CLARENDON, DONLEY COUNTY, TEXAS, APRIL 2, 1942

A Common Paper for Common People

Over 7600 Acres of Terrace And Contour Lines Run In Donley Co.

County agent H. M. Breedlove said this morning that over 7600 acres of terrace and contour lines had been run by his office up to the present time.

"I am doing this work as fast as I can," Breedlove stated, "and believe that in another ten days I will have this work up in good shape. We have had such a long waiting list of farmers that it has been almost impossible to get to all of them as soon as they wanted this work, but we have pretty well covered the list and hope to have the job complete in the next ten days."

"I believe that we will have run over 1100 acres when the terracing season is over," Breedlove said.

Farmers are wanting this work done so that they can qualify for the soil building payment of 45c per acre under the AAA program, and also when strip cropping is done in combination with contouring. It pays them \$1.00 per acre. This money, of course, is to be paid from the soil building allowance, and in no case can it exceed the allowance.

Breedlove predicts that in the next ten years there will be hardly a farm in Donley county that will not be either contoured or terraced.

Boy Scouts Active In Waste Paper Drive

Probably the busiest man in town these days is our old friend, Jerome Price. Of course Mr. Price has always been a busy man, but he has recently been appointed to take charge of a very important part of the local defense program. The official title which Mr. Price now carries is "Special Assistant Scoutmaster in Charge of Waste Paper for Defense." In other words, Jerome is now in direct charge of the gathering and saving of all kinds of waste papers, magazines, and cardboard boxes, and is working in close cooperation with the Boy Scouts.

In addition to the paper program, recent requests have come through for the Scouts to collect all kinds of discarded tires and other articles made of rubber. Old rags are also wanted.

If you have any of the items mentioned above, and you want the Boy Scouts to pick them up, you are requested to get in touch with Mr. Price, Clyde J. Douglas, or Chas. M. Lowry, who will see that they are called for just as soon as possible.

RETURNS HOME Mrs. Elmer Hayes returned home Thursday from Cooper, Texas where she has been the past two weeks with her father, R. J. Acton who has been critically ill, and who passed away Wednesday following a major operation.

H. P. Cooper of Hereford to Conduct Church of Christ Revival Here

The Leader is pleased to announce in behalf of the Clarendon Church of Christ, that they have secured H. P. Cooper of Hereford, Texas, to conduct their spring revival.

Mr. Cooper has been in the ministry for the past fifteen or sixteen years, and is an outstanding speaker among the ministers of churches of Christ in this section of the state.

He began his ministry in Spur, Texas for the church, and since that time has served as minister at Lamesa, Texas, Carlsbad, New

COACH O. C. WARDEN JOINS NAVY

It was learned this week that Coach O. C. Warden has volunteered as a Physical Ed. instructor in the Navy. He will leave here Friday, April 10th for his induction April 13th at Dallas.

Warden has made a good record here with the football team and there are many who will hate to see him leave.

STOP FOR VISIT

Lt. Dale Nix and wife and baby were here over the week end from Galveston visiting her parents, Rev. and Mrs. Quattlebaum. Lt. Nix is being transferred to California and were on the way there.

Master Draft List Arrives

The master list of order numbers for the last selective service registration arrived at the local draft office Wednesday, and work started on the arrangement of order numbers on the basis of the recent lottery in Washington.

The draft board, busy in adjusting their list to the master list, requested that registrants not come to the board for information. The information is not available.

Every registrant will receive his card and order number in due time. George Ryan stated today, and if the clerks are not interrupted, they will have these cards out in just a few days. They have 437 registrants to figure out and will require many hours of work.

Selective service headquarters at Washington announced Wednesday that men who registered February 16 would be immediately classified and some probably would be inducted into service in May or June.

There had been some confusion as to whether the February 16 registrants would be integrated with men who registered prior to that date or be called after exhaustion of all previous registrants but Wednesday's announcement said:

"Local boards throughout the nation were instructed to start classification at once of the several million men who enrolled on February 16 and to prepare to fill the Army's June call for men, and possibly the May call with these registrants and registrants from the first age group."

The announcement explained that men who registered Oct. 16, 1940 and July 1, 1941 constituted one group which was referred to in the memorandum to local boards as the "first age group" with those who registered Feb. 16 being referred to as the "second age group."

Mr. Cooper of Hereford to Conduct Church of Christ Revival Here

The Leader is pleased to announce in behalf of the Clarendon Church of Christ, that they have secured H. P. Cooper of Hereford, Texas, to conduct their spring revival.

Mr. Cooper has been in the ministry for the past fifteen or sixteen years, and is an outstanding speaker among the ministers of churches of Christ in this section of the state.

He began his ministry in Spur, Texas for the church, and since that time has served as minister at Lamesa, Texas, Carlsbad, New

ON THE HIGHWAYS OF THE SKY

At the peak of basic training at Randolph Field, Texas, with a three-plane echelon formation, Aviation Cadets soar over the "West Point of the Air" on the road to becoming flying officers in the Air Force Combat Command. After completion of their training here, the Cadets will spend ten weeks at an advanced flying school before receiving commissions as second lieutenants in the Air Corps.

TAX OFFICE IS BUSY PLACE

Early in March it was predicted by some at the court house that license plate sales would fall under the normal run. However, the last few days of the month told a different story. To date 1,539 tags have been recorded compared with 1,511 at the same time last year.

VISIT FT. BLISS

Mr. and Mrs. S. C. Richardson and Dorothy Jean of Hedley, Miss Clynell Gilbert and Miss Ruth Richardson visited Woodley Richardson at Ft. Bliss over the week end.

BERT SMITH

The above is a good likeness of Bert Smith, ginner and family man who has made his family home in Clarendon for the past sixteen years. Mr. Smith has been a willing worker and a liberal contributor of time and money for the betterment of Clarendon and Donley county. His record as a citizen is well known. His ability as a business man is attested by the ginning industry which he heads and which has been a success through good years and bad. Those who know him best are his most loyal friends. His candidacy for the office of city commissioner has met with a wholesome response. Those who wish to combine success, experience, and a man in the prime of life as an asset to the city administration, predict that Mr. Smith will be elected.

NO APRIL FOOL JOKE AT KOENIGER FARM

It was no April fool's joke yesterday (April fool's day) when twenty eight friends and neighbors gathered at the John Koeniger farm east of Hedley to plow his fields. All working together, they had the field plowed by early afternoon. This goes to show that the good old neighborly spirit still prevails in old Donley.

SUGAR RATIONING JUST AHEAD

National sugar rationing registration dates have been fixed by the Price Administration Board for April 28 and 29 and May 4, 5, 6 and 7. Industrial consumers, such as confectioners and candy makers will register for their rations on the two April dates, using their nearest high school. Individual consumers will register May 4-7 at the public schools.

Air Force School For Amarillo

Preparations for the construction of an air force school in the vicinity of Amarillo, which was announced Tuesday, have been underway there for several weeks. Surveys of the site for the school and other plans work have been going forward. Crews have started widening highways and laying water mains.

Norwood Announces For City Job

Another man whose efforts have been crowned with success is that of Geo. E. Norwood, candidate for city commissioner. While building his business, he has also built a reputation for attending to his own affairs and making friends. Several attempts have been made in the past to draft him into various positions of trust in behalf of Clarendon's welfare. He finally acceded to the demand at this time. His popularity is said to be a big factor toward placing his talents at the disposal of the people of his home town in aiding a decided advancement toward bringing Clarendon to the front as a trading point, and for making it a better place in which to live for those in the corporate limits.

BELL ANNOUNCES C-C COMMITTEES

Lee Bell, president of the Clarendon Chamber of Commerce, today announced the work committees for the 1942 year.

These committees are announced are Membership, E. R. Andis, R. E. Drennan, and Lee Bell; Civic Development and advertising, C. J. Douglas, Walker Lane, Odos Caraway; Educational, O. C. Watson, H. T. Burton, and McHenry Lane; Highway, S. M. Braswell, J. T. Patman, Odos Caraway, C. J. Douglas and A. L. Chase; Publicity, Sam Braswell, J. R. Gillham, and George Wayne Estlack; Celebrations and special events, J. T. Patman, Hugh Harmon, and Sam Braswell; Agriculture, H. M. Breedlove, E. S. Ballew, Nolie Simmons and Charlie Bairfield; Band Maintenance and development, R. E. Drennan, C. B. Morris, C. M. Lowry, and E. R. Andis.

Bell and Gillham as executive officials are ex-officio members of each committee.

Sunrise Service At Memphis April 5th

The Memphis Rotary Club has completed all arrangements for the sunrise Easter service to be held in the outdoor amphitheatre in the beautiful City Park, one-half mile south of town.

Sunrise on Easter morning, April 5th, will be at 7:24 a. m., and the service will start promptly at 7:00 and will be in full progress when the sun peeps over the horizon.

The name of the cantata is "The Resurrection Morn" and is one of the most impressive ever written on this theme.

"Again Memphis extends an invitation to every one to attend this service commemorating the historical event of the resurrection of the Christ," stated C. C. Hodges, chairman of the Memphis Park Board.

BRONCHO BUSTER IS KICKED IN FACE

While going about regular routine work of busting brones at the J. A. Ranch headquarters Monday morning, Newt Okeefe was on the receiving end of a hard kick after the horse he was riding fell backwards and then stepping over him, gave him a hard kick in the face. As a result he received a large gash above his eye and a skull fracture. He was brought to town and placed in Adair Hospital where he is recovering from the ordeal.

VISITS DAUGHTERS

Mrs. M. E. Thornton returned home Sunday night from a visit with her daughters, Mrs. L. Douglas at Waxahachie and Mrs. Campbell at Dallas.

Donley Club Boys To Start Putting Beef Calves On Feed This Month

FARM HOME BURNS EARLY MONDAY MORNING

The farm home of Mr. and Mrs. L. R. Seaton was completely destroyed by fire early Monday morning on the Raymond Pharr farm near Goldston.

Mr. and Mrs. Seaton and their two children were all asleep when the fire started. They found themselves cut off from the door, and Seaton quickly broke the window to make a way out.

Seaton was painfully burned on both arms and about the face while helping get his family out of the house.

LITTLE ACTION SEEN IN SCHOOL TRUSTEE ELECTION

Saturday, April 4th marks the first election date that voters can exercise their poll tax rights. The terms of Ralph Andis and Odos Caraway expire this time on the local school board, and W. M. Pickering and Edwin Baley on the county board.

Up to date, no new names have appeared to be placed on the ballot, which indicates a quiet day as far as politics go.

COUNTY PACKAGE STORE REMOVED LAST WEEK

The gentlemen of the Liquor Control visited the local sheriff's office the latter part of last week and emptied the sheriff's vault of intoxicants amounting to thirty some odd cases.

This is the supply taken from bootleggers and otherwise the past few months and will be sold by the liquor control board and the money will go to the Old Age Pension fund.

County - Wide Army Day Defense Rally And Parade Here Monday, April 6th

The Panhandle of Texas is nationally famous for parades, celebrations and festivities they hold each year, but the Donley County-wide Army Day program in Clarendon Monday has already gained the spotlight in the leading attraction of the day.

Hardly had the President proclaimed Army Day and requested more parades, more bands, martial music and patriotic demonstrations throughout America than the Aubyn E. Clark Post of the American Legion in Clarendon announced they would stage such an event. It has grown county-wide overnight as everyone wished to make it not only the first announced parade but the most colorful.

A prevailing attitude of indifference is fast giving way to patriotic enthusiasm. Men and women who have been placidly standing by are beginning to realize that we are a nation at war—a nation whose very existence has been drawn deep into the throes of a titanic struggle.

The Aubyn E. Clark Post No. 126, Department of Texas, American Legion is sponsoring this Army Day Defense Rally and parade to be held in Clarendon, Monday, April 6th.

A hearty response has come from every quarter to make this Army Day celebration a decided success. Pupils from town and rural alike will take part in the parade. Boy Scouts, Red Cross,

According to county agent H. M. Breedlove, Donley county 4-H Club boys are going to start putting beef calves on feed for next spring during the month of April.

"I believe that we will have around thirty calves this year for the 4-H Club boys," Breedlove said. "We are also putting pigs on feed for the fall shows, and will have around 100 pigs for fall sale."

Breedlove is asking that all boys from the ages of ten years old to twenty one that wish to have a project in 4-H Club work this year to see him, and talk over the type of demonstration that they wish to have.

"This should be done during the month of April," Breedlove said. "Calves and pigs will all be on feed by the last of the month. This is a part for the boys to play in the defense program by feeding calves and pigs and putting fat cattle and hogs on the market."

"I shall be glad to help all boys to get a project," Breedlove said, "and I am sure that they can make some money from the demonstrations."

TO PREACH AT FIRST CHRISTIAN CHURCH

Rev. Fredrick J. Ross, pastor of the First Christian church at Kirkland will be at the local church here Sunday to deliver the morning sermon at 11:30. His topic will be "Christ's Mission."

A cordial invitation is extended to everyone to come and hear his message.

BACK ON JOB

V. W. Carpenter is back at his work this week after about ten days illness which confined him at home under the care of his physician.

School bands and other local organizations will take part to make the parade an elaborate affair.

The business men of Clarendon will be asked by a committee to close their places of business for one hour from three to four, and take a part in the parade.

"We want everyone in this parade that can participate," stated B. C. Antrobus. "If you have a horse or cycle put them in the parade. We are going to have some local color in this parade, too," he added.

The parade will start at about 3:00 p. m. at the Southeast corner of the Court House, and will march back to the Court house for the Rally.

Everyone is urged to "turn loose" and help make this patriotic effort a big success.

Below is a list of committees and societies participating:

Parade Committee, Joe Holland chairman, E. R. Andis; Contract Committee, Walter Clifford chairman, Fred Cook, Dick Chunn; Program Committee L. E. Thompson chairman, Rev. M. M. Miller, H. T. Burton; Publicity Committee, B. C. Antrobus chairman.

Society Chairmen: Mrs. C. J. Douglas, Legion Auxiliary; Mrs. H. T. Burton, Red Cross; Chas. Lowry, Boy Scouts; McHenry Lane, Lions Club; H. M. Breedlove, Farm Defense; J. R. Gillham, Farm Boys.

The sale of Defense Bonds will hold an important place on the afternoon program. This worthy and patriotic cause will be ably handled by Buddy Knorpp, who has been appointed as chairman of the Defense Bond Sales.

The Army Day program: Parade—3 p. m. Music by Clarendon Band. Songs by School children. Songs by Colored School children.

Speech—Walter Knorpp on U.S. Bonds and Stamps.

Mrs. U. J. Boston will give a talk relative to Red Cross work.

U. S. D. A. War Board—Talk by H. M. Breedlove.

Patriotic Address—District Attorney John Deavers.

Band—"Star Spangled Banner."

ECONOMIC HIGHLIGHTS

The first step which must be taken in carrying the war to Japan is an obvious one—to disrupt and to break the long-extended Nipponese supply lines. Hundreds and in some cases thousands of miles of water lie between Japanese bases and areas she has conquered. Her life line consists of her merchant fleet and naval convoys. So long as she has

enough protected tonnage to carry the immense quantities of supplies needed by her expeditionary forces, she will hold the upper hand. Once substantial inroads are made into her transport and fighting fleets, she will have to battle against steadily mounting odds. And the farther she goes across the wide Pacific, the more shipping she will require.

Therefore, there is encouragement in the casualties our military forces and those of other United Nations have been inflicting on Japanese shipping. Much of this news has never made the headlines, which have largely oc-

cupied by accounts of Japan's success in taking and mopping up Pacific positions. But it is the kind of news that, in the long run, will do much to determine the outcome of the war. As Paul Mallon puts it, "Day by day, in every way, our Navy and the Army have been pecking away, mainly at the indispensable but unspectacular phase of the Jap attack—the transport, supply and tanker ships and their convoy protection."

The toll of Japanese losses is impressive. Up to March 19, the United Nations officially reported the sinking of 110 supply ships and damaging of 54, or a total of 164 put out of action. That, according to the most reliable estimates, is in excess of 20 per cent of all Japanese shipping which can be used for supply purposes.

The United Nations further reported the destruction of 17 Jap cruisers, along with 27 damaged, and the sinking of 22 destroyers plus 12 damaged. Two Jap battleships have been sent to the bottom. And so have three aircraft carriers.

The United Nations' ship losses have, of course, also been great. But the military importance of such losses can only be judged in the light of replacement capacity. According to Mr. Mallon, Japan's merchant shipbuilding capacity is 300,000 to 400,000 gross tons per year. We will build in the neighborhood of 6,000,000 gross tons this year and almost twice as much next year. In addition to that, our Allies will produce a considerable tonnage.

This does not mean we should run the danger of minimizing Japan's existing fighting fleet and merchant navy. Her main battle

fleet has not yet been in evidence in this war, and is perhaps being held in reserve for a major engagement. It is likely that she has more fighting craft than used to be generally believed—there is certainly no reason for thinking that she carried out her part of the naval limitation agreements which she and all other naval powers signed back in the '20s. What this does mean is that, unless all authorities are wrong, Japan does not possess a ship replacement capacity in any way comparable to ours. Japan probably spent twenty years preparing for this war, and she had a big edge at the start. Our job is to overcome that edge.

Well-Known Athletes In Army Training Flying School

LUBBOCK, April 1—Primed and toughened on the diamonds and in the stadiums and gyms of West Texas high schools and colleges, almost fifty well-known South Plains athletes today are in training for the biggest battle of their lives at the large Lubbock Army Flying School here.

Among the thousands of men required by the Air Corps to "Keep 'Em Flying," these sports stars have enlisted here since the first of the year as ground personnel for the Lubbock field, an advanced flying school where the Air Corps is training heavyweight aviation cadets to fly its big twin-engine bombers and transport planes.

Here are a few of them: Three four-year football lettermen at Abilene Christian College who were coaching at the time of their enlistment—Forest Orr of Vernon and the Highland Park High School of Dallas, Chesley McDonald of Colorado City and Anson, and Wiley "Chubby" James, r. of J. Lorraine and Roscoe.

Big Babe Ritchie of Lubbock, one-time heavyweight boxing champion of Texas and a four-year football tackle at Texas Tech; Jess Ramsey of Littlefield, lightweight champion of the Lubbock Golden Gloves district in 1941; Darrel Warren, 1940 semi-finalist in the Albuquerque six-state boxing tournament; and Melvin Billings, district Golden Gloves finalist in 1936, four-letter football man at Lubbock High and member of the Hub Oilers semi-pro baseball team in Lubbock, and dozens of others well-known throughout the South Plains area.

DRY GOODS CEILING

Another step to aid the consumer was the order setting a temporary price ceiling at wholesale on finished piece goods made of cotton, rayon and their mixtures. OPA officials admitted that even the frozen prices are "entirely too high," but they hoped this action would prevent further unwarranted rises in the price of such items as women's and children's dresses, women's suits, coats, housecoats, pajamas, men's shirts, curtains, drapery materials and the like.

Industrial Leaders Urged to Collect Scrap Iron

GEORGE C. GIBBONS
Industrial leaders here were today asked to co-operate in a southwest-wide industrial scrap collection campaign to help the War Production Board to "get in the scrap."

Announcement of the co-ordination of all southwestern industrial scrap collection activities and appointment of George C. Gibbons of Dallas as their regional director was received here today from George T. Weymouth, chief of the WPB's industrial salvage section in Washington. The southwestern industrial scrap program will use chambers of commerce, trade associations and other bodies already prepared to help their members collect and move the scrap metals and rubber now needed for the nation's war program.

Mr. Gibbons is executive vice-president of the Texas Mid-Continent Oil and Gas Association which has just sponsored a Texas petroleum industry scrap drive which netted over 65,000,000 lbs. of scrap. Serving the government as a dollar-a-year man, he will continue his association duties in addition.

The campaign of local industries to collect the scrap from their own plants supplements the general domestic salvage drive now under way. Mr. Gibbons emphasized in a statement accompanying the announcement.

"The shortage of scrap is so acute we must get in more of it immediately if we are to keep the stream of tanks, ships and planes moving," Mr. Gibbons said. "For that reason, the War Production Board is asking Texas industrial leaders to coordinate the collection of their own scrap iron, steel, aluminum and other metals and rubber, in a southwestern drive conducted by themselves. "In many places, this work is already well under way. In others, it will be organized at once through the chambers of commerce, trade bodies and other groups. The campaign does NOT conflict in any way with the general domestic scrap drives. In fact, it will supplement these so as to get large quantities of scrap back to the mills needing it, in the shortest possible time."

RUBBER ON THE FARM

Fred S. Sexauer, president of the Dairymen's League Cooperative Association of New York, recently touched on the need for giving tire priorities to producing farmers.

The motor truck is as essential to modern farm operation as the plow. Most farmers live a considerable distance from consuming and distributing centers. The truck provides the only agency for bringing their produce to market—and for taking home machinery, feed and other essential supplies.

As a result, the farm truck plays a great part in feeding the people of America. In many urban centers, produce trucks bring practically all of the farm-produced foods that the people must have. If truck transport is stopped, there will be an extremely serious food problem in all parts of the country.

The rationing authorities must bear this in mind. Means must be found of supplying rubber for the trucks which move our food from farm to market.

Juke Boxes Into Bullets
That noisy fixture, the juke box, is going to war too. After April 30, no more of them will be made—and there will be an end also of vending machines, pinball games and weighing machines.

Surprisingly, it was found that a large juke box contains enough metals for five light machine guns, or enough brass to make 750 cartridge cases of .30 calibre. Now they'll play a more patriotic tune.

U. S. - MEXICO OFFICIALS CELEBRATE RAIL RUN ANNIVERSARY

Officials of Mexico and the United States joined with railway executives in the celebration at Juarez, Mexico, recently of the 58th anniversary of operation of the first passenger train between Mexico City and Chicago.

International solidarity and friendship were keynotes of talks made by federal and railway officials, who hailed the first train operated over the National Railways of Mexico and the Santa Fe Railway as forerunner of a lasting business and social friendship. The necessity of furthering this neighboring nation cordiality was also emphasized.

Speakers and honored guests included J. M. Benitez, of the National Railways; E. P. Dudley, assistant general manager of the Santa Fe Western Lines; Mayor Antonio Bermudez of Juarez; Harris Walthall, representing Mayor Anderson of El Paso; Gen. J. Jaime Quinones, in charge of the Mexican military department of the Northern District; W. P. Blocker, American consul general in Juarez; and Adrian Pool of the U. S. Treasury Department.

A fiesta followed the historical ceremonies in Juarez.

NATURE'S COLORS in lasting beauty
PITTSBURGH PAINTS

To Webster... the chrysanthemum is "an ornamental plant of the aster family". To us... it's a subtle blending of tawny, flaming color! We like our own definition better... just as you'll like best the subtle blending of famous Pittsburgh Paint Colors better. You'll like the tawny hues and the gorgeous Greens for some of your rooms... and for others you'll want pastel Blue, or Dusty Pink or sophisticated Oyster White. Come in to see us sometime... soon. We're looking forward to your visit and to discussing your color problems with you.

THE TEMPLE OF TRUTH
By the Apostle
SUGGESTION.
The biochemist, sociologist, psychologist, dietician and whatnot are all telling us what to eat to win the war. What they say may be alright, but those who stick to

a goodly share of cornbread, clabber cheese and pure water won't go far wrong. Then mix in plenty of greens as spring opens up. Then try sweating a little along with this or any other diet. More people rust out than wear out. Just what 'ology' or 'ism' sweating comes under will make little difference. It may be a social disgrace, but there still is something to the trite Biblical advice of "man earning his bread in the

sweat of his brow," or something like that. If you don't like to sweat, try perspiring a little along. Many a pretty woman has ruined her complexion stopping up the pores of her skin with a high-priced daubing compound when the Almighty intended for her to exercise and sweat the pores out and keep her face clean.

says an exchange, and when they bare themselves, are most revealing. Sounds like the story of the girl who had her picture made. She was like the photograph—too much exposure and not enough development.

DAME RUMOR.
There is a rumor going the rounds that a bunch of yankees are about to lease the city ditch, place a gate at each end of the

concreted affair and make a hog pasture out of it. Leave it to the yankees to see the financial advantages of natural resources every time. Some of the women folks already think the hogs will clean up the ditch and make it more presentable.

SIMPLY HUMAN.
Don't give up when you stumble. Remember a worm is about the only thing that can't fall down.

Mr. and Mrs. Neely Hudson and Dwayne and Mr. and Mrs. Haskell Hay and Earle visited in the Joe Dilli home Sunday afternoon.

Orrin Erock spent Thursday night with Ray Pierce.

Betty Fern Higdon spent Sunday night with the Rattan twins.

Ina May Brock spent Sunday night with her sister and family, Mr. and Mrs. Johnny Rains of Clarendon.

Mr. and Mrs. Ben Anderson and Mr. and Mrs. Bob Anderson visited in the Floyd Holcomb home Sunday evening.

Joseph Stewart left for Camp Friday. He has been visiting his family the past few days.

Orrin Brock is now missing school with an attack of the mumps.

Katherin Allen visited in the John Stewart home Sunday evening.

MATRIMONIAL.
A gal down in ole Alabam advertises for a husband by listing her assets. She claims to own four tires and fifty pounds of sugar.

OUR WEAKLY POME.
Our flowers soon will bloom again, And I hate it like the dickens, To see them scratched up from end to end, By my neighbor's onery chickens. (P. S. Dedicated to the Garden club and any form of club that will use the club most effectively.)

HISTORICAL.
Meeting hubby at the door with the incriminating letter in her hand, she said: "Dirty wretch, I know everything!" "Oh, yeah," he replied, "what was the date of the battle of the Alamo?"

ADVICE.
Today is the tomorrow you worried about yesterday, and there's still a tomorrow to worry about today. It just doesn't pay, pardner, quit it.

GOLDSTON
Beatrice Smith

Mr. and Mrs. Bob Seaton's home burned Monday morning. Mr. Seaton is working for Raymond Farr.

The young folks Sunday school class met at the river and enjoyed a wiener roast Wednesday nite.

"Spring Fever"
The Poet says, "Spring is in the air, love is everywhere." And with the coming of spring there is usually a feeling of great lassitude, a certain kind of tiredness which makes it difficult to do the things one really wants to do. The beginning of spring is a period when various diseases seem to flourish.

This change which takes place in the body commonly known as "Spring Fever", is a physiological change which occurs during the change of seasons. The body had adapted itself to the rigors of winter with its cold, snow, and sleet, and sudden changes of temperature from the warmth inside the house to the freezing temperatures outside in the street. The body has also become accustomed to the wearing of heavy overcoats, and warm scarfs. And now the human mechanism has to readjust itself to a new kind of environment.

If the nerve system is in good condition this readjustment occurs gradually without any symptoms. However, if short-circuits are present various symptoms mentioned usually develop. These correctoins can be made by your chiropractor. Just as you would bring an automobile to the mechanic for a spring over-hauling, it is just as essential for you to have a spring over-hauling by your chiropractor.

Mrs. A. D. Wood and children came home Sunday after several days visit with relatives in Amarillo.

Mrs. O. D. Liesberg is visiting in Amarillo this week.

RED CROSS

VOLUNTEER SERVICE

Because so many people seem to have controversial ideas on the work being done by the Red Cross, we wish to make it clear that not until a commanding officer asks for a consignment does the Red Cross forward sweaters, helmets or other articles of this nature.

"This is in accordance with the War Production Board's policy to conserve wool. Arrangements with the board, however, assure an ample supply of yarn for the remaining months of this year.

"The entire quota for the present year amounts to 101,000 knitted articles for the Navy and 317,000 for the Army, already allocated."

The first shipment of khaki wool arrived this week and just as soon as the instructions arrive, the wool will be issued.

The Red Cross is to have a share in the Army Day parade here Monday afternoon and all departments of this chapter will be represented. Open house will be held at the service work room all Monday afternoon and the public is cordially invited to come and inspect the finished garments that will be on display. We urge you to come because we feel that one look at the many useful and lovely garments will do your heart good. So take time off to come. The room will be open from one o'clock on.

Mrs. W. A. Riney, knitting chairman, is asking that all that can get their sweaters, socks, and extra wool in by Saturday afternoon so that they can be fixed on display for the open house. She especially urges that all spare wool be turned in so that other sweaters that are short on material may be finished.

Sweaters were turned in this week by Mrs. Bert Smith, Mrs. Harry Ruddell, Mrs. Charlie Bairfield, Mrs. J. W. Evans, Mrs. B. F. Kirtley, Mrs. Hattie Palmer, Mrs.

D. W. Clampitt, and Mrs. D. F. Wadsworth.

The purchasing committee has recently purchased one bolt of unbleached domestic and it will soon be cut into operating gowns and be issued.

Mrs. Allen Jefferies has given two lovely banners to be exhibited in the work room.

The Win-One Sunday school class of the First Methodist church under Mrs. Bill Patman, brought in this week one dozen completed hospital pajamas.

The following is a clipping taken from the "Red Cross Courier", March, 1942.

"Task units sailing to unknown destinations in the near future will take with them an initial gift of chapter-produced articles commonly used in service hospitals. The shipments will be packed in standard lots on a 250-bed basis. They will include beside bags, ditty or property bags, afagans, mending kits—also pajamas and bathrobes for emergency use. Shipments will be stored in harbor warehouses, immediately available to the unit at the time of sailing.

"Locating next of kin when the War or Navy department cannot find the family of a service man continues to be one of the important tasks of the Inquiry Service. Routed to the chapter home service workers, these requests are followed through promptly as the traditional two way communication channels employed as far as possible under the conditions of war time censorship.

"The wave of patriotism following the attack on Pearl Harbor led 55,505 to donate blood to process into plasma for the armed forces in December and January.

"Both the army and the navy rely mainly on the Red Cross to supply nursing personnel. The drive to keep the Reserve ranks filled continues briskly. The number of First Reserves enrolled during the month of January was 2,009, bringing the total up to 25,745 nurses available for duty in both Service Corps. The Second Reserve now has a total of enrollment of 36,789."

Personals

Watt Hardin from Camp Bowie at Brownwood spent the week end with home folks.

Mrs. Hattie Palmer and son James Wesley returned home Sunday from a week end visit with Mr. and Mrs. Hal Riley at Amarillo.

BRYAN CLOTHING CO.
MEN'S WEAR

BEHIND THE SCENES IN AMERICAN BUSINESS

By John Craddock

Sharper Curbs

Both in production and prices, control measures that have been in the air for weeks now are getting much more definite, more insistent. Mechanical refrigerators and civilian radios now face absolute deadlines for stoppage, as of April 30 and 22, respectively—the industries then swinging over 100 per cent to war goods production. Meanwhile, WFB has "frozen" all stocks of mechanical ice-boxes for home use except those already in dealers' hands or in transit; and retailers will be allowed to sell one-twelfth the number they sold in all of 1941 (or 100 refrigerators,

whichever number is greater), and thereafter the "freeze" applies to their stocks, too. Tightening of screws on prices is seen in OPA's sterner steps to see that radio and phonograph wholesalers and retailers cancel their recent price increases, although actual OPA mandates a fortnight ago applied only to manufacturers' prices.

Could Be Worse

In spite of inescapable rises in food costs—about 15 per cent in the past year—grocery bills are taking a smaller cut out of the average pocketbook now than in 1917. The Department of Agriculture reports that the typical working man's family now hands the food merchant about 13 cents less per payroll dollar than he did dur-

ing the year America entered World War I—the figures being 23 cents per income dollar now, against 36, then. Incidentally, that typical family was earning \$1888 last year, compared to \$1,331 in 1917. The Bureau of Agricultural Economics cites the growth of super-market buying—one of the outstanding recent trends in American shopping habits—as being responsible for important economies.

Shortage Shorts

A sour note on sweet stuff: some hotels that removed sugar bowls and doled out two lumps per patron found sugar consumption going up by as much as 40 per cent (one-lumpers and non-lumpers, reminded of the preciousness of the article, began pocketing lumps.

Things to Watch For

A photoflash bulb made of transparent plastic instead of glass, practically shatterproof. A new plastic mending substance, called Nuplastic, for filling cracks and holes, needs only finger-tip pressure, has self-smoothing finish which gets stronger with age. Office filing cabinets made of wood, but finished like the metal ones (though for years they've been trying to make metal office furniture look like wood). A gadget for attaching a tin fan to a sewing machine motor (keep cool while "sewing shirts for soldiers," etc.).

Mr. and Mrs. A. G. Lane and small daughter Patsy spent the week end with his parents, Mr. and Mrs. A. G. Lane Sr.

Mr. and Mrs. Robert Linders of Paducah are spending the Easter holidays with her parents, Mr. and Mrs. C. C. Powell.

Mrs. Joe Goldston and Clyde Douglas were in Amarillo Wednesday to visit Tom Goldston who is quite ill.

W. Z. Borron and son Dean of Groom were here Wednesday attending to business.

Mrs. E. H. Burney who visited her sister, Mrs. A. A. Mayes, has returned to her home at Birmingham, Ala.

Isadore Mellinger visited in Memphis Sunday.

Mrs. Mac Spurgeon has returned home from attending the funeral of her brother U. J. Norris at Dallas.

Carloadings Up

The Santa Fe System carloadings for the week ending March 28, 1942, were 21,639 compared with 19,091 for the same week in 1941. Received from connections were 8,906 compared with 7,171 for the same week in 1941. The total cars moved were 30,545 compared with 26,262 for the same week in 1941. The Santa Fe handled a total of 30,630 cars during the preceding week of this year.

Get All These McCORMICK - DEERING Features, Plus the NEW DUBONNET Color!

1. All parts contacting milk made of STAINLESS STEEL (bowl and discs, cream and skim milk spouts, regulating cover and float, and supply can).
2. STAINLESS STEEL parts last longer, prevent odor and metallic flavor, are easier to clean, and do not rust.
3. Open, easy-to-clean cream and skim milk spouts.
4. Smooth, easy-to-clean, no-flange regulating cover.
5. 4-lead faucet assures quick, complete drainage of the no-seam, no-splash supply can.
6. 4 high quality ball bearings on spindle and counter pinion.
7. New wide-tooth spindle means easier turning.
8. Conical socket joint on spindle assures perfect self-centering of bowl.
9. Full automatic oiling of ball bearings and main drive gear; exclusive oil trough construction

feeds only cleanest oil to bearings and gears.
10. Positive friction-clutch, instantaneous in action, saves wear on entire drive mechanism.
11. Smooth, easy-to-clean frame—no crevices to catch dirt.

ASHTOLA
Mrs. W. B. Miller

Rev. Vernon Willard of Clarendon filled his regular appointment for the Methodist church Sunday morning and evening. He was accompanied by his sister, Miss Marjorie Willard.

Ashtola mid-week prayer service was held in the home of Mr. and Mrs. F. M. Watkins last Wednesday night. This week's service is to be held in the home of Rev. and Mrs. R. L. Self.

Mr. and Mrs. Goebel Barker and family visited in Goodnight Sunday night.

Mrs. Millard Word and Millard Jr. spent the week end in Canyon.

Miss Margaret Hill from Borger spent several days first of the week in the home of her mother, Mrs. Lucille Jamieson.

Mrs. Harold Longan and children are occupying the teacherage They moved in last week.

Miss Mattie Rhodes comes from

her home in Clarendon to school every day.

Mr. Willie Brandon left Monday for his home at Springdale, Arkansas after having been employed at Ashtola gin since last fall. He was accompanied to Arkansas by Mr. and Mrs. J. R. Brandon who expect to spend some time in the home of Mr. Brandon's parents.

Mr. Ben Lovell and James Reid are both able to be out again after having mumps.

Visitors in the Harold Graham home Sunday included Mr. and Mrs. Sutton from Vernon, parents of Mrs. Graham, and Mrs. Loraine Sutton and children.

Mr. Willard Higdon is the new bus driver for Ashtola school. We welcome Mr. and Mrs. Higdon to our community.

We are sorry to lose Mr. and Mrs. John Headrick and family, and Mr. and Mrs. Eulan Higdon from our community. The Headrick family moved to a farm near Clarendon, and Mr. and Mrs. Higdon are living on the Charlie McMurry ranch where Mr. Higdon is employed.

Lubbock Flying School to Hold Open House

LUBBOCK—April 1—In keeping with the nation's observance of Army Day, the large new Lubbock Army Flying School here will hold open house for South Plains visitors from 1 to 3 o'clock Monday afternoon, April 6, Col. Thomas L. Gilbert, commanding officer, announced today.

The general public is invited, but because of the Army's normal war-time precautions, visitors cannot be permitted to bring cameras onto the post, Col. Gilbert said.

During the afternoon flight training of the school's cadet classes will go on uninterrupted, and visitors may observe the training in progress. Several types of Air Corps training planes will be exhibited.

Col. Gilbert pointed out that in the near future there will be a formal dedication of the new field, to which the public will also be invited.

The large post here is an advanced flying school where the Air Corps is training heavyweight aviation cadets to fly its big twin-engine bombers and transport planes. Col. Gilbert, a long-time Texan, is a flying officer himself and has a record of more than 7,000 hours in the air.

Mass Production Of War Supplies Is Essential

The world-wide enthusiasm which followed the announcement of General MacArthur's dramatic transfer to Australia, and his assumption of supreme command of all United Nations' air, army and naval forces in the Pacific theatre, is easily understood. He is the war's number one hero. His achievement in the Philippines alone makes him one of the great commanders of history.

But we must not make the mistake of thinking that General MacArthur, brilliant and daring as he is, will immediately turn the scales. He cannot produce miracles. He made that very clear on his arrival in Melbourne, when he said: "Success in modern war requires something more than courage and willingness to die. It requires careful preparation. This means furnishing sufficient troops and sufficient materials to meet the known strength of the potential enemy. No general can make something from nothing. My success or failure will depend primarily upon the resources which our respective governments place at my disposal."

There is a challenge in that to every industry, every worker, every government official in this country. For the great bulk of the supplies of war must come from here. Australia is a vast continent, but it has only 7,000,000 people and relatively little industry. We must become the "arsenal of democracy" in fact, not in theory.

The art of generalship is to do the most with what one has, to gain maximum result at minimum cost. General MacArthur has shown that he masters that art completely. But all his knowledge and competence will be useless if he lacks the tools.

In that connection, some of the best recent news is that telling of the production of big bombers on the assembly-line principle. The increase this has made possible in bomber output is a military secret, but it is said that it is great. Ford will shortly go into mass production of pursuit planes on an unprecedented scale. We must have unquestioned supremacy in the skies if our other fighting forces are to gain victories.

ON THE HOME FRONT

Courthouse and school store-rooms throughout the Southwest began filling up with packages of forms and War Ration Books during the last week as concrete evidence that the War has arrived in the Consumer's household—if that evidence wasn't felt previously.

Ration boards and school teachers studied plans for registration so they would be ready when "R-Day" for the start of rationing comes within the next few weeks. During the week, the Consumer realized that when issued, War Ration Book No. One may be for other things than sugar, for which the Ration books were originally planned. After conferences with officials in the Dallas Region Office of Price Administration, State ration administrators held conferences of their own, to explain how the ration books might be used for rationing any commodity or material where rationing is ordered.

The State administrators also spent much time in trying to persuade sugar hoarders to re-sell their excess supplies back to their retail grocer at the daily shelf price. Reason: Anyone holding more than a normal supply—perhaps two pounds per person—will have stamps torn from the ration book; and if the hoard is so large that it requires tearing out eight or more stamps, then no ration book will be issued at all to such hoarder.

That, of course, would work an inconvenience on the sugar hoarder, because if other commodities are rationed later, he would have no ration book and would be unable to obtain them.

HUGDINS
Mrs. S. M. Harp

Rev. Stonestiffer is to preach next Sunday and we have Sunday school at 11 o'clock.

We elected new officers for our Sunday school for the next quarter. Alton Webb is Supt.; Mr. J. L. Talley, teacher to Bible class; Dan Tims teacher for the young teacher class; Mrs. L. C. Tims as teacher for the Juniors; Mrs. John Perdue teacher for the card class and Velma Tims as secretary. We hope for a better Sunday school the next quarter than the past.

Mr. and Mrs. S. M. Harp and Sidney took Sunday dinner with Mr. and Mrs. O. L. Jacobs.

Mr. and Mrs. W. G. Tims and children of Hedley visited with Mr. and Mrs. L. C. Tims and family.

Mr. and Mrs. John Perdue and family and Uncle Tom Roy took Sunday dinner with Mr. and Mrs. Ed Talley and children.

Mr. and Mrs. J. L. Talley and family and Mr. and Mrs. E. J. Thompson and son visited at Pampa Sunday.

Bill Perdue spent Saturday night with Sidney Harp.

Little J. L. Williams fell while playing at school Friday afternoon and injured his eye so bad it had to be removed. We all hope for his speedy recovery.

Mr. and Mrs. O. L. Jacobs, Mr. and Mrs. S. M. Harp and Sidney visited with Mr. and Mrs. John Foylikes and family Sunday afternoon.

PORK PRICE RELIEF

That "man in the street" and the housewife also began to feel additional effects of price control, as the OPA ordered a 60-day ceiling on the prices of 90 percent of America's pork products, including ham and bacon. This further broadened OPA's efforts to stabilize the consumer's food bill, as tokened by the ceilings set on canned fruits and vegetables. Although neither farmers nor retail outlets are covered directly by the pork ceiling order, OPA predicts that both will feel its effects, and Price Administrator Leon Henderson promised: "OPA will step into the retail picture immediately should present retail price margins rise beyond possibly a slight increase to reflect changes in replacement costs."

NYLONS TO DISAPPEAR

After April 1st the women folk will just have to content themselves with cotton and rayon stockings. Virtually all women's hosiery will be made of those materials, for nylon and its companion products are needed in making parachute cloth and for other military purposes.

BIRTH CERTIFICATES

Many times persons seeking jobs in defense industries have difficulty in obtaining copies of their birth certificates. Until recent years, records in some localities have been poorly kept. Consequently, gyps are reported to have seized upon this situation in some localities to "cash in" by agreeing to obtain such birth certificates for a fee, payable in advance. Often this is the last heard from the gyp. If you need such service, check carefully. The safest way is to deal with the county clerk, county recorder, or some reliable attorney, in the county in which you were born.

TIRE-LESS TRACTORS

The demand of tank assembly lines for rubber tires is causing corresponding effects on the farm. There will be no more rubber-tired farm tractors produced after May 1, and the number already has been reduced sharply. Tractors will go back to steel wheels, while farmers get in the crops and factories get out the tanks.

Over 1,000 University of Texas co-eds are engaged in some type of defense work.

Getting In the Scrap

The War Production Board proved it meant business last week, in demanding that automobile graveyard owners start scrapped jalopies to the steel mills, or face requisitioning. The WPB seized the yard of a recalcitrant Indiana dealer.

Comfort FOR DEFENSE WORKERS

Strong, serviceable materials, good design and careful workmanship are all very important... they give lasting comfort in your work clothes. If you buy Dickie's, you'll soon appreciate this extra measure of value.

"Smells like something cooking"

BETTER BABY YOUR MOTOR

IT'S NO FUN riding behind a car that is laying a smoke screen, enveloping you in clouds of evil-smelling fumes.

And it's no fun for the owner of the car which is doing the smoking. Every mile he drives is wasting his money and shortening the life of his motor. Any mechanic will tell him that he needs new rings or new pistons.

Chances are the trouble started long ago with imperfect motor lubrication. Good oil would definitely have lengthened the life of the motor.

That is more important than ever in these days of completely curtailed auto production. So keep the following facts always in mind, when deciding which oil to use:

If you want our best oil, you don't have to choose blindly from the many lubricants which Phillips makes, because we frankly point out that **Phillips 66 Motor Oil is our finest quality** . . . the highest grade and greatest value . . . among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, be sure to ask for Phillips 66 Motor Oil.

Phillips 66 MOTOR OIL

Phillips Finest Quality

Time to Vaccinate Horses Early

County agent H. M. Breedlove advised all farmers and ranchmen who have horses that this is the time to vaccinate against sleeping sickness.

"We usually wait until the disease starts," Breedlove said, "then we start to vaccinate the stock. It takes about fifteen days for the vaccine to take effect and immunize the horses against the disease. Horses that were vaccinated last year are not immunized to the disease. This has to be done each year for it to be effective. The horse is given two doses of the vaccine from seven to twelve days apart."

The disease usually starts when the flies get bad in the spring, so the thing to do is have the stock vaccinated before this time comes. Breedlove said that according to government experiments that only one horse out of every eight would take the disease.

All persons noticing horses that walk with a staggering gait and look as if they had the hind legs should get in touch with a veterinarian or the county agent at once and have the animal doctor.

"Start early on the horses and do not have the trouble of taking care of them after they become sick is the best advice," Breedlove stated.

HEDLEY YOUTH SHOT IN KNEE

Norman Thompson, Hedley youth, met with misfortune Sunday when he was accidentally shot in the knee with a 22 rifle.

He, with some friends, had been rabbit hunting and had returned home when one of the boy's rifle was accidentally discharged, the bullet lodging in Norman's knee. He was brought to the Clarendon Clinic where the slug was removed and his condition is said to be satisfactory at this time.

AUTOMOBILE INSURANCE

KELLY CHAMBERLAIN

To the Citizens of Donley County:

This announcement is for the purpose of informing the people of Donley County that I am a candidate for nomination to the office of County Judge of Donley County at the Democratic Primary in July.

In announcing my candidacy for this office I am mindful of the fact that the office of county judge is one of grave responsibility, requiring a thorough knowledge of the affairs of the county and an understanding of the many problems facing the county officials if the best interests of all the people of the county are to be served in a just and efficient manner. Because of my past service as District Clerk and through my present position as deputy County and District Clerk, I feel that I am thoroughly acquainted with the fundamental principles of county government and am able to give the people of this county the type of service they desire. Your vote and influence in my behalf is earnestly solicited.

Walker Lane

SCIENTIST VISITS AUNT HERE

Dr. B. H. Beane of Le Grande, Iowa visited here this week with his aunt, Mrs. W. M. Pickering and other relatives.

Dr. Beane has been collecting fossil material for some forty years. He had with him this trip some of the most perfect specimens of fossil crinoidae and other rare sea lillies of the animal world of the ancient sea of his section and other interesting specimens of the fossil star fish.

University collections of Nebraska and other states have profited through the generous gifts of this talented man.

RETURN FROM COAST

Mr. and Mrs. L. D. Hunter who went to Port Arthur a few weeks ago where Mr. Hunter was employed as guard of defense properties, came back to the Plains country Tuesday and visited in the home of their parents, Mr. and Mrs. J. A. Warren. They went on to Amarillo Wednesday where they will make their home. Mr. Hunter did not like the work, and, too, Mrs. Hunter's health is such that the altitude and climate did not agree with her.

Take the load off his HEART!

The observance of Army Day, April 6, marking the twenty-fifth anniversary of America's entry into the World War in 1917, signifies also the beginning of the nation-wide movement for the assistance of soldiers' families and dependents. Every community in the country today has its quota of men in the Army, and the home folks of these communities are organizing units of the Army Emergency Relief.

The Army Emergency Relief is a fund being raised to provide for the assistance of dependents of any soldier who wears the uniform of our country. It operates without official "red tape." Emergency conditions are recognized and relief is given promptly. The mother who visits her boy in camp and finds his outfit suddenly moved, leaving her stranded, is immediately provided with necessary funds by the Army Emergency Relief. When a soldier becomes a casualty his dependents are given sympathetic care and funds are advanced until the payment of a pension or his insurance.

The Army Emergency Relief is incorporated under the laws of the District of Columbia as a non-profit organization. General John J. Pershing is honorary president. The chairman of the board is Secretary of War Henry L. Stimson, the acting president being Under Secretary of War Robert P. Patterson. The fund is administered by Major General

William N. Haskell, formerly commander of the 27th Division.

Donations and contributions are accepted from any legitimate sources, organizations or enterprises, and already a great deal of money has been received. Families of soldiers and patriotic citizens in the cities and towns and the smaller villages throughout the country are taking the initiative in the work. It is a spontaneous movement of the people, without high pressure campaign methods, and its entire service is voluntary.

Outside of the larger cities committees formed by the citizens have had the whole hearted cooperation of local newspapers, and in many communities the press is promoting the organization of the movement, in some cases the funds being raised as a memorial to a home boy who already has made the supreme sacrifice. All persons interested in organizing local units to assist the Army Emergency Relief have been asked to communicate with Col. John Thomas Taylor, assistant director, Bureau of Public Relations, War Department, Munitions Building, Washington, D. C. Said Col. Taylor:

"We praise our country's defenders but our greatest service to the man on the battle line is the assurance that we are looking after his loved ones at home. In doing this we take the load off his heart."

CLARENDON CHRONICLE

W. P. BLAKE, Publisher

(36 years ago this week in Donley county.)

Mrs. A. M. Beville has returned from a purchasing trip to St. Louis and is opening up her new millinery goods.

Miss Margaret Kinslow of Rowe is visiting her grandmother in Grayson county.

Mrs. Sallie Alexander and children of Pottsboro is visiting her father, E. B. Dishman and family at Rowe.

J. G. Shepherd, who has been sick for some time, died Monday at the age of 62.

W. D. Shelton loaded out a carload of his household goods for Elida, N. M. from Giles Monday. He has homesteaded out near Elida.

Miss Lillie Rector, ill with a throat infection, died Saturday.

T. S. Bugbee is in Amarillo helping arrange a program for the cattlemen's convention.

Mr. and Mrs. P. A. Buntin were in Childress the past week to attend the funeral service of his sister, Mrs. Hawkins.

John Hunt is down from Stratford on a visit.

J. H. Myers of near Rowe loaded out with supplies Saturday.

Mmes. J. B. and T. S. McClelland are visiting relatives in Ohio.

Mrs. John Rathjen, who has been ill for some time, is up again.

W. H. Patrick made a business trip to Claude Saturday.

John Browder and family are again at their ranch home after

spending the winter in San Antonio.

Oscar Cousins and wife have moved to near Pampa where he bought land.

J. W. and J. H. Oglesby are to move to Alberta, Canada. They are fine men, and we dislike to see them leave a good country.

Mr. and Mrs. J. M. Shelton of Giles are in Mineral Wells for the benefit of his health.

A good many of our people met at the Moore place near Giles Tuesday to help John Lemmons build a dugout, replace the windmill tower and fix things up in general so that he can go on with his crop, despite the fire damage.

C. W. Post, of Postum fame, has paid \$400,000 for the Currycomb ranch in four counties and will start a new town which he will name "Post" in Garza county as his headquarters.

Clarendon Clinic Hospital Notes

Surgical patients: Norman Thompson, Hedley; Mrs. Walter Moss, John Koening, Hedley; James Gregor, B. O. Noble, Carrol Jean Lane.

Medical patients: Mrs. Geo. Garner, Mrs. Maurice Lane, Charlie Johnson, Gene McBrody.

VISIT IN AMARILLO

Mrs. Lloyd Benson, Mrs. William Lewis and Mrs. Dorothy Campbell went to Amarillo (today) Thursday to visit Mrs. Glenn White who is in St. Anthony hospital. Mrs. White is still improving.

War Department Wants Scrap Iron

The Donley county USDA war board is urging that all farmers and ranchmen sell all of the surplus scrap iron that they have on the place. This iron is badly needed by the war department, and if all of the scrap iron in the county is collected and sold it will not only give a small amount of income to the person selling the scrap but will be helping the war department.

County agent H. M. Breedlove says that nearly every day his office is receiving information from the department requesting that the war board for the county have the farmers and ranchmen sell all of this surplus iron.

Breedlove said that all tubes such as shaving tubes, toothpaste and other similar tubes should be saved as the department will start a drive in the future on collecting this material.

Miss Maude Crawford came over from Silverton to visit home-folks over the week end.

Mr. and Mrs. Knight of Pampa visited their daughter, Mr. and Mrs. J. T. Hoy Tuesday.

Mr. and Mrs. Alexander Anderson of Las Cruces, N. M. visited Mr. and Mrs. G. A. Anderson Monday.

Mrs. O. W. Latson is visiting her daughter, Mrs. Collier at Tahoka and son Billy at Lubbock.

NOTICE!

It has always been our policy to inform our customers and friends of anything that concerns their better interests along our line of business.

Due to new Government Regulations, it is unlawful for any person (wife, father or other members of family) in the home or in the Tailor and Cleaner business to alter any kind of pants and put a cuff on them. The extra material that we cut off of pants will be placed in a box and taken-up by the government.

Your cooperation will be greatly appreciated.
