

## 19th Hole

By John Wright

Well the week of the big one is here. What big one you say? The U. S. Open Golf Tournament, that's what big one. The pros will tell you many tournaments they feel is the most important of the year, but the majority agree that the U. S. Open is the tournament. No other tournament is played under more difficult conditions, on tougher courses, under more exacting specifications, nor more rigid qualification requirements. Even the great Arnold Palmer, who made the game of golf the tremendous enterprise it is today, was forced to qualify for this year's championship, due to the fact that he had failed to meet the other rigid qualification standards of the USGO. However, Palmer came through in fine fashion with a 70-68-138 total, and was the low qualifier in the nation. This was some of the best golf the slumping Palmer had shot in a long time. Better watch out for ol' Arnie, he may be up to his old charging tricks again. He made the statement after his qualification that he was just relaxing and playing golf like he used to, instead of fighting it.

Last weekend, the man with buffalo meat diet and the hot putter, Billy Casper slogged his way to the Western Open title for the third time. This man must always be reckoned with when two major championships come around. His accuracy from tee to green and tremendous putting ability make him a constant threat in any tournament.

Then there's the little short, stocky, cocky Mexican-American fellow from El Paso name of Lee Trevino. This guy thinks he can do anything with a golf club or whatever he happens to have in his hands when he wants to, and he usually does. He's also the defending U. S. Open Champion. Hmm, that's funny, that's the tournament we've been talking about all the time. This year's Open is being played at Houston's Champions Course, which gives Trevino a little edge being a Texas course. The course is a fairly flat layout with big greens. Just right or Trevino's low punch-type shots. Also the fairways will be very narrow at Champions for the Open. Some fairways will be only 25 yards in width, which is like trying to drive onto a postage stamp. However, this also is an advantage for Trevino, being an extremely accurate driver. He played great golf there losing the Champion's International event to Roberto De Vicenzo by only one shot last year. He predicts either he or Gary Player will win this year's Open.

Speaking of Gary Player, this is one of the hottest players on the tour right now. He is holding the lowest stroke average for the year and has consistently been finishing in the top five in tournaments this year with one victory. This little man doesn't know the meaning of pressure. His nerves of steel have carried him through the years and through many rough tournaments to tremendous victories. He is probably the only golfer on the pro tour who dedicates himself to strenuous physical exercise as well as golfing practice every day of his life. He does not waver or vary in his system of physical fitness and well being.

Stamina, dedication and determination wins U. S. Opens. Confidence and belief in your own abilities and limitations wins U. S. Opens.

## Sunday, June 15 Is Father's Day

CLYDE — Sunday, June 15, is Father's Day, a day on which many people of the United States and Canada express gratitude and appreciation by giving their fathers presents or greeting cards. Father's Day comes on the third Sunday in June, and some organizations hold special programs.

Mrs. John Bruce Dodd, of Spokane, Wash., started Father's Day in 1910. Later the custom spread throughout the United States. In 1936, a national Father's Day Committee was formed, with headquarters in New York City. The Father of the Year is elected annually. Douglas MacArthur, Ralph J. Bunche, Dwight D. Eisenhower and Harry S. Truman are among those who have been chosen.

Special services will be held in our local Rest Home for the Fathers residing there this Sunday.

## Swimming Lessons To Begin Monday

Butch Barron scored in the 4th on Bill Hatchett's double.

The Braves tied up the game at 3-3, when Spurgers and Wilson, on base with walks, scored on a two-base hit by Huckerson. He then scored on an error at home.

Vestal, David Strickland and Pedro Cerda scored Baird's final runs in the 6th.

Pitching for Baird were Barron, Windham and Strickland. Dunn went all the way for the Braves.

The Junior team lost their first game of the season to Albany 13-2, at Albany, Thursday night. Efrim Rodriguez hit a home run and Danny Vestal scored on an error for Baird's two runs.

FOOD FACTORIES — An abundance of grass has been achieved through the Great Plains Conservation Program on the Robert L. McClain farm near Rowden. Pictured with Mr. McClain is Henry Caldwell (right), Soil Conservation Service Technician.

## "Food Factories" in Rowden Area

BAIRD — Grass plants are unique in a very special way because they have their own "food factories" in their leaves. Here they manufacture food to feed themselves and also to feed our grazing animals. Healthy, thrifty grass plants are wonderfully efficient machines. They can convert raw materials from the soil and air into nutritious food. They produce the cheapest livestock feed available, according to Connie M. Fair, Soil Conservationist with the Soil Conservation Service office in Baird.

Growing more grass on his farm was the main objective of Robert L. McClain, who is a cooperater with the General Colorado Soil and Water Conservation District. Mr. McClain lives on his 221 acre farm located one mile north of Rowden in Callahan County. He accomplished his objective through the Great Plains Conservation Program, which is administered through the local Soil Conservation Service office located in Baird.

## Ranchers and Farmers Urged To Support Brush Control Program

BAIRD — Callahan County landowners and operators are being asked to participate in the local Brush Control and Range Improvement Association. The Brush Control and Range Improvement Association is a non-profit, tax exempt association, formed to raise funds from any source to promote more intensive research on the problems of brush and the improvement of the land after the brush has been brought under control.

The immediate goal of the association is to raise from the landowners of Texas, one cent an acre per year for five years. Money will be made available to universities, individuals, com-

panies or foundations for projects approved by the Evaluation Committee of the Association.

James Snyder, Chairman of the Callahan County Brush Control and Range Improvement Assn. said that much enthusiasm has been shown for this program and with the proper amount of funds, we can expect great results. He urges every farmer and rancher to contribute one cent per acre to the fund. All banks in the County are taking contributions and necessary forms are available at all County banks, ASCS office, SCS office, and the County Agent's office.

There really is an abundance of "food factories" on the Robert L. McClain place, North of Rowden.

**TRUE OR FALSE?**

"Christ is the true vine, and the various denominations are the branches." This is a commonly heard expression to account for the hundreds of denominations in America.

This thought is obviously taken from the words of Jesus in John 15:1-8. Read the entire passage. In verse 5 Jesus says, "I am the vine, ye are the branches." He was speaking to His disciples. He told them that they were the branches. In verse 6 he made it plain that individual men are the branches, not religious groups! If a MAN abideth in me, he is cast forth as a branch.

Not a single one of the hundreds of denominations in the world even existed in the time of Christ, nor for hundreds of years after His church was established. His church is not divided, for it is His body and His body is ONE! Eph. 4:4 with Eph. 1:22, 23.

If one does not abide in Christ, he is not a branch of the true vine. And, he cannot abide in Christ until he is first IN Christ. Paul says men are baptized INTO Christ. Gal. 3:27. Then none who have not been baptized into Christ are branches of the true vine. Jesus said, "If ye keep my commandments, ye shall abide in my love." John 15:10.

## Union Resident Has Mishap With Truck Near Wichita Falls

Hi neighbor! We had a light rain Sunday night - lots of thunder and lightning. Too wet today (Monday) to combine out this way. Burette Ramsey had some oats combined Saturday, and so did John McIntyre.

Buster McNiece of Houston visited a while Saturday with John McIntyre. Buster's parents live in Abilene. He is a teacher in the Houston school system.

Visiting with Ollie Burnam last week and over the weekend were the Glenn Burnams of Hobbs, N. M., Mr. and Mrs. Bill Brown and children of Fort Worth, and James and Gayle Isenhower and children of Marfa. Mrs. Jess Youngblood of Cisco visited a day or so with Ollie while Glenn's family was here. Kevin Burnam came by one afternoon and visited with me. Was good to have him, so come again Kevin.

Rick Isenhower, who drives a big cattle truck from Texas to California or other places, had the misfortune of having a big wreck near Wichita Falls last

Monday night. He was not seriously hurt but killed several head of cattle when the truck turned over. Rick was covered with diesel. He was lucky it did not catch on fire. I guess, as the saying goes, something good comes out of everything bad. He was hospitalized in Wichita Falls, but is able to be home now and doing pretty well. Rick, we are very glad you are doing so well now.

I visited a while Saturday afternoon in Putnam with Reba Francisco. Glad she is feeling better.

Bro. Larry Braley and wife and little daughter had Sunday dinner with me and spent the afternoon. Mr. and Mrs. Jerald Allen and son of Seagraves came by Sunday afternoon to visit with them. Mrs. Braley is the daughter of Mr. and Mrs. Allen. We were glad to have them.

I visited with Lula Isenhower in Cisco last Tuesday afternoon for a while, also with Aunt Annie May Burnam. She is feeling better.

John and Roma McIntyre went to Dallas Sunday to meet Lynn Carter. She will spend a week or so here with them and with me. She is having a good time helping John haul oats. She thinks she is helping - she likes to hunt bird nests and play with the two bird dogs, Wink and Sham, and it is hard to tell who has the most fun the way they wrestle around on the grass. She really likes to stay out here.

## SCOUT SHOUTS

CLYDE — Thursday morning found seven excited Cadettes buying groceries and packing for a weekend camp out at Lake Brownwood. Several new ways of cooking were tried, from cooking pancakes on our buddy burners to making pizzas in our new reflector oven.

Friday morning, after everyone was out of bed and the morning chores all done, we were handed sealed orders from our leader for the Challenge of Emergency Preparedness. Our orders revealed a tornado had just torn through the Jr. camp and we were the first to arrive at the scene. We were to give proper first aid and care for them. Help finally arrived after lunch and all the exhausted Cadettes went back to their camp hoping never to witness such an emergency for real. All agreed the challenge was met and passed.

After supper we had a double bridging. In a candle lighting ceremony, the eight 6th grade Jr. Scouts and leader, Mrs. Tucker, received their cokes and were bridged into Cadettes. Anita Young, Jeri Pruet, DeNell Estes, Dorothy Whitehead, Becky Whitehead, Yonna McDougal and Starlet Long received their well-earned challenge pins. We presented Anita Young a Senior book and bridged her into Senior Scouts in a capping ceremony.

Our new Cadettes moved in with us and spent Friday night. We went down by the lake and had a camp fire and sing-song. The girls from Ballinger joined us for the sing-song.

Fifteen tired and weary Cadettes broke camp Saturday afternoon and returned home after another successful camping trip.

We want to thank Mrs. Homer Kennard and Theresa Hendrick for accompanying us until our leader, Mrs. Word Estes could come down.

CLYDE — Mr. and Mrs. Weldon Harris were guests in the home of her mother, Mrs. J. H. Bailey.

## Shrums Celebrate 50th Anniversary

CLYDE — Mr. and Mrs. W. O. Shrum of Abilene were honored Sunday on their 50th wedding anniversary with a reception in their home at 833 Sunset.

They were married June 8, 1919 at Marysville in Cooke Co. In 1932, they moved to Denton Valley where he farmed until moving to Abilene in 1945.
