### Beauty Marooned In Penthouse

Betty Randolph, once glorified in Ziegfeld's Follies, became the feminine Robinson Crusoe of Manhattan Island when she marooned herself in her 18th floor penthouse atop the San Carlos Hotel for fear she would be locked out by the management if she went out. A bill for \$600 rent was the cause.

### REPAIR OF GATE TO BE STARTED WITHIN NEXT THREE WEEKS

Repairs on the damaged floodgate at Lake Brownwood dam will be begun within the next two or three weeks, R. A. Thompson, engineer in charge of this work, stated early this week. This statement was made following thorough inspections over the week-end by a number of experts, including Erwin B. Phillips, Kenton, Ohio, of Phillips & Davies, manufacturers of the floodgates. Others who inspected the damaged gate were A. H. Dunlap and C. S. Clark, of the State Board of Water Engineers, and J. H. Lockridge, a Dallas engineer.

The consensus of opinion of those inspecting the damaged gate is that a steel track on which the gate operated was too weak to withstand the tremendous water pressure, this causing the gate to jam while open. Mr. Phillips, and other engineers, believe that the trouble can be remedied by installing a much heavier track for the 16-ton gate to run on. Mr. Phillips stated that his company would send experts here to supervise the work of installing the heavier track.

### GROWERS ADVISED TO HOLD CERTIFICATES

Cotton growers in Brown county who hold "Participating Trust Certificates" have been warned by County Agent C. W. Lehmborg to hold them. Mr. Lehmborg stated that a plan will be announced within a short while whereby the holders of the certificates can secure the difference between the ten cents a pound already borrowed and the current market price for cotton.

There certificates were issued farmers who placed their cotton in the government pool and received an advance of ten cents a pound in the form of a loan.

Oscar Johnson, manager of the cotton option pool, has telegraphed Mr. Lehmborg of the proposed plan and urged that he notify farmers who hold these certificates not to sacrifice them at less than the street price of cotton.

As soon as details of the plan are learned here, due publicity will be given and holders of the certificates will be given instructions on how to obtain the cash due on them.

### JUDGE SOUTH WILL SPEAK HERE AUG. 23

Judge Charles L. South, district attorney from this judicial district, and a candidate for congress, will speak in Brownwood Thursday night, August 23, in the interest of his candidacy.

Arrangements for the speaking are being made by the Brown county South-for-Congress club, of which Brooke Ramey is chairman. The speaking probably will be held on the court house lawn.

Judge South will speak in the southern part of the district the first part of next week, will return here for the Thursday night engagement, and will bring his campaign to a close on Friday night with an address in San Angelo.

### RUNGE RALLIES FOR WEEK-END PLANNED

Supporters of the candidacy of Carl Runge, of Mason, for the Democratic nomination for Congress from the new 21st district, have announced plans for a series of rallies in Brownwood and Brown county between now and the run-off primary on August 25. The rallies are scheduled to get under way Thursday night at 8:30 on the courthouse lawn in Brownwood with Judge Runge scheduled to speak in behalf of his own candidacy.

Sam McCollum, of Brady, will speak at the same place Friday night and the following afternoon at 2 o'clock Judge J. F. Sutton, of San Angelo, will address Brown county voters from the courthouse steps in behalf of Judge Runge.

Friday and Saturday McCollum and Sutton will deliver addresses in support of Judge Runge in most of the larger communities of the county. Simultaneously there will be a series of rallies in every other county in this end of the district with a number of capable speakers discussing the issues of the Congressional campaign. Judge Runge is opposed by C. L. South, 35th judicial district attorney, of Coleman.

### DE BERRY ANSWERS CRITICS OF ALLRED

Striking sharply at critics of James V. Allred, candidate for Governor, State Senator Tom DeBerry spoke in Brownwood Saturday night in the first political rally of the run-off campaign. The DeBerry speaking was under the auspices of the Brown County Allred-for-Governor club.

Forceful of delivery and full of enthusiasm, the Red River county senator took up, one by one, the charges that have been made against Allred, and answered them, as he repeatedly said, "from the record." Senator DeBerry defended Allred's record as Attorney General, stating that instead of filing and losing more cases than any previous attorney general, Allred had filed and won more cases than any attorney general of the past; also had rendered more opinions, and done more office work than any preceding occupant of the office.

He pointed out that the Attorney General is not responsible for the prosecution of criminal violations of the state statutes, such as the hot oil operations of East Texas; that the district attorney was charged with that duty.

The speaker charged that Tom Hunter is a wealthy oil man, that he has the support of the major oil companies, and that he had not opposed the sales tax at the last session of the legislature, as had been claimed. He ridiculed Speaker Coke Stevenson's statement that Hunter would have made a speech before the legislature against the sales tax, had he been permitted to speak.

Senator DeBerry was asked a number of questions from the audience, which he answered readily. These largely had to do with Allred's war service, and the speaker stated that Allred was an enlisted man in the United States Navy during the war. He asked his questioners what service Tom Hunter had performed during the war, but there was no answer.

### WORK RELIEF WILL BE USED TO BETTER PRECINCT HIGHWAYS

Appropriations totalling \$1,457 for work relief projects on lateral roads in precincts two and four were voted Monday by the Brown county commissioners court. The money allotted for these projects is for the purchase of equipment and material to be used on projects listed. Labor for the lateral road projects will be furnished through county relief headquarters.

Ten miles of lateral roads in precinct two are included in the work relief program and for this the court set aside \$320. Six miles to be widened and improved connects the Brownwood-Cross Cut road with the Byrds Store-State Park road about one mile from the present entrance of the state park. When this road is finished, the distance from Brownwood to the park will be shortened to 21 miles. Four miles of school bus and rural route road is also included in the precinct-two projects.

A total of \$1,247 was appropriated for lateral road projects in precinct four. The roads to be improved in this precinct were not designated in the order authorizing the expenditure.

Deputy district clerks, appointed by District Clerk Allen D. Forsythe to serve with the authority of notaries public at various sines in the county, were approved by the court Monday. The deputizations as approved were: E. M. George, May; E. M. Claborn, of Zephyr; O. B. White, Brownwood; S. S. Thomas and Mrs. S. S. Thomas, Brooksmith; G. L. Eaton and G. C. Manor, Blanket; O. W. McDonald, Lawrence Moore and T. V. Funderburg, Brownwood.

### JUDGE SOUTH TALKS TO COUNTY VOTERS

Stopping over in Brownwood en route from his home in Coleman to Mills and Lampasas counties, Judge Charles L. South, candidate for Congress, made a short address to voters in Brown county at the court house Wednesday morning.

Judge South thanked the people of Brown county for the splendid vote given him in the July primary, when he carried Brown county by more than 2 to 1 over all opponents. He pointed out that his Brown county vote was twice that of his opponent in any county in the district.

Judge South outlined a number of planks in his platform, elaborating on some that have caused criticism. He will return to make a second address at a rally to be held here next Thursday night.

### Dr. Gray Leaves To Accept Army Duties

Dr. C. W. Gray, who for the past years has been a practicing physician in Brownwood, left Wednesday of this week for Fort Bliss for assignment in the United States army medical department. Dr. Gray has been named a contract physician for the army but probably will be stationed in a government CCC camp in New Mexico or Colorado.

Dr. Gray has been practicing medicine in Brownwood since 1924, having come from Comanche that year. He was a student in Howard Payne College before taking his medical course and while in Howard Payne he was one of the outstanding athletes of this section. Dr. Gray was a lieutenant in the army during the World War and saw active service in France.

### O. L. Davis To Head San Benito Schools

O. L. Davis, who last year served as district deputy state superintendent of a district of ten counties with headquarters in Brownwood, has accepted the superintendency of the San Benito public school system and will assume his duties there on August 20.

### ROMANCE?

Speedy on the matrimonial runway as well as on the track, Glen Cunningham, holder of the world mile run record, soon will march to the altar with Miss Margaret Speir, shown here with him, say his college friends. Both were graduated from Kansas University this spring. Rumor says the wedding will be in Milwaukee.

### HUNTER GIVES VIEWS ON STATE QUESTIONS AT BROWNWOOD RALLY

Before the largest crowd that has assembled in Brown county during the present political campaign, Tom H. Hunter of Wichita Falls Wednesday night for an hour and a half discussed the issues of the campaign and appealed to Brown county to assist in electing him Governor of Texas. Hunter is in the run-off with Jas. V. Allred. Both are from Wichita Falls.

The speaking was held in front of the Municipal Auditorium, and a crowd variously estimated at from 1500 to 2000 heard the candidate. Seats were provided for some 1200, and several hundred were standing during the early part of the speaking.

Mr. Hunter outlined the major planks in his platform, stressing his plan for the disintegration of the large oil companies so as to give the independents a chance; elimination of the chain store, and his "blended" tax system, which he stated would relieve the burden of taxation for the poorer people and secure more money from corporations.

The speaker also elaborated on his cabinet for his government, which he has advocated throughout the campaign. The plan calls for the elimination of many elective officers of the state government, to be replaced by a state cabinet of seven men, to be appointed by the governor. He pointed out that this system is in effect in the national government, and he believes a similar system will work out for state government.

A revision of the tax agencies was endorsed by the candidate, who advocated the elimination of more than 100 taxing agencies in the various counties in the state, where tax assessing and collecting is duplicated by four or more agencies working independently.

He re-stated his opposition to the general sales tax, but pointed out that his "blended" tax program calls for a tax on salt, sulphur and gas. He is in favor of a continuation of the cigarette and gasoline tax, and a tax on luxuries. He favors the recall of public officials who fail to fulfill their campaign pledges.

Mr. Hunter devoted much of his talk to criticism of his opponent.

### City Will Build New Water Mains From Own Funds

Decision Reached To Abandon Plans For Borrowing PWA Funds For Construction.

Plans of the city of Brownwood to obtain a \$31,000 PWA loan and grant for the purpose of replacing about 10,000 feet of water mains in the downtown business district have been definitely abandoned and instead the city will do the work without securing the loan, Mayor W. H. Thompson announced early this week. In making this announcement the mayor stated that a \$15,000 surplus in the city water department would be used to lay the 10,000 feet of mains.

The great amount of red tape in obtaining the loan and grant and the belief that the city can do the work for much less money than would be required through the PWA were assigned by Mayor Thompson as reasons for definitely abandoning plans to secure the \$31,000 grant.

By doing the work itself, the city can begin work immediately and by so doing afford employment for many needy Brownwood men who otherwise might be forced to remain idle to several months while officials completed negotiations for the loan and grant.

Bids for the 10,000 feet of 8-inch pipe to replace present mains have been asked. Mayor Thompson expects the needed pipe to cost approximately \$5,000. The remaining \$10,000 of the total sum to be spent will be used for labor only. City officials expect to use only local labor and state that those given work will be paid half their wages in money with the other half to apply on water rent. In this way \$20,000 worth of labor will be obtained for the \$10,000 cash outlay.

Actual work on this project is expected to be under way within two weeks. The speedy completion of the project will be of major benefit to Brownwood property owners who now pay a seven percent penalty on premiums because of deficiencies in the water system—main that are too small and too few fire plugs.

### Legion Meeting On Friday Night

Regular meeting of the Isham A. Smith post American Legion will be held Friday night at 8 p.m.

All members are urged to attend and especially all delegates and alternates for the State Convention as this will be the last meeting prior to the Mineral Wells convention.

Attorney General Allred, who has, in the words of the candidate, "filed more suits than any other attorney general, and lost more than any two."

His most severe criticism of Allred was his charge that the Attorney General was permitting gambling to run wide open in several sections of Texas, and he criticized the attorney general's statement that enforcement of such laws was the duty of the sheriff and district attorney in the sections involved. He charged that Allred's henchmen were receiving a "take" from the profits of gambling tables, and that this money was being used to finance the Allred campaign.

J. Edward Johnson presided at the Hunter rally. Show talks were made by Rex Galtier of Brownwood and Cleve Calloway of Cross Plains. W. R. (Bill) Chambers of May, prominent Brown county farmer, introduced Mr. Hunter.

### NO MORE PARKING AT NIGHT IN CITY, COUNCIL DECIDES

A decision to enforce the anti-night parking ordinance in Brownwood, reports by Aldermen Kay Roberts and C. W. Trigg on a property settlement with Mr. and Mrs. J. W. Trapp, a discussion of a request from Brown-Crummer Company, bond brokers, relative to payments from the city, and regular monthly reports of various city officials occupied the attention of City Council in regular session Tuesday night.

The decision to enforce the provisions of the all-night parking ordinance was reached after Tex C. Worsham had requested that the ordinance be enforced, pointing out the intended purposes and benefits of the ordinance.

Brown-Crummer Company requested in a letter that the company be given the power to act for the city on certain funds being paid them but Council voted to continue the present monthly plan of payment. However, the request was left open until City Attorney R. E. Lee is able to resume his duties.

Aldermen Trigg and Roberts reported inability to reach an agreement with Mr. and Mrs. J. W. Trapp in regard to the purchase of a certain property near the city water pump station. Council decided to condemn the property in question and let a jury of view determine the value and settle on that basis.

City officials who filed their monthly reports Tuesday evening with Council were H. H. Gresham, tax collector; F. E. Scott, city secretary; Sam Thomas, street department superintendent; Bert Hise, chief of police; J. M. Bowman, milk inspector; R. D. Sallee, fire marshal, and Rance Pettitt, fire chief.

### Miss Branom To Be Director Of Choir

Miss Mae Branom, member of the fine arts faculty at Daniel Baker College, will assume the double duties of pianist and choir director at the Austin Avenue Presbyterian Church upon her return to Brownwood about September 1st, Rev. I. K. Floyd, pastor of the church, has announced.

### TWO COUNTIES MUST SHARE GOVERNMENT'S CATTLE PURCHASERS

A recent order assigning two counties to each inspector and appraiser in the federal government's drouth relief cattle purchasing program will materially delay completion of this program in Brown, as well as other counties.

County Agent C. W. Lehmborg states in announcing receipt of the new orders. In accordance with this order, Dr. W. K. Merriman, inspector, and George Holliday, appraiser, will handle all inspections and appraisals of cattle offered for sale to the government in Brown and Coleman counties. Dr. Merriman and Mr. Holliday were originally assigned to this work in Brown county alone.

In the future these two men will divide time equally between the two counties. This means that the cattle purchasing program in the two counties will be greatly retarded. Patience on the part of those who have listed cattle for sale is asked by officials in charge of this tedious work. The program will be carried to completion as speedily as possible with first attention being given to distress herds.

### 400 MEN AT WORK ON RELIEF JOBS

Approximately 400 men were at work this week on relief projects in Brown county, these including road work in the four commissioners precincts, operation of the federal cannery plant in Brownwood, work at the federal peckan experiment station, drouth work with the cattle purchasing program, work at Lake Brownwood park and three minor jobs. The men were put to work Monday.

The relief work will continue for two weeks with the exception of the cannery plant which is scheduled to continue operation for thirty days. The relief work was made possible by the grant of \$18,000 to the county for the month of August. The first \$9,000 check was received last week and the second check will be sent out the latter part of the month. C. E. Boyett, county relief administrator, stated this week.

### CHAMBERS TO SPEAK FOR CHAS. L. SOUTH

W. R. (Bill) Chambers of May, will speak in various parts of Brown and adjoining counties in the interest of the candidacy of Judge Chas. L. South for congress, it was announced this week by the local South organization.

Mr. Chambers will speak Friday night at Bangs' Saturday afternoon he will speak in Brownwood, from the court house steps. A speaking engagement for Saturday night at Zephyr was cancelled when it was learned that a revival meeting is in progress there.

Next week Mr. Chambers, in company with Brooke Ramey, chairman of the Brown County South-for-Congress club, will speak in Mills, Lampasas and San Saba counties, with possible other speaking dates to be arranged.

### Service Company Is Winners Of Honors At Natl. Guard Camp

Many honors in athletic events and in marksmanship have been won by members of Service Company, of which Captain Rex Galtier is commander, according to information received this week. Captain Galtier was in Brownwood for a brief visit Wednesday night.

"Polly" Wise, former Daniel Baker football and basketball star, ventured forth in a new sport and bagged the heavyweight boxing championship of the 142nd Infantry.

Gus and Jack Snodgrass and Howard (Bull Face) Harris, three other former Daniel Baker athletic stars, are said to be in training for the annual camp track meet and these speed merchants are almost certain to win more honors.

Floyd C. Sneller, who has been promoted to corporal since camp opened, won the marksmanship title of his regiment in the annual camp rifle shot contest.

An interesting insight into the inadequacy of Texas laws with respect to certain crimes, in spite of the multiplicity of laws on the statute books, comes as an aftermath of the escape of a group of desperate criminals from the death cell at Huntsville a few weeks ago.

No Law Violated

Max Rogers, young district attorney assigned to the prosecution of James A. Patterson, guard who admitted smuggling into the State Penitentiary pistols used in the escape of the three condemned outlaws July 22, stated there is no law in the Texas statutes making it a punishable offense for a state prison guard to aid a convict to escape.

Patterson was convicted and sentenced to fifteen years in the penitentiary where he previously had served as a guard, but it was through a legal technicality that the charges could be filed. The prisoners had filed appeals, which had not been acted upon, and hence technically were charges of sheriffs of counties where they were convicted, pending appeals, and not prisoners of the state penitentiary.

In this case, justice was served, but only by the mere chance of a technicality. The incident probably will furnish an opportunity for the new crop of legislators to do some effective law-passing in the next legislative session, if the forthcoming special session does not remedy the situation.

If you would criticize, it is well first to be free from the faults you find in others. We were a bit amused in the situation The Dallas News found itself on Saturday.

They Also Err

Some purist on the editorial staff heaped criticism on the Fort Worth Star-Telegram for inaccuracy in headline writing. The Fort Worth paper, in recording a Dallas meeting had said: "Repeal of Horse Racing Law Urged At Dallas Mass Meeting."

The Dallas News correctly points out that this is in error, as no one seeks to prohibit horse racing. The objective is to bar betting on horse races, and the News deplores such inaccuracies as conducive to a condition that creates popular misunderstanding. "The unthinkable," says The News, "who unfortunately are many, confuse the absence of racing when betting is not permitted with a law against it. Consequently, opponents of the costly system of encouraged public betting should insist on correct presentation of their case."

Which is all well and good, and we find ourselves in agreement with the opinion ably expressed. But imagine our surprise to find in the same issue of the Dallas newspaper, this headline: "Antirace Law rous Divides Over Militancy." It reminds us of the classic of the school teacher who told his English pupils: "Never use a proposition to end a sentence with."

This is Texas Centennial Week, so proclaimed by Governor Ferguson, with additional proclamations by County Judge Courtney Gray and Mayor W. H. Thompson of Brownwood. It is a week when Texans are asked to pledge themselves to "Think—talk—write... Texas Centennial in 1936! This is to be my celebration. In its achievement, I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be."

Centennial Week

This pledge, of course, is not for Centennial Week alone, but for the entire pre-Centennial period. And a worthy pledge it is. Texans are not sufficiently Centennial-minded at present. If the celebration in 1936 is to be worthy of the state, it must have the whole hearted enthusiasm of the entire people of Texas. And such is the purpose of Centennial Week — to start that spirit of enthusiasm.

It is needless to point out to Texans the greatness of their state, the achievements of the pioneers who first settled Texas, or the greatness of those who have contributed to its advancement. Texans naturally are proud of their state, more so, perhaps than residents of any other state unless it is California. They seem to be a bit slow to realize, however, what a great thing the Centennial can be for their state and for themselves. That it will bring millions of people to Texas for the first time seems to be generally recognized. That many of these people are potential future residents of Texas, or potential future investors in this state seems to be a secondary consideration. It is a fact that should come first in considering the importance of the Centennial.

On September 1, several cities in Texas will submit formal bids for holding the major celebration in their localities. With these bids in, the Centennial will begin to take form as an actual achievement; and with the definition of the Centennial City, interest in the celebration will grow by leaps and bounds.

Centennial Week is a proper time for Texans to begin to put into operation the Centennial Pledge: "I will think—talk—write... Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be."

A member of the legislature was in the office a few days ago, in the interest of a candidate for state office in the August run-off primary. Jesse James was his name, and he is from Cameron, in Milam County. In discussing various matters of state legislation, he made what we thought at the time was a workable method of taxing chain stores, which might be equitable to the state, the stores and the customers. And the more we think of it, the better we like it.

Chain Store Tax

Mr. James' plan was to devise a chain store law similar to the Robertson insurance law; that is, to require chain stores with home offices in other states, which operate in Texas, to invest a certain amount of their gross receipts in Texas. The idea is worthy of consideration, and we hope Mr. James introduces such a measure in the legislature.

THIS CURIOUS WORLD By William Ferguson

It has seemed to me unworthy of the divine goodness and power to create a finite world, when able to produce beside it another and so on, and so that I have desired that there be a star, and a particular world similar to this as a star, and similar to it as the moon, and other stars, which are infinite in number, and all these bodies are worlds.

THE BANNER'S SCRAP BOOK

THINGS ONE REMEMBERS By R. M. Hofer

May Day Parade in New York —The workers looked well fed and well dressed. They were well behaved, happy looking—singing and joking; but their slogans and banners were destructive. Down with this, that and the other!

Thousands of school boys and girls who had no conception of values, savings, employment, property rights as guaranteed by our constitution — led by theorists, dreamers and avowed destructionists—had been fed on the poison that the man who had saved and acquired property, must have wrung it from a helpless people.

But consider the comedy of it—they were marching and denouncing capital and savinas and constitutional rights by the grace of the very system they wished to destroy. Hundreds of policemen lined the streets to see that they were protected in the full exercise of their rights under our constitution, as well as to see that they did not violate the same constitutional rights of other citizens.

Again the humor of the situation was apparent when it was necessary to separate the socialist and communist parades to prevent clashes between them if they met.

Neither of the groups would live in countries where socialism and communism now reign supreme, because they could not enjoy the liberties of self expression guaranteed them by the United States Constitution and the so-called capitalist system.

In other words, the socialists and communists can't get along with each other, they like to make believe that they are oppressed in the country that harbors and protects them and they don't want to go and live in the nations that have adopted the views they advocate here, because in those nations they would be wiped out like flies if they raised their voices against the government policies.

It is high time that we emphasize the blessing that our constitution offers to United States citizens and advise those who do not like that brand of liberty to move to the happy hunting grounds where their ideals are now established.

ALLRED AIDS SCHOOLS

(From the Houston Post)

If Tom Hunter's campaign statements are to be accepted at face value, the attorney general's office of Texas should enforce the prohibition laws in every county, stop gambling and bookmaking and check the flow of "hot oil" in East Texas.

There are at least 10,000 officers of the law in Texas and they were unable to stop sale of liquor with a Federal army to help them. Gambling has flourished despite their efforts to stamp it out. The Texas railroad commission, with hundreds of employees, has been unable to stop entirely the flow of "hot oil" and the Federal government, with the aid of State and local officials, has been little more successful.

Yet, Mr. Hunter attempts to convince the voters that they should elect him governor and defeat Attorney General Allred because these violations of the law continue.

The attorney general, he says, with his staff of eighteen lawyers should go into every county in Texas and padlock every liquor joint and every gambling house. He intimates they should stand guard over 10,000 oil wells in East Texas to prevent running of a single barrel of oil in excess of the allowable.

This campaign blarney is so absurd on its face as to need no answer. And the record of James V. Allred as attorney general needs no defense from that type of attack. —An illustration of the kind of work Mr. Allred has been doing

during his four years in office is provided by a decision handed down this week by a district court in Austin which gave the State title to 103 acres of land in the Tomball oil field of Harris county, estimated to be worth \$500,000. The attorney general's office filed suit in February claiming a vacancy on land held by major oil companies and others. Judge J. D. Moore upheld the attorney general's contention that the land was unsurveyed free public school land. So the school children of Texas will be enriched by the oil royalties of that rich tract.

That is the type of work Attorney General Allred has been doing for the people of Texas for four years. The schools have been enriched by many millions through such activities.

But Mr. Hunter believes he has been neglecting his duties. Apparently his conception of an attorney general is a snooper who invades local communities to usurp the police power of their officials.

with Gas Refrigeration

You buy a refrigerator for food protection. Most any modern automatic will give you this. But, when you buy yours bear in mind this fact:

The gas refrigerator is the only one which operates in utter silence without complicated machinery for as little as 15c a week. A tiny gas flame takes the place of all moving parts.

This year he was paid again by the increased yield of oats on the land where the cotton was plowed under. Sixty-six bushels per acre were harvested on the land where the cotton was plowed under, while only 40 bushels per acre were harvested off of land that had previous grown grain.

Jefferson—In the midst of the worst drought in record in this part of Texas, Homer Wurtsbaugh, Marlon county farmer, has been using water from Cypress river to irrigate four acres of ribbon cane growing on land only a few hundred feet from the river, according to John H. Erickson, farm demonstration agent.

Before the cane was planted levels were run with the help of the agent so that each row would carry the water through the entire field. The water is carried thru a two inch pipe to the land and the ground is thoroughly soaked. The cane averages more than head high and shows no ill effects of drought.

Haskell—That good seed and green crops turned under give profitable results has been proved on the farm of Paul Frierson of the Midway community in Haskell county, according to R. H. Maxwell, farm demonstration agent.

The yield per acre for the Nor-Tex variety of oats was 60 bushels, the yield for the Spivey variety was 50 bushels, while the yield for the common Texas Red oats was only 30 bushels per acre.

After harvesting the cotton crop the land was one-way disced and the seed drilled in during October. The Nor-Tex oats were planted on "plow-up" cotton land where there was a good growth of green cotton which served as a green manure crop, but otherwise the land had the same preparation. On 20 acres Mr. Frierson harvested 1189 bushels of Nor-Tex oats and netted \$280.

### MAKING Smart CLOTHES

We are apt to forget from year to year just how many cool light clothes we need for summer. And then—along comes the first heat wave and we have to start out for a garden party in a frock we'd intended to wear mornings around the house! A simple, rather dressy

frock like this, made of crystal-cool chiffon or cotton voile is a grand mid-summer addition to a hot weather wardrobe. It is cool as a dress can be, yet it has an air of formality about it. It is an easy dress to keep fresh, for you make it all of one fabric—simple to tub, if it's cotton; no white touches to launder if it's silk. And, best of all, it is a very flattering and slenderizing style for the woman over 30. This is a Butterick Pattern and may be bought at your favorite department store.

### MRS. H. B. MATTOS, MOTHER OF MRS. CHESTER HARRISON, DIES IN WASHINGTON, D. C.

Mrs. Chester Harrison received word late Wednesday night of the sudden death in Washington, D. C., of her mother, Mrs. H. B. Mattos. So far as was known here, Mrs. Mattos had not been ill, and the news of her death came as a shock.

Mr. and Mrs. Harrison left Thursday morning for Fort Worth where Mrs. Harrison will proceed to Washington by rail. Mr. Harrison was to return to Brownwood Thursday night.

Gardner Speaker At Closing Exercises Of Summer Session

T. C. Gardner of Fort Worth was the commencement speaker for the summer graduating class at Howard Payne Wednesday night. He has been a leader in young people's work in the Baptist denomination for more than 16 years and is vitally interested in their welfare.

He brought an exceptional message to the class, one filled with inspiration and one that made a lasting impression upon all his listeners. Mr. Gardner told the class what to expect in their fight for existence and also gave them admonitions about problems that would confront them in future life.

He has been for sixteen years secretary of the Baptist Training Union of Texas. He probably knows more young people than any other man in Texas.

Mr. Gardner is a graduate of Union University and formerly was president of Marshall Baptist College.

Degrees were conferred upon the class of twenty-four by Dr. Thomas H. Taylor, president of the college.

The regular summer session at Howard Payne closes August 10 after which a short session will be held prior to the opening of the regular session on September 10.

Early Morning Fire Damages Drug Store

The Coggin Avenue Drug Store was badly damaged early Tuesday

morning by a fire of undetermined origin and as a result the store has been closed for repairs since.

The fire originated in the front part of the building, near the desk

and cigar counter located to the left of the front entrance. The blaze was discovered about 1:30

or 2:00 o'clock Tuesday morning. Although the exact loss has not

been determined it is believed that the building, fixtures and stock was damaged more than \$1,000.

Heat and smoke did heavier damage than the fire itself.

The Coggin Avenue Drug Store is owned by Roy Chinn and Frank Crenshaw and the building is owned by the Temple Trust Company.

The production of briars for smoking pipes dates back to 1560, when a French firm found it to be of excellent quality for that purpose.

### To Members of 1st M. E. Church Old Man Budget

Is the one who pays the bills at your church—that is he does when the money comes in regularly enough to pay them.

HE PAYS—the Pastor, the Lights, the Water Bill, the Janitor, Music Expenses, Repairs, the Presiding Elder—and all local expenses of the church including Insurance. HE WAS DOING A GOOD JOB AT FIRST M. E. CHURCH this year, until the last three months—then the budget payments dropped to about 1-3 of what they had been and NOW—the budget is over \$200 behind, as a result of summer lethargy, and because CHURCH MEMBERS have remembered the Budget only once or twice a month. Instead of every Sunday, and your CHURCH will get in debt quickly if this continues.

REMEMBER THE BUDGET SUNDAY—with what you are past due on it, make your payment as substantial as possible and let's take up some of the back expenses now due—Pastor is due some money and ought to be paid.

### Joe Shelton Named Director of Newly Formed Jersey Club

Breeders of Jersey cattle in seven Central Texas counties met in Dublin Friday night, August 10, and perfected an organization that will be known as "The Heart of Texas Jersey Cattle Club." The new organization embraces Erath, Comanche, Brown, Hamilton, Bosque, Somervell and Hood counties. Joe Shelton, of Shelton Bros. Dairy of Brownwood, attended the meeting and was named a director in the new organization.

Officers of the club elected Friday night were: H. M. Smith, of Stephenville, president; H. Laws, of Bosque county, vice-president; and J. H. Taylor, of Somervell county, secretary. Directors of the organization are: Tom Hughes, of Erath county, John C. McGinnis, of Comanche county; Joe Shelton, of Brown county, and Paul Shrank, of Bosque county.

The new association has as its main objective the betterment of the breed of Jersey cattle in the seven counties forming the organization. It will be to those counties what the Texas Jersey Club is to Texas and what the American Jersey Club is to the entire nation.

Approximately 500 patents are issued annually to women in this country.

### AUSTIN CITIZENS ENDORSE LON SMITH

As citizens of Austin and Travis County, and friends and neighbors of Lou A. Smith, chairman of the State Railroad Commission, we are happy and pleased to endorse his candidacy for re-election to the position he now holds.

Commissioner Smith has lived, with his fine family, among us for the past fourteen years. He has identified himself with the civic, fraternal, political and religious life of the city and county. He has membership in the Austin Chamber of Commerce, is a member of a half dozen fraternal insurance societies, is a communicant in one of Austin's most prominent churches, and is a democrat to the manner born. Without hesitation or reservation we commend him to the voters of Texas, as a good neighbor, a true fraternalist, a splendid citizen, a capable public servant, a loyal democrat, and a Christian gentleman.

### M. L. LANGFORD ALSO ENDORSES DARROCH FOR DISTRICT ATTORNEY

In this issue of the Banner there appears an endorsement of J. C. Darroch for District Attorney, signed by Sheriff Hallmark and numerous other officials and citizens of Brown County. I also wish to endorse Mr. Darroch's candidacy and would have been glad to sign the above mentioned endorsement but was out of town at the time it was prepared and put on the press. I have known Mr. Darroch for about 15 years, and know that he has the courage, ability, judgment and integrity to make this district a good district attorney.

Respectfully,  
M. L. LANGFORD.

### MORTUARY

HUNTER—Mrs. Bessie Hunter, 39, of Cross Cut, died Sunday afternoon in a San Antonio hospital. Her body was returned to her home in Cross Cut in a Mitcham funeral coach and funeral rites were held at 3:30 Tuesday afternoon from the Baptist Church at Cross Cut with Rev. W. M. Scott officiating. Burial was made in the Burkett cemetery.

Mrs. Hunter had been in poor health the past eight years and had been in San Antonio for treatment the past year. Mrs. Hunter was born in Kentucky March 25, 1895.

She is survived by her parents, Mr. and Mrs. J. T. Campbell of Cross Cut; the following children: Willie, Athalee, Ollie Modine, Lucile, Jack and Jimmie; brothers John, Mack, Tom, Elbert and Fred Campbell of Cross Cut; sisters, Mrs. Betty Prater, Mrs. Clita Bell Pickett and Misses Mozell and Mabel Campbell, all of Cross Cut.

DAVIS—John C. Davis, 83, a retired Santa Fe engineer, died in a Brownwood hospital Sunday morning from injuries received when he fell down an embankment near the Santa Fe roundhouse last week. He was rushed to a hospital immediately after the fall but his injuries refused to respond to treatment.

Funeral services for Mr. Davis were held at 4 o'clock Monday afternoon from the Mitcham Funeral chapel with Rev. R. O. Sory, presiding elder of the Brownwood district of the Methodist church, officiating. Burial was made in Greenleaf cemetery. Mr. Davis is survived by his wife.

"Uncle Jake" Davis was born in Warsaw, Illinois, August 9, 1851. He came to Texas in 1871 and began his railroad career. He began work with the Santa Fe as an engineer in 1887 and continued in that capacity until he was retired in 1921. His undying love for the iron steeds that he piloted for so many years perhaps led to the fall that resulted in his death. Mr. Davis leaves many friends who loved him during his long residence in Brownwood.

PAGE—Mrs. Bessie J. Page, wife of the late George W. Page, who for many years was superintendent of Brownwood public schools, died at her home in Dallas Monday morning. The body was brought to Brownwood Tuesday morning and funeral services were held at 5 o'clock that afternoon from the Austin-Morris funeral parlors with Rev. W. R. Hornburg, pastor of the Coggin Avenue Baptist Church, officiating. Burial was made in Greenleaf cemetery in a grave adjoining that of a son, Thomas Nelson Page, who died about eight years ago.

Mr. Page died in El Paso several years ago and since that time Mrs. Page had been making her home in Dallas. She is survived by three children, George H. Page, Louise Page and a married daughter, Juliet, of Oklahoma.

STEPHENS—E. D. Stephens, 73, died at the home of his son in the Buffalo community, nine miles northeast of Santa Anna, Thursday, August 9. Funeral services were held at Leaday the following day with Rev. Squires officiating.

Mr. Stephens was born in Palo Pinto county August 4, 1861. He was married to Miss Lucy Osborn in early manhood. The wife, three sons and one daughter survive.

The children are W. A. Stephens, Buffalo; A. J. Stephens, Edcouch; O. V. Stephens, of Waco, and Mrs. L. P. Wireman, of Leaday.

Mr. Stephens had been a faithful member of the Church of Christ for 46 years.

WALKER—Mrs. Mollie J. Walker, 73, of Bangs, died Monday afternoon at 3:30 o'clock at her home. Funeral services were held Tuesday at the Bangs Baptist Church with Rev. W. H. Rucker, officiating. Burial was made in the Mukewater cemetery with H. L. Allcorn, of Bangs, in charge.

Mrs. Walker, who before her marriage was Miss Mollie J. Puck-

ett, was born in Wilson county, Tennessee, January 2, 1861. She was married in early womanhood to W. B. Walker and the couple came to Brown county in 1880 and she had remained here since. Mrs. Walker had been a member of the Baptist Church for 55 years.

Mrs. Walker is survived by two sons and one daughter. They are Jesse Walker, of Lamesa; Lee Walker, of Bangs, and Mrs. Drew Avinger, of Fort Worth.

### Magazine Praises City Ice Delivery

City Ice Delivery, Brownwood, received some nice publicity in the August issue of Ice and Refrigeration, national trade publication, published in Chicago. A page in the magazine was devoted to a description of the local concern, with two pictures, one of the plant and truck equipment, and the other of Manager J. G. Gorman and his efficient group of service men.

The article was occasioned by the enterprise of the local company, now entering its second year, in equipping all deliverymen in smart appearing uniforms at the beginning of the present season and of reconditioning and repainting the truck equipment. Mr. Gorman states that the company is enjoying a splendid increase in business during the present season.

## To the Voters of Precinct No. 1

It has been called to our attention since the recent Democratic Primary Election in connection with the Commissioner's race in Precinct No. One, that it is rumored that if Lawrence Moore were making his race in his former home community and Commissioner's precinct, he would not receive more than a small percent of the support given him by his former electors, when he was Commissioner of Precinct No. Three.

We, his friends and supporters in his former races, wish to take this manner of expressing to the voters in his present home community and precinct, that if he is elected, we believe that his honesty, integrity and sound business judgment will be valuable to the administration of our county's government; and that we were well pleased with his work, when we previously elected him.

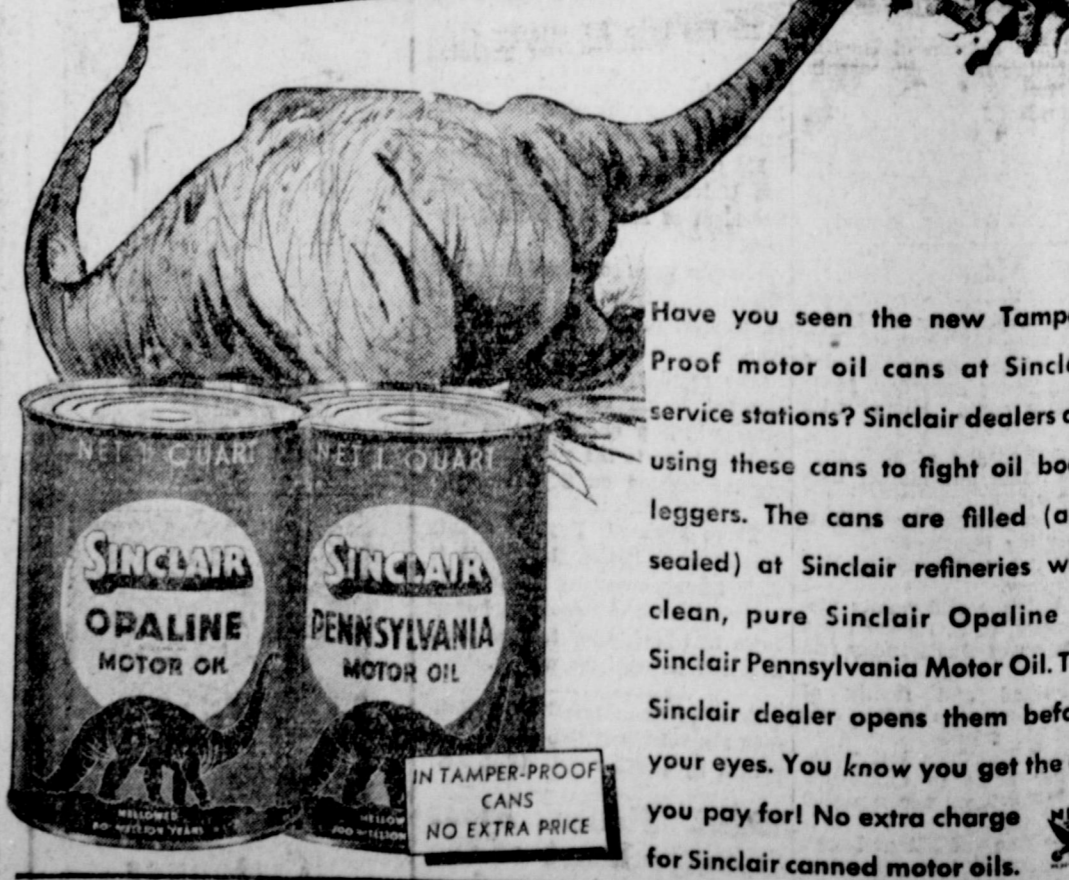

When he made the race in 1916, the vote in his home community was 100 per cent for him, and we have not lost confidence in him.

## "EXIT BOOTLEGGERS!" SAY SINCLAIR DEALERS

Have you seen the new Tamper-Proof motor oil cans at Sinclair service stations? Sinclair dealers are using these cans to fight oil bootleggers. The cans are filled (and sealed) at Sinclair refineries with clean, pure Sinclair Opaline or Sinclair Pennsylvania Motor Oil. The Sinclair dealer opens them before your eyes. You know you get the oil you pay for! No extra charge for Sinclair canned motor oils.

Relief Children In Need Of Clothing

A renewed appeal for clothing of any kind for men, women and children has been made by the Junior Service League which operates the Community House at 519 West Anderson Street. Mrs. Sammie Lee, president of the club, in making the new appeal, states that the house is entirely without clothing and that there are many destitute families sorely in need of clothing. With the opening of the city's public schools only a few weeks away, there will be an urgent need for school clothes for many children of needy families. The house also urgently needs more sheets and night gowns for mothers. Any and all donations will be greatly appreciated and gladly received, club officials state. Donations of crayolas, pencils and toys that can be used by children from 4 to 8 years of age also will be appreciated. The children of these ages have supervised play periods at the Community House Tuesday and Friday mornings. Mrs. H. L. Mobley is chairman of the committee in charge of the supervised play. Bath room scales and baby scales also are needed at the house for weekly health examinations. Anyone who will donate these or let them be used will be sincerely thanked, the League announced.

## GOVERNMENT STABLE IN RUSSIA, HOLLAND TELLS LOCAL GROUP

Government in Soviet Russia, under the Communist regime, is one of the most stable forms of government in existence, Charles Holland, former Brownwood resident who has been employed as petroleum engineer in Russia for several years, told an audience at Toward Payne Auditorium Tuesday night. Mr. Holland was lecturing on Russian events under the auspices of the First Christian Church. He was introduced by Dr. J. C. Schurman, pastor of the church. Prior to the lecture, Charles Holland, Jr., dressed in native Russian costume, recited some Russian poems.

There is little danger as Mr. Holland views it, of disruption of the Communist government, either from within or from without the party itself. From within, officials are kept in line by an elaborate spy system, and any indication of uprising against the established government results in immediate punishment. Those without the Communist party are held in such tight poverty that an uprising is unlikely. But even in event such an uprising should occur, a standing army of from 800,000 to a million men could suppress it quickly.

Mr. Holland told of the system of cleansing the party, at which trials are held for those whom government officials wish to banish from the party itself. Being put out of the party is a serious situation for he loses his privileges which go with Communist party membership. Contrary to general belief, the party itself is composed of only about 10 per cent of the population of Russia. Those outside live a hard life, little better, if any, than under the Czars.

## NOW IT IS OFFICIAL!

According to official returns from the sixteen counties of the 25th Senatorial district, as tabulated by the State Democratic Executive Committee in Austin Saturday, August 11, E. M. Davis, Brownwood attorney, is the Democratic nominee for state senator from this district. Judge Davis was declared the nominee over Representative Penrose B. Metcalfe, of San Angelo, by a margin of 77 votes, the closest vote on record in a state senatorial district.

Senator-elect Davis served as judge of Brown county for several years and while holding that office he served one year as president of Texas County Judges and Commissioners Association. He retired from the office of county judge to serve as representative of the 125th district in the Texas House of Representatives. He retired after serving one term in the House.

## Blacklidge Is New Goodyear Salesman

J. L. Blacklidge, of the Goodyear company, has been transferred from Memphis, Tennessee, to Brownwood as territorial salesman for this district. Blacklidge has been with the Goodyear company for eight years. Most of this time has been spent in New Orleans and Shreveport. He succeeds R. T. Adams as salesman for the Brownwood district. Mr. Adams having recently resigned.

## Brownwood Regains Lead In Ball Loop

Brownwood, after dropping to second place in the standings, regained the leadership last Sunday as the result of its five to four win over Winchell and the dropping out of the league of the first place Cross Cut team.

Woodland Heights registered its fourth straight win when Morris Polk hurled a no-hit game against Salt Mountain, the second place team winning two to one. Brookesmith ran roughshod over the Zephyr aggregation to pile up a fourteen to two win. Fry had an off day from league competition.

The league season is scheduled to end on Sunday August 26th following which the first four teams in the standings will enter into a three-game play-off plan to determine the league championship. The league standings:

	W	L	Pct.
Brownwood	12	4	.750
Woodland Heights	10	8	.555
Brookesmith	9	8	.529
Fry	9	8	.529
Winchell	6	9	.400
Zephyr	5	10	.333
Salt Mountain	3	15	.167

## Y. W. A. Encampment Held At Lakewood

The annual three-day encampment of the Brown County Association Y. W. A. was held at Lakewood Monday, Tuesday and Wednesday of this week with a regular enrollment of about forty girls. The total attendance at the encampment was near 100, this being due to large numbers of girls who came for only a day at the camp.

The encampment was officially opened at 6 o'clock Monday afternoon with the singing of a group of songs led by Eddie Lake Tate. This was followed by the first meal of the encampment and the initial vesper service, led by Mrs. Karl H. Moore.

The daily program included religious services, games of various kinds and swims in Lakewood pool. Pastors of various churches in the county which cooperated in the annual encampment assisted in the three-day program.

## CANDIDATES MAKE EXPENSE REPORTS

Most candidates for county and precinct offices in the July 28th Democratic primary have filed final reports showing money expended by them. Several of the candidates, however, have failed to make these reports despite the fact that August 7 was the last day for filing them. Candidates in the run-off campaign have until September 4 to file reports of expenses in the August 25 election.

The final reports filed with County Clerk W. E. Burleson follow:

For county attorney: Conner Scott \$154.55, Mrs. Pearl P. Gibson \$177.12.

For county judge: A. E. Nabors, \$193.62; W. A. Butler \$122.85; George B. Savage \$273.96.

For district clerk: Allen D. Forsythe \$124.50, Luther Wilson \$180.25.

For sheriff: W. E. Hallmark \$297.40, M. L. Langford \$240.

For county clerk: Mrs. J. M. Turner \$208.40, W. E. Burleson \$288.80.

For county treasurer: J. P. Gist \$118.95, Sol Baker \$74.55, I. C. Mullins \$93, J. G. Gaines \$132.70.

For tax assessor-collector: Winston Palmer \$141.25, Lee Meek \$272.50, R. C. Gotcher \$239.77.

For county surveyor: Mark E. Ragsdale \$5.

## McCall And Sewell Win Sinclair Prize

McCall and Sewell, manager of the Super Service Station, 1421 Austin Avenue, sold 1456 gallons of Sinclair gasoline Friday, August 10, which was designated Sinclair Day, and won the prize offered by U. O. Andrews, local Sinclair agent.

Misses Lois Lamb and Mary Etta Faye, one of four teams soliciting business for the Sinclair stations, were assigned to the winning station, and won the \$10 prize for the team of girls assisting in selling the most gasoline.

A large volume of business was done by all Sinclair stations during the day. Mr. Andrews stated, and has been a stimulus to business since.

## To the Voters of Precinct One and Ward Four

I believe that this explanation is due to be made to the voters of Precinct No. 1 and Ward No. 4 of Brownwood in reference to the change in my residence in order to make the Commissioner's race.

When I came to Brownwood twelve years ago, I engaged in the cotton ginning business. I preferred to live in the Commissioner's Precinct that my friends and customers lived in. I moved into Precinct No. 1 by choice.

My residence was in Precinct No. 1 for ten years, or until the time the Commissioner's Court of Brown County, about two years ago, rearranged the boundary line of said Commissioner's Precinct, throwing me one-half block out of my precinct. I did not prefer to live in Ward No. 2, Commissioners Precinct No. 4. Therefore I moved into Precinct No. 1 again.

This has been running throughout the campaign. I thought the people understood that I had always been in No. 1 and I paid very little attention to this gossip but my friends insisted that I make this explanation.
