

An item that deserves attention, especially in connection with the big scare that developed following the incident at Three Mile Island, is an official statement from the West German Research and Technology Ministry saying that, according to a three year study by the organization, automobiles are many times more dangerous than nuclear reactors.

Prof. Adolf Birkhofer, director of the Society for Reactor Safety, told a news conference that a commuter living near a nuclear reactor had 250 chances in a million of dying in a traffic accident whereas the chance of dying from radiation was only one in ten million. Another remark from the West German source is that 90 percent of those exposed to radiation from a nuclear reactor accident would not receive any more radiation than they normally would receive during a lifetime.

Statements from these and top scientists of our country, along with the fact that the leading industrial countries are proceeding at full speed with their nuclear programs, and also the fact that nuclear power to date in this country has a perfect safety record, all combine to make the US attitude seem completely absurd. While our country is desperately in need of energy we allow the obstructionists, just because of their fear of imagined hazards, to deprive us of a source that has proven itself to be reliable and abundant.

Senator Tower in a recent speech before the US Senate said that "The incident at Three Mile Island notwithstanding, a realistic consideration of the options leads to the conclusion that continued and increased reliance on nuclear-generated electricity is a necessary ingredient in any responsible national energy policy. Three Mile Island focused attention on potential risks and problems associated with nuclear power and on the need for unflinching vigilance on matters of safety, but it is important to remember that the accident was contained and that nuclear power remains to this day among the safest of fuels for the generation of electricity. We have the ability to solve the problems, and the risks involved are not unreasonable."

Tower thinks that Congress ought to plan legislation to streamline the licensing process and shorten the time now needed to bring needed new power plants into operation.

Senator Tower criticized the President's message of July 15 urging restoration of national confidence and spirit, but offering more of the same governmental poisons that are killing the spirit now. "The President reaffirmed his intentions not to trust free market forces to allocate scarce resources, but rather to assign this task to the hands of government, on the premise that only a federal bureaucracy can do it."

He deplored that the administration program entirely omitted any reference to the immediate need of lifting artificial price controls on domestic crude oil, natural gas and gasoline and to abolish unwieldy allocation and entitlement programs. Instead the aim is to direct a massive Federal intervention into the private economy, urging more government to attack the problems fundamentally caused by too much government in the first place. In so doing he has signalled a vote of no confidence in our free enterprise system.

Regarding the proposed windfall profits tax, the senator said that all of the premises on which it is based are unfounded. In fact the tax will ultimately be paid by the consumer at the pump, it will discourage domestic production, erode our overseas competitiveness and threaten national security by making us dependent on overseas suppliers.

Tower regards coal as a significant relief of the energy problems if not prevented from doing so by un-

## Robert Hennigan, 19, Is Victim of Auto Accident

Funeral service for Robert Joseph Hennigan, 19, was held at 10 a.m. Tuesday in Sacred Heart Church with Father Stephen Eckart officiating at the Mass of Christian Burial. Interment was in Sacred Heart Cemetery, directed by Scott McCoy Funeral Home of Saint Jo.

Pallbearers were Steve Hennigan, Ronnie Sicking, Vic Lee, Randy Pelzel, Alfred Hennigan and Jeff Harris.

Rosary for the deceased was recited at 8 o'clock Monday night at the funeral home chapel.

Bobby Hennigan was killed at 1:20 a.m. Sunday in a one car accident on North Highway 677 at Saint Jo. As determined by the investigating officer, Herman Conway, Saint Jo Chief of police, Hennigan was a passenger in a 1974 Ford Maverick driven by Jack

Keener when the car failed to make a curve, crossed the road and turned over. Both of the occupants were taken to Muenster Memorial Hospital where Hennigan was pronounced dead and Keener remained as a patient.

Robert Hennigan was a son of Mr. and Mrs. Fred Hennigan Jr., both natives of Muenster who moved their family to Saint Jo about nine years ago. He was born in Gainesville on December 31, 1959. A graduate of Saint Jo High School, he was an oil field worker.

Survivors are his parents; two sisters, Diane Marie Ellis of Valley View and Darlene Rose Hennigan of the home; one brother, William Joseph Hennigan of Saint Jo; and his grandparents, Mr. and Mrs. Robert Knabe of Muenster and Mrs. Fred Hennigan Sr. of Muenster.

This balloon explored a bit of the county Saturday morning. Janie Hartman snapped it going over her home.

## County Favors Combined System of Tax Appraisal

A county wide tax appraisal system, whereby a single board will determine property values to be applied in taxing by cities, schools, the county and other special districts, was approved at a regular meeting of the commissioners court Monday.

The court chose to join voluntarily rather than wait for an expected amendment requiring all counties to go along with the other taxing agencies.

Under the system a five-member board will be elected to make appraisals. In that election the tax agency's representation will be determined by the amount of tax it collects.

The commissioners said they were pleased to be relieved of equalization board duties, but did not like

to see local government control slip away from the people. They expect appraisal schedules and techniques to be developed on a state wide basis.

## Special Ceremony To Open New Field

A special ceremony will accompany the first football game played at Muenster High School's new athletic field Friday with the Wildcats of Kennedale. Six members of the Gainesville National Guard armory will participate in the color posting ceremony at 7:30 p.m.

Bearers of the American and Texas flags with a rifleman at each side will march to the field in front of the grandstand and stand at attention while the national anthem is played by the Hornet band and Old Glory is raised on the flag pole.

## Balloon Surprises Area

About the most exciting thing to happen in this area in many moons was the flight of a hot air balloon early Saturday morning.

Without benefit of previous announcement, it was unnoticed by dozens of people and would have been missed by more if not spontaneously announced by livestock. Dogs barked and cattle went crazy. The Roy Hartmans looked out of their house just in time to see an object bigger than a house drifting past.

The balloon landed at 8:45 a.m. about three miles south of town, near the Elm Creek bridge on FM 373. On it were the pilot, or operator or whatever, and two passengers who were promptly treated to champagne as a ritual on completing their first ride. Moments later a couple of vehicles, which had been following, arrived and the balloon was folded and loaded for its return home. The flight had been launched near Gainesville, followed a

generally westerly course and directly over Myra.

The head man identified himself as interested in sales, instruction, promotion and rides of hot air balloons. He pointed out that flying it is only a matter of keeping it in the air, by turning on the propane air heater whenever it starts settling down. Direction of flight depends on the wind.

Height of the balloon from passenger's basket to the top is about 70 feet and the diameter is near 50 feet.

## City Adopts Program on Zoning and Subdividing

As a means of assuring orderly growth and development, Muenster's city council Monday night adopted a comprehensive plan proposed by the Texoma Regional Planning Commission.

The plan is related to a zoning and subdivision ordinance, also proposed by TR-PC and discussed at a special hearing in Monday night's council meeting.

The comprehensive plan is intended to serve as a guideline in construction and annexation of the future, to make sure that the interests of others are guaranteed when building permits are issued.

For instance, a mobile home cannot be moved into an area reserved for permanent homes. Areas are to be designated as regular or mobile residential, industrial, commercial, parks, etc., and any new construction is to be located in its proper area. Remodeling likewise would be restricted

to comply with the zoning ordinance. For instance, a home could not be converted into a beauty shop, restaurant or tavern.

The same guideline will apply in case of an annexation. The area to be added will be identified according to the type of construction intended there.

In a hearing on the zoning ordinance at Monday night's meeting a few changes were suggested and will be considered at another hearing, which will be held at the next council meeting on October 1. One of the proposals concerns front and side clearance on a lot when building. Additional space will be required for larger structures.

Attendance at Monday's hearing was the city's best ever for a hearing on an ordinance. Joining the council were twelve others including appointees on the zoning commission. They are chairman Sam Endres, Secretary Harold Flusche, Earl Fisher, Al Hess and Vincent Felderhoff.

## PTO Reconvenes

The first meeting of the Muenster Public School PTO for the current school year will be held next Monday, September 17 at 7:30 p.m. in the MHS Auditorium.

A brief ceremony will be held to install PTO officers. New faculty members will be introduced as well as new residents and new members of the organization.

Parents are urged to attend and take part in the Parent-Teacher Organization.

## Hospital Auxiliary Will Have Urgent Meeting

Hospital Auxiliary members are urged to attend an important planning meeting in anticipation of the annual dance. Attendance is necessary for a quorum vote. Please help the Auxiliary to remain active.

**BAKE SALE**  
The Junior class of Muenster High School will sponsor a bake sale on Saturday, September 15, 8 a.m. to 4 p.m. at Fischer's and Hofbauer's.

## Tigers Wallop Trinity Valley 26-0

Sacred Heart Tigers started their grid season Saturday in Cowtown with an aerial circus that netted a 26-0 win over Trinity Valley's Trojans.

The situation was ideal for passing as defending lineman provided great protection while Kenny Hartman found plenty of time to spot open receivers.

Meanwhile Tiger defense was solid allowing the Trojans 96 rushing yards and 25 passing yards in 8 first downs.

Sacred Heart was in command from the start. After kickoff it gained 40 to mid-field before being stopped by a holding penalty. An attempted kick was blocked giving the Trojans good field position on the 50.

From there five plays went

to the 27 before Tiger defense set the next series back three yards to the 30.

Next play was a Tiger fumble and Trinity Valley had another chance. Again, no success, so the hosts tried a field goal, which also failed.

Taking over on the 29, Sacred Heart got on the scoreboard in a big, sensational play. Kenny Hartman heaved the bomb to Mike Hesse who went all the way to pay dirt. A try for extra point failed.

The second period started with an exchange of punts, first TV, then SH. On the next series Trinity Valley failed on a fourth down gamble and the Tigers took possession on their own 40. A holding penalty moved the ball back 15 yards, and the next play was another big one...a screen pass to Mark

Nasche who combined fine footwork with fine blocking in romping 76 yards to the second TD. A pass for bonus points fizzled. The time was 5:03.

On the next play Mel Walterscheid broke up a pitchout giving Tigers possession on the Trojan 17, but penalties stopped them. They had to surrender the ball on the 20.

From there the Fort Worth guys gained back to their own 45 where they tried a fourth down gamble with time running out. They lost the gamble and the Tigers were 45 yards away with 15 seconds showing on the clock. That was enough. Kenny Hartman connected with Mike Hesse who went all the way to the end zone. Another pass, Hartman to Brian Bednorz added 2 points. The score was 20-0 at intermission.

Starting the third quarter Trinity Valley had to kick on its second series and SH had to start at its own 10. Seven tries, including an 18 yard pass to Bednorz plus 15 free yards on a penalty, gained 55 to the Trojan 35 where the drive bogged down. Four plays gained nothing and SH continued on page 10...

## Festival Set for St. Mary's Parish

St. Mary's Parish of Gainesville will host the annual Fall Festival on Sunday, September 30 and has issued an invitation to everyone to attend. A chicken and dressing dinner will be served in St. Mary's Parish Hall, 11 a.m. to 2 p.m. Dinner tickets are \$3.50 for adults and \$2.00 for children under 12. Afternoon activities include lots of booths for children, a country store, a coffee shop with lots of home-made baked items, and an auction beginning at 6 p.m.

Muenster Hornets vs. Chico—Rusty Serna No. 32 and Phil Wolf No. 12 in action Friday night. —Photo by Janie Hartman

## Hornets Demolish Dragons 44-0

MHS Hornets opened their grid season Friday night by rolling up a 31-0 half time lead and then coasting to a 44-0 win. Likewise in statistics, they had few problems in leading the yardage 329 to 74 and the first downs 14-3. But what really counted was the turnovers. Four Dragon fumbles set as many touchdowns and the one Hornet fumble did not cost.

The second half was a different story. Muenster still dominated but less so. It led 8-3 in first downs and 125 to 64 in yardage and broke even on turnovers. The Hornets lost possession on three fumbles whereas Chico lost on one fumble and two interceptions. Again, the one Chico fumble was costly whereas Muenster's three were not.

Overall, the Hornets did a fine job on defense and their rushing indicated possibilities. But their completion record of 6 out of 18 was not on a par with the rest of the performance.

The game opened with a first down by the Hornets and then their only punt of the evening. One play later Frazier recovered Chico's first fumble only 20 yards from pay dirt. Seven tries made the distance, Rusty Serna scoring from the 2.

Then came the beginning of a puny record in extra points. Following 7 touch-

downs Muenster added only 2 points. On first attempt a bad snap of the ball spoiled Richey's kick.

Calamity blasted the Dragons on the first play of their record possession. A beautiful pass play went 52 yards for their only TD, but it did not count. The team had lined up offside. Four plays later Chico had to punt and Muenster followed with a good drive of 63 yards before fumbling on the 25. Two plays later Robert Weinzapfel recovered a fumble in mid field and MHS started again.

Phil Wolf rambled for 16 yards, Tim Hermes for 11, Wolf passed to Todd Richey for 18, and Hermes scored from the 3. A pass for bonus points was broken up by Chico.

The next score was a quickie following Rusty Serna's fumble recovery on the 19. A pass was incomplete and the second try, to Richey, was good for a TD.

Gary Zimmerer's fumble recovery on Chico's second offensive play put Muenster in business again. On the next play Wolf's pass to Richey gained 48 yards to Chico's 10, and the drive suddenly bogged down...a gain of 2 yards in 4 tries.

However the Dragons had to kick on first series and Muenster tried again. Wolf stepped off 20 and a penalty

lost 15. Then Wolf's pass to Kevin Klement gained 21 yards and Hermes zig zagged 16 yards to pay dirt.

After that Richey's place kick added the first extra point. The score was 25-0 at 3:17 in the second period.

There was still time for another score. Chico had to kick on first series, after continued on page 10...

## Chamber Works On Sales Event

Plans are beginning to shape up for a Harvest Trades Day sponsored by the Chamber of Commerce on Saturday, Sept. 29.

With Lupe Evans as overall chairman and Jane Monday as chamber coordinator, the committee is promoting participation in a city wide sales spectacular with free barbecue as an added attraction. Participating merchants are hosting the barbecue which will be served on the vacant lot diagonally across from the bank.

Willie Walterscheid will barbecue some 250 pounds of brisket, Dickie Pagel will provide tables plus chairs or hay bales for seating and Bernice Sicking will have charge of the serving.

Participants will coordinate their advertising and will present their values as much as possible in sidewalk sales.

 Congressional Comment

**WASHINGTON, D.C.** — The maintenance of our standard of living and the promotion of economic growth has always been dependent on abundant electrical energy. Most of our present needs are satisfied by oil and natural gas which is becoming more expensive and harder to find. We are using these fuels at a rate that is one million times faster than it took nature to produce them. We are running out of cheap energy and running out of time to find alternatives.

Possible new sources include solar, geothermal, fusion and wind power. These renewable sources have good long term prospects but are infeasible for large scale production in the near future. Coal has been described as America's ace in the hole. But this fuel is becoming more expensive to mine and transport and its use presents hazardous environmental concerns. Whichever way we turn, major problems have to be confronted.

Among our present options, however, power by nuclear fission appears the most promising alternative. Certainly there are problems with nuclear energy that must be resolved. It is essential that permanent waste disposal facilities be established to store nuclear by-products. Safety must always be an important consideration. Despite the potential catastrophic dangers the safety record of nuclear power cannot be disputed. A single dental X-ray gives three times as much radiation as the average American would be exposed to in a lifetime if all our power were nuclear, and as much as a person living near

a power plant would get in 20 years. And the chance of a person living in the general vicinity of a nuclear power plant being fatally injured in a reactor accident is one in five billion per year. Compare this with the number of people who die every year in coal mining accidents and the many individuals who will suffer from diseases related to the emission of gases by the expanded burning of coal, and you will see that nuclear energy definitely has a place in our energy future.

Nuclear power plants today account for about 12 percent of U.S. electricity production. If we institute a moratorium on issuing construction licenses for new plants, then substantial shortages of electricity will occur in the next several years. The General Accounting Office (GAO) has issued a report examining the implications and trade-offs of limiting nuclear power growth. The GAO finds that "if actions are taken to limit or halt the growth of nuclear power, they must be accompanied by actions to severely limit electricity requirements or programs to expand the coal supply or other non-nuclear fuels. Otherwise serious shortfalls of electricity supply are likely in the 1980's."

If we do not plan for sufficient production of electricity, many people will be out of work and we could even experience periodic black-outs with all the potential social upheavals that could occur with such an event. If we are to continue to experience economic prosperity, nuclear power must remain an important part of our energy future.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
 TEXAS PRESS ASSOCIATION

**AUSTIN** — Texas Attorney General Mark White said last week that important evidence for his investigation into the cause of history's largest oil spill was lost when a SEDCO drilling rig was scuttled by its owners.

White is investigating Gov. Bill Clements' SEDCO drilling firm and other parties involved in the Campeche Bay oil spill to determine if negligence was the cause of the spill.

He told Austin reporters he was "shocked" to learn SEDCO had towed the rig into Gulf of Mexico international waters and sank it in between 6,000 and 10,000 feet—an irretrievable depth.

"I couldn't understand why they would have taken this action. You know this (the drilling rig) was obviously going to be a piece of evidence that would be important in terms of an assessment of negligence," White said.

Gil Clements, the governor's son who now runs SEDCO, said the decision to sink the rig was made after company and insurance officials determined the rig could not be salvaged.

Clements said that after the June 3 blowout, the rig was towed from the spill site and examined by insurance officials who settled with SEDCO for \$20 million.

The rig was then scuttled after the first of July, according to Clements, who said he suspected "that White's staff was told early on that this rig had been sunk."

White was looking into reports that when SEDCO pulled the rig from the well, that action cracked a well-head casing, which may have resulted in the uncontrolled flow of oil into the Gulf.

**Party Switch**  
 A power shift of another sort occurred last week when veteran Democrat Sen. Bill Braecklein of Dallas announced he is becoming a Republican. His reason is he can't support President Jimmy Carter and he believes Carter is too great a burden to carry in his district, which almost went Republican in the state senate race four years ago.

Dallas State Rep. David Cain and County Democratic Chairman Ron Kessler are both eyeing that party's slot for the race against Braecklein.

**Creighton to Step Down**  
 State Sen. Tom Creighton, D-Mineral Wells, has announced he will retire, giving up his seat of 20 years to devote full time to law practice.

"I'm tired," Creighton explained. "I've had 20 years in the senate, plus another eight years public service as Palo Pinto County attorney. That ought to be enough, don't you think?"

A staunch business supporter, Creighton chaired the economic development committee. Supporters of Gov. Bill Clements had tried in past weeks to get Creighton to switch parties, but he balked at that, saying he ran as a Democrat and would die a Democrat.

Creighton was the last "admitted" tobacco chewer in the Senate, and an adept pilot who once had to crash land his plane in an emergency while en route to a Colorado hunting trip.

He is also the only Texas senator to have been married on a radio show. He and his wife, Sue, were married in 1950 on the "Bride

and Groom Show" in Hollywood.

**Marathon Suit Settlement**  
 The Texas Railroad Commission approved final settlement of the marathon natural gas contract dispute between Coastal States Gas Corp. and LoVaca Gathering Co. and some 400 customers.

The six-year legal battle is the longest and most complex in the commission's history.

The \$1.6 billion breach of contract suit began in 1970 when it became apparent Coastal LoVaca would be unable to meet long-term contract conditions to supply natural gas to Austin, San Antonio and other Texas cities.

Under the settlement, customers will drop their \$1.6 billion damages suit. LoVaca will be separated from Coastal States and transformed into a new company known as Valero Energy Co. Coastal States will spend \$180 million minimum over the next 15 years exploring for gas for Valero, and Austin, San Antonio and the Lower Colorado River Authority will have the chance to buy extensive lignite leases now owned by Coastal in Bastrop, Fayette and Washington counties.

## Looking Ahead

by Dr. George S. Benson  
 President  
 NATIONAL EDUCATION PROGRAM  
 Searcy, Arkansas

**MUTUAL ASSURED DESTRUCTION**  
 From the end of World War II through the Eisenhower administration, the defense strategy of the United States was based on and defined as "massive retaliation." This strategy was made possible by the tremendous military, technological and strategic superiority of American forces over those of our enemies, the Soviet Union and Red China. This policy was quite effective and maintained a relatively peaceful world.

When the decisions were made to disarm our nation unilaterally, the doctrine was changed from one of "massive retaliation" from a position of overwhelming superiority, to one of "mutual assured destruction." This doctrine has had a powerful influence on the composition of both SALT I and SALT II, although the theory of Mutual Assured Destruction was originated many years before SALT negotiations began. For purposes of brevity the theory is generally referred to by its acronym, MAD, or the "mad theory."

The basic idea behind the MAD theory was that if the major cities with most of the civilian population of both the United States and the Soviet Union was undefended the strategic deterrence of both countries would be enhanced. The Coalition for Peace Through Strength defines this further: "The central point in the rationale was that if the population centers of both nations were undefended, neither side would risk an attack on the other because the retaliation would have maximum effect and would destroy an intolerable percentage of the population."

Under this doctrine the civilian population of America has in fact been made a hostage of the Soviet Union.

"At the time the MAD theory first appeared, neither U.S. nor Soviet ballistic missiles were sufficiently accurate to be a threat to the strategic weapons of the other side. All ballistic missiles were targeted against cities and 'soft' industrial and military facilities."

Under the delusion of this MAD doctrine our nation's defense officials dismantled our strategic air defense forces and delayed the development of an anti-ballistic missile system, then destroyed it after it had been built at a cost of billions of dollars to the American taxpayers.

The Coalition informs us, "Despite the advances in the accuracy of both intercontinental ballistic missiles and submarine launched ballistic missiles, the doctrine of Mutual Assured Destruction still governs the U.S. approach to strategic defense."

"In contrast, the Soviets made clear their disagreement with the doctrine of MAD when U.S. officials first discussed it at the SALT negotiations. They described it as 'barbaric.' On the basis of traditional respect for the factor of defense and on the basis of extensive studies on the nature and effects of nuclear war, Soviet leaders decided more than fifteen years ago to build a mammoth air defense system, along with the best anti-ballistic missile system that their technology could provide. These systems were backed by a comprehensive civil defense system designed to provide protection for Soviet civilians in their homes and at their places of employment."

The Soviets agreed to the Anti-Ballistic Missile Treaty under SALT I, not because they endorsed MAD, but to prevent the United States from putting into place a better system than theirs, which would have given us the strategic advantage.

"Because of the Soviet emphasis on defensive systems, assured destruction is no longer mutual. When Mutual Assured Destruction is not mutual, it becomes Assured Destruction for the nation which does not defend itself." I agree with this conclusion of the Coalition of Peace Through Strength.

**"Profit": No Dirty Word**  
 The balance of power in Washington is shifting to the Southwest and South, and citizens can expect to see a change in federal laws, Speaker of the House Bill Clayton told a Beaumont audience last week.

Clayton said the population growths in those parts of the nation will result in more votes in Congress—and Texas will receive two additional congressional seats.

New industries and residents come here because "the people in Texas don't think profit is a dirty word." The result in Congress, Clayton said, will be "a lot of difference in the formulas written for federal regulations."

# "SAVING ME MONEY?"

**HOW?"**  
 Lone Star has the lowest distribution costs of the 4 major gas utilities in Texas.\*

We've done a better job of controlling our operating costs than any other major gas utility in Texas three years in a row: 1976-1977-1978. \* And we plan to do it again in 1979, because it's one way we can save you money.

Lone Star's operating-distribution costs include wages and salaries, the leases on our offices and facilities, taxes, supplies, maintenance, repairs, depreciation on our equipment, and scores of other things.

Gas is naturally efficient, naturally economical. Our low distribution costs make it an even better value for you.

**Shirley Monday and Gregg Wilde United**

Shirley Monday became the bride of Gregory Wilde on Saturday September 1 in a Nuptial Mass and double ring ceremony officiated by Father Stephen Eckart in Sacred Heart Church at 5:00 in the afternoon.

The daughter of Mr. and Mrs. Andy Monday and the son of Mr. and Mrs. Ray Wilde were married before an altar decorated with candles and arrangements of yellow and apricot gladioli. Pews for the parents and relatives were marked with apricot ribbon bows.

The bride was presented at the altar by her father. She wore a formal length gown fashioned in the traditional elegance of silk crepe and imported silk venise lace in diamond white. The nostalgic gown, designed with an empire bodice, featured a sheer yoke with an overlay of venise lace, extending to form a high neckline. Long full bishop sleeves and close fitting cuffs were applied with matching lace, and lace appliques defined the waistline. The skirt was circular in design

with a cluster of fullness unfolded across the center back, sweeping into a chapel length train. Both, hemline and train were edged with venise lace, and a deep applique of lace traced a design in the front of the skirt. Her imported silk illusion veil was lace edged and fell from an open bonnet of venise lace.

Her bridal flowers were carried in a cascade of lily of the valley, stephanotis, yellow and apricot roses, daisies and matching ribbon.

In keeping with tradition, the bride wore a birthdate penny in her shoe and borrowed a ruby and pearl ring from her grandmother, Mrs. Andy O'Connor.

**Attendants**

Mrs. Kenya Endres of Muenster was the matron of honor and bridesmaids were the bride's sisters Mrs. Dolores Wimmer of Edmond, Okla. and Mrs. Joan Covington and, the groom's sister Mrs. Joni Sturm, and Clara Knabe all of Muenster. Their dresses were identically designed of apricot sheer

fabric, with spaghetti straps, capelets and three tiered skirts.

They wore apricot and yellow daisies in their hair and carried long stemmed roses tied with babies breath and apricot ribbon.

Melody Wimmer of Edmond and Scott Wilde, of Muenster, niece and nephew of the couple were flower girl and ring bearer.

Carl Pagel was best man and groomsmen were John Monday and Danny Wilde, brothers of the couple and Bob Endres and Eddie Serna, all of Muenster.

Ushers were Roy Monday, bride's brother and Chris Cain, groom's brother-in-law. Mass servers were Craig Monday and Stanley Wimmer, nephews of the bride.

Wedding music was given by Mrs. Juanita Bright, organist, and the vocal group of Mmes. Debbie Hess, Diane Grewing and Vickie Fisher.

**Reception**

A reception followed in the Sacred Heart Community Center. Tina and Renee Wilde, groom's sisters registered about 200 guests at a table covered with lace, and holding the white Unity candle in a wreath of apricot flowers.

The bride's table carried out her chosen colors and held candles, ivy, ribbons and bells. The three tiered wedding cake was served by Mrs. Betty Rose Walterscheid, Mrs. Joyce Monday, Dayna and Tina Wimmer, Michelle Monday, Vanessa Covington, and Mrs. MaQuita Gossett.

Dinner was catered by Mrs. Gertie Wimmer; and Doug Martin and the Rustlers played for dancing.

Both the bride and groom are graduates of Muenster High School. She is employed at Fischer's Meat Market and he is employed at National Supply Co.

The rehearsal dinner on August 26 was hosted by the groom's parents for 30 guests and catered by the Ed Schneiders. A miscellaneous shower on August 25 was hosted by bridesmaids and Mmes. Joyce Monday and Jan Cain.

**4-H Has Program On Bike Safety**

Bike riding is the fun way to good health, good times with friends and good challenges on maintaining a safe bike on the road and in town. Cooke County 4-H is offering a special program on Bicycle Safety.

On Saturday, September 15, youth have an opportunity to attend the 4-H Bicycle Rodeo project at Whaley Methodist Church on 701 Rosedale from 9:00 a.m. to 12:00 p.m. A film on bicycle safety rules and an obstacle course to be covered by the young bicyclist will be the program format. This education program is conducted by the Texas Agricultural Extension Service to serve people of all ages, regardless of socio-economic levels, race, color, sex, religion or national origin.

All youth participating must bring bicycles and will receive a 4-H Bicycle decal for their bikes, plus credit for achieving this 4-H project. The course will be led by Officer Lewis Schaflander of the Gainesville Police Department.

**Mary Herron Is Birthday Honoree**

Mrs. Mary Herron of St. Richard's Villa was treated to an all day outing on her 75th birthday September 1, by her son and daughter-in-law, Mr. and Mrs. Wilfred Sicking.

After noon dinner in a Gainesville Restaurant, they drove to Pilot Point to visit Mrs. Herron's daughter and family Mr. and Mrs. Jerry Pels and children. There Mrs. Herron met some of her great-grandchildren, ages 3

years and 14 months, and other grandchildren.

Mrs. Pels served cake, fresh fruit and coffee. The Sicking's and his mother returned home that evening. A resident of St. Richard's, Mrs. Mary Herron was happy to find waiting for her gifts from her out of town children and many cards from friends.

**Garden Center Bulletin**

Remember those purple Blooming Weeds, that winter grass, dandelions and other weeds you had in your lawn early this spring. They all sprouted last fall in September or October. There is a product out called **BALAN** that looks like and is spread like a fertilizer that when applied in the fall will prevent those weeds from sprouting. Best of all it is perfectly safe around trees and shrubs. Come by the Muenster Garden Center and pick up your Balan now.

While you're at it, now is also an excellent time to apply fertilizer to your lawn, tree and shrubs. This gives these plants the needed boost to go thru the winter and come out strong in the spring. Recent A&M Tests show this is probably the most important time of the year to fertilize.

**Program of Young Homemakers Told**

The State Association of Young Homemakers of Texas is a chartered organization for young adults interested in homemaking. The organization is formed exclusively for educational purposes with reference to homemaking. The overall goal of Young Homemakers of Texas is to provide creative opportunities for young adults in maintaining effective personal, family and community life. Members learn new skills and gain information contributing to home and family living and community membership.

Active membership is open to young adults not enrolled in high school and who are not over 35 years of age. Eligible members may be single or married. Individuals over 35 may become associate members upon payment of dues with the rights and privileges of active members, except that of holding office and voting.

The State Association of Young Homemakers is composed of chapters in the 10 supervisory areas of Home-making Education. Chapters form area organizations and have representation on both area and state executive committees and at state and area conventions.

Each chapter develops a program of work, including projects which help achieve the purposes of the Association. Local plans are based on a state program developed from suggestions submitted by local members and adopted at state conventions.

State and area recognition awards are given to outstanding chapters, outstanding new chapters, and to the Future Homemakers of America recommended by local Young Homemaker chapters as outstanding in their work in the home, school, and community. Winners are honored at area and state conventions.

Young Homemaker Week is being observed September 16 thru 22. Invitation is extended to any interested eligible young homemaker to join and become active in this growing organization.

The emphasis project for 1979-1980 is: "Developing the Total You through YHT."

Mr. and Mrs. W.L. Smith of Denver spent the recent holiday weekend with her parents, the Herman Swirczynskis, from Saturday through Tuesday. A guest on Labor Day was Pamela Ehrsam of Denton.

**Pearl Richardson Is Party Honoree**

Mrs. August Fleitman and daughter Melinda helped celebrate the September 5 birthday of their mother, and grandmother Mrs. Pearl Richardson last Wednesday. A special cake was made by a neighbor friend; the theme carried out a basket of forget-me-nots, daisies and roses. Other floral gifts were from a daughter and son-in-law, the Robert Bush family of Rochester, Indiana. Another was from a son, Lesley Richardson of Shreveport. And a third from a neighbor, Bea William. There was also a special gift from her family.

Cake, ice cream and a soft drink were served by Mrs. Richardson's daughter, Laverna. Also attending was Mark Richardson of the home.

Phone 759-4311, or send to Box 190, Muenster, 76252, to share news of interest with out-of-town friends, relatives, or former residents.

**SNAP Menus**

Tuesday, Sept. 18 - Ham Patty with Fruit Sauce, mashed sweet potatoes, seasoned green beans, dinner roll, margarine, oatmeal cookies (2), milk.  
Wednesday, Sept. 19 - Pinto Beans with Ham, seasoned

turnip greens, creamy carrot/pineapple salad, cornbread, margarine, fruit in season, milk.

Thursday, Sept. 20 - Meat Loaf with gravy, seasoned lima beans, chopped broccoli, cornbread, margarine, rice pudding, milk.

**Proclamation**

WHEREAS the Young Homemakers of Texas strive for development and a deeper understanding of the home and its influence upon the community, and

WHEREAS they undertake activities designed to improve the home and community, and

WHEREAS they seek to strengthen the bond of the family, maintain spiritual values, and encourage democracy in home and community life,

I THEREFORE hereby proclaim the week of September 16 to 22 as Young Homemakers' Week in Muenster.

Leonard J. Endres, Mayor

Officers of the Muenster Chapter of Young Homemakers of Texas are, l. to r. Mrs. Joni Sturm advisor; Mrs. Debbie Fisher historian; Mrs. Glenda Russell reporter; Mrs. Cathy Sicking secretary; Mrs. Pam Dangelmayr vice president; Mrs. Sue Trachta president. Not pictured is Mrs. Janet Fisher treasurer.

**YOU CAN BANK ON IT!**

There is a great deal of discussion about recession today. What is it, if so, when did it happen, etc. Most simply defined ... a recession is when the economic activity of a country is reduced from one time period to the following time period.

Confusion to the exact point such as a slowdown or recession occurs comes from the complex economic indicators used to gauge economic activity. Members of the National Bureau of Economic Research, who officially define such things as recessions, say there must be a downturn in economic activity for at least two quarters from several different economic areas. Areas of indication which are watched include the Gross National Product (GNP), personal income and employment.

The most commonly used method for determining recession uses a relatively simple historical guideline. Economists refer to post World War II economic history which has shown that every recession, since then, has been preceded by two consecutive quarters of declining GNP.

**Young Homemakers Have Installation**

Formal installation ceremonies were held for the Muenster chapter of Young Homemakers of Texas on Wednesday, September 5 at 7 p.m. in The Center Restaurant. Emphasis was placed on "Developing The Total You Through YHT," theme of the '79-'80 project year.

Leading the Young Homemaker chapter will be Sue Trachta president; Pam Dangelmayr vice president; Kathy Sicking secretary; Glenda Russell reporter; Debbie Fisher historian. The installing officer was Sharlene Schilling, retiring '79-'80 vice president.

Dinner was served to 17 members including two new members, Nancy Pagel and Jane Hennigan. Lou Moster gave the devotional. Joni Sturm, chapter advisor, gave the welcome. Sue Trachta conducted the business meeting. Tentative programs and projects were accepted. Decision was made to retain meeting dates and dues as last year. Annual dues are payable by October 3.

Young Homemaker Week will be observed by members from September 16-22.

Members were reminded to bring their yearbooks to Sue Trachta at the Muenster Bank by September 22. Announcement was made of the Area V convention and Awards Banquet in Plano on September 22. Members planning to attend need to notify Sue Trachta at 759-4889 or Joni Sturm at 759-2724 before September 17.

The next meeting will be held on October 3 in the Muenster Public High School Homemaking Department.

**BIRTHS**

Mrs. Ruth Needham is now telling proudly about her second great-grandchild born within the past month. A daughter, Jean Margaret was born to Mr. and Mrs. Jack Webster of Dayton, Ohio on September 3, 1979 about 9 a.m. weighing 8 lb. 4 oz. The little girl is the granddaughter of Jack Needham. Mrs. Jack Webster is the former Jacqueline (Jackie) Needham.

Report your News to the ENTERPRISE 759-4311

**Flusche Baptism**

Greg Flusche was baptized in Sacred Heart Church Sunday evening September 9 at 7:30, with Father Stephen Eckart officiating. Greg is the infant son of Mr. and Mrs. Jack Flusche.

The baptismal sponsors were an uncle and aunt, Mr. and Mrs. Harold Flusche. The little boy wore his mother's baptismal dress; the blanket used was made by his great-grandmother, the late Mrs. John Walter (Susie).

Also attending the baptism were the grandparents, Mr. and Mrs. W.J. Miller and Mr. and Mrs. J.P. Flusche; and the parents; the godparents and their children; and Mark Miller and Bill Flusche. The W.J. Millers hosted a family party in their home, following the church service.

**of Muenster Public School**

**Seniors**

Class officers elected by the Seniors on Sept. 5 are Mark Felderhoff president, Roland Serna vice president, Kim Walterscheid secretary, Lou Dyer treasurer and Julia Bright reporter. Also chosen were class favorites, Lou Dyer and Kevin Klement.

**Juniors**

Junior class officers are Jo Ann Gibson president, Glenn Fisher vice president, Barbie Wimmer secretary, John Zimmerer treasurer and Ricky Winn reporter. Class favorites are Jo Ann Gibson and Monte Wimmer.

The Junior Class will sell pennants at football games. The project will add to the fund for the junior-senior prom and banquet.

The Hornet basketball team is selling jackets and windbreakers to build a fund for uniforms and equipment.

**Bake Sale**

The junior class at Muenster Public High School will sponsor a bake sale on Saturday, September 15, 8 a.m. to 4 p.m. at Fischer's and Hofbauer's. Your patronage will be appreciated.

**Kindergarten**

Kindergarten classes of Muenster Public School are getting adjusted to the school environment. They are busy at work in their first activity book, The Triangle Shapebook. Nineteen pupils attend the morning class and sixteen attend the afternoon class.

**Birthday**

Douglas Hennigan was six years old on Wednesday, September 5. His mother, Mrs. Donald Hennigan and his brother Jay brought refreshments of punch and decorated cupcakes to observe the day. Douglas distributed special treats to his classmates.

**Tiger Tales**

Sacred Heart students are busy with school activities since opening day August 24. There are many new classes available this year including Home Economics and German.

**Student Council**

Student Council officers are Bert Miller president, Rhonda Endres 1st vice president, Virginia Bartush 2nd vice president, Tim Voth secretary, Bert Knabe treasurer. Members of the Student Council include the four class presidents and class representatives.

First Student Council activity was sponsoring the "Spirit Jug", in which the objective of each class was the fill the jar with pennies. Opposing classes tried to fill the jar with silver coins, which subtracted from the total. The class with most pennies won.

Friday, September 7 was blue jean day. All high school classes were allowed a lunch break from 11 a.m. to 1:30 p.m. for a watermelon eating contest. Class representatives and a faculty member tried to eat as many pieces of watermelon as possible. Winners got points toward "Super Class of the Year." Freshmen tied with seniors and received 3rd place in the watermelon eating contest. Sophomores got 4th in the Spirit Jug and 2nd in watermelon eating contest. Sophomores are last year's Super Class. Juniors received 3rd place in the Spirit Jug and 4th in the watermelon eating. Seniors tied with freshman for first place in the Spirit Jug and watermelon contest.

**Freshmen**

Freshman class officers are Darrell Herr president, Curtis Rohmer vice president, Wade Walterscheid secretary, Curtis Rohmer treasurer, Greg Walterscheid reporter, Laurie Endres class representative.

**Sophomores**

Sophomore officers are Susie Felderhoff president, Sharon Voth vice president, Tina Hesse secretary, Donna Trubenbach treasurer, Darrell Swirczynski reporter, Mark Miller class representative.

**Juniors**

Junior officers are Gina Hofbauer president, Kirk Mollenkopf vice president, Angie Bartush secretary, Shellie Walterscheid treasurer, Terry Flusche reporter, Tammy Henschel class representative.

**Seniors**

Senior officers are Phil Walterscheid president, Paul Bartush vice president, Missy Flusche treasurer, Christy Felderhoff class representative. No names were reported for secretary and reporter.

Excitement and spirit are on the upswing as football season advances. Students wish to thank all who supported the Tigers by buying ads for the programs.

**Creighton Quits State Senate Job**

Senator Tom Creighton of Mineral Wells has announced that he will not seek reelection next spring.

"It is an honor to serve in the Texas Senate and I am most grateful to all my friends and supporters who have permitted me 20 years of service in the Senate. I plan to return to Mineral Wells and devote full time to my law practice", Creighton said.

**SH School Menus**

Sept. 17-21  
Monday- Sloppy Joes, french fries, fruit salad, milk.

Tuesday- Chicken and Noodle Casserole, pea salad, cantaloupe, homemade bread, butter, milk.

Wednesday- Mexican Casserole, tomatoes, lettuce, chili beans, jello, bread, milk.

Thursday- Fried Ham, mashed potatoes, green beans, pudding, bread, peanut butter, milk.

Friday- Salisbury Steak, mashed potatoes, corn, apple rings, bread, milk.

A clever person puts his problems away for a brainy day.

### Isenhours Have Belgium Holiday

Lenora and Gene Isenhour, Air Traffic Control Officers on Army assignment in Germany, have written her parents, Mr. and Mrs. Eddie Fleitman to tell of a recent weekend spent in Gent, Belgium, where they were guests of Bert and Bea Mandonx. Bea and Lenora have been pen pals and friends since their high school days.

It was Gene's first trip to Belgium but Lenora had spent several Christmas holidays with Bea and her parents in Brugge, Belgium.

The Isenhours arranged the trip to coincide with the Mandonx' vacation from their work in Kinshasa, Zaire, where they are members of an organization similar to the American Peace Corps. He helps instruct the people in agricultural practices and she takes care of expectant mothers. They showed slides depicting their work during the past two years. They will return to another location in Zaire later in October.

The hosts took the Isenhours on a tour of Gent and all visited in Brugge with Bea's parents and family members. Here they also attended the Festival of Canals and shopped at an Open Air Market where animals, birds, reptiles and flowers were being sold.

Lenora mentioned that the weather was both hot and cold, changing suddenly.

### Garden Club Hosts County Members in Flower Seminar

A "Show Your Flowers" Seminar was held Wednesday, September 5 in the Cooke County Electric Co-op Building, sponsored by the Muenster Garden Club.

The instructor for both afternoon and evening programs was Mrs. John D. Cooper (Aileen). She is a nationally accredited instructor and an amateur accredited judge. With an impressive background in Art Education, she holds teaching certificates from Mississippi State College for Women and Southern Illinois University.

She has served her garden club in Dallas in various capacities as well as other Dallas groups on the local, district and State level. Mrs. Cooper helps organize flower shows, instructs Flower Arranging Workshops and lectures in the D/FW area. Her versatility in flower show competition is demonstrated by a list of blue ribbons too numerous to count!

During the afternoon session Wednesday, Mrs. Cooper lectured on Flower Show Procedure; in the evening she gave a Floral Lecture and Demonstration, constructing about a dozen outstanding arrangements.

Garden club members from Gainesville and Muenster attended both sessions. At the close Wednesday evening, door prizes were drawn and lucky winners were given the flowers used in the demonstrations.

The seminar preceded the Muenster Garden Club's Flower Show, scheduled for October 20. Theme of the show will be "Happiness Is ... A Holiday!"

A follow-up planning meeting was held Monday night, September 10 in the home of Mrs. King Koch. Schedules were distributed and assignments were drawn for arrangements to be shown at the Flower Show by members.

The flight of John Glenn Jr. the first American to orbit the earth, lasted four hours, 55 minutes and 23 seconds.

### SH Alumni Elects John Bartush as '79-'80 President

In election of officers held Sunday night by the Sacred Heart Alumni Association, John Bartush was chosen to lead the organization for the '79-'80 school year. Other officers are; Tommy Hesse vice president; Mrs. Wayne Grewing (Peggy) secretary; Monica Hartman treasurer.

Retiring officers who served last year are Tommy Hesse, Charles Bayer, Mrs. Angelo Nasche (LaVerna) and Mrs. Erwin Henschel (Carol).

Tommy Hesse presided for the business meeting in the SHH Library. Members discussed the Homecoming scheduled for Saturday November 17, and made plans to observe the event. A Happy Hour 6 to 7 p.m. will precede the Tiger-Notre Dame game, which begins at 7:30. A dance in the Community Center will follow the game. Cherry Rhone will play for dancing. Everyone is welcome to attend the dance.

Sylvan Walterscheid reported that the new Press Box will be used for the first time Saturday night for the game with Alford. The press box was built by Julian Walterscheid and his sons, Darrell, Jesse and Wayne Walterscheid. Mark Hess said there will be a SHH Alumni Football game at the end of the season. More information is available at 759-4245.

Refreshments were served following adjournment.

### Kansas City Visit

Mrs. Ann Walterscheid, Mrs. Willie Walterscheid, Mrs. Larry Gobble, Mrs. Clarence Hellman all of Muenster and Mrs. Monte Hellman of Dallas flew to Kansas City Thursday, September 6 to visit Mr. and Mrs. C.J. Newman and family.

While there, they saw many tourist highlights and the old flood area. Their hosts took them for a special dinner in a Japanese Restaurant.

Alice Richardson, a neighbor friend, hosted dinner in her home one evening, and another neighbor, Fritz Hermantrout accompanied the Newmans to meet their plane upon arrival. The Texas group returned to DFW Sunday evening.

Proof that man descended from some type of animal lies in the fact that half the world goose-steps while the other half pussyfoots.

Texas Power & Light Company began a massive program back in 1968 to reduce its dependency on natural gas and oil by using lignite coal as a generating plant fuel. The first lignite-fueled generating unit began operation in 1971. Today, there are eight lignite units in service and five others are under construction or being planned. In 1978, we used 9 million tons of lignite coal to produce electricity. Had we used oil to generate the same amount of electricity, it would have required 882 million gallons... that's 21 million barrels... and that can make a lot of gasoline. We're working hard to do our part to help ease the energy crisis.

**Karla Yosten, DanPer Stevenson Exchange Vows in 2 Ring Nuptial**

MRS. DAN PER STEVENSON

The wedding of Karla Yosten of Denison and Dan Per Stevenson of Dallas was held in Sacred Heart Church Saturday, September 8 with a late afternoon Nuptial Mass and double ring ceremony. Father Placidus Eckart officiated.

The bride is the daughter of Mr. and Mrs. Lee Roy Yosten of Muenster and the groom is the son of Col. and Mrs. James Stevenson of Sherman.

Escorted to the altar by her father the bride was wearing a formal white wedding gown of silk organza over taffeta. Silk lace with re-embroidered seed pearls was applied on the fitted bodice and formed scallops of matching lace around the portrait neckline, with the motif repeated on the soft full sleeves.

The A-line skirt was accented with an applique lace detail in the center front, and two rows of scalloped lace traced a pattern from the waistline down into the chapel train. Matching lace edged the hemline.

Her bridal veil of nylon illusion was waltz length, fitted as a mantilla to her head, and with a matching scalloped lace edge. She carried a bridal bouquet of white carnations, blue and green roses, white gypsophila, lace and ribbon florets with seed pearl accent. She also wore a cross and chain, gift from the groom.

**Attendants**  
 Bridal attendants were matron-of-honor Mrs. Lanie Yosten, cousin of the bride. Bridesmaids were Barbie Hess, bride's cousin and Astrid Stevenson, groom's sister of Sherman. Dressed identically, they wore gowns of green and blue taffeta with green and blue overlay and matching velvet ribbon bows. Their flowers were bouquets of silk green, blue and white carnations and roses.

Kerri Yosten, bride's sister was flower girl and Jimmy Stevenson, groom's nephew was ring bearer.

Tim McCoy, a friend of Dallas was the groom's best man. Art Anderson of Sherman, a friend and Arne Stevenson of El Paso, groom's brother were groomsmen. Arnold Yosten and Gene Yosten, bride's brothers were ushers; and Troy Yosten and Curtis Holland of Cleburne, brother and cousin of the bride, were Mass servers.

Anthony Luke, organist, played the traditional wedding marches. Vocal soloists were Linda Knabe of Gainesville, Mrs. Mary Francis Covington of Sherman, Pat Terry and Loy Ann of Gainesville. Mary Ann Jarvis was guitarist.

Following the ceremony the couple placed their Unity candle before the statue of the Sacred Heart, during a vocal solo.

**Reception**  
 A reception, dinner and dance followed in the Sacred Heart Community Center, hosted by Mr. and Mrs. Lee Roy Yosten and Col. and

Mrs. James Stevenson, parents of the couple. Vivian Yosten and Mrs. Connie Neito, bride's cousins registered 275 guests in the bride's book.

The bride's table, covered in white with lace overlay, held a pair of gold candleabra and angel-lights in blue and green; also English ivy and heart-shaped sand candles.

The three tiered white wedding cake, decorated with blue and green roses, stood over a blue fountain arrangement. It was served by Linda Knabe and Nita Browning.

Room decorations included a three-bell arrangement suspended from a center area, and a three-heart decoration over the dance floor.

The bride's traveling costume was a three piece suit with floral blouse. The couple will fly to Norway for their wedding trip. They will also visit his maternal grandmother who lives in Norway. When they return in October, they will make their home in Dallas.

The bride is a graduate of Sacred Heart High School and Grayson County College. She is a registered nurse, employed by Texoma Medical Center. The groom is a graduate of Mount Vernon High School in Alexandria, Virginia and the University of Illinois at Urbana, Ill. He is an electrical engineer employed by Texas Power and Light Co.

The rehearsal dinner on September 7 was hosted by the groom's parents at Rohmer's Restaurant. A miscellaneous shower hosted by Mrs. John Bartush and Barbie Hess was held in the Charles Bartush, Sr. home.

**County Soil Survey Available Through Stenholm's Office**

Congressman Charles W. Stenholm advises that he is providing copies of the Cooke County Soil Survey to the Upper Elm-Red Soil and Water Conservation District for distribution to those interested in having a copy.

The survey contains maps showing various types of soil, descriptions of each soil and its characteristics when used for farming, ranching, or as a site for homes or other small buildings, and as material for building roads, earth dams or other structures.

Demand for this publication can not be predicted accurately, but it is anticipated that it will be used for 25 years or more by landowners, managers, engineers, and other users of rural land concerned with agriculture and nonfarm uses in community development.

Anyone desiring a copy of the survey may contact the Upper Elm-Red Soil and Water Conservation District, c/o Soil Conservation Services, P.O. Box 340, Gainesville, Texas, or Congressman Charles W. Stenholm, U.S. House of Representatives, Washington, D.E. 20515.

**At U. of Arizona**

Mark Kuta returned to classes at the University of Arizona in Tuscon, following a vacation with his parents, Mr. and Mrs. Mark Kuta in Boston, Massachusetts. A former student at Harvard University in Cambridge while living in Boston, he later played on a semi-pro football team, "The Randolph Oilers". Mark's mother is the former T. Mae Spaeth of Lindsay. He has a number of relatives in Muenster, including aunts, Mrs. Wilfred Reiter, Mrs. Al Haverkamp, Mrs. Arthur Felderhoff and Mrs. Andy Schoech; and Miss Frances Spaeth of Gainesville.

**PUBLIC NOTICE**  
 BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS  
 SPECIAL ELECTION NOVEMBER 6, 1979

**PROPOSITION NO. 1 ON THE BALLOT (H.J.R. 108)**  
 House Joint Resolution 108 proposes an amendment to the Texas Constitution relating to the appointment and terms of notaries public. The proposed amendment would:

—Require the Secretary of State to appoint a convenient number of Notaries Public for the state; and

—Authorize terms of office of Notaries Public of not less than two years nor more than four years.

A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the appointment of notaries public for the state and for a term of not less than two years nor more than four years as provided by law."

**PROPOSITION NO. 2 ON THE BALLOT (H.J.R. 133)**  
 House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would allow the Legislature to enact laws:

—To provide for legislative review of the process of rulemaking by agencies in the executive department;

—To prescribe conditions for rules to take effect;

—To provide for suspension, repeal, or expiration of rules;

—To prescribe procedures; and

—To delegate powers to either or both houses or to committees of either or both houses.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for legislative review of the process of rulemaking by agencies in the executive department; to prescribe conditions for rules to take effect; to provide for suspension, repeal, or expiration of rules; to prescribe procedures; and to delegate powers to either or both houses or to committees of either or both houses."

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for legislative review of the process of rulemaking by agencies in the executive department."

Relatives and friends will be in Dallas Sunday, September 16 to see Lenny Walterscheid play in the Chicago Bears-Dallas Cowboys football game at Texas Stadium.

JV Hornets Beat Chico Kids 22-0

Paced by the tough running of Gary Klement, Dale Swirczynski and Jerry Serna, the Junior Varsity Muenster High bumped Chico's juniors 22-0 last week Thursday.

Klement had a big night, rolling up about 170 yards including a pair of touchdowns. Swirczynski and Serna each added about 70 yards and Swirczynski had the added pleasure of getting a touchdown as well. Furthermore, the boys were on the move again in the fourth period and ran out of time before they finished the job.

Their coaches liked what they saw. The junior Hornets worked together well in springing a productive offense and they were equally effective in putting together a good defense. Chico's offense was held to a few scattered gains.

This weekend will be rest time preceding a long steady schedule which starts on Sept. 20 when the JVs meet S&S on the local field. That game will be preceded by a junior high game with Era.

Tigers Will Meet Alvord Saturday

Prospects are bright for a hotly contested game Saturday night when Alvord's Bulldogs come here to do battle with the Sacred Heart Tigers. Kick-off time has been set for 8 p.m.

In looking over the situation, Coach Henscheid cautions that the 33-0 loss to Boyd last week is not really a good basis on which to judge Alvord. In the first place Boyd is a powerhouse and the favorite of its district. And furthermore the contest was a lot closer than the score indicates.

A better picture of the team is conveyed in the fact that it has lots of last year's lettermen back on the job, meaning good size up front and a fast, hard running backfield. Top priority defensively will be to keep those guys from getting loose.

On the other side, the Tigers, too, are looking good. Father Stephen and Virgil Henscheid are proud of the way they handled their job at Trinity Valley...the outstanding passing performance and the great pass protection which made it possible. With lots of time Kenny Hartman had lots of opportunity to find open receivers. Hopefully the passing game will be accompanied by a better rushing game Saturday.

Tigers...

had to give up the ball, and four plays later TV had to punt and the Tigers were 56 yards from the end zone. Hartman picked up 11 on two keeper plays then flipped to Kirk Mollenkopf who hit Mel Walterscheid with a halfback pass. The play went for 45 and the final TD.

The next series seemed to launch more Tiger success. Kenny Hartman intercepted, however the Trojans decided it was their turn to run the show. They stopped Sacred Heart on first series and started moving the ball. They advanced to midfield before kicking, and SH had to kick on its first series. Again the Trojans advanced but could not keep going. Six tries reached the 19, the first penetration of the game for Trinity Valley. The next four tries lost 6 and SH took over on the 25 with two minutes remaining. After that it was a matter of just running out the clock.

To Assistant Coach Virgil Henscheid, the game was a delight. He was especially pleased with pass protection which was the big factor in gaining 267 yards in the air, including four big scoring passes. Defense was good, too and held the foe to a total of only 121 yards while Sacred Heart made 367.

However, the rushing game was described as not up to par. The Tigers are spending extra time this week on blocking practice.

Statistics table with columns for SH and TV. Rows include First Downs, Yards Rushing, Yards Passing, Completions, Intercept by, Fumbles lost by, Punts, Penalties.

Hornets...

which Muenster started from 66 yards away. Kevin Klement ripped off 28 yards and Rusty Serna 20. A penalty gave 9 for free and Serna made the remaining 9 as the clock read :37.

The second period started like a continuation of the first. The Dragons lost a fourth down gamble in second series and Muenster had 47 yards to go. It was 10 plays on the drive, the big gainer being a 17 yard romp by Richey and Serna finished the job from the 1. Richey's PAT made

Hornets Promote Sale of Jackets

An opportunity to buy a sport jacket with colors letters and insignia of Muenster High School is currently being promoted by members of the Hornet basketball team. The effort has a double purpose of increasing use of supporting attire and raising money for a special equipment fund. The team gets a commission on every jacket sold.

Jackets are red with insignia and lettering in white and come in three weights: unlined windbreakers, medium weight lined and heavy weight lined.

The jackets are intended for adults as well as students. Interested persons are urged to have their orders in next Wednesday, the 19th by 10 a.m.

the count 38-0 at 6:35.

After that Muenster was stopped twice before scoring. Floyd Felderhoff's interception seemed to get them started but the fumble spoiled it. Then, after Chico's kick, they gained 44 yards to the 10 and turned south. The next four plays lost 8 yards. But after Frazier's fumble recovery they did better. Kevin Klement went 20 on two tries for the last TD.

Following Richey's interception Muenster appeared to be headed for another TD.

The effort got to the 18 and ended with a fumble. Chico had to kick on the first series an MHS promptly fumbled again. The Dragons were 37 yards away with seconds left and made a last effort to get on the board. As time ran out they were on the 23.

Statistics table with columns M, C. Rows include First Downs, Yds Rushing, Yds passing, Passes completed, Intercept by, Fumbles lost by, Penalties.

Women claim they dress to please men. If this were so they'd dress a lot faster.

**Hornets Are Ready For Kennedale Hi**

With a convincing win over Chico last Friday, the Hornets of MHS are setting their sights this week for the Kennedale Wildcats. According to the records, that will be quite a job...with the visitors classified as AA whereas Muenster is still near the bottom limit of Class A. Of course the Hornets re-

member that the comparison last year was about the same and the Hornets surprised the prognosticators with a 20-0 upset.

Well, the Hornets feel about like they did then, and they have visions of repeating their good work.

From what he has been able to hear, Coach Stinson

expects a tough contest with definite possibilities of winning. The victory rate about like the last year, with a heavy line and a pair of fine, good sized backs. Their only action reported here is a scrimmage with Blooming Grove, in which they broke even at 2-2.

After last week's opener Stinson said that his confidence in the Hornets is strengthened. Defense was especially good as Curtis Pagel, Don Frazier, Floyd Felderhoff, Rusty Serna and Gary Zimmerer allowed just a few scattered first downs. On the offense Kevin Klement and Tim Hermes stepped off big yardage and Phil Wolf, despite missing two past seasons, keeps improving his passing.

The game will be the first at Muenster High's brand new stadium. Kickoff is scheduled for 8 p.m. Friday.

If you have slippery outside doorsteps, try investing in some of those plastic stickers designed for the bottom of the bathtub, to make them less hazardous. They not only dress up the steps, but give you two feet on the ground.

This G-1000 M-M tractor with staged turbos, driven by Melvin Voth, will be in the 12000 Super Stock contest at Lindsay's tractor pull. It's powered by alcohol.

**Cubs Lose 30-0 at Trinity Valley**

Sacred Heart's Junior High Cubs were outsize, outnumbered and outclassed when they met the juniors of Trinity Valley last Saturday. And they were outscored 30-0.

About all they got was defensive experience while the young Trojans consistly ground out the yardage for four touchdowns.

The first drive started with a Cub fumble late in the first period. From the 26, TV gained to the 3 before being halted by Sacred Heart. But the Cubs could not move, so the Trojans got another chance and made good.

Second score followed a short time later, on next possession. Two plays went 33 yards for a TD, the second being a reverse for 25. Another run added 2. Trinity Valley led 14-0 at the half.

Starting the second period the Trojans were stopped once by a penalty before launching the second drive. The score was made on a 17 yard scamper, and extra points on another run.

TD No. 4 was made late in the final quarter and another run added extra points.

A reckless driver is one who passes you on the highway in spite of all your car can do.

**JCs Get Mention in State Magazine**

Muenster Jaycees got statewide recognition in the current issue of The Texas Jaycee Magazine for the "biggest bar on wheels," from which they served 258 kegs of beer at this year's Germanfest. A photo shows the big van type truck with 16 spigots on each side and a group of customers at the service area at one side.

A detailed description by Wayne Klement explains how the refrigerated truck was modified to provide storage at 35 degrees for some 90 to 100 kegs of beer along with inside facilities whereby the tapped kegs can be served through 32 outside spigots.

The efficient set-up allowed the Jaycees to accommodate the crowd without problems. The item mentions the Jaycees plan to make the truck available to other organizations for similar usage.

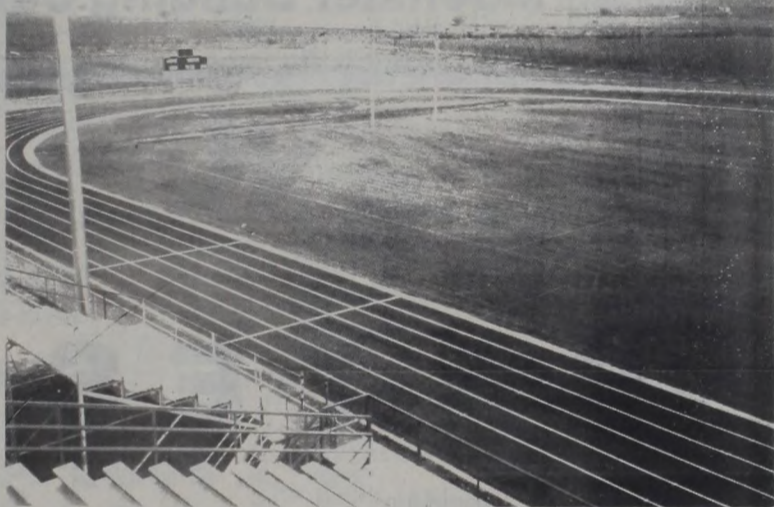

**Moderate and Dry**

Low and high temperature readings of the past week were recorded as follows by Steve Moster.

Thursday, Sept. 6, 72 and 97; Friday, 76 and 94; Saturday, 70 and 93; Sunday, 61 and 90; Monday, 60 and 88; Tuesday, 68 and 91; Wednesday, 68 and 93.

Following a completely dry week, the month's rainfall remains at zero and the year's measure remains at 29.62. The total for August was 1.99.

The Muenster School Board of Trustees thank the following firms and individuals for labor and materials donated toward the completion of the community's new all-weather track and football facilities.

# Forestburg News by Myrt Denham

There seems to be a slight hint of fall in the air here of late. I, for one, am ready for the fall season—never was very elated with summertime. So soon we will have that nice brisk weather and the geese will be heading south.

Mrs. Juanita Vice of Dallas and Mrs. Winnerfred Langley of Fort Worth spent Sunday night Sept. 2 and Monday Sept. 3 with their Aunts Mmes. Alice and Esther Shears. Mrs. Vice's husband and two sons and a friend joined them on Monday.

Labor Day weekend visitors in the home of Mr. and Mrs. Willard Freeman were Mr. and Mrs. Rex Miller and family of Red Oaks and Mr. and Mrs. Bob Colwell and family of Farmer's Branch.

Mr. and Mrs. Ross Littell spent the Labor Day weekend in Wichita Falls with Mr. and Mrs. Hal Walling and Mr. and Mrs. Craig Wallings.

Gene Sessums of Myrtle Springs visited with Mrs. Lula Sessums Sunday Sept. 2nd.

Recent visitors in the Eddy

McClure family of New Harp were Mr. and Mrs. Clayton Fenoglio and family of Bowie.

Things were a little busy but happy at the Fred Williams home over Mallard way on the Labor Day weekend. Helping make it that way were visitors: Mr. and Mrs. Danny Williams of San Antonio, Mr. and Mrs. Freddie Williams and Adam of Nocona, Mr. and Mrs. Lee Winningham of Bellview and Mrs. Hazel Johnson of Montague.

Another busy place was the home of Mr. and Mrs. Willie Orrell of the burg. Recent visitors of the Orrells were: Mrs. Julie Kodi and son Ted; Ted and Joni Orrell all of Seattle, Washington, Joe Tenney of Waco, Charlie Tenney of Denton, Mr. and Mrs. Russell Nunnally and son of Wichita Falls, Mr. and Mrs. Randy Russell and son of Gainesville, Mr. and Mrs. Paul Parkhill of Denton, Jeanette Montgomery of Greenwood and Mrs. Cleo Lanier of the burg. The Orrell's son "Buster" of Seattle, Wash., has also been here visiting them.

Mr. and Mrs. Price Truitt of Argyle and the Mallard Community returned home

Wednesday Sept. 5 after vacationing in the Northwest, Montana, Wyoming and Idaho—for two months. On Thursday night Sept. 6 the Truitts entertained the Perryman Denhams in their Mallard home with a Fish Fry.

Mr. and Mrs. Allen Mattingly of Dallas were visitors in the Ross Littell home Thursday Sept. 6.

Making their way over to Saint Jo on Friday Sept. 7 to visit with Mrs. Minnie Lou Martin were Mrs. Catherine Putnam and Becky of New Harp.

Ted Jackson must be preparing himself for further gasoline shortage—or else he figures hay is cheaper than gas—saw him out early Sat. a.m. the 8th "Cantering" merrily away on a mighty fine looking horse.

The Forestburg United Methodist Women's Group met Wed. p.m. Sept. 5 in the home of Mrs. Myrt Denham. Mmes. Alice Shears and Denham were in charge of the program. Attending beside the above mentioned were: Mmes. Lucille Littell, Decie Ellzey and Cleo Lanier—special guests were: Mmes. Pauline Dunn of Dymound, Vista Carter and Gladys Barclay of Dewey. After the program and a short business session the ladies enjoyed refreshments and a period of following they were joined by H.A. Dunn and Perryman Denham.

A very lovely wedding took place Saturday p.m. at 8 o'clock in the home of Mr. and Mrs. Clifford Hudspeth of Forestburg when their youngest daughter Paula was united in marriage to Charles Barber, son of Mr. and Mrs. Louis D. Barber of Burkburnett. Rev. George Thompson, Pastor of the Forestburg—Saint Jo United Methodist Churches, performed the ceremony. The bride was given into marriage by her father and her maid-of-honor was Rayann Lynch. Best man was Robert Hawkins. Those attending the wedding were:

Mrs. B.A. Harry, Rosston, grandmother of the bride; Mr. and Mrs. Louis D. Barber and Melinda, Burkburnett, parents and sister of the groom; Mr. and Mrs. Archie Peers of Alvord; Mr. and Mrs. Nivens and Phyllis of Denton; Mrs. Phillip Nivens of Bridgeport; Mrs. Harold Phillips, Mr. and Mrs. Ron Dejesso and Michael, Mr. and Mrs. Raymond Wood and Clifford Ray, Mr. and Mrs. Jackie James, Mrs. Gerald O'Brein, Mrs. D.W. Ensay of Altus, Okla., Mrs. Malie Peers of Minnesota,

Mr. and Mrs. Dale Hudspeth and Leah, Mrs. Doyle Lynch and Leca of Forestburg, and Mrs. George Thompson of Saint Jo, Mrs. Donal Steadham and daughter Donna Kay of Forestburg. The young couple will make their home in Wichita Falls after a short wedding trip.

Mr. and Mrs. Marion "Red" Foster and family of Fort Worth visited her parents Mr. and Mrs. Blake Freeman Sunday Sept. 9.

Mr. and Mrs. Mike Benson were honored with a lovely wedding shower in the Forestburg Community Center Sunday p.m. Sept. 9. Mrs. Benson is the former Lisa Trammell—daughter of Mr. and Mrs. Arnold Shults.

Mrs. Lucille Littell and Mrs. Gretell Fanning received word Saturday night Sept. 8 that their niece & her husband, Mr. and Mrs. Thomas Orluske of Denver, Colo.—had been involved in a serious accident. Mrs. Orluske is the daughter of Mr. and Mrs. Hal Walling of Wichita Falls. Mmes. Walling, Littell, and Fanning are sister.

Perryman Denham had himself a "day-apart" from wife Myrt on Saturday Sept. 8th. He spent the day in Bowie—taking in the Flea Market, Cattle Sale, and visiting with his mother Mrs. Joe Denham.

Mr. and Mrs. Ted Jackson visited with Mrs. Buena Perryman in the Gainesville Convalescent Home Sunday evening Sept. 9.

Mrs. Cleo Lanier and granddaughter Phyllis spent Friday night Sept. 7 in Wichita Falls with Charles Lanier. On Saturday the 8th Cleo, Phyllis and Charles drove to Stamford and attended a picnic at Ericksdale Picnic Grounds, honoring Congressman Charles Stenholm. About 675 guests attended the picnic on the grounds near the Bethel Lutheran Church where Charles attended church in

his childhood. Many people visited the church also. A band furnished music and the program was not lacking for political figures and speakers as senators and representatives were present from Abilene, Wichita Falls, Lubbock and Grandbury. Stenholm did not make a formal announcement for reelection but stated he was "testing the water" and the water sure did look good.

Cleo and Phyllis returned home to Forestburg Sunday the 9th. They reported a most enjoyable trip and meeting some of the friendliest people they had ever met.

Mrs. Bess Orrell entered the Gainesville Hospital Monday Sept. 10 and is to undergo surgery on her left eye on Tuesday the 11th. We all wish this very lovely lady the best.

Mr. and Mrs. Clifford Hudspeth received word Saturday Sept. 8 of the birth of their very first great-grandchild—a girl. The young miss is the daughter of Mr. and Mrs. Danny Bolden of Houston. Mrs. Bolden is the former Tayna Woods, daughter of Mr. and Mrs. Raymond Wood of Wichita Falls. There are some inter-

esting firsts in this birth: the wee one is the very first great-great grandchild of Mrs. B.A. Harry of Rosston and Mrs. Bessie Hudspeth of the Bellmire Home in Bowie. She also has fine living generations on the Harry and Hudspeth side of her family.

Many Forestburg residents attended the funeral of William A. Tinney, 66, of Megargel, a retired welder and farmer who died last week Saturday in a Dallas hospital. Services were in the Church of Christ in Megargel and graveside rites were in Perryman Cemetery in Forestburg. Tinney is survived by his wife, Jessie; his mother, one brother, eight sisters, three daughters, nine sons, two step-sons, 32 grandchildren and one great-grandchild.

**Plano High Hosts Young Homemakers State Convention**

Homemakers from a large area of North Central Texas will be in Plano on Saturday, Sept. 22, for the Area V Convention of Young Homemakers of Texas, in Plano Senior High School at 4 p.m.

Featured speaker will be Mrs. Kenneth H. (Millie)

Cooper, homemaker and lecturer from Dallas on "The Joy of Living".

Mrs. Cooper has co-authored a book, "Aerobics for Women," with her husband, Dr. Kenneth Cooper, executive director of The Aerobics Center in Dallas, who developed the

Aerobics program, now the official conditioning program of the United States A.C. Co.

In addition, Mrs. Cooper has appeared on Virginia Graham's "Girl Talk" television show and Dinah Shore's television program, "Dinah's Place."

Mrs. Suzanne Murr of Azle will also be on the program to discuss spina bifida, a leading birth defect.

A Young Homemakers-Young Farmers Banquet will begin at 6:30 p.m. Mrs. Rita Crump, City Supervisor for the Mesquite schools, will be the speaker. A ventriloquist,

Mrs. Crump will present a program entitled "Tomorrow Happens Today."

A newlywed sought valiantly to console his little bride. "Darling, believe me. I never said you were a terrible cook. I merely pointed out that our garbage disposal has developed an ulcer."

**HOSPITAL NOTES**

The following patients were dismissed during the past week at Muenster Memorial Hospital.

Tuesday, Sept. 4: Weldon Sicking, Muenster; Mrs. Willie Jackson, Gainesville.

Wednesday, Sept. 5: Cecil Deckard (exp.) and Mrs.

Leon Westbury, Gainesville; Carolyn Davis, Valley View.

Thursday, Sept. 6: Darrell Pagel, Muenster; Earl Hurd, Era; Ronald Walsworth, Thackerville; Darcy Samples, Nocona.

Friday, Sept. 7: Henry Hacker, Karl Barnhill, Mrs. Ida Hesse, Albert Hess and Mrs. Joe Wilde, Muenster; Mrs. Roy Taylor, Sanger; Ira Whitehead, Gainesville; Mrs. Ethel Cook, Saint Jo.

Saturday, Sept. 8: Misty Vogel, Muenster; C.K. McCann, Victoria; Mrs. Anna Louise Dunn, Saint Jo; Mrs. H.D. Reid, Nocona; Jim Harry, Rosston.

Sunday, Sept. 9: Mrs. Tony Wimmer, Muenster; John Hale, Saint Jo; Harry Martin, Wichita Falls, Mrs. Herman Garcia and Garcia baby girl, Lindsay.

Monday, Sept. 10: J.D. Goff and John Tucker, Saint Jo; Mrs. Edna Capito, Forestburg.

**Frohsinn Plans For Oktoberfest**

Preparations are under way by the Frohsinn Society of Dallas for a special Oktoberfest celebration to coincide with this year's opening of the 169-year-old two-weeks festival in Munich, Germany. It will be held Saturday, Sept. 22, 7 p.m. in the Dallas Garden Center in Fair Park.

Features of the program include dancing "schnukeling" and sing alongs with music by a Bavarian band from Lawton and a 30 member male chorus. A German dinner will also be available. Dirndl and Lederhosen are encouraged.

This event is only the beginning of the German celebrations. Frohsinn will participate in a fest Sept. 29 at Der Schnapps Und Snacks Restaurant at Bachman Lake and on Oct. 27 at Trader's Village, Grand Prairie.

Between those dates the Frohsinn will appear in songs at the traditional Pioneer Ball Sat., Oct. 13, and on Sunday, the 14 it will participate, in Bavarian dress, at the State Fair's German Day.

Early birds last Thursday, Sept. 6, had an opportunity to enjoy this moon eclipse, with best quality visibility in this area of the past 20 years, and the last on schedule until 1982. It started at 4:18 a.m., reached total eclipse at 5:51 and ended at 6:17. These pictures were taken by Janie Hartman at 4:45 and 5:45. An eclipse is said to take place when the moon travels through the umbra or dark portion of the earth's shadow. —Photos by Janie Hartman

The Sacred Heart Tiger field will replace its old Press Box—the old one was too small. This new one was built by Julian Walterscheid and sons, assisted by members of the Sacred Heart Alumni. Completed recently, it will be used for the first time Saturday night for the Tigers—Alvord Bulldogs Football game.—Staff Photo

Myra hosted 669 visitors at a barbecue supper in the Myra park last Saturday night. The highly successful project was a community wide effort to benefit the Myra Volunteer Fire Department toward the purchase of a tank truck. A few of the visitors are shown in a portion of the serving line.

The menu included barbecued brisket, beans, oven-browned potatoes, relishes, home-made bread, pies and cakes, tea and coffee. Four hundred and fifty pounds of meat were prepared also 60 lbs. beans, 320 lbs. potatoes, 60 gallons of tea and 12 gallons of Kool-Aid.

### Confetti...

wise governmental overregulation. He added that most obstacles to increased coal production and use are governmental. Overly restrictive environmental laws of recent years have made it difficult and costly both to mine and to burn coal.

While agreeing with Carter on developing a synthetic fuel industry for better use of vast shale and coal resources, Tower thinks prior attention should be given to immediate needs such as stepped up activity in developing offshore and public lands leases, as well as expanded refinery capacity.

### Carnevale Attends Financial Seminar

Chuck Carnevale, who serves Gainesville as the local registered representative from the stock brokerage firm of Edward D. Jones & Co. recently attended a special financial planning seminar at the firm's home office in St. Louis, Mo. Chuck has been serving the community of Gainesville since April of 1975.

He was one of 25 registered representatives attending this seminar. The meetings serve as part of an on-going program of the firm to keep its registered representatives informed and up-to-date on current trends in financial planning. Edward D. Jones & Co. has over 230 branch offices in 29 states, and is in its 108th year of operation.

Jim Skinner, regional vice president of American Funds, addressed the group on corporate pension and profit-sharing plans, as well as financial planning for the individual. Jim O'Conner, Nooney Real Estate Properties, spoke about developments in tax laws relating to tax shelters and methods of deferring taxation on investment income. In addition, other investment products

were discussed at length, including common and preferred stocks, tax free bonds, corporate and municipal bonds, and tax sheltered investments. All information was designed to assist the Jones' representative in better serving the investment needs of local clients.
