NUMBER 53

We keep hearing about Ronald Reagan's sensational victory, the landslide of public approval he received in spite of the support which had been pledged to Carter by groups like big labor, Blacks and Hispanics, abortionists and gays, and the welfare crowds along with the employees and beneficiaries of our wasteful big government.

While giving due credit to Reagan and his campaigners for their successful race, and also to many senators and representatives and state officials, we have to understand that something more has happened. America has just experienced a revolution. Voters have indicated clearly that they want a change from the direction our country has been following in recent years, and especially the present administration.

The millions of average citizens who work hard and have a third or more of their income taken away by big government, who are shocked by official leniency toward criminals and other moral delinquents, who are alarmed by official policy of aiding our enemies and betraying our friends in the global struggle for freedom...all of these people and many more have voted a mandate for the return of good old values on which our nation grew and prospered.

It's understood, of course, that Ronald Reagan has been assigned the colossal job of bringing order out of the chaotic conditions our nation deplores. And that will be a big job. We've been told that employees on Civil Service have the best job security. Reducing the payroll under that condition will be a problem. Besides, many of those people are set in their ways and not likely to be cooperative in changing the system that has favored their pet ideas and personal interests.

There is still another problem. It concerns the obvious fact that government could reduce its payroll by 10 percent or more while improving on its efficiency and reducing its regulatory burdens on us citizens. But that would cause unemployment problems. The more one thinks about this situation, the more he understands that cleaning up the mess will be lots tougher than it was to make it. Nevertheless millions of people are betting on Reagan and like-thinking people of the Senate and House of Representatives to start working promptly on their era of reformation.

An item in Human Events a few days ago gives a hint of the many, many things that can be done in Washington. It says "At least one source of wasteful government spending has been cut back by the General Services Administration. GSA has had phones within the agency adjusted so employees cannot call time, weather and sports numbers at taxpayers expense. The claimed savings is estimated at over \$100,000 a month. Typical of the frivolous attitude among some government workers was one employee who bitterly blasted the new policy because he couldn't set his new watch. Boasting of the availability to workers of foreign phone lines, the worker said: "Maybe I'll just find out the time in Europe."

The sad fact is that this kind of record should not be surprising in the BSA. Fraud, abuse and mismanagement are about par in the scandal torn \$7-billion-a-year building and supply agency.

Also in Human Events, Donald Lambro has an article stating: "The clear consensus among investigators, auditors and regional officials is that abuse, waste and fraud continue to proliferate because reforms initiated by Administrator

Tax Statements Arrive

The annual shock in the form of tax statements arrived in local mail boxes during the weekend, and all of them came together. In letter form the county tax office were a bill from Muenster Independent School District and another combining the assessments for the state and county and County College.

Muenster Hospital District did not assess taxes this year. After its debt payment was completed it needs money only occasionally to provide for indigent patients.

Regarding the city tax, Celine Dittfurth, city secretary said 623 statements were mailed for a total valuation of \$19,532,795,

which is assessed at 100% of the actual value. At the city's tax rate of 50 cents per \$100 of valuation, the yield of revenue should be \$97,663.97. However at the normal collection ratio of 98 percent the expected total is estimated at \$95,710.

The city's tax is some 19% higher than last year. At that time the taxable value was assessed at 50 percent of actual value and the rate was 70 cents per \$100 of valuation. By comparison, a property of \$10,000 would have a tax valuation of \$5,000 and the tax, at 70 cents, would be \$35. This year the \$10,000 property has a tax valuation of \$10,000, and the tax, at a 50 cent rate, is \$50.

Area Gets Earliest Snowfall

People who guessed that last Monday's snowfall was the earliest ever in Muenster were right and wrong. It was the earliest measurable snow, an earlier snow being recorded only as a trace which fell briefly and melted immediately.

Checking back over his moisture records, Steve Moser found the trace in November 6, 1951. But Monday's snow measured an inch and some of it remained until about noon. During that time thawing temperature prevailed, so warmth of the ground or air, or both, could have melted it. Also, the snow was damp

and compact. The measured inch melted down to .21 inch of moisture.

Among other rather early snow dates found by Moser were 2 1/2 inches on November 21, 1972; 1 inch on Nov. 23, 1957; and a trace on Nov. 28, 1968. Earliest recorded date for freezing rain was Nov. 2, 1972. Last year's earliest snow was a trace on Dec. 12 and again on Dec. 14.

Other moisture records of the past week are .20 on the 16th, .78 (including the snow) on the 17th and .03 on the 18th...which is all to date for November. The year's measure to date is 25.12 inches.

The first actual freeze of this winter came Tuesday night when the mercury dropped to 29 and vegetation wilted. Earlier

the plants survived through two readings of 32. Low and high readings of the week were recorded as follows by Steve Moser. Nov. 13, 49 and 74; Nov. 14, 46 and 60; Nov. 15, 38 and 42; Nov. 16, 32 and 41; Nov. 17, 32 and 40; Nov. 18, 33 and 51; Nov. 19, 29 and 55.

However, temperatures have been accompanied by wind. Chill factors were reported in the teens.

Community Will Have A Busy Thanksgiving

An eventful Thanksgiving Day is promised at the Community Center next week Thursday.

The feast will include turkey and dressing, sausage, mashed potatoes, gravy, sauerkraut, cranberry sauce, green beans, hot rolls, butter, pie, coffee and tea. Serving time is 11 a.m. to 2 p.m. Tickets at \$3.50 and \$2.00 are available at Fischer's, Hofbauer's and Modern Floors.

Another featured event is the big auction, at which people are invited to donate items no longer needed by themselves, but still useful. Also welcome, of course, are new items. Another attraction is the Cowboy game on TV in the meeting room. Many features will continue all afternoon.

Committee chairmen are as follows: Angelo Nasche,

general chairman, 759-2848 or 759-4386.

Mrs. Lawrence Martin, dinner, 759-4357. Mrs. Denis Walterscheid, Bar-B-Q sandwiches 759-4457. Walter Grewing, auction, 759-4256. Jim Vogel, auction, 759-2757. Roy Klement, auction 759-4534. Mrs. Leo Hesse, publicity, 759-2784.

Mrs. Wayne Grewing, ar-

ts and crafts, 759-4119. Mrs. Henry Starke, arts and crafts, 759-4194. Mrs. Ronnie Hoagland, cake walk 759-4552. Mrs. Andrew Schoech, candy and sweet shop, 759-2753. Mrs. Theo. Vogel, Country store, 759-4306. Mrs. Jim Voith, fish pond, 759-4235. Mr. and Mrs. Tony Rohmer, tickets, 759-4261.

Handcrafts Will Be Featured At Parish Thanksgiving Picnic

With only one more week remaining before the parish Thanksgiving Day picnic dinner and bazaar in the Community Center, Arts and Crafts Chairmen Mrs. Peggy Grewing and Mrs. Margie Starke remind

everyone that they are still accepting items for the arts and crafts booth. They are available to pick up items, if phoned at 759-4119 (Mrs. Grewing) or 759-4194 (Mrs. Starke).

Of special interest are Christmas centerpieces, decorations, tree ornaments, and items suitable for gift-giving. Other suggestions are ceramics, macrame, dolls, hand-sewn items, floral arrangements, pillows, paintings, needlecrafts or any handmade item. All arts and crafts will be gratefully accepted.

The sponsors and chairmen also suggest that this booth is ideal for early Christmas shopping. They will open their booth at 11 a.m. immediately following the Thanksgiving Day Mass and special Liturgy in Sacred Heart Church.

Boyd-Whitewright Will Meet at MHS For Bi-District

Muenster Public School will be the host Friday night, for the Class AA bi-district football playoff between the teams of Boyd and Whitewright.

As revealed by Superintendent Charles Coffey, game time is 7:30 p.m. Boyd, designated as the home school, will occupy the west-side grandstand and will present the national anthem. Whitewright, designated as the visiting

school, will occupy the east-side grandstand and will present the invocation.

Advance ticket sales, now in progress in the principal's office of Muenster High School, will continue until Friday noon. Prices are \$2.00 for students and \$3.00 for adults. Admission price at the gate will be \$4.00 for everyone, student or adult.

The game will be aired by radio stations of Sherman and Bonham.

Railroad Exhibit Coming to Morton Museum

Terminal, Station and Depot will be on view at Cooke County Morton Museum from Nov. 25 to Dec. 28, 1980. This exhibition was prepared by the Historic American Buildings Survey and is

being circulated by the Smithsonian Institution Traveling Exhibition Service.

In 1875 an architectural critic observed: "Railroad termini and hotels are to the 19th century what

monasteries and cathedrals were to the thirteenth century. They are truly the only real representative buildings we possess." Terminal, Station and Depot is an exhibition that spans one hundred years of America's railroad stations, from the first station built in Baltimore in 1830 to those constructed in the 1920s. The exhibition focuses not only on the railroad station as a unique architectural structure but also on the need to preserve and use these historic buildings.

There are twenty framed panels, each measuring 3' by 4' containing color and black and white photographs with silkscreened text. The exhibition was organized and researched by the Historic American Buildings Survey (HABS), of the National Park Service, an outgrowth of the Works Project Administration begun in 1930. The Survey collects and prepares historical and architectural data, photographs and measured drawings of significant American structures. These provide lasting documentation of America's buildings.

With Peter Cooper's invention of "Tom Thumb," an experimental locomotive, the railroad became a viable competitor of canal transportation. The train proved a speedier and a more dependable mode of trans-

Ray Jacksons Honored at Golden Wedding

Mr. and Mrs. Roy Jackson of Forestburg were honored with a 50th anniversary reception on Sunday, November 16 at the United Methodist Church Fellowship Hall.

The lovely party was hosted by their children Bill Jackson of Decatur, Quida McCandless of Floydada, Jewell Dill of Forestburg, and Shirley Brogdon of Miami, Texas.

More than 175 guests helped them celebrate the joyous day, including the four children, 11 grandchildren and their spouses and 12 great-grandchildren.

The anniversary table was covered with a white lace cloth that reached the floor. The centerpiece was an arrangement of gold and yellow mums and orange daisies, with the three tier, white anniversary cake trimmed in gold and bearing a gold 50 numeral as the focal point.

A crystal punch bowl with crystal appointments and a

gold coffee service completed the beautiful table. Granddaughters presided at the serving table and guest book. Mrs. Faith Sandusky assisted in the house party.

Mrs. Jackson was presented a white and gold corsage and Mr. Jackson was given a yellow rosebud boutonniere.

The Sunday morning church service at the United Methodist Church was dedicated to the honor couple. Mrs. Mary Hays presented a special solo: "One Common Life Together." The couple's family attended together.

Good News

Matthew 16. 24-25: Jesus said to the disciples, "If anyone wants to be a follower of mine, let him deny himself and take up his cross and follow me. For anyone who keeps his life for himself shall lose it; and anyone who loses his life for me shall find it again.

A Hint of Things To Come??

This staff photo shows the earliest snowfall on record in Muenster. It greeted early risers Monday morning but was "long gone" before school children could enjoy it.

Caroling Added to Yule Parade

Another event is added to the Christmas parade, drawing and Santa Claus visit on November 6. Lupe Evans, parade and drawing chairman, revealed this week that students of both local schools, grades 5 to 12, who are not involved in some other part of the parade are invited to join in singing Christmas carols. The only requirement is to wear a regular red and white stocking cap, as worn at both schools. Mrs. Juanita Bright will direct the group and Mrs. Rose Felderhoff will accompany on an organ or piano. The gathering will be in front of Gehrig's Hardware and will start singing at 1:45. This will allow

about a half hour of singing before the parade arrives.

Mrs. Evans adds that other details of the Yule season reception are also under way. She said responses to parade invitations are starting to come in and reports are good on plans for the drawing and Santa visit. She again urges cooperation between students and business firms in creating floats, the firms funding and kids doing the work. And in case of prize winning, the firms getting the glory and kids the cash. The parade prizes are \$100, \$75 and \$50 for the first three places.

More goodies will be won at the drawing, as gift certificates for \$100, \$50, \$50 and \$25 for the first four places. The drawing is sponsored by members of the Chamber of Commerce and registrations by persons over 16 will be in stores of the participating merchants from Nov. 28 until drawing time. The gift certificates will be redeemable at the stores of participating merchants.

A Community Christmas tree, to be provided and decorated by Muenster Jaycees will be located on the AMPI lot at Main and the Highway. Santa will come to town with the parade, then go to the Christmas tree to visit with the kids.

Persons, clubs, etc. who intend to enter the parade are asked to notify Lupe Evans to assist her with the planning. The following entry form is furnished for their convenience.

How to Apply for Sonic Boom Damage

Persons wishing to file claims against the United States government for payment of damages allegedly caused by aircraft noise (sonic booms) may get the proper forms for submission of their claim by writing to Mr. Railsback, STTC/SJA Sheppard AFB, TX. 76311. Handel's "Messiah" To Be Presented Dec. 8

The first of two performances of the eagerly anticipated presentation of Handel's "Messiah" during the coming holiday season will be held in Muenster.

In what has become a traditional means of ushering in the Christmas season, the Cooke County Symphony and Chorale will present the special treat on December 8 in Sacred Heart Church in Muenster and in the Gainesville High School Auditorium the following evening.

The Monday program will follow the evening Mass and those who wish to remain are welcome. Both performances are open to the general public. All denominations are invited to attend the performance December 8 in Muenster at Sacred Heart.

A donation of \$2.00 is being asked to secure tickets in advance. A donation of \$3.00 will be asked at the door.

Soloists this year will include Robbi Arendt Coffman, now attending NTSU and a former CCC student. She is the daughter of Mr. and Mrs. Artie Arendt and the granddaughter of Mr. and Mrs. Bill Otto, former Muenster residents. Other soloists are Cecelia Kafer of the CCC music faculty; Grant Williams, professor of voice at NTSU; and NTSU student David Blessingame.

Muenster singers in the chorale are Alan Bayer, Dr. Martin Kralicke, Tony Luke, Mrs. Pat Stelzer, Rene Stelzer, Marie Endres, Ruth Felderhoff, and Juanita Bright.

Rehearsal is held Monday evenings from 7:00-8:00 p.m. in the music room at Cooke County College. It is not too late for anyone to join the chorale. Persons interested in doing so may obtain additional information by contacting Harold Kafer, director, at 668-7731, extension 250.

Looking Ahead
 NATIONAL EDUCATION PROGRAM
 by Dr. George S. Benson, President
 Searcy, Arkansas

REMEMBER?
 Remember when Americans were the most admired people in the world — and the United States was loved by everyone in every land, even the citizens oppressed by totalitarian regimes?

Remember when you left your front door unlocked at home and didn't worry about your hubcaps being stolen or gasoline siphoned from your car's fuel tank when you went shopping or to an evening movie?

Remember when criminals were swiftly apprehended, tried, convicted and sent to prison where hard-labor made them resolve to mend their ways so they never went back again?

Remember when America never lost a war? When subversive activity was not tolerated and traitors who hobbled with the enemy were punished?

When people were proud to proclaim their loyalty by swearing an oath of allegiance to this the greatest nation on earth? When it was not unpopular to express appreciation to our Creator or to pledge allegiance to the Flag of the United States?

Remember when United States citizens knew they had nothing to fear anywhere in the world because their government could and would protect them?

Remember when workers were proud to give an "honest day's work for a day's pay" and as a result American productivity was the highest on earth and our standard of living grew year by year?

What has happened in America that such things are only memories? What has made possible forcibly transporting children from the familiar security of their neighborhoods, associating with their natural peers, to far-off, strange educational environments? What has made possible such callous social experimentation with precious young lives?

How is it possible that millions of illegal aliens can be so situated in this country that education of their children — children who should not even be here — can become a problem for America's overburdened taxpayers to educate?

In our considered opinion the answers to these and hundreds of similar questions which concern our citizens can be found in a statement made by the late, fearless, patriotic Congressman Martin Dies of Texas, who, in a speech in the early 60's in Fort Worth, Texas, said:

"The American people have lost the ability to distinguish between good and evil!"

STATE CAPITAL HIGHLIGHTS
 By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN — As the swirling dust began to settle following Election Day results, the Texas Legislature got down to business last week preparing for Jan. 13 opening day of the next session.

Despite the facelifting voters put on the national scene, the Legislature's complexion remains much the same as last session, and the basic issues are still around: how much will the state spend and where it will get the money?

The cost of state government in Texas is not excessive. While the average American spends \$3 a year to support his state legislature, the average Texan pays only \$1.20.

In Texas, it's the cost of local government that really hurts taxpayers: paying for city and county governments and shelling out for school districts. Revenues are collected by local governments mainly through the tax on property: houses, land, cars, etc.

Will Sonic Booms Be Fought?

It appears Muenster's sonic boom problem will continue for quite some time unless more citizens complain. We have both spent considerable time and effort contacting various government officials and have come away with the impression that nothing will be done to solve the problem unless more complaints are registered.

So far the Air Force really hasn't shown much concern for Muenster area citizens. For example in a recent letter, an Air Force commander stated, "I must point out that the requirement for supersonic test flights will experience 'sonic booms'... For the purpose of testing in supersonic flight, the Air Force has attempted to select a flight route where the fewest possible number of people would hear a sonic boom."

Well, we believe that a town of 2000 people is not the fewest possible number of people. There are many towns in Texas or southern Oklahoma with less than 400 people and many rural areas more sparsely populated than ours.

If you are bothered by these sonic booms, we urge you to complain by writing to Howard L. Bodenhamer, Colonel, USAF, Commander, Department of Air Force, AF Plant Representative Ofc. General Dynamics Fort Worth Divisions, P.O. Box 371 Fort Worth, Tx. 76101.

Also if you have sustained any damage from the sonic booms you may obtain claim forms by writing Mr. Railsback, STTC/SJA Sheppard AFB, Texas 76311. You will receive a claim form and instructions. Do not hesitate to make a claim as this will also aid in the effort to rid the area of the sonic booms.

For the past ten years, taxpayers have watched their property taxes increase annually, because that is the only way local governments can raise the extra dollars needed to combat inflation.

Property Tax Reform
 One of the Legislature's jobs this session will be to find a suitable alternative to the used-up property tax. If other taxes are raised (sales tax, gasoline tax, etc.), then already suspicious voters may launch another tax revolt, unless their property taxes are lowered simultaneously with any other type tax increase.

Once again, the man who has been trying for seven years to reform property tax laws will be expected to lead some of the new reform, State Rep. Wayne Peveto, D-Orange. The controversial Peveto Bill of last session, which created single tax appraisal districts, was accepted quietly in some cities and raised a furor in others. Obviously, it has kinks which need to be worked out, Peveto believes. He and his Senate cosponsor, Grant Jones of Abilene, especially want to lift the tax burden on homeowners.

Clements' Program
 Republican Gov. Bill Clements, facing a still-Democratic Texas Legislature, will go ahead with his program for a wiretapping bill, initiative and referendum, and a regional presidential primary. Clements apparently is seeking a sponsor for the wiretap bill, but the recent Brihab case, in which Speaker Bill Clayton was tape-recorded without his

knowledge, has made legislators much more aware of its potential abuses.

Five-State Primary
 A proposal for a five-state presidential primary may find more enthusiastic support, since it has the support of Clements, Clayton and Lt. Gov. Bill Hobby.

The Southwestern primary, including Texas, New Mexico, Oklahoma, Arkansas and Louisiana, is designed to give this region maximum political clout during presidential election years.

Under the regional concept, all five states would hold a binding presidential primary on the same day, probably in March. In this manner, attention would be focused on the Southwest region. Presidential candidates would come early to put their issues to the voters. Not incidentally, it would also bring millions of campaign dollars to the region.

AG Opinions
 In legal opinions issued last week, Atty. Gen. Mark White ruled:
 —Conviction of the offense of involuntary manslaughter does not result in automatic suspension of a driver's license, but may result in discretionary suspension of said license.
 —A state-chartered credit union may be licensed under Texas law, but may not charge interest rates in excess of rates authorized by state law.

—Section 36.10 of the Texas Business and Commerce Code requires an assumed name certificate to state the name and address of each participant in a partnership or joint venture. Although the county clerk is not required to verify the accuracy of a certificate, he may refuse to file one which is defective on its face.
 —The Texas Housing Agency is not required to create a reserve fund in the state treasury to secure its bonds, but may create a reserve fund to be kept elsewhere. The agency may deposit its nonappropriated funds in a depository other than the state treasury.

CAPITOL UPDATE
 John Tower
 U.S. SENATOR FOR TEXAS
 142 RUSSELL OFFICE BUILDING
 WASHINGTON, D.C. 20510

Local authority has always been one of the greatest strengths of our educational system. When Congress created the Education Department, it was made clear that the department was in no way to interfere with local school district authority. Local school officials most certainly know the needs of their students better than the federal government.

But in issuing regulations for bilingual education, the Education Department, as the federal bureaucracy so often does, has circumvented the intent of Congress and has set a dangerous precedent.

In Texas, of course, we have a large Spanish-speaking population, and the state provides a bilingual education program which is consistent with Title VI of the Civil Rights Act and with recent Supreme Court decisions.

Yet the Education Department recently has published new regulations that lay out in specific detail what type of bilingual program a local school district must provide if they have more than 25 students in two grades whose primary language is one other than English.

These regulations have provoked an uproar not only in Texas, but in school districts across the country concerned about the encroachment of the federal government into what has historically been a locally controlled institution — the nation's public schools.

The Secretary of Education, Shirley Hufstедler, has claimed that the proposed new regulations constitute a "mandated result, rather than a mandated method" — this is a distinction without a difference.

The effect is the same: the Education Department, only three months after its creation, is presuming to usurp important decision-making authority of state and local school administrators. The federal government has absolutely no business dictating to local school districts how or what they must teach, and yet this is exactly what the Education Department intends to do.

Of course, this is not the first time American citizens have witnessed the encroachment of the federal government into locally-controlled school systems.

We have witnessed the trauma that federally mandated school busing has inflicted upon public school systems, even though the majority of citizens — of all races — are opposed to the idea.

And school administrators are extremely familiar with the restrictions placed on federal funds provided to enhance local education efforts.

But when the Department of Education was created, many local school officials feared that this would be a way for the federal government to intervene even more directly in local school affairs, and these latest bilingual education regulations appear to be fulfilling these prophecies.

Furthermore, the Education Department has failed miserably in recognizing the financial and personnel restraints under which many school districts operate. The Department has proposed these regulations without knowing how many students are involved, the number of trained bilingual teachers available, the extent of non-compliance with existing remedies or the cost of implementation.

If the Education Department must implement federal regulations, it should allow states the flexibility to develop and implement sound processes and programs which address its unique problems.

City Gets \$13,997 Sales Tax Check

The City of Muenster has received a check from Comptroller Bob Bullock in the amount of \$13,997.01, as a rebate for city sales taxes collected here through the period ending November 6, 1980. The payment brings the year's total to date to \$77,407.02 a 20% increase

over last year's \$63,998.41. On a statewide basis, the total payments for November amounted to \$80.1 million, bringing the yearly total to \$526.9 million, an increase of more than \$60 million over the total of 1979. The city sales tax is collected

along with state sales tax by business people and rebated monthly by the Comptroller's office to the cities where it was collected. Payments to other cities of the area along with their totals to date and percentage of change are listed as follows.

Gainesville, \$105,916, to date \$702,392, up 6%; Lindsay, \$7,570, to date \$44,956, up 7%; Nocona, \$19,831, to date \$122,767, up 14%; Pilot Point, \$8,485, to date \$44,315, up 16%; Saint Jo, \$4,325, to date \$26,692, up 27%; Sanger, \$7,329, to date \$35,223, up 24%; Valley View, \$1,434, to date \$3,335, no 1979 payment for comparison; Whitesboro, \$21,980 to date \$91,397, no change.

By Senator Lloyd Bentsen RECENTLY MILLIONS OF RADIO LISTENERS in Poland tuned into one of that country's hottest new weekly shows. Americans would take this kind of programming for granted. But for Poles, it's a novel experience -- Sunday broadcast of church services.

During the recent Polish strikes, workers stood their ground and won the right for the Polish Catholic Church to use the airwaves. Until now, their communist rulers had banned religious shows, ignoring the Church's plea to broadcast mass for sick, disabled or working people.

Many might think that the Polish government's back-down on this issue signifies a

great leap forward for freedom of religion. But it more likely will be just a small step in a long march. After all, the Polish Catholic Church still is not legally recognized although 30 million or 90 percent of all Poles are Catholics.

The Polish constitution "guarantees" freedom of religion, but the provision means nothing. The practice of religion is banned "for purposes prejudicial to the interests" of the state.

DESPITE ITS DE FACTO STATUS, the Polish Catholic Church continues to thrive as a symbol of national unity. Pictures of Pope John Paul II -- not Marx -- hang on the walls at entrances to factories and shipyards.

Each year, the Church's flock multiplies. In 1978, 94 percent of Polish infants were baptized. The vast majority of schoolchildren attend after-school religion classes, which the state refuses to sanction.

It isn't easy to spread the Word to Polish youth, as communist leaders restrict the circulation of religious books. For example, the government in 1977 allowed only 300,000 catechisms to be printed for about eight million children studying religion.

Such narrow quotas also extend to religious newspapers; the biggest paper is limited to 40,000 copies. And for some reason, newspaper on which to publish it is hard to come by.

Another area where Polish rulers practice selectivity is granting permits to build houses of worship. The shortage of churches is felt most in growing urban areas.

GRAVE CONSEQUENCES ARE IN STORE for those who evade the lengthy bureaucratic process of getting a permit. Those who run afoul of the law have been sent to jail for attempting to build churches without official government approval, which often takes years to receive.

Ostensibly, Poland's Minister for Religious Affairs serves as the liaison between government and religious interests. But the minister more or less serves as a "Big Brother" caretaker monitoring all religions to make sure they don't overstep their bounds.

For example, after delegates to a recent Catholic youth conference in Poland agreed to vigorously pursue issues concerning individual freedoms, the Minister of Religious Affairs remarked: "an organization of a clandestine youth movement along Boy Scout principles exceeds the liturgical roles of the Church and cannot be allowed to continue."

But Polish workers' recent proclamations of faith are bold proof that future religion ministers won't find it easy to dim religious ardor in Poland. The workers even have added a fresh and totally different twist to the old communist rallying cry: "Workers of the world unite, for the the love of God."

Religious Freedom Still Limited in Poland

"Trek for a Turkey"

The Cooke County American Heart Association is sponsoring a "Turkey Trek" on Saturday, November 22. Everyone is invited to come to Leonard Park in Gainesville for two events; A 6 Mile Run and A Stroll in the Park. Registration starts at 1:30 p.m. with an entry fee of \$2.00 for those under 18 or over 55 and \$4.00 for all others.

The Run starts at 2:00 p.m. with four different age divisions for men and women: 17 and under; 18-24; 25-35; and 35 and over.

The Run begins and ends at Leonard Park.

The Stroll is a one hour event to see who can cover the most distance walking through Leonard Park. The divisions are by age only; under 12; 12-17; 18-28; 29-40; 41-55; and over 55.

There will be a turkey for the winner of each division; for the youngest and oldest participants; and one turkey will be raffled off. All proceeds are going toward the American Heart Association so come on out and "Trek for a Turkey" for a great cause!

Babysitting Services Offered by CCD

The CCD classes, grades 7 through 12, will provide babysitting services in the meeting room of the Community Center, for parents attending the 11:00 a.m. Mass.

The "Advent Project" will be undertaken to raise money for a memorial fund in honor of their classmate and friend, Ronnie Knabe. At the request of his parents Mr. and Mrs. Gilbert Knabe, the money will be

donated to the Ronald McDonald House, in Fort Worth. This is a home-away-from home for families of critically ill children in area hospitals.

The nursery will be provided for a trial period of six consecutive Sundays, Nov. 16-Dec. 28. If parental response is good and this service appears needed, then the babysitting may continue in January.

Infants through four years are welcomed. There

will be a charge of \$1.00 for the first child, \$.50 for the second and \$.25 for the third child of the same family. Additional donations will be welcomed.

Parents must bring either an infant seat or a pallet for small children. If desired a snack, bottle, cup, etc. may also be brought. All belongings should be labeled. Toys will be provided by the CCD department. It is requested that sick children are not brought to the nursery.

The children will be divided into two groups. Religious activities will be provided for the older children, example listening to religious records and books. In addition to the student babysitters, there will also be adult supervision. Please pick up your children promptly after Mass.

We are looking forward to a successful "Advent Project" that will not only benefit the Ronald McDonald House, but also provide a much needed service to our parish.

Dates and classes responsible are:

- Nov. 23 grades 7A and 7B Theresa Walterscheid and Louise Fisher.
- Nov. 30 grade 8 Irene Hartman
- Dec. 7 grade 9 Mr. and Mrs. Ronnie Hess.
- Dec. 14 grade 10 Mr. and Mrs. Adam Wolf
- Dec. 21 grade 11 Marianne Fleitman
- Dec. 28 grade 12 Pam Fette

City Installs Christmas Lights

The Christmas look came to Muenster Wednesday as city personnel and TP&L linemen installed Christmas lights on Main Street and the Highway.

Strings of colored lights were stretched across both streets...on the highway from Mesquite to Main and on Main from the highway to Fourth. Added decorations are gold stars at each side of the light strings along Main Street.

Notes from The Sunday Bulletin

Various committees of Sacred Heart Church and Parish have requested mention of the following items from last Sunday's Bulletin.

a. "Each family is requested to contribute a cake for the Cake Walk and a pie for the dinner on Thanksgiving Day."

b. "After the severe drought this summer followed by 10 inches of rain, the Sacred Heart Cemetery needs some special attention. On Saturday, Nov. 22, beginning at 9 a.m. parishioners are asked to volunteer their help to fill in sunken graves, etc. Dirt will be available, also a tractor or two to move the dirt to the sites. Please bring wheelbarrows, shovels, rakes, hoes. With a good turnout, we can improve the

looks of the cemetery in a short time. Weather permitting, Saturday, Nov. 22."

c. "This is a reminder to parents of 2nd graders to bring their child to the Sacramental Program meeting next Sunday, Nov. 23, from 9 a.m. until 10:30 a.m."

Happy Birthday - Cecilia Schilling

It's that time of year...

and we'd like to express our thanks

Man has always found things to be grateful for; whether the harvest was bountiful or sparse, the times good or bad, the weather sunny or foul, he has had reasons to give thanks. Therefore, let us resolve that we in our turn will pass on to those who come after us a tradition of faith in our way of life, of courage, of human decency and spiritual living that will prove us worthy of the great American tradition.

Cooke County Electric Cooperative Assn. is thankful for the privilege of serving our members and bringing to them the electricity that meets their needs in so many ways and to help our people conserve and develop our resources.

A Happy Thanksgiving to all of our member consumers.

The 26-Week Money Market Certificate

Put in \$10,000, and get back **\$10,716**

26-week return reflects interest earned on \$10,000 principal and accumulated interest for 26 weeks at current rate.

Current rate of 14.167% yields 14.881%.*

Staying ahead financially has always been a race. But the 80's present new, tougher challenges.

At First Texas Savings, we have ways to beat the 80's. Like our 26-Week Money Market Certificate. It offers the maximum rate allowed by law for maximum yields on amounts from \$10,000. Rates for new certificates are set weekly and are good for the entire term.

Sure, our 26-Week Money Market Certificate is a good investment, but it's also a no-risk investment. Your money is insured up to \$100,000 by a federal agency. And your deposit is backed by First Texas' over 1.6 billion dollars in assets.

Best of all, at First Texas Savings, your money is always available. Penalty on early withdrawal is 3 months' interest** and only on the amount withdrawn. And as a convenient reminder, you will be automatically notified prior to renewal.

Also ask about our 2 1/2-Year Money Market Certificate.

So, before you put your money anywhere, remember: Others may keep you even in the 80's, but First Texas Savings will keep you ahead.

*Effective November 20-26, 1980.

**Federal regulations prohibit compounding of interest on 26-Week Money Market Certificates. Annual yield assumes reinvestment of principal and interest at maturity at the same annual interest rate. However, the annual interest rate is subject to, and likely to, change at maturity.

**Recent federal regulations require principal reduction if sufficient interest does not exist.

District President Attends Meeting of VFW Auxiliary

The annual official visit of District I President Mrs. Betty Blaisdell to the VFW Auxiliary was made during the November 17 meeting of the organization in the Post Home.

Mrs. Gilbert Knabe presided. Mrs. Herbie Herr and Mrs. Ray Voth, Mrs. John Wieler and Mrs. Ray Walterscheid were trustees, patriotic instructor and guard pro tem, respectively.

Reports were given on several projects: the presentation of Flags to Muenster Public School, the decoration of the VFW Hall for the District I convention and the success of the recent bake sale. From bake sale proceeds, a donation of \$256 was sent to the Cancer Research program and \$50 to the Ronald McDonald House in Fort Worth in memory of Ronnie Knabe. And special thanks were given to Mrs. Arthur Bayer and her committee for an attractive theme in convention decorations.

Members were urged to buy tickets early for the New Years Eve dance. Donald Eckart is in charge of sales. "Hard Times" will play.

The annual Christmas party for pre-school children of VFW members was set for Tuesday, December 16 at 10 a.m. at the Post Home. Mrs. Bernard Hesse volunteered to be refreshment chairman.

Mrs. Richard Ferber served refreshments to 14 members and the guest, Mrs. Blaisdell, and Mrs. Ferber also won the door prize.

represented by the San Francisco and San Jose Depot, to the "romanesque style" of Henry Richardson as represented by the Wellesley Station in Massachusetts. Other architecturally significant stations include Frank Furness' B & O Station in Philadelphia and Daniel Burham's Union Station in Washington, D.C.

Today the railroad station represents an endangered species, for some of the finest have been demolished. These historic buildings should be preserved. In many instances the documentary evidence in this exhibition is the only surviving evidence of these unique buildings.

In Gainesville efforts are under way to ensure that the city's remaining station, the Santa Fe depot, will be preserved and converted into a useful community asset.

About two years ago Mayor Glenn Loch requested that Santa Fe donate the station to the City of Gainesville for use as a history museum. The original negative response from Santa Fe, thanks to considerable effort expended by Congressman Charles Stenholm, was changed to a positive attitude and Santa Fe is now in the process of working out terms for conveyance of the building to the City of Gainesville. Mayor Loch has appointed a committee of five Gainesville citizens to make a recommendation to the City Council on the proposed use of the building.

Truett Latimer, Texas State Historic Preservation Officer, who recently toured the Gainesville depot stated that it is significant in its design in the Mission Revival style and that because of this and because of its age and function, the building is eligible for inclusion on the National Register of Historic Places. The background work required for inclusion of the building on the National Register is currently being done by members of the Cooke County Heritage Society and the Cooke County Historical Commission.

Be sure to visit Morton Museum to see this important and timely exhibit. This exhibit is made possible by a grant from the First Savings and Loan Association.

Greg's 2nd Birthday

Greg Fisher's second birthday was celebrated with a supper in the home of his parents, Mr. and Mrs. David Fisher on November 6.

After Greg blew out his candles, the decorated cake was served with ice cream. He then opened his gifts; and pictures were made of the party.

Attending were his grandparents Mr. and Mrs. Vincent Felderhoff and Mr. and Mrs. Paul Fisher; also his godparents Mr. and Mrs. Roy Klement, his cousin Ryan; and his sister and brother Dyan and Bradley.

"The Family" Is CCD Theme

"The Family" was the theme of the November 12 CCD liturgy and Mass last week Wednesday.

Ronnie Walterscheid, an altar boy, led the entrance procession, carrying the banner: "Sharing the Word of God's Family." Following him were Mr. and Mrs. John Pagel and children Joe, Jean, Michael and Diann, and Mr. and Mrs. Willie Wimmer and children Shane and Stephanie.

Also in the entrance procession were altar boys Donnie Boydston and Greg Hoinig and celebrant Father Stephen Eckart.

The first reading was given by John Pagel with response by JoAnn Pagel. Petitions were read by Joe, Jean and Michael Pagel.

Offertory gifts were presented by the Willie Wimmer family and the Communion meditation "Home", was read by Margie Wimmer.

Preceding the last hymn, the "Prayer for Vocations" was led by Betty Rose Walterscheid. It is used at all CCD Masses and is printed on the cover of the new song books provided by the Knights of Columbus and printed for parish use by Don Flusche.

At Funeral

Among relatives and friends who came from out of town to attend the funeral of Albert "Pep" Schilling were nieces and their families Becky and George Barrett of Lufkin and Candy and Gene Riggs and sons of Dallas. Mrs. Barrett is the former Becky Swingler and Mrs. Riggs is the former Candy Fette. Other guests came from Wichita Falls, Windthorst, Lindsay, Gainesville, Seymour, Denton, and Pilot Point.

Muenster Extension Homemakers Meet

Several Christmas programs and holiday projects were planned by members of the Muenster Extension Homemakers Club during their November 12 meeting.

A party was scheduled for boys attending the Gainesville State School and a Christmas party for all members of Cooke County Extension Clubs will be attended in Woodbine on December 9. Co-hosting with Woodbine will be the Four Corners Club.

Mrs. Olivia Wimmer was hostess to the group and also

showed them several hand made items and Christmas ornaments that she made.

Mrs. Agatha Wolf and Mrs. Armella Lutkenhaus presented a program on "Medicine Mixup Quiz."

During the business meeting Mrs. Bertha Fleitman and Mrs. Wimmer gave readings on "Thanksgiving" and Mrs. Alice Hellman gave the Cooke County Council report.

Refreshments were served by the hostess to 15 members. The December meeting will be held in the home of Mrs. Dorothy Fisher.

Scouts, Cubs Attend Scout-a-Rama

Muenster Boy Scouts and Den 4 Cubs with leader, Mrs. Lupe Evans, won a first place ribbon for their booth: Sock-a-Cub, where the boys took turns at being targets for wet sponges. Prizes were given to participants that "socked" a cub. The boys received a Scout-A-Rama patch, and as a prize for ticket sales, the boys selected a heat tab stove for cooking on campouts.

Muenster Cubs who took part in this year's Scout-A-Rama are Jeff Walterscheid, Don Joe Park, Joseph Shane Wimmer, Johnny Herr, and Murlin Evans. Accompanying the boys were den leader Mrs. Lupe Evans, assistant den leader, Jean Park and Sharon Walterscheid. Little brothers of the Cubs, Sammy Walterscheid, Douglas Evans and Billy Park also joined in the fun.

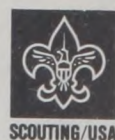

The Cubs annual turkey shoot will be held this Sunday, November 23, 2:00 p.m. at Muenster City Park. Parents of the Cubs are urged to attend.

The Cubs of Den 3 met Monday, November 10, at the Muenster City Park. The opening flag ceremony was led by Erin Perkins and then all the cubs joined in singing "The Battle Hymn of the Republic".

After refreshments of potato chips and fruit punch furnished by Denner Billy Covington, the Cubs each made a bulletin board the size, shape and colors of their scarves. The bulletin boards will be used to display temporary badges that the scouts earn.

When their crafts were completed, the Cubs played in the park. Don Lutkenhaus was riding his motorcycle in the park and demonstrated a few of his riding skills. The Cubs really enjoyed the demonstration and thank Don.

Cubs of Den 3 who attended were Jimmy Herr, Troy Berres, Billy Covington, and Erin Perkins. Leaders of Den 3 are Kathy Berres and Anne Perkins.

Three Groups of Cub Scouts Will Have Turkey Shoot Sun.

The Cub Scouts of Muenster will have their annual turkey shoot Sunday, November 23, at 2:00 p.m. in the Muenster City Park.

Saint Jo and Lindsay Cub Scouts will also attend and have their own competition. There will be three turkeys given to the Muenster Cub winners out of the three competitions: one for 8 year

olds, one for 9 year olds, and one for the 10 year olds. Parents of the Cubs will assist.

During the turkey shoot, there will be a meeting at the park of leaders and parents of the Muenster Cubs conducted by Mrs. Linda Otom, district executive of the Boy Scouts' head office in Fort Worth. The meeting is for the purpose of finding a master for the Muenster Cub Scouts. All parents are urged to attend.

A total of 47 Cubs are expected to attend and participate in the turkey shoot from Muenster, Saint Jo and Lindsay.

In case of bad weather, a secondary site is planned. The public is invited. There will be no admission charge, and only the Cubs participating. Patches will be given to all cub scouts who attend the turkey shoot.

by Ruth Smith

Wednesday, November 12.
Walter Howard Christian, a native of Rosston, 64, of 355 Farmers Lane in Santa Rosa, California, died suddenly Wednesday November 12 while vacationing in Nevada.
Howard was born October 2, 1916 in Rosston, a son of the late Mr. and Mrs. Hill Christian. He was the retired owner and operator of a restaurant in Santa Rosa. Funeral services were held at 2 p.m. Saturday, November 15 in the Rosston United Methodist with Rev. C.E. Cole officiating,

followed by burial in Rosston Cemetery. Survivors are his wife Virginia; one daughter Mrs. Judith K. Henriksen of Danville, California, two grandchildren, four sisters, Mrs. Lola Webb, Mrs. Billie Webb of Dallas, Mrs. Vena Settle and Mrs. Opal Berry of Rosston. Four brothers survived him: James B. and C.H. Christian of Rosston, W.R. Christian of Fort Worth and W.J. Christian of Sulapapa, Oklahoma.

Mr. and Mrs. Stewart Hughes of St. Louis, Mo., Mrs. Jean Haines of San Antonio, Mrs. Mike Taylor of Tulsa Oklahoma, arrived at the home of their mother and grandmother Mrs. Vena Settle Wednesday to attend the funeral of their uncle Howard Christian.

Mr. and Mrs. Weaver Christian and children of Sulapapa, Oklahoma and Mr. and Mrs. Henriksen of Danville, Ca. came for the funeral of their brother and father Howard Christian and were house guests of Mrs. Opal Berry.

Mrs. Vena Settle was admitted to Muenster Memorial Hospital Friday, November 13.

Jimmy Christian of Dallas came with his van and took his aunt, Mrs. Howard Christian and her family to Dallas Sunday, November 16, where they boarded a plane to return to their homes in California after the funeral of their husband and father. James B. and C.H. Christian accompanied them to Dallas where they all stopped to visit their sister Mrs. Lola Webb who is recuperating from hip surgery.

Mrs. Jimmie Britian spent Friday night and Saturday night with her parents Mr. and Mrs. Willie Kuykendall at their home.
Mr. and Mrs. C.W. Martin were in Gainesville Monday and Tuesday November 10-11 where Lillie had some tests done.
Mr. and Mrs. Stanley Lovett tell us that the Forestburg Baptist Church with Rev. Bob Ellis, pastor, had their Fall Festival of Music Sunday, November 16. The Charity singing group from Callisburg gave some good numbers, Wendal Black of Myra did also. Lunch was served at noon to all members and their guests who attended.

Mr. and Mrs. Johnny Britian had all their children home for the weekend, they are Mr. and Mrs. Allen Britian, Mr. and Mrs. Roy Britian of Saint Jo, Mr. and Mrs. Val Escobedo and the grandchildren.
Mrs. Odessa Berry is recovering from a fall while at work at the Denton State School, Odessa received medical treatment at the Muenster Medical Center.
Garry Dill has returned from a hunting trip which was very enjoyable. Garry left October 27 for Grand Junction, Colorado, in the group were his dad, Norris Dill of Gainesville. His brother, Scott Dill of Dallas and friends, Don Hobbs and son Brian of Valley View and Jim Jewitt of Valley View also went. They all returned home November 8.

Tigers Blast Knights in Season Finale

Sacred Heart's Tigers ended their 1980 football season on a positive note at Wichita Falls Saturday afternoon by blasting the Notre Dame Knights 33-0. With possibilities of a TCIL district title already lost, they were playing only for pride, and their performance was something to be proud of.

Their game was flawless, one of the best of the season, as they rolled on to a total yardage of 373 while holding the Wichita boys to 136.

The special achiever of the big achievement was Brian Bednorz. He had a busy day with touchdown pass receptions for 35 yards, 62 yards and 15 yards, plus another scoring pass of 35 that was nullified by an infraction. Along with all that he had one pass-run gain of 61 yards. Between times he was on a defensive rampage, making two interceptions, a fumble recovery and a bunch of tackles. Other defensive stalwarts were John Hartman, Monte Endres, Sam Hess and Troy Grewing.

The success and enthusiasm served to offset the game's miserable weather conditions... a bone-chilling high wind which must have intensified Notre Dame's disappointment of a one-sided homecoming loss.

For the Tiger record this means a full season of 5-4 and a district season of 1-1.

Sacred Heart was slightly delayed in getting organized. After ND's kick on second series the Tigers tried a fourth down gamble on first possession and lost, then allowed the Knights two first downs before standing pat on the next series. ND punted and SH was on its own 19. Then, Wham!, like an explosion. Brian Herr passed to Brian Bednorz,

who scooted 61 yards before being pushed out of bounds on the 20. Five plays finished the job from there, Herr going in from the 6 via the right end. Mike Nasche added the PAT. Score was 7-0 at 2:49.

After the teams exchanged kicks after which ND revived for a drive of four first downs and an unsuccessful fourth down try on the fifth series.

Next, Tigers had to kick and promptly got possession on a Bednorz interception. Then Tigers failed their fourth down try and regained possession again, on a Bednorz interception. That was 73 yards away and 6 plays made the distance. Two runs by Curtis Hesse gained 38 and a touchdown pass, Nash to Bednorz gained 35. The Tigers led 13-0 just before the half ended.

After intermission Sacred Heart started with the kickoff. Three tries gained 12 to ND's 48, another try picked up 4, then John Hartman got around end and sailed all the way to pay dirt. A pass for 2 points missed. Tigers led 19-0 at 9:50.

Knights had to kick on first series after the kickoff and promptly regained possession on a Sacred Heart fumble. A 20 yard pass completed the next series but then the Tigers held and took over the possession on their 25.

Hartman stormed 13 to the 38 and the next play was another bomb, Nash to Bednorz, for a 62 yard TD. Another 2 point try for PAT failed and the score was 25-0 at 4:18.

35. Rickey Hennigan gained 18 to the 17 and four tries later SH lost possession by a fumble on the 10. However Bednorz recovered a fumble two plays later giving Sacred Heart another chance on the 15. Three tries then were duds before Herr passed to Bednorz for the final score moments after the fourth quarter started. Hennigan's run added 2 bonus points.

The remainder of the game included an ND effort stopped by Nash's fumble recovery and also a blocked punt by Curtis Henscheid. After that, with 40 yards to go, the Tigers marched but ran out of time on the ND 16.

4 Muenster Teams Play in Tourney

Muenster is represented by all four of its high school teams in a basketball tournament at Callisburg this weekend.

Sacred Heart started its action with Goldburg, girls playing at 11 and boys at

12:15 on Thursday. Muenster High met Collinsville in the openers, girls at 1:30 and boys at 2:45.

Aubrey and Sacred Heart are rated as boys favorites, Aubrey and Callisburg as girls favorites.

Muenster High School's volleyball season came to a sudden stop last Thursday in the Class A regional tournament at Stephenville.

The Hornettes were eliminated in their opening match by a loss of two out of three games with Novice High School They won 15-7, lost 15-6 and 15-8.

Unfortunately the girls were affected by the pressures of regional competition, according to Coach Sharon Felderhoff. With this experience behind them they should be better prepared if they can return next year.

Other schools competing were Miles (the winner) Woodson, Knox City, Paradise, Jonesboro and Moran.

Muenster High Girls who competed in the Class A regional volleyball tournament last week are Elaine Grewing, Brenda Wimmer, Charlotte Fleitman, Coach Sharon Felderhoff, Carla Walterscheid, Judy Dittfurth, Sandy Wimmer, and Barbie Wimmer. Jill Walterscheid is not pictured. Margie Walterscheid Photo

Tiger Basketball Outlook Bright

With a roster of 18, including 11 of last year's lettermen, the SH tigers, coached by Jon LeBrasseur, are starting eagerly on their 1980-81 basketball season. They started Monday promptly after their season ending football game with Notre Dame High of Wichita Falls.

Coach Jon is proud of his boys and confident they will improve on last year's 10-10 record. After a season under his coaching they know his system, featuring a "run and gun" style of basketball. Their major strength, he said, is quickness and enthusiasm, their major problem is shooting and rebounding, which hopefully will sharpen as the season progresses.

The team has three returning starters: Lamont Endres, who is rated by LeBrasseur as one of the area's best, along with Kirk Mollenkopf and Gene

Fuhrman. Other outstanding prospects are Brian Bednorz, who missed last season because of a leg injury, also Mike Nash, Greg Walterscheid and Kirk Mollenkopf.

Others on the roster are Troy Wolf, Jamie Moster, Sam Hess, Brian Herr, Alfred Hennigan, Fred Hoedebeck, Darrell Herr, Gene Haverkamp, T.J. Walterscheid, Curtis Henscheid, Duane Haverkamp and Neil Hesse.

The Tigers compete in Class AAA of the Texas Catholic Interscholastic League, which consists of Catholic schools of the state with an enrollment of 324 boys or less. The district in which they play includes Sacred Heart, Alamo Catholic of Amarillo, Christ the King of Lubbock, Notre Dame of Wichita Falls, Saint John's of Ennis, Thomas K. Gorman of Tyler and Tyler Street Christian of Tyler.

Deer Season Opens!

The daybreak beginning of the 1980 deer season opened Saturday, November 15, with a bang for Fischer's Market and H&W Meat Company! As of Wednesday noon, Fischer's had approximately 50 deer still in their locker to be processed ranging in size from 30 pounds to 110 pounds. H&W Meat Company had 35 deer ready for processing ranging in size from 40 to 70 pounds.

Most of the deer so far have been from out of Cooke County. Fischer's reported to have approximately 15 from Cooke County with the rest coming from Jack County, other parts of Texas, and Colorado.

H&W had no deer brought in from Cooke County, but mostly from South Texas and Colorado.

Most are having the deer processed into sausage,

Colorado Deerslayer

hamburger, chili meat, roasts and steaks. Coming in next week's Enterprise will be recipes using deer meat.

MHS Loses 3 at Southlake Carroll

Muenster High kids got some lessons in basketball Tuesday evening at Southlake Carroll. Two teams were annihilated and another was defeated by a less disastrous score of 50 to 40 in their contests with the highly rated Class AA opponents.

As a starter the junior varsity girls were wiped out 78-16, then the Hornettes did only slightly better in their loss of 53-17. Point makers for MHS were Stephanie Richey 9, Sandy

Wimmer 6 and Kyla Hale 2. The Hornets made it more interesting and actually gained two points in one of the periods. Trailing all the way, they were 11-8 at the end of the first quarter and 26-18 at the half then gained to 36-30 in the third period. But they lost 4 points in the fourth and had to settle for 50-40.

Ricky Winn had a great night for a 23 point total, Kevin Felderhoff added 8, Tim Schneider 5, Larry Fleitman 2 and Steve Luke 2.

CARD OF THANKS

There is no way we could ever thank everyone enough for many flowers, visits, prayers, cards, phone calls and food and other donations. The unbearable loss of "Our Cindy" and the hospitalization of Karri have been eased by the help from you - our friends.

To Father Denis we give special thanks for the use of Sacred Heart Church for Cindy's funeral. Also, to all our fellow employees and to the managements of Weber Aircraft and Valente Metals; to our church, friends and families we extend our heartfelt gratitude for everything that was done to ease our burden. May God bless you. The family of Cindy and Karri Ramsey.

53-1C1P

Our family wants all of Herb's friends to know that we appreciate their many kindnesses. We are grateful for condolences, Mass offerings, flowers, cards and visits. The tributes at the funeral Mass were heartwarming. As always, the family meal prepared by the Catholic Daughters was a great favor. We are especially grateful to the Knights of Columbus who so graciously provide a welcome in their building, when families gather after the funeral. Herb's wife Margaret, sons Billy, Herbert Jr. and Jeff, daughter Colleen, sister Alvina, brothers Ramie and Jerry.

53-151

In sincere gratitude, I offer my thanks to all members of the Muenster Hospital staff, just because they are so wonderful; to the clergy for an inspiring funeral service; to the choir, to Mrs. Eileen Fisher for the solo at Mass, to all who visited, offered Masses or sent flowers. Special thanks are due Beta Kappa, St. Joseph's and St. Anne's Societies and all other organizations who helped; and the CDA and Knights of Columbus for the meal in the KC Hall; also my relatives, neighbors and friends who are just great.

Mrs. Albert (Evelyn) Schilling

Cold Sneaks Up on Aged

The next time a cold wind slices through your clothes, you may wish you could not feel the cold at all. But as many as one in 10 older people are in real danger because they are not sensitive enough to cold.

Sometimes people, especially those over age 65, have bodily malfunctions that keep them from noticing cold and regulating body temperature well. So when they stay in a consistently nippy atmosphere (sometimes no colder than 65 degrees Fahrenheit) for a long time, body temperature can drop low enough to be fatal from a condition called "accidental hypothermia."

Since hypothermia's symptoms may be similar to those of some other diseases, no one knows positively how many people die from it yearly. But the risk is very obvious because thermostats are going lower as heating bills go up. Instead of the often obvious symptoms (such as hard, white, numb areas) that can indicate frostbite, hypothermia symptoms can mimic other diseases and be less obvious. Meanwhile, the victim's body can slow down until unconsciousness occurs and ultimately the heart stops.

Once the core of the body has gotten cold enough to be

hypothermic, several days can pass before unconsciousness occurs. In the meantime, symptoms may include bloated face, pale and waxy or occasionally oddly pink skin, trembling in one part of the body, slurred speech, dulled awareness and slow response. (The victim probably will feel cold only before acute hypothermia occurs and not afterward.) Most hypothermia symptoms are signs of other diseases so a physician should be contacted to make an accurate diagnosis.

Protection against hypothermia includes wearing warm, multi-layered clothing, especially protecting the head, hands and feet drinking warm liquids (except alcohol because it causes heat loss), proper nutrition, keeping the thermostat reasonably high and checking a room thermometer regularly. These are good ideas for anyone but are especially

important for those older people whose natural warming methods are weakened.

Sometimes the body loses the ability to shiver and blood vessels may not distribute body heat properly. Losing these two natural warming methods may be especially serious for the aged who often have less muscle mass and slower chemical processes, which are two other heat-producers. To make matters worse, sometimes the aged cannot move around very much to get warm and they do not eat properly so there is less fuel for the bodily chemical processes to use to make heat.

Even with all these things working against them, the minority of people who are prone to hypothermia do not need to live in a hothouse atmosphere. A few common sense precautions will help get them through the winter just fine.

NT Hereford Assn. Books Sale Dec. 2

The North Texas Hereford Association will conduct a bull and female sale at the Gainesville Livestock Auction on Tuesday, December 2, 1980 with showing of the animals to start at 10:00 a.m., and the sale at 1:00 p.m., according to T.J. Davidson, director of the Agriculture Department at Cooke County College.

Perry Bolin of McKinney, and other members of the screening committee, James Taylor and Pete Walden of Weatherford, accepted 79 bulls, 45 registered females, and approximately 25 commercial females for the sale. The females are cow-calf pairs, bred and open heifers, and the bulls consist of 70 head of two or coming two year olds and 9 yearlings, according to Bolin, chairman of the committee.

Davidson said quality of the cattle is excellent. Several of the bulls will have been gain tested at the Cooke County College Beef Cattle Evaluation Center.

Cecil Ward will be auctioneer. For further information or sale catalogues, interested persons should contact Neil Tibbets, County Agent, Gainesville, Texas 76240; or T.J. Davidson, PO Box 815, Gainesville, Texas 76240, phone 817-668-7731 or his home, 817-668-8984.

Bullock Runs for Re-election '82

State Comptroller Bob Bullock announced Monday that he will run for reelection in 1982.

"My record for getting the job done is my platform," Bullock said.

Bullock was first elected the state's chief tax collector and financial officer in '74 with 70 percent of the vote in his first statewide race. He was reelected in '78 without opposition in either the primary or the general election.

In '74 and '78, Bullock noted, he was "first to announce and first at the finish line—just where I intend to be in '82."

Bullock said his early announcement "will end all speculation and give a lot of county-level politicians who may have toyed with the idea of running a chance to make up their minds."

Garden Club Sees Old Mansion and Mum Show

Nine members of the Muenster Garden Club attended the Greater Fort Worth Chrysanthemum Society's Show at "Thistle Hill" Saturday, Nov. 15 and toured the historic cattle baron's mansion where it was held.

A national historic landmark, Thistle Hill has become a project adopted by Texas Heritage, Inc. with plans to restore its magnificence.

Eclipsing the size of the one-time showplace was the beauty of the chrysanthemum show.

Chrysanthemums of all colors, varieties, sizes and manner of use were exhibited as individual cut flowers, arrangements, patio displays and hanging baskets.

One fireplace mantel held a large basket arrangement containing, in addition to the mums, pomegranates, limes and lemons on "wire" stems tucked among the flowers. Some mums were grown as small trees by clipping the lower stems, leaving one main trunk to "flower out", on top. The hanging baskets were beautiful with long trailing stems covered with blooms.

"Thistle Hill", is an interesting part of Fort Worth's history, itself worthy of the visit. It was built in 1903 for soon-to-be wed Electra Waggoner of the cattle-rich W.T. Waggoner family, when she married Philadelphia socialite, A.B.

Wharton. Situated facing Pennsylvania Avenue at the peak of what was then called "Quality Hill", it was designed by one of the prominent architects of the time, "the house meeting the style of the elite of the East Coast." It must have been dominant and one can picture the society parties held there in its day, especially in the third floor ballroom.

Because of its national significance, Thistle Hill is included in the National

Register of Historic Places and is designated a point of significance by the Texas Historical Commission. Citizens of the metropolis are working to restore Thistle Hill to its former elegance. Guided tours are available.

Garden club members enjoying the flower show and the mansion were Mmes. Alice Roark, Eileen Luke, Marie Mosman, Marie Endres, Sue Endres, Dolores Miller, Marcie Wilde, Louise Knauf and Daryl Ferber.

Immunization Clinic

The Texas Department of HEALTH Region 5 Office in Arlington announces an immunization clinic to be held in Muenster at Sacred Heart Community Center, on Wednesday, November 26, 1980, from 10:00 a.m. to 12:00 noon.

The clinic will provide immunization against Diphtheria-tetanus-pertussis (DTP), Polio, Rubella (red measles) and Rubella (German measles), for infants 2 months through 18 years. (Exception: females over age 12 will not receive rubella vaccine without a physician's consultation and prescription).

Precautions must be taken with females in the 12-18 age group to insure that they are not pregnant when they are immunized with measles vaccine, and that they do not become pregnant for 3 months following immunization.

Immunizations are incomplete if a child has not received three (3) doses of DTP and Polio vaccine with at least one dose administered past the fourth birthday. All children under 18 years must have an informed consent form read and signed by the parent or legal guardian. If possible, the parent should accompany the child to the clinic. Immunization records should accompany the child to the clinic and be examined by the Public Health Nurse who will answer any questions.

Schedule of Meetings

Children's Story Hour
 ★ The library's pre-school program for children ages 3-5 will be held this Friday, November 21 at 10 a.m. in the Community Center Snap Room. The one-hour program provides films, stories, games, songs and other activities for children to share with others their ages. Parent helpers are Mrs. Shirley Hess and Mrs. Teresa Rainwater with Mrs. Edna Knabe as chairman.

Fire Drill meeting for Muenster Volunteer Firemen will be held one week earlier than usually scheduled in both November and December to avoid conflict with Thanksgiving and Christmas. Therefore the meetings are scheduled for Nov. 20 and Dec. 18.

Myra Improvement
 The Myra Community Improvement Club meeting is held regularly on the last Tuesday of the month.

SNAP
 Blood Pressure checks and Diabetes Screening for Senior Citizens is scheduled for Wednesday Nov. 26.

From Page One... Confetti....

Rowland Freeman have either been ineffective or too limited to do any good." One investigator said they have a whole litany of things that have been uncovered, but nothing has been done about them. And one official thinks a reason is that the White House marching orders are to keep everything quiet...don't make waves with new revelations.

GSA auditors have been investigating various irregularities and are frustrated by the higher-ups' apparent paralysis in acting on audits that reveal millions of dollars in waste and abuse.

An example of this kind concerns a 10 year lease agreement negotiated by GSA for a facility at \$300,000 a year. The original building, which the new facility replaced, had been provided rent-free and cost the taxpayers only \$30,000 for maintenance.

The first thought that comes to mind here is that this has to be fraud as well as waste, and the same applies to the billions of dollars wasted in hundreds of other agencies and departments. You can bet that somebody is there to pick up the money every time the spendthrifts waste it.

Among the many reforms we hope for from the new administration, a crack-down on dishonesty is the first. We the people can live better when less of our money goes to the crooks.

Dollar Dividend Days

Now's the best time to buy Sperry New Holland balers, hay tools and windrowers. You can receive a cash dividend of up to \$1,500—or get Free Finance until the seasonal use date—it's your choice.

insure you get the tools you need for next spring, and enjoy tax benefits this year.

Dollar Dividends give you up to \$1,500 cash when you purchase and pay for eligible new machines. The size of your dividend depends on the model you buy, and how soon you buy it. Check this list for the models you need and the dividends you'll get.

The sooner you buy—the larger your dividend check.
