CLARENDON CHRONICLE

W. P. BLAKE, Publisher

(35 years ago in Donley county.)
 Mrs. T. C. Ranson of Giles has returned from the cattleman's convention.

Misses Agnes and Lillie Devine and Miss Jessie Smith shopped in Clarendon Saturday.

Miss Lora Kimberlin has returned from Sulphur Springs. Her mother is greatly improved at that point.

Rev. Sebe Thomas was in town Monday, on his way to Estelline.

J. S. Young is completing his nice new home at Giles south of the Coursey place.

Mr. and Mrs. Alfred Rowe left this week to tour California with friends.

Mrs. W. E. Reeves of Rowe has been suffering with the mumps.

Iowa parties visited the Sol. Owens place Saturday near Alameda. They want to buy 10,000 acres on which to locate a Dutch colony.

Mrs. P. A. Smith's new store has been completed at Rowe.

S. D. Justis of Whitefish had business here Tuesday.

Mr. and Mrs. E. B. Dishman of Rowe visited friends here Sat.

W. A. Russell and C. D. Caraker of Bray bought supplies here Monday.

Rich Bowlin, east of town, is confined to his bed with illness.

J. M. Wattenbarger has bought Mrs. Babb's residence for \$1200.

Mrs. W. M. Stevens arrived from Texarkana Sunday accompanied by her daughter, Mrs. Alie Hooks who is moving back here.

Ormal Hill of Bray purchased some farming implements here Saturday.

Dr. Gray has bought the Leihauer building now used as a barber shop.

Mrs. E. S. Sharp of Grand, Okla. is visiting her brother, Jim Rutherford.

Miss Maude McLean has returned home. Her school near Childress had run out of money and closed.

While Miss Gable Betts was home for dinner April fool day, the children decorated her desk with flowers and placed a large cake with candy in the center. After recess, Miss Betts and the children had a spelling match and ate cake and candy that afternoon.

Better Alfalfa Seed Needed

According to County agent H. M. Breedlove, farmers in Donley county who grow alfalfa will have the opportunity to certify their alfalfa seed. This request has been made by farmers of the Lelia Lake community Breedlove stated and work has already started to organize a "Certified Alfalfa Seed Growers Association" in Donley county.

Breedlove stated that a member of the state board of "Field Seed Certification" would visit the county in the near future and at this time a meeting would be held for the purpose of organization of the association.

There would be several advantages of this organization Breedlove stated and one of them would be an increase in price for certified seed. There are now only about three certified alfalfa seed growers in the state.

CHAMBER OF COMMERCE MAKES ANNOUNCEMENT

As a result of a continual call at the chamber of commerce office for house workers and for apartments and houses, J. R. Gillham, chamber secretary, announced today that a file would be kept at the office for the purpose of providing information for those desiring workers or houses or apartments. No charge will be made for the service, and the chamber of commerce will not act as an agency as its sole purpose will be to provide information.

Every person desiring to do housework should phone 522 or write the chamber of commerce office and state their name, address, and conditions under which they desire work, and as individuals call at the office for information concerning workers, this material will be furnished them. Those parties having apartments or houses for rent should leave the address of the apartment or house and the conditions under which they desire to rent. Through cooperation of the NYA Residence Home a worker will be in the chamber of commerce office each day from 8 a. m. to 12 and from 1 p. m. to 5 p. m. to provide information desired.

During the past twelve months the office has had many calls for

FORMER ROWE RANCH FOREMAN DIES

Wm. Beverly, 87, foreman of the Rowe ranch in 1887, passed away Sunday at the home of his son in Amarillo.

He was one of the few old trail drivers of Indian days, and known to all old ranchmen of the Southwest.

Survivors include two sons, Lieut. Col. George H. Beverly, Dayton, Ohio; James R. Beverly, former governor of Puerto Rico, San Juan; a daughter, Mrs. C. G.

Williamson, Sacramento, Cal., a brother, James Beverly of Denver; three sisters, Mrs. F. B. Sharp of Fort Sam Houston; Mrs. W. G. Cockey, Salina, Kan.; Mrs. Will Teare of Denver.

The Surplus Marketing Administration of the Department of Agriculture announces that an estimated 2,000,000 pounds of butter were bought with blue stamps in September. Approximately 100,000 cows would be required to produce the milk needed.

Mr. and Mrs. G. E. Norwood and Elise spent the week end with relatives and friends in Amarillo.

Tenant-Purchase Opportunities

Tenant farmers of Texas will have another chance to become farm owners when the Farm Security Administration begins taking applications on April 15 for long-term, low-interest loans with which tenants may buy farms.

"Many farm families have ownership of a family-size farm as their goal, and it is for these people that the FSA's tenant-purchase program is designed," explains C. M. Evans, regional director. Sharecroppers and farm laborers as well as tenants are eligible for these loans, but preference is given to families that have adequate livestock and equipment.

These loans are repayable over a 40-year period at extremely low rates of interest. An unusual feature is the variable payment plan under which farmers pay more in good years and less in poor ones. Farmers to whom these loans are made choose the farms they wish to buy and are not restricted to fully-improved farms, for the loans may include funds to build or repair the home or make other improvements.

THE TEMPLE OF TRUTH
By the Apostle

GOVERNOR MAKES GOOD.
If Gov. O'Daniel never does another thing, he has accomplished one of the most valuable things for Texas as any governor for many, many years. I refer to the Anti-Strike Bill. That law does not take any rights from a union labor man. Not at all. But it will protect him, as well as the public, from the racketeering practices of the so-called labor leader. It is an All-American law. Every one who believes in the American way of life and a square deal for both labor and capital, will agree with the purposes of this new law. And again, thousands are praising the Gov-

ernor's logic, his will to do and the fact that he put forward this all-important measure and brot pressure upon the lawmakers and made them get busy on the job. We only wish that we had space to print the law in full.

MEETING THE DOCTOR.

While in Lubbock over the week end, I had the pleasure of visiting with Dr. R. Z. Abell of Abell Sanatorium at 1841 Broadway Street, Lubbock. It is a lovely place with all conveniences. He has a large number of patients on hand all the time. He specializes in nervous and chronic disorders. He has had thousands of patients. They send him more patients. Dr. Abell was, for some 20 years, a member of the Milling Sanatorium staff at Mineral Wells. Hundreds of our folks in Donley and the north plains know Dr. Abell.

Besides being a very fine man, he is skilled to the extent that he gets results. The Abell Sanatorium is a drugless institution just as is Millings at Mineral Wells, and the Glen Rose sanitoriums. If you need his services, write Dr. Abell, or better still, go to see him. This is being written by one of his former patients whom he saved from a major operation and death in 1935. Gratitude and nothing else.

ABBREVIATED.

With our present day styles, girls are fond of them but not necessarily wrapped up in them. Unless you find one with a "coat-ed" tongue and who gets her breath in short pants.

HOME SPUN STUFF.

How is a guy going to 'grasp opportunity' lounging around with both hands in his pockets? The man who flares up most frequently, doesn't shine very long. Plastic wood may be heated and bent into any kind of a shape, we read in a lumberman's magazine. This is a chance for Charley Mc-

Carthy to acquire a little sister. You can't tell what goes on in a bathing pool until you see what comes off. Grandma didn't need any bending exercises; she used her wash board.

MONKEY-SHINES.

At choir practice, they were baffled with a new anthem. "Now, don't forget," said the ball-headed guy who had worked himself into a lather twirling the chair rung, "the tenors will sing alone until we come to 'the gates of hell,' then you all come in."

OLD SAYING.

People who complain that the home weekly does not print all the news, should be glad that it doesn't.

WALKER vs. RIDERS.

After seeing an old lady knocked down on the sidewalk Friday night, and helping her up, and listening to her request that nothing be printed about the matter, a thought came to mind. This thought is that if the bicycles

have the sidewalks at night, the folks who walk should be allowed to use them during the day period. Often as many as three bikes are on the sidewalk in one block during the day. Ain't there some way to have an understanding about this growing menace?

TWO CLASSES.

The people of the United States may be divided into two classes: Those who want publicity, and those who "say" they don't want it.

OUTDOOR SPORTS.

When the writer asked a highway cop here Tuesday for his most amusing experience, he quickly replied: "That can be boiled down to one thing. That is in looking over the collision between two motor cars, each on its own side of the highway, each sounding its horn and stationary."

QUEER ANIMAL.

An American is a queer animal who will all but break his foot neck dashing around to save ten minutes he hasn't the slightest use for.

Mrs. Karl Adams and daughter, June and Maryn Maher, visited her daughter, Mrs. Holt and family in Lefors Sunday.

ever faster pace. Practically every business index continues to reflect that progress. Plant-expansion contract awards by Army and Navy for January are an example: They totaled \$375,685,332 worth—more than half as much, in that one month, as the total for the final seven months of 1940. Highlights of recent construction awards give an idea of where and "what-for" some of the chunks of this money are going: Ordnance depots, at around \$8,000,000 apiece, for Anniston, Ala., Fort Wingate, N. M., and Hermiston, Ore.; New \$10,000,000 aircraft manufacturing and assembly plant for Omaha, Neb.; an additional \$6,000,000 was allocated for additional construction and operation of an ammunition-loading plant at Ravenna, O., bringing the total awards for this particular project up to better than \$48,000,000.

of 1929 or 1937. Greatest payroll gains since July, 1939, have occurred in the five states adjacent to the Great Lakes. Here are located most of the country's steel capacity, many of its auto and truck plants, and a multitude of other light and heavy industries which normally turn out nearly one-third of the nation's manufactured products. Total payrolls in this area have averaged a jump of more than 50 per cent in last 18 months. The mid-Atlantic section of New York, New Jersey and Pennsylvania is not far behind. It ordinarily accounts for about a fourth of national manufactures, and pay rolls there have whooped up by 37 per cent. Pacific states have found their factory employment boosted mostly by in increase in aircraft and ship-building activity—and payrolls there show a 38 per cent rise.

ACE AREAS—The nation's factory employes are now getting nearly a quarter billion—\$250,000,000—weekly in their pay envelopes, topping any peak periods

THE BORDEN COMPANY Southern Division AMARILLO, TEXAS

February 14, 1941

Gentlemen:

Early in 1940 there was a general trend pointing to increased cost of all raw materials and commodities used in the manufacture and selling of ice cream, and in most sections of the country ice cream prices were advanced. We were hopeful at that time that this trend would not continue and that economies might be effected to offset these advances, and consequently we made no change in our selling prices. Experience for the year shows an increase of 12% in our finished products cost. During the Fall of 1940 milk products increased as much as 30% over 1939 and there was a general advance in cost of packaging, both paper and steel, as well as flavoring, fruits and other ingredients. Increase in selling and delivery expenses as well as taxes must also have consideration. As a consequence, we have no alternative but to make a slight advance in our selling prices effective as of February 15, 1941. New schedule of prices is attached.

Yours very truly,
The Borden Company,
Southern Division,
P. F. Edquist,
General Manager.

In accordance with the above, we are forced to make an increase in our retail price. Effective April 10th, our price on pints will be 25c and quarts 40c.

**Chiropractics --
-- Radioclast**

Some time in the near future I will have a RADIOCLAST diagnosing and treating machine in my office.

This instrument, the RADIOCLAST, is the means by which disease in any part of the body is detected. Scientifically, it is one of the greatest discoveries of the day, and is the finest and latest instrument of its kind on the market. In making an examination with this instrument no questions will be asked, but you will be told what your trouble is, where it is, its intensity and the procedure for correction.

If you or any member of your family are ill, or feel that you have some unknown cause for suffering, it will pay you to attend this clinic regardless of any examination you may have had in the past. A nominal fee will be charged for each examination. IF YOU ARE NOT SATISFIED WITH THE EXAMINATION, YOUR MONEY WILL BE REFUNDED.

We will only be able to accommodate a limited number of people, since each examination requires approximately one hour. Therefore, I urge you to telephone early for an appointment, or call in person at our office.

COYOTES GETTING LAZY

Some one, upon hearing this yarn, declared Texas coyotes are getting lazy, but it appears it is just another indication of the shrewdness of the breed. Coyotes in Texas have taken to skulking the highways and making their meals upon the birds and animals killed by motorists on the roads. This practice has been reported to the State Game Department by several wardens and interested sportsmen who have seen coyotes dragging dead birds and animals from the highways.

Misses Dorothy Jo Ryan, Imogene Douglas, Babb came over from Lubbock Sunday and spent the day with Miss Ryan's home folks.

MIDWAY
Mrs. John Goldston

A number of our folks are ill this week. Mr. Joe Jones, in the N. W. Hospital in Amarillo, is reported improving since an operation the past Wednesday. His son stays with him constantly and Mrs. Jones and Mr. and Mrs. Ernest Jones go up each day.

Mrs. W. K. Davis is at her home now, improving since a very ill stay in the St. Anthony Hospital in Amarillo.

Mrs. J. A. Meaders is going to Amarillo for treatment by Drs. there.

We regret the serious illness of Paul Smith and two boys, who all have flu pneumonia, and Bobby is very ill.

Elmo Riley is to demonstrate an invention of his on the W. K. Davis farm soon; an attachment to a tractor that measures the land as it is planted, showing the farmer the exact acreage of cotton or feed he is planting. A wonderful aid to the farmer in the farm program.

Mrs. Stone received word Sunday of the serious illness of her mother in Lubbock. She left at once to be with her.

Joe Williams was home from school in Lubbock Saturday and Sunday.

Mrs. Gene Chamberlain and Johnny and Mrs. Thomas Clayton of Memphis spent Friday with their parents. Betty John Goldston returned with Mrs. Chamberlain for a week end visit, and Mr. Brame returned also with them to see Drs. in Memphis.

Mr. and Mrs. W. M. Pickering visited with Mr. and Mrs. W. K. Davis Saturday morning.

Mr. and Mrs. John Chamberlain and Ben visited the Gene Chamberlains in Memphis Tues.

Mr. and Mrs. Henry Riley and son Elmo of Shamrock visited in the W. K. Davis home Sunday.

Mrs. Pete Riley underwent an appendectomy at the Adair Hospital Tuesday.

Romeo Derrick has been confined to his bed the past week with the flu.

Mr. and Mrs. Reamer visited in Spearman from Friday to Sun. Mr. and Mrs. Hefner visited their son Ray and family in Amarillo Sunday.

Ben Chamberlain accompanied the Rhodes family to Amarillo Sunday to visit Mr. Joe Jones. Miss Stiddaman of Oklahoma visited her brother, Mr. Quattlebaum over the week end.

Betty John Goldston spent Tuesday night with Leona McCraw in Clarendon.

Jack Chamberlain of Oxbow ranch visited his parents Saturday.

Gordon Miller of the Rowe ranch was called to El Paso the past week by the draft board. A farewell dance was given him at the ranch.

Donley Co. Leader, \$1.50 a year.

Mr. and Mrs. Henry Tatum and children visited his mother in Wichita Falls Sunday.

Mrs. Reagan Bryan and Mrs. Ernest Hunt were in Amarillo Monday.

They Go Together!

An Open Letter to Easter Brides..

Dear Easter Bride:

about how you and an all-electric kitchen go together. Chances are you're dreaming and planning the wonderful home you'll make for Jack. But have you thought how easy and how practical it is to start off with everything clean and cool and white and beautiful? And how wonderful it is to have your kitchen STAY clean and cool and white and beautiful!

"Home-making, you know, isn't all a bed of roses IF the home isn't modern or if it lacks the up-to-date comforts and conveniences your friends enjoy.

"So I want to give Jack a hint: suggest to him that he call us today. Ask a salesman to come out and explain our budget plan which makes it easy for newlyweds to start right away enjoying the many benefits brought to West Texas homes by CHEAP Electric Service."

Your Electric Servant,
Reddy Kilowatt.

West Texas Utilities Company

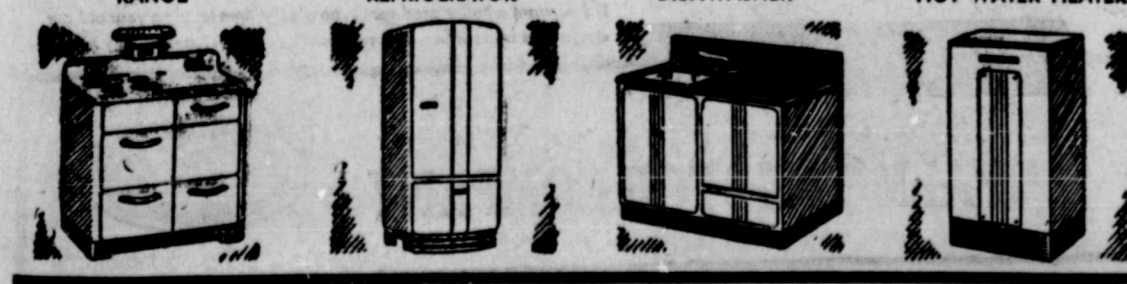

"OUR salesmen are in the midst of a campaign to provide electric servants in every home where the womenfolks are over-worked... dishwashers, food mixers, new refrigerators, ranges, hot water heaters, and the like. That, of course, means I, Reddy Kilowatt, do the work—and the ladies merit credit for being neat, clean, cool and lovely home-makers.

"Maybe the boys haven't contacted you, not knowing you're to be an Easter bride.

"If they haven't--well, let me get in a word

Mr. and Mrs. Dale Nix of Canadian and Mr. and Mrs. Rhindan of Phillips visited Sunday with their parents, Rev. and Mrs. Quattlebaum.

Rayburn Smith Jr. visited his parents here the past week end.

DONLEY COUNTY MUSEUM IS VALUABLE CIVIC ASSET

(The following article appeared in the special St. Patrick's Day edition of the Shamrock Texan of March 17, 1941. The article was contributed by Editor J. C. Estlack of the Donley County Leader upon the request of Editor Albert Cooper of the Shamrock Texan.)

The Donley County Museum of Clarendon, Texas was started in March of 1936, being sponsored by the ladies of the Les Beaux Arts Club. The Museum is maintained by voluntary contributions. The principal object was to preserve to posterity the priceless articles of pioneer days.

Soon after, the Museum sponsors found that articles of rare value and interest were to be found in many homes. Within a few months, there was on exhibit several thousand articles ranging from prehistoric times to those of the pioneers of some forty years ago.

The oldest articles are the fossil remains of animals living in this section millions of years ago.

The exhibit, in the main, consists of articles from the homes of our first settlers. A Majolica pitcher dates back more than four hundred years. It, along with other articles of the family, were buried during Civil War times in Virginia.

One room is fitted up to represent a room of the average home of a half century ago. The organ, marble top bureau, a wash stand of similar type, old style bedstead and a trundle bed. The coverings are largely hand-made and represent rare skill of the mothers of pioneer days.

In glassed cases are articles such as silverware, jewelry, fans, shoes, dresses and many other reminders of the days of fifty to one hundred years ago. The large case showing the dresses and other 'finery' are of special attraction to the ladies. Every dress is a work of great skill and of the finest material.

Next we pass to the pots, kettles and pans. Lots of them showing all types even to the various

types of coffee grinders turned by hand. One marvels at the strength and endurance of the mothers of former years when one chalks up her achievements with her crude 'weapons' with which she fought privation and hardships of pioneer days.

The most interesting exhibit of the fathers of yore is the fourteen nicely initialed shaving mugs. Many, or most all of them, bear the name or initials of the owner. Some date back more than a half century.

Indian women had their trials. This is attested to by the Metates, manos and other 'utensils' of the older pioneer. War and hunting implements are included in this exhibit.

Saddles, regular and side saddles, ox yokes, plows of early make, blacksmith tools, bullet molds and guns in variety tell something of the hardihood of the forefathers.

In fact when you see the exhibit in the Donley County Museum, you may make the journey round the rooms beginning with the prehistorics, and trace man through all the ages of development down to within thirty years ago. The cattle industry brought saddles, bridles and branding irons. You may see most any type of these.

Home life is pictured in a manner that will recall to elders their childhood days. Did you ever pump up and down on a churn? Did you ever see mother 'paddle' out her washing? These and dozens of other reminders will be seen in the exhibit of thousands of interesting objects.

No admission charge is made. The Museum is open to the public every Monday afternoon. School groups may visit the Museum most any day by appointment.

This Museum is a monument to the enthusiastic desire of a small group to please and inform the thousands who visit the exhibit. If you have any article of merit, the Museum would be pleased to have that article either as a gift, or as a loan.

The exhibit is on the ground floor of the large college building on the hill in the west part of the city. You are welcome to see and enjoy it to your heart's content.
