NO. 34

THE RUNOFF FOR CONGRESS

In This District Between Blanton And Callaway Unnecessary And Useless

Out in West Texas where breezes blow and a man's a man, where good sportmanship reigns supreme and a fighter is loved, the people have given the Hon. Thomas L. Blanton, of Abilene, an overwhelming plurality in his race for re-election. His vote, at this stage of the counting, lacks but a few hundreds being a clear majority over all his opponents. Before the introduction of the runoff system, his election would have been regarded as one of the most sweeping in the history of the State.

However, we have the runoff and Mr. Blanton's nearest opponent says he will insist on running it off.

The Reporter believes Mr. Callaway should step down and out, refusing to make the race in the runoff. The Reporter does not believe there is the remotest possibility that Mr. Callaway can be elected. His assistance on making the campaign will only put Mr. Blanton to additional expense and keep him longer at his duties at Washington, possibly serve no other purpose.

How moral a question makes a teen between way.

The heavy should take. The Reporter term in Congress are needed.

WORK FOR THE JOBLESS LIVING COSTS NORMAL

Prospects—if the strike difficulties with the railroad shop crafts and bituminous coal miners are soon amicably settled—of the country's return to normalcy, industrially, commercially, agriculturally and financially are good. Unemployment is decreasing all over the country, and the ranks of the big army of the unemployed are thinning. Living costs are getting back to pre-war times and a satisfactory settlement of the strike difficulties will see the little old U. S. booming as of old.

The note of optimism "prevading practically every industry" seems to the U. S. Department of Labor to be amply justified, as "the country is steadily but surely forging its way toward a period of industrial prosperity in which it is possible that the labor supply will not equal the demand."

Of the sixty-five leading cities, fifty-two report employment increases during June over May. A bulletin issued by the National Conference Board tells of labor shortages in Wisconsin, Michigan, Illinois, Indiana, Ohio, Western Pennsylvania, New Jersey, Connecticut and Massachusetts, as well as in the Colorado and Arizona mining regions and the Oklahoma oil fields.

Francis L. Jones, Director General of the U. S. Employment Service, "the nation is striding vigorously toward industrial prosperity, employment increasing throughout the country." All industries except "stone, clay and glass products" show "an increase of employment," while "building activities are advancing to such an extent that a shortage of skilled business craftsmen is becoming apparent in many sections."

All this, so the Pittsburgh Gazette-Times remarks, is "tangible evidence of the revival of business which would have attained greater proportions had there not been such extensive voluntary abstention from labor." According to the National Industrial Employment Board, approximately 1,250,000 workers are now out on strike, and yet, as the Chicago Journal of Commerce observes, there is "a general waning of unemployment," which points to "the resumption everywhere of the functions of prosperity."

CLYDE'S ELECTION WAS QUIET PROTRACTED MEETING ENDS

Clyde, 7-26-22. The election passed off very quietly here, but the vote was not heavy compared to the number qualified to vote.

Mrs. Jim Watts died here Tuesday night, after a long illness. Burial will take place here this afternoon or Thursday.

The protracted meeting, conducted for the Church of Christ by A. L. Thurman, of Chillicothe, closed Sunday night with 23 additions.

The dry weather continues to stay with us and is making things look sick. Still, we are looking for rain in time to make cotton. XXXA

W. E. Lovelady, a very pleasant and affable gentleman, representing "The Philpott Florists," of Abilene, called on The Star yesterday. He reports that his concern will shortly open a branch agency in Baird.

FARMER JIM BEATS BACK

"The Mills Of God Grind Slowly, Yet They Grind Exceeding Small," Is True

"The mills of God grind slowly, yet they grind exceeding small." Five years ago the dominant faction of the Democratic party in Texas impeached and drove Jim Ferguson from the Governor's office and made it impossible for him ever again to hold an office in the State Government. This same despised Jim Ferguson is a candidate, successful in winning a place in the second primary, for United States Senator, with a splendid chance to win the fight.

Hon. Barry Miller, campaign manager for Senator Culberson, has tendered his services to James E. Ferguson, saying that there is but one place for a real Democrat to go. Governor Ferguson accepted and Barry Miller will campaign for Ferguson.

Ferguson is up against a formidable combination, but there is no doubt he is the greatest campaigner in Texas. The last campaign proves this. Without means and without influential friends, he made one of the memorable campaigns in Texas. His friends carried him in autos from one speaking point to another because he had no money to pay railroad fare, and according to newspaper reports, Ferguson spoke to larger crowds than any other candidate.

The people of Texas bid fair to right the injustice inflicted upon Ferguson by the Legislature, five years ago. We always did sympathize with the under dog in a fight, and that is why we always resented the unfair and unjustified impeachment of Governor Ferguson. We hope he busts the combination against him.

The Star supported Clarence Ousley for the Senate, but realized from the start that the time had not come for Texas to send a man like Ousley to the Senate. The scholar, the clean, unassuming, clear thinker, Ousley, has no chance in Texas now. The prohibitionists and Ku Klux gave Mayfield his main support, and neither supported Ferguson, yet, with all these powerful influences against him, he won a place in the runoff, to the consternation of the politicians of this great State.

We are inclined to agree with Barry Miller that the only place for an old-line Democrat is to support Jim Ferguson in the runoff.

MUNICIPAL BAND'S FIRST CONCERT

The Baird Municipal Band, directed by Instructor-Leader C. E. Strain, gave the first of a purposed series of concerts on the Court House lawn last night, to a large and appreciative audience. These concerts will be given every Thursday night until further notice.

The following is next Thursday night's program:

- The Stars and Stripes Forever
- Sousa
- Overture, "May Flowers," Laurendeau
- "Augusta Barn Dance," Sargent
- "Wang-Wang Blues," Johnson
- Waltz, "In a Rose Garden,"
- March, "On the Square," Panella

THE ELECTION RETURNS AND THE FINAL RUNOFF

Due to a combination of the Texas Election Bureau and a committee of Bairdites consisting of Judge Ben L. Russell, Will D. Boydston, Jas. C. Asbury and Fred Frazier, in combination with the election judges in the county and the Abilene Reporter, were able to give the citizens a pretty good idea of how the election had gone by midnight Saturday.

The returns were received over a special phone on the balcony of the American Hotel by Judge Russell, Jim Asbury blackboarded the returns and put out bulletins, Will Boydston and George W. Symonds tabulated the returns and Baseball Umpire Fred Frazier megaphoned the results, with humorous interpolations, to the crowd of pedestrians and autoists that crowded Market Street between Mac Bell and Eugene Bell Avenues.

The vote in Callahan County was the largest ever cast in a primary in the county, about 2460.

Ferguson carried the county for the Senate. He defeated Mayfield, his opponent in the second primary, by 514 majority.

Blanton ran so far ahead of his opponents they never got in sight of him. He carried every box in the county except Baird, and had a majority of 292 over the combined vote of his four opponents.

Rogers, for Governor, carried the county over Neff by 606 majority.

Mahaffey and Long are in the runoff for District Attorney.

Mrs. J. W. Hearn had a clear majority over her two opponents.

There will have to be a runoff for the following county officers: Martin and White, for Collector; Evans and Bowler, for Assessor; Corn and Bray for Sheriff; Carpenter and Dickson for Commissioner in Precinct No. 2.

A. R. Kelton had no opposition for Commissioner. M. G. Farmer was nominated for Justice of the Peace and Frank Youngblood for Constable in Precinct No. 1.

The vote at Baird, 633, was the largest ever polled in any election.

Ferguson carried 13 of the 19 boxes, including Baird, and tied in two others. About as good a political sprinter as Blanton, against whom Callaway insists upon running in the second primary, Blanton only lacked 806 votes of a majority over all his opponents. He led Callaway more than two to one in the District.

In the State election, Neff had a majority over all opponents and is nominated. Runoff necessary for Lieutenant Governor between Davidson and Mayfield. Senator, Earl Mayfield and Ferguson.

County Chairman Wiley C. Tisdale will supervise the official count of the votes tomorrow and next week The Star will print a full report.

Attention is called to the Herford Lake ad on the last page. This splendid swimming pool is within easy auto riding distance of Baird and is deserving the liberal patronage of bathers. The water is 100 per cent pure and the lake is provided with all conveniences and fitted up with all sorts of aquatic pleasure appliances.

IS IT PEACE OR PROPAGANDA

Chicken Hawk Or The Dove A Choice That Is Hovering Over Shopcrafts Strike?

After four weeks of the most effective strike this Nation has ever witnessed, the Dove of Peace (according to press reports) is flying around seeking firm and solid ground on which to alight.

It is said, however, that some of the serious doubts as to whether it is a genuine dove or merely a chicken hawk in disguise, for it is claimed, by a famous English General, that his most effective method of warfare was, after each battle, to offer terms of peace—the offer being to destroy the morale of the enemy. And therein lies the danger of peace talk at the present moment, which, after all, is not peace but pure propaganda for the purpose of trying to get the people to sleep, with the intention of taking advantage of such a situation.

The most significant development in this strike is the fact that the number of men who have since receded to the unmanly part they were obliged to obey the dictates of their nature, with the result that they are now on the picket line, that they are fighting the great fight, fearlessly. Our experiences in the past have very frequently been the opposite.

The second surprising thing is the suddenness with which the strike became effective. Shopmen's strikes are usually regarded as embarrassing, but in this case there are several railroads that have almost closed down, many that have abandoned entire divisions and others that have curtailed operations from 30 to 60 per cent.

We are charged with shortsightedness and demanding the return to prosperity. We are anxiously awaiting and will give our support to real prosperity. But a contented prosperity that is predicated upon starvation wages for men, insufficient clothing, shelter and food for women and children, is not prosperity and will not be accepted by the membership of these organizations. The membership and the officers seek to terminate it and will do so upon the first honorable basis that is proposed.

Since 1920 wages of railroad employes have been reduced to the tune of \$1,000,000,000, the operating expenses of the railroads have been reduced by over \$1,500,000,000, but they have reduced rates to the tune of less than \$450,000,000. The owners are asking the employes to make sacrifices for their profits, not for the benefit of the public. The railroads pass on less than half the wage reductions to the public.

In 1920, by Decision No. 2, the Railroad Labor Board increased the wages of railroad employes to the extent of about \$600,000,000 per year. The Interstate Commerce Commission increased railroad rates to the extent of this amount and a

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THE FORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars . . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

At all druggists.

channels, that Premier Lenin of Soviet Russia had been poisoned, was issued by the Soviet Embassy at Riga.

Premier and Mme. Poincare were guests at a dinner tendered in their honor by Myron T. Herrick, United States Ambassador to France, on the occasion of the French national holiday. Mr. Herrick departs on leave for America shortly.

Military Governors of the Province who oppose the present movement in China toward democracy and reform are being ousted from office. The Provisional Cabinet by President Li Yuan-hang.

All French automobile records were smashed at Strasbourg in the Grand Prix, won by Felix Nazzaro of Italy in a Fiat car, after his teammate, Biaggio Nazzaro was killed and his mechanic, Germano, had his leg and arm broken, when their car turned turtle going around the Entzheim hairpin curve.

The American girl students who arrived in London in charge of Irwin Smith rushed off to Windsor, but before they told British newspaper men, who had kept vigilant watch so they couldn't elude them, that "the English girls are very sweet, but they lack our dash."

The Soviet flax trust, organized last winter, now controls about 30 per cent of the entire Russian linen industry, according to reports from Moscow. Since the formation of the trust, it is reported, production has mounted rapidly, but as yet there is no indication of the industry becoming a factor in the world trade.

President Obregon, who is at Cuernavaca ostensibly for a week's rest.

is understood to be conducting a personal investigation of the kidnapping of A. Bruce Bielaski. He is said to have called in numerous Federal and State officers connected with the case in an effort to sift the charges that the former American official staged his own kidnapping.

Conviviality has broken through the surface of drab Moscow. Cafes and restaurants have reopened and are filled with well-dressed persons who pay exorbitant prices to be a part of Moscow's night life. Only the very rich can afford to patronize the cabarets and cafes of the Russian capital, where living is more expensive than any other city in the world. For the most part the patrons are profiteers, popularly known as "specs."

WASHINGTON—

Secretary of State Hughes has decided to attend the Brazilian Centennial Exposition at Rio de Janeiro this fall as head of the honorary commission to be appointed by President Harding to represent the United States Government. It was said late this week at the State Department.

President Harding has "no plans for the summer except work," it was stated at the White House in denial of reports that he contemplated establishing a summer White House in a suburb of Washington and expected to make trips to New England and other sections of the country.

Early inauguration of negotiation with Great Britain for the funding of the \$5,000,000,000 war debt to this country are expected at the Treasury.

The Chilean and Peruvian delegates to the Washington conference have cleared away the last difference over the Tacna-Arica arbitration agreement and announced plans for final adjournment of the conference.

Still another attack on Governor Harding of the Federal Reserve Board was made by Senator Hedin (Dem.) of Alabama, who charged in the Senate that bankers were being coerced into endorsements of Governor Harding for reappointment.

Regulations to govern the separation of hundreds of regular army officers from the active service before the end of the year, as required by Congress in the current appropriation bill, were made public at the War Department.

John H. Kirby of Houston, of the five members of the American-Brazilian Centennial Commission, against whom Frank A. Harrison, a former member of the commission, made charges to the President, was named deputy commissioner general of the commission.

Selection of J. Butler Wright, formerly secretary of the American Embassy at London and for several years in the diplomatic service, as a member of the Brazilian Centennial Exposition Commission to succeed Frank Harrison of Nebraska, who recently resigned was announced at the State Department.

An indictment against ten persons, charging conspiracy to defraud the United States out of more than \$1,000,000 in connection with the disposition of Government lumber following the war, was returned by the special Federal grand jury which has been in session since June 1 investigating the transactions.

England is using German time, according to a report to the Commerce Department from Consular Clark Nutting at London. The extent to which German clocks have been imported into Great Britain during the first four months of this year has been remarkable, he declared. Out of a total of 1,194,732 coming from all countries no less than 1,115,614 came from Germany.

Some progress toward removal of obstacles to American recognition of Mexico was said to have been made at a rather lengthy conference at the White House between President Harding, Adolfo de la Huerta, Mexican Minister of Finance, and Brigadier General J. A. Ryan, retired, representative of Association American oil interests in Mexico. The Mexican Minister, it was explained, was received by the President as a "Mexican citizen."

Harding's Message Received. Austin, Texas.—President Harding's message requesting co-operation in giving protection to miners while at work during the coal strike was received at the office of Governor Neff.

Pirates Hold Up Ship; Slay Captain Miami, Fla.—The convert auxiliary schooner William H. Albury was held up by motor boat pirates off Gun Key and her master, Captain Edgcomb, shot dead on deck.

Waco, Texas

ADJUTANT GENERAL IS CALLED TO WACO

CONFERS WITH GOVERNOR ON DENISON SITUATION, BUT WITHOUT DECISION.

BACK TO AUSTIN AT ONCE

Will Continue Conference En Route and After Reaching Capital, Says Statement.

Waco, Tex.—Adjutant General Barton arrived here Friday to confer with Governor Pat M. Neff relative to the situation at Denison resulting from the strike of railroad shop craftsmen. He came to Waco via auto and will accompany Governor Neff back to Austin. The following statement was made by Governor Neff:

"Adjutant General Barton came to Waco in his auto at my request. We have discussed the strike situation, but no decision has been reached, and nothing will be done before the early part of next week. It is my intention to be the first to vote in my ward here tomorrow, and immediately thereafter we will depart for Austin in General Barton's auto. We will continue our conference regarding the strike while en route to that city and after reaching Austin."

Governor Neff was emphatic in his declaration that no decision had yet been reached as to action of any kind contemplated regarding the strike.

WHITE IS APPARENTLY TO KEEP HIS FREEDOM

Emporia Kansas Editor Calmly Awaits Arrest With His Defense Ready.

Topeka, Kan.—Friday night Governor Henry J. Allen had apparently decided not to send a Deputy down to Emporia with a warrant for the arrest of Editor William Allen White, his closest friend, who has been defying the State industrial law by sympathizing with the railroad strikers.

Governor Allen started the day by stating that "White was no different from any other citizen and that he was liable to arrest for placing a poster in the offices of his newspaper, the Emporia Gazette, declaring his sympathy for the shopmen. Attorney General Hopkins was said to be preparing charges against the editor.

As the day wore on it brought reports that White, who has always been closer than a brother to the Governor, was really serious about his attitude that the clause in the industrial law prohibiting giving comfort to strikers was an "outrageous infringement of the rights of a free press and speech."

The Governor was informed that the progressive editor was sitting in his office, calmly waiting arrest, and that he had written a blistering defense of his action, to be released the minute he was taken into custody.

As the Governor was considering this another old friend, Victor Murdock, editor of the Wichita Eagle, announced his support of White in another blazing editorial. Murdock, Allen and White used to be known as "the three graces of Kansas."

Nationalists Capture Limerick. London.—The city of Limerick has been captured by the Irish National Army, says a Central dispatch from Dublin. The Nationals took many prisoners together with arms and ammunition.

Sun's Hope of Regaining Power Gone. Canton, China.—Sun Yat Sen's forces in Northern Kwantung, on whom the deposed President of South China has been pinning his hope of regaining power, have been defeated and are in retreat, pursued by the troops of Chen Chiung Ming, who overthrew Sun, according to advices from Shichow.

Government May Get German Dyes. Paris.—The American Government would receive its quota of German dyes amounting to more than \$3,700,000 annually as part payment for maintaining its army on the Rhine under the terms of a plan being worked out by the American Government with the Reparations Commission. Final approval is expected within several weeks.

Forty Quarts Bonded Liquor Taken. Waco, Texas.—Forty quarts of bonded liquor, hidden in the rear of an automobile, were confiscated, together with the auto, by Federal Prohibition Enforcement Officer Alex Armstrong and City Detective Willie Stem, Thursday in front of a local hotel.

COMPENSATION FOR AMERICANS SOUGHT

RECOGNITION OF OREGON GOVERNMENT OTHERWISE IS MOST IMPROBABLE.

NO CHANCES OF FRICTION

Accumulation of Expropriation Incidents Not Alleviating the Situation.

Washington.—Administration officials are authoritatively represented as desirous that the Mexican Government take whatever steps it deems necessary to effect the expressed policies of President Obregon on questions impeding recognition of that Government. It was declared emphatically that the situation was entirely clear as to the relations between the two countries, and fully understood by Adolfo de la Huerta, Mexican Minister of Finance, as a result of his recent conversations with President Harding and Secretary Hughes.

It is understood to be recognized by the Washington Government that continuance of the present situation might endanger the friendly relations between the two Governments, particularly in view of the application of the Mexican agrarian policy to the land held by Americans under valid titles in Mexico. Since the policy of the United States on the question of recognition of the Obregon Government was formally stated by Secretary Hughes more than fifteen months ago, there have been numerous cases of "expropriation" of American-owned property under that policy.

The cardinal point upon which the Washington Government has insisted at all times is the security of valid American titles in Mexico to property of whatever nature. It was again explained that this was the chief aim of the treaty of amity and commerce suggested to President Obregon, but which he found himself unable to accept. If the security sought is accomplished by re-acts of the Mexican Congress or decisions of the Mexican Supreme Court interpreting Article 27 of the Mexican Constitution, however, the aim of the United States would be as well satisfied, it was said.

STREAM OF FOREIGN COAL MAY POUR IN

Can Land Millions of Tons Monthly At United States Ports, It Is Claimed.

Washington.—The Emergency Fleet Corporation can land millions of tons of foreign coal monthly at American ports, Vice President J. Barstow Small declared in an interview. Plans to effect such a move, should the emergency necessitate it, he added, had already been given careful consideration, and at the Commerce Department, it was said, when the demand becomes great enough and the profits in selling foreign coal here are high enough "it will begin to pour in."

At present, enough of the Shipping Board vessels are returning in ballast from England to start bringing in coal now at the rate of 500,000 tons monthly, Small declared, and if the necessities of the public require action, "plans are ready and the machinery will be put in motion whenever the executive gives the word."

Rewards for Chicken Thieves. Denton, Texas.—Poultry raisers living about Denton have decided to raise a standing fund to be used in payment of rewards for arrest and conviction of chicken thieves because of the growing tendency that has caused heavy losses to poultrymen this year.

Lid on Atlantic City. Atlantic City, N. J.—The lid which flipped off Atlantic City early this season and dropped into the ocean, has been dragged out and clamped down again over some of the liveliest spots in this liveliest of Eastern seaboard resorts.

"Severest Ever Imposed By a Victor" Berlin.—What the Germans term one of the severest forms of internal dictation ever imposed by a victor on a vanquished nation has been proposed by the Allied Guarantees Commission as a prerequisite to any moratorium on German reparation payments.

Give Produce to Striking Shopmen. Denison, Texas.—Produce donated by farmers from Grayson County, Texas, and points in Oklahoma will be distributed to striking railroad men, according to announcement made by a committee of farmers representing the Farmers' Union.

REMICTA AND CHIT DEFEATED

LACK OF CONFIDENCE VOTED BY CHAMBER OF COMMERCE

UNEASINESS IS GROWING

Forced Resignation of Ministry Is Cause of Political Disturbance.

Rome.—Italian Cabinet resigned Wednesday after suffering a humiliating defeat in the Chamber of Deputies.

President Facta and his Ministry fought the end, but were defeated by the Party and were unable to muster sufficient strength to pull through. The Chamber voted a lack of confidence, 288 to 103.

After an adverse vote, Premier Facta's resignation to King Victor Emmanuel and his Cabinet did not occur.

Altitude Facta had ample warning of the impending fall, he stuck to his refusing to quit in advance of the vote which his advisers predicted would go against him. Leading the majority, after sounding the preliminary situation early in the day, called on the Premier but he told them he would resign only after thorough debate and only if the newspapers in the state editions praised Facta for deciding to face the Chamber and fight it out.

LABOR APPEALS TO SUPPORT RAIL MEN

From Doing Work on Man Strike," A. F. of L. Says.

Washington.—An appeal has been issued by the executive council of the American Federation of Labor to the railroads everywhere to support the workers in their effort for just settlement of the railroad trade dispute.

The appeal, which was issued by unanimous vote of the executive council and over the signatures of Samuel Gompers, federation president, has been forwarded to every State, to the labor publication in the United States, and to all the organizers of the federation, it was announced at federation headquarters.

Organized labor is asked specifically to refrain from doing any work formerly done by men now on strike while the workers themselves are engaged to conduct themselves in a non-striking manner.

The text of the appeal as signed follows:

"We call upon every working people who loves the cause of all Americans to sustain the cause of the railroad workers who have ceased to work as their only remaining method of protest against the most heinous wrong which any institution has ever perpetrated."

"No workman should be a member of a union or a trade union, if he is possessed of true American manhood, engage in any work formerly done by men now on strike."

"No man now on strike will, if he is true to the cause, conduct himself in any but a law-abiding manner."

"The cause for which the workers are contending is worthy of every just and proper effort that can be put forth in its behalf."

"Let there be a determination and a solidarity which shall at the same time bring victory in the present struggle and serve notice upon reactionary employers and financial interests everywhere that there is to be no return to autocratic, despotic methods in American industrial life."

Charges Against Orient Up July 24. Topeka, Kan.—Charges made by former employes of the Orient Railroad that it is not pursuing an economical program will be heard July 24, at Wichita by the United States Interstate Commerce Commission, Governor Allen was notified.

Oppose Harding's Mine Plan. Herrin, Ill.—President Harding's plan of reopening the coal mines of the country under the protection of National Guardsmen and Federal troops, if necessary, was opposed in resolutions adopted at a meeting of professional and business men and miners of ten cities in Williamson, Franklin and Jackson Counties, a large coal mining district.

Bob Henry, as he pranced down, over the hills and valleys of Texas, with the flag in one hand and the American in the other, made votes thousands—for Earl Mayfield.

One now can see the not the justice, of the State Committee, in their bar out all the Americaners in the primary. The strength of Jim Fellers others did not.

There was a great innocents last Saturday of those who met defeat coming years, realize the more lucky than they who won. As a rule, save any money out of office.

As a rule, the best win in elections. State elections in Texas a different story would for about three State Senate. The best and cleanest man in private life in the race for the Clarence Ousley, ran four

Wonder if Bob He expense account against field for carrying the American flag of 100 Bob something for devotion to Klux. He certainly got nothing work for the Klan in primary.

And Colonel Bill Mayfield, an unknown, except as an oil booster and prominent as a Kluxer, is in the lead for Lieutenant Governor. Those who have favored abolishing this useless office will be more in favor of that scheme than ever, if Colonel Billie happens to defeat T. W. Davidson in the runoff primary.

Barry Miller, member of the Legislature, the able campaign manager for Senator Culberson, was defeated for the Legislature. He was not a candidate, nor did he make any campaign. His friends put his name on the ticket, for reelection, but the Ku Klux knocked him out along practically with all other county and district officers in Dallas County. It is unfortunate for any party that able and distinguished men like Barry Miller are defeated for the Legislature in Texas.

The politicians are beginning to learn that this man Thomas L. Blanton is an untamed Texas cougar in Texas politics. He just has a way of busting up the plans of political enemies that is amazing. They tell us he is a har and a man

without influence at Washington, that we ought to send some one there that could do something for our people. The people hear, smile and—vote for Blanton.

He is aggravating, exasperating and a thorn in the body politic and in the places where the politicians sit. He only lacked 800 votes of having a majority over his four opponents. No wonder the politicians dislike Blanton. They can not unhorse him, that's why.

Cullen Thomas saw the danger to himself unless he forced Mayfield to disclose his membership in the Ku Klux Klan, but Earl refused to admit or deny that he was or was not a member of the Klan. Why should he admit or deny anything? He had the Klan vote "kivered," and all unbeknownst to Bob Henry, until just a few days before Bob's Senatorial boom blew up.

Strange that a smart man like Bob Henry could not see that his open defense of and the admission of his membership in the Klan, whose membership is not to be revealed, would make votes for Mayfield, the other-Klansman in the race. The difference between Bob and Earl is that Bob blabbed, while Earl, like Br'er Possum, played shut mouth and got the goose.

MEMORIAL SERVICES HONORING LATE REV. PATRICK G. HUFFMAN

Memorial service was held at the Methodist Church last Sunday morning for the late Rev. P. G. Huffman who was pastor of the Methodist Church at Baird from November 1919 to November 1921. The service was held jointly by the Methodist and Presbyterian churches. Rev. T. O. Rea, pastor of the Methodist church, read the scripture lesson and called upon Rev. Gerald Fitzgerald, pastor of the Presbyterian church, who was a personal friend of the deceased pastor. Short talks were made by W. E. Gilliland in behalf of the official board, Prof. J. F. Boren and Bro. Howtor for the members. There was special music, but the program was informal at the request of Mrs. Huffman.

All the speakers spoke of Bro. Huffman in the highest terms of praise.

Brother Huffman was a splendid Christian gentleman and was highly esteemed by members of all churches and people of no church, who formed his acquaintance while he was stationed here. When Bro. Huffman came to Baird in November 1919 he had not fully recovered from an attack of the flu, in fact we doubt if he ever recovered from that insidious disease. He was in ill health all the time he was in Baird. He was given a vacation by the church for two months in 1920 which he spent mostly at Hot Springs, Ark. He returned much improved in health as we thought, and all hoped he would in time regain his health, but it was not to be.

Brother Huffman was sent to Stratford, Sherman county, on the northern boundary line of the state, by the last Annual Conference. He preached his last sermon on Mother's Day, May 14th. On Thursday, June 22d he with Mrs. Huffman went to Dalhart to visit Rev. Davidson, pastor at that place, also to seek medical treatment. He drove the car himself, was cheerful; little did he or his friends realize that the end was so near. That night he retired seemingly feeling no worse than usual. A few hours later he passed gently and quietly away. A fitting death for the kindly, unassuming, upright christian man.

We were glad to have the members of the Presbyterian and other churches take part in the Memorial service. The life of every man like Brother Huffman is a benediction to any community in which he

lives. The body of our beloved pastor was buried at Claude, where he served as pastor before he came to Baird.

The following sketch of Brother Huffman was written by his wife:

Patrick G. Huffman was born at Glasgow, Kentucky, Jan 29, 1871. He was educated in the city and state schools. In school he made a fine record and established a state-wide reputation as a public speaker. When but a boy engaging in debate with the strongest adult speakers in the state. His admirers promised him a seat in Congress as soon as he was old enough to become eligible, but before he attained his majority he cast his lot in the Lone Star State. His mother was one of a fine old Virginia family, and he always possessed the innate refinement characteristic of those from the Old Dominion state. His father's people were a leading family of Kentucky, some of them being the law-makers of both state and nation for many years.

After coming to Texas he engaged in teaching. Then the mercantile business. More than twenty years ago he felt called to the ministry. He joined the North Texas Conference, where he held several pastorates, then transferred to the Northwest Texas Conference, where he was stationed at Miami, Shamrock, Pannhandle City, Claude, Baird and Stratford. Six and one-half years were spent at Miami. His Presiding Elder said: "When you think of Bro. Huffman you think of many things, for he was a true man; When you think of Bro. Huffman you think of pure things, for his was a life of purity. He was a studious thoughtful preacher and his sermons were presented in earnestness and with the power of deep spirituality. There was no uncertain note in the character of his preaching, for he was a New Testament gospel preacher. Unassuming and sweet spirited he was a benediction to any people, exercising the spirit of Christ in his dealings with others. Wherever he went he had many warm friends, who believed he lived the truths he preached. He was a brother, a friend to humanity, but best of all a friend to God."

STAR DUST

SIFTED INTO JINGLES BY THE MAN ABOUT TOWN

Disappointing! Election day has come and gone, and some were disappointed; But all can't be the people's choice, and pose as The Anointed!

Longing! These July days are hot as, well—they simply get my goat; And long I do for ocean's waves, and eke a sailing boat!

Cooling! The watermelon now is ripe, with heart of blood red meat; A juicy dish—a luscious feast—mid-summer's cooling treat!

Plunking! 'Tis all the go, these sultry eves, to in an auto jump; And speed away, to Hereford Lake, and in the water jump!

Pining! I miss my little partner, Jones, who's off in Burro Land; In Culberson, whose soil is made, of igneous rocks and sand.

The T P yard looks bleak and bare, and desolately drab; With arm-ed men pirouting 'round, a-guarding measly scab!

The Man About Town.

Clark Smith, the farmer, who is famous for his tender chickens, new laid eggs and juicy baby beeves and every other good thing to eat, got marooned in Baird election night and remained over until Monday morning, when he went home in the mail auto.

Something got the matter with the drinking water supply at the T. & P. Shop Tuesday and several of the men and guards were made "sick" by drinking it. The fact caused considerable excitement, but none of the drinkers were "poisoned," as they were fearful they had been.

PERSONALS

Fleet Howell, of Fort Worth, is visiting home folks for a few days.

Mr. and Mrs. L. A. Blakley and children, from the Bayou, were in town Wednesday.

Mesdames H. D. Austin, Moore and Hickman, of Abilene, are the guests of Mr. C. E. Walker.

W. P. Mahaffey and O. P. Thomas, of Abilene, were in Baird Tuesday.

Miss Maggie Lou Price has returned from a months visit with relatives in Gatesville and other points.

J. J. Price and granddaughters, Misses Gladys and Agnes Eastham made a trip to Abilene, Monday.

There was a dance last night in the old Terrell building on South Market Street.

Mr. and Mrs. W. T. Hensley and children returned a few days ago from a months visit with relatives in Tennessee.

Mrs. P. C. Caylor and daughters, Misses Mary and Rachel, of Fort Worth, are visiting Mr. and Mrs. Lee Estes and family, this week.

Mrs. W. L. Henry returned Wednesday evening from a three week's visit with her daughter, Mrs. M. D. Hoover, in Dallas.

Mrs. Don C. Carter and children, Haynie and Don Jr., of Barstow, are visiting her parents, Mr. and Mrs. W. E. Gilliland.

Mr. and Mrs. Robert L. Estes, Mrs. Larmer Henry and children, Billie Jones and Lorraine, Haynie Gilliland and Miss Eliza Gilliland spent Monday afternoon in Abilene.

Mrs. Harry Jones and little sons were to leave today for Ranger. She spent a few weeks with Mr. Jones, who is working on the Hamon-Kell Ry.

Mrs. J. W. Hearn, who made such a splendidly victorious race for the District Clerkship, will take the position of night operator of the telephone office on Tuesday, August 1.

Mrs. W. F. Kirkland and son, Walter Francis, who have been visiting Mrs. Kirkland's brother, Lanham Stokes and wife, the past two weeks, have returned to their home in Denton.

Mr. and Mrs. C. M. Mills and daughter, Miss Frances Cochran, have returned from Paris, Mo., where Mr. Mills was called by the death of his mother. They visited Rob Cochran, at Norfolk, Virginia and spent two days in Washington, District of Columbia.

C. E. Hall and R. E. Field returned last Friday morning from St. Louis and Chicago, where they bought their fall and winter stock of goods. They report a most pleasant trip, the weather being delightful, especially in Chicago.

Mr. and Mrs. Bob Norrell returned Sunday night from a week's trip through the scenic glories of beautiful lower New Mexico, taking in Carlsbad and Roswell enroute. Bob says he "partly" kept in touch with dear old Baird while away by radio.

The J. Y. Gilliland's have moved in from their ranch home, five miles south of here, to their town residence, formerly the Mrs. A. M. Miller property in the north part of town, leaving Jack at the ranch, "monarch of all he surveys."

Receiver J. L. Lancaster, of the T. & P. Railroad, offers a reward of \$1,000 for "information sufficient for the arrest and conviction" of the "persons," identity unknown, alleged to have forced Shop Repair Man W. A. Rothrock, a strike breaker working in the company's shop here, into an empty freight car Sunday night, July 23d and severely trouncing him with an auto inner tube.

COLD WATER LAKE, MICHIGAN A SURE ENOUGH COLD PLACE

Coldwater, Mich., 7-20-22.

How are you these hot days? Trying to keep cool, I suppose.

We are doing fine. Weather just lovely, nice and cool. Nights just swell for fishing. When we left Baird we went up into Michigan, near Traverse City.

Say, on June 25 the Missus and I came near freezing. Can you imagine getting up on the morning of the 25th and your breath looking like the exhaust of an oil burning engine. Fishing was sure good. On Silver Lake we caught pike, perch, blue gills and small mouth bass galore.

We returned to Fort Wayne, Indiana, on July 3d, to help spend the 54th wedding anniversary of the two dearest people in the world to me, Mother and Dad. We had a very enjoyable day, you can just bet. Father is now 76 years and Mother 71 years old. Both are in fair health and ready and able to make the table three times a day. I wonder if I will be that lucky?

We came to Coldwater Lake on July 18th, and expect to stay for a while, if these farmers don't catch me in their melon patch or hen roost. You can send my Star to following address for some time. Will advise change of address. If I should happen to get drowned, you can stop the paper, because you do not use asbestos for paper.

Regards to all "Star Devils."

A. W. Sargent.

PROGRAM AT CHURCH OF CHRIST

The following program will be rendered at the Church of Christ Sunday at 7 o'clock p. m.:

Subject: Confession.

Leader: Ida Bebee.

Song: Class.

Scripture Reading, Matt. 16:32-42: Pauline Dallas.

Prayer: W. Pitt Ramsey.

Duet: Mesdames W. H. Power and Fred Hart.

"What has Confession to do with Salvation?" India May Ramsey.

"Where there is no Confession there is no Salvation": Mrs. Fred Hart.

Song: Class.

"Making a True Confession": Mrs. W. T. Hensley.

"When to Confess Christ Meant to be Persecuted: Beatrice Bebee.

Talk: Brother Ledlow.

Mixed Quartette: W. Pitt Ramsey, Fred Hart, Lawrence Dickey and Boe Warren.

EPWORTH LEAGUE PROGRAM

The following program will be rendered by the Epworth League, Sunday, July 30:

Song.

Prayer.

Piano Solo: Samaria Faye Grimes.

Where do Immigrants come from? Where do they go? What becomes of them? Who are they and why do they come? Ben L. Russell, Jr.

What political situation is involved in Oriental Immigration? Adrian Rea.

What problems are involved, politically and religiously, in restricting immigration? Howard Farmer.

Practical plans for working with the immigrant stranger: Otho Lydia.

Reading: Emalee Rea.

Song.

Benediction.

Sheriff George Houston Corn has no involuntary guests in his big brick hostelry, and his wife and children being away, he is now disconsolately "batching." Mrs. Corn and her seven children left in an auto Tuesday for Grandfield, Oklahoma, where they will be the two weeks' guests of Mrs. Anna May Lamb, Mrs. Corn's daughter.

SPARKS

When our concerts come over the "wired-wireless" and we plug into the lamp socket, light music will be given added popularity.

The railroads recently broadcast a safety message from stations in Pittsburgh, Chicago, Newark and Springfield, Mass., calling attention to the fact that 84,000 people have been killed or injured the last year in this country while trespassing on railroad property.

If you do not know the code and wish to receive messages, there is a device on the market at the present time which records the incoming signals on a piece of paper. The paper may be then read at the will of the operator. This method gives the person unacquainted with the code the privilege of hearing from stations which would otherwise pass over in the usual "buzz, buzz," style so unintelligible to the radiophone fans.

While lying in the harbor of Santa Luisa clearly heard the entire broadcast program of Station WJZ. The distance separating Newark's station from the steamship in an air line was 4,000 miles.

As a result of the widespread interest in wireless telephony one manufacturer has brought out a set of six double-faced records for teaching the telegraph code. Many persons, after listening to the radio-telephone concerns, have tuned in and heard the familiar "buzz, buzz" of the wireless telegraph messages being sent. Curious to know the meaning of the sounds they have cast about for some means of learning the code phonograph records.

The Canadian government is considering the question of the amateur radio field. Present plans are to allow the amateur using spark transmission a wave length up to 200 meters, while those using continuous wave transmission would be permitted a wave length up to 250 meters.

Who said chickens? The poultry show at the State Fair will have some. The dog show at the State Fair will be held Oct. 12, 13, 14 and 15 this year.

"Flivverboob" is the name for the carefree automatic driver. State Fair officials say they will be taken care of during the Fair—by "copper-cobs."

"Ground Antennas." Some relief from bothersome radio "strays" in summertime can be obtained with sets having good amplifiers by using a "ground antenna." This is a long insulated wire run in a shallow trench or on the surface of the ground. The ground wire should be run in the direction of the station from which the most signals are to be received, and should preferably be several hundred feet long.

RADIO

CIRCUIT WITH GRID LEAK RESISTANCE

Takes Place of "C" Battery—How Impedance of Flow Is Determined.

Fig. 13 shows a set of curves for a three-electrode vacuum tube circuit containing a grid leak resistance as shown in Fig. 11 instead of a "C" battery with the same symmetrical alternating difference of potential applied to the grid circuit.

There being no "C" battery potential applied to the grid, the grid in Fig. 11 is normally at zero potential with respect to the filament. As the positive half of the first cycle of the alternating difference of potential is impressed upon the grid circuit—see Fig. 13—the grid is made positive

would soon collect a sufficient negative charge to reduce the plate current to zero and the tube would cease to function. A grid leak having too low resistance will not allow a sufficiently high negative charge to collect on the grid, resulting in a very small plate current reduction and weak response in the telephone receivers.

On the other hand, if the grid leak is of too high resistance, too high negative charge will collect on the grid and the condition of no grid leak will be approached.

In any electrical circuit that has a difference of potential applied to it, the current that will flow depends upon the "impedance" of that circuit; just as in the flow of water through a pipe, the quantity of water that will flow when any given pressure is applied depends upon how much the flow through the pipe is impeded by the friction of the particles of water against the sides of the pipe and against one another.

In the electrical circuit, the relation between these three quantities is that the current which will flow is equal to the applied differences of potential divided by the impedance, where the current is in amperes, the applied difference of potential is in volts and the impedance in ohms. On

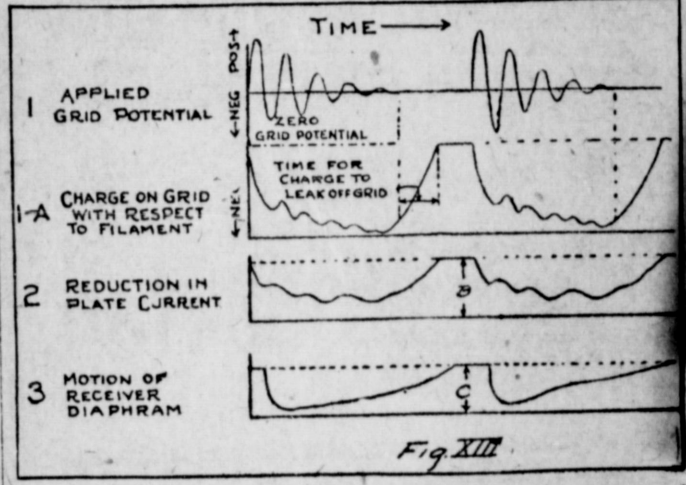

Fig. 13. The grid is made positive with respect to the filament. Being positive with respect to the filament, causes a certain number of electrons, which are negative charges, to be attracted and caused to give up their negative charges to the grid. During the next or negative half of the cycle

of the applied grid potential the grid is made negative with respect to the filament but does not lose the electrons again. Thus a negative charge is built up on a grid during the positive portion of each cycle, the cumulative effect of which is to produce a decrease of the plate current, during the period that the alternating difference of potential called a wave train is applied to the grid.

After the alternating difference of potential applied to the grid has ceased, the grid does not immediately lose its negative charge. The grid leak forms a high resistance path for the negative charge of the grid to leak off down to the filament slowly. If no grid leak were used, the grid

a vacuum tube an internal plate imped. The internal grid vacuum tube used is called a detector detector. The internal grid vacuum tube used is called a detector detector. The internal grid vacuum tube used is called a detector detector.

HAMMERMILL BOND and Our Good PRINTING Will Save You Money

RAPID WORK STATE FAIR Work is progressing on the new Manufacturing Building at the State Fair. The new structure is 185x500 feet, built of steel. It will house the many Texas manufacturers, as magnificent automobiles dealers announce will be at the 1922 Fair. It will be pre-fabricated, permitting use for other purposes. Fair is not in progress.

THE BAIRD STAR RYZON BAKING POWDER RYZON should be used in mashed potatoes before removing from the fire. Less whipping is needed. The results will surprise you.

**State Fair Thrift Tickets
: : : Meet Approval : : :**

Affording a saving and a convenience, State Fair Thrift tickets meet the approval of people all over Texas, who are buying them in advance, thus aiding the Fair and assuring themselves the convenience and saving offered.

STATE FAIR TO OPEN ON OCT. 6

Thrift Ticket Sale in Advance Affords Saving and Convenience

IS MEANS OF FINANCING BIG NEW FAIR BUILDING

Oct. 6 will see the formal opening of the thirty-sixth annual State Fair of Texas at Dallas, and early indications are for an exposition in full keeping with the development and advancement the state has seen during the last year. The 1922 Fair will continue through Oct. 15 inclusive.

As a means of financing the new Manufacturers' and Automobile building the latest addition to the permanent improvements at the Fair, an advance sale of tickets has been announced. Denominated "Thrift Tickets" they may be purchased in advance at a discount of 20 per cent under the usual admission charges at the Fair.

Each Thrift Ticket will be good for one fifty-cent admission at either the main gates, vehicle gates, grand stand or coliseum. The tickets are offered in books containing five tickets, for \$2; twenty-five tickets for \$10, or fifty tickets for \$20. The tickets are fully transferable and may be used by whoever presents them at the gates. One or two or in fact as many as may be desired, can be removed from the books and used singly or in numbers.

Remittances to the State Fair of Texas, at Dallas, will be promptly cared for and the proper amount of tickets sent to the purchaser.

FINE MEXICAN BAND IS SECURED FOR STATE FAIR

The Mexican Artillery Band, said to be the finest musical organization in the Republic, has been secured for the State Fair of Texas, Oct. 6-15 at Dallas.

Permission for the band to come to the United States was granted by President Obregon, following a visit to him by State Fair officials. This band will be the principal musical attraction for this year's Fair, and will appear in the Coliseum.

COOKE COUNTY LIBRARY TO SHOW AT STATE FAIR

A demonstration of the methods of the Cooke County community library will be made at the State Fair Oct. 6-15. Space has been allotted and Miss Lillian Gunter of Gainesville, will be in charge. Cooke county is now supplying its rural districts with a free book service, as well as to the ninety-two rural schools of the county.

POTTER CO. GETS NAME IN PAPER ABOUT FAIR

Potter county seems to have been the first to get its name in the papers in connection with the State Fair this year. Under an Amarillo state line, announcement comes that Potter county is already at work on

STATE FAIR WILL HAVE RADIO SHOW

Latest Strides in New Science to be Demonstrated Oct. 6-15

TO BROADCAST NEWS FROM FAIR GROUNDS

A comprehensive and intensely interesting radio show will be one of the big features of the State Fair of Texas, at Dallas, Oct. 6-15, this year. It is announced.

The radio show the latest developments in the new science of wireless communication will be fully demonstrated. It is planned to have a broadcasting station—the first time such has obtained at any similar exhibition. Messages from visitors to Dallas may be transmitted back to home folks wherever there may be a receiver set up, capable of catching the impulses from any of the present Dallas stations.

Geo. W. Goodwin has been named superintendent of the radio department, and he promises much of interest to radio enthusiasts.

An exhibition of apparatus as made by amateur radio enthusiasts will be another feature. At a similar exhibition fostered by a Dallas paper some time ago, more than 500 such sets were shown. Mr. Goodwin believes such an exhibition will be of great benefit to young fellows interested in radio, who living in smaller towns, have not the advantage of being factory-made equipment which may be utilized as patterns for their own work. The State Fair show will offer such opportunity.

HARRY HOPLEY TO JUDGE SHORT HORNS AT FAIR

Harry Hopley of Atlantic, Iowa, will judge short-horn cattle at the State Fair of Texas, Oct. 6-15. Mr. Hopley has accepted the appointment and expressed himself as highly pleased at the prospect of coming to Texas.

Mr. Hopley is one of the best known breeders in the country and is recognized just as prominently as a judge of impartial fairness.

FOUR JUDGES TO PRESIDE AT FAIR POULTRY SHOW

Four judges will officiate at the State Fair Poultry show this year, entries for which close Sept. 25. They will be W. O. Hobbs of Missouri; Chas. Smith of Oklahoma; J. T. Johnson of Iowa, and H. B. Savage of Arkansas, a former Texan. Especial attention will be given to water fowl and to pigeons and pet stock this year, according to Superintendent Walter Burton. Premiums on the various departments of the poultry show total \$35,000.

TREATY WOULD U. S. F

Pact With England Field Is Now Be

London—An Anglo-American pact according to citizens of the States, complete opportunity in British territories, and especially in the oil field, is being pressed here. It has been a long time since the negotiations were actually settled, and the talks have been interrupted several times between the two sides, and who is acting as Ambassador here to London. The agreement so far as the States is concerned, is being assured of receiving the approval of the British Council before any concession is made. The subject of the pact is expected to be discussed at the meeting of the American and British representatives in London. The subject of the pact is expected to be discussed at the meeting of the American and British representatives in London.

IS IT PEACE OR PROPAGANDA?
 Included from first page
 billion dollars additional, making a total increase to \$1,600,000,000 a year.
 Since 1920 the railroad employees have seen their earnings reduced by 147, 222, 1, 630, 707, 725, 1030 and 1074 and also by unemployment. The total amount of these reductions, shown on an annual basis, is as follows:

Amount Taken Away Since 1920	
Shop Crafts	\$871,817,896
Maintenance of Way, etc.	315,803,835
Clerks, Station Employees	146,690,146
Signalmen	10,378,368
Stationary Firemen, Oilers	8,145,235
Other Railroad Employees	96,352,490
Total Loss to Employees	\$943,191,871

Including the unemployment among other classes, noted specifically, the total wages of railroad employes have been reduced \$1,000,000,000 since 1920.
 Compare this with the total reduction in railroad revenue through reductions, which to date is less than \$450,000,000. The employees have been compelled to give up more than twice as much as the railroads.

As a matter of fact, the railroads have also secured additional reduction in their expenses to the extent of more than \$500,000,000 as the result of reduction in the price of supplies. Altogether, then, the railroads have secured a total saving over one and a half billion dollars since 1920, and this is given to the public in reduced fares.

Respectfully,
 T. E. Powell

ATTENDS BANKERS' MEETING
 T. E. Powell, Cashier of the First Guaranty State Bank, attended the meeting of the Bankers of the 8th District at Cisco, Tuesday.

This was the initial meeting of the convention, which was held in the city hall. The convention was formerly organized by the election of John W. Thurman, of Ranger, President; J. C. Lovelace, of Graham, vice-president; E. W. Harrell, of Anson, secretary-treasurer. An Executive Committee was named composed of John W. Thurman, J. C. Lovelace, E. W. Harrell and A. E. Poole, President of the Guaranty State Bank, Abilene, and T. E. Powell, Cashier of the First Guaranty State Bank, Baird.

A number of interesting talks were made among them. "What benefits can be derived from this organization," by John W. Thurman, of Ranger. "Why I changed my bank from a National to a State bank" by T. E. Powell, of Baird. "Duties of Directors in State Banks" by J. M. Wagstaff, of Abilene.

After the business of the convention was transacted the visitors were taken in charge and given an automobile ride over the city and to points of interest. The final number of the program was the chicken barbecue at the County Club. The eats were plentiful and deliciously served, 156 chickens having been barbecued for the occasion with the usual accompanying relishes.

Mr. and Mrs. Tom Windham and son, Tommie, of Oplin, were in town today.

SUCCESSFUL CANDIDATES GIVE GRATEFUL THANKS

MR. MAHAFFEY THANKS VOTERS

I wish to express my sincere thanks for the vote given me for District Attorney last Saturday. Outside of your home men, you made a fair division, and I will certainly appreciate your help in the runoff.

W. P. Mahaffey.

THANKS FOR SUPPORT

I desire to thank my loyal friends for the splendid vote given me for Commissioner of Precinct No. 2, in the first primary, and solicit of them the same active help in the runoff.

Hopefully,
 J. H. Carpenter.

SHERIFF CORN THANKS FRIENDS

I thank my friends for the splendid support they gave me in the recent primary, and solicit their continued support in the runoff.

I point to my record in the past as Callahan's chief peace officer as my recommendation for the winning endorsement of the voters in the final primary.

Faithfully yours,
 G. H. Corb.

A CARD OF THANKS

I take this opportunity to express my sincere thanks to the voters of Callahan County for the nomination as your candidate for County Treasurer.

You have conferred a favor upon me that will greatly assist me along life's rugged way, and I appreciate it more than I can find words to express.

Respectfully,
 Mrs. Roy Jackson.

MRS. HEARN IS GRATEFUL

I want to thank my many loyal friends for the splendid majority vote they gave me last Saturday in the county over my two opponents.

As your future District Clerk I shall give the duties of that office my most careful and conscientious attention, and again thanking you for the magnificent vote you gave me, and earnestly determined to merit your highest appreciation. I beg leave to remain,

Gratefully yours,
 Mrs. J. W. Hearn.

CLYDE WHITE THANKS FRIENDS

To the Voters:

I shall always appreciate the support the people of Callahan County have given me in my race for Tax Collector. I shall continue to make the race exactly as I have done heretofore—that is, upon my own merits and ability to fill the office. I hope to have the support of every one who believes in giving a young man a chance to better himself, and if I am elected I shall show my appreciation by working faithfully and efficiently for you.

Respectfully,
 Clyde White.

W. L. BOWLUS THANKS FRIENDS

To the Citizens of Callahan County: I take this means of thanking the people of Callahan County for the support given me in the Primary held last Saturday; and whether victory or defeat shall crown my efforts on August 26th, I shall ever feel grateful for the consideration and assistance shown me.

I hope that my supporters will put forth special efforts in my behalf, for it will be impossible for me to see the entire citizenship of the County during the short time remaining; and if I am fortunate enough to be your next Tax Assessor, I shall ever strive to serve you impartially and in a business-like manner.

Sincerely yours,
 W. L. Bowlus.

JUDGE BLACK A GOOD SPORT

We can always see some sunshine if we will only look for it, while floating down the turbid stream

known in political history as "Salt River." I am made glad when I realize how my friends rallied to my support.

I would be very ungrateful if I did not express my deepest appreciation to these men and women for their votes and support during the campaign just closed.

I realized, after getting into the race that I was getting a late start, and for that reason the odds were against me; but I decided to fight the battle out rather than quit and run. Although defeated, I am proud of the showing I made, and I appreciate what you good people did for me.

Take a chance; it will make you or break you;
 Take a chance; face it out with a smile;
 And though to defeat it may take you,
 You'll find that the gamble's worth while
 You can't know your strength till you try it.
 In a fight with malign circumstance:
 You won't reach the top, or come nigh it,
 'Till you heed that refrain: "Take a chance!"

Respectfully,
 J. R. Black.

CITATION BY PUBLICATION

The State of Texas—To the Sheriff or any Constable of Callahan County, Greeting:

You are hereby commanded to summon Leslie Spoons and Carroll York by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the Justice Court, Precinct No. 1, Callahan County, Texas, to be held at the Court House thereof, in Baird, on the fourth Monday in August, 1922, then and there to answer to a petition filed in said Court on the 13th day of July, A. D. 1922, in a suit, numbered on the docket of the said Court No. 1106, wherein Mary Guyton is Plaintiff and Leslie Spoons and Carroll York are defendants, said petition alleging that said Leslie Spoons and Carroll York are indebted to the said Mary Guyton in the sum of one hundred thirty-three dollars and sixty-five cents (\$133.65), being an account for board and lodging.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand, in the Town of Baird, this the 13th day of July, A. D. 1922.
 G. E. Printz,
 Justice of the Peace, Precinct No. 1,
 Callahan County, Texas.
