VOLUME VI

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, OCTOBER 30, 1942

NUMBER 49

With Co. C, 835th Engr. Bn. Avn. Camp Young, Indio, California

**TUESDAY, OCT. 20**—From the way this week is starting it's due to be a jinx for the column. Sunday and Monday both uneventful. Training as usual and nothing more.

However, there is one official pronouncement that has stirred up a good deal of excitement hereabouts. "Until further notice furloughs not to exceed 15 days will be granted."

Naturally, this soldier lost no time about taking his place in the rush line. Spirits were high. Morale excellent. Imagination was running wild with plans of how those glorious two weeks were to be spent. Then came the blow that knocked my enthusiasm flatter than a GI serving of mashed potatoes.

According to the record, Con was due about 20 days for eight months in the service. After deducting 15 days previously taken on a convalescent furlough, there wasn't enough time left to make a good start. Imagine 5 days of furlough and spending 4 of it on a train. No percentage in that. Maybe it's better to wait a few months and hope for another generous proclamation when the record allows more time—if we are still located in this land of the free.

There's a compensating factor, however, to ease the intensity of disappointment for us unfortunate who cannot take off. Three day passes are also being granted. In fact, the official intention is that every member of the battalion be given an opportunity to secure at least a three-day pass. The only difficulty is a provision that the total number of men absent at any time be limited to a definite small percentage of the organization's strength. As a result, there aren't many openings left. Your scribe is happy to have his name near the top of that list. So, except for an act of God—or a commanding officer—Con will have at least a sample furlough. The intention is to have another whirl in the city of the angels.

If it weren't for war, army life would certainly be leisurely. Considering these furloughs has brought out that point emphatically. By keeping on the beam, a man can phenagle a 3 day pass on an average of once a month. At the same time he earns 2 1/2 days a month on his furlough. All of which adds up to exactly twice as much vacation time as the average civilian gets, plus more week-end time to boot. No wonder they say the army is duck soup during peace time.

The sudden generosity has us guessing. Is this the calm before the storm? What's going to happen? Well, the next several weeks will probably tell. And it's likely to be more interesting, perhaps more exciting, than what we have experienced to date.

**WEDNESDAY, OCT. 21**—Now I can almost claim to be a Californian. I've felt an earthquake. That is, a minor tremor of the quake that disturbed plaster and dishes for three minutes in other parts of the state. Out here the thing was disappointing in its feebleness. A slight quiver for less than 5 seconds, then it was over. At the time of seeming to be an imbecile, I must admit I was actually wishing we could have another, more vigorous dose. This was hardly enough to show a fellow what it's like.

The only sensation I can recall from today's shake is that I suddenly felt dizzy. Before I awoke to a realization that we were experiencing a genuine rumbling from the bowels of the earth, it was over. That seems to have been the general reaction around here. And, I suppose, that should be the normal reaction. When anything as firmly fixed as mother earth and buildings start shifting under foot a person instinctively thinks that he himself is the cause of his unsteadiness.

I still wish we had had the big quake here instead of some 150 miles away where it defaced walls and broke fancy chinaware. This desert can stand lots of shaking without being any worse off, and yours truly could have enjoyed the experience. Yes, the word enjoyment was deliberately chosen. The rampages of nature, as long as they don't get too rough, are fascinating.

**FRIDAY, OCT. 23**—What a quite day this is around here! The battalion is out on an 8 hour hike, leaving a few dozen guys, including your truly, to keep everything under control. As far as this com-

## VICTORIOUS MARINES ON THE PROWL

**GUADALCANAL ISLAND—U. S. Marines** who had just driven the Japanese from strong positions on the Matanikou River on Guadalcanal are shown marching over what was Jap territory a short time before. Aerial bombs, shells, mortars and finally the boys with the bayonets cleared the Nips from this spot.

## Gus Franken Dies On October 22 In Joplin, Missouri

Gus Franken, 61, former Muenster resident, died at his home in Joplin, Mo., Thursday and funeral services were held Friday at St. Mary's Catholic church in that city with the Rev. C. B. Healey, pastor, officiating.

Mr. Franken had been in ill health for the past 15 years. Complications which set in following a fall on September 30, in which his arm was broken, resulted in his death.

A native of Munich, Germany, Mr. Franken came to the United States as a youth, settling in Oklahoma. He later moved to this city and resided here until about 1919 when he moved to Kansas, being employed by the Missouri Pacific railroad in several cities of that state.

He is survived by his widow, Mrs. Martha Franken, a son, William F. Franken of Coffeyville; five daughters, Mrs. R. E. Hinton of Gainesville, and Misses Mary, Regina, Gertrude and Tressa Franken who reside at the family home in Joplin; a stepdaughter, Lucille Klimpt and three stepsons, Frank, Albert and Bernard Klimpt of Joplin; a brother, Joe Franken of Coffeyville, and six grandchildren. He was a cousin of the Hess family of this city. Frank Hess and Mrs. R. E. Hinton attended the funeral service, returning home Monday.

## SOLDIERS' MAIL FOR CHRISTMAS IS LOST WHEN SHIP IS SUNK

The Army postal service said Saturday that 4,988 sacks of United States mail bound for American Armed Forces in the British Isles had been lost in the sinking of a United Nations cargo ship.

Much of the shipment was parcel post and represented one of the first parcel shipments of Christmas mail.

The War Department said that the lost mail was deposited in the States during the latter part of September. Mails reaching the New York port of debarkation Army postoffice later than October 3 were not included in this particular shipment.

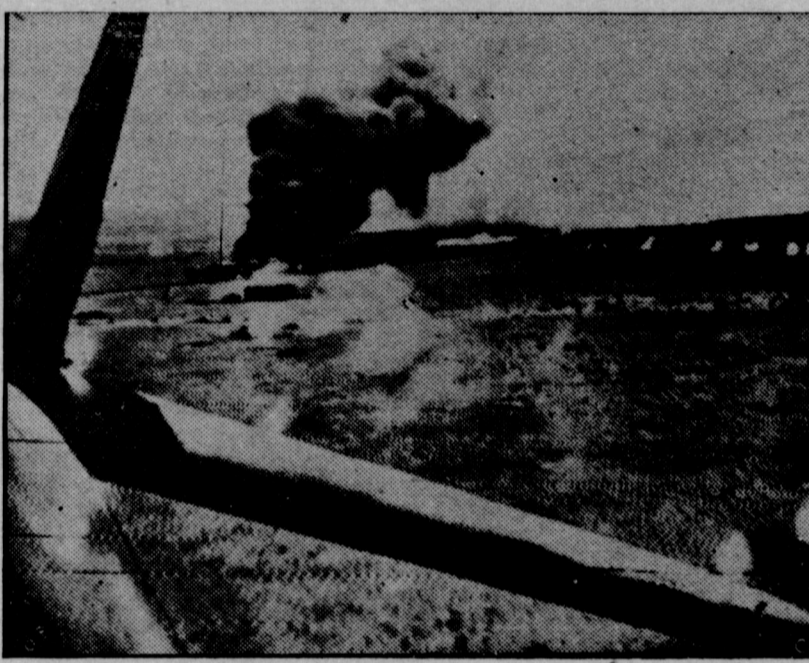

The War Department said that announcement of the loss was made so that persons who mailed Christmas presents and other classes of mail to Great Britain during the approximate period, could be guided accordingly and send other gifts to replace those sunk. Previous announcements said that gifts for men overseas should be mailed by November 1.

## Re-organization of Study Clubs Underway in Parish

The re-organization of religious discussion clubs is underway in the parish this week, Rev. Richard Evid, general director, has announced. Plans are to have about fifteen groups organized by next week so that meetings can be held weekly.

The textbook this year is "The Commandments" by Rev. Gregory Smith and Charles J. McNeill. Last year fifteen active clubs were organized.

## RAF BOMBS FREIGHT TRAIN

**CAIRO, EGYPT (Soundphoto)**—Prior to British all-out attack in Egypt, Axis communications were plastered in softening up campaign. This photo was radioed from Cairo to London and clipped to N. Y. last Sunday. Results of RAF raid on supply train are shown. 26 cars were left blazing, and the locomotive was wrecked. Huge column of smoke is from exploding ammunition car.

## 35-MILE PER HOUR SPEED LIMIT BEING ENFORCED IN COUNTY

State Highway Patrolmen Wallace Beasley and Troy Eggen of Gainesville have been advised by Capt. E. M. Welles of the Texas Highway Patrol that they are expected to enforce the 35-mile-per-hour restriction on motorists imposed by the Department of Public Safety as requested by the executive office of President Roosevelt.

The highway patrolmen were advised that all Texas highways outside of incorporated cities and towns have been zoned to a speed not in excess of 35 miles an hour and it will be unlawful to operate a motor vehicle in excess of that speed after appropriate signs have been placed on the highway.

Persons who violate the speed law may be subjected to arrest both by state and federal statute, and it may be possible for the federal government to refuse to issue gasoline rationing books to violators, and may also refuse to allow purchase of new or recapped automobile tires.

## GAINESVILLE MAN NAMED ON STATE SUGAR BOARD

Announcement was made Thursday in Fort Worth by State OPA Director Mark McGee of the appointment of Ed W. Wasson of Gainesville as state OPA sugar rationing officer for Texas.

Mr. Wasson was for three years associated with Tyler and Simpson company in Gainesville and has also been engaged in oil business in the county. He is well known locally. More recently he has been serving as state rationing director for Arizona with headquarters in Phoenix. He will begin his new duties November 1.

## J. B. Wildes Dinner Hosts

Mr. and Mrs. J. B. Wildes entertained with a dinner Sunday at their home for which Sgt. Michael Tarantola, St. Sgt. Charlie Lucania, Cpl. Al Galeoto, Cpl. Edward Fleming and Sgt. George Andrasko, all of Camp Howze, were guests.

## Local NEWS Briefs

The Nutrition Class did not have meetings last week or this week due to the absence of Miss Nette Shultz who is attending the bedside of a relative in Ft. Worth. Announcement is to be made when the next lesson will take place.

Little Miss Allene Swirczynski observed her twelfth birthday Saturday with a party from 3 to 5 for which her classmates of the sixth grade were guests. Her mother, Mrs. Al Swirczynski directed games and served refreshments.

Mrs. L. P. Horton, the former Miss Mary Barker, teacher in the local school, visited her sister-in-law, Mrs. J. T. Barker and baby daughter at the local clinic Sunday. Mrs. Horton had been visiting with her parents in Bonham. Her husband joined the Coast Guard sometime ago.

Mrs. Frank Seyler entertained with a dinner party at her home Sunday for which the following were guests: Miss Catherine Seyler and Miss Mary Costello of Dallas, Mr. and Mrs. Elwyn Hope of Fort Worth, Mr. and Mrs. T. L. Anderson and daughters of Gainesville.

Mr. and Mrs. J. T. Barker, formerly of this city, now residing in Woodbine, are the parents of a daughter born at the Muenster clinic on October 21. The little lady has been named Marsha. She is the first grandchild of Mr. and Mrs. H. L. Barker of Bonham, former local residents.

Mr. and Mrs. Cecil Ayles announce the birth of a daughter, Lana Kay, at the local clinic Friday. Mrs. Ayles has been visiting her parents, Mr. and Mrs. C. L. Williams, and will join her husband in Long Beach, Calif., in a few weeks. He is employed in a shipyard there.

The volunteer fire department turned out one hundred percent Friday afternoon at the call of the siren to make a run to the Muenster Gin company. A small bale of cotton in the storage house, ignited from sparks blowing from the burr incinerator, was flaming. Persons at the gin had the fire under control with chemical extinguishers, but the department made a general checkup before leaving.

## Coffee Rationing Begins Nov. 28th; Use Sugar Book

### Arrangements Made For '42 Turkey Market

Turkey time for this community is just around the corner. According to information released this week by Rudy Hellman, the market will begin on November 5 or 9th, depending on the weather, and packing will begin as soon as a sufficient number of birds is on hand.

The program will again be conducted by Wilson and Company of Oklahoma City, with Roy Callahan in charge. As regards prices, Mr. Hellman stated he had received no hint so far as to the market's opening figure.

This year's volume is expected to be about fifty percent of last year's when five carloads were shipped at Thanksgiving and 6 1/2 at Christmas. Principal reason is lack of help, Hellman disclosed. Less territory will be covered this year, and birds in nearby areas are less plentiful than last season, he added.

Administration of the marketing and packing project will be similar to that of past years. Wilson and Company leases equipment from the FMA and assumes complete charge. Experience has shown that this packer's nation-wide distribution assures a longer and steadier market than a local organization could offer.

### LOCAL FARMERS SIGN FOR CERTIFICATES OF WAR NECESSITY

Farmers and truckers of this vicinity joined other Texas farmers in the state-wide blitz to beat the transportation problem last weekend when they fell in line for certificates of war necessity.

Under the office of Defense Transportation's wide-sweeping conservation program, all rubber tired vehicles, including farm trucks, used to haul produce from the farm or supplies to the farm, must be covered by certificates after November 15. The certificates will determine the miles that may be operated and the loads that may be carried.

Operators subject to the order who do not have certificates will not be able to obtain gasoline, tires or parts, the chairman of the Texas UDA War Board pointed out. He also explained that ordinary farm trailers are exempt from the order.

Scores of local truck owners were assisted in filling out their applications Friday and Saturday at the Bank where members of the county board and G. H. Hellman and Misses Mary Weidemann and Elfreda Luke were on duty to help.

### Traditional Services Will Mark Observance Of Two Church Feasts

Traditional church services in observance of the feasts of all Saints and All Souls will take place here Sunday and Monday. Father Thomas, pastor, announced that the services on Sunday will follow the usual Sabbath schedule with Masses at 7, 9 and 11 a.m. On Sunday afternoon the first procession to the cemetery will take place after the 2:30 o'clock rosary devotions.

On Monday the first Mass will be at 6:30 a.m. followed immediately by a Mass every half hour until 9 o'clock when the principal service of the day will be held. The 9 o'clock service will be a Requiem High Mass with sermon and will be concluded with a procession to the cemetery.

### FEATHERWEIGHT HELMETS

Weighing less than 12 ounces, plastic helmets now being made by Westinghouse for Uncle Sam's soldiers are tough enough to withstand a force of 15 foot-pounds. That's the same as a pound weight being dropped 15 feet. Worn during combat as a liner inside a two-pound steel helmet, the cloth and resin plastic headpiece provides insulation against heat. During non-combat service, only the lightweight liner is worn as a head covering.

Meatless and fishless Wednesdays in Washington's 52 government canteens are expected to save six tons of the two products weekly.

### Each Person Over 15 Years Of Age Entitled To 1 Pound Each 5 Weeks

Rationing of coffee will begin at midnight November 28—one pound each five weeks to everyone over 15 years of age—the Office of Price Administration announced Monday.

Consumers will not have to register to obtain coffee. They will use their sugar rationing book. To get the first coffee ration, the consumer will be required to surrender the last stamp, No. 28, in the sugar book. Subsequent rations of coffee will be on coupons taken in sequence toward the center of the book, specifically 28 down to 19.

All sales of coffee at retail will be stopped at midnight, November 21, to allow merchants a week in which to stock their shelves for the beginning of rationing.

OPA officials estimated that approximately 93,000,000 persons will be eligible for coffee rations. Ages shown on the ration book issued in May will determine whether the holder is entitled to coffee. No book on which the age of the holder is stated at 14 years or younger will be valid for the coffee ration. Persons who did not obtain a sugar ration book may get one from the local ration board.

OPA Chief Leon Henderson said the one-pound-each-five-weeks ration allowance does not represent a drastic reduction in coffee consumption. It permits almost ten and one half pounds of coffee per person per year compared to the average consumption of 13 pounds in the decade prior to 1941. During last year the figure jumped to 16 pounds due to adnormal demands which were not explained.

Ultimately, it is believed, a new registration will have to be made for the rationing of sugar as well as coffee.

To the question of what is to prevent a person from enjoying his consumption of coffee by patronizing restaurants, soda counters and other similar establishments, OPA said the plan hasn't been worked out yet but some restrictions will be made.

Dairy products, canned goods and cooking fats have gone on the growing list of foods to be rationed early next year, it was announced. WPB food studies show that supplies of these commodities will not meet wartime demand.

### DESTRUCTIVE FUN BANNED HALLOWEEN

Wartime observation of Halloween fun in Muenster Saturday, Oct. 31, must be limited to non-destructive fun, Mayor Ben Seyler has warned in an effort to remind youngsters and others that vandalism is poor sport in normal times and a serious offense in wartime.

Citing a shortage of many materials, wood for fences and doors, doormats, light bulbs, trash barrels and a long list of other articles that are often "misplaced" on Halloween, the Mayor declared that the destruction of public or private property must not occur this Halloween.

"We are not expecting trouble" the city official said, "because we believe that everybody realizes the seriousness of Halloween vandalism. This is merely a reminder and we feel sure that everyone will cooperate."

### Bishop Visits Here

Most Rev. Bishop Augustine Dangelmayr came to Muenster Wednesday following confirmation ceremonies at Lindsay and was the guest of his parents, Mr. and Mrs. Joseph Dangelmayr, Wednesday night. On Thursday he went to Sherman to administer the sacrament of confirmation to candidates of that city. He was accompanied from Dallas by Rev. Augustus Leon of Terrell.

### Fractures Leg

Miss Dorothy Nell Fletcher fractured her right leg Monday during volleyball practice and will be wearing it in a cast for the next four weeks. She was permitted to return to classes Wednesday and is getting around fairly well on crutches.

### New Warehouse

A new warehouse of brick tile is under construction east of the Magnolia station replacing the corrugated iron warehouse formerly used by Central Truck Lines.

Time marches on and we have just completed one goal of this school year—the first six weeks examinations. And now, although the tension of that week is past we are anxiously awaiting the results. However, all of us feel confident for we did our best. Yet, all have made silent promises to do better the next time and we will too, because it takes some time to get into the swing of school. So just watch our grades the next time!

With their well organized teams and enthusiastic practice during the past week, the four volleyball teams give promise of becoming one of the brightest beams of the school. The captain, Evelyn Wiesman, is leaving no effort untried to make the team a success. The latest report is that the members of the first team must abstain from eating certain kinds of candy on specified days. We are sure that those who were picked for the first team will gladly forget about that delicious candy bar since they have been selected as the best players in the school. Come on girls, keep up the name you made for your team last year!

On Monday of last week the Senior-Junior club met for the third time. The main business discussed at this time was the selection of a club flower and club colors. The gladioli was chosen as the club flower and green and gold as the club colors.

**Campus Cleanings**  
We have been wondering why Harold, Frank, Leo and Bernard thought that a certain day last week was their first day of school. It seems that quite a number of the Freshmen and Sophomore boys preferred working on the scrap pile to Play Time on a certain afternoon. Also, two Sophomore girls preferred to study during that same time. We would like to know why?

Laura Lee Wilde does not seem anxious to smell chemical odors since one day in the laboratory last week.

MUESTER PUBLIC SCHOOL

Dear Readers—We won't take up much of your time this week because we have several important things on our minds, one of which—and by far the most important of all—is six weeks tests. They begin today, Wednesday, and will continue through Thursday and Friday. We can hardly realize that it's time for these unwelcome days, but we must take the calendar's word for it.

This week the volleyball team started getting itself into shape for the games it will match this season. Miss Bradshaw expects pleasing results from her girls this year. Monday, however, was "Bad Luck Day" because Dorothy Nell had the misfortune of twisting and injuring her ankle. She'll be back in school soon, we hope, but she won't be of much help to the team—her leg is in a cast.

Children in the grades, along with their reviews and tests, are making all sorts of Halloween de-

signs. Much of the decorations you will see in their classrooms at the P.T.A. carnival will be their work.

### NORBERT TEMPEL IS HONOR GUEST AT DINNER PARTY

Norbert Tempel, who was recently inducted in the army and who will leave on November 5 for duty, was honored with a dinner party at the home of his parents, Mr. and Mrs. John Tempel, Wednesday evening. Enjoying the meal and a social hour were the honoree, his parents, and Mr. and Mrs. Johnny Moster, Miss Anastasia Tempel, Miss Myrtice Gresham of Saint Jo and Herman Stoffels.

### Party for Mrs. Klement

Mrs. John Klement, Sr., was given a delightful surprise party Sunday in observance of her birthday. Her children and grandchildren gathered at the family home at noon with covered dishes for an anniversary dinner. All members of the family were present for the occasion.

### Quilting Party Friday

Mrs. Jake Pagel was hostess at a quilting party in her home Friday afternoon when a lovely Double T design was completed. After the activity, she served refreshments to Mesdames Frank Kaiser, John Fisch, Joe Luke, Ben Hellman, J. B. Wilde, Clarence Wilson, Al and Frank Walterscheid, and Annie Trachta and Miss Anna Hellman.

### MONTE HELLMAN OBSERVES ELEVENTH BIRTHDAY SUNDAY

Monte Hellman was complimented with a party at his home Sunday afternoon in observance of his birthday. He was eleven years old. A dozen youngsters enjoyed games and refreshments served by his mother, Mrs. Rudy Hellman. Later in the afternoon Monte's grandmother, Mrs. G. H. Hellman, took the party to Gainesville to see the current attraction at the State.

Mr. and Mrs. Bill Millican of Baytown were guests of her aunt, Mrs. Grace Maxwell, and son, C. L., Tuesday and Tuesday night.

Mr. and Mrs. Jess Adamson and sons of Dallas spent Sunday with Mr. and Mrs. Frank Needham.

Mr. and Mrs. Ivan Fears and Mrs. Don Studervant of Dallas were Sunday guests of their mother, Mrs. Dora Fears, and Mr. and Mrs. Parker Fears.

Mr. and Mrs. J. J. Haverkamp were given a lovely surprise party Sunday evening in observance of their 21st wedding anniversary. Their daughters, Misses Leona and Cecilia Haverkamp, planned the affair and were hostesses. They

served attractive refreshments to a large group of relatives and friends at the conclusion of a social evening during which guests enjoyed games of 42 and cards.

Personnel of the party included Messrs. and Mesdames Al Fleitman, Alphons Walterscheid, John Walterscheid, Walter Klement, Bill Haverkamp and their families, Wm. Henscheid and son, Werner and Casper Haverkamp.

**HENRY WEINZAPFEL HAS PARTY ON 9th BIRTHDAY**

Little Henry Weinzapfel was honor guest at a party given Sunday afternoon by his mother, Mrs. J. M. Weinzapfel, at the family home in observance of his ninth birthday.

A dozen youngsters were guests and after presenting Henry with gift remembrances, enjoyed games, Halloween noise-makers as favors, birthday cake, fruit punch and hot chocolate.

Sharing honors of the day with Henry was his baby sister, Mary Elizabeth, who was three years old. A group of tiny girls enjoyed games, favors and refreshments.

**MISS HARTMAN HONORED ON BIRTHDAY TUESDAY**

Miss Dorothy Hartman was named honor guest at a dinner party given Tuesday evening by her brother-in-law and sister, Mr. and Mrs. Arthur Endres, in their home to compliment her on her birthday.

Following the meal the guests enjoyed card games. Personnel of the affair included: Mr. and Mrs. John Hartman and daughters, Misses Betty and Loretta, Mr. and Mrs. Al Walter and family, Mr. and Mrs. Herman Hartman, Eugene and Miss Anna Marie Klement, Ollie Horn, Miss Mary Elizabeth Endres, Carlton Davis of Gainesville, Leonard Hartman, the honoree and the hosts.

**Certainly,  
 ranges are rationed  
 Here's why:**

**Range factories are making War Goods**

IT'S a good sign, too, when you think about it. It means this country is bearing down on the war. Think of the guns, tank-plates, and airplane parts that American gas-equipment factories can turn out (some of the range factories had been making 550 ranges per day).

Take good care of the gas range you have. Gas ranges are for sale in the U.S.A. only to those persons who positively need them. (The same applies to Water Heaters).

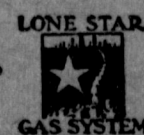

**Spoon Bread**

This famous American recipe doesn't sound exciting, but it makes up with a spirited flavor and a high fragrance. Lots of vitamins, too.

- 1 cup boiling water
- 2 cups yellow corn meal
- 1 teaspoon salt
- 2 tablespoons butter or margarine
- 2 teaspoons baking powder
- 1 1/2 cups milk
- 2 egg yolks
- 2 egg whites

Pour boiling water over the meal, salt, and butter, stirring constantly. Let stand until cool. Add baking powder, milk, and beaten egg yolks, and blend well. Fold in stiffly beaten egg whites. Bake in a moderate gas oven (350 degrees F.) for 45 minutes. Serve immediately.

**THEY depend on YOU**  
 Our Fighting Men  
 Our Allies  
 Our Families

WITHOUT food men can't fight (remember Bataan and Corregidor?) . . . our allies would grow weak and impotent . . . the home front here in America would collapse. From every part of the world voices rise in this plea to America's farmers: "Produce! — Produce! — Produce!" You have a great responsibility, Mr. Farmer. We know you will come through with colors flying. The world can depend on you to grow the food needed for victory.

**YOU CAN DEPEND ON US**

We can help you. As Secretary Wickard said: "Financing is vital to the farm program," and we are ready to provide the credit you need. Bank borrowing is a business transaction, a confidential relationship between you and us. You deal with a local institution, interested in your problems. You give constructive employment to local funds. And you get more than credit, you establish a relationship from which you should reap many benefits. How soon can we get together and discuss this?

**Freshman Week**  
This week is Freshman Week at Lindsay School. The seniors intend to make the initiation a real test of American sportsmanship for the freshmen. If they pass the test, the freshmen will be guests of honor at a very delightful Halloween party on Friday afternoon.

**86 Confirmed In Rites At Lindsay Wednesday Morning**

Lindsay—The Sacrament of Confirmation was administered to a class of 86 in Saint Peter's church here Wednesday morning at 10 o'clock, by Most Rev. Bishop Augustine Dangelmayr, auxiliary of the Dallas diocese.

Rev. Conrad Herda, pastor, officiated at the high mass in the presence of His Excellency. Also present in the sanctuary were Rev. Fathers Thomas and Richard of Muenster, Rev. John P. Brady of Gainesville, Rev. Father Hugo of Purcell, Okla., Rt. Rev. Abbot Edward of Windthorst, Rev. Augustus Leon of Terrell and Rev. Father Moore of Sherman.

Bishop Dangelmayr delivered the sermon for the occasion. He urged the faithful to fortify themselves by means of prayers and the sacraments, stressed obedience as a virtue to be cherished by the candidates, particularly obedience to their parents and superiors, and concluded by admonishing the faithful to pray for the dead, especially on All Souls' Day and throughout the month of November.

At noon the visiting clergy were guests of Father Conrad at dinner in the rectory.

sages their parents received Friday.

Cpl. Cecil Cole of Rice, Calif., is here on a 15-day furlough visiting his brothers, Earl and J. B. Cole, and also his parents, Mr. and Mrs. J. A. Cole at Gainesville.

Sgt. Clarence (Bud) Hoehn, son of Mr. and Mrs. A. T. Hoehn, was one of two Texans awarded the Purple Heart for wounds in action, according to a release from Gen. MacArthur's headquarters in Australia on October 24. The other was Cpl. L. M. Barnes, Rt. 2, Waco.

Pvt. Louis Sicking of Perrin Field was here on a three-day pass Sunday, Monday and Tuesday to visit his parents, Mr. and Mrs. Guy Sicking.

Albert Steinberger enlisted in the Army Air Forces during Perrin Field's drive for ground crew technicians and is now at Camp Wolters for a brief "processing" period before being stationed at the Sherman field.

Albert Rohmer, who was inducted in the army recently, is now stationed at Camp Rucker, Alabama, with the 74th Tank Bn. His father, Leo Rohmer disclosed Wednesday.

Pfc. Gus Lutkenhaus came in Thursday from San Francisco, Calif., to spend a 12-day furlough with his parents, Mr. and Mrs. George Lutkenhaus. He is with the Military Police.

Harry Fisher, somewhere in New Guinea, was recently promoted to Private First Class, he disclosed in a letter home this week.

Sgt. Walter Huchtons of March Field, Calif., returned to his duties this week after a furlough with his mother, Mrs. O. J. Huchtons and family. His brother, Sgt. Sidney Huchtons of Camp Maxey, secured a three-day pass and was here Monday for a visit with the family. It was the brothers first visit together since June, 1941. Mrs. Clarence Hellman entertained with a dinner Sunday in the boy's honor. Their sister, Miss Ann Huchtons of Sherman and Miss Atha Grigsby of Saint Jo were also guests.

Master Sergeant Leon Hellman, instructor at Midland Army Flying School, spent this week here with his father, Wm. Hellman, and other relatives. He had a ten-day furlough from the 20th to the 30th.

Maurice Pagel is First Class Private now, he advised this week in a letter to his parents, Mr. and Mrs. Jake Pagel. He was recently transferred to Battery B and is employed in the office doing clerical work. He is at Camp Rucker, Alabama.

Mr. and Mrs. A. T. Hoehn had a letter from the War Department, dated October 23, which advised that their son, Clarence, wounded in the battle of Lea, New Guinea, in July, has been released from the hospital.

Pvt. Carl Schilling was inducted in the Army on February 3 of this year and trained at Camp Wolters with the Infantry Division before being sent overseas in May. He is now stationed in Hawaii and is attached to the 8th Chemical company. He is a son of John Schilling of this city and has a brother, Pvt. Arnold Schilling, in the Army who is with the Medical Unit at Camp Young, Indio, California.

Long, cheerful letters arrived here during the week from Cpl. Earl Lehnertz, first cook, somewhere in Australia. He disclosed that cooking is a cinch now since good old American lard has arrived. And take it from him, they're really turning out pies like mother used to bake. Previously the only lard they had was suet and tallow. Earl goes on to say that down under is certainly the land of lovely ladies and that the Yanks taught them to do the jitterbug in a hurry. Even though they couldn't stomp a lick at first, now they make a jig look sick—very apt pupils. He sends regards to all the folks at Muenster and says he will write more letters at his first opportunity, answering twenty-seven letters he received in one mail delivery. He concludes by saying "Until we come marching home we'll be knocking those yellow 'x's' for a row of ash cans."

The little son of Mr. and Mrs. Tony Lyons of Marysville had his tonsils removed at the local clinic Friday.

pany is concerned, I am acting commander or top kick or any title I care to choose. I feel lucky in more ways than one. First of all the 20 mile jaunt does not especially appeal to me. I vividly recall other hikes. Blisters on my feet and aches all over. Certainly it is not a desirable way to prepare for a three-day pass. Perhaps I am taking too much for granted regarding the pass. As yet the issue is still in doubt. How many passes will be available by tomorrow? And will I be one of the lucky guys? Those are the questions.
