NUMBER 42

## LEGATES OF LAND CITIES MAKE PROTESTS

Oct. 12—Sharp protests against rates for shipment of land from interior Texas, Oklahoma and Arkansas towns to the coast were held today. Opposition was voiced by delegates from inland cities at a meeting before G. H. Mattingly, executive of the Interstate Commerce Commission, Lon A. Smith, chairman of the Interstate Commerce Commission, and members of the Railroad Commission. The delegates for the group declared that the rate request of the Railroad Commission was a violation of the Interstate Commerce Act. The rate change is to be effective on Oct. 15. The delegates of the Wichita Valley and the Brazos Valley, formerly known as Brazos Valley, petitioned to inaugurate rates to effect live flat bales. They have not been compressed in density, the same rate as in Houston and Texas City. The rate is high density compressed bales.

## WOMEN'S DRY LEADER TO VISIT BROWNWOOD SATURDAY, OCTOBER 15

Fort Worth, Tex., Oct. 13.—Local forces of the women's Christian Temperance Union were held today, and leaders feared the internal strife would hurt the "dry cause" in Texas.

Two unions withdrew from the district organization yesterday when they failed to obtain representation on the official board after their candidate for district president was defeated.

Mrs. J. T. Bloodworth, district president for six years, was re-elected over Mrs. S. R. Hoyt.

## Road Worker's Feet Crushed by Roller; Zephyr Man Hurt

M. M. Robinson, employe of Case Brothers Construction Company, suffered a severe injury to both feet about 3:30 o'clock Tuesday afternoon when one of the several thousand pound steam rollers used in road work ran over his feet.

The bones in both feet were badly crushed, the right foot being injured more severely than the left.

Mr. Robinson was standing on an iron brace on the machine and was thrown partly under the moving roller when the brace broke.

The injured man was rushed to Central Texas Hospital. He was reported resting fairly well this afternoon, although his injuries still are giving him great pain at times.

## Farmers Unable To Hire Cotton Picked At Current Prices

DALLAS, Texas, Oct. 12.—Prediction the drop in cotton prices subsequent to the October federal crop forecast will result in hundreds of poor town families who went to the country to pick cotton finding themselves out of work, was made by the Dallas News today in a weekly business review.

Seeing in the report and the price drop a need for growers to harvest the crop themselves as nearly as possible, the News said "they have no money at 5.5 to 6 cents a pound (for the staple) with which to hire pickers."

## Male Chorus Will Sing in Comanche Sunday Afternoon

The Brown County Community Male Chorus will give a concert of songs at the First Baptist Church in Comanche next Sunday afternoon at 3 o'clock. Professor Theophilus Fitz has been absent from the city during the last two rehearsals of the chorus but will return in time to direct the Comanche program.

## TWO WIDOWS FOUND SLAIN

CONNERSVILLE, Pa., Oct. 12.—Two women were found dead and two children seriously injured at their home in Murphy street here today.

Police said all four victims had been beaten about the head apparently with a club or a similar instrument. No weapon was found and police had no clue as to the assailants.

## WIFE JAMES A. REED DIES

## TEXAS AND OKLAHOMA OFFICERS SEEKING ROBBER AND SLAYER

SHERMAN, Texas, Oct. 12.—Officers of Texas and Oklahoma today were searching for a gunman who, after holding up a suburban store here, shot and killed Howard Hall, 55, meat cutter in the store.

## HOOVER WARNS AGAINST MANY DEMO PLEDGES

WASHINGTON, Oct. 13.—President Hoover's arraignment of "false prophets of a millennium" in his bar association address last night, as well as his warning that "our form of government is on trial," indicated he will continue to carry on his campaign for reelection with appeals against "radicalism."

The interests of the people "often in history" the president told the American Bar Association convention in his constitutional hall address, had been betrayed by "false prophets" who offered "seductive but unworkable and disastrous theories of government."

He warned that "the menace is doubled by the fact that these vain allurements are today being offered to our harassed people by men of public reputation in economics and even by men in public life."

The reference was generally accepted as an attack on campaign statements of Governor Franklin D. Roosevelt and other Democratic leaders.

"No man can foretell," Mr. Hoover said, "to what lengths the pressure of public clamor may at any time be brought to bear upon those charged with the processes of government to yield to changes which you know, before they are tried, would destroy personal liberty and sweep away the security of savings and wages built up by centuries of experience."

He called on members of the association to "share fully in the task of forming and leading public opinion," in which he said they had "a powerful ally today in the press."

## GOVERNMENT ON TRIAL

"Today perhaps as never before our very form of government is on trial in the eyes of millions of our citizens," he said. "Economic stresses of unparalleled magnitude have wrecked our people, and in their distress some are tempted to lay the blame for their troubles on the system of government under which they live."

The chief executive described the relations among the states and between them and the federal government as "one of the most delicate relations of our republic." He said "a sense of responsibility" must be retained, but that "we must be courageous in providing for extension of these regulatory powers when they run beyond the capacity of the states to protect their citizens."

Mr. Hoover's interpretation of the principle of state's rights in his address is expected to be amplified in his second major political address of the campaign at Cleveland next Saturday.

He concentrated today on preparation of his campaign document, which persons close to the chief executive said would dwell largely on the administration's unemployment relief program.

The president will leave on the Baltimore & Ohio railroad by special train early Saturday for Cleveland.

## SOUTH SOLIDLY DEMOCRATIC AND BORDER STATES ALMOST SURE TO SUPPORT ROOSEVELT

BY RAYMOND CLAPPER  
United Press Staff Correspondent  
Copyright, 1932, by United Press  
WASHINGTON, Oct. 13.—A swing back from President Hoover to democratic meetings is reported throughout the south and the border in another group of confidential reports to the United Press in its national impartial survey.

Out of a group of fifteen states, Mr. Hoover is reported as having a fighting chance in only one. He carried nine of these states four years ago. Four of them were in what was until then the solid south.

These reports give Governor Roosevelt a fairly certain total of 154 electoral votes with the possibility of eight more in West Virginia. This block would carry Mr. Roosevelt more than half-way along the road to the 266 votes needed for an electoral college majority.

The South  
When four of the traditionally democratic states of the south broke away to President Hoover four years ago, republicans referred exultingly to the "once solid south." They began building a "new republican party" in the south.

The famous block of ten is again united as the "once more solid south," according to democrats and in this republican leaders concur privately.

These ten states will provide Governor Roosevelt with 113 sure electoral votes which gives him a long running start toward the 266 majority he must have to win. The four states which went to Mr. Hoover four years ago were Virginia, North Carolina, Florida and Texas.

One report from the Virginia of 1922 says: "There is no enthusiasm of any sort for Hoover; there is no possibility of injecting denationalism or prohibition color into the campaign. The supporters of Cannon and Hoover against Smith have taken to the woods, and Virginia will be overwhelmingly democratic—and not merely as a protest."

A North Carolina report: "Many a democrat who voted for Hoover in '28 is against him now. The normal division is 60 per cent democratic and 40 per cent republican. I estimate the vote this time will be 70 per cent democratic and 30 per cent republican."

Florida and Texas, the other two Hoover states of 1928, report similarly. "No matter how little Hoover may be to blame for the depression, the outstanding issue which will cause democrats to return to their allegiance."

## CALLS COUNTY MASS MEETING

All persons of the county interested in carrying Brown county for the Democratic ticket, Franklin D. Roosevelt and John N. Garner, in November have been called to meet at the court house at 3 o'clock Saturday afternoon. The mass meeting was called today by Dr. Thomas H. Taylor, county democratic chairman. Especially are county chairmen and workers urged to attend the meeting as plans for the campaign will be outlined. All interested people are urged to attend, Dr. Taylor said.

Dr. Taylor, Dr. Mollie Armstrong, women's chairman for the county, Miss Carrie Reeves, member of the 17th congressional district executive committee for the national campaign, J. J. Timmins and Chester Harrison met Tuesday afternoon to start plans for the county campaign.

## CITY EXPENSES CUT \$36,000 IN SIX MONTHS

Expenditures of the City of Brownwood have been reduced more than \$36,000 in the first six months of the present administration as compared with the first six months of the preceding city year. Expenditures of the city from April 1, 1932, to September 30, 1932, were \$31,468.76 as compared with expenditure of \$7,950.44 in the same period in 1931.

This is shown by the records of the city's income and expenditures as compiled at the end of the first six months period of the administration of Mayor W. A. Butler and the present council, composed of Aldermen W. T. Hoskinson, R. W. Henley, J. K. Roberts and Wm. Hood, who took office in the early part of last April.

Income Is Lower  
During the same period, April 1 to September 30, 1932, income to the city has been reduced more than \$10,000 as compared with the income of the same period in 1931. Income during the past six months has been \$40,306.99. Income in 1931 from April through September was \$50,456.18.

Figures showing the total income and expense in the various departments from April 1 to September 30, 1931, are:

Department	Income	Expense
General fund	\$1,630.13	\$8,525.16
Fire Department	132.50	7,560.78
Police Department	431.32	22,309.51
Sanitary Dept.	6,126.99	1,739.45
Police Dept.	1,739.45	9,353.31
Water Works	28,467.92	18,371.07
Sewer	11,840.76	10,812.64
Special sewer	87.20	2,472.04

Totals for 1932, April 1 to Sept. 30, are:

Department	Income	Expense
General Fund	\$ 913.50	\$9,154.16
Fire Department	30.42	8,475.07
Street Department	648.23	7,447.07
Sanitary Dept.	4,866.75	4,720.39
Police Dept.	684.32	7,560.78
Water Work	28,620.99	12,434.21
Sewer	11,825.07	9,843.65
Special Sewer	117.11	none

As seen above, the fire department expense in the six months period of 1932 was \$7,560.78, while the period this year showed an expense of \$8,475.07. In the six months period of 1931 the department had fewer paid men, but now the department is rated as a full paid department with a much larger payroll.

The sanitary department in the 1931 period had almost \$2,000 more expense than income. The department this year has been put on a self-sustaining basis and the figures above show a balance of more than \$100.

Expense of the street department has been reduced from more than \$22,000 to less than \$7,500. No streets have been built in this period.

## NITRO BLAST FATAL TO ONE

SAPULPA, Okla., Oct. 12.—A nitroglycerin magazine, about five miles west of here in an isolated timbered region, blew up today, killing at least one man.

Oscar Bond, 55 year old owner of the Bond Torpedo Company, was blown to bits in the terrific blast which rocked the countryside for a radius of several miles.

Bits of his body, none of them larger than a man's hand, and small pieces of his automobile were found strewn over an area of several acres.

Officers who investigated the blast said that they did not believe there were any other victims. At first it was believed two companions perished when 600 quarts of the high explosive was detonated.

## Pioneer Cattleman, Brother Brownwood Woman, Dies Monday

FORT WORTH, Oct. 11.—G. W. Norton, 75, pioneer cattleman who erected the first tents on the site of the present city of Abilene, will be buried here Wednesday morning. Norton, here on an annual vacation, died at a hotel yesterday. Although a pioneer in the building of West Texas' cattle industry, he had made his home for the past few years in Atlanta, Ga. Survivors include a brother, N. C. Norton, Atlanta; a sister, Mrs. M. A. Melton, Brownwood, and a nephew, Robert Norton, Atlanta.

## A. C. Grubb Dies At Hospital Here Tuesday Afternoon

A. C. Grubb, 1402 Brady avenue, died at a local hospital at 1 o'clock Tuesday from an illness which came on him suddenly while he was in Abilene attending to business the first part of last week. Mr. Grubb, who formerly operated a grocery store here, was in a store in Abilene when he suffered stroke of illness that affected his head. He fell unconscious in the store and was taken to a hospital in Abilene. Later he was removed to the hospital here by ambulance. He never regained consciousness, although an operation was performed Sunday in an effort to save his life.

## BUSINESS TRANSACTED BY COMMISSIONERS IN WEEKLY SESSION

The Brown county commissioners court, in weekly session Monday, approved the tax rolls of the county for 1932, appointed a constable for Precinct No. 3 (Blanket), appointed several election judges for the general election and transacted other business that came before the court for action.

The county tax rolls as prepared by Mrs. J. L. Karr, tax assessor, were approved by the court.

R. W. Boler, of Blanket, was appointed constable of Precinct No. 3, the office having been vacant before his appointment.

Sheriff M. H. Duman's bill for \$51.75 for the posting of general election notices in all precincts of the county, was approved by the court and the county clerk ordered to issue a warrant in payment of same.

B. F. Hunt was appointed election judge for Precinct No. 3 (Ricker) and S. C. Findley was appointed election judge for Precinct No. 32 (Ward Four, of Brownwood). The home of Angus Evans was designated as the official voting place for the Mount View precinct (No. 6), the designation of another voting place being made necessary because of the burning of the school house in that community.

The quarterly report of Allen D. Forsythe, district clerk, was approved by the court Monday.

An estimate of \$537.05 presented by W. E. Bennett for material furnished in the building of Highway No. 129 was submitted to the court and approved.

## Abstract Company Moves to Office At Court House

The Brown County Abstract Company was being moved today from the office space of the bank for the Citizens National Bank to a space in the county clerk's office at the court house. Offices of the company will occupy the northwest section of the large room, which was not being used by the clerk.

The abstract company has occupied office space of the bank for about twenty-three years. The office was located in a part of the former building of the bank, where Renfro-McMinn Drug Co. is now located, from about 1909 until 1929. When the new bank building was completed, the abstract company moved into a space in it.

H. M. Hughes and Jas. L. White are owners of the company.

## Green Vegetables Crop in Texas Is Better Than in '31

AUSTIN, Oct. 13.—Texas green vegetables are more promising this October than a year ago except for cucumbers and green peppers, the state and federal crop reporting services announced here today.

Most other crops have about the same prospects as a month ago. Cotton prospects have declined 29,000 bales while corn prospects have increased 2,853,000 bushels. Both tame and wild hay yields promise to be slightly larger than last year. Sweet potatoes promise a yield of 6,391,000 bushels which is nearly double the average crop and more than a million bushels over last year. Peanuts will also be nearly double the usual crop with 103,500,000 pounds in prospect. Citrus crops have shown slight improvement with indications the combined orange and grapefruit production will be about half of last year's. A production of 19,500,000 pounds of pecans is expected in comparison with last year's 32,000,000.

Snap beans are given a condition rating of 80 per cent compared with 64 last year; Broccoli, 85 compared with 80; cauliflower, 80 compared with 75; cucumbers, 88 compared with 70; egg plant, 87 compared with 75; green peppers, 85 compared with 86; Irish potatoes, 82 compared with 73; tomatoes, 84 compared with 77. Strawberries are rated the same as last October at 90.

## Santa Anna Bank Moved Into New Building Tuesday

SANTA ANNA, Oct. 11.—Tuesday the First National Bank of Santa Anna moved back into its building which has been repaired after being damaged by fire August 1. Work of repairing the building has been going on since directly after the fire and the work was being completed Tuesday.

About \$8,000 worth of work has been done to repair the fire damage. The bank space, the first floor, and the second story, which is occupied by business offices, have been completely refurnished.

After the fire the First National Bank moved into the State Bank building, the bank also owning that building since the two banks consolidated some time ago. Business has been going on since the fire. The building in this location while the other building was being repaired.

## MISS BOURLAND WINNER PARADE RIDING PRIZE

Melva Bourland of Brownwood was selected as the most graceful horseback rider in the parade staged in Brownwood Monday afternoon in connection with Fire Prevention Week. There were 26 young ladies and women on horses in the parade competing for a \$5 prize offered the winner. Also four boys on horses rode in the parade but were not included in the contest.

There were so many graceful riders that the judges at first could not select the winners. After the parade ended, the riders were asked to ride one at a time past the judges. The decision narrowed down to three riders—Misses Bourland, Ty-lene Lambert and Hazle Griffin. Miss Bourland was chosen as the winner from among the three.

Judges were Skeet Hall, Lonnie Evans and Mrs. Sterling Holloway.

Others entered in the contest were: Mrs. R. R. Holloway, Oma Wooten, Jimada Smith, Mrs. Nona Beene, Minnie May Skiles, Nathalie Nabers, Bernice Polk, Shirley Lambert, Ticia Anderson, Evalde Horseman, Iva Giddings, Mrs. George Elasser, Mrs. Leona Cunningham, Frances Lane Cunningham, Ina Guthrie, Kathryn Ashcraft, Mrs. Odie Pike, Juanita Palkner, Margaret Stoker, Myra Lea Duffer, Mary Thompson, Bobby Davis and Doris McIntosh.

Brownwood fire trucks, members of the paid and volunteer fire departments, various organizations, Boy Scouts, and a number of automobiles took part in the parade, besides the horseback riders. The procession started from Memorial Hall at 4:30 o'clock and after a round of the business district ended at the hall at 5:30.

Comedy was added to the parade by Marvin Flowers, member of the volunteer firemen, who was dressed as a woman and rode a small donkey. On his back was a sign: "Born Thirty Years Too Soon. You had fewer fires then than you do now."

A large number of people lined the streets to see the parade.

An attractive window display has been arranged in the Roussel-Robertson building on Center Avenue with school posters on fire prevention. The posters were made by public school children and the display was arranged by the Business and Professional Women's Club. A prize will be given to the poster judged to be the best by judges that will be appointed.

## PRISON FIGHT BEING PROBED

HOUSTON, Texas, Oct. 10.—A prison farm barracks fight, in which R. E. Ewing, 33, convicted Gregg county burglar, was stabbed and beaten to death, was the subject of an investigation today by Col. Lee Simmons, general manager of the Texas prison system.

Ewing, a trusty in charge of the barracks at Houston state penal farm, 20 miles southwest of here in Fort Bend county, met death yesterday in a brief brawl. His home was in Carrollton, Mo., according to Simmons. He began serving a three-year term last December.

Four convicts were seen to surround Ewing, Simmons said, and as soon as they dispersed the trusty's body lay on the floor, seven stab wounds near his heart and his head crushed as if by a blunt instrument.

Simmons said a bloody hammer and stool were found scattered in the barracks building. He believed they were used in the slaying.

Simmons was of the opinion that the slaying was a pre-arranged plan. The four convicts seen surrounding Ewing returned to their bunks before guards reached the barracks, he said.

The guards finally reached the scene, they found the body lying in a pool of blood and the other 180 convicts housed in the building calmly occupied with their own affairs.

Mr. and Mrs. Mill Wells of Brownwood spent a few days last week with W. S. and Amos Porter.

Doc Ward and family of Comanche visited Asa Ward Sunday.

Dr. B. David Thomas and his father-in-law, Mr. J. H. Mayville, are away on a business trip to Kansas City, Oklahoma and Dallas.

Mr. and Mrs. Jim Faulkner and son, Curtis and Ray Faulkner spent the day Sunday with R. H. Porter and family.

Ebony

The Ebony school will open next Monday, October 17.

The P. T. A. will have its second meeting for this school year Thursday night, October 20. Everyone interested in the welfare of the school and the community is urged to be present. An interesting program has been arranged and some vital things are to be discussed.

Miss Merle Hayes who spent her last week in the Central Texas Hospital was able to be brought home Sunday. We are glad to learn that she is still improving.

The Ebony Singing Class had its regular monthly singing Sunday afternoon at the Baptist church.

Mr. and Mrs. John Guthrie of Mullin together with their daughters, Misses Sybil, Holly, Nell, Jessie, and Shirley, and little son, Rufus Kent, visited their daughter, Mrs. Hubert Reeves, Sunday.

Mr. and Mrs. Ed Crowder and their family made a trip to Brownwood Saturday.

Ceph Meek and family of Ridge visited relatives here Saturday and Sunday.

Miss Evelyn Reeves who is attending the Mullin high school spent the week-end with home-folks.

Mrs. Charlie Roberts returned home Tuesday from San Antonio where she went to visit her son, Loyt, who is in a hospital there. She left him still in a very serious condition.

Herman Glenn Egger of Regency spent the week-end with his grandparents Mr. and Mrs. Bob Egger.

Grandmother Wilmett has received her new wheel chair and is now able to get around the house some in it. But she wants her friends to continue to visit her for that makes the time pass much more pleasantly for her.

Mr. and Mrs. Doug Grocan of Regency attended singing here Sunday.

Mr. and Mrs. Dave Love, Nova Dee and William Love, and Mr. and Mrs. Eugene Egger were the guests of Mr. and Mrs. Bob Egger, Sunday.

Mr. and Mrs. Andy Rowlett of Regency attended singing here Sunday afternoon.

Mrs. S. H. Reeves, Mrs. W. H. Reeves, Mrs. Loyt Roberts and little Charles Stanley Roberts visited Grandmother Wilmett Tuesday afternoon.

Ebony had a distinguished visitor this week in the person of J. H. Burket, Chief of the Edible Nut Division of the State Department of Agriculture. He and his wife spent the night at the Jim Wilmett home Monday night. He was on his way to Austin and wished to observe the condition of the Wilmett pecan

orchard. He and his wife have just returned from an observation tour of pecan orchards in Louisiana, Alabama, Mississippi, Florida, and Georgia. He says he finds pecan conditions in these parts very good and that Texas is their native home.

Mr. Burkett introduced agriculture which is very popular with all who know it.

Bro. Dyches of Mullin will preach Saturday night before and Sunday morning of the fourth Sunday at the Church of Christ.

FEDERAL FUNDS FOR TEXAS FARMERS AND GATTELMEN AVAILABLE

FORT WORTH, Texas, Oct. 12.—Federal funds for the refinancing of Texas cattle raising and agriculture today were available at the Regional Agricultural Credit Corporation here.

A total of \$3,000,000 was deposited late yesterday in the national treasury by the Reconstruction Finance Corporation to the credit of the Regional Relief Bank.

A. E. Thomas, executive vice-president and manager of the "Farm and Cattle" Bank, deposited \$2,000,000 in the Federal Reserve Bank in Dallas. He anticipates \$1,000,000 will be sufficient for immediate loans. Meanwhile the \$2,000,000 portion will be earning interest.

"We are now ready to loan money for cattle feeding and other agricultural purposes," Thomas said. He pointed out, however, the loans would be made only in instances where usual sources of credit are not available.

Over 100 applications for loans have been received at corporation headquarters here. Three have been approved subject to inspections. Other applications have been received at Houston and San Angelo branch banks.

Thomas, who resigned yesterday as vice president of the Continental National Bank here to give his attention to the relief work, could not say when the first loan will be finally approved.

Questionnaires seeking the amount of feed available for feeder purposes and the number of cattle and sheep to be sold for fattening in each county were prepared today. The survey is being made by Thomas C. Richardson of Dallas to facilitate the corporation's loans.

"Farmers with a surplus of feed on hand can be expected to go into the livestock business through the aid of the corporation," Richardson said. "Since many of them are inexperienced in the business, the corporation will supervise both the purchase and feeding of livestock."

School Budget Is Adopted by Board

A public hearing on the 1932-33 budget for Brownwood Independent School District was held Monday night by the board of trustees, but not a citizen was present to discuss the budget with the board. Members of the board discussed the budget and adopted it.

The budget set the net operating expenses for the year at \$107,335 as compared with net operating expense of \$126,743 for 1931-32. Estimated expenditures for 1932-33 are set at \$205,090 as compared with \$193,743 in 1931-32, according to the budget.

Foreign War Vets Elect Officers

With but one exception all officers of the Pecan Bayou post of Veterans of Foreign Wars were re-elected by the post in meeting Tuesday night in the Legion club rooms at Memorial Hall. W. G. Strecker was named junior vice commander to take the place of Henry B. Johnson, who is out of the city for a time.

Officers re-elected are: R. E. Blair, commander; Lon L. Smith, senior vice commander; Charles L. Camp, re-elected quartermaster and re-appointed adjutant; Allen D. Forsythe, chaplain; Roy White, of-ficer of the day; Dr. C. W. Gray, surgeon; R. L. Fortune, re-appointed guard; John M. Dennis, W. G. Strecker and Carl Adams, trustees.

The local post was organized May 10, last, and officers had not served a full term.

Pioneer Texan Is Buried at Brady Tuesday Afternoon

BRADY, Texas, Oct. 12.—L. Ballou, one of the oldest native born Texans, was buried here Tuesday afternoon. He died Monday night at the age of nearly 99 years.

Ballou was born on November 4, 1843, under the Republic of Texas. His father was a member of Col. Sam Houston's army and stood guard over Santa Anna after his capture by the Texas forces at San Jacinto.

The deceased served three years as a Confederate soldier and for many years was adjutant general, Fifth Brigade, Texas Division, U. C. V. He started his public career as district clerk of Aransas county and served as district and county clerk of McCulloch county for a number of years, and also as post-master of Brady for several years. He came here in 1882 and engaged in stock raising and mercantile business for some time.

He cast his first vote for Seymour and Blair in the presidential election of 1866 and has voted a straight Democratic ticket until the time of his death.

State Officers of Spanish War Vets Will Speak Here

LT. COL. A. A. KING, U. S. A. retired, commander of the Texas department, United Spanish War Veterans, and A. B. Cushing, department adjutant, will be in Brownwood next Monday night to address veterans of this section. Lt. Col. King will make the feature talk on a program planned to be held in the Legion club room at Memorial Hall at 7:45 o'clock Monday night.

The Joe Wheeler post of the Spanish War veterans has planned the program and extends an invitation to all veterans to hear Lt. Col. King, who, according to announcements, will speak on a subject of vital importance to all veterans. The invitation has been extended by Commander C. P. Kitchin and Adjutant Chas. L. Camp to members of the American Legion, Disabled American Veterans and Confederate Veterans and their families. Members of the Spanish Veterans post are urged to attend.

The two state officers will come to Brownwood from Dallas, where Lt. Col. King was elected state commander at Sweetwater convention in June.

A large crowd is expected to attend the program here, including veterans not only from Brownwood but from all the surrounding section.

### CANADA'S NEW TARIFF RATES NOW IN EFFECT

OTTAWA, Ont., Oct. 13.—Drastic changes expected to eliminate \$75,000,000 to \$150,000,000 from the United States to the benefit of the United Kingdom, went into effect today.

The new rates, including some of the most radical schedule changes in the country's history, were drawn up during the Ottawa imperial economic conference. They are the result of a long and arduous process of negotiation which became dependent upon such factors as the business it is intended, the transfer of members of the British commonwealth of nations, and the effect on the new rates, including some of the most radical schedule changes in the country's history, were drawn up during the Ottawa imperial economic conference.

### PREVENTION OF FIRES IS DUTY EVERY CITIZEN

Fire prevention is the responsibility of the citizenship as a whole and not of the fire department alone. Brownwood fire losses and figures for the state are seen people will realize that it is to their interest to prevent fires, rather than fight fires after they are started, declare Fire Marshal Luther Guthrie and Fire Chief Rance Pettitt. Bad fire records cause higher insurance rates. Fire cause great loss to property and to lives.

The following figures on Brownwood losses and other records have been furnished by the Texas Fire Insurance Department:

In 1928 premiums paid by Brownwood people amounted to \$127,796.26 and the fire loss was \$69,717.18. Premiums in 1929 were \$136,335.53 and losses were \$108,450.49. Premiums in 1930 were \$141,457.35 and fire loss was \$157,931.25. In 1931 premiums were \$128,049.44 and loss was \$69,994.47.

**Good Fire Record Credit**

During 1928 Brownwood received a 15 per cent good fire record credit, the same credit was received in 1929. In 1930 the credit was reduced to a 6 per cent good fire record credit and this year, 1932, Brownwood is receiving a 12 per cent bad fire record charge.

Thirty-seven and one-half per cent of the premiums of stock fire insurance companies doing business in Texas in 1929 was on dwellings, while 43 1/2 per cent of the losses paid by the companies in 1929 occurred in dwellings. In 1930 the per cent of premiums on dwellings was 42 and the loss was 49 per cent. In 1931 the percentage was 45 and 54.

**Deaths in Texas caused by fire since 1922:** 1922, 260; 1923, 240; 1924, 228; 1925, 284; 1926, 231; 1927, 239; 1928, 349; 1929, 359; 1930, 340, and 1931, 365.

### DISSATISFACTION CAUSED BY ECONOMIC CONDITIONS GIVES ROOSEVELT WEST'S SUPPORT

BY RAYMOND CLAPPER,  
United Press Staff Correspondent.  
(Copyright, 1932, by the United Press.)

WASHINGTON, Oct. 13.—Dissatisfaction over economic conditions, causing a desire for a change in administration, marks some western political sentiment today according to confidential reports in the United Press national survey.

These reports likewise note the following cross currents of reaction: Disappointment in some of the west over Roosevelt's showing on his recent tour.

A feeling in some places that Roosevelt is perhaps more sympathetic to the farmer than President Hoover.

Roosevelt's audiences in some quarters were luke warm or curious. He probably benefited himself in certain quarters by a show of vigor and health counteracting the impression in some sections that may be the Democrats had a "wheel-chair candidate."

The states in today's section of the survey went in a block for President Hoover four years ago. Governor Roosevelt, against the advice of his political managers insisted on visiting many of them on his recent swing to the coast. The reaction to this tour crops out repeatedly in the reports which come from the different states reaching Hoover.

North Dakota, 4 votes; 1928, Hoover 131,441; Smith 106,648; indications are reported favorable to Governor Roosevelt in North Dakota. "The vote is an anti-Hoover vote, rather than a pro-Roosevelt one," one report said. "It is all a question of farm prices and a belief that Hoover is not very sympathetic with the plight of the farmer."

**South Dakota Votes.**

South Dakota, 4 votes; 1928, Hoover 157,603; Smith 102,660. Reports give Roosevelt an advantage in South Dakota with a possibility that President Hoover can overcome a hostile lead. "Roosevelt's speeches in the west," said one report "have given the impression that he is at least in sympathy with the farmer and that he will do what he can to help them, although there is little genuine enthusiasm for Roosevelt or confidence in his abilities."

Montana, 4 votes; 1928, Hoover 113,000; Smith 78,578; Montana is reported to be suffering the same general discontent with economic conditions that exist elsewhere in the west. Reports give Democrats an advantage.

Colorado, 6 votes; 1928, Hoover 253,827; Smith 133,131; a close race is reported in Colorado with a slight margin favoring the Democratic ticket. "While large crowds turned out to greet Roosevelt in Denver, they were strangely silent crowds," one source reported. "The average man seemed intent on learning first-hand of Roosevelt's physical condition." Other reports showed Democrats having factional difficulties while Republicans were reported to be better organized with access to the ample campaign funds of the wealthy former Senator Phipps.

New Mexico, 3 votes; 1928, Hoover 69,645; Smith, 48,211. Roosevelt is given the advantage in New Mexico, "by a fairly close margin," Senator Cutting, Republican, has belted the regular organization and is reported to be influencing a considerable number of voters toward

### INTERESTING PROGRAM GIVEN BY DULIN CLUB ON ACHIEVEMENT DAY

The Dulin home demonstration club observed Achievement Day on Wednesday, with an attendance of about 80 women and a very interesting program.

Among those from Brownwood attending, besides the home demonstration agent, Miss Mayesie Malone, were Mrs. H. H. Negus, president of the Brownwood Garden Club; Miss Eula McFarland, Mrs. Courtney Gray, Mrs. J. W. Malone and Misses Sarah and Suella Clark. Several other clubs of the county were represented among the guests, as follows: Bangs, Mrs. Mathews; Mrs. Sullivan and Mrs. Tweedle; Angel, Mrs. Hancock, Mrs. Goss and others; Barber, Mrs. Nunn and Mrs. Kyzar; Salt Branch, Mrs. Boenicke, Mrs. Means and others. The Brooksmith club was represented by a large number of its members, and two Coleman county clubs were represented, these being Lost Creek and Trickham. Mrs. Shields of Trickham invited the ladies at this meeting to attend a meeting of the Trickham club at her home, October 29. Mrs. Sparkman and others were present from the Lost Creek club.

A very interesting meeting was held at the Dulin schoolhouse before the party went on a tour to visit the homes of some of the club demonstrators. At this meeting four trays were shown, one containing material for a breakfast, one for a dinner, one for a supper and one for a school lunch. A gift table with gift suggestions was also studied and discussed by the women. Mrs. Negus gave a demonstration in the arrangement of flowers.

The tour following the meeting included visits to the homes of Miss Otie Wilson, yard demonstrator, and Mrs. Fred Maedgen, wardrobe demonstrator.

**Byrds-Cross Cut Meeting Friday**

Byrds and Cross Cut clubs will hold a joint achievement day program Friday afternoon, at 1 o'clock, at the home of Mrs. J. W. Phillips in the Byrds community, Miss Malone states. Club demonstrators will be visited after the meeting. An invitation is given the public to attend.

### PARROT FEVER WARNING GIVEN

A warning to owners of parrots in Brownwood to be careful to prevent a local epidemic of psittacosis, or parrot fever, was issued today by Dr. H. L. Locker, city health officer. Dr. Locker has received a message for press release from the United States Public Health Service, asking health officers to warn the public.

Epidemics of parrot fever have occurred in various parts of the United States in the past few months, probably the most known case being that of Mrs. W. E. Borah, wife of the famous Idaho senator.

The warning from the health service is in part as follows:

"The United States Public Health Service advises all persons to avoid contact with recently shipped or acquired birds of the parrot family. Several cases of psittacosis, or parrot fever, are being reported in various parts of the United States. Reports of five cases and one fatality have recently been received from Minnesota. Six deaths from parrot fever have been reported in California from December 1, 1931, to February 10, 1932.

"Conclusive evidence has been obtained which indicates that parrot fever infection is present in some of the breeding aviaries of Southern California. Parrots and parakeets from this source have probably been one of the important means of spreading the disease in other states.

**Outbreak in 1929-30.**

"An outbreak of psittacosis occurred in the United States during the winter of 1929-30. One hundred and sixty-three cases were reported at that time, with 33 deaths. Practically all of these cases were traced to association with recently acquired parrots and parakeets."

Dr. Locker warns all owners of parrots, especially recently acquired ones, to be very careful in view of this statement from the health service.

In speaking of health conditions, Dr. Locker also said merchants of the city are cooperating with a request made by the city council to keep edibles off the sidewalks. All food should be protected by glass and screens. When it is displayed on the sidewalks it is subject to dust and to animals that pass along the sidewalks. Dr. Locker has requested merchants to keep edibles inside their stores and says full cooperation is being given.

### American Mountain Climber Is Killed By Fall in Egypt

SIENNA, Egypt, Oct. 13.—Eldridge S. Herron, of New York, famous American mountain climber, was today by a fall from one of the great pyramids at Gizeh.

Herron has climbed the Alps, the Himalayas, the Himalayas, Atlas, and other difficult mountains. Although the ascent of pyramids is considered comparatively easy, especially for an experienced climber, he stumbled on his way and fell several hundred feet, fracturing his skull.

Herron was returning to the United States with members of the American expedition which he had led to climb Mount Namu, in the Himalayas. They arrived at Suez last night.

Herron climbed the first pyramid, that of Khufu, which is the tallest, while the others took a camp. He tried to climb the second pyramid, that of Khafra, which is about 100 feet high, slightly less tall than the first.

Herron reached the top of the second pyramid. When he was a few feet of the way down, however, he slipped and fell to the ground, lifeless. He will be buried today.

### ALCOHOL CACHE HELD

SAN ANTONIO, Texas, Oct. 8.—Four hundred and ninety-five gallons of alcohol from Mexico are being held by authorities today following a seizure on the highway near Alice, Texas, according to reports received at the customs office here. The alcohol was taken from a truck, the driver of which was taken to Corpus Christi, where he is being held.

### THOMAS IN CALIFORNIA

LOS ANGELES, Cal., Oct. 10.—The tumultuous cheers of his admirers still ringing in his ears, Thomas, Socialist candidate for President, was in bringing his winding campaign in California to a close today and turned eastward, where police quelled an incipient riot and an overflow crowd that turned to hear his demand for "unconditional relief."

Thomas last night boarded a train for Pasadena to address 1,000 persons who were unable to gain admission into the auditorium.

Reed on the Firing Line

FEW MEN have been able to combine with a logical discussion of public issues such a volume of burning denunciation as James A. Reed of Missouri is always able to hurl at his political enemies...

Speaking in the same city in which Mr. Hoover delivered his recent campaign address, Mr. Reed devoted most of his attention to the evasions and half truths contained in the President's speech...

It is idle to claim, as some Democrats do, that the Hoover administration has been responsible for the entire depression and all of its attendant ills...

The Small Town

THE TREND of population toward the cities is noticeable all over the country, but it does not mean that the small town is passing out of the picture...

An observer writing in The Texas Weekly the other day pointed out that the small town has few opportunities for obtaining industrial plants or similar enterprises...

Almost every resident of a small town is an industrialist of some kind. That is, he depends upon his own industry for a livelihood...

happiness and contentment and independence there. Highways make the cities conveniently near when they are needed, and comfortably distant when not needed...

Ross Sterling, Democrat

"I AM A DEMOCRAT, and I think the greatest service I can render to the party and to my state is to do all within my power to prevent the Fergusons from gaining control of the state government...

Thus Governor Ross S. Sterling announces his determination to bolt his party in the general election, and to vote for the Republican candidate or for some other candidate in an effort to defeat the Democratic nominee for Governor...

Mr. Sterling, as a matter of fact, should be grateful to the Fergusons, because they made him Governor two years ago when nothing else could have done so...

All of that, however, is beside the question now before the people of Texas. We do not believe Mr. Sterling, in determining that he will vote against the Democratic nominee for the Governorship...

It is idle to claim, as some Democrats do, that the Hoover administration has been responsible for the entire depression and all of its attendant ills...

Corn for Fuel

IOWA FARMERS, who have just been told by President Hoover in his Des Moines speech that the Republican party is about to relieve them of their major troubles, have more corn than they know what to do with...

There is such a surplus of corn that the Iowa producers are now offered only 13c per bushel for their barn-busting crop...

The answer is provided by Iowa and Illinois and Pennsylvania coal miners, who point out that it is sinful to burn food, and that, furthermore, the use of corn for fuel decreases the demand for coal...

WITH both President Hoover and Governor Roosevelt insisting that one of the most pressing problems of the day is the lightening of the real property tax load on the individual citizen...

Getting his income tax cut does not help a small home-owner much if city, state and county governments continue to smother him with high real estate assessments...

# BULLINGTON GETS MESSAGE MOTHER DYING

Orville Bullington, Republican... candidate for governor, when he... arrived in Brownwood Friday night... to speak received a message that... his mother, Mrs. Sarah Bullington... was dying at her home in Weath...-ford. He immediately left for his... mother's bedside, cancelling the... speaking here.

A small crowd had gathered in... district court room to hear the... Republican candidate, Dr. John... Power, rector of St. John's Episco...-pal Church, who was to have in... troduced Bullington to the Brown...-wood audience, informed the crowd... of the death call and expressed... Bullington's regrets at not being... able to fill the engagement.

Bullington was accompanied by... his cousin, Grover Bullington, who... has been traveling with the candi...-date on his tour of the state. They... left Brownwood by automobile at... 8:15.

It was announced that Bulling...-ton would resume his schedule later... and would be in Brownwood to... speak during the campaign.

Critics of Ferguson... In a short interview with a Bul...-linton representative on arrival here... Bullington declared that Jim Fer...-guson has "double-crossed the... farmers of Texas."

"America gives the Distinguished... Services Cross, England the Victoria... Cross, Germany the Iron cross, and... now 'Farmer Jim' is presenting the... tenant farmer with the Ferguson... 'double-cross.' He would have the... tenant farmer, who pays 4-cent gaso...-line tax to operate his car just like... everybody else, pay one-third of... that tax to the state's general fund... to reduce taxes on the farms, the... taxes of the tenant's landlord. Then... he would have him pay another... third to the highway department. The... share the highway department... would get would hardly pay the in...-terest and sinking fund and would... leave nothing for highway mainten...-ance and for building lateral roads... in the rural sections. Those high...-way bonds run for 40 years so by... Ferguson's plan the poor tenant... farmer would be paying his one and... one-third cents to the highway de...-partment and riding in the mud for... as long as Moses and the Israe...-lites stayed in Egypt," Bullington... said.

He said if he is elected governor... he will see that the farmers of the... state, especially the tenant farmer... get some relief instead of a lot of... "promises and flim-flamming."

Bullington said he thought his... chances for election were good.

He spoke to a fair sized crowd... on the street at Coleman Friday... afternoon, being introduced by Rev... G. Robert Forrester, pastor Coleman... First Christian Church. He spoke... to a crowd of about 200 at Santa... Anna Friday he spoke to crowds at... Comanche, Dubon, De Leon, Gor...-man and Carbon.

RECEIVE 7,000  
POUNDS PECANS

About 7,000 pounds of pecans were... received Friday and Saturday by... the Heart O' Texas Pecan Growers'... Association which opened the sea...-son last week with headquarters at... the new Southwestern Poultry As...-sociation building. The pecan...-threshing season is just beginning... and many thousand of pounds are... expected to be received by the as...-sociation this season. Last season... several carloads were shipped out... of Brownwood to market.

A grading machine, which separ...-ates the nuts into various grades, is... now in operation at the plant and... pecans are graded as they are tak...-en from the association. Advance of... 2-3 cents is made to the growers... for harvesting costs and the rem...-ainder is paid the growers as... soon as the pecans are sold.

The Heart O' Texas Association... receives pecans from growers over... a large territory surrounding... Brownwood. Several counties in... this section are represented in the... organization. The local association... is a part of the National Pecan... Marketing Association of which H... G. Lucas of Brownwood is presi...-dent.

C. S. Womack is manager in... charge of the local receiving plant... He says many growers started... threshing today and large quanti...-ties of nuts will be received within... the next few weeks. Pecans this year... are of exceptionally high quality and... are well filled, he says.

Democrats Plan  
Active Campaign  
In This County

Dr. Mollie Armstrong, member of... the state democratic advisory com...-mittee for the national Roosevelt... Garner campaign, was today nam...-ed by Dr. Thomas H. Taylor, county... chairman. She will work with Dr... Taylor and others in an active cam...-paign in this county to get out a... large vote in the November electio...-n and for giving full support to the... democratic nominees, Franklin D... Roosevelt and John N. Garner.

DANIEL AGAIN

NEW YORK—Those Daniels have... been making things pretty hot since... little Dan, tangled with the huge... Goliath. A colored Daniel brought a... criminal to justice here when Pat...-rick Smith entered Glen Daniel's... restaurant and ordered the resta...-urant keeper to "stick 'em up," pre...-tending to have a gun. But Daniel... didn't do any pretending. He did... have a gun, and he turned on the... robber, flashed his rod, and Patrick... beat it, hastily pursued by Daniel... Police caught the fugitive.

## HIGHER OIL PRICES HAVE BEEN POSTED

DALLAS, Oct. 13.—Two of the largest concerns operating in the Texas oil fields, the Shell Petroleum Company and the Empire Oil and Refining Company, have posted new and higher prices for oil, adding today to the list of concerns who have boosted prices within the past several days.

Shell, which had never before posted an East Texas oil price scale, announced through B. C. Clardy, manager of the crude oil department, it would pay \$1.10 per barrel for East Texas oil, effective October 15th.

The company has usually followed the postings of other large purchasers, but this time Shell posted its own price to avoid confusion, Clardy said. Shell, according to local authorities, is running oil from 280 wells owned by others and 247 of its own. On this basis, it will pay the new price for approximately 12,000 barrels when the allowable of 40 barrels a day becomes effective.

Empire's price scale followed in line with increases already announced by the Sun Oil Company, the Sinclair-Frattini Company, Standard Oil Company and Phil-Tex Pipe Line Company. The latter is the purchasing unit for Phillips Petroleum Company and other large purchasers as to price changes was awaited today. Ralph K. Kinise, vice-president of the Magnolia Company, said no action had been taken by his company.

The Pure Oil Company announced through its Oklahoma City offices it would meet the crude oil price raise of other companies in the Mid-Continent area. The company said the new price scale would become effective Saturday and would include all crude purchases made by the company.

## BELFAST QUIET AFTER RIOTING

BELFAST, Northern Ireland, Oct. 13.—British troops cooperating with Belfast police preserved order in Belfast today after two days of rioting, looting and hand-to-hand fighting between police and unemployed.

Seven truckloads of royal Irish-riding Fusiliers were moved into the city late yesterday and went on patrol duty armed with machine guns. The troops are normally stationed at Holywood, nearby.

The second battalion of the king's royal rifles are due tomorrow from Tidworth in the course of normal military relief. The war office in London stated the arrival of the battalion was "purely a coincidence and merely in accordance with arrangements made some time ago," and denied reports that British troops were being rushed here.

In any event, the arrival of the Fusiliers and the word that the king's rifles were on their way was welcome relief to Belfast citizens. The police force and fire department here were overworked in efforts to curb wild disorders. Milk and provisions trucks were attacked and looted, shop windows were smashed, and snipers fired from darkened windows on armored cars.

Curfew was enforced meaning that no one on the street between 11 p. m. and 5 a. m. without a permit was liable to arrest.

**Santa Fe Employe Under Arrest As Result Shooting**

FORT WORTH, Texas, Oct. 13.—Roy Ingraham, 33, employe of the Santa Fe Railway, was in the custody of officers here today, charged with assault to murder in the shooting of J. B. Lightfoot, 28, Cleburne, railroad dispatcher.

A bullet ripped Lightfoot's body as he walked down a street here yesterday with a woman. The single shot was fired from a passing automobile, in which rode two men and two women.

Police sought the woman with Lightfoot for questioning. Ingraham was arrested by Johnson county sheriff, Joe Crawford, at Cleburne several hours after the shooting.

Lightfoot expected a "lay-off" soon and came here looking for work, he told officers. The woman with whom he walked had arrived on the same train and he had met her in the station, he said.

The bullet which penetrated his body struck E. I. Dreschel, a passerby, without injuring him. Lightfoot's condition was regarded critical by hospital attaches.

## BETTER TIMES DUE SOON FOR OIL INDUSTRY

EXCELSIOR SPRINGS, Mo., Oct. 13.—A spirit of optimism has permeated the meeting of the board of directors of the American Petroleum Institute, scheduled to end here today.

Members of the board, called here to discuss solutions for problems confronting the industry, met in executive session.

Members of the Institute of New York, president of the Institute, said "some favorable trends have been showing up in the oil fields."

"Prices have advanced and the problem of control of production to harmonize with present day demand is being worked out," Beatty said.

W. N. Davis of Bartlesville, Oklahoma, a director, said crude oil buyers were falling into line with the current price increase, and indicated "allowable production is being adjusted to balance the demand."

## YOUNG PEOPLE'S UNION THIS CONFERENCE TO MEET HERE SATURDAY

The Young People's Union of the Central Texas Conference of the Methodist church will meet at the Central Methodist church in Brownwood Saturday. About fifty out of town representatives and a number of local young people will take part in the meeting.

The meeting will open at 10 o'clock Saturday morning and close at 5:30. An interesting program is planned, according to announcements. The young people will remain in the city Saturday night and attend services at the church Sunday morning. Lunch will be served by the church at noon Saturday.

Miss Marjorie Beech of Fort Worth, president of young people's work in this conference, will preside at the sessions. J. D. Williams, extension secretary of young people's work, will attend.

## Bank Officer Is Friend of Robbers Who Looted Bank

LIBERTY, Texas, Oct. 13.—A bank officer who testified for the state during the trial of two men charged with theft of \$1,202 from the State Bank of Hull, in this county, was instrumental in each receiving five years sentences instead of long terms.

A. Hartel, Jr., vice-president of the bank, who identified Otto Johnson and Otto Morse, the bank robbers, said he did not object to the sentence imposed inasmuch as the bandits explained they robbed to provide money for their families who were destitute.

Hartel told officers that he fled to Pryor because he feared mob violence in his community.

## Rehearsals High School Band Are Begun by Parker

A band is being organized at Brownwood High School and plans are being made for a city band. W. R. Parker, formerly of Carthage, Missouri, who has been named by the school board as band director for the public schools.

Mr. Parker has moved here with his family, wife and daughter, and they are making their home at 1704 Third Street.

About fifty students were present for the first band meeting Wednesday morning and Mr. Parker says indications are that he will have a large organization. First rehearsal was held this afternoon. He plans now to organize only a band at the high school, later he will organize another band for junior high school students only and another band for beginners from the various ward schools.

In connection with reorganization of a city band, Mr. Parker says a meeting for all musicians of the city has been called for 7:30 o'clock on Monday night at the Chamber of Commerce rooms. Possibilities of organizing a first class public band will be discussed and all musicians are invited to attend and assist, he states.

## FIFTEEN MEN HURLED IN FALL

LOS ANGELES, Oct. 13.—Fifteen men were injured, two seriously, when they fell into a huge siphon of the Los Angeles aqueduct near Indian Wells, in the Mojave desert, and dropped 300 feet down the shaft.

Crews working nearby tore away a section of the aqueduct at the bottom of the drop and removed the injured, who were taken to Los Angeles for treatment, according to word received by the Los Angeles department of water and power.

The men were painting the inside of the nine-foot pipe where it drops 300 feet straight down into Grapevine canyon, when one of the laborers fell from his scaffolding and carried his fellow workers with him, down the pitch-dark shaft.

The accident occurred shortly after midnight, but because of the remoteness of the scene, it was impossible to determine for many hours if any were killed or badly injured.

Grapevine Canyon is 60 miles north of Mojave, approximately 180 miles from Los Angeles. There the aqueduct which brings water to Los Angeles from the Owens river, skirts the lower edge of the Sierra Nevada mountains.

A foreman in charge of the crew telephoned the sheriff's office for ambulances, but he was too excited to give a coherent account of what happened.

## Father Accused Of Murdering Child Pleads Innocence

OKEMAH, Okla., Oct. 13.—Harmon A. Hall, young Oklahoma county farmer, surrendered to Oklahoma county officers today at the home of his relatives near Pryor.

He denied he dashed his infant daughter to the ground, killing her, as alleged in the murder charge filed against him Tuesday.

The slaying occurred at a country church north of here Saturday night at the climax of an argument with his estranged wife. Witnesses said that Hall, told by his wife she would not return with him, seized the six-month-old baby from its mother's arms and dashed her against the ground. He fled into the timber and had been the object of a widespread posse search until today.

Hall told officers that he fled to Pryor because he feared mob violence in his community.

## Pierson Inspects Brownwood Dairies

Dr. M. Pierson, state milk inspector of the health department, left for other points in the state on Wednesday morning after being in Brownwood territory Tuesday making dairy inspections. In company with Dr. W. R. Sanderson, city milk inspector, Dr. Pierson inspected a number of Brownwood dairies.

Dr. Pierson has inspected dairies here at different times since the standard milk ordinance was passed by city council. He said while here that the improvement shown in the dairies since he made his first inspection is surprising. He highly commended work being done toward giving Brownwood a high quality milk supply. Conditions now at most all the dairies, he said, is satisfactory.

## Negro Responsible For Fatal Crash Of Automobiles Is Dead

DALHART, Tex., Oct. 13.—Arthur Mills, negro involved in a wreck which cost the life of J. P. Schroeder, Amarillo tourist camp owner, died today of injuries he received.

Schroeder died yesterday soon after he had been crushed between his car and that driven by Mills.

Meanwhile, a coroner's jury had announced this morning that Mills, if he lived, would be held criminally responsible for the death of Schroeder and would have had to answer to district court charges here.

## TRANSCRIPTS OF OIL THEFT INVESTIGATION IS AWAITED BY SOLONS

KILGORE, Tex., Oct. 13.—The House of Representatives committee to investigate the oil industry is awaited today for a transcript of secret testimony regarding alleged oil thefts and proration law violations in the East Texas field before holding more hearings.

The testimony, taken at the initial hearing here yesterday in executive session, may be used later to untold economic strength to the industry and to East Texas" in aiding the Legislature to revise conservation laws.

Representative R. J. Long of Wichita Falls, committee chairman, said the hearing was successful in every way. Another will be held in East Texas, he said, but time and place have not been decided. The committee, though hearing testimony on conditions in general, intends to fix, if possible, responsibility for oil thefts.

Closed doors were ordered after a show of London and others testified they had reported what they believed to be law violations to military and Railroad Commission attaches, without results.

"We know there are violations of the proration laws," Long said. "The charges have been made in every way. Another will be held in Washington, D. C., to stop the violations. Valuable evidence has been procured which may be used later to render untold economic strength to the industry and to East Texas."

## MORTUARY

**OLLIE P. LATTA**  
Ollie P. Latta, 37, World War veteran, died at his home at 2405 Austin avenue, at 2:30 o'clock Wednesday afternoon after several months illness. He had many friends throughout the county.

Funeral services were to be held this afternoon at 4 o'clock at Central Methodist church with Rev. P. T. Stanford, pastor, officiating, according to the funeral arrangements as announced this morning. Interment was to be made in Greenleaf Cemetery with the American Legion in charge of services at the grave. White & London Funeral Home had charge of arrangements.

Mr. Latta was born December 22, 1894, at Paris, Texas, and lived there until he was 15 years of age and then moved with his parents to Grand Saline. He was living there when the United States entered the World War. He enlisted in the army and went over seas in March, 1918. During fifteen months service he took part in several of the major battles. He was gassed at St. Mihiel on Sept. 12, 1918, and never fully recovered. He returned from France on June 1919, coming to Winchell, Brown county, where his parents were making their home. They later moved back to Grand Saline, but Mr. Latta continued to make Brownwood his home.

Mr. Latta was married to Miss Winifred Hise, daughter of Mr. and Mrs. Bert Hise, in 1921. A son, Don Hise Latta, born to this union passed away at the age of 14 months, about four years ago.

Mr. Latta while in service was a corporal in the 350th Machine Gun Co. of the 90th Division and was one of the few who received special citation from the United States government, signed by the president, for bravery.

He is survived by his wife and by his mother, Mrs. J. J. Latta, Grand Saline; five brothers, John Latta, Baltimore, Md.; Earl Latta, Haynesville, La.; Joe and Bonnie Latta, Van, Texas; and Milton Latta, Arp, Texas; three sisters Mrs. Emma Jones, Troupe, Mrs. Annie Reader, Haynesville, La., and Mrs. Era Davis, Grand Saline; father-in-law and mother-in-law Mr. and Mrs. Bert Hise.

Funeral bearers: Chester Evans, Lindsey Thompson, Charlie Parker, George Burns, Claude Weedon and U. O. Andrews.

Honorary pallbearers: Chas. Trigg, W. T. Fisher, Ernest Weedon, W. T. Fields, S. P. Burns, H. L. Cravens, R. T. Powers, Dr. W. H. Paige and O. L. Powers.

## A. C. GRUBB FUNERAL TODAY

Funeral services for A. C. Grubb 35, who died at a local hospital at 1 o'clock Tuesday afternoon, was held Wednesday afternoon at 3 o'clock from Central Methodist Church. Rev. P. T. Stanford, pastor, officiated. Interment was made in Greenleaf Cemetery with Austin-Morris Funeral Home in charge.

Mr. Grubb, who formerly operated a grocery store here but who was employed as a traveling salesman, was taken suddenly ill while in a store at Abilene Monday, October 3. He fell unconscious in the store, was taken to an Abilene hospital and later removed to the hospital here. He never regained consciousness and although all medical and surgical skill were used in efforts to save his life, all efforts were in vain. An operation was performed Sunday.

Mr. Grubb was born December 21, 1896, in Bedford, Indiana. He came to Texas about fourteen years ago and settled for a time at Rosebud where he met and married Mrs. Grubb, who formerly was Miss Neoma Taylor. He had lived in Brownwood for the last ten years. He had many friends here and in this section and was well known. He was a member of Central Methodist Church.

Mr. Grubb is survived by his wife and eight children, A. C., Jr., Kerze Lavelle, James, Rose, Jack, Anthony, Charles and Bobby Jean Grubb; his mother, Mrs. Mary I. Grubb; four sisters, Mrs. A. C. Hibner, Mrs. Charles Massey and Mrs. H. H. Schwartz, all of San Antonio, and Mrs. J. L. Dilworth of Austin.

Active pallbearers: Joe Blagg, Charles Massey, Charles Ocker, Walter Helmecke, Orville Turner and E. J. Weatherly.

**MISS EMMALINE MOORE**  
Miss Emmaline Moore, 83, resident of Brownwood for 25 years, died at a hospital in Abilene, where she had gone three weeks ago for a visit, at 6 o'clock Monday evening. She had been in ill health for two years and became seriously ill after going to Abilene.

Miss Moore was born December 26, 1849. She moved to Brownwood from Bastrop, Texas, about 25 years ago and continued to make her home here. Miss Moore, with a niece, Miss Ora Moore, resided at 1618 Second Street for a number of years. Miss Ora Moore passed away July 29, last. Miss Emmaline Moore was visiting a brother in Abilene when she became seriously ill and was taken to the hospital.

She is survived by two brothers, C. C. Moore and Charles Moore, of Abilene; one sister-in-law, Mrs. W. A. Moore, of Brownwood; a nephew, Fred Moore, of Bastrop, and a niece, Mrs. Tom Puckett, of Elgin.

## Washington Life Behind the Screens In Lyric Picture

Coming to the Lyric Theater on Friday and Saturday is the picture, "Washington Masquerade," with Lionel Barrymore playing the part of a Senator. It is a picture showing Washington life behind the screens. Time honored customs in Congress such as the hazing of recalcitrant newcomers, the Senate ceremony accompanying the swearing in of a new lawmaker, and a hundred and one little details unknown to the general public come to the screen in this picture. It is the dramatic story of national politics. Inside details of the "lobbyist racket" are shown.

Barrymore heads an elaborate cast. Samuel G. Blythe, noted writer of American political life, collaborated with John Meehan on the story, adapted from Henry Bernstein's play, "The Claw." Barrymore scores one of his greatest stage hits as the political leader in the original play.

Greta Garbo's picture, "As You Desire Me," is showing for the last time at the Lyric today.

Buck Jones will be seen at the Gem Theater Friday and Saturday in "South of the Rio Grand," a fast-moving drama of Old Mexico.

## District Meeting By Methodists Here Friday Afternoon

## WHAT CHANCE HAS ORVILLE BULLINGTON TO DEFEAT MRS. FERGUSON IS BIG QUESTION

BY GORDON K. SHEARER  
United Press Staff Correspondent  
AUSTIN, Oct. 12.—What chance Orville Bullington of Wichita Falls has to beat Mrs. Miriam A. Ferguson for governor of Texas is the subject of Texas political discussion.

When it is discussed the conversation naturally goes back to the famous race in 1924 between Mrs. Ferguson and Dr. George Butte, which she won by 127,588 votes.

The chief advantages that Bullington has in his attempt to become governor over those of Dr. Butte are:

1. Texas has since gone republican by 26,004 in a presidential election and it is always the first olive that is hardest to extract from a bottle.

2. Bullington has the sanction of a bolt sponsored by democratic Governor Ross S. Sterling. True, Sterling has not declared directly for Bullington. He has ceased his usual newspaper conferences merely sending out word that he has "nothing for the press." But Cato Sells, Alvin Moody and other Sterling supporters are planning a Bullington drive.

3. Mrs. Ferguson's candidacy has lost novelty. It has also lost its "indication" appeal that was so strong when she first was made governor in place of her husband.

4. Many democrats believe that Governor Sterling was really the winner of the August 27 primary and entitled to the nomination. Mrs. Ferguson's two biggest advantages in this race as compared with that in which she defeated Dr. Butte are:

1. It is presidential year and "Cactus Jack" Garner, a Texan, is the party candidate for vice-president.

2. Many democrats, ordinarily so opposed to the Ferguson-Butte campaign, resent Sterling's bolt as unsportsmanlike.

Mrs. Ferguson also has the advantage this time of the view of at least some considerable portion of the Texas voters that opposition to the Ferguson has been pushed to the point of persecution.

Magazine writers, generally, after Mrs. Ferguson's first election attributed it to an anti-klan victory. It is natural on that supposition to argue that with the klan issue largely forgotten she has lost the chief asset of her former campaign. But it is also true that if she has lost that asset, her opponent will not have the advantage of a well organized pro-klan movement which she must combat.

Despite the magazine writers, Mrs. Ferguson had won the primary election in which they participated that they were bound to support her in the general election and did so.

**No Other Bidders**  
It is notable that none of the other elective state officers have followed the lead of Governor Sterling in bolting the ticket, regardless of whether they are candidates this year or not. Many appointed state officers, privately, lament the Governor's bolt.

Minor things that may affect the result as compared with that of 1924 are that Dr. Butte had undivided republican support and was better publicized than Bullington has been.

The result of Attorney General James V. Allred's remarkable victory this year is not encouraging to

the candidacy of one connected with the oil industry.

Still another feeling was against Bullington's chance is held by many people that frequent votes in the democratic primaries were not confined to males and that some legal but doubtful tactics were used in the effort to renominate Governor Bullington.

## Witnesses Describe Slaying of Former Wife, Doye Arnold

BRECKENRIDGE, Tex., Oct. 13.—A procession of witnesses described the slaying of Zelma Arnold, 28, in the trial of Doye Arnold, accused of killing his former wife with a rock.

A sandstone rock and pen the state alleges were used in attack and were exhibited as evidence shortly after completion of a Arnold stand dumbly from a beside his mother.

When the indictment against was read, Arnold wept and fell on the floor. Attorneys plan a defense of insanity.

Arnold's ex-wife was slain 10, a day after she had secured divorce from her 25-year-old victim husband. While Arnold was in the penitentiary serving a two sentence for theft, he had signed a waiver in the divorce proceeding to stop the divorce and remit home following his return here.

Two had argued, witnesses shortly before the woman fell on street corner, a stab wound in abdomen and her head crushed.
