Miss Edith Collier will have charge of the small pupils, in addition to her elocution and physical culture class.

Mr. Frank Russell was in to arrange for his boys and said he wanted to educate his boys in Callahan County. Mr. Barton arranged to matriculate. Mr. Van Jones arranged to send his daughter from Big Springs. Others of the county and other places have made inquiries, from seeing a notice in THE STAR. DRESSY NOTES.

Sept. 2.—Dear Mr. Editor:—As I haven't seen any news from this place in a long time, I will give you a few dots.

Crops are very short in this vicinity. It will take about five acres of cotton to make a bale. Feed stuff is almost a complete failure.

Mr. Hugh McDermott, of Midland came home yesterday to spend a few days with his parents.

Mr. Bob Clark, of Drwson county and Miss Rosa Smith, of Loraine, are visiting friends and relatives at Dressy.

Jim Baum and wife, of Roby, are spending a few days with Mr. Baum's mother.

Miss Maggie Steele, who has been down with typhid fever for the past six weeks, is able to be up again.

Miss Atton Wilson leaves for Scanton this morning to attend the High School there.

The singing school which is being taught by Prof. Bob Presley, who is an up-to-date musician, is progressing nicely.

Mrs. Laura D. Payne delivered a series of political speeches at Cross Plains last week on Socialism. She is a good orator, and is right about some things she says, but according to the opinion of the writer, she will have to change her platform a good deal before many people inlist themselves with the socialist.

If this finds room in your paper I may write again.

UNCLE WINKER.

School Board Meeting.

The School Board met last Monday night in regular session with all members present. It was decided to open the Baird Public School Monday, Sept. 16th.

The salary of the Janitor was raised from \$10. to \$20 per month. Under the new law the duties of the janitor is greatly increased.

The tax levy to maintain the schools was fixed at 28 cents, a decrease of 2 cents from last year. The total assessed value of the Baird Independent School District is \$768,284. The increase over last year with all the additional territory taken in is less than \$83,000. The total valuation in the small district last year was in round numbers \$685,000. Based on these figures the additional territory taken in the district is less than 1-9 of the total.

It was expected that the tax values in the district would amount to between \$800,000 and \$900,000, but the low renditions prevents but little reduction in taxes and besides the expenses are much more. Wood costs more, teachers are paid more and everything has advanced. With a reasonable rendition we believe the school, even with increased expenses, could be run on a 20 cent tax.

Board adjourned to meet at C. H. Mahan's Friday night when the bonds and bond tax will be considered.

The report is being circulated that Baird will only have a three months school. The Board have made all provisions necessary to run the school nine months. The Cumberland Church, near the school building has been rented for school purposes.

Arrangements were made to comply as far as possible with the State Health Officers rules about cleaning and fumigating the school building. The Board is greatly hampered for room to conduct the school, but this condition cannot be remedied until a new building is erected and that cannot be done until the suit now pending is settled.

HURLED INTO ETERNITY.

Dreadful Collision of Trains Occurs on a Curve.

FIFTEEN PERSONS KILLED.

About Fifty Others Sustain Injuries in an Accident on an Electric Line, Said to Have Been Caused by Confusion of Orders.

Mattoon, Ill., Aug. 31.—Fifteen persons were killed and about fifty injured in a head-on collision between an interurban express train, consisting of a motor car and a trailer, and a traction car on the Mattoon and Charleston electric line Friday. A confusion of orders received over the telephone is said to have been the cause of the terrible accident.

The cars approached each other at a high rate of speed on a sharp curve and the impact was so terrific that the motor car and trailer were telescoped by the traction car. There was no warning, and few passengers had time to escape by jumping. The passengers, nearly all of them en route to the Coles county fair at Charleston were crushed or maimed where they sat in their seats.

Some of those who escaped, and were able to talk say the scene at the wreck was gruesome. The dead and dying were jammed together in a mass. Women were shrieking with pain, and children were crying for unconscious mothers who were thought to be among the dead.

The dead:
Neil Gugate, Gary, Ill.
Thomas Weakley, Mattoon.
William Nelson, North Okawa, Ill.
Charles Nelson, son of William Nelson, aged eight.
Howard Cole, Cooks Mills, Ill.
Harold Cole, brother of Howard.

YOUNG MONEY SLAIN.

Dead Man Relative of Senator and Also Governor Vardaman.

Greenwood, Miss., Sept. 1.—At Mney, a small town near here, James Money, Jr., was killed and his father perhaps fatally wounded by Dr. Groves Kily, relative of Mrs. J. L. Henderson. Some months ago young Mr. Money killed L. J. Henderson, and this is thought to have brought about the tragic affair. The younger man, who was shot first, was killed while standing on the front porch of his father's store. He father, attracted by the shooting, ran to his son's assistance and received several bullet wounds, the result of which, it is believed, may result in his death.

Dr. Kirby and two of his brothers were held pending the coroner's inquest.

All of the parties to the tragedy are prominent, the Moneys being relatives of Senator Money and Governor Vardaman. The latter, on being advised of the shooting, immediately boarded a train for this place, where the wounded man was brought for medical attention.

The trial of Money for the killing of Henderson resulted in a verdict of acquittal.

HOPPING OF CARS.

Judge Intimates This Is Violation of Anti-Pass Act.

Austin, Sept. 2.—Judge William von Rosenberg of the city corporation court has intimated that the hopping and free riding of cars constitutes an offense against the anti-free pass law on the part of the persons securing such free rides. The small boy has been worrying the street car company no little by persistent hopping of street cars after the ball games in the afternoon. Why some of them have not been killed is a wonder. Two of the youngsters of the habitual street loafing kind spent a night in the calaboose and their punishment is a warning to the others.

NO INTERFERENCE.

President Says That He Has Not Seen Any Necessity.

Oyster Bay, Sept. 3.—It was authoritatively stated that President Roosevelt will not interfere with the telegraphers' strike. Secretary Loeb said that numerous appeals to take action which had been reported in the newspapers had not been received at Oyster Bay, and that at no time since the beginning of the strike has the president seen any necessity or reason for intervening.

DINES WITH PRESIDENT.

Bishop Johnston of Texas Was Guest of Chief Executive.

Oyster Bay, Sept. 2.—Rt. Rev. J. S. Johnston, bishop of the Episcopal diocese of West Texas, delivered Sunday morning at Christ church a sermon on "Foreign and Domestic Missions." President and Mrs. Roosevelt attended the services. The Texas prelate and Rev. H. H. Washburn, rector of Christ church, and Mrs. Washburn were the guests of the chief magistrate and lady at Sagamore Hill at dinner.

In comparing what he regarded as the Episcopal pittance of \$5,000,000 a year, which was all the church could collect for mission work, Bishop Johnston put the millions spent annually on the United States navy in one column with the \$60,000,000 he said was spent annually for chewing gum and the many times greater amount for tobacco and liquor. The support of the navy, however, he justified as making for peace.

Bishop Johnston has recently visited the far east, and declared the American government had a difficult problem to solve in the Philippines. In Japan, he said, there was a decidedly greater demand for religious literature than could be supplied.

During the civil war Bishop Johnston was a private in the Confederate army. At the close of hostilities he studied theology, graduating with high honors. When he was chosen bishop he was rector of Trinity church, Mobile. His residence is at San Antonio.

LOST.

On Wednesday evening, Sept. 4th between St. Francis Hotel and bridge over railroad, a lady's black hand bag, on the outside of which was a letter pocket. On the inside was a pocket in which there was a small black purse containing a quarter, a lime and a nickel made in 1907. A pipe case of light tan color, which had printed on it "Compliments of Reynolds Livestock Commission Co. 1907." This case contained a \$10. gold piece, a small tooth wrapped in piece of paper bearing date tooth was extracted and the name "Francis"; a pair of short black silk gloves, a plain linen handkerchief, a yellow lead pencil and a postoffice key. The bag was seen by Ed Lambert to be picked up by a man wearing cowboy's attire and riding a large iron gray horse with new bridle. The man is supposed to have gone the Tecumseh road. Finder will be liberally rewarded by leaving at STAR office or returning to owner.

ALL HER SKIN BURNS OFF

Dallas Lady Meets With Most Agonizing Fate.

DAUGHTER ALSO SUFFERS.

While Destroying Trash In Her Yard by Fire the Wearing Apparel of Mrs. J. W. Manley Becomes Ignited and Not a Thread Remains.

Dallas, Sept. 3.—While Mrs. J. W. Manley of 190 South Peak street was burning trash in her yard her clothing caught fire and every particle was burned off. Worse, still, every bit of skin was burned off the unfortunate lady and such other horrible injuries were inflicted that death resulted in a few hours.

In attempting to rescue her mother a fifteen-year-old daughter, Miss Dovey Manley, was severely burned about the hands and arms.

The lady's garments burned so quickly there was not a vestige of them after she ran a few feet.

The girl was the only witness to the beginning of the tragedy, but neighbors were aroused by the streams of the two, and rushed to the help of the burning woman, but the flames had done their work before any of them could arrive.

The little girl went directly to her mother's help, and tried to smother the flames with her hands. All the skin and hair on the head was burned. The victim lingered for four hours.

Mrs. Manley is survived by a husband and two children, a boy and a girl. She is a native of Smith county, being the daughter of J. R. McDougal, whose family is very prominent in that section.

Mr. and Mrs. Manley had been living in Dallas about fifteen or sixteen years.

SURELY SCARED.

Palestine Negroes So Frightened Nail Down Windows.

Palestine, Tex., Sept. 2.—The negro population of Palestine has been undergoing a reign of terror during the past several nights, due to the machinations of a being who practices nocturnal pranks of a disturbing nature in the negro settlements. Concerning the quality of this nocturnal wanderer various opinions obtain, some of the negroes declaring that he is a ghost, who vanishes before their eyes; others that he bears a charmed life, and others of a more sane reasoning that he is a bad negro come back to town and getting even with some of his colored brethren for past wrongs.

Among the accomplishments accredited this unknown is the ability to receive a pistol ball between the eyes, and thereupon, with terrifying serenity, the immediately expectorate the efforesced bullet back to the person firing it.

He is also said to be coated with that well known balsam of the evil world familiarly known as "conjure oil," by virtue of which he cannot be held even when in the grasp of overpowering numbers.

Every night brings its quota of doings of this mysterious being. Windows broken, shades torn away, doors broken down, negroes terrified. Most of the doings have been in the West End, but it is said by some of the negroes that the man has declared that he will visit Old Town. The officers have been called to his whereabouts several times by the firing of pistols at him, but each time he has effected his escape. The negroes have nailed down their windows, and are sleeping in sealed houses, without ventilation, in abject terror of a visit from this frightful creature.

HUSBAND AND WIFE KILLED.

Dreadful Double Deed Takes Place at East Texas Town.

Emory, Tex., Sept. 3.—A double tragedy took place at 7:45 o'clock Monday evening that shocked the entire community. Neighbors hearing five pistol shots in the home of Marshall Lamb, about fifty yards south of the depot, entered to find Mrs. Lamb, aged about twenty years, dead from a bullet wound in the head and Marshall Lamb lifeless from two pistol shots in the body. Both were of prominent families here, Mrs. Lamb being the daughter of Judge J. C. Crabb.

The double tragedy followed the opening of papers on Mr. Lamb in a court order, which gave possession of their two children to the mother. Both parties stood high here, and the tragedy is generally deplored.

CAMPBELL SAYS NAY.

There Is to Be No Special Session of Legislature.

Austin, Aug. 31.—Agitation about a poll of the legislature, about a 2 cent fare proposition and special session of the legislature was set at rest by the governor, who authorized the statement that there has been no poll of the legislature and that there will be no special session of that body.

Railroad Commissioner Colquitt gave out his dissenting opinion on the action of the railroad commission in suspending the order requiring the International and Great Northern railway to stop passenger train No. 4 at Franklin, the county seat of Robertson county. Commissioner Colquitt says that the statute is mandatory, which requires this road to stop as many as four trains daily at a county seat. Mr. Colquitt says the people of Franklin would be justified and he would join them in proceeding to test the authority of the commission to set aside this statute.

The governor has appointed R. H. Hicks of Rockdale as a member of the state penitentiary board in place of O. T. Holt of Houston, who resigned on account of not having the time to devote to the position.

The comptroller has appointed J. E. Wilkinson of Mount Pleasant to a position in his department.

Commissioner of Insurance Love was sworn in and qualified as insurance commissioner. The governor approved his bond—one for \$10,000 as the superintendent banking and the other for \$5,000 as insurance commissioner. R. T. Milner was also sworn in as commissioner of agriculture.

HAS SPLENDID TRIP.

Davidson Delighted With Diaz and Admires Thompson.

Austin, Aug. 30.—In speaking of his visit to Mexico Attorney General Davidson said that he had a most excellent time and was quite cordially received both personally and officially.

The feature of his trip was a visit to President Diaz at the national palace. Attorney General Davidson stated that considerable red tape has to be gone through in order to see the president of the Mexican republic. In order to see the Mexican president it became necessary for him to see the United States ambassador to Mexico, Mr. Thompson, and through him the visit was arranged. On the day appointed for the visit to the national palace, the ambassador called at General Davidson's hotel and got him and his family, who accompanied him to Mexico, and in carriages drove to the national palace, and were ushered through a double line of soldiers guarding the palace. They were taken into the president's reception room and in a few minutes the president appeared alone and through an interpreter had the visitors presented to him and they were given a royal welcome. The visit occupied nearly half an hour. General Davidson declares he found President Diaz a most affable man, just about the average height, with an impressive Castilian face and a thorough military bearing.

The ambassador also proved a most courteous gentleman and gave his personal attention to the head of the legal department of the state of Texas. He also has an interpreter.

General Davidson spoke in high praise of the fine weather which prevails in Mexico. He said that the climate was just as it is usually here in the month of November. It was necessary most of the time to wear a light overcoat. General Davidson also visited POCO park and found it delightful there. Among the articles brought back with him was a beautiful Mexican blanket, which General Davidson presented to Governor Campbell. The general found the Mexican people a most courteous people. In fact, he declared that etiquette and politeness was a study with the Mexican people.

Then they drew him up to find that he was dead.

Briskey leaves a wife and a three weeks' old baby in Houston, Tex.

The Savannah team played a benefit game Monday to aid in paying funeral expenses. Briskey was formerly one of the most popular players in the Texas circuit. He claimed St. Louis as his place of residence, but he played ball in Texas so long that most lovers of the game believed that his home was in Galveston.

DUEL WITH SHOTGUNS.

Two Ellis County Citizens Have Battle on Road.

Waxahachie, Tex., Aug. 30.—Near Ray, this county, Tom Davis and W. H. Jeans had a shotgun duel. Davis received two charges of small shot in the face and breast and one buckshot struck Jeans in the back. Both men will recover, say attending physicians. It is said that Davis fired four times and Jeans twice. The buckshot that hit Jeans entered his back just below a shoulder blade and lodged in the left breast.

The shooting is said to have been the result of previous trouble between the men. Davis had come here and made a complaint against Jeans, alleging the offense of abusive language and disturbing the peace. Jeans came to Waxahachie and made bond in the sum of \$100. He was on his way home when the shooting occurred.

MANSFIELD NO MORE.

Final Curtain Call Comes For Noted Thespian.

New London, Conn., Aug. 30.—After an illness of several weeks Richard Mansfield, the noted actor, passed away at this city early Friday. His death was directly due to disease of the liver, aggravated by complications. Dr. Allen said he had feared the worst for several days. During the great actor's last moments he was in a comatose condition and did not recognize the loved ones at his bedside. There were present at the time of his death,

RICHARD MANSFIELD.

his wife, brother, Felix, and young son, Gibbs, and physicians and nurses.

For some time Mr. Mansfield had been in the Adirondack mountains in the hope that the bracing air and quiet surroundings would restore his health so he could the coming dramatic season resume his position as one of the foremost actors of the day. His condition, however, became worse, and a few days ago he returned to this city.

PURLOINED PANTS.

In Pocket of Trousers Was All of Victim's Possessions.

Lexington, Tenn., Sept. 2.—J. Henry Wise, living near Darden, this county, fell into the hands of a thief while at Jackson. Having occasion to go to that city on business, Mr. Wise, after attending to the matters that called him there, was walking along a street and accosted a stranger. They had a pleasant chat. Wise remarked that he was tired and wanted to retire. This was agreeable to the stranger, so they went to a nearby hotel and engaged a room. Mr. Wise undressed, assisted by the stranger, and lay down on the bed. When he did so the stranger grabbed his trousers and made a lightning exit, and has not been heard of since. In the pockets of the trousers Mr. Wise had \$40, his entire cash account.

ROSED IN POND.

Girl Represents Mermaid Basking Among Water Lilies.

Wichita, Kan., Aug. 31.—After posing nude in a lily pond in North Riverside park, Miss Mona Payton, nineteen years of age, was sent home and the photographer, J. J. Todd, of this city was arrested.

Todd said he wanted to take the picture of the girl's head and shoulders and convert it into a picture of a mermaid basking in a pod of lilies. He proposed to enter the photo in a prize competition, but the women of the neighborhood objected to a nude model posing in a public park, and called the police.

When the police arrived a curious crowd assembled around the pond and had to be driven away before the girl could emerge from the water.

Occasionally we can hear some of our farmers complaining of "hard times." The last one we heard kicking about "hard times," was a blank sight tighter than the times, and was ready to start home. He had exactly six big fat greasy sides of northern bacon in the vehicle which he had just purchased from a merchant. We know that man well, and there will be enough acorns raised on his pasture land this fall to fatten twenty-five of the biggest hogs in the state. Do you wonder at the times being a trifle tight when a man lives in Texas and hires another man in Missouri to raise his meat?—Vernon Call.

The moral we presume is if a man will continue to get tight he is mighty sure to meet up with tight times, and if he don't get tight, but lives in Texas while his smoke house and granery are both located in some other state, he will be sure to meet with tight times, and further, when a man gets tight on whiskey made in Missouri, with Texas full of corn, wheat and rye that could be made into booze at home he don't deserve any sympathy any more than a man who will send to Missouri for meat and bread he can raise at home. No one is justified in getting tight, neither is any one living in Texas justified in buying anything, elsewhere that he can raise at home.
