MOVING PICTURES OF JULY 4th WILL BE SHOWN FRIDAY

GAY COLORS OF PARADE, HOPING, RIDING AND STREET SCENES

Through the generosity of Geo. B. Bagby, one may live again through the gay scenes of the 4th of July celebration in Clarendon. Pictures of the parade with the many beautiful floats will be shown. All pictures are in actual colors.

Hundreds of faces you know will appear on the screen. Ropers and riders are shown in action as nimble horses and agile riders depict scenes of the old West.

Thousands of feet of film are necessary to show the scenes. Mr. Bagby spent \$318 in preparing this film. Shown in natural colors, the scenes grip the spectator from start to finish for approximately one and a half hours that is required to display the skill and talent of people whom you know.

This is the first moving picture ever to be made right here at home. As the parade scenes are passed in view, one easily recognizes thousands of faces of local people and those from surrounding sections who came to help celebrate.

The films were shown in a preview at the Club Room Monday evening. Mr. Bagby invited a number to see the pictures and pass judgment on the merit of his venture. Present were Mr. and Mrs. J. D. Swift, W. H. Patrick, J. C. Estlack, Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. R. E. Drennan, Mr. and Mrs. U. J. Boston and Mr. and Mrs. Sam Braswell.

Mr. Bagby is contributing the picture to the cause of civic clubs, and that without reservation. The Parks Board will benefit from the showing of this picture at the College Auditorium here Friday evening, August 2nd, at 8:15. Mr. Bagby gladly contributes his machine and accessories and his time without charge. The admission charge of ten cents for children and twenty-five cents for adults is within the reach of any one who wishes to see the first local moving picture ever to be made in Donley county.

Expressions of delight were made by a number of those in the

Geo. B. Bagby

who spent several hundred dollars in producing moving pictures of the 4th of July celebration. His picture and his services are an outright gift to the City Park Board in a showing of this film at the College Auditorium Friday night.

Dean R. E. Drennan who had much to do with the production of the 4th, carefully followed the pictures as they paraded across the silver screen. He said: "A wonderful picture! Geo. B. Bagby deserves the gratitude of every citizen in the community. It is worth anybody's time and money to see this picture."

In commenting on the picture after seeing the complete reel, Mrs. J. D. Swift said: "The 4th of July moving picture as recorded by Mr. Bagby is a great contribution to civic progress. One must see it to fully appreciate it."

"The picture is complete in detail and most beautiful and artistic in arrangement," is the opinion of Mrs. U. J. Boston after seeing the complete picture.

Discussing the merits of the picture film, Mr. F. E. Chamberlain declared that, "Mr. Bagby's contribution is a real asset to Donley county, and provides an excellent means of recording a most interesting historical event."

"Seeing our neighbors in action at one of the greatest events ever presented in Donley county is well worth the small sum asked. Hundreds will no doubt avail themselves of the opportunity to see the 4th of July parade in dignity of rhythm and color at the College Auditorium Friday night," was the opinion of J. C. Estlack after viewing the complete picture in a preview showing Monday evening at the Club Room.

WELLS AND WORLEY IN FINAL RACE FOR 18th CONGRESS SEAT

Eugene Worley of Wheeler County

H. Deskins Wells of Collingsworth County

Two small town men, each in their thirties, residing in adjoining counties of the Eastern Panhandle, will fight it out in the August Democratic primary to decide which shall have the honor of representing the 28-county Panhandle district in the house of representatives at the national capitol. Eugene Worley of Wheeler county has represented the 122nd legislative district at Austin for the past six years and was prominently mentioned as possible speaker of the house when he resigned to make the congressional race. Wells is the publisher of The Wellington Leader.

Worley's vote is regarded as phenomenal by many in view of the fact that he received no active support from his home county due to the fact that Lewis M. Goodrich was also a candidate from the same section. Worley made few speeches, did very little advertising of any kind and relied upon his version of "they can out-motorcade me, out-advertise me, out-radio me, but they can't out-work me."

Wells had the united support of his home county and town. Large motoreds entered into his campaign; he made many speeches and used the radio extensively. His backers announce that the "public ain't seen nothing yet," as compared to the efforts that will be made in the run-off campaign now in full swing.

Gov. W. Lee O'Daniel

radio orator governor in Saturday's primary verified his song that "There Ain't Gonna Be No Run-Off." He received approximately 54 percent of the total votes cast for candidates for the governorship.

The latest count shows: O'Daniel, 509,054; Thompson, 202,056; Hines, 102,213; Ferguson, 80,010.

WORLEY LEADS IN DONLEY COUNTY. BIGGEST LEAD WAS IN GRAY COUNTY

Deskins Wells of Wellington, and Eugene Worley of Shamrock will be the opposing candidates in the run-off primary August 24th for the office of congressman from the 18th district to succeed Marvin Jones.

Of the three leading candidates, Donley county gave Wells 545, Worley 658 and Miller 235 out of a possible 2,300 votes.

Gray county gave Worley 2,053 votes as against Wells' 970. Worley split the Wheeler county vote with Goodrich. The bulk of the vote was almost evenly divided between the two. Worley was strong in Gray, Hutchinson, and Carson counties. Wells was exceptionally strong in Collingsworth, his home county. Miller was strong in several counties but received his biggest block of votes at home in Potter.

Worley's vote is regarded as phenomenal by many in view of the fact that he received no active support from his home county due to the fact that Lewis M. Goodrich was also a candidate from the same section. Worley made few speeches, did very little advertising of any kind and relied upon his version of "they can out-motorcade me, out-advertise me, out-radio me, but they can't out-work me."

Wells had the united support of his home county and town. Large motoreds entered into his campaign; he made many speeches and used the radio extensively. His backers announce that the "public ain't seen nothing yet," as compared to the efforts that will be made in the run-off campaign now in full swing.

REPUBLICAN CONVENTION IS CALLED FOR AUGUST 3rd

The Donley county Republican convention will be held next Saturday. Sessions will be held in the rear of the Donley County State Bank beginning at 2 p. m.

With the nomination of Wilkie as their standard bearer, local Republicans appear to have their hopes revived to a great extent. One spokesman, a democrat until recently, declared that the third term issue would result in a large number of independent democrats voting the republican ticket in November.

A "Wilkie for President" headquarters of belligerent democrats has already begun operations in Dallas.

This means that Favors is to represent the district in the legislature, without a run-off, and will be the first Gray county man elected to the position, representing the district.

For the district Favors polled 7,041 votes of which 3,934 were from Gray county.

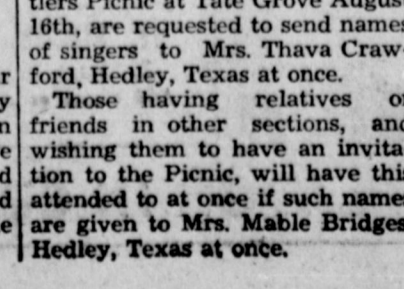

The total vote in Donley county gave Gribble 623 Favors 690 and Puryear 715.

The county vote will be found in tabulated form on page 6.

There will be few new faces in the courthouse official family after January 1st. Two offices will be combined. By a vote of 1203 to 1122, Guy Wright, present deputy sheriff, will succeed J. W. Adamson as assessor-collector of taxes as that office will be added to the duties of sheriff, according to Texas law.

Miss Helen Wiedman, recently appointed county clerk to succeed W. G. Word who resigned, will become both county and district clerk after January 1st, a provision of Texas laws. The combination of the two offices because effective in counties having less than ten thousand population.

Walker Lane withdrew as a candidate to succeed himself as district clerk after the official census count was announced officially.

Miss Ruth M. Richerson by a vote of 1226 to 1114 won the nomination for county superintendent of schools over S. W. Love, former county judge. George Kavanaugh, present incumbent, will resign about September 1st to assume his duties as school principal at Spade, and Miss Richerson will be sworn in to fill out his unexpired term. Miss Richerson will resign her position as teacher in the Borger schools where she has been teaching several years.

Mrs. Margaret Thompson retains her position of county treasurer, as does King as county judge, and John C. Knorrp as county attorney.

The commissioner's court will have one new man, Mr. Tollett of Precinct 3 of Hedley. He succeeds Mr. Nash who was not a candidate for reelection.

A complete vote tabulation of Donley county may be seen on Page 6 from state senator down to peace justice.

Four Youths' Vacation Trip

Drylanders Find Pleasure in Coast Travel

Youths growing up in the semi-arid west well might find many scenes of interest on the salt water coast of the Gulf. Four local youths, Fred Chamberlain, Jr., Billie Headrick, Coley Huffman, Jr., and Dan Boston.

Going by way of Austin, they gave the state capitol the once over and headed for Galveston, their first seaport town. The size of the town was somewhat of a disappointment, one of them stated.

Houston and other coast towns were included in their itinerary until they reached the captivating New Orleans where a more lengthy stop was made. Days were required to see the principal sights, and our wide awake fellows never skipped anything.

The entire trip was made without mishap, and much information was stored up for future use.

ZEKE SEZ

By Nugent E. Brown

AUSTIN—As this is written (Sunday) it appeared that the governor's race was decided last Saturday, as the writer predicted ten days beforehand.

Re-election of Governor O'Daniel means a telling blow has been dealt autocratic department heads in the 100 various bureaus at Austin. Most of these department heads will now come out from behind and declare undying fealty to the governor. But they are not fooling anybody. For instance, one high-salaried official in the State Department of Public Welfare had taken time out to campaign for one of the opposing candidates for governor and he will be found back on the payroll after August 1st. He had merely "resigned" for 60 days. Just one of the many instances of how they tried to beat the governor. The last four weeks of the campaign saw one of the bitterest fights ever made on a governor running for his second term.

On last Friday night, at 7 o'clock, a "news-cast" was broadcast over the State network during which various salaried newspaper reporters and others scattered over the state took the mike to tell how the Kernel was winning everywhere. It sounded like a real newscast but those who listened to the end saw that it was paid propaganda in a desperate last-minute effort to defeat the governor. Yet some of the big daily newspaper editors wonder why the "dear peepul" have lost a lot of their old-time confidence in the press! Small town editors, for the most part have learned

long ago that methods employed in political campaigns by the big papers are oftentimes crude and fail utterly to influence the average reader.

The vote for Governor O'Daniel was, after all, largely a protest vote against the "professional politicians". By the term "professional politician" is meant the methods employed by old-timers to win their races by fooling the people. Yet the editors of some of the big dailies seem to think they still can influence a state-wide campaign when they use devious methods in an attempt to put something over.

Most people will now see, as soon as the smoke clears, that paid publicity men put over columns of reading material in the papers that was pure buncomb. For instance, "political pages" in some of the state's largest newspapers carried "special" releases that were filled with pure fancy, the creation of half-baked publicity writers. Real honest to God reporters will not stoop to writing such silly rot, but there are still some papers that will use a lot of the stuff. File away a copy of some of these pages, then pick one of them up 60 days from now and see hot utterly ridiculous the stories sound in the common sense realm.

After all, this is still America. It couldn't have happened in a totalitarian state such as dominant Europe today. This is the real democracy and our recent campaign is an example of how a free people can act for themselves in spite of all human limitations.

Why not sing, "God Bless America"? We can all join in that.

Mrs. Hattie Palmer and son Jimmy recently spent several days with relatives in Amarillo.

Mr. and Mrs. Harold Phelps of Lubbock spent last week visiting points of interest including Pikes Peak, Royal Gorge, Salt Lake City, and Boulder Dam.

TEMPLE OF TRUTH

The past week has been a hard week. In the rounding up of the political issues, talking to the many who came along in a mad race for office, and this all coupled with the extremely hot, dry weather—but why go on.

SEVEN-COUNTY RESIDENTS WILL HOLD REUNION
Did you ever live in Hill, Johnson, Ellis, Navarro, Bosque, Hamilton or Erath county? Folks on the south plains coming from either of those counties are to hold their annual reunion at Buffalo Springs Lakes near Lubbock, on the Slaton Highway on Saturday, August 3, 1940.

Take along a batch of chuck. There will be no pesky speakers or formal entertainment. Just a grand old time of renewing acquaintances. There will be no charge made for the use of the grounds. Everybody from the above named counties are urged to be there.

Says Donley County Leader Plays Fair

Donley County Leader, Clarendon, Texas
To The Editor:

As a fellow newspaperman who has been in Pampa eleven years, I want to commend and congratulate you for your fair stand in the congressional race. As you know, this is the first time in a generation that editors of Panhandle newspapers had a chance to be tested in a congressional race, because Marvin Jones has been taken for granted by the editors these 25 years, and the people have been waiting to see just how the editors of their papers would deport themselves in a wide-open race. I have read your paper carefully since the campaign began and I think you have been fair and just, and I think it has been your purpose to let the people hear and see the candidates and let them decide for themselves.

Several newspapers in the Panhandle have been fair to only one candidate in the race—they have carefully boycotted all other candidates but this one man, and have not given any of the other candidates any appreciable space in their newspapers.

Particularly have they been unfair to the favorite candidate of Pampa and Gray county—Eugene Worley of Shamrock. When the congressional race began Mr. Worley had friends among all the newspapermen, but he did not have a single paper backing him. As the race progressed the newspapermen of the Panhandle began

to realize that they had in Mr. Worley a candidate who could fill Marvin Jones' place—a man who could be fair to us humbler citizens as well as big shots.

At the present writing, Mr. Worley has a majority of the newspapermen of the Panhandle on his side. They believe in him to the exclusion of the others and they want to see him elected, but at the same time they are not closing their columns to the other candidates, as some newspapers are doing. So it would be a malicious falsehood to intimate in an editorial that the Panhandle press is supporting one candidate. Only a few newspapers in the Panhandle are supporting one candidate in the race and boycotting all the other candidates. After a casual survey, I would say that the press of the Panhandle, except a few unfair newspapers, are supporting the candidacy of Mr. Worley.

I am writing you this letter to let you know that Pampa and Gray county will vote for Mr. Worley who is from Shamrock. I believe that he will get at least 65 or 70 per cent of the vote in this county, and that is a tribute to him considering that there are 12 candidates in the race. I also think that it is more unusual for Gray county to support Mr. Worley so wholeheartedly than it would be for his home county to support him; or for any home county to support their own candidate in the race, because Sham-

rock is 60 miles from Pampa. But Mr. Worley made such a good record in the legislature, he is such an able speaker, and he is such a clean candidate that it would only be natural for the people of this county to vote en masse for him.

The "Mr. Worley Goes To Washington Club" which comprises 600 high school and college students and 2,000 voting parents, is proof of Mr. Worley's worth, and it appears obvious that such loyalty in a town 60 miles from Mr. Worley's home county must be deserved. We think up here that Mr. Worley's support in Pampa and Gray county is far more impressive than the support being given any other candidate in their home county—because it is not his home county. Yet we would trust Mr. Worley above all other candidates because he has represented us in the legislature before.

Also I would like to predict that Mr. Worley will get a bigger vote in the home counties of his opponents than they will get in his. Mr. Worley has waged his clean campaign without benefit of radio or billboard (having been an honest legislator at Austin), and the peak of his campaign is coming at the right time. He did not, to use a slang expression, "shoot the works" at the beginning of his campaign. People all over the Panhandle are beginning to realize that Mr. Worley is the man.

In conclusion, I would like to emphasize that if you would like to see a perfect example of loyalty to a candidate, you could come to Pampa and stop.

Yours truly
Archer Fullingim

The above letter was set up and would have been printed in our issue of last week except for the fact that we had other matter pertaining to Mr. Worley's candidacy. We give the letter to our

CATTLE SHIPMENTS FALL OFF, REPORT SHOWS

AUSTIN, July 31.—Slumping 16.4 per cent from the like period of 1939, livestock shipments from Texas ranches to the Fort Worth stockyards and out-of-state points from the first six months of 1940 have totaled only 36,278 carloads, the University of Texas Bureau of Business Research reports.

Falling cattle movement accounts for most of the decline, the bureau report indicates, while sheep shipments show the only gain.

The June movement of livestock followed the 1940 trend, dropping 17.9 per cent from June 1939. A total of 2,212 carloads of cattle moved, a drop of 23.5 per cent; calves 799 cars, down 12.2 per cent; hogs 583 cars, down 21.6 per cent; and sheep 1,106, down 5.1 per cent.

Shipments for the first half of the year included 21,745 cars of cattle, a decline of 24 per cent from the corresponding period of 1939; calves, 5,066, down 5 per cent; hogs 4,312, down 9 per cent; and sheep, 5,155, up 9.4 per cent.

It is with a grateful heart that I thank my supporters. And to those who did not support me, I shall take pleasure in serving you, too, with all the talent and training at my command. I invite your cooperation in building better schools in Donley county, the work in which I have been engaged for the past eleven years.

Miss Ruth M. Richeson.

"If I Had My Way" Popular Song Called Crosby's Best Film

Bing Crosby's recording of the title song for his new Universal picture, "If I Had My Way," showing Saturday Night Prevue, Sunday and Monday at the Pastime Theatre, is the best in the singer's career, in the opinion of David Butler, who produced and directed the film.

The song is a revival of an old-time hit by James Kendis and Lou Klein, and is one of the two solos Bing sings in the picture. The other is a new number by Johnny Burke and Jimmy Monaco titled "April Played the Fiddle."

Bing and his youngest co-star, little Gloria Jean, sing three new duets, "I Haven't Time to Be a Millionaire," "Meet the Sun Halfway" and "Pessimistic Character." The score in general is considered the most attractive that Bing has had in a long while, according to Butler.

In addition to the musical se-

quences, "If I Had My Way" contains many comedy-drama highlights. Charles Winninger and El Brendel head the supporting cast which includes such stars of yesterday as Trixie Friganza, Grace LaRue, Eddie Leonard, Julian Eltinge and Blanche Ring.

MATTRESS MAKING TO START HERE SOON

Mattress making under the government program will start within the near future, County Agent H. M. Breedlove said today, and plants will be established at several points throughout the county.

Ladies of local demonstration clubs will supervise the mattress making, the agent said.

Already half of the cotton needed has been received, Breedlove stated, adding that as soon as the ticking arrives demonstrations will be held, by a College Station specialist, to acquaint the supervisors with their work.

Mr. and Mrs. E. F. Bryan of Amarillo visited relatives here over the week end.

EPISCOPAL CHURCH

Rev. E. W. Henshaw, Rector

The Episcopal Church in Clarendon announces a change in the hour for morning worship during the months of August and September. In place of the customary hour of eleven o'clock services will start at half past nine, thus avoiding to some extent the mid-day heat. This Sunday the service will be that of Holy Communion. A cordial invitation is extended to all who wish to join in this beautiful service. The Rev. Edgar W. Henshaw announces as the sermon subject a question which is in the minds of many people at this time "Can American Democracy Survive?"

A CARD OF THANKS

I deeply appreciate the loyal support given me in last Saturday's primary. To all those who voted for me, or assisted me in any way during the campaign, I extend my sincerest thanks. I also want to assure all those who voted against me that I bear you no grudge, and shall do my best to be as fair as I know how. To friend and foe alike, I ask the cooperation of all that Donley county may continue along the lines of progress and advancement for the best interest of all her citizens.

Respectfully,
J. H. Hermesmeier.

COUNTY TO HAVE BOOTH AT STATE FAIR

J. R. Gillham, local Vocational Agriculture instructor and secretary of chamber of commerce, was notified this week that Donley was one of the approximately sixty-four counties chosen to prepare county booth exhibits at the state fair this fall. A recent notification had been received informing Gillham that space had been reserved for him for a booth, and with the closing date for securing booths passed the above information was mailed.

In addition to preparing a county booth, local F.F.A. members plan to exhibit approximately 75 head of fat barrows, one head of fat beef, and approximately 150 head of prize poultry. Chester whites, Berkshires, Spotted Poland, Durocs, Polands, and Hampshire's will be featured by the local group in their exhibit. Bobby Marshall, Redell Henson, J. F. White, Russell Morris, Carl Morris, Bobby Harold Smith, Jr., and Gene Bullman Lee Christie, and Herman Higgins are among the prospective exhibitors whose stock show promise of being prize winners this fall.

Max Boyer Sees Victory Aug. 24th

PERRYTON, July 29.—Max Boyer, leading candidate for State Senator, expressed appreciation to the voters today for the good vote he received throughout the district. "It is pleasing to me to know that in all counties combined outside of Potter County my vote exceeds my opponent from Amarillo by over six thousand. When you consider that four-fifths of the Senatorial District vote is outside of Potter County, there is no question as to the final result on August 24th. I am especially glad to know that each of the ten counties which I have represented in the Legislature for four years gave me an overwhelming majority. It signifies definitely to me that the people of the Panhandle believe the time has come to elect someone State Senator from one of the smaller counties." Boyer was indefinite as to plans for the run-off campaign.

CARD OF THANKS

I wish to thank the people of Donley County, for the support which I received at the polls on July 27th, and to assure the citizenship of this county that I will try to merit the confidence placed in me, and to show my appreciation of that trust by giving in return therefor the very best service possible.

**Worley's Home
County Presents
United Action**

WORLEY'S MODEST LAW
OFFICE NOW BEEHIVE
OF ACTION

An age-old rivalry between two leading cities of the Eastern Panhandle flared anew this week

when Shamrock, home of Congressional candidate Eugene Worley, declared political war on her neighbor to the south, Wellington, habitat of H. Deskins Wells, who is pitted against Worley in an 18th district run-off which promises to make political history in the Panhandle.

Feuding between the two cities as well as the counties of Wheeler and Collingsworth has gone on for years, ranging from respective football gridiron to chamber of commerce directors' rooms but this forthcoming struggle will

witness for the first time the entrance of politics into the arena.

In Saturday's primary, voters of the congressional district selected Worley and Wells to make the run-off from a field of 12 candidates.

For two months the residents of Collingsworth county have been "whooping 'er up" for Wells, publisher of the Wellington Leader, and it embittered Wheeler county folks not a little that an unfortunate situation of having two Shamrock men in the race forced them to sit calmly by and not raise a voice in behalf of either.

Saturday's primary ended that, with Worley placing second to Wells despite a substantial vote polled by Lewis M. Goodrich, other Shamrock aspirant to succeed Marvin Jones. Bright and early Monday when the outcome became known, Wheeler county citizens started gathering in stores, offices and on street corners, anxious to enlist "for duration."

By the scores farmers, laborers, merchants, professional people and just "plain folks" thronged Worley's office pledging moral and financial assistance in the campaign. Every man, woman and child in the county will be called upon to lend their full efforts for Worley in a political barrage, the like of which has not been seen in the Panhandle. They are only awaiting the "Go" signal to "shoot the works" in behalf of Worley, who, single handed and

without finances fought his way to second place among the 12 strong contenders for the post formerly held by Marvin Jones.

"If Gene Worley could get 9,324 votes in the first primary without a helping hand from his home friends, when Wells had a whole county working for him, Gene can't lose now," was the common opinion expressed by Worley's home folks.

Most of the eliminated congressional candidates have already pledged to Worley because of the clean, courageous fight he made against such odds and leading supporters of the Wheeler county lawyer are confident of victory in the August election.

Wheeler county's favorite son is no amateur in lawmaking, for Worley has represented the 122nd legislative district in Austin for the past six years where he made a wonderful record as a legislator. He was prominently mentioned as possible speaker of the house when he resigned to make the congressional race.

Dorris Fowler has been a hospital patient in Amarillo for several days following a minor operation.

Mrs. A. D. Blanton returned home Saturday after a lengthy visit with her son H. A. Blanton in Denver.

The Leader is \$1.50 per Year.

Worley Thanks Voters

"I am grateful for the fine vote given me. I shall continue the campaign as a one-man job. I shall always be grateful to the people for the fine vote which placed me in the run-off, and if I am selected the congressman I assure the people they will have only one representative. I am making the race by myself, and I shall be the congressman by myself and for the entire district without dictation from any group.

"I have not been financially able to advertise in the newspapers or over the radio or to hire people to help me. I am glad to say I won my support by my own efforts and the aid of my friends who had confidence in me and said a good word for me. I shall conduct my run-off campaign in this manner. I believe my six years of experience in the Texas legislature—and with a record that led my district to support me strongly in the congressional race—has given me the needed experience for the congressional job. Many of our leading Texas congressional leaders obtained their first experience in the legislature, and they have become national leaders.

"My opponents of the first campaign are all fine men. The campaign was a clean one, and I feel that the run-off campaign will be the same."

Wells' Headquarters Issues Statement

"Deskins Wells, who led his nearest opponent by approximately 8,000 votes, in the first primary today extended his thanks to the people of Donley County for their support."

"I am deeply grateful to the people of Donley County for the splendid vote you gave me. I appreciate the many courtesies shown me by the other candidates in the race. When I think of the loyalty, the confidence and the hard work done in my behalf by friends in every county and community of the Panhandle, I am very proud. My hope and my firm determination is to so serve you when you send me to Washington that I will merit such support and such friends."

Wells, 38 year old country editor, who has been outstanding in farm and civic work for 15 years, surprised even his most loyal supporters by the strength of his vote in every county in the district.

In expressing his deep thanks, Wells declared that he would continue his dawn to midnight campaign with every ounce of energy at his command.

Spice pinks have filled the air with fragrance and given the gardens an old fashioned atmosphere.

Zinnias in bright red, golden orange brilliant pink and mauve have added life and color to the gardens of Jim McMurtry, Dr. Evans, Boston, Trent and Gentry.

The outstanding blooming shrub of the week is the crepe myrtle. Some of the largest of these graceful shrubs are at the Crockett Taylor's and Tom Connally's.

Some stately dahlias of unusual height and gorgeous blossoms are noticeable at the Tom Goldston's.

The lawn at the Methodist church and Rev. Palmer's are carefully worked and very attractive.

At the same time I realize the great task of continuing that fine record of maintaining respect for the law in a county that holds one of the very best records of the state. Wheat Growers Favor Loan Plan

Indications are that more than 90 percent of the 1940 wheat harvested in the major wheat countries of Texas will be placed under government loan.

Reports from county AAA offices and an inspection tour of the major counties indicate that nearly all the wheat producers in 123 Texas counties will take advantage of the loan offered by the Commodity Credit Corporation, P. C. Colgin, state wheat loan supervisor, predicted. During June, the first month in which the loan was offered, 257 loans were made on a total of 205,436 bushels. The supervisor expects the amount of loan wheat to greatly exceed the 15,759,986 bushels, representing 10,807 loans, stored last year in both farm-storage bins and warehouses.

Greater emphasis is being placed this year on the advantages of farm storage of loan wheat, and much of the wheat placed under the loan will be stored on the farm in counties eligible for that type of storage. Held over under the extension of the 1939 loan were 187,452 bushels of wheat in farm storage.

Three main reasons why the loan is attracting more wheat this year than last were listed by Colgin: (1) the loan rate is equal to or a little above the current market price; (2) producers who availed themselves of the loan last year netted a profit by holding their wheat for a better market; (3) the loan makes it possible for the producer to realize some cash return immediately and at the same time keep possession of his wheat while awaiting a market upturn.
