people who own Series E bonds will want to reinvest the money as they mature. If this bill had not been passed, they would have needed to take their bonds to the bank as they matured, sign them and have new bonds issued."

"When you have literally hundreds of these bonds, as many Texans do, signing them for redemption can be a tedious job that results in a tired and aching hand."

Mr. Adams said that the automatic extension applies only to Series E bonds. He emphasized that the extension is purely optional with the bond owner

and that the holder of maturing Series E's can cash them in for full value at any time.

Owners electing to hold their bonds under the new plan will receive 2½ per cent simple interest on them for the first 7½ years of the extension and interest during the final 2½ years at a rate to bring the total interest to 2.9 per cent compounded. The 2½ per cent interest during the earlier years of the extension is a somewhat better return than for new bonds.

"Now the owner of Series E bonds who wants to reinvest his money as they mature only has to hold on to them," Mr. Adams said. "If he holds them for the full period of the extension they will pay him a return of 78 per cent on his original investment."

He said that the bill also would keep a lot of money in savings that otherwise would pour into

the spending stream and add to inflation.

Mr. and Mrs. Kenneth Morrow and girls visited Saturday night and Sunday with Mrs. Mary E. Walker and other relatives at Borger.

Mrs. W. L. Nall, Donnell and Mary Beth of Brice visited in the home of Mrs. E. W. Tyler Mon.

Mr. and Mrs. Dennis Rattan and sons, Ronnie and Kent of Amarillo and Mr. and Mrs. Carlie Bennett and Helen Faye were supper guests in the home of Mr. and Mrs. M. L. Rattan Saturday night.

It Destroys Clothes and Household Linens
Adds to Your Plumbing and Heating Cost

HOUSEHOLD SUPPLY CO.

IS COSTING YOU MONEY. HERE'S WHY—
You Use More Soap

The Single Tank Unit is available in sizes ranging from 30,000 to 60,000 grain capacities. It removes iron up to 10 parts-per-million in water.
This unit not only gives you the overwhelming benefits of soft water, but assures you of long-lasting, trouble-free service.

FAIRBANKS-MORSE WATER SOFTENER
The Fairbanks-Morse Single Tank Water Softener is an ideal unit for service where space is limited, or a Brine Tank is not considered necessary. However, this softener is so constructed that a Brine Tank may be added at any time to convert it into a double tank unit.
The high capacity Zeolite that is used gives greater hardness exchange, and gravel is eliminated by the use of a gravelless strainer.
When regeneration is necessary, it is quickly and easily accomplished through the simplified, waist-high, finger-tip control valve by means of pouring soft through the hand sand opening at the top of the tank. This eliminates the need of space to store salt.

SOFT WATER

IN THE KITCHEN

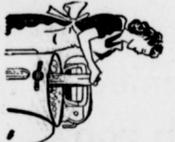

A water softener is one of today's modern appliances that will even today be considered a must for the housewife. Soft water in the kitchen means less work for the housewife in doing those countless kitchen chores. Whether it's preparing meals, dishwashing or cleaning you'll find that soft water makes a tremendous difference.

IN THE BATHROOM

Every member of the family will welcome soft water in the bathroom. In the tub or shower, shaving or shampooing, soft water is a blessing that adds much to more comfortable, healthful living. Once you've experienced how much better it is in every respect than hard water, nothing would persuade you to go back to hard water. And remember — your water softener will pay for itself in less than two years.

EVERYWHERE

There are so many uses for water in and around the home, it is only common sense to want it pure and soft. The Fairbanks-Morse Water Softener not only takes the hardness out of water, but removes other equally objectionable foreign elements such as iron, lime, organic matter, etc. so that instead of being disagreeable looking and undesirable for other purposes, it is soft, sweet, and clean.

Dishes and glassware, when washed in soft water, shine clean and sparkle. . . . No chance of dull film deposits . . . Cuts washing time.

A thick, whisker-wilting lather results with soft water, and your face will feel better. No tough pulling with the razor . . . blades last longer.

Vegetables cooked in hard water absorb some of the calcium and magnesium salts resulting in toughness and loss of taste.

After a soft water shampoo, your hair is soft and gleams with new attractiveness. Soft water rinses your hair thoroughly . . . leaves no drilling film of soap.

Soft water is a joy at canning time. Full flavor of canned fruits and vegetables is retained . . . No chance of calcium and magnesium cloudiness or deposits to stain the jar or deodorize the taste.

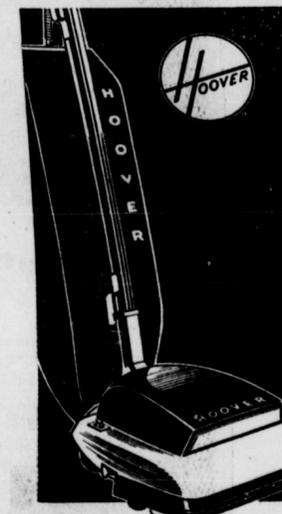

Baby's bath is oil-splattered and boiling with soft water leaves baby's skin free of soap curds . . . soft . . . smooth . . . fresh . . . clean, eliminating rash.

Soft water running through the heater coils or pipes will not clog up with deposits requiring periodic cleaning. Full flow of water means maximum heat absorption. Savings in gas and plumbing bills.

Coffee and tea made with soft water have a mellow flavor. 40% less coffee and tea need be used to retain full flavor.

For 51... and the years to come—
