The Anti-Nuke people of the Metroplex area have been getting lots of attention in their much publicized demonstration demanding a shutdown of construction on the Comanche Peak project at Glen Rose. They are going all out on the objections raised by Jane Fonda and Ralph Nader. What if some accident were to contaminate the atmosphere with cancer causing radiation? What if a generation of children in the exposed area should come up with birth defects? What if the cooling system fails and the hot rods should melt everything it comes in contact with? Will the waste material from nuclear plants eventually break through its containers and forever fouls up the ocean or desert or both?

Well, it has been said that dissenters can ask more questions than supporters can answer. And the issues above are perfect for this purpose. These and many other are intended to put the nuclear proponents on defense indefinitely, and cautious public officials are reminded that they are obligated to hold their decision until all questions are satisfactorily answered. That could be a long time.

Everything considered, the no-nuke element has no really solid objections, but rather the alarmist lingo designed to shake the public. In fairness they ought to be required to come up with at least a few objections based on established fact. Likewise it seems that people making the decisions ought to consider that nuclear plants, after many years, still have an outstanding safety record. In fact the incident at Three Mile Island was a minor malfunction that caused no real trouble.

Perhaps the reason behind the hullabaloo is government's eagerness to prove that it is always alert to public welfare. Prodded by the media, it has to make a big show of hunting causes and preventing recurrence.

Amid all the theorizing, however, it seems that the media and investigators ought to seek out the opinions of experts rather than air the objections of the Fonda and Naders.

As regards Three Mile Island the House Committee on Science and Technology got very reassuring testimony from a panel of scientists who know what they are talking about. One was Dr. Hans Bethe of Cornell, winner of the Nobel Prize for Physics in 1967; Dr. Karl Cohen of Stanford, former chief scientist in a GE nuclear energy group; Dr. Robert Hofstadter of Stanford, Nobel prize winner for physics in 1961; Dr. Behram Kursunoglu of Miami U., former co worker with Albert Einstein; Dr. Edward Teller, pioneer of America's nuclear development; and Dr. Eugene Wigner of Princeton, Nobel winner in physics in 1963.

Among points made by these scientists: There was never a possibility of an explosion or meltdown. Peaceful nuclear reactors, because of compactness and many safeguards, are much safer than other energy sources, even in terms of radiation.

The much ballyhooed problem of nuclear waste disposal is readily soluble, especially if we use reprocessing to convert the waste again to fuel.

In general the scientists gave a superb safety rating to Three Mile Island; then went beyond the immediate controversy to comment favorably on the safety and practical feasibility of nuclear power generally as opposed to other available sources of energy. They said there are no proven cases of damage to the health of any individual in a nuclear plant, and that nuclear is incomparably safer than anything else we have, and also the cleanest and most healthful.

If environmentalists mean what they say they should be the first to favor it. Also, concerning radioactivity, a coal fired plant puts out more of it than a nuclear plant, and the nation should not overlook that it has 100,000 cases of black lung

June 17 Picnic Planned

Sponsors of the Sacred Heart Parish picnic on Sunday, June 17 are inviting everyone to include attendance at the event in their plans for Father's Day. They also have hopes of establishing the date as an annual Homecoming.

To date, plans are complete for beginning the event with a bountiful fried chicken—sausage dinner in the Community Center, beginning at 11:30.

There will also be an auction at 7 p.m. offering a great variety of items, a Horseshoe Tournament at 2 p.m., games for young and old throughout the day, and a Country Store that, in addition to expected items, will offer fresh garden vegetables, plants of all kinds, wicker baskets, baby items, home-baked foods,

and hand and hobby work. Items added, also new to the list, are homemade cookies in decorated canisters, homemade candy in similar containers.

Donors may, if they wish, leave suitable items at the home of Mrs. Ronnie Hoagland.

Chairmen of the Country Store Booth have made two special requests, the first for donations of packaging materials to be used at the time of the sales; the second for price marking on all donated items, thereby assisting sponsors in arriving at a fair price for value received by the purchaser.

The Father's Day Picnic will be a benefit for debt retirement payments on the Sacred Heart Community Center. W. J. Miller is general chairman.

Winners Named in Golf Tournament

Each of five members and four winning teams went home with a bunch of balls from the scrambles tournament sponsored by the Muenster Golf Association at Nocona Hills Country Club last Sunday. Forty eight contestants were entered and 20 of them were listed as winners. Scrambles is the method which the best shot on a team becomes the position from which all members make their next shot. Birdies are commonplace.

Champs of the day, with a score of 64, 7 under par, were Jim Endres, Len Endres, Bob Hamric, Steve Hess and Ray Klement.

Runners up with 65, 6 under par, were Jim Golden, John Monday, Earl Fisher, Kim Walterscheid and Alan Miller.

In third place, with a 5 under par 66, were Dale Klement, Eddie Stock, Mark Lippe, Claude Klement and Biff White.

In fourth place, with a 4 under 67, were Tom Flusche, George Mae Trachta, Mike Frost, Virgil Henscheid and Terry Walterscheid.

Larry Wimmer is chairman for the next tournament to be held on the first Sunday of July. The place and method of play will be determined later.

Mike Stoffels To Open Store

A new business is in the making in Muenster. Mike Stoffels is working on an extensive renovation project on the former Palace Drug (operated by J. C. Trachta) prior to opening a store which will feature athletic goods along with custom or novelty specialty advertising. It will be named Tops and Teams.

Stoffels intends to start by stocking every day sports apparel such as tennis shoes, jogging or warm-up suits, gym shorts, socks, knee pads. Another currently popular item is the custom tee shirt with a large selection of patterns that can be transferred to the shirt when purchased.

In the renovation program Stoffels is repairing and repainting all of the exterior, including the Palace Cafe. Interior improvement, confined to the former Palace Drug area, consists of new paint jobs for ceiling, walls and shelving and carpeting.

Danny Voths Have Yard of the Month

Mr. and Mrs. Danny Voth have been named winners of the "Yard of the Month" in June, by the Muenster Garden Club. Their new home and yard at 1065 Cherry Lane was selected for the excellence of the newly established TIFF Lawn, young trees, a bed of blooming roses near the south side of the house and a white, pebble-covered bed with a variety of cacti near the front porch.

City Will Vote Saturday In Land Option Election

Another effort to legalize the sale of alcoholic beverages in the most recently annexed area of the city will be made Saturday at a local option election in the city hall. It will be held from 7 a.m. to 7 p.m. with Lee Toothaker and Joe Horn in charge.

The issue as printed on the ballot will enable a person to vote **For or Against** "the legal sale of all alcoholic beverages for off-premise consumption only."

Conflicting interpretations of the issue have resulted in some confusion. One is that it applies to all of the city and, if approved, would prohibit sales in restaurants and bars. The other is that approval will legalize sales in the newly annexed area in addition to other parts of town. This is the opinion quoted by County Clerk Frank Scoggin after consultation with the State Liquor Control Board and

the Election Division at Auction.

He explained that the election applies to the newly annexed area only and the remainder of the town will not be affected regardless of the election outcome.

The election was ordered by the County Commissioners Court on May 14 in response to a petition submitted by Don Hess and Sylvan Walterscheid whose intention was to qualify for sale of the alcoholic beverages in the Kountry Korner store, which

is located in a recently annexed area of the city.

The petition had 131 signatures, one more than the minimum requirement.

This election is the second effort to qualify for the legal

sale of beer and wine at the Kountry Korner. An election on April 7 was unsuccessful because of a mixed drink clause in the issue. It read **For or Against** "the legal sale of alcoholic beverages including mixed beverages."

As interpreted it would have allowed mixed drinks in all of the city, not only the

Advanced Classes In Water Safety Start Next Week

The annual Red Cross water safety program in Muenster will begin next Monday, Mrs. Jo Ann Pagel announced this week.

Starting with two classes for advanced swimmers, it leads to the beginners class which is scheduled to start early in July.

First is the Basic Rescue and Water Safety class booked for June 11 to 15 and to be taught by Jo Ann Pagel and Nancy Lippe. Children are asked to come at 9 a.m. in their swim suits. They will register at the first class.

After a week's delay, during which the pool will be used in another program, Red Cross will have its Advanced Life Saving Class June 25 to 29 with Jane Taylor as the instructor.

Following those two courses, the community will have its Learn to Swim program in July. It will be divided into two weeks of separate classes. Many of the instructors and assistants in those classes will be students completing the two weeks of advanced classes.

Police Step Up Effort to Cope with Vandalism

Responding to a recent increase of vandalism, the police department announced this week that it is increasing its effort to deal with the problem. Police Chief David Province said that there will be an increase of patrols and stricter enforcement of the curfew and other ordinances related to vandalism and public nuisance.

He also said that anyone apprehended will be prosecuted to the fullest extent of the law, and added that some offenders may be confronted by the FBI. Recent violations include shooting out the direction lights on a Highway 82 detour sign. Since federal funds are involved in the project this is classed as a federal offense.

Some other offenses, Province said, are damages in the city park and driving over front lawns.

New officers installed during the Jaycee Banquet and program last Friday night are, left to right, Ross Felderhoff, 1st vice-president; John Schneider, 2nd vice-president; Jack Flusche, president; Jim Endres, past president; Chuck Bartush, state director; Jerry Reed treasurer; and Claude Klement, secretary. —Staff Photo

Mary Moster Gets Jaycee Outstanding Citizen Award

This year's Jaycee award for Outstanding Citizen of the Community was awarded to Mrs. Mary Moster.

In making the presentation Friday night at the Seventeenth Annual Awards and Installation Banquet, Chuck Bartush Jr., state director, said the award is in recognition for many years of being always there and doing a good job as the city librarian. Because of her dedication, Muenster's library is far above the standards of other cities its size. In addition she has given many years of service as a hard working officer of the Muenster Garden Club and the Catholic Daughters of America. The inscription honors her for "unselfish effort to assure us that Muenster will always be a pleasant place to live."

Honorees of the next three awards were members of the Jaycees. The first, to the year's outstanding chairman, turned out to be a triple presentation to the three co-chairman who worked together at making a great success of the benefit dance for the Alicia Knabe hospitalization fund. The trio included Ross Felderhoff, John Schneider and Jack Flusche. Presentation was made by Chuck Bartush Jr.

The key man award, presented by Past President Jim Endres, went to Chuck Bartush, described by Endres as the man who's always there and a step ahead. Along with his constant local involvement, he was credited with great service to the chapter as a state director.

The president's partner award was presented by Past President Jim Endres to Jack Flusche, his No. 1 assistant of the year, "with sincere appreciation of his willing-

ness to come through when needed."

The big surprise of the evening was the final payment on the Jaycee pavilion at the city park. Mayor Leonard Endres accepted a check in the amount of \$3877 from Jaycee Treasurer Jerry Reed, in behalf of the city, which had cooperated in the project. The mayor praised the membership for the roomy and substantial structure which will be useful to the public for many years. He said this was only one of the many things the Jaycees have done in leaving a bigger mark on Muenster than any other organization. "The community is indebted to them and always will be."

Another item not on the program was recognition of Larry Wimmer, who has just outgrown the Jaycee age requirement and was honorably discharged as an "exhausted rooster."

As state director, Chuck

Bartush Jr. conducted the ceremony of installing the year's officers and directors. Installed were Jack Flusche, president; Ross Felderhoff, first vice president; John Schneider, second vice president; Claude Klement, secretary; Jerry Reed, treasurer; Chuck Bartush Jr., state director; Alan Miller, Frank Luke, Dave Fette, Mark Lippe and Willie Wimmer, directors.

The event was held in the Community Center beginning with a happy hour from 5:45 to 6:45. The dinner and installation, from 7 to 9, was followed by a dance featuring the rhythm of Billy Joe Shine and His Nightcaps. Bartush was master of ceremonies for the program, Mayor Leonard Endres extended the city's welcome, Wayne Klement the invocation, Kent Fuhrman led the pledge of allegiance and Claude Klement the Jaycee Creed.

Gas Co. Files for Rate Hike

June 5, 1979 — Lone Star Gas Company's local manager, Dan Weber, today filed an application for a gas service rate increase which would raise residential customers' bills in the city of Muenster about \$2.04 per month during the summer and \$4.04 per month in the winter.

The figures are based on typical residential usage of 8,000 cubic feet. Under the present rate, the average bill for that amount would be \$18.72.

Weber said the company needs \$24,868 of additional revenues to meet its costs of operation and to earn an adequate return on the company's rate base in the city of Muenster. For the twelve months ended September 30, 1978, based on actual revenues and expenses, Lone Star had a net operating income/revenue deficiency of \$13,105. Weber said rising costs are the reason why the company's earnings are deficient.

Summer rates for Lone Star customers will be in effect for consumption between meter reading dates in May and October. They are designed to reduce the customer's cost approximately 25 cents per thousand cubic feet of gas used during that period.

Summer Classes in Homemaking Start At Muenster High

Summer Homemaking classes at Muenster Public School began May 28 and will continue through June 29. Students may choose the week they wish to work. Some of the activities are grooming, foods, crafts, sewing, and related field trips. Something new this year is outdoor cooking.

Incoming freshmen may sign up for introducing sewing classes to prepare themselves for regular homemaking classes as freshmen this school year.

Pre-requisite for credit in summer Homemaking classes is three quarters of regular Homemaking Classes for the first time and six quarters for the second time.

Mrs. Joni Sturm has stated that it is not too late for interested students to participate. She may be reached by phoning 759-2282, or 759-2724.

JC's Invite Entries to 3-2 Slo-Pitch Tournament

Muenster Jaycees have extended invitations to a 3-2 Slo-Pitch softball tournament to be held on the local diamond Friday through Sunday, June 22-24.

As a 3-2 contest it's going to be a fast moving game. Each player comes to bat with a count of 3 balls and 2 strikes, and he's there only for one swing, unless he fouls. It means he's out or on base in a hurry.

It's going to be a double elimination tournament with trophies for the winners. Entry fee is \$40 per team and the last sign-up date is June 15. Proceeds from the tournament will go to the baseball park's fix-up fund.

Teams entered to date are from Gainesville, Whitesboro, Bowie and Montague. Muenster teams are encouraged to enter, making contact with Tom Flusche.

Washington, D.C.—Every political movement since the beginning of time has had the seeds of its own destruction located within — often from the onset. During the sixties and early seventies we became acquainted with such movements as the New Frontier, Great Society, and the social-welfare state. In this period our Country seemed to have unlimited resources. We could conduct a war on poverty at home and a fighting war in Vietnam half way around the world. The government began a policy of intense regulation of the economy and spent billions trying to cure such problems as structural unemployment and poverty. The phenomenon of government expansion was world wide as we began to see the nationalization of many important industries in Western Europe and around the globe.

The idealism of the sixties finally collapsed when it was discovered that government programs did not cure poverty or promote efficiency in the marketplace. Massive amounts of foreign aid did very little to enhance world prosperity and military intervention overseas often did not stabilize pro-Western regimes or make friends for the United States. Now we are in the process of examining our past errors. The issues people seem most concerned about are too much government spending and regulation, inflation, and our eroding national defense. These concerns are not confined to America but are worldwide. A Conservative government recently won in

Great Britain with a pledge to reduce inflation and government spending but at the same time to maintain a strong national defense. A similar situation happened in Canada with the election of the Progressive-Conservative party. The Prime Minister-elect, Joe Clark, ran on a platform of reducing inflation from 9.8% to 5%, using incentives to increase the economic growth rate, and to use financial incentives, not government regulations, to encourage production and conservation of energy. Certainly these are policies I support in this Country. In 1976 a Socialist government was defeated in Sweden after 44 years in power. Even in communist Yugoslavia they are experimenting with a decentralized economy based upon competition between separate business entities. A common denominator around the globe appears to be the desire for internal and international stability and an end to much of the social experimentation undertaken during the 1960's.

Certainly I am pleased that the world is beginning to move ever so slowly toward a more laissez-faire economic system based upon limited government intervention. There are many problems that the government cannot solve and must be lived with. Hopefully we are finally entering a time of reevaluating our own limitations and a realization that most problems are the responsibility of each individual to solve and not for a paternalistic bureaucracy located in a national capital.

COMMUNIST TACTICS, STRATEGY AND OBJECTIVES
 Have you noticed how little is said about Communism today? Where once there was television and radio programs designed to show us the depth and devastating consequences of Communist subversion within our country, now there are none.

Virtually all the Communist writers, actors and entertainers who served the cause of Communism so well in the 1950's on radio, the stage, and in motion pictures, who were repudiated by the American people, have now been hired back where they can use their positions and high salaries to further the revolution.

Have you given any serious thought to the fact that it is now obviously the calculated policy of our government to do all we can to bring down our anti-Communist friends, such as the Republic of China, Rhodesia and South Africa, and build up our mortal enemies, the Soviet Union and Communist China? Have you noticed how today it is popular to vilify those who for

years, in the face of great odds and heavy personal sacrifice, attempted to inform their fellow citizens of the dangers of international Communism? Magazine and newspaper articles, and popular television programs constantly remind us of those bad old days of "McCarthyism" lest we might again start to think how foolish it is to permit the enemies of freedom

to use the institutions of freedom in their effort to enslave us.

How has it all happened? How could we move from a position where it was national policy to ferret out the spies and traitors among us and free the Communist-enslaved peoples of the world to a position where even Communist traitors are given

access to FBI files? Surely it is in the best interest of every loyal American to learn the answers to these questions.

Back in 1958 the Special Committee on Communist Tactics, Strategy and Objectives of the American Bar Association issued a very im-

portant report. It was considered so important by Senator Styles Bridges of New Hampshire that he had it printed verbatim in the Congressional Record. This put copy in the hands of every senator and congressman and made it available to thousands of libraries and researchers. It has subsequently been reprinted by dozens of patriotic and anti-Communist organizations.

What made this report so important was that here, for the first time was a carefully researched, thoroughly documented report by a highly responsible organization, providing the American people with objective insight into tactics, strategy and objectives of the Communists, the "fifth column," then and now actively subverting our nation from within.

The bar association committee found the following to be the objectives, and at the same time, the tactics designed to bring about Communism into the United States and throughout the world:

1. Nullification of the Smith Act and other anti-communist legislation;
2. Muzzling of the F.B.I. and congressional investigations;
3. Elimination of Federal and State security programs;
4. The peace of-

5. promoting summit conferences;
6. cultural exchange programs;
7. recognition of Communist China;
8. halting nuclear weapons tests;
9. promoting East-West trade;
10. widespread distribution of propaganda;
11. humiliation of the United States and its leaders.

How many of the Communist objectives did you recognize as already achieved by their forces in the United States? Shouldn't their success be a matter of concern to all loyal Americans?

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN — Besides approving a multitude of other bills on the very last day of the 66th session, the Texas Legislature also finally agreed on a state budget, a school finance plan and tax relief legislation.

Hurriedly pumping out minor bills and putting the finishing touches on major legislation on the 140th and final day of the session is the traditional way of doing things for the Texas Legislature.

The 66th session was no different. On the way to the last 24 hours of lawmaking, legislators had been sidetracked by such nagging matters as a presidential primary, alterations to the consumer protection act and a change in the usury ceiling.

But with the presidential primary effectively killed by the flight of the "Killer Bees" in the Senate, and with changes in the consumer protection act already passed, and with the usury ceiling upped to a maximum of 12 percent, lawmakers spent the final day of the session working on the budget, agreeing on the final details of how public schools would be financed and approving legislation to implement the tax relief amendment passed by voters last November.

The state budget for 1980-81 passed by both Houses after some expected haggling over different provisions of the plan would cost \$20.7 billion. That's a 19 percent increase over the last two-year spending plan the Legislature drew up in 1977 during the 65th session.

When you consider that

inflation, it appears lawmakers succeeded in keeping spending levels as low as was humanly possible.

But, the \$20.7 budget passed on to Gov. Bill Clements for his signature is \$1 billion higher than what he suggested to the Legislature in his budget message earlier in the session. Clements wanted to return an additional \$1 billion to taxpayers.

Indications are that Clements will approve the spending plan, although some Capitol observers warn that the governor might end up approving one year of the biennial spending draft and then call lawmakers back for a special session to write another one-year budget for the last year of the biennium.

But the special session the governor has said he will call will probably deal with another of his legislative goals—initiative and referendum. The House came close to passing "indirect" initiative and referendum rights for voters, and Clements, addressing the House on the final night of the session, warned lawmakers that he would be seeing them again sometime in the next two years in a special session on the subject.

Included in the state budget were 5.1 percent pay raises for state employees and a boost of 8.3 percent for Department of Public Safety troopers.

Teachers also got a 5.1 percent pay raise on top of automatic step increases, bringing their pay hikes to 7-10 percent.

Last session, Sen. Oscar Mauzy of Dallas, chairman of the Senate Education

Committee, found the school finance plan so objectionable he talked until the clock had run out, leaving lawmakers without a plan.

This time, Mauzy said he felt the Legislature had done a better job of "getting equalization aid to the poorer districts."

In the past, Mauzy claimed that the rich school districts were simply getting richer while the poorer ones were getting poorer.

"This is not a perfect bill," Mauzy told his fellow senators, "but it's a good bill that I wholeheartedly recommend to you in good faith."

The school finance package contains \$334 million new money for teacher pay, \$152 million for equalization to school districts and almost \$100 million in additional funds for the operation and maintenance of public schools.

SAVING TIPS on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

- Central Systems**
1. Set thermostat on 78° or higher, during the summer. Turn unit off if you'll be away from home several days.
 2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
 3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
 4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
 5. Close draperies and blinds to keep out direct sunlight.
 6. Keep fireplace damper closed.
 7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
 8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
 9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.

10. Keep windows closed. Open outside doors as little as possible.
- Window Units**
 Follow above suggestions, plus these:
11. Buy units with highest "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
 12. Place unit where it'll get as little direct sun as possible.
 13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doorway for recooling, recirculation.
 14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.
- Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.
- When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.
- If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Public Hearing Notice

City of Muenster, P.O. Box 208, Muenster, Texas 74252, has applied to the Texas Department of Water Resources for renewal of Permit No. 10341, which authorizes a discharge of treated domestic sewage effluent at a volume not to exceed 207,000 gallons per day average from the sewage treatment facilities located approximately 400 feet south of the intersection of Hickory and Eddy Streets, south of Muenster in Cooke County, Texas. The expiration of the existing permit is November 26, 1979. It is proposed that the expiration date be specified as midnight, five years after the date of Commission approval.

156.18.05.001-.004. The requested amendment would increase the presently authorized 30-day average total suspended solids limitations from 30 milligrams per liter to 90 milligrams per liter and would delete chlorination requirements. All other permit limitations and conditions, including the currently authorized discharge volume and pattern and place of discharge would not be changed by the amendment. The effluent is discharged into Brushy Elm Cree, thence to the Elm Fork of the Trinity River.

The Texas Water Commission or one of its Hearings Examiners will hold a public hearing on this application which has been scheduled for 9:00 a.m. - June 27, 1979, Stephen F. Austin State Office Bldg. - Room 119, 1700 N. Congress, Austin, Texas to receive evidence on the conditions, if any, under which the permit may be issued, and to determine whether State Certification in accordance with Section 401 of the Federal Water Pollution Control Act Amendments of 1972 may be issued.

This hearing will be held under the authority of Sections 26.020, 26.021 and 26.028 of Title 2, TEXAS WATER CODE, as amended, and the RULES OF PROCEDURE of the Texas Water Commission.

The record of this proceeding will include evidence and testimony taken at the public hearing. The hearing may be continued from time to time and place to place, if necessary, to develop all relevant evidence bearing on the subject of the hearing. The Texas Water Commission reserves the right to schedule or reschedule hearings as it deems necessary. Further information concerning any aspect of the application, if available, may be obtained by writing Paul A. Seals, Staff Attorney, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 475-7841.

Information concerning any procedures of the hearing may be obtained by contacting Larry Soward, Assistant Chief Hearings Examiner, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 475-1311. Persons desiring to protest the granting of this application may file written protests with the Commission at least eight (8) days prior to the hearing date and shall serve copies of the written protest on the applicant and all designated parties, if any. The written protest shall: show the name and address of the protestant; identify the pending application; state the basis of the protestant's interest and any relevant facts and conclusions; describe the location of the protestant's property relative to the application; and, propose any amendment or adjustment to the application which, if made, would result in withdrawal of the protest. The written protest will be noted by the

Commission but will not be considered as evidence since the right to cross-examine is absent. No protestant will be admitted as a party to the proceeding unless the protestant complies with Commission Rule 155.04.001 which requires a justifiable interest and actual or representative presence at the hearing. Due to the technical nature of the hearing, it may be advisable for the protestant to have an expert witness, such as an engineer, available at the hearing. Any person who intends to offer prepared testimony at the public hearing shall prefile the testimony with the Commission not less than five (5) days prior to the hearing, and shall serve copies of the prepared testimony on the applicant, the Executive Director, the Public Interest Advocate and all other persons who have filed written protests or written requests not less than eight (8) days prior to the hearing. Any person who desires to receive prepared testimony submitted in compliance with this requirement, shall file a written protest in compliance with the Commission Rules or shall file a written request with the Commission not less than eight (8) days prior to the hearing.

If the hearing is before a hearings examiner, a written proposal for decision will be prepared prior to submission of the application to the Commission for decision and a copy will be mailed to all parties and to any other person who has made a written request for a copy of such. Information on procedures for making exceptions to the findings and recommendations in the examiner's proposal will be furnished upon request.

Janet Henscheid, Ronnie Hess United in Two Ring Ceremony

Janet Henscheid became the bride of Ronnie Hess Saturday in a late afternoon Nuptial Mass and double ring ceremony celebrated by Father Stephen Eckart in Sacred Heart Church. The bride is the daughter of Mr. and Mrs. Rufus Henscheid and the groom is the son of Mr. and Mrs. Ray Hess.

View. It formerly belonged to the bride's great-great-grandmother, and was worn on her 50th wedding anniversary — a gift from the bride's great-grandparents.

before the ceremony and gave the groom's mother a rose following the ceremony.

Offertory gifts were carried by Deann Bierschenk, Amy Henscheid, Jane Klement and Debbie Norton.

Attendants

Julie Bayer, was maid of honor and Mrs. Tim Felderhoff, was matron of honor; Darlene Hess and Barbie Hess were bridesmaids. Sharon Henscheid, bride's sister was junior bridesmaid. They were identically gowned in rose petal Quiana dresses, designed with flowing, floor length tulip-wrapped skirt attached to the bodice with an inset belt and self-fabric rose. The bodice was V-necked and had capped sleeves. They wore matching sandal heels and each carried an ivory colored fan with rose petal and ivory roses and ribbons. They also wore small rose-petal flowers in their hair.

In a setting of altar arrangements of rose petal seasonal flowers and lighted tapers, with lighted candles marking the church aisle, the bride was given in marriage by her father.

She wore a formal, original wedding gown fashioned of imported satin chiffon in a soft ivory tone, and accented with imported silk venise lace. The fitted bodice extended to form a sheer yoke framed in silk venise lace. An overlay of lace formed the high neckline and outlined the empire waistline. Caught at the wrist with wide cuffs of matching lace, the bishop sleeves were accented with English net and venise lace. The hemline of the skirt and wateau train were completely encircled with silk venise lace. Her headpiece was a half-bonnet of matching lace, accented with silk flowers at each side, holding her veil of imported illusion which was full length and edged with Brussels lace.

The bridal flowers were carried in a cascade of rose and ivory silk roses, tied with streamers of ivory ribbon.

In keeping with tradition, and for "something old," the bride borrowed a gold cross and chain from her maternal grandmother, Mrs. Mary Bierschenk of Valley

Mass servers. The bride presented a long stemmed rose to her mother

Reception

A wedding reception and catered dinner for 400 guests followed in the Sacred Heart Community Center hosted by the bride's parents. Cathy Schumacher, bride's cousin of Vernon and Sally Endres of Denton registered guests in the bride's book.

Alan Truebenbach was best man. John Henscheid, bride's brother, Kenny Hess, groom's brother and Glen Felderhoff were groomsmen. Michael Uskovitch of Denton was junior groomsmen. Tommy Hess of Fayetteville, N. Carolina and Jeff Hess, both brothers of the groom, Gary Henscheid, bride's brother and Stan Endres were ushers.

Curtis and Brad Henscheid, cousins of the bride were Mass servers. The bride presented a long stemmed rose to her mother

The bride's table held an arrangement of flowers in the bride's chosen colors, and the four tiered cake decorated with roses, cupids, angels and doves. Mrs. Dave Walterscheid cut and served the bride's cake and Mrs. Kenneth Klement cut and served the groom's cake. Assistants were Julie and Tammy Grewing, Debbie Metzler and Laura Kelly, all bride's cousins.

For the wedding and reception the bride's mother wore an ice-pink Quiana full length gown and a white Japhet orchid edged in pink. The groom's mother wore a floor length light blue Quiana gown and a white Japhet orchid edged in blue.

When the couple left on their wedding trip to Las Vegas, Nevada, she was wearing a one piece beige dress with matching accessories.

The bride is a graduate of Sacred Heart High School, attended Cooke County College and is employed by The Hut in Muenster. The groom, also a Sacred Heart High graduate attended Eastern New Mexico University and is a graduate of North Texas State University and is a Coach, a painter and co-owner of the Center Restaurant and Tavern.

Rehearsal Dinner

The rehearsal dinner was hosted by the groom's parents in their home and the couple presented gifts to their attendants.

A display shower was held in the home of Mrs. Martin Kralicke, co-hosted by Mrs. Kralicke and Mrs. Ted Henscheid on May 23. Laura and Diane Kralicke served punch to 50 guests. The hostess gift was a hanging basket. The honoree and mothers of the couple were presented corsages.

A thoughtful wife is one who finds out what her husband would like for dinner and then pick out a restaurant that serves it.

Mart Bayers Host 28 Dallas Children

Mr. and Mrs. Martin Bayer hosted a group of 28 children, ages 6 to 8, students of the Montessori School of Dallas, last Saturday, June 2, as they've been doing for a number of summers. Their daughter, Nelda Bayer, a teacher at the Montessori School, accompanied the children and eight adults.

There was time during the day on the farm to ride horses, play in the hay barn, ride on a long trailer, visit the

CDA Will Install
On Thursday, June 14, the Catholic Daughters of America, local Court St. Mary No. 249, will have installation of officers with Mass in Sacred Heart Church at 8 p.m. Mrs. Olivia Ostermann, district deputy, will install the newly elected officers. Following the Mass, a short business meeting and social will be held in the meeting room of the Sacred Heart Community Center. Husbands and guests are invited.

Reading Program Starts
Many have already started reading the required number of books to qualify for a reading certificate, but it isn't too late to start, according to Librarian, Mary Moster. An arrangement with McDonald's has been made whereby children who receive a reading certificate will be given a coupon from McDonald's for a special treat. Visit your local Public Library and participate in this summer's reading program. Library hours: Tuesday and Thursday 8:30 to 5:00, Wednesday 2:30 to 5:30.

Guests of Joe Bauer
Guests from out-of-town to visit Joe Bauer, recuperating from a broken hip at St. Richard's Villa, have been Mr. and Mrs. Cletus Bauer of Atlanta, Texas, Bob Bauer of Gainesville, Bobby Bauer and Sondra of Sherman, joining the Eddie Fleitman family also. Mr. Bauer is improving rapidly and enjoys company. The Cletus Bauers also visited their father, H. N. Fuhrmann and other members of the Bauer and Fuhrmann families.

Matt Stelzers Visit
Mr. and Mrs. Matt Stelzer have returned to Post after a week's visit here with relatives and friends. Their visit was timed to coincide with the Muller-Herr reunion. They were houseguests of Mrs. Andy O'Connor and Mr. and Mrs. Charlie Stelzer, and visited also in the homes of Mrs. Bill Sicking in Myra, Mrs. Joe Bernauer, and Theo Miller of Muenster, and with Mrs. Dina Howell at St. Richard's Villa, seeing it for the first time, and with Mrs. John Schmitz in a rest home in Gainesville.

"Honey" Welch, 39

Charles "Honey" Welch, 39, of Saint Jo, well known here as a popular singer with the Cherry Rhone dance band, was killed early last Saturday in an accident at Saint Jo. He was hit by a pick-up truck while walking on Highway 82 about two tenths mile east of town. A state trooper reported that he apparently stepped in front of the west bound vehicle and died at the scene.

of Saint Jo Dies

Funeral service was held Monday at 2 p.m. in First Baptist Church, Saint Jo, with Reverend Wesley Johnson officiating, and burial was in Mountain Park Cemetery.

Welch was a native of Saint Jo, born April 3, 1940 and lived most of his life there. Survivors include a daughter, his mother, two sisters and a brother.

News of the Sick

Mrs. Alfons Koesler, Sr. continues as a patient in Muenster Memorial Hospital, where she is improving since suffering a stroke. Visiting her from out-of-town for several days was a son, Father Leo Koesler of Subiaco and two daughters, Sister Corinne of San Antonio and Sister Mary Lin of Floresville. Father

Leo has returned to Arkansas; his sisters have extended their visit with other family members in Muenster.

Clem Reiter returned last week Wednesday from Bethania Hospital in Wichita Falls where he was a surgical patient for one week and is recuperating at home.

Ted Endres Weds Suzan Crow

Mr. and Mrs. Ted Joseph Endres pledged marriage vows on May 26 in a 7 p.m. candlelight ceremony in Bethel Baptist Church in Nocona. The bride is the former Suzan Crow daughter of Weldon and Doris Crow of Route 1, Nocona and the groom is the son of Mr. and Mrs. Raymond R. Endres of Muenster.

The church altar was decorated with candlelight and white gladioli. Presented at the altar by her father, the bride was wearing a gown designed with a long train; the bodice and cuffs were overlaid with lace, sleeves were sheer and gathered, and the square neckline was finished with a pearl and lace edging. Her fingertip length veil was attached to a pearl tiara. She carried her bridal flowers in an arrangement of white carnations and gypsophila.

Attendants

Mrs. Gary Robertson of Nocona, a friend of the bride, was her matron of honor and Sally Endres of Denton, the groom's sister was bridesmaid. They were identically dressed in full length light blue empire de-

signed gowns, with white ruffle accents at the shoulders. They carried clutch bouquets of blue and white carnations and white gypsophila.

Friends of the groom David Cummins of Gainesville, was best man and Gerry Rains, also of Gainesville was groomsman. Pat Endres, groom's brother of Muenster and Joey B. Samples of Nocona were ushers.

Wedding music included "The Lord's Prayer" and "Whiter Thou Goest" sung by Mrs. Doug Swanson and Mrs. Caddy McCall III of Nocona and organ music by Mrs. James Daugherty, who also accompanied the vocalists.

Reception

The bride's parents hosted a reception following the wedding in the Fellowship Hall of the church. Shirley Applin of Midland presided at the bride's book. The bride's table was covered with a linen cloth and decorations were in blue and white.

Assisting with serving were Mrs. Hoyt Butcher and Mrs. Kenny Howard, both sisters of the bride, of Arlington; also Mrs. John Brown, cousin of the bride of Nocona and Hope Stillwell and Mrs. Bob Gilbert, both friends of the bride of Nocona.

For traveling, the bride changed to a light blue and white dress and wore a blue and white corsage.

The bride is a graduate of Prairie Valley High School and Cooke County College and is presently enrolled in the Cosmetology Department of CCC. The groom is

a graduate of Sacred Heart High School in Muenster and is employed by Burk Royalty.

The rehearsal dinner was hosted by the groom's parents at the F and M Community Room in Nocona on May 24. A shower on May 31 honored the couple at the same place. A kitchen shower was given by classmates at CCC and a personal shower on May 20 was given by the groom's sisters in Carrollton.

Money Wasted by Over-Withholding

Consumers waste money by over-withholding, says Linda McCormack, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

In other words, the money given to the government each payday in the form of payroll withholding tax goes into a holding account pending settlement of the annual tax bill, she explains.

If, over the course of the year, a consumer deposited too much into the "account," the deposits in excess of the tax bill are refunded.

While this surplus was lying in a "dead" non interest-bearing account, it could have been earning at least five percent a year in a saving account, the specialist points out.

Though over-withholding is a method of forced savings, it is an expensive one, she adds.

Rules Adopted On Ban of Gas for Outside Lighting

Final rules prohibiting installation of outdoor gas lighting fixtures and preventing gas distribution companies from providing natural gas for outdoor lighting have been adopted by the U.S. Department of Energy, it was reported today by G. Dan Rambo, Regional Representative for Doe.

These rules implement section 402 of the Powerplant and Industrial Fuel Use Act, signed by the President on November 9, 1978. The Act prohibits gas outdoor lighting installations as of the date the Act was signed and outlines procedures and dates for curtailing gas supplies for outdoor lighting purposes.

The authority and responsibility for administering the prohibitions will be delegated to the appropriate state regulatory authorities. In most cases, this will be the state public utility commission.

According to the rules, if gas for outdoor lighting was being used by industrial and commercial customers before the act was signed, gas may be supplied for the purpose until November 5, 1979.

Residential and municipal customers who were using natural gas for outdoor lighting before the Act was signed may continue receiving gas until January 1, 1982.

A proposed rule banning outdoor lighting was issued February 13, 1979, and hearings on the proposed rule were held in Washington March 22.

SPECIAL ELECTION

Saturday, July 9, 1979
In the Muenster City Hall

Vote: FOR

"the sale of all alcoholic beverages for off-premises consumption"

- ★ The results of this election WILL NOT affect sales in any lounge or retail store in the city.
- ★ This is a local option election for newly annexed areas only.
- ★ Muenster has been wet 20 years. There is room for one more business selling alcoholic beverages for the convenience of our customers.
- ★ Contrary to rumors, alcoholic beverages sales at the Kountry Korner will not force out any other business.

THANKS

Thanks to relatives and friends who remembered me while I was a patient in the hospital. The prayers, flowers, cards and visits meant so much to me. Special thanks to my brother Bishop Dangelmayr and Father Stephen for their prayers and visits. Thanks to the wonderful nurses and doctors who took such good care of me. Also a big thank you to our wonderful children and grandchildren. Tony and I are truly grateful.

Cadet Raymond T. Bright, who has been graduated from Virginia Military Institute with distinction in civil engineering, is congratulated by Lt. Gen. Richard L. Irby, VMI superintendent, at presentation of awards recognizing him for excellence in Navy ROTC. Bright received the Society of American Military Engineers Award as the outstanding engineering graduate enrolled in Navy ROTC, and the Daughters of the American Revolution Award for excellence, leadership, and demonstrated qualities of patriotism in Navy ROTC. He is the son of Mr. and Mrs. David M. Bright and is the third of three brothers to be graduated from the Institute.

Texas Hospitals Saved \$60 Million During Past Year

"Texas hospitals are truly saving more than lives", today said O. Ray Hurst, President, Texas Hospital Association (THA), Austin. He made this observation in announcing that the combined productivity increase is 5 percent for 1977 and 1978 for all hospitals in the state. Hurst went on to say "This means an annual savings of \$60,000,000 to the patients using Texas hospitals. This

is about \$25.00 savings on each patient's bill. We extend our hearty congratulations to all Texas hospitals and to their dedicated employees whose efforts made these savings a reality."

THA is a nationally recognized leader in improving hospital productivity. Although this effort began in 1969, it rapidly accelerated beginning in 1975 when a State-wide Hospital Productivity Center was established at the Association headquarters in Austin. This Center was able to effect and measure annual savings of \$96,000,000 each year in 1975 and 1976.

The Texas Voluntary Effort (TVE) was organized in late 1977. TVE brings together in a concerted way the efforts of doctors, hospitals, nurses, government agencies and businesses to reduce the rate of rise in hospital costs in the state.

TVE has been successful in reducing this rate of rise per case from 15 percent in 1977 to 12.4 percent in 1978 with a goal of 9.8 percent for 1979.

The Texas Hospital Association has been using as its TVE slogan "Hospitals Are Saving More Than Lives."

THA is the Austin based trade association for hospitals in Texas with over 700 institutional members.

Gloria Stoffels, Victor Culpepper Exchange Vows

In a Saturday morning ceremony Gloria Yvonne Stoffels and Victor Thomas Culpepper were married in Sacred Heart Church. Father Stephen Eckart officiated for the double ring rites at 10:30 a.m. The bride is a daughter of Mr. and Mrs. Albert N. Stoffels of Muenster and the groom is a son of Mr. and Mrs. David H. Culpepper of Ardmore, Oklahoma.

A Registered Nurse, the bride is employed by Memorial Hospital of Southern Oklahoma and is also a graduate of Sacred Heart High School and Cooke County College.

The groom is a graduate of Ardmore High School and is a car salesman employed by Joe Martin Pontiac-Buick-GMC.

Boston Ferns in white baskets, tied with yellow ribbon, decorated the church altar and tall candelabra were on either side of the altar.

The bride was presented at the altar by her father. Her formal bridal gown was of white silk Quiana designed with an empire bodice embellished with re-embroidered Chantilly lace and seed pearls. Full length sleeves were tapered and the bouffant skirt, edged in lace, fell to chapel length. Her veil of English silk illusion, en-

circled with lace, was caught to a caplet of lace and seed pearls. Her bridal bouquet was of white roses, daisies, stephanotis and gypsophila. For something old she wore her mother's gold locket.

Attendants

The matron of honor was Mrs. Don Sicking, the bride's sister, Karen. The bridesmaids were Mrs. Gary Bloodworth, a friend of the bride and Mrs. Robert Miller, the bride's sister, Betty. They wore formal gowns of pale yellow floral print, designed with boat necklines and softly gathered skirts. They carried nosegays of yellow roses, daisies and gypsophila.

Melissa Miller, niece of the bride was flower girl. Robbie Boutte, nephew of the groom was ring bearer.

Mark Cunningham of Ardmore, a friend of the groom was best man and Danny Cummings of Little Rock Ark., and Harmon Ford, Jr. of Lone Oak, Okla, both friends of the groom were groomsmen. Robert Miller and Don Sicking, both brothers-in-law of the bride were ushers.

Linda Flusche was organist and Joan Walterscheid sang several selections before and during the ceremony.

Reception

The bride's parents hosted

a reception in the Knights of Columbus Hall for 200 guests. Ann Wilson, sister of the bride and Patty Boutte, sister of the groom presided at the bride's table. The wedding cake was placed on the bride's table, with two candelabra entwined with daisies. Yellow ribbons and white wedding bells were on guest tables with English Ivy, daisies, and yellow roses. The three tiered wedding cake was served by Kathy Rohmer and Vivian Yosten of Dallas. Phyllis Garcia of Lewisville presided at the punch bowl.

For traveling, the bride changed to a pale blue skirt and vested suit. The couple will be at home in Ardmore.

The bride's mother wore a formal gown of gold polyester double knit and a yellow rose corsage. The groom's mother wore a formal gown of pale blue crepe de chine and a yellow rose corsage.

The rehearsal dinner was hosted by the groom's parents in the bride's parents' home. A miscellaneous shower was given by Mary Cunningham on April 29, and another miscellaneous shower was given at Ardmore Memorial Hospital, on May 16. A display shower on May 27 was hosted by Betty Miller and Karen Sicking.

YOU CAN BANK ON IT!

Keeping your head above financial waters is difficult enough without having to contend with unfamiliar language. Here is a glossary of checking account terms with which you should be familiar.

Reconciliation of Account: The steps taken for verifying the accuracy of the checkbook record and the bank statement.

Deposit Ticket: The form provided by the bank on which the depositor lists all cash and checks to be deposited to his account.

Cancelled Checks: Checks that have been paid and returned to the depositor in the bank statement.

Signature Card: A card signed by each checking account customer of the bank. The signature card is technically a contract between the bank and its customer, in that it recites the obligations of both in their relationship with each other. The principal use of the signature card is that of identification of the customer.

Progress Reported In Early Control Of Breast Cancer

Breast cancer is the number one disease concern of American women but today there effective steps that both women and their physicians can take to help control the disease, says Shirley Bianchi of the American Cancer Society.

Nationwide, more than 106,000 new cases of breast cancer are diagnosed annually, and over 34,000 deaths occur.

"Early detection and prompt treatment have been found to be the most important tools in guarding against breast cancer," she says.

Mrs. Bianchi is Publicity Chairman of the Gainesville educational and fund-raising Crusade of the American Cancer Society. During April, ACS volunteers make personal home visits to collect contributions and teach individuals how to protect themselves against cancer.

The ACS and the National Cancer Institute are concluding a five year effort in which 27 Breast Cancer Detection

Demonstration Projects have shown that mass screening for breast cancer really does work.

Nearly 300,000 asymptomatic women aged 35 to 74 have been examined for five years. Those found to have breast cancer are being followed for another five years.

"Four out of five cancers discovered through this program have been in localized stage, when chances of cure are best," says Mrs. Bianchi. "Outside the projects, less than half the cancers are found that early."

The demonstration projects rely heavily on mammograms — low-dose x-rays — together with a thorough physical examination and instruction in breast self-examination.

"All this means that by finding breast cancers earlier, we're giving women a better chance for a longer life," says Mrs. Bianchi.

When breast cancers are found in a localized stage, about 85 percent of the women live five years longer.

And recent studies show that when cancers are found before they are palpable — and mammograms often can find them — the 10-year survival can be as high as 97 percent.

The American Cancer Society spokeswoman explains that advances in chemotherapy have minimized the chances of breast cancer recurring. Cancer drugs often are administered routinely following surgery. Radiation therapy also is helping to make less radical surgery more effective than in the past.

A pamphlet on breast cancer is now available, free of cost, at the local ACS office.

Felderhoffs Host Illinois Visitors

Mr. and Mrs. Chuck Turcott and Jeff and Amy of Joliet, Ill. were recent guests of the Joe Felderhoff family. Mmes. Felderhoff and Turcott were college friends and classmates. The Turcott family was enroute from Houston where they attended the graduation of two older children.

Expert photographers, the Turcotts took many pictures of wildflowers on the Felderhoff farm. The children, who had never before visited on a farm, were fascinated with the timbers and creek, and space for baseball.

A visit to Six Flags was prevented by the death of Turcott's father in Illinois — the news was telephoned about five minutes before both families were due to leave for the amusement park. The Turcotts left shortly afterwards to return to Illinois.

service at reasonable cost. To maintain this commitment, Lone Star must be permitted to earn a reasonable rate on its investment in Muenster. Lacking this, we and our customers suffer twice. First we could ultimately be unable to maintain or expand our facilities in this area in response to customer needs. Second those who depend upon us for natural gas service could experience year-round curtailments were Lone Star no longer able to compete successfully for important new reserves of natural gas," Weber observed.

Weber added that, despite recent cost increases to customers, natural gas is still, by comparison, the most economical energy used in the home today.

Grain Awaits End of Rain

This is worry time for grain farmers of the area. With a few of the early crops ready for the combine, first delays are already in effect until the ground dries sufficiently to allow harvesting. Local dealers report that Tuesday's .56 inch shower has postponed delivery of their first loads. If drying weather prevails they expect to be in business Friday or Saturday, but they are concerned about forecasts of more rain soon.

Present consensus is that a good crop is in the field and the weather will determine whether the area will have a good harvest.

Weather of the past week has been mostly favorable.

Temperature was pleasant and .24 inch of rain did not hinder the wheat while being helpful to other crops. The exception was Tuesday's .56 inch causing the first harvest delay.

The week's rainfall totaled .83 inch, all of it recorded in June. The total for May was 6.49 inches and the year's total to date is 25.35.

Low high temperature readings of the week were: May 31, 66 and 83; June 1, 63 and 76; 2nd, 62 and 76; 3rd, 61 and 84; 4th, 65 and 86; 5th 60 and 80; 6th 62 and 85.

FOOD for THOUGHT

An Agricultural Concern Of Interest to Everyone

The value of agricultural imports coming into the U.S. has been increasing at a faster rate than the shipment of farm exports out of the country.

In 1977, exports of U.S. farm products were up about five percent in value from 1976.

But imports of agricultural products into the U.S. showed a hike of 27 percent over 1976.

Expanded foreign markets as an outlet for the efficient production of U.S. farmers is needed not only to help temper domestic food costs, but also to improve the country's trade balances.

Presented by this publication and Sperry New Holland to promote a better understanding of the modern farm to family food supply system.

Mother speaking to young daughter: "I don't want you to hit back at your little brother. Remember, you're a lady. Out talk him."

Major John H. Fette is shown here being awarded the Medal of Merit of the U.S. Air Force in a recent ceremony at Scott A.F.B., Illinois. The award was accompanied by a citation reading as follows:

"Major John H. Fette distinguished himself in the performance of outstanding service to the United States while assigned to Deputy Commander Operations, 62d Military Airlift Wing, McChord Air Force Base, Washington, from 11 January 1975 to 13 December, 1978.

"During this period Major Fette displayed exceptional ability to plan and conduct complex airlift activities and to progress rapidly to assignments of increasing responsibility. His skill in integrating Air Force, Army, Marine and Canadian Armed Forces capabilities during joint training activities and joint Chiefs of Staff exercises has increased the Wing's ability to meet its responsibilities and thereby enhanced the flexibility and strength of all United States military forces. The singularly distinctive accomplishments of Major Fette reflect great credit upon himself and the United States Air Force."

Forestburg News

by Myrt Denham

News items may be somewhat on the lean side for this column during the coming few months — As everyone "is so busy" what with gardening and "putting up the garden produce." This is also hay season again. Well, I still maintain that "All work and NO play makes Jack & Jill dull folks."

Mrs. Katherine Gates and granddaughter Cindy Hamm were luncheon guests of Mmes. Mabel Covington and Dorothy Richardson on Friday May 25.

Mr. and Mrs. Clifford Hudspeth spent the weekend of May 26 in Wichita Falls visiting with Mr. and Mrs. Gerald O'Brien and sons, Mr. and Mrs. Raymond Woods and family and with other relatives.

Mrs. Linda Miller and Bria of Muenster visited with Mrs. Dorothy Richardson and Norma on Monday May 28.

Mr. and Mrs. Bennett Reynolds spent the day Monday May 28 visiting with Mr. and Mrs. Joseph St. John and family of Greenwood.

Mr. and Mrs. "Wassie Reynolds honored their grandson Joe Thomas Eldridge, son of Mr. and Mrs. Larry Eldridge of Minot, North Dakota, with a birthday party Monday May 28. Joe Thomas has reached the age of one year. Other guests at the party besides the host and hostess and Joe's parents were: Mrs. June Eldridge, Mr. and Mrs. Loyd Bewely and daughters of Era, Mr. and Mrs. J.J. Reynolds, and Jerry and Wesley Reynolds.

Mrs. Buffie McMillion spent May 28 thru May 29 visiting her grandparents Mr. and Mrs. Clarence Edwards of Sunset.

Mrs. Donna Farmer of Nocona visited with her grandparents Mr. and Mrs. D.L. Rater on Monday May 28th.

Mr. and Mrs. Cecil Bailey of Wheeler, Texas visited with Mrs. Juanita Bailey on Tuesday May 29.

Mrs. Charles Fenogilo and

son of Montague visited in the L.C. McMillion home Thursday night May 31.

Tommy Souther returned home from Fort Worth Childrens Hospital Wednesday May 30. Young Tommy is in a cast that comes slightly above his waist. As we know he got his leg broken in a motorcycle accident.

Many years back a lady from the Stoney Point Area made a trip up into Oklahoma to visit with a daughter. Bedtime arrived so this lady being used to sleeping with a low burning kerosene lamp asked her daughter for a light in her room. The daughter told her to raise the shade to the window and the street light would help her in her request. This arrangement worked out fine. Upon returning home she told a neighbor about the street light etc. and said, "All the time I was there that light burned at night and I never did see anyone come turn it on or turn it off."

Mr. and Mrs. Oscar Ray, formerly of New Harp now of Bowie, are patients in the Bowie Hospital.

Mr. Willie Orrell entered the Bowie Hospital Wed. May 30.

Ancil Moore, son of Lenora Moore, is seriously ill in a Dallas Hospital. Lenora returned to Dallas with son Henry Don on Sunday June 3rd to stay a few days and visit with Ancil.

E.B. McMillion of Bowie, brother of A.B. and Myrtle McMillion of Dewey, is a patient in Bethonia Hospital in Wichita Falls as of Sunday June 3.

Glen Lynch is a patient in Westgate Hospital in Denton.

Mmes. Mollie Howell, Wanda Magee and Wynona Riddles visited in the home of Mr. and Mrs. Frank Huggins, Lawton, Okla. Thursday May 31st and Friday June 1st. Frank is Aunt Molly's brother. Might add that Mrs. Magee is here visiting with the V.G. Greenwood family — Wanda resides in Jacksonvill, Ala.

Mrs. Georgia Greenwood accompanied Mr. and Mrs. Ray Gentry and Mrs. Mary

Kazmir to their homes in Portersville, CA. They left the Burg Wednesday May 30 and arrived in Portersville on Friday June 1. Mrs. Greenwood will visit out there for two or three weeks with relatives in Stratmore, Springville and Portersville.

Mr. and Mrs. Haskell Perry of Stratmore, CA. visited in the Joe Hunt home Friday night June 1st.

Dan Huffines of Park Springs visited in the home of Mr. and Mrs. D.L. Rater Friday June 1st.

Mrs. H.A. (Pauline) Dunn of Dyemound celebrated her birthday Friday June 1st. The Dunn's daughter and family from Austin spent Thursday May 31 to Saturday a.m. June 2nd with them.

Mrs. Juanita Bailey attended the wedding of her granddaughter Sharon Bailey in Denton Saturday June 2nd. Sharon is the daughter of Mr. and Mrs. Larry Bailey of Denton.

Mr. and Mrs. Howard Sockwell visited with their good friend Willie Orrell in the Bowie Hospital Sunday p.m. June 3rd.

Mr. and Mrs. Ray Jackson visited his sister Mrs. Eula Steen in the Yes-ter-year Home in Saint Jo Sunday p.m. June 3rd.

Mr. and Mrs. Buford Greenwood, Mr. and Mrs. Sam Parsons and Tonya of Wichita Falls, and Mr. and Mrs. John Dunn of Saint Jo went to the Fort Worth Zoo for a days outing Sunday June 3rd.

H.A. and Pauline Dunn of Dyemound spent Sunday afternoon and evening June 3rd visiting with Mr. and Mrs. Perryman Denham.

I leave you with the following story:

The feller that has been following me around for better than 37 years visited with the Willie Orrells Tuesday a.m. May 29. The conversation turned to cars and the present gasoline problems. Mrs. Orrell told a tale about the late Nancy Butler. Seems after Nancy's husband passed away she got a young boy to drive her to town and to church on Sunday as she could not drive. Mrs. Orrell said, "This young boy didn't have blonde hair or red hair— sorta in between. I never did know who he was or whatever happened to him." By the time Mrs. Orrell was finished Perryman was laughing and said, "You are looking at him. Mrs. Butler never did know that I didn't know I couldn't drive either — she was so used to riding with her husband she never knew any difference so thought all my mistakes were normal."

Attend Reunion
Mr. and Mrs. Joe Hoedebeck of San Diego, California visited a week with relatives in Cooke County. On Sunday they joined Messrs. and Mmes. Cletus Hoedebeck, Norbert Hoedebeck, Alfred Hoedebeck and Gene Hoedebeck, in attendance at the annual Tishomingo, Oklahoma reunion.

STATE OF TEXAS, V. NO. 79-135-M, GLEN WALTERSCHEID IN THE MUNICIPAL COURT OF MUENSTER, COOKE COUNTY, TEXAS, JUDGMENT

On the 7th day of April, 1979, came on to be heard the above cause wherein the Defendant was charged by complaint duly filed with a violation of Tex. Penal Code Sec. 30.05, criminal trespass, more specifically entering an impoundment owned by the City of Muenster on or about March 24, 1979, without the consent of the City and with notice that the entry was forbidden by virtue of the presence of a sign and fencing. The Defendant, having been advised of his rights by the Court, entered a plea of not guilty, and the case proceeded to trial.

The arresting officer testified that the Defendant had been observed in the impoundment late at night; that the City owned the impoundment; that, to his knowledge, there was no general consent for the Defendant or any other citizen to enter at all; that the Defendant did not have consent to enter; that the impoundment had a fence that enclosed it on three sides, with entry by means of a calliguard; that there was no gate; that there was a sign, albeit damaged, with the words "Private Property. No Trespassing" on it near the calliguard; that the Defendant was a passenger in a motor vehicle driven by another person; and that the Defendant never was observed outside the vehicle, even after it was parked by the driver nor did he flee.

The Defendant testified that he had not known where the driver was going and that, although he knew that the impoundment was restricted area, he had not gotten out of the vehicle once the entry had been made, despite the activities of the driver.

The Court is thus presented with the question of whether, in the face of facts tending to show an absence of direct intent on the part of the Defendant, intent can be transferred so that he can be charged as a principal in the offense of criminal trespass merely by virtue of a willing passenger in a vehicle that was an instrumentality of the offense. The Court as presented at best lies in the area of circumstantial evidence, more particularly in the power of the trier of fact (the Court) to infer the necessary intent from the evidence. It is well-settled in Texas that mere presence in the vicinity of a crime, even when coupled with flight, is not alone sufficient to sustain a conviction. *SCHERSHEL v. STATE*, 575 S.W. 2d 548 (Tex. Cr. App., 1979). In the case at bar, the evidence before the Court establishes only the fact of presence in the "vicinity" of the commission of the offense of criminal trespass by virtue of his being a passenger. His voluntary presence in the vehicle without more cannot suffice to allow the Court to infer any degree of culpable intent on the part of the Defendant.

The Court, therefore, finds that the Defendant is NOT GUILTY, and he is hereby ordered discharged.

NOT GUILTY, Defendant is discharged. Judgment entered April 16, 1979.

Second Installment Due on Income Tax

The second installment of estimated federal tax payments on 1979 income is due June 15, 1979, the Internal Revenue Service said.

This installment should be paid using declaration-voucher number 2 found in the Form 1040-ES package.

Taxpayers whose anticipated income changed during

1979 may have to file an amended declaration. Space is provided in the estimated tax package to compute an amended estimate, the IRS said.

For more detailed information, IRS Publication 505, "Tax Withholding and Declaration of Estimated Tax," is available free from local IRS offices. Supplies of the Form 1040-ES package also can be obtained at these locations.

Advance Dinner Tickets Available for Homecoming

The dinner committee of the Sacred Heart Homecoming Picnic is going all out to make the meal one of the day's principal attractions, both as a delightful feast and a money maker.

The menu, headed by fried chicken and sausage, will include an abundance of the trimmings, which have been requested in quantity from people of the parish. The intention is to cut down sharply on the cost of the dinner while making special effort to attract as many persons as possible.

Hopefully advance tickets will boost attendance, so adult tickets, which will cost \$4.00 at the door, are available now for \$3.50, and child tickets, which will cost \$2.50 at the meal, can be bought now for \$2.00.

The tickets are on sale at Hofbauer's, Fischer's, Hess Furniture, Ben Franklin, Modern Floors and Gehrig Hardware.

The meal will be in the Community Center, Sunday, June 17, 11:30 to 2 p.m.

One way to success is to make hay of the grass growing under other folks feet.

So much for the experts. Now a word from the Harrisburg area. They were much more upset with the media's coverage than with

the utility company or the problem. After two days of the media blitz a poll of 500 residents showed that 29 per cent were very concerned, 21 per cent were not very concerned and 49 were not at all concerned. As one observer said, "it appeared to many that while folks around Three Mile Island were praying for things to get better, the media were hoping

they would get a lot worse, and seemed almost disappointed when they didn't."

150 Muller and Herr Kin Have Reunion

More than 150 relatives attended the annual Muller-Herr reunion Sunday, May 27 in the Muenster City Park. They arrived early for the covered dish dinner and many remained for supper before returning home.

Plans were made again to meet each year on the Memorial Day weekend, since the choice of that day suited the schedule of many and the weather was most satisfactory.

Coming the greatest distance was a member of the John and Catherine Corcoran family arriving from Florida and a relative of the

Schnitker family from De Soto, Missouri. Oldest member attending was Mrs. Joe Schnitker (Bertha) of Denison. Guests registered in a guest book arranged with spaces to trace relationship through five generations.
